If the applicable Final Terms in respect of any series of Securities do not state that the Guarantee is applicable to the Securities of such series and, in the case of W&C Securities, the date of the relevant NHI Approval is not specified in the applicable Final Terms, then such Securities will not have the benefit of the Guarantee or any other guarantee or similar arrangements from Nomura Holdings, Inc. or any other party.

References in this Base Prospectus to the **relevant Dealer** will, in the case of an issue of Securities being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to subscribe such Securities.

The maximum aggregate nominal amount of N&C Securities issued by the Issuer and from time to time outstanding under the Programme will not exceed USD4,000,000,000 (or its equivalent in other currencies calculated as described in the Programme

Securities issued under the Programme may be (i) admitted to trading on a regulated market in the European Economic Area (the **EEA**) or offered in the EEA in circumstances where a prospectus is required to be published under the Prospectus Directive (a **Non-Exempt N&C Security** or a **Non-Exempt W&C Security**, as applicable, and together **Non-Exempt Securities**) or (ii) neither admitted to trading on a regulated market in the EEA nor offered in the EEA in circumstances where a prospectus is required to be published under the Prospectus Directive (an **Exempt N&C Security** or an **Exempt W&C Security**, as applicable, and together **Exempt Securities**).

This Base Prospectus has been approved by the Central Bank of Ireland (the **Central Bank**), as Irish competent authority under the Prospectus Directive, in respect of Non-Exempt Securities only. At the start of each relevant section of this Base Prospectus an indication is given whether the section applies to Exempt Securities, Non-Exempt Securities or both. Following the publication of this Base Prospectus a supplement may be prepared by the Issuer and approved by the Central Bank in accordance with Article 16 of the Prospectus Directive and in accordance with the requirements of the Irish Stock Exchange.

The Central Bank only approves this Base Prospectus as meeting the requirements imposed under Irish and EU law pursuant to the Prospectus Directive. Such approval relates only to the Non-Exempt Securities which are to be admitted to trading on the Main Securities Market of the Irish Stock Exchange (the **Irish Stock Exchange**) or other regulated markets for the purposes of Directive 2004/39/EC (the **Markets in Financial Instruments Directive**) or which are to be offered to the public in a Member State of the EEA.

Application has been made to the Irish Stock Exchange for Securities issued under the Programme to be admitted to its official list (the **Official List**) and to trading on its Main Securities Market. The Main Securities Market of the Irish Stock Exchange is a regulated market for the purposes of the Markets in Financial Instruments Directive.

Application may also be made to (a) the Irish Stock Exchange for Securities to be admitted to the Official List and to trading on its Global Exchange Market (which is not a regulated market for the purposes of the Markets in Financial Instruments Directive), (b) the United Kingdom Financial Conduct Authority in its capacity as competent authority (the **UK Listing Authority**) for Non-Exempt Securities issued under the Programme to be admitted to the official list of the UK Listing Authority and to the London Stock Exchange plc (the **London Stock Exchange**) for Non-Exempt Securities to be admitted to trading on the Regulated Market of the London Stock Exchange (which is a regulated market for the purposes of Markets in Financial Instruments Directive), once the UK Listing Authority has been provided with a certificate of approval attesting that the Base Prospectus has been drawn up in accordance with the Prospectus Directive and (c) to the Luxembourg Stock Exchange (the **LuxSE**) for Non-Exempt Securities to be listed on the LuxSE's official list and to be admitted to trading on the LuxSE's regulated market (which is a regulated market for the purposes of Markets in Financial Instruments Directive), once the Luxembourg *Commission de surveillance du secteur financier (CSSF)* has been provided with a certificate of approval attesting that the Base Prospectus has been drawn up in accordance with the Prospectus Directive.

This Base Prospectus constitutes a "listing particulars" where required for the purposes of the listing of any Exempt Securities (including, without limitation, any Exempt Securities listed on the Irish Stock Exchange's Global Exchange Market) and, for such purposes, does not constitute a "prospectus" for the purposes of the Prospectus Directive. This listing particulars has been approved by the Irish Stock Exchange for the purposes of Securities which are listed on the Global Exchange Market. References in the Base Prospectus to "Final Terms" will be deemed to be references to "pricing supplement" for the purposes of all Exempt Securities (whether those Securities are listed on the Global Exchange Market or otherwise). This Base Prospectus constitutes an "offering circular" for the purposes of any offers that are not Non-Exempt Offers (as defined below) and for which listing particulars are not required.

The applicable Final Terms relating to the Securities will specify whether such Securities are to be admitted to trading on the Irish Stock Exchange's Main Securities Market, the Irish Stock Exchange's Global Exchange Market, the London Stock Exchange's regulated market, the LuxSE's regulated market, any other market or no market.

References in this Base Prospectus to securities being **listed** (and all related references) shall mean that such securities have been either (i) admitted to trading on the Irish Stock Exchange's Main Securities Market or its Global Exchange Market and admitted to its Official List, (ii) admitted to trading on the London Stock Exchange's regulated market and admitted to the official list of the UK Listing Authority, (iii) admitted to trading on the LuxSE's regulated market and admitted to the official list of the LuxSE, or (iv) admitted to trading on any other market and admitted to any other official list, in each case, as specified in the applicable Final Terms in each case, as applicable.

Notice of the aggregate nominal amount or issue size of Securities, interest or other interim amounts (if any) payable in respect of Securities, the issue price of Securities, and certain other information which is applicable to each series of Securities will be set out in the applicable Final Terms which, with respect to all Securities other than Exempt Securities will be (a) filed with the Central Bank and, where listed in Ireland, the Irish Stock Exchange, (b) where publicly offered or listed on a regulated market in the United Kingdom, delivered to the UK Listing Authority and, where listed, the London Stock Exchange or (c) where publicly offered or

listed on a regulated market in Luxembourg, will be filed with the CSSF. Copies of Final Terms in relation to Securities to be listed on the Irish Stock Exchange will be published on the website of the Irish Stock Exchange (www.ise.ie), copies of Final Terms in relation to Securities to be listed on the London Stock Exchange will also be published on the website of the London Stock Exchange through a regulatory information service and copies of Final Terms in relation to Securities to be listed on the LuxSE will be published on the website of the LuxSE (www.bourse.lu).

The Programme provides that Securities may be listed or admitted to trading, as the case may be, on such other or further stock exchange(s) or market(s) as may be agreed between the Issuer, the Guarantor (if applicable) and the relevant Dealer and specified in the Final Terms. The Issuer may also issue unlisted Securities and/or Securities not admitted to trading on any market. Prospective purchasers of Securities should ensure that they understand the nature of the relevant Securities and the extent of their exposure to risks and that they consider the suitability of the relevant Securities as an investment in the light of their own circumstances and financial condition. Certain issues of Securities involve a high degree of risk and potential investors should be prepared to sustain a loss of all or part of their investment.

Where specified as applicable in the applicable Pricing Supplement (the **Pricing Supplement**) in respect of a series of N&C Securities issued under the Programme, Nomura International (Hong Kong) Limited (the **NIHK Guarantor**) will, pursuant to a deed of guarantee dated on or about the date of this Base Prospectus (the **NIHK Guarantee**), irrevocably and unconditionally guarantee the payment and delivery obligations in respect of the N&C Securities of such series. The Issuer will not offer any series of N&C Securities under the Programme which are guaranteed by the NIHK Guarantor (**NIHK Guaranteed Securities**) unless such N&C Securities are Exempt N&C Securities, nor will the Issuer apply for the admission of any NIHK Guaranteed Securities to trading on any regulated market unless it has submitted, and had approved by the Central Bank, a supplement to this Base Prospectus providing all disclosure relating to the NIHK Guarantor. The form and nature of the NIHK Guarantee will be set out in the applicable Pricing Supplement.

Securities issued under the Programme may be rated or unrated by any one or more of the rating agencies referred to above. Where a Tranche of Securities is rated, such rating will be disclosed in the applicable Final Terms and will not necessarily be the same as any rating that may be assigned to the Programme. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency. Please also refer to "*Ratings of the Securities*" in the Risk Factors section of this Base Prospectus.

The Securities, the Guarantee and, in certain cases, the Entitlement (as defined herein) have not been and will not be registered under the United States Securities Act of 1933, as amended (the **Securities Act**), or under any state securities laws, and the Securities may not be offered, sold, transferred, pledged, delivered, exercised or redeemed, directly or indirectly, at any time within the United States or to, or for the account or benefit of, or by, a U.S. person as defined in Regulation S under the Securities Act (**Regulation S**) except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and in accordance with all applicable securities laws of any State of the United States and any other jurisdiction. The Issuer may offer and sell Securities of certain issues within the United States or to, or for the account or benefit of, U.S. persons provided that such offers and sales are made only to persons reasonably believed by the

Each purchaser of Securities being offered within the United States or to, or for the account or benefit of, a U.S. person is hereby notified that the offer and sale of such Securities is being made in reliance upon an exemption from the registration requirements of the Securities Act and the 1940 Act and one or more exemptions and/or exclusions from regulation under the United States Commodity Exchange Act of 1936, as amended (the **CEA**). Securities may also be offered and sold outside the United States to non-U.S. persons in offshore transactions in reliance on Regulation S. Investors in the Securities will be deemed to have made or be required to make certain representations and warranties in connection with purchasing the Securities. See "*Notice to Purchasers and Holders of Securities and Transfer Restrictions*" on pages 717 to 724. In certain circumstances, redemption or exercise of Securities will be conditional upon certification as to non-U.S. beneficial ownership or, in the case of certain Series of Securities, that the holder (and any person on whose behalf the holder is acting) is a QIB and a QP. See "*Terms and Conditions of the N&C Securities*" on pages 230 to 319, "*Terms and Conditions of the W&C Securities*" on pages 338 to 395 and "*Notice to Purchasers and Holders of Securities and Transfer Restrictions*" on pages 717 to 724. In addition, certain Securities (including, but not limited to, Permanent Global W&C Securities) may not at any time be offered, sold or delivered in the United States or to, or for the account or benefit of, any person who is (a) a "U.S. person" as defined in Regulation S, (b) a person other than a "Non-United States person" as defined in Rule 4.7 under the CEA, (c) a "U.S. person" as defined in the Interpretive Guidance and Policy Statement Regarding Compliance with Certain Swap Regulations promulgated by the United States Commodity Futures Trading Commission (the **CFTC**), as amended, modified or supplemented from time to time, pursuant to the CEA, (d) any other "U.S. person" as such term may be defined in Regulation S or in regulations or guidance adopted under the CEA, or (e) a "United States person" as defined in the United States Internal Revenue Code of 1986, as amended and the United States Treasury regulations promulgated thereunder, in each case, as such definition may be amended, modified or supplemented from time to time (each such person, a **U.S. Person**), nor may any U.S. Persons at any time trade or maintain a position in such Securities.

The Securities have not been approved or disapproved by the U.S. Securities and Exchange Commission (the **SEC**), any State securities commission in the United States or any other U.S. regulatory authority, nor have any of the foregoing authorities passed upon or endorsed the merits of the offering of the Securities or the accuracy or adequacy of this Base Prospectus. The Securities do not constitute, and have not been marketed as, contracts of sale of a commodity for future delivery (or options thereon) subject to the CEA, and trading in the Securities has not been approved by the CFTC pursuant to the CEA. Any representation to the contrary is a criminal offence in the United States.

If "EEA Retail Investor Sales Restriction" is specified as "Applicable" in the applicable Final Terms, the Securities are not intended to be sold and should not be sold to retail investors in the EEA. Prospective investors are referred to the selling restriction headed "*EEA retail investor sales restriction*" in the section headed "*Offering and sale*" on pages 801 to 817 of this Base Prospectus for further information.

All payments in respect of the N&C Securities will be made without deduction for or on account of withholding taxes imposed by any Tax Jurisdiction as provided in N&C Securities unless any such deduction is required by law. In the event that (i) any such deduction is required and (ii) the relevant N&C Securities are specified as being "Reference Item Linked N&C Securities" in the applicable Final Terms, neither the Issuer nor the Guarantor (if applicable) will be required to pay any additional amounts to cover the amounts so deducted.

IMPORTANT INFORMATION RELATING TO NON-EXEMPT OFFERS OF SECURITIES

Certain Tranches of Securities with a denomination of less than €100,000 (or its equivalent in any other currency) may be offered in circumstances where there is no exemption from the obligation under the Prospectus Directive to publish a prospectus. Any such offer is referred to as a **Non-Exempt Offer**.

If, in the context of a Non-Exempt Offer, you are offered Securities by any entity, you should check that such entity has been given consent to use this Base Prospectus for the purposes of making such offer before agreeing to purchase any Securities. The following entities have consent to use this Base Prospectus in connection with a Non-Exempt Offer:

- any entity named as a Dealer or Manager in the applicable Final Terms;
- any financial intermediary specified in the applicable Final Terms as having been granted specific consent to use the Base Prospectus;
- any financial intermediary named on the Issuer's website (see the "Corporate Disclosure" section at www.nomuranow.com) as an Authorised Offeror (as defined below) in respect of the relevant Non-

Exempt Offer (if that financial intermediary has been appointed after the date of the applicable Final Terms).

The entities listed above have been given consent to use the Base Prospectus only during the Offer Period specified in the applicable Final Terms and only extends to the use of this Base Prospectus to make Non-Exempt Offers of the relevant Tranche of Securities in the Non-Exempt Offer Jurisdictions (as defined below), as specified in the applicable Final Terms. Other than as set out above, neither the Issuer nor the Guarantor has authorised the making of any Non-Exempt Offer by any person and the Issuer has not consented to the use of this Base Prospectus by any other person in connection with any Non-Exempt Offer of Securities.

Please see below for certain important legal information relating to Non-Exempt Offers.

Restrictions on Non-Exempt offers of Securities in relevant Member States

This Base Prospectus has been prepared on a basis that permits Non-Exempt Offers of Securities in each Member State in relation to which the Issuer has given its consent as specified in the Final Terms (each specified Member State a **Non-Exempt Offer Jurisdiction** and together the **Non-Exempt Offer Jurisdictions**). However, any person making or intending to make a Non-Exempt Offer of Securities on the basis of this Base Prospectus must do so only with the Issuer's consent to the use of this Base Prospectus as provided under "*Consent given in accordance with Article 3.2 of the Prospectus Directive*" below and provided such person complies with the conditions attached to that consent.

Consent given in accordance with Article 3.2 of the Prospectus Directive

In the context of a Non-Exempt Offer of Securities, the Issuer and the Guarantor accept responsibility, in each of the Non-Exempt Offer Jurisdictions, for the content of this Base Prospectus in relation to any person (an **Investor**) who purchases any Securities in a Non-Exempt Offer made by a Dealer or an Authorised Offeror (as defined below), where that offer is made during the Offer Period specified in the applicable Final Terms and provided that the conditions attached to the giving of consent for the use of this Base Prospectus are complied with. The consent and conditions attached to it are set out under "*Consent*" and "*Common Conditions to Consent*" below.

None of the Issuer, the Guarantor or any Dealer makes any representation as to the compliance by an Authorised Offeror with any applicable conduct of business rules or other applicable regulatory or securities law requirements in relation to any Non-Exempt Offer and none of the Issuer or any Dealer has any responsibility or liability for the actions of that Authorised Offeror.

Except in the circumstances set out in the following paragraphs, neither the Issuer nor the Guarantor has authorised the making of any Non-Exempt Offer by any offeror and the Issuer has not consented to the use of this Base Prospectus by any other person in connection with any Non-Exempt Offer of Securities. Any Non-Exempt Offer made without the consent of the Issuer is unauthorised and none of the Issuer, the Guarantor and, for the avoidance of doubt, any Dealer accepts any responsibility or liability in relation to such offer or for the actions of the persons making any such unauthorised offer.

If, in the context of a Non-Exempt Offer, an Investor is offered Securities by a person which is not an Authorised Offeror, the Investor should check with that person whether anyone is responsible for this Base Prospectus for the purposes of the relevant Non-Exempt Offer and, if so, who that person is. If the Investor is in any doubt about whether it can rely on this Base Prospectus and/or who is responsible for its contents it should take legal advice.

Consent

In connection with each Tranche of Securities and subject to the conditions set out below under "*Common Conditions to Consent*", the Issuer consents to the use of this Base Prospectus (as supplemented as at the relevant time, if applicable) in connection with a Non-Exempt Offer of such Securities by:

- (i) the relevant Dealer(s) or Manager(s) specified in the applicable Final Terms;
- (ii) any financial intermediaries specified in the applicable Final Terms; and
- (iii) any other financial intermediary appointed after the date of the applicable Final Terms and whose name is published on the Issuer's website (see the "Corporate Disclosure" section at www.nomuranow.com) and identified as an Authorised Offeror in respect of the relevant Non-Exempt Offer.

The financial intermediaries referred to in paragraphs (ii) and (iii) above are together the **Authorised Offerors** and each an **Authorised Offeror**.

Common Conditions to Consent

The conditions to the Issuer's consent to the use of this Base Prospectus in the context of the relevant Non-Exempt Offer are that such consent:

- (i) is only valid during the Offer Period specified in the applicable Final Terms; and

IMPORTANT INFORMATION RELATING TO THE USE OF THIS BASE PROSPECTUS AND OFFERS OF SECURITIES GENERALLY

This Base Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Securities in any jurisdiction to any person to whom it is unlawful to make such offer or solicitation in such jurisdiction. The distribution of this Base Prospectus and the offer or sale of Securities may be restricted by law in certain jurisdictions. None of the Issuer, the Guarantor, the NIHK Guarantor or any Dealer represents that this Base Prospectus may be lawfully distributed, or that any Securities may be lawfully offered, in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offer. In particular, unless specifically indicated to the contrary in the applicable Final Terms, no action has been taken by the Issuer, the Guarantor, the NIHK Guarantor or any Dealer which is intended to permit a public offering of any Securities or distribution of this document in any jurisdiction where action for that purpose is required. Accordingly, no Securities may be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Base Prospectus or any Securities may come must inform themselves about, and observe, any such restrictions on the distribution of this Base Prospectus and the offering and sale of Securities. In particular, there are restrictions on the distribution of this Base Prospectus and the offer or sale of Securities in the United States, the EEA (including the United Kingdom), Japan, Sweden, Switzerland and certain South American jurisdictions and Asian jurisdictions (see "*Offering and Sale*" on pages 801 to 817). In particular, the Securities, the Guarantee and, in certain cases, the Entitlement to be delivered upon exercise of the Securities, have not been and will not be registered under the Securities Act or any applicable state securities laws.

Non-Exempt Offers: Issue Price and Offer Price

Securities to be offered pursuant to a Non-Exempt Offer will be issued by the Issuer at the Issue Price specified in the applicable Final Terms. The Issue Price will be determined by the Issuer in consultation with the relevant Dealer at the time of the relevant Non-Exempt Offer and will depend, amongst other things, on prevailing market conditions at that time. The offer price at which the Authorised Offeror will offer such Securities to the Investor will be the Issue Price or (where agreed with the relevant Dealer) such other price as may be agreed between an Investor and the Authorised Offeror making the offer of the Securities to such Investor. Neither the Issuer nor the Guarantor will be party to arrangements between an Investor and an Authorised Offeror, and the Investor will need to look to the relevant Authorised Offeror to confirm the price at which such Authorised Offeror is offering the Securities to such Investor.

Save as provided above, none of the Issuer, the Guarantor nor any Dealer have authorised, nor do they authorise, the making of any Non-Exempt Offer of Securities in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.

THIS PROGRAMME PROVIDES FOR THE ISSUANCE OF REFERENCE ITEM LINKED SECURITIES. THE PURCHASE OF SUCH SECURITIES MAY INVOLVE SUBSTANTIAL RISKS NOT ASSOCIATED WITH INVESTMENTS IN A CONVENTIONAL DEBT OR EQUITY SECURITY AND MAY BE SUITABLE ONLY FOR INVESTORS WHO HAVE THE KNOWLEDGE AND EXPERIENCE IN FINANCIAL AND BUSINESS MATTERS NECESSARY TO ENABLE THEM TO EVALUATE THE RISKS AND THE MERITS OF AN INVESTMENT IN THE SECURITIES. PRIOR TO MAKING AN INVESTMENT DECISION, PROSPECTIVE

INVESTORS SHOULD CONSIDER THE SUITABILITY OF THAT INVESTMENT CAREFULLY, IN LIGHT OF THEIR OWN FINANCIAL CIRCUMSTANCES AND INVESTMENT OBJECTIVES, INCLUDING A CONSIDERATION OF (I) ALL THE INFORMATION SET FORTH IN THIS BASE PROSPECTUS AND, IN PARTICULAR, THE CONSIDERATIONS SET FORTH BELOW AND (II) ALL THE INFORMATION SET FORTH IN THE APPLICABLE FINAL TERMS. PROSPECTIVE INVESTORS SHOULD MAKE SUCH ENQUIRIES AS THEY DEEM NECESSARY (INCLUDING, WITHOUT LIMITATION, CONSULTING WITH SUCH FINANCIAL, LEGAL OR OTHER ADVISERS AS THEY DEEM APPROPRIATE) WITHOUT RELYING ON THE ISSUER, THE GUARANTOR (IF APPLICABLE) OR ANY DEALER.

Each potential investor should:

- (i) have sufficient knowledge and experience to evaluate the Securities, the merits and risks of investing in the Securities and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement and all the information contained in the applicable Final Terms;**
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Securities and the impact the Securities will have on its overall investment portfolio;**
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Securities (including an inability to sell the Securities), including Securities with amounts payable in one or more currencies, or where the Settlement Currency or Specified Currency of the Securities is different from the potential investor's currency;**
- (iv) understand thoroughly the terms of the Securities and be familiar with any relevant indices and financial markets; and**
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.**

An investment in Index Linked Securities, Equity Linked Securities, FX Linked Securities, Commodity Linked Securities, Fund Linked Securities, Inflation Linked Securities, Credit Linked Securities or other Securities linked to other Reference Item(s) (Reference Item Linked Securities) will include, but will not be limited to, the risks set out in "*Risks related to particular Reference Items*" below.

Some Securities are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Securities which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how such Securities will perform under changing conditions, the resulting effects on the value of those Securities and the impact this investment will have on the potential investor's overall investment portfolio.

U.S. INFORMATION

Its use for any other purpose in the United States is not authorised. It may not be copied or reproduced in whole or in part nor may it be distributed or any of its contents disclosed to anyone other than the prospective investors to whom it is originally submitted.

The Securities may be offered or sold within the United States or to, or for the account or benefit of, U.S. persons provided that such offers and sales are made only to QIBs that are also QPs in transactions exempt from the registration requirements of the Securities Act and any applicable state securities laws and which will not require the Issuer to register under the 1940 Act. Each U.S. purchaser of Securities is hereby notified that the offer and sale of any Securities to it may be being made in reliance upon the exemption from the registration requirements of the Securities Act provided by Rule 144A and one or more exemptions and/or exclusions from regulation under the CEA.

Each purchaser or holder of Securities represented by a Rule 144A Global Security (which term shall include both N&C Securities and/or W&C Securities, as the context permits) or any Securities issued in registered form in exchange or substitution therefor (together **Legended Securities**) will be required to make or, by its acceptance or purchase of any such Legended Securities, be deemed to have made, certain representations and agreements intended to restrict the resale or other transfer of such Securities as set out in "*Offering and Sale*". Unless otherwise stated, terms used in this paragraph have the meanings given to them in "*Form of the Securities*".

In addition, the offer, sale, resale, transfer, pledge or delivery of certain Securities, or any interest therein, directly or indirectly, in the United States or to or for the account or benefit of U.S. persons may constitute a violation of the CEA. Accordingly, the relevant Final Terms for any Security determined to be subject to such prohibitions will specify that such Security may not at any time be offered, sold, resold, transferred, pledged or delivered in the United States or to U.S. persons, nor may any U.S. persons at any time trade or maintain a position in such Securities.

Securities in bearer form that are treated as debt for U.S. federal tax purposes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to United States persons, except in certain circumstances permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended (the **Code**) and the U.S. Treasury regulations promulgated thereunder.

The Securities may not be acquired or held by, or acquired with the assets of, any employee benefit plan subject to Title I of the United States Employee Retirement Income Security Act of 1974, as amended (**ERISA**), any plan subject to Section 4975 of the Code, an entity whose underlying assets include plan assets by reason of a plan's investment in such entity (collectively **Benefit Plan Investors**), or a governmental, church or non-U.S. plan subject to federal, state, local or non-U.S. laws substantially similar to Section 406 of ERISA or Section 4975 of the Code (**Similar Law**), unless the acquisition, holding and disposition of the Securities does not constitute a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code or violate the applicable provisions of any Similar Law. Purchasers of Securities on behalf of Benefit Plan Investors have exclusive responsibility for ensuring that their acquisition holding and disposition of the Securities does not constitute a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code, and by the purchase of Securities they will be deemed to have represented that the foregoing condition has been and will be met. The applicable Final Terms relating to a particular Tranche of Securities may contain more information and reflect more particular limitations respecting Section 406 of ERISA or Section 4975 of the Code.

SUMMARY OF THE PROGRAMME

The following section applies to Non-Exempt Securities only.

Summaries are made up of disclosure requirements known as "Elements". These Elements are numbered in Section A – E (A.1 – E.7). Because some Elements are not required to be addressed, there may be gaps in the numbering sequence of the Elements. Even though an Element may be required to be inserted in the summary because of the type of Security, the Issuer and the Guarantor, it is possible that no relevant information can be given regarding the Element. In this case a short description of the Element is included in the summary with the mention of "not applicable". Information described in the italicised drafting prompts will be completed (where applicable) when preparing the issue specific summary for a Series of Securities.

D.2	Key risks regarding the Issuer [and the Guarantor]	<p>In purchasing Securities, investors assume the risk that the Issuer [and the Guarantor] may become insolvent or otherwise be unable to perform [its/their] obligations (including, where relevant, payment obligations) in respect of the Securities [or under the Guarantee (respectively)]. There is a wide range of factors which individually or together could result in the Issuer [and the Guarantor] becoming unable to perform [its/their] obligations under the Securities [or Guarantee (respectively)]. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer [and the Guarantor] may not be aware of all relevant factors and certain factors which [it/they] currently deem not to be material may become material as a result of the occurrence of events outside the Issuer's [and the Guarantor's] control. The Issuer [and the Guarantor] [has/have] identified a number of factors which could materially adversely affect [its/their] business[es] and ability to perform [its/their] obligations under the Securities [or Guarantee (respectively)]. These factors include:</p> <p>Issuer:</p> <p>(i) the Issuer is an indirectly owned, wholly owned subsidiary of Nomura Holdings, Inc. and there are substantial inter-relationships between the Issuer and other Nomura Group companies. Accordingly, if the financial condition of the Nomura Group were to deteriorate, the Issuer and its investors may suffer direct and materially adverse consequences, (ii) changes in market prices affecting asset values may adversely affect the performance of assets in which the Issuer holds positions and therefore would adversely affect the Issuer's financial situation and its profits (iii) strategies for hedging against market risk may prove to be ineffective, (iv) changes in interest rates, (v) foreign exchange risk, (vi) liquidity risk, (vii) credit risk of third parties with whom the Issuer does business (viii) increased regulation of the financial services industry, (ix) competition risk, (x) reputational risk, and (xi) operational risk.</p> <p>Guarantor:</p> <p>If the financial condition of the Guarantor were to deteriorate, the Issuer and investors in the Securities may suffer direct and materially adverse consequences. The Guarantor is the holding company for the Nomura Group and its ability to fulfil its obligations under the Guarantee may therefore be affected by certain factors affecting the Guarantor directly or other entities within the Nomura Group, including: (i) a sustained market/economic or other downturn, changes in financial or economic conditions and/or market volatility, (ii) liquidity risk, (iii) unpredictable events causing large unexpected market price movements ("event risk") (iv) credit risk of third parties with whom the Guarantor does business, (v) competition risk, (vi) substantial legal, regulatory, operational and reputational risks.</p>

RISK FACTORS

The following section applies to both Exempt Securities and Non-Exempt Securities.

Prospective investors should note that the risks relating to the Issuer and the Guarantor (where applicable), their industry and the Securities summarised in the section of this document headed "Summary of the Programme" are the risks that each of the Issuer and the Guarantor believe to be the most essential to an assessment by a prospective investor of whether to consider an investment in the Securities. However, as the risks which the Issuer and/or the Guarantor faces relate to events and depend on circumstances that may or may not occur in the future, prospective investors should consider not only the information on the key risks summarised in the section of the Issuer and the Guarantor headed "Summary of the Programme" but also, among other things, the risks and uncertainties described below.

*In purchasing Securities, investors assume the risk that the Issuer and (where applicable) the Guarantor may become insolvent or otherwise be unable to make all payments due in respect of the Securities or (where applicable) under the Guarantee. There is a wide range of factors which individually or together could result in the Issuer and (where applicable) the Guarantor becoming unable to make all payments due. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer and (where applicable) the Guarantor may not be aware of all relevant factors and certain factors which they currently deem not to be material may become material as a result of the occurrence of events outside the Issuer's and (where applicable) the Guarantor's control. The Issuer and (where applicable) the Guarantor have identified in this Base Prospectus a number of factors which could materially adversely affect their businesses and the ability of the Issuer or the Guarantor (where applicable) to pay any cash amounts in connection with any Cash Settled Securities (**Cash Settled Securities**) or to deliver the Entitlement in connection with any Physical Delivery Securities (**Physical Delivery Securities**).*

In addition, factors which are material for the purpose of assessing the market risks associated with Securities issued under the Programme are also described below.

Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

THE AMOUNT PAID BY THE ISSUER ON REDEMPTION OR EXERCISE OF THE SECURITIES MAY BE LESS THAN THE NOMINAL AMOUNT OR ISSUE PRICE OF THE SECURITIES, TOGETHER WITH ANY ACCRUED INTEREST (IN THE CASE OF N&C SECURITIES) OR ADDITIONAL AMOUNTS (IN THE CASE OF W&C SECURITIES), AND MAY IN CERTAIN CIRCUMSTANCES BE ZERO. WHERE THE SECURITIES ARE REDEEMED OR EXERCISED BY THE ISSUER BY DELIVERY OF REFERENCE ITEM(S) THE VALUE OF THE REFERENCE ITEM(S) MAY BE LESS THAN THE NOMINAL AMOUNT OR ISSUE PRICE OF THE SECURITIES, TOGETHER WITH ANY ACCRUED INTEREST (IN THE CASE OF N&C SECURITIES) OR ADDITIONAL AMOUNTS (IN THE CASE OF W&C SECURITIES), AND MAY IN CERTAIN CIRCUMSTANCES BE ZERO.

CERTAIN ISSUES OF SECURITIES INVOLVE A HIGH DEGREE OF RISK AND POTENTIAL INVESTORS SHOULD BE PREPARED TO SUSTAIN A LOSS OF ALL OR PART OF THEIR INVESTMENT.

Factors that may affect the Issuer's ability to fulfil its obligations under Securities issued under the Programme

The Issuer's business and earnings are affected by general business, economic, market and political conditions in the United Kingdom and abroad. The Issuer's investment banking activities related earnings may be adversely affected by turmoil, or a downturn, in the global financial markets generally. General business, economic and market conditions that could affect the Issuer also include short term and long term interest rates, inflation, recession, monetary supply and fluctuations in both debt and equity capital markets in which the Issuer funds its operations.

The Issuer's liquidity is critical to its ability to operate its businesses, fund new loans and be profitable. Any reduction in the Issuer's liquidity could therefore have a negative effect on its financial results.

Potential conditions that could negatively affect the Issuer's liquidity include diminished access to capital markets, unforeseen cash or capital requirements, and also an inability to sell assets or execute secured financing transactions due to reduced investor appetite for non- prime assets.

The Issuer's credit ratings are an important part of maintaining its liquidity. A credit ratings downgrade in respect of the Issuer or any of its Affiliates could potentially increase borrowing costs, and depending on its severity, limit access to capital markets, require cash payments or collateral posting.

More specific business and market related risks pertaining to the existing and proposed business activities and profile of the Issuer are set out further below.

The Issuer is an indirect wholly owned subsidiary of the Guarantor, which together with its consolidated subsidiaries shall be referred to in this "*Risk Factors*" section as the **Nomura Group**. Therefore, if the

financial condition of the Nomura Group were to deteriorate, the Issuer and investors in the Securities may suffer direct and materially adverse consequences. Accordingly, prospective investors in Securities should review, *inter alia*, the risk factors set out in the section entitled "*Risks relating to the Nomura Group*" below.

Factors that may affect the Guarantor's ability to fulfil its obligations under the Guarantee

Guaranteed N&C Securities and Guaranteed W&C Securities (together, **Guaranteed Securities**) are guaranteed on an unsubordinated basis by the Guarantor pursuant to the Guarantee. Therefore, if the Guarantor's financial condition were to deteriorate, the Issuer and investors in the Guaranteed Securities may suffer direct and materially adverse consequences. Accordingly, prospective investors in Guaranteed Securities should review, *inter alia*, the factors below in respect of the Guarantor's ability to fulfil its obligations under the Guarantee.

The Guarantor (referred to in this "*Risk Factors*" sections as **NHI**) is a holding company for the Nomura Group. The Guarantor's ability to fulfil its obligations under the Guarantee may therefore be affected by certain factors as set out in the section entitled "*Risks relating to the Nomura Group*" below, which may affect the Guarantor directly or other entities within the Nomura Group.

Risks Relating to the Issuer's business

Market Risk

The Issuer itself holds positions in assets. Changes in market prices (for instance share prices, bond prices or loan prices) or in other factors affecting asset values (such as the general situation of the global economy or economic and political conditions in relevant countries) may adversely affect the performance of the relevant asset. Such risk may be limited but not excluded by value protection strategies. A negative performance of the relevant asset would adversely affect the Issuer's financial situation and its profits.

Reference Item Price Risk and Issuer Credit Risk

The Issuer issues instruments with returns linked to the performance of certain underlying reference assets or bases (each such asset and/or basis, a **Reference Item**). The Issuer enters into hedging transactions in order to hedge its position in respect of such instruments. Fluctuations in the relevant exchange or other relevant markets may result in the proceeds of the hedging transactions being less than the liabilities under the instruments. This may adversely affect the Issuer's financial situation and its profits.

Interest Rate Risk

The Issuer generates part of its financial results through interest yields. Fluctuations in the relevant applicable interest rate (including the ratio between short and long term interest rates among one another) may influence the profits of the Issuer. The composition of financial assets and liabilities as well as the mismatches resulting from such composition may cause a change in the profits of the Issuer as a result of fluctuations in interest rates. Changes in interest rate levels have a particular impact on differing maturity dates and currencies. A mismatch between the maturity of interest bearing financial assets and interest bearing liabilities within a certain time may have a considerable adverse effect on the financial situation and results of the Issuer.

Currency Risk

The Issuer enters into transactions in currencies other than its functional currency (U.S. Dollars). Changes in exchange rates may result in foreign exchange gains and losses.

Liquidity Risk

The Issuer holds various financial assets. Besides market risk, such assets are also subject to the risk that as a result of insufficient market liquidity the relevant assets cannot be sold or hedged on short notice or can only be sold for a lower price. Such risk especially exists in relation to assets for which there are no markets with sufficient liquidity from the beginning. Limited liquidity in respect of such assets may also adversely affect the liquidity of the Issuer.

Credit Risk / Loan Risk

The Issuer entertains different business relationships with third parties. Within the context of such business relationships there is the risk that the third party which owes the Issuer money, securities or other financial assets cannot fulfil its liabilities. Credit risk may particularly arise as a result of insolvency, illiquidity, cyclical downturn, decline in real estate prices and/or mistakes in the management of the relevant third party. The risk is particularly relevant to loans as the realisation of such risk may result in a loss of both interest (if any) and the principal amount. Such losses may have a considerable adverse effect on the Issuer's financial situation and profits.

The relationship of the UK with the European Union may have an impact on the business of the Issuer

On 23 June 2016, the UK held a referendum to decide on the UK's membership of the European Union. The UK vote was to leave the European Union. There are a number of uncertainties in connection with the future of the UK and its relationship with the European Union. The negotiation of the UK's exit terms is likely to take a number of years. Until the terms and timing of the UK's exit from the European Union are clearer, it is not possible to determine the impact that the referendum, the UK's departure from the European Union and/or any related matters may have on the business of the Issuer. As such, no assurance can be given that such matters would not adversely affect the ability of the Issuer to satisfy its obligations under the Securities and/or the market value and/or the liquidity of the Securities in the secondary market.

Regulatory Risk

The Issuer's business activities in each jurisdiction in which it operates or has business dealings are subject to extensive supervision and regulations. Changes in laws or regulations may require the Issuer to change its business or certain products and cause significant costs to the Issuer. Furthermore, as a result of changes in the regulatory authority's code of practice the Issuer may have to change part of its business or products or increase its administrative expenses to comply with the changed regulatory requirements which again will involve an increase of cost for the Issuer. Such possible increase in costs would adversely affect the Issuer's financial situation and profits.

In December 2010, the Basel Committee on Banking Supervision (the **Basel Committee**) proposed comprehensive changes to the capital adequacy framework known as Basel III. A revised version of these proposals was issued in June 2011. The reforms to the regulatory capital framework were proposed to raise the resilience of the banking sector, through increasing both the quality and quantity of the regulatory capital base and enhancing the risk coverage of the capital framework. As part of these reforms, the amount and quality of Tier 1 capital that institutions are required to hold was raised; innovative Tier 1 capital instruments with an incentive to redeem are to be phased out and the rules for determining Tier 2 capital instruments are to be harmonised. Basel III also requires institutions to build counter-cyclical capital buffers that may be drawn upon in stress periods and to hold a capital conservation buffer above minimum capital ratio levels, which have the effect of raising the minimum level of tangible common equity capital from 4.5% to 9.5% of risk-weighted assets. In addition a leverage ratio was proposed for institutions as a backstop, which would be applied alongside current risk-based regulatory capital requirements. Basel III also introduced two new liquidity ratios: the liquidity coverage ratio and the net stable funding ratio. These are intended to encourage banks to hold higher levels of unencumbered, high-quality liquid assets to make them more resilient to potential short-term disruptions in access to funding and to address longer-term structural liquidity

mismatches in their balance sheets. The changes in Basel III are proposed to be phased in gradually between January 2013 and January 2019.

The implementation of Basel III in the European Union is being performed through the Capital Requirements Directive IV and Capital Requirements Regulation (**CRDIV / CRR**) legislative package which was implemented on 1 January 2014. The final capital framework to be established in the EU under CRDIV / CRR differs from Basel III in certain areas. These and other future changes to capital adequacy and liquidity requirements in the jurisdictions in which it operates, including the implementation of the CRDIV/CRR, may require members of the Nomura Group (including the Issuer) to raise additional capital. If the Nomura Group is unable to raise the requisite capital, it may be required to reduce the amount of its risk-weighted assets, which may not occur on a timely basis or achieve prices which would otherwise be attractive to it.

The business of the Issuer and other members of the Nomura Group may be affected by global financial regulatory reforms, including but not limited to the regulatory changes brought about by the Dodd-Frank Wall Street Reform and Consumer Protection Act in the United States and legislation relating to the regulation of over-the-counter financial derivatives.

Competition Risk

In each jurisdiction in which the Issuer is active it is subject to extensive competition with other entities. If the Issuer should not be able to continue to compete successfully with attractive and profitable products and services, this may lead to a loss in market share which would have a significant adverse effect on the Issuer's financial situation and profits.

Reputational Risk

The Issuer constantly depends on generating new business. Therefore, the Issuer is continuously in discussion with business partners and clients in order to generate new business. A deterioration of the Issuer's business reputation, particularly in form of negative media publicity, may have the effect that potential clients and business partners decide against entering into business transactions with the Issuer. This may have an adverse effect on the profitability and therefore credit rating of the Issuer.

Operational Risk / Business Risk

For its business operations the Issuer depends on access to human resources and infrastructure to ensure its profitability and credit rating in the long term. Operational incidents (e.g. natural disasters, accidents and terrorist action), which prevent the normal course of business, may lead to adverse economic consequences for the Issuer. This similarly applies to a loss of personnel which cannot be compensated by counteractive measures, such as new hiring or transfer of personnel. The Issuer tries to compensate for losses potentially caused by operational risk by utilising hedging strategies. As such, the business risk describes the risk that these hedging strategies fail or that they are not able to compensate for all losses, which may have a negative effect on the financial situation and the business performance of the Issuer. Notwithstanding anything in this risk factor, this risk factor should not be taken as implying that the Issuer will be unable to comply with its obligations as a company with securities admitted to the official list of the Irish Stock Exchange (the **Official List**) or as a supervised firm regulated by the Financial Conduct Authority (the **FCA**) and the Prudential Regulation Authority.

In the United Kingdom the Issuer is responsible for contributing to compensation schemes in respect of banks and other authorised financial services firms that are unable to meet their obligations to customers

In the United Kingdom, the Financial Services Compensation Scheme (the **FSCS**) was established under the Financial Services and Markets Act 2000 (**FSMA**) and is the UK's statutory fund of last resort for customers of authorised financial services firms. The FSCS can pay compensation to customers if a firm authorised by the FCA is unable, or likely to be unable, to pay claims against it (for instance, an authorised bank is unable to pay claims by depositors). The FSCS is funded by levies on firms authorised by the FCA, including the

Issuer and other members of the Nomura Group in the United Kingdom. The Issuer is currently exempt from participation in the FSCS. In the event that the FSCS raises funds from authorised firms, raises those funds more frequently or significantly increases the levies to be paid by such firms, the associated costs to the Issuer may have a material impact on its results of operations or financial condition. The recent measures taken to protect the depositors of deposit-taking institutions involving the FSCS have resulted in a significant increase in the levies made by the FSCS on the industry and may do so in the future if similar measures are required to protect depositors of other institutions. In addition, regulatory reform initiatives in the UK and internationally may result in further changes to the FSCS, which could result in additional costs and risks for the Issuer.

To the extent that other jurisdictions where the Nomura Group operates have introduced or plan to introduce similar compensation, contributory or reimbursement schemes, the Nomura Group may incur additional costs and liabilities which may negatively impact its results of operations or financial condition.

The Banking Act confers substantial powers on a number of UK authorities designed to enable them to take a range of actions in relation to UK banks, UK building societies, UK investment firms and UK recognised central counterparties which are considered to be at risk of failing. Furthermore, such actions can be taken directly against any relevant entity or against certain of its UK group companies. The exercise of any of these actions in relation to the Issuer could materially adversely affect the value of any Securities

Under the Banking Act 2009 (the **Banking Act**), substantial powers are granted to HM Treasury, the Bank of England, the FCA and the Prudential Regulation Authority (together, the **Authorities**) as part of a special resolution regime (the **SRR**). These powers can be exercised, as applicable, by the Authorities in respect of a UK bank (such as the Issuer), or UK building society, UK investment firm or UK recognised central counterparty (each a **relevant entity**) in circumstances in which the Authorities consider its failure has become likely and if certain other conditions are satisfied (depending on the relevant power) for example, to protect and enhance the stability of the financial system of the UK. Certain of these powers may also be used in respect of a UK incorporated company which meets certain conditions and is in the same group as a relevant entity, an EU incorporated credit institution or investment firm or a third country incorporated credit institution or investment firm (a **UK banking group company**).

The SRR consists of five stabilisation options and two special insolvency procedures (bank administration and bank insolvency) which may be commenced by HM Treasury, the Bank of England, the Prudential Regulation Authority or Secretary of State, as the case may be. The stabilisation options provide for: (i) private sector transfer of all or part of the business of the relevant entity; (ii) transfer of all or part of the business of the relevant entity to a bridge bank wholly owned by the Bank of England; and (iii) transfer of all or part of the business of the relevant entity to an asset management vehicle owned and controlled by the Bank of England; (iv) writing down certain claims of unsecured creditors of the relevant entity (including Securities) and/or converting certain unsecured debt claims (including Securities) to equity, (the **bail-in option**), which equity could also be subject to any future cancellation, transfer or dilution; and (v) temporary public ownership (nationalisation) of all or part of the relevant entity or its UK holding company. In each case, the Authorities have wide powers under the Banking Act including powers to modify contractual arrangements in certain circumstances and powers for HM Treasury to disapply or modify laws (with possible retroactive effect) to enable the stabilisation powers under the Banking Act to be used effectively.

The paragraphs below set out some of the possible consequences of the exercise of the powers under the SRR.

The SRR may be triggered prior to insolvency of the Issuer

The purpose of the stabilising options is to address the situation where all or part of a business of a relevant entity has encountered, or is likely to encounter, financial difficulties, giving rise to wider public interest concerns. Accordingly, the relevant stabilisation options may be exercised if: (a) the relevant Authority is

satisfied that a relevant entity (such as the Issuer) is failing, or is likely to fail; (b) following consultation with the other Authorities, the relevant Authority determines that it is not reasonably likely that (ignoring the stabilising options) action will be taken that will result in the condition referred to in (a) ceasing to be met; and (c) the Authorities consider the exercise of the stabilisation options to be necessary, having regard to certain public interest considerations (such as the stability of the UK financial system, public confidence in the UK banking system and the protection of depositors). It is therefore possible that one of the stabilisation options could be exercised prior to the point at which any insolvency proceedings with respect to the relevant entity could be initiated. In relation to a UK banking group company, the stabilisation options may be exercised against such UK banking group company if the stabilisation conditions referred to in (a) and (b) above are satisfied in relation to a relevant entity within the same group and the condition referred to in (c) is satisfied in relation to the UK banking group company.

Various actions may be taken in relation to the Securities without the consent of the Securityholders

If the stabilisation options were exercised under the SRR in respect of the Issuer, HM Treasury or the Bank of England may exercise extensive powers, including share transfer powers (applying to a wide range of securities), property transfer powers (including powers for partial transfers of property, rights and liabilities subject to certain protections in respect of the Issuer) and resolution instrument powers (including powers to make special bail-in provisions). Exercise of these powers could involve taking various actions in relation to any securities issued by the Issuer (including the Securities) without the consent of the Securityholders, including (among other things): (i) transferring the Securities notwithstanding any restrictions on transfer and free from any trust, liability or encumbrance; (ii) delisting those Securities which are listed on the official list of the UK Listing Authority, (iii) writing down the principal amount of the Securities and/or converting the Securities into another form or class (which may include, for example, conversion of the Securities into equity securities); (iv) modifying any interest payable in respect of the N&C Securities, the maturity date or the dates on which any payments are due, including by suspending payment for a temporary period; (v) disapplying certain terms of the Securities, including disregarding any termination or acceleration rights or events of default under the terms of the Securities which would be triggered by the exercise of the powers and certain related events; and/or (vi) where property is held on trust, removing or altering the terms of such trust. If the terms of the Securities are modified or disappplied without the consent of the Guarantor, the validity of the Guarantee may be affected.

The taking of any such actions could adversely affect the rights of Securityholders, the price or value of their investment in the Securities and/or the ability of the Issuer to satisfy its obligations under the Securities. In such circumstances, Securityholders may have a claim for compensation under one of the compensation schemes existing under, or contemplated by, the Banking Act, but there can be no assurance that Securityholders would thereby recover compensation promptly or equal to any loss actually incurred.

A partial transfer of the Issuer's business may result in a deterioration of its creditworthiness

If the Issuer were made subject to the SRR and a partial transfer of its business to another entity were effected, the quality of the assets and the quantum of the liabilities not transferred and remaining with the Issuer (which may include the Securities) will result in a deterioration in the creditworthiness of the Issuer and, as a result, increase the risk that it will be unable to meet its obligations in respect of the Securities and/or eventually become subject to administration or insolvency proceedings pursuant to the Banking Act. In such circumstances, Securityholders may have a claim for compensation under one of the compensation schemes existing under, or contemplated by, the Banking Act, but there can be no assurance that Securityholders would thereby recover compensation promptly or equal to any loss actually incurred.

Depositor preference

In addition, amendments to the UK Insolvency Act 1986 have introduced changes to the treatment and ranking of certain preferential debts with the result that certain eligible deposits will rank in priority to the claims of ordinary (i.e. non-preferred) unsecured creditors in the event of an insolvency. This means that the

claims of holders of Securities would rank junior to the claims in respect of liabilities afforded preferred status and accordingly, in the event of insolvency or resolution of the Issuer, Securities would be available to absorb losses ahead of liabilities which benefit from such preference.

As at the date of this Base Prospectus, the relevant Authorities have not made an instrument or order under the Banking Act in respect of the Issuer and there has been no indication that they will make any such instrument or order. However, there can be no assurance that this will not change and/or that Securityholders will not be adversely affected by any such order or instrument if made.

Risks relating to the Nomura Group

In this Document, the term "Nomura Group" describes the Guarantor (NHI) and its consolidated subsidiaries, including the Issuer, which is an indirectly owned wholly owned subsidiary of the Guarantor. Any factors which affect the financial condition and/or creditworthiness of the Guarantor may have a direct or indirect impact upon the financial condition and/or creditworthiness of other entities within the Nomura Group, including the Issuer. Accordingly, risks identified in this "Risks relating to the Nomura Group" section relating to NHI should, unless the context requires otherwise, be construed as potentially applying also to all other entities within the Nomura Group including, in particular, the Issuer.

The Nomura Group's business may be materially affected by financial markets, economic conditions and market fluctuations in Japan and elsewhere around the world

The Nomura Group's business and revenues may be affected by any adverse changes in the Japanese and global economic environments and financial markets.

For example, the global financial crisis that originated with the collapse of Lehman Brothers Holding Inc. (**Lehman Brothers**) in 2008 and the worsening of financial issues in the peripheral countries of the Eurozone in 2011, including Greece, have adversely influenced major global financial markets.

In addition and as described later, not only purely economic factors but also future wars, acts of terrorism, economic or political sanctions, pandemics, forecasts of geopolitical risks and geopolitical events which have actually occurred, natural disasters or other similar events could have an effect on the financial markets and economies of each country. For example, in case the United Kingdom leaves the European Union, financial markets may be negatively impacted.

If any adverse events including those discussed above were to occur, a market or economic downturn may last for a long period of time, which could adversely affect the Nomura Group's business and can result in it incurring substantial losses. Even in the absence of a prolonged market or economic downturn, changes in market volatility or governmental fiscal and monetary policy changes in Japan, or in any other country or region where the Nomura Group conducts business, and other changes in the environment may adversely affect its business, financial condition and results of operations. The following are certain risks related to the financial markets and economic conditions for the Nomura Group's specific businesses.

Monetary policy changes by central banks may affect the Nomura Group's business, financial condition and results of operations

In recent years, central banks in many major economies have been pursuing an expansionary monetary policy, including in some cases the introduction of negative interest rates. For example, the European Central Bank started to impose negative interest rate in June 2014 in order to counter low inflation. The Bank of Japan also announced the introduction of "Quantitative and Qualitative Monetary Easing with a Negative Interest Rate" in January 2016 in order to achieve price stability. As part of this policy, the Bank of Japan has implemented additional monetary easing measures and started to apply a negative interest rate to the outstanding balance of current accounts at the Bank of Japan which exceeds a certain balance. The prolonged implementation of a negative interest rate policy or the further lowering of negative interest rates in one or

more countries as well as further decreases in yields of financial assets in the financial markets may negatively affect the Nomura Group's ability to provide asset management products to its clients as well as its trading and investment activities, which in turn could have an adverse impact on its financial condition and results of operations.

The Nomura Group's brokerage and asset management revenues may decline

A market downturn could result in a decline in the revenues generated by the Nomura Group's brokerage business because of a decline in the volume and value of securities that the Nomura Group broker for its clients. Also, within the Nomura Group's asset management business, in most cases, the Nomura Group charges fees and commissions for managing its clients' portfolios that are based on the market value of their portfolios. A market downturn that reduces the market value of the Nomura Group's clients' portfolios may increase the amount of withdrawals or reduce the amount of new investments in these portfolios, and would reduce the revenue the Nomura Group receives from its asset management business.

The Nomura Group's investment banking revenues may decline

Changes in financial or economic conditions would likely affect the number and size of transactions for which the Nomura Group provides securities underwriting, financial advisory and other investment banking services. The Nomura Group's investment banking revenues, which include fees from these services, are directly related to the number and size of the transactions in which the Nomura Group participates and would therefore decrease if there are financial and market changes unfavourable to its investment banking business and its clients. For example, due in part to the continued slowdown in financing activities resulting primarily from the worsened and prolonged impact of the European sovereign debt crisis in 2011, the Nomura Group's Investment Banking net revenue for the years ended 31 March 2012 and 31 March 2013 decreased by 15.9 per cent. and 15.0 per cent. from the previous years, respectively.

The Nomura Group's electronic trading business revenues may decline

Electronic trading is essential for the Nomura Group's business in order to execute trades faster with fewer resources. Utilising these systems allows the Nomura Group to provide an efficient execution platform and on-line content and tools to its clients via exchanges or other automated trading facilities. Revenue from the Nomura Group's electronic trading, which includes trading commissions and bid-offer spreads from these services, are directly correlated with the number and size of the transactions in which the Nomura Group participates and would therefore decrease if there are financial market or economic changes that would cause its clients to trade less frequently or in a smaller amount. In addition, the use of electronic trading has increased across capital markets products and has put pressure on trading commissions and bid-offer spreads in the Nomura Group's industry due to the increased competition of its electronic trading business. Although trade volumes may increase due to the availability of electronic trading, this may not be sufficient to offset margin erosion in the Nomura Group's execution business, leading to a potential decline in revenue generated from this business. The Nomura Group continues to invest in developing technologies to provide an efficient trading platform; however, the Nomura Group may fail to maximise returns on these investments due to this increased pressure on lowering margins.

The Nomura Group may incur significant losses from its trading and investment activities

The Nomura Group maintains large trading and investment positions in fixed income, equity and other markets, both for proprietary purposes and for the purpose of facilitating its clients' trades. The Nomura Group's positions consist of various types of assets, including securities, derivatives transactions with equity, interest rate, currency, credit and other underlyings, as well as loans, reverse repurchase agreements and real estate. Fluctuations in the markets where these assets are traded can adversely affect the value of these assets. To the extent that the Nomura Group owns assets, or has long positions, a market downturn could result in losses if the value of these long positions decreases. Furthermore, to the extent that the Nomura Group has sold assets that it does not own, or has short positions, an upturn in prices of the assets could

expose it to potentially significant losses. Although the Nomura Group seeks to mitigate these position risks with a variety of hedging techniques, these market movements could result in it incurring losses. The Nomura Group may also incur losses if the financial system is overly stressed and the markets move in a way it has not anticipated.

The Nomura Group's businesses have been, and may continue to be, affected by changes in market volatility levels. Certain of the Nomura Group's trading businesses such as its engaged in trading and arbitrage opportunities depend on market volatility to generate revenues. Lower volatility may lead to a decrease in business opportunities which may affect the results of operations of these businesses. On the other hand, higher volatility, while it can increase trading volumes and spreads, also increases risk as measured by Value-at-Risk (**VaR**) and may expose the Nomura Group to higher risks in connection with the Nomura Group's market-making and proprietary businesses. Higher volatility can also cause the Nomura Group to reduce the outstanding positions or size of these businesses in order to avoid increasing its VaR.

Furthermore, the Nomura Group commits capital to take relatively large positions for underwriting or warehousing assets to facilitate certain capital market transactions. The Nomura Group also structures and takes positions in pilot funds for developing financial investment products and invests seed money to set up and support financial investment products. The Nomura Group may incur significant losses from these positions in the event of significant market fluctuations.

In addition, if the Nomura Group is the party providing collateral in a transaction, significant declines in the value of the collateral or a requirement to provide additional collateral due to a decline in its creditworthiness (by way of a lowered credit rating or otherwise) can increase its costs and reduce its profitability. On the other hand, if the Nomura Group is the party receiving collateral from its clients and counterparties, such declines may also affect its profitability due to decrease in client transactions. Assuming a one-notch and two-notch downgrade of the Nomura Group's credit ratings on 31 March 2016, absent other changes, the Nomura Group estimates that the aggregate fair value of assets that will be required to post as additional collateral in connection with its derivative contracts would have been approximately ¥24.9 billion and ¥46.2 billion, respectively.

Holding large and concentrated positions of securities and other assets may expose the Nomura Group to large losses

Holding large and concentrated positions of certain securities can expose the Nomura Group to large losses in its businesses such as market-making, block trading, underwriting, asset securitisation, acquiring newly issued convertible debt securities through third-party allotment or providing business solutions to meet clients' needs. The Nomura Group has committed substantial amounts of capital to these businesses. This often requires the Nomura Group to take large positions in the securities of a particular issuer or issuers in a particular industry, country or region. The Nomura Group generally has higher exposure to those issuers engaged in financial services businesses, including commercial banks, broker-dealers, clearing houses, exchanges and investment companies. There may also be cases where the Nomura Group holds relatively large amounts of securities by issuers in particular countries or regions due to the business it conducts with its clients or its counterparties. In addition, the Nomura Group may incur substantial losses due to market fluctuations on asset-backed securities such as residential mortgage-backed securities (**RMBS**) and commercial mortgage-backed securities (**CMBS**).

Extended market declines and decreases in market participants can reduce liquidity and lead to material losses

Extended market declines can reduce the level of market activity and the liquidity of the assets traded in those markets in which the Nomura Group operates. Market liquidity may also be affected by decreases in market participants that could occur, for example, if financial institutions scale back market-related businesses due to increasing regulation or other reasons. As a result, it may be difficult for the Nomura Group to sell, hedge or value such assets which the Nomura Group holds. Also, in the event that a market

fails in pricing such assets, it will be difficult to estimate their value. If the Nomura Group cannot properly close out or hedge its associated positions in a timely manner or in full, particularly with respect to Over-The-Counter (OTC) derivatives, it may incur substantial losses. Further, if the liquidity of a market significantly decreases and the market is unable to price financial instruments held by the Nomura Group, this could lead to unanticipated losses.

The Nomura Group's hedging strategies may not prevent losses

The Nomura Group uses a variety of financial instruments and strategies to hedge its exposure to various types of risk. If the Nomura Group's hedging strategies are not effective, the Nomura Group may incur losses. The Nomura Group bases many of its hedging strategies on historical trading patterns and correlations. For example, if the Nomura Group holds an asset, it may hedge this position by taking a position in another asset which has, historically, moved in a direction that would offset a change in value of the former asset. However, historical trading patterns and correlations may not continue, as seen in the case of past financial crises, and these hedging strategies may not be fully effective in mitigating the Nomura Group's risk exposure because it is exposed to all types of risk in a variety of market environments.

The Nomura Group's risk management policies and procedures may not be fully effective in managing market risk

The Nomura Group's policies and procedures to identify, monitor and manage risks may not be fully effective. Although some of the Nomura Group's methods of managing risk are based upon observed historical behaviour of market data, the movement of each data in future financial market may not be the same as was observed in the past. As a result, the Nomura Group may suffer large losses through unexpected future risk exposures. Other risk management methods that the Nomura Group uses also rely on its evaluation of information regarding markets, clients or other matters, which is publicly available or otherwise accessible by the Nomura Group. This information may not be accurate, complete, up-to-date or properly evaluated, and the Nomura Group may be unable to properly assess its risks, and thereby suffer large losses. Furthermore, certain factors, such as market volatility, may render the Nomura Group's risk evaluation model unsuitable for a new market environment. In such event, the Nomura Group may become unable to evaluate or otherwise manage its risks adequately.

Market risk may increase other risks that the Nomura Group faces

In addition to the potentially adverse effects on the Nomura Group's businesses described above, market risk could exacerbate other risks that the Nomura Group faces. For example, the risks inherent in financial instruments developed through financial engineering and innovation may be increased by market risk.

Also, if the Nomura Group incurs substantial trading losses caused by its exposure to market risk, its need for liquidity could rise sharply while its access to cash may be impaired as a result of market perception of its credit risk.

Furthermore, in a market downturn, the Nomura Group's clients and counterparties could incur substantial losses of their own, thereby weakening their financial condition and, as a result, increasing its credit risk exposure to them.

The Nomura Group may have to recognise impairment charges with regard to the amount of goodwill, tangible and intangible assets recognised on its consolidated balance sheets

The Nomura Group has purchased all or a part of the equity interests in, or operations from, certain other companies in order to pursue its business expansion, and expect to continue to do so when and as it deems appropriate. The Nomura Group accounts for certain of those and similar purchases and acquisitions as a business combination under U.S. GAAP by allocating its acquisition costs to the assets acquired and liabilities assumed and recognising the remaining amount as goodwill. The Nomura Group also possesses tangible and intangible assets other than those stated above.

The Nomura Group may have to recognise impairment charges, as well as other losses associated with subsequent transactions, with regard to the amount of goodwill, tangible and intangible assets and if recognised, such charges may adversely affect its financial condition and results of operations. For example, during the years ended 31 March 2014 and 31 March 2015 the Nomura Group recognised goodwill impairment charges of ¥2,840 million and ¥3,188 million, respectively.

Liquidity risk could impair the Nomura Group's ability to fund operations and jeopardise its financial condition

Liquidity, or having ready access to cash, is essential to the Nomura Group's business. The Nomura Group defines liquidity risk as the risk of losses arising from difficulty in securing the necessary funding or from a significantly higher cost of funding than normal levels due to deterioration of the Nomura Group's creditworthiness or deterioration in market conditions. In addition to maintaining a readily available cash position, the Nomura Group seeks to secure ample liquidity through repurchase agreements and securities lending transactions, long-term borrowings and the issuance of long-term debt securities, diversification of its short-term funding sources such as commercial paper, and by holding a portfolio of highly liquid assets. The Nomura Group bears the risk that it may lose liquidity under certain circumstances, including the following:

The Nomura Group may be unable to access unsecured or secured funding

The Nomura Group continuously accesses unsecured funding from issuance of securities in the short-term credit markets and debt capital markets as well as bank borrowings to finance its day-to-day operations, including refinancing. The Nomura Group also enters into repurchase agreements and securities lending transactions to raise secured funding for its trading businesses. An inability to access unsecured or secured funding or funding at significantly higher cost than normal levels could have a substantial negative effect on its liquidity. For example, lenders could refuse to extend the credit necessary for the Nomura Group to conduct its business based on their assessment of its long-term or short-term financial prospects if:

- the Nomura Group incurs large trading losses,
- the level of its business activity decreases due to a market downturn,
- regulatory authorities take significant action against it, or
- its credit rating is downgraded.

In addition to the above, the Nomura Group's ability to borrow in the debt capital markets could also be adversely impacted by factors that are not specific to the Nomura Group, such as reductions in banks' lending capacity, a severe disruption of the financial and credit markets, negative views about the general prospects for the investment banking, brokerage or financial services industries, or negative market perceptions of Japan's financial soundness.

The Nomura Group may be unable to sell assets

If the Nomura Group is unable to raise funds or if its liquidity declines significantly, it will need to liquidate assets or take other actions in order to meet its maturing liabilities. In volatile or uncertain market environments, overall market liquidity may decline. In a time of reduced market liquidity, the Nomura Group may be unable to sell some of its assets, or it may have to sell at depressed prices, which could adversely affect its results of operations and financial condition. The Nomura Group's ability to sell assets may also be adversely impacted by other market participants seeking to sell similar assets into the market at the same time.

Lowering of the Nomura Group's credit ratings could impact its funding

The Nomura Group's funding depends significantly on its credit ratings. Rating agencies may reduce or withdraw their ratings or place the Nomura Group on "credit watch" with negative implications. Future downgrades could increase the Nomura Group's funding costs and limit its funding. This, in turn, could adversely affect its result of operations and its financial condition. In addition, other factors which are not specific to the Nomura Group may impact its funding, such as negative market perceptions of Japan's financial soundness.

Event risk may cause losses in the Nomura Group's trading and investment assets as well as market and liquidity risk

Event risk refers to potential losses the Nomura Group may suffer through unpredictable events that cause large unexpected market price movements such as natural or man-made disasters, epidemics, acts of terrorism, armed conflicts or political instability, as well as adverse events specifically affecting the Nomura Group's business activities or counterparties. These events include not only significant events such as the terrorist attacks in the U.S. on 11 September 2001, U.S. subprime issues since 2007, the global financial and credit crisis in the autumn of 2008, the Great East Japan Earthquake in March 2011, fiscal problems in the U.S. and European countries which became apparent starting the same year, the political crisis in Ukraine which began in late 2013, the terrorist attacks in Paris in November 2015 and the terrorist attacks in Brussels in March 2016, but also more specifically the following types of events that could cause losses in the Nomura Group's trading and investment assets:

- sudden and significant reductions in credit ratings with regard to financial instruments held by the Nomura Group's trading and investment businesses by major rating agencies,
- sudden changes in trading, tax, accounting, regulatory requirements, laws and other related rules which may make the Nomura Group's trading strategy obsolete, less competitive or no longer viable, or
- an unexpected failure in a corporate transaction in which the Nomura Group participates resulting in its not receiving the consideration it should have received, as well as bankruptcy, deliberate acts of fraud, and administrative penalty with respect to the issuers of its trading and investment assets.

The Nomura Group may be exposed to losses when third parties that are indebted to it do not perform their obligations

The Nomura Group's counterparties are from time to time indebted to the Nomura Group as a result of transactions or contracts, including loans, commitments to lend, other contingent liabilities and derivative transactions.

The Nomura Group may incur material losses when its counterparties default or fail to perform on their obligations to it due to their filing for bankruptcy, a deterioration in their creditworthiness, lack of liquidity, operational failure, an economic or political event, repudiation of the transaction or for other reasons.

Credit risk may also arise from:

- holding securities issued by third parties, or
- the execution of securities, futures, currency or derivative transactions that fail to settle at the required time due to non-delivery by the counterparty, such as monoline insurers (financial guarantors) which are counterparties to credit default swaps or systems failure by clearing agents, exchanges, clearing houses or other financial infrastructure.

Issues related to third party credit risk may include the following:

Defaults by a large financial institution could adversely affect the financial markets generally and the Nomura Group specifically

The commercial soundness of many financial institutions is closely interrelated as a result of credit, trading, clearing or other relationships among the institutions. As a result, concern about the creditworthiness of or a default by, a certain financial institution could lead to significant liquidity problems or losses in, or defaults by, other financial institutions. This may adversely affect financial intermediaries, such as clearing agencies, clearing houses, banks, securities firms and exchanges, with which the Nomura Group interacts on a daily basis. Actual defaults, increases in perceived default risk and other similar events could arise in the future and could have an adverse effect on the financial markets and on the Nomura Group. The Nomura Group's funding operations may be adversely affected if major financial institutions, Japanese or otherwise, fail or experience severe liquidity or solvency problems.

There can be no assurance as to the accuracy of the information about, or the sufficiency of the collateral the Nomura Group uses in managing, its credit risk

The Nomura Group regularly reviews its credit exposure to specific clients or counterparties and to specific countries and regions that it believes may present credit concerns. Default risk, however, may arise from events or circumstances that are difficult to detect, such as account-rigging and fraud. The Nomura Group may also fail to receive full information with respect to the risks of a counterparty. In addition, in cases where the Nomura Group has extended credit against collateral, it may fall into a deficiency in value in the collateral if sudden declines in market values reduce the value of its collateral.

The Nomura Group's clients and counterparties may be unable to perform their obligations to the Nomura Group as a result of political or economic conditions

Country, regional and political risks are components of credit risk, as well as market risk. Political or economic pressures in a country or region, including those arising from local market disruptions or currency crises, may adversely affect the ability of clients or counterparties located in that country or region to obtain credit or foreign exchange, and therefore to perform their obligations owed to the Nomura Group.

The financial services industry faces intense competition

The Nomura Group's businesses are intensely competitive, and are expected to remain so. The Nomura Group competes on the basis of a number of factors, including transaction execution capability, its products and services, innovation, reputation and price. The Nomura Group has experienced intense price competition, particularly in brokerage, investment banking and other businesses.

Competition with commercial banks, commercial bank-owned securities subsidiaries and non-Japanese firms in the Japanese market is increasing

Since the late 1990s, the financial services sector in Japan has undergone deregulation. In accordance with the amendments to the Securities and Exchange Law of Japan (which has been renamed as the Financial Instruments and Exchange Act of Japan (**FIEA**) since 30 September 2007), effective from 1 December 2004, banks and certain other financial institutions became able to enter into the securities brokerage business. In addition, in accordance with the amendments to the FIEA effective from 1 June 2009, firewalls between commercial banks and securities firms were deregulated. Therefore, as the Nomura Group's competitors will be able to cooperate more closely with their affiliated commercial banks, banks and other types of financial services firms can compete with the Nomura Group to a greater degree than they could before deregulation in the areas of financing and investment trusts. Among others, securities subsidiaries of commercial banks and non-Japanese firms have been affecting the Nomura Group's market shares in the sales and trading, investment banking and retail businesses.

Increased consolidation, business alliance and cooperation in the financial services groups industry mean increased competition for the Nomura Group

There has been substantial consolidation and convergence among companies in the financial services industry. In particular, a number of large commercial banks and other broad-based large financial services groups have established or acquired broker-dealers or have consolidated with other financial institutions. Recently, these large financial services groups have been further developing business linkage within their respective groups in order to provide comprehensive financial services to clients. These financial services groups continue to offer a wide range of products, including loans, deposit-taking, insurance, brokerage, asset management and investment banking services within their group, which may enhance their competitive position compared with the Nomura Group. They also have the ability to supplement their investment banking and brokerage businesses with commercial banking and other financial services revenues in an effort to gain market share. In addition, the financial services industry has seen collaboration beyond the borders of businesses and industries, such as alliances between commercial banks and securities companies outside the framework of existing corporate groups and recent alliances with non-financial companies including emerging companies. The Nomura Group's competitiveness may be adversely affected if its competitors are able to expand their businesses and improve their profitability through such business alliances.

The Nomura Group's global business strategies may not result in the anticipated outcome due to competition with other financial services firms in international markets and the failure to realise the full benefit of management resource reallocation

The Nomura Group continues to believe there are significant opportunities in the international markets, but there is also significant competition associated with such opportunities. In order to take advantage of these opportunities, the Nomura Group will have to compete successfully with financial services firms based in important non-Japanese markets, including the U.S., Europe and Asia. Under such a competitive environment, as a means to bolster the Nomura Group's international operations, the Nomura Group acquired certain Lehman Brothers operations in Europe, the Middle East and Asia in 2008 and it has invested significant management resources to maintain and develop its operations in these regions and the U.S.. After the acquisition, however, market structures have changed drastically due to the scaling back of market-related businesses by European financial institutions and the monetary easing policies by central banks of each country, resulting in a decline in whole-market liquidity. In light of this challenging business environment, the Nomura Group has endeavoured to reallocate its management resources to optimise its global operations and thereby improve its profitability. For example, the Nomura Group announced strategic changes to its Wholesale businesses in EMEA and the Americas in April 2016, in order to reallocate resources towards its areas of expertise and most profitable business lines. However, failure to realise the full benefits of these efforts may adversely affect the Nomura Group's global businesses, financial condition and results of operations.

The Nomura Group's business is subject to substantial legal, regulatory and reputational risks

Substantial legal liability or a significant regulatory action against the Nomura Group could have a material financial effect on the Nomura Group or cause reputational harm to it, which in turn could adversely affect its business prospects, financial condition and results of operations. Also, material changes in regulations applicable to the Nomura Group or to the markets in which the Nomura Group operates could adversely affect its business.

The Nomura Group's exposure to legal liability is significant

The Nomura Group faces significant legal risks in its businesses. These risks include liability under securities or other laws in connection with securities underwriting and offering transactions, liability arising from the purchase or sale of any securities or other financial products, disputes over the terms and conditions

of complex trading arrangements or the validity of contracts for the Nomura Group's transactions, disputes with its business alliance partners and legal claims concerning its other businesses.

During a prolonged market downturn or upon the occurrence of an event that adversely affects the market, the Nomura Group would expect claims against it to increase. The Nomura Group may also face significant litigation. The cost of defending such litigation may be substantial and the Nomura Group's involvement in litigation may damage its reputation. In addition, even legal transactions might be subject to adverse public reaction according to the particular details of such transactions. These risks may be difficult to assess or quantify and their existence and magnitude may remain unknown for substantial periods of time.

Extensive regulation of the Nomura Group's businesses limits its activities and may subject the Nomura Group to significant penalties and losses

The financial services industry is subject to extensive regulation. The Nomura Group is subject to increasing regulation by governmental and self-regulatory organisations in Japan and in virtually all other jurisdictions in which it operates, and such governmental and regulatory scrutiny may increase as its operations expand or as laws change. In addition, while regulatory complexities increase, possibilities of extra-territorial application of a regulation in one jurisdiction to business activities outside of such jurisdiction may also increase. These regulations are broadly designed to ensure the stability of financial systems and the integrity of the financial markets and financial institutions, and to protect clients and other third parties who deal with the Nomura Group, and often limit its activities and/or affect its profitability, through net capital, client protection and market conduct requirements. In addition, on top of traditional finance-related legislation, the scope of laws and regulations applying to, and/or impacting on, the Nomura Group's operations may become wider depending on the situation of the wider international political and economic environment or policy approaches taken by governmental authorities in respect of regulatory application or law enforcement. Although the Nomura Group has policies in place to prevent violations of such laws and regulations, it may not always be able to prevent violations, and it could be fined, prohibited from engaging in some of its business activities, ordered to improve its internal governance procedures or be subject to revocation of its license to conduct business. The Nomura Group's reputation could also suffer from the adverse publicity that any administrative or judicial sanction against it may create, which may negatively affect the Nomura Group's business opportunities and ability to secure human resources. As a result of any such sanction, the Nomura Group may lose business opportunities for a period of time, even after the sanction is lifted, if and to the extent that its clients, especially public institutions, decide not to engage it for their financial transactions. In addition, certain market participants may refrain from investing in or entering into transactions with the Nomura Group if the Nomura Group engages in business activities in regions subject to international sanctions, even if the Nomura Group's activities do not constitute violations of sanctions laws and regulations.

Tightening of regulations applicable to the financial system and financial industry could adversely affect the Nomura Group's business, financial condition and results of operations

If regulations that apply to the Nomura Group's businesses are introduced, modified or removed, the Nomura Group could be adversely affected directly or through resulting changes in market conditions. The impact of such developments could make it economically unreasonable for the Nomura Group to continue to conduct all or certain of its businesses, or could cause it to incur significant costs to adjust to such changes.

In particular, various reforms to financial regulatory frameworks, including the Dodd-Frank Wall Street Reform and Consumer Protection Act (the **Dodd-Frank Act**) in the U.S. and various proposals to strengthen financial regulation in the European Union and the United Kingdom (the **U.K.**), have been put in place. The exact details of the implementation of these proposals and its impact on the Nomura Group will depend on the final regulations as they become ultimately adopted by various governmental agencies and oversight boards.

New regulations or revisions to existing regulations relating to accounting standards, regulatory capital adequacy ratios, liquidity ratios and leverage ratios applicable to the Nomura Group could also have a material adverse effect on its business, financial condition and results of operations. Such new regulations or revisions to existing regulations include the so-called Basel III package formulated by the Basel Committee on Banking Supervision (the **Basel Committee**), some rules of which are still to be finalised and/or implemented. These changes in regulations may require the Nomura Group to liquidate financial instruments and other assets, raise additional capital or otherwise restrict its business activities in a manner that could increase its funding costs or could otherwise adversely affect its operating or financing activities or the interests of its shareholders. Furthermore, the Financial Stability Board (**FSB**) and the Basel Committee annually update the list of global systemically important banks (**G-SIBs**) identified by financial regulators and additional regulatory capital requirements imposed on those G-SIBs. Additionally, G-20 Finance Ministers and Central Bank Governors requested the FSB and the Basel Committee to expand the G-SIB framework to domestic systemically important banks (**D-SIBs**), and in October 2012, the Basel Committee developed and published a set of principles on the assessment methodology and higher loss absorbency requirements for D-SIBs. In December 2015, the Financial Services Agency of Japan (**FSA**) identified the Nomura Group as a D-SIB and imposed a surcharge of 0.5% on its required capital ratio after March 2016 over a 3-year transitional period. This may result in additional costs and impact on the Nomura Group as described above.

Deferred tax assets may be impacted due to a change in business condition or in laws and regulations, resulting in an adverse effect on the Nomura Group's operating results and financial condition.

The Nomura Group recognises deferred tax assets in its consolidated balance sheets as a possible benefit of tax relief in the future. If the Nomura Group experiences or forecasts future operating losses, if tax laws or enacted tax rates in the relevant tax jurisdictions in which it operates change, or if there is a change in accounting standards in the future, it may reduce the deferred tax assets recognised in its consolidated balance sheets. As a result, it could adversely affect the Nomura Group's financial condition and results of operations.

Misconduct or fraud by an employee, director or officer, or any third party, could occur, and the Nomura Group's reputation in the market and its relationships with clients could be harmed

The Nomura Group faces the risk that misconduct by an employee, director or officer, or any third party, could occur which may adversely affect its business. Misconduct by an employee, director or officer can include, for example, entering into transactions in excess of authorised limits, acceptance of risks that exceed the Nomura Group's limits, or concealment of unauthorised or unsuccessful activities. The misconduct could also involve the improper use or disclosure of the Nomura Group's or its clients' non-public information, such as insider trading and the recommendation of trades based on such information, and other financial crimes, which could result in regulatory sanctions, legal liability and serious reputational or financial damage to it.

In August 2012, Nomura Securities Co., Ltd. (**NSC**), NHI's subsidiary, received a business improvement order from the FSA with respect to flaws recognised in connection with the management of entity-related information for public stock offerings. In response to the order, NSC has implemented and completed a series of improvement measures as of December 2012.

Although the Nomura Group has precautions in place to detect and prevent such misconduct in the future, the measures it implements may not be effective in all cases, and it may not always be able to detect or deter misconduct by an employee, director or officer. If any administrative or judicial sanction is issued against the Nomura Group as a result of such misconduct, it may lose business opportunities for a period of time, even after the sanction is lifted, if and to the extent that the Nomura Group's clients, especially public institutions, decide not to engage it for their financial transactions.

Third parties may also engage in fraudulent activities, including devising a fraudulent scheme to induce the Nomura Group's investment, loans, guarantee or any other form of financial commitment, both direct and indirect. Because of the broad range of businesses that the Nomura Group engages in and the large number of third parties with whom the Nomura Group deals in its day-to-day business operations, such fraud or any other misconduct may be difficult to prevent or detect.

The Nomura Group may not be able to recover the financial losses caused by such activities and its reputation may also be damaged by such activities.

A failure to identify and address conflicts of interest appropriately could adversely affect the Nomura Group's businesses

The Nomura Group is a global financial institution providing a wide range of products and services to a diverse group of clients, including individuals, corporations, other financial institutions and governmental institutions. As such, the Nomura Group faces potential conflicts of interest in the ordinary course of its business. Conflicts of interests can occur when the Nomura Group's services to a particular client conflict or compete, or are perceived to conflict or compete, with its own interests. In addition, where non-public information is not appropriately restricted or shared within the firm, with regard to the many transactions within the Nomura Group, conflicts of interest can also occur where a group company transaction and/or a transaction with another client conflicts or competes with, or is perceived to conflict or compete with, a transaction with a particular client. While the Nomura Group has extensive internal procedures and controls designed to identify and address conflicts of interest, a failure, or a perceived failure, to identify, disclose and appropriately address conflicts could adversely affect its reputation and the willingness of current or potential clients to do business with it. In addition, conflicts of interest could give rise to regulatory actions or litigation.

The Nomura Group's business is subject to various operational risks

The Nomura Group classifies and defines operational risk as the risk of loss resulting from inadequate or failed internal processes, people, and systems or from external events. It excludes strategic risk (the risk of loss as a result of poor strategic business decisions), but includes the risk of breach of legal and regulatory requirements, and the risk of damage to the Nomura Group's reputation if caused by an operational risk. Types of operational risk may include the following, each of which could result in financial losses, disruption in the Nomura Group's business, litigation from third parties, regulatory/supervisory actions, restrictions or penalties, and/or damage to its reputation:

- failure to execute, confirm or settle securities transactions,
- failure by the Nomura Group's officers or employees to perform proper administrative activities prescribed in its regular procedures, such as placing erroneous orders to securities exchanges,
- the destruction of or damage to the Nomura Group's facilities or systems, or other impairment of its ability to conduct business, arising from the impacts of disasters or acts of terrorism which are beyond its anticipation and the scope of its contingency plan,
- the disruption of the Nomura Group's business due to communicable diseases, or
- suspension or malfunction of internal or third party systems, or unauthorised access, misuse, computer viruses and cyber-attacks affecting such systems.

The Nomura Group's businesses rely on secure processing, storage, transmission and reception of personal, confidential and proprietary information on its systems. The Nomura Group may become the target of attempted unauthorised access, computer viruses or malware, and other cyber-attacks designed to access and obtain information on its systems or to disrupt and cause other damage to its services. Although these threats

may originate from human error or technological failure, they may also originate from the malice or fraud of internal parties, such as employees, or third parties, including foreign non-state actors and extremist parties. Additionally, the Nomura Group could also be adversely impacted if any of the third-party vendors, exchanges, clearing houses or other financial institutions to which the Nomura Group is interconnected are subject to cyber-attacks or other informational security breaches. Such events could cause interruptions to the Nomura Group's systems, reputational damage, client dissatisfaction, legal liability, enforcement actions or additional costs, any and all of which could adversely affect its financial condition and operations.

While the Nomura Group continues to devote significant resources to monitor and update its systems and implement information security measures to protect its systems, there can be no assurance that any controls and procedures the Nomura Group has in place will be sufficient to protect it from future security breaches. As cyber threats are continually evolving, the Nomura Group's controls and procedures may become inadequate and the Nomura Group may be required to devote additional resources to modify or enhance its systems in the future.

Unauthorised disclosure of personal information held by the Nomura Group may adversely affect its business

The Nomura Group keeps and manages personal information obtained from clients in connection with its business. In recent years, there have been many reported cases of personal information and records in the possession of corporations and institutions being improperly accessed or disclosed.

Although the Nomura Group exercises care in protecting the confidentiality of personal information and takes steps to safeguard such information in compliance with applicable laws, rules and regulations, if any material unauthorised disclosure of personal information does occur, its business could be adversely affected in a number of ways. For example, the Nomura Group could be subject to complaints and lawsuits for damages from clients if they are adversely affected as a result of the release of their personal information (including leakage of information by external service providers). In addition, the Nomura Group could incur additional expenses associated with changing its security systems, either voluntarily or in response to administrative guidance or other regulatory initiatives. Any damage to the Nomura Group's reputation caused by such unauthorised disclosure could lead to a decline in new clients and/or a loss of existing clients, as well as to increased costs and expenses incurred for public relations campaigns designed to prevent or mitigate damage to its corporate or brand image or reputation.

NHI is a holding company and depends on payments from subsidiaries

NHI depends on dividends, distributions and other payments from subsidiaries to make payments on NHI's obligations. Regulatory and other legal restrictions, such as those under the Companies Act of Japan (the **Companies Act**), may limit NHI's ability to transfer funds freely, either to or from NHI's subsidiaries. In particular, many of NHI's subsidiaries, including NHI's broker-dealer subsidiaries, are subject to laws and regulations, including regulatory capital requirements, that authorise regulatory bodies to block or reduce the flow of funds to the parent holding company, or that prohibit such transfers altogether in certain circumstances. For example, NSC, Nomura Securities International, Inc., Nomura International plc and Nomura International (Hong Kong) Limited, the Nomura Group's main broker-dealer subsidiaries, are subject to regulatory capital requirements that could limit the transfer of funds to NHI. These laws and regulations may hinder NHI's ability to access funds needed to make payments on NHI's obligations.

The Nomura Group may not be able to realise gains it expects, and may even suffer losses, on its investments in equity securities and non-trading debt securities

The Nomura Group holds substantial investments in equity securities and non-trading debt securities. Under U.S. GAAP, depending on market conditions, the Nomura Group may recognise significant unrealised gains or losses on its investments in equity securities and debt securities, which could have an adverse impact on its financial condition and results of operations. Depending on the conditions of the markets, the Nomura

Group may also not be able to dispose of these equity securities and debt securities when it would like to do so, as quickly as it may wish or at the desired price.

Equity investments in affiliates and other investees accounted for under the equity method in the Nomura Group's consolidated financial statements may decline significantly over a period of time and result in it incurring impairment losses

The Nomura Group has affiliates and investees accounted for under the equity method in its consolidated financial statements and whose shares are publicly traded. Under U.S. GAAP, if there is a decline in the fair value, i.e., the market price, of the shares the Nomura Group holds in such affiliates over a period of time, and it determines that the decline is other-than-temporary, then it recognises an impairment loss for the applicable fiscal period which may have an adverse effect on its financial condition and results of operations.

The Nomura Group may face an outflow of clients' assets due to losses of cash reserve funds or debt securities it offers

The Nomura Group offers many types of products to meet various needs of its clients with different risk profiles. Cash reserve funds, such as money market funds and money reserve funds are categorised as low risk financial products. As a result of a sudden rise in interest rates, such cash reserve funds may fall below par value due to losses resulting from price decreases of debt securities in the portfolio, defaults of debt securities in the portfolio or charges of negative interest. If the Nomura Group determines that a stable return cannot be achieved from the investment performance of cash reserve funds, the Nomura Group may accelerate the redemption of, or impose a deposit limit on, such cash reserve funds. For example, Nomura Asset Management Co., Ltd., NHI's subsidiary, announced accelerated redemption of money market funds in June 2016. In addition, debt securities that the Nomura Group offers may default or experience delays in the payment of interest and/or principal. Such losses, early redemption or deposit limit for the products the Nomura Group offers may result in the loss of client confidence and lead to an outflow of client assets from its custody or preclude it from increasing such client assets.

Factors which are material for the purpose of assessing the market risks associated with Securities issued under the Programme

Current Market

Investors should be aware of the prevailing and widely reported global credit market conditions (which continue at the date of this Base Prospectus), whereby there is a general lack of liquidity in the secondary market for instruments similar to the Securities. Such lack of liquidity may result in investors suffering losses on the Securities in secondary market sales even if there is no decline in the performance of the applicable Reference Items or the creditworthiness of the Issuer and/or the Nomura Group. The Issuer cannot predict when these circumstances will change and whether, if and when they do change, there will be a more liquid market for the Securities at that time.

Certain countries in Europe currently have large sovereign debts and/or fiscal deficits and this has led to uncertainties in the markets as to whether or not the governments of those countries will be able pay in full and on time the amounts due in respect of those debts. These concerns have led to significant spikes in secondary market yields for sovereign debt of the affected countries (especially Greece, Spain, Portugal, Ireland and, to a lesser extent, Italy) and also to significant exchange rate volatility, especially with respect to the Euro. Further, the continued concern about the fiscal positions of the governments of the affected countries has also raised concerns regarding the exposures of banks to such countries, especially banks domiciled within Europe. These concerns may lead to such banks being unable to obtain funding in the interbank market, which may cause such banks to suffer liquidity stress and potentially insolvency. As at the date of this Base Prospectus, there has not been a recurrence of the inter-bank funding dislocations experienced in 2008. However, if the current concerns over sovereign and bank solvency continue, there is a danger that interbank funding may become generally unavailable or available to most banks only at elevated

interest rates. If this were to happen, investors may suffer market value and/or credit losses in respect of the Securities.

Rule 144A Securities Transfer Restrictions

Issue and transfers of Securities to purchasers that intend to hold their Securities through a Rule 144A Global Security may be made only to or through a U.S. broker-dealer to purchasers (i) that have executed and delivered to the Issuer an Investor Representation Letter pursuant to which such purchaser must certify, among other things, that such purchaser is a QIB who is also a QP. A transfer or attempted transfer of any Rule 144A Global Security which does not comply with the applicable transfer restrictions shall be absolutely null and void *ab initio* and shall vest no rights in the purported transferee.

Risks relating to Securities generally

Securities are Unsecured Obligations

The Securities are direct, unconditional, unsubordinated and (subject, in the case of N&C Securities only, to the provisions of the applicable negative pledge provisions) unsecured obligations of the Issuer and rank *pari passu* and without prejudice among themselves and (subject as aforesaid and save for such exceptions as may be provided by applicable legislation) at least equally with all other unsecured and unsubordinated obligations of the Issuer, from time to time outstanding.

In the case of Guaranteed Securities, the Issuer's payment and/or delivery obligations will be unconditionally and irrevocably guaranteed by the Guarantor under the Guarantee. The obligations of the Guarantor under the Guarantee constitute direct, unconditional, unsubordinated and (subject, in the case of Guaranteed N&C Securities only, to the applicable negative pledge provisions) unsecured obligations of the Guarantor and shall (subject as aforesaid and save for obligations in respect of national and local taxes and certain other statutory exceptions) at all times rank at least equally with all other present and future unsecured and unsubordinated debt of the Guarantor.

Market Disruption Event and Disrupted Day

If an issue of Securities includes provisions dealing with the occurrence of a market disruption event or a failure to open of an exchange or related exchange on a Valuation Date, an Averaging Date or a Pricing Date and the Calculation Agent determines that a market disruption event or such failure has occurred or exists on a Valuation Date, an Averaging Date or a Pricing Date, any consequential postponement of the Valuation Date, Averaging Date or a Pricing Date or any alternative provisions for valuation provided in any Securities may have an adverse effect on the value of such Securities.

Settlement Disruption Event and Failure to Deliver due to Illiquidity

In the case of Physical Delivery Securities (other than Credit Linked Securities), if a Settlement Disruption Event occurs or exists on the Maturity Delivery Date (in the case of N&C Securities) or Settlement Date (in the case of W&C Securities), settlement will be postponed until the next date on which no Settlement Disruption Event occurs. The Issuer in these circumstances also has the right to pay the Disruption Cash Redemption Price in lieu of delivering the Entitlement. Such a determination may have an adverse effect on the value of the relevant Securities. In addition if "Failure to Deliver due to Illiquidity" is specified as applying in the applicable Final Terms, and in the opinion of the Calculation Agent it is impossible or impracticable to deliver some or all of the Relevant Assets comprising the Entitlement when due as a result of illiquidity in the market for the Relevant Assets, the Issuer has the right to pay the Failure to Deliver Settlement Price in lieu of delivering those Relevant Assets.

In the case of Physical Delivery Securities which are Credit Linked Securities, if all or some of the Deliverable Obligations included in the Entitlement are Undeliverable Obligations and/or Hedge Disruption Obligations, then the Issuer shall continue to attempt to Deliver all or a portion of such Undeliverable

Obligations or Hedge Disruption Obligations, as the case may be, on or before the final delivery date (being the 30th Business Day following the Credit Settlement Date or such earlier date as determined by the Calculation Agent by reference to any relevant date of settlement in respect of the Hedging Arrangements (if any)), failing which the Issuer shall give notice to the Securityholders and shall pay in respect of each Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, the Partial Cash Settlement Amount on the Partial Cash Settlement Date.

Adjustments and Early Redemption or Cancellation

The Calculation Agent may be entitled to make adjustments to the Conditions of the Securities following the occurrence of certain events, as described in the Conditions and/or, in the case of Exempt Securities only, the applicable Final Terms. Such adjustment may have an adverse impact on the value of the Securities. Any such discretion exercised by, or any calculation made by the Calculation Agent (in the absence of manifest error) shall be binding.

The Issuer may also be entitled to early redeem or cancel the Securities before the scheduled maturity or settlement. It is possible that the Issuer may redeem or cancel the Securities at a time which causes the Securityholder to suffer a loss. The Issuer may be entitled to redeem or cancel the Securities early for reasons related to the Issuer's hedging positions relating to the Securities or on account of certain tax-related, regulatory or other events. In addition, the Final Terms or applicable Annex to the Conditions may provide that the Issuer may redeem the Securities early if certain specified events occur (for example if the closing values of the Reference Item during the term of the Securities is below, at or above a certain level) (all as specified in the Final Terms or applicable Annex to the Conditions). In any such case, the investor may obtain a lower return on the Securities than it would have had the Securities not been early redeemed or cancelled, and such return could be as low as zero.

Expenses

Securityholders of Physical Delivery Securities must pay all Expenses (in the case of Physical Delivery N&C Securities) or Exercise Expenses (in the case of Physical Delivery W&C Securities) relating to such Physical Delivery Securities. As used in the Terms and Conditions, **Expenses** includes all taxes, duties and/or expenses including any depositary charges, transaction charges, stamp duty, stamp duty reserve tax, issue, registration, securities transfer and/or other taxes or duties (together with any interest, additions to tax or penalties applicable thereto and any interest in respect of such additions or penalties) which may be or would be, or would have been incurred (i) in connection with the redemption of the N&C Securities and or the delivery or transfer of any Entitlement in respect thereof, and (ii) by the Issuer or any Affiliate had such entity unwound or varied any underlying related hedging arrangements in respect of the N&C Securities; and **Exercise Expenses** includes all taxes, duties and/or expenses including any depositary charges, transaction or exercise charges, stamp duty, stamp duty reserve tax, issue, registration, securities transfer and or other taxes and duties (together with any interest, additions to tax or penalties applicable thereto and any interest in respect of such additions or penalties) which may be or would be, or would have been incurred (i) in connection with the exercise of the W&C Securities and/or any payment and/or delivery or transfer of the Entitlement in respect thereof, and (ii) by the Issuer or any Affiliate had such entity unwound or varied any underlying hedging arrangements in respect of the W&C Securities.

No claim against any Reference Item

A Security will not represent a claim against any Reference Item and, in the event of any loss, a Securityholder will not have recourse under a Security to any Reference Item.

Modification and Waivers

The relevant Conditions provide that the relevant Agent and the Issuer may, without the consent of Securityholders, agree to (i) any modification (subject to certain specific exceptions) of the Securities or the

Agency Agreement which is not, in the sole opinion of the Issuer, materially prejudicial to the interests of the Securityholders or (ii) any modification of the Securities or the Agency Agreement which is of a formal, minor or technical nature or is made to correct a manifest or proven error or to comply with mandatory provisions of law. The Conditions also provide that the Calculation Agent shall be free to modify the methodology described in the Conditions from time to time as it deems appropriate in response to any market, regulatory, juridical, fiscal or other circumstances which may arise which, in the opinion of the Calculation Agent, necessitates a modification or change of such methodology, or for the purposes of (i) curing any ambiguity or correcting or supplementing any provision of the Conditions, (ii) accounting for any change in the basis on which any relevant values, levels or information is calculated or provided which would materially change the commercial effect of any provision or provisions of the Conditions or (iii) replacing any information provider or source.

Meetings of Securityholders

The relevant Conditions contain provisions for calling meetings of Securityholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Securityholders including Securityholders who did not attend and vote at the relevant meeting and Securityholders who voted in a manner contrary to the majority.

Hedging and other Potential Conflicts of Interest

The Issuer, the Guarantor and/or any of their respective Affiliates or agents may engage in activities that may result in conflicts of interests between their and their respective Affiliates' or agents' financial interests on the one hand and the interests of the Securityholders on the other hand. The Issuer, the Guarantor and/or any of their respective Affiliates or agents may also engage in trading activities (including hedging activities) related to the Reference Item(s) underlying any Securities and other instruments or derivative products based on or related to the Reference Item(s) underlying any Security for their proprietary accounts or for other accounts under their management. The Issuer, the Guarantor and/or any of the Guarantor's Affiliates or agents may also issue other derivative instruments in respect of the Reference Item(s) underlying Securities. The Issuer, the Guarantor and/or any of the Guarantor's Affiliates or agents may also act as underwriter in connection with future offerings of shares or other securities related to an issue of Securities or may act as financial adviser to certain companies, companies whose shares are included in a basket of shares, a company which is a reference entity, or in a commercial banking capacity for any such companies. Such activities could present certain conflicts of interest, could influence the prices of such shares or other securities and could adversely affect the value of such Securities. The Issuer also may enter into arrangements with Affiliates or agents to hedge market risks associated with its obligations under the Securities. Any such Affiliate or agent would expect to make a profit in connection with such arrangements. The Issuer might not seek competitive bids for such arrangements from unaffiliated parties.

Where the Securities are offered through a distributor(s) or via an introducing broker, such distributor(s) or introducing broker may act pursuant to a mandate granted by the Issuer or Dealer and may receive fees on the basis of the services performed and the outcome of the placement of the Securities. In this case, potential conflicts of interest could arise.

In the case of Exempt Securities only, additional risk factors relating to additional conflicts of interest with respect to such Securities may be specified in the applicable Final Terms.

In addition, unless otherwise specified in the applicable Final Terms (in the case of Exempt Securities), the Calculation Agent is an Affiliate of the Issuer and the Guarantor and in such capacity may make certain determinations and calculate amounts payable or deliverable to Securityholders. Under certain circumstances, the Calculation Agent as an Affiliate of the Issuer or the Guarantor and its responsibilities as Calculation Agent for the Securities could give rise to potential conflicts of interest between the Calculation Agent and the Securityholders. In performing its services in relation to the Securities, the Calculation Agent may in certain circumstances have a wide discretion and does not, in any case, act on behalf of, or accept any

duty of care or fiduciary duty to any Securityholder or, except as required by law, any other person. Subject to regulatory obligations, the Calculation Agent will pursue actions and take steps that it deems necessary or appropriate in accordance with the Terms and Conditions of the Securities without regard to the consequences for Securityholders. The Calculation Agent may at any time be in possession of information in relation to the Securities which may not be available to Securityholders. There is no obligation on the Calculation Agent to disclose such information to Securityholders.

Distributor(s)/Introducing Broker Fees

Investors should note that, in certain circumstances immediately following the issue of the Securities, the secondary market price of the Securities may be less than the Issue Price and/or the Offer Price for a number of reasons which may include the fact that the Issue Price and/or the Offer Price included fees or commissions, including fees to be paid to distributor(s) and/or introducing brokers.

Physical Delivery Requirements and Settlement Risk

Physical Delivery will apply to Exempt Securities only.

Unless some other procedure is specified in the applicable Final Terms, in order to receive the Entitlement in respect of a Physical Delivery N&C Security, the holder of such N&C Security must (1) duly deliver a duly completed Asset Transfer Notice (or other similar notice as may be specified in the applicable Final Terms) on or prior to the relevant time on the Cut-Off Date and (2) pay the relevant Expenses.

Unless some other procedure is specified in the applicable Final Terms, in order to receive the Entitlement in respect of a Physical Delivery W&C Security, the holder of such W&C Security must (1) deliver or send to the relevant Agent a duly completed Collection Notice (or other similar notice as may be specified in the applicable Final Terms) on or prior to the relevant time on the Expiration Date and (2) pay the relevant Exercise Expenses.

Unless specified otherwise in the applicable Final Terms, the Issuer has an option to vary settlement in respect of the Securities. If exercised by the Issuer, this option will lead to Physical Delivery Securities being cash settled or Cash Settled Securities being physically settled. Exercise of such option may affect the value of the Securities.

Illegality of Securities

If the Issuer determines that the performance of either its obligations under the Securities or (in the case of Guaranteed Securities) the obligations of the Guarantor under the Guarantee has or will become illegal in whole or in part for any reason, the Issuer may redeem or cancel the Securities, as applicable.

If, in the case of illegality and to the extent permitted by applicable law, the Issuer redeems or cancels the Securities, then the Issuer will, in the case of N&C Securities, redeem each N&C Security at the Early Redemption Amount together, except in the case of Conditional Interest N&C Securities, (where applicable) with interest accrued to (but excluding) the date of redemption, or in the case of W&C Securities, cancel each W&C Security and the Early Cancellation Amount together (if appropriate) with Additional Amounts accrued to (but excluding) the date of cancellation which may be less than the purchase price of the Securities and may in certain circumstances be zero.

Proposed Financial Transactions Tax may affect payments on the Securities

On 14 February 2013, the European Commission issued proposals, including a draft Directive (the **Commission's Proposal**) for a financial transaction tax (FTT) to be adopted in certain participating EU member states (including Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia), although Estonia has since stated that it will not participate. If the Commission's Proposal was adopted, the FTT would be a tax primarily on "financial institutions" (which could include the

Issuer) in relation to "financial transactions" (which would include the conclusion or modification of derivative contracts and the purchase and sale of financial instruments).

Under the Commission's Proposal, the FTT could apply in certain circumstances to persons both within and outside of the participating member states. Generally, it would apply where at least one party is a financial institution, and at least one party is established in a participating member state. A financial institution may be, or be deemed to be, "established" in a participating member state in a broad range of circumstances, including (a) by transacting with a person established in a participating member state or (b) where the financial instrument which is subject to the financial transaction is issued in a participating member state.

The FTT may give rise to tax liabilities for the Issuer with respect to certain transactions if it is adopted based on the Commission's Proposal. Examples of such transactions are the conclusion of a derivative contract in the context of the Issuer's hedging arrangements or the purchase or sale of securities (such as charged assets) or the exercise/settlement of a warrant. Any such tax liabilities may reduce amounts available to the Issuer to meet its obligations under the Securities and may result in investors receiving less than expected. It should also be noted that the FTT could be payable in relation to relevant transactions by investors in respect of the Securities (including secondary market transactions) if the conditions for a charge to arise are satisfied and the FTT is adopted based on the Commission's Proposal. Primary market transactions referred to in Article 5(c) of Regulation EC No 1287/2006 are expected to be exempt. There is however some uncertainty in relation to the intended scope of this exemption for certain money market instruments and structured issues.

However, the FTT proposal remains subject to negotiation between participating member states. It may therefore be altered prior to implementation, the timing of which remains unclear. Additional EU member states may decide to participate. Prospective holders of the Securities are advised to seek their own professional advice in relation to the FTT.

Foreign Account Tax Compliance Act withholding may affect payments on the Securities

Whilst the Securities are cleared through Euroclear and Clearstream, Luxembourg (together, the **ICSDs**), Euroclear Sweden AB or SIX SIS Ltd., in all but the most remote circumstances, it is not expected that the new reporting regime and potential withholding tax imposed by sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 (**FATCA**) will affect the amount of any payment received by the ICSDs, Euroclear Sweden AB or SIX SIS Ltd. (see "*Taxation – Foreign Account Tax Compliance Act*"). However, FATCA may affect payments made to custodians or intermediaries in the subsequent payment chain leading to the ultimate investor if any such custodian or intermediary generally is unable to receive payments free of FATCA withholding. It also may affect payment to any ultimate investor that is a financial institution that is not entitled to receive payments free of withholding under FATCA, or an ultimate investor that fails to provide its broker (or other custodian or intermediary from which it receives payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA withholding. Investors should choose the custodians or intermediaries with care (to ensure each is compliant with FATCA or other laws or agreements related to FATCA) and provide each custodian or intermediary with any information, forms, other documentation or consents that may be necessary for such custodian or intermediary to make a payment free of FATCA withholding. The Issuer's obligations under the Securities are discharged once it has made payment to, or to the order of, the ICSDs, Euroclear Sweden AB or SIX SIS Ltd., and the Issuer has therefore no responsibility for any amount thereafter transmitted through the ICSDs, Euroclear Sweden AB or SIX SIS Ltd., and custodians or intermediaries. Further, foreign financial institutions in a jurisdiction which has entered into an intergovernmental agreement with the United States (an **IGA**) are generally not expected to be required to withhold under FATCA or an IGA (or any law implementing an IGA) from payments they make.

Hiring Incentives to Restore Employment Act withholding may affect payments on the Securities

The U.S. Hiring Incentives to Restore Employment Act imposes a 30 per cent. withholding tax on amounts attributable to U.S. source dividends that are paid or "deemed paid" under certain financial instruments if certain conditions are met. If the Issuer or any withholding agent determines that withholding is required, neither the Issuer nor any withholding agent will be required to pay any additional amounts with respect to amounts so withheld. Prospective investors should refer to the section "*Taxation – Hiring Incentives to Restore Employment Act*".

Change in law

The terms of the Conditions are based on English law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of this Base Prospectus.

Reform of LIBOR and EURIBOR and regulation of other "benchmarks"

The London Inter-Bank Offered Rate (**LIBOR**), the Euro Interbank Offered Rate (**EURIBOR**) and other rates and indices which are deemed to be "benchmarks" are the subject of recent national, international and other regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Securities linked to such a "benchmark".

Key international proposals for reform of "benchmarks" include (i) IOSCO's *Principles for Oil Price Reporting Agencies* (October 2012) and *Principles for Financial Market Benchmarks* (July 2013) (the **IOSCO Benchmark Principles**), (ii) ESMA-EBA's *Principles for the benchmark-setting process* (June 2013) and (iii) the EU *Regulation on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds*, which was published in June 2016, most of provisions of which will become effective in 2018 (the **Benchmark Regulation**).

The IOSCO Benchmark Principles aim to create an overarching framework of principles for benchmarks to be used in financial markets, specifically covering governance and accountability as well as the quality and transparency of benchmark design and methodologies. A review published by IOSCO in February 2015 of the status of the voluntary market adoption of the IOSCO Benchmark Principles noted that, as the benchmarks industry is in a state of change, further steps may need to be taken by IOSCO in the future, but that it is too early to determine what those steps should be. The review noted that there has been a significant market reaction to the publication of the IOSCO Benchmark Principles, with widespread efforts being made to implement the IOSCO Benchmark Principles by the majority of administrators surveyed.

The Benchmark Regulation will apply to "contributors", "administrators" and "users" of "benchmarks" in the EU, and will, among other things, (i) require benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised) and to comply with extensive requirements in relation to the administration of "benchmarks" (or, if non EU based, to be subject to equivalent requirements) and (ii) prevent certain uses by EU supervised entities of "benchmarks" of unauthorised administrators. The scope of the Benchmark Regulation is wide and, in addition to so-called "critical benchmark" indices, could also potentially apply to many interest rate and foreign exchange rate indices, equity indices and other indices (including "proprietary" indices or strategies) where used to determine the amount payable under or the value or performance of certain listed financial instruments traded on a trading venue, financial contracts and investment funds.

The Benchmark Regulation could have a material impact on any Securities traded on a trading venue or via a "systematic internaliser" linked to a "benchmark" index, including in any of the following circumstances:

- an index which is a "benchmark" could not be used by a supervised entity in certain ways if its administrator does not obtain authorisation or register or, if based in a non-EU jurisdiction, the administrator is not otherwise recognised as equivalent; and
- the methodology or other terms of the "benchmark" could be changed in order to comply with the terms of the Benchmark Regulation, and such changes could (amongst other things) have the effect

of reducing or increasing the rate or level or affecting the volatility of the published rate or level of the benchmark.

Either of the above could potentially lead to the Securities being de-listed, adjusted or redeemed early or otherwise impacted depending on the particular "benchmark" and the applicable terms of the Securities.

More broadly, any of the international, national or other proposals for reform or the general increased regulatory scrutiny of "benchmarks" could increase the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements. Such factors may have the effect of discouraging market participants from continuing to administer or contribute to certain "benchmarks", trigger changes in the rules or methodologies used in certain "benchmarks" or lead to the disappearance of certain "benchmarks". By way of example, the disappearance of a "benchmark" or changes in the manner of administration of a "benchmark" may result in an adjustment to the terms and conditions of the Securities, early redemption, valuation by the Calculation Agent, delisting or other consequences, depending on the specific provisions of the relevant terms and conditions applicable to the Securities.

In addition to the international proposals for reform of "benchmarks" described above, there are numerous other proposals, initiatives and investigations which may impact "benchmarks". For example, there are ongoing global investigations into the potential manipulation of LIBOR and related interest rates, ISDAFIX and foreign exchange rate "benchmarks", which may result in further regulation of these "benchmarks". On 23 February 2015, the Financial Services and Markets Act 2000 (Regulated Activities) Amendment Order 2015 (SI 2015/369) was published which (as of 1 April 2015) brought an additional seven major benchmarks (namely, SONIA, RONIA, ICE Swap Rate (formerly ISDAFIX), WM/Reuters London 4 pm Closing Spot Rate, LBMA Gold Price (formerly London Gold Fixing), LBMA Silver Price and ICE Brent Index) into the UK regulatory framework originally implemented for LIBOR.

In July 2015, the United Kingdom's Financial Conduct Authority also released a Thematic Review of oversight and controls in relation to financial benchmarks. This considered the activities of UK regulated financial services firms in relation to a much broader spectrum of "benchmarks" that ultimately could impact inputs, governance and availability of certain benchmarks.

Any of the above changes or any other consequential changes to LIBOR, EURIBOR or any other "benchmark" as a result of international, national or other proposals for reform or other initiatives or investigations, could have a material adverse effect on the value of and return on any Securities linked to a "benchmark".

Risks relating to regulatory reform

Implementation of recently-enacted US federal financial reform legislation may affect the value of the Reference Items, which may ultimately affect the value, trading price and viability of the Securities. For example, certain provisions of the Dodd-Frank Act yet to be implemented would, upon implementation, impose limits on the maximum position that could be held by a single trader in certain of the Reference Items and may subject certain transactions to new forms of regulation that could create barriers to some types of hedging activity by the Issuer or any of its Affiliates. Other provisions of the Dodd-Frank Act could require certain Reference Items or hedging transactions to be cleared, traded on a regulated exchange and reported to regulators, central data repositories and, in some cases, the public. The Dodd-Frank Act has expanded entity registration requirements and imposed business conduct requirements on certain persons active in the swaps market (including new capital and margin requirements), which may affect the value of the Reference Items or value and/or cost of hedging transactions. Such regulation may affect the value, trading price and viability of the Securities. The ongoing implementation of the Dodd-Frank Act and future rulemaking thereunder could potentially limit or completely restrict the ability of the Issuer to hedge its exposure on the Securities, increase the costs of hedging or make hedging strategies less effective.

Risks relating to N&C Securities

Partly-paid N&C Securities

The Issuer may issue N&C Securities where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of his investment.

N&C Securities subject to optional redemption by the Issuer

An optional redemption feature of N&C Securities is likely to limit their market value. During any period when the Issuer may elect to redeem N&C Securities, the market value of those N&C Securities generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem N&C Securities when its cost of borrowing is lower than the interest rate on the N&C Securities. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the N&C Securities being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Eurosystem Eligibility

There may be an intention (which, if applicable, will be specified in the applicable Final Terms) for certain N&C Securities to be held in a manner which will allow Eurosystem eligibility. This simply means that such N&C Securities are intended upon issue to be deposited with one of the ICSDs as common safekeeper and does not necessarily mean that the N&C Securities will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria. None of the Issuer, any Dealer, the Book-Entry Depository or any agent makes any representation or warrants as to the eligibility of any Security for the Eurosystem.

Investors who hold less than the minimum Specified Denomination may be unable to sell their N&C Securities and may be adversely affected if definitive N&C Securities are subsequently required to be issued

In relation to any issue of Bearer N&C Securities which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such N&C Securities may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of such minimum Specified Denomination. In such a case, a Securityholder who, as a result of such trading, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system would not be able to sell the remainder of such holding without first purchasing a principal amount of N&C Securities at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination. Further, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not be able to transfer such amount of the N&C Security or may not receive a definitive Bearer N&C Security in respect of such holding (should definitive Bearer N&C Securities be printed) and would need to purchase a principal amount of N&C Securities at or in excess of the minimum Specified Denomination such that its holding amounts to the minimum Specified Denomination.

If Definitive Bearer N&C Securities are issued, holders should be aware that Definitive Bearer N&C Securities which have a denomination which is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Certain Consideration Relating to Book-Entry Interests

Until and unless definitive N&C Securities in registered form are issued in exchange for the N&C Securities, holders of the Book-Entry Interests will not be considered the owners or holders of N&C Securities with regard to payment. To the extent the N&C Securities are issued in the form of Immobilised Bearer Global N&C Securities, the Book-Entry Depository or its nominee will be the sole holder of such N&C Securities. The Issuer, the Principal Agent and the Registrar will treat the bearer of the Immobilised Bearer Global N&C Securities as the owner thereof for the purposes of receiving payments and for all other purposes. Upon receipt of amounts owing in respect of the Immobilised Bearer Global N&C Securities, the Book-Entry Depository will pay the amounts so received to the relevant clearing system(s) for onward payment to applicable owners of Book-Entry Interests in accordance with their procedures. Accordingly, holders of a Book-Entry Interest must rely on the procedures of the relevant clearing system(s) to exercise any rights and remedies of a Securityholder under the Securities.

Limitations on ownership of Book-Entry Interests

Ownership of European Book-Entry Interests will be limited to persons with an account with Euroclear and/or Clearstream, Luxembourg or persons who may hold interests through such participants. European Book-Entry Interests will be shown on, and transfers thereof will be affected only through records maintained in book-entry form by Euroclear and/or Clearstream, Luxembourg and their participants.

Ownership of U.S. Book-Entry Interests will be limited to persons who have an account with DTC, including Euroclear and/or Clearstream, Luxembourg, or persons who may hold interests through such participants. U.S. Book-Entry Interests will be shown on, and transfers thereof will be effected only through, records maintained in book-entry form by DTC and its participants.

The Book-Entry Interests will not be held in definitive form. Instead, DTC, Euroclear and/or Clearstream, Luxembourg (as applicable) will credit on their respective book-entry registration and transfer systems a participant's account with the interest beneficially owned by such participant. The laws of some jurisdictions, including certain states of the United States, may require that certain purchasers of securities take physical delivery of such securities in definitive form. Limitations on ownership of Book-Entry Interests may impair the ability to own, transfer or pledge Book-Entry Interests. In addition, while the Immobilised Bearer N&C Securities are in global form, holders of Book-Entry Interests will not be considered the owners or Securityholders of such N&C Securities for any purpose.

CDI Record Date

Whenever the Book-Entry Depository shall receive notice of any action to be taken by it as holder of an Immobilised Bearer Global N&C Security and the Issuer deems it appropriate, including in respect of any payment to be made in respect of an Immobilised Bearer Global N&C Security, the Issuer shall determine and notify the Book-Entry Depository of a record date determined in accordance with the rules of the relevant clearing system (where relevant) (each a **Record Date**) for the determination of the number of units or principal amount represented by the corresponding CDI. Subject to the provisions of the N&C Securities Depository Agreement, only the holder in whose name the relevant CDIs are recorded in the Register at the close of business on the relevant Record Date shall be entitled to (i) receive any such payment, (ii) give instructions as to any such action or (iii) act in respect of any such matter, as the case may be.

Issuer Call in respect of the Securities

If the Final Terms specifies that Issuer Call is applicable, the Securities will be redeemable at the option of the Issuer, subject to the occurrence of any events specified in the relevant Final Terms and/or Annex to the Terms and Conditions. Following the exercise by the Issuer of the Issuer Call, the investor may no longer be able to realise a gain in the value of such Securities and, if applicable, will no longer participate in the performance of the relevant Reference Item(s).

Payout on Short Price Payout N&C Securities

In the case of Short Price Payout N&C Securities, the positive performance of any Reference Item (resulting in a rise in its level or price) may have an adverse effect on the value of and return on the Securities. The return on the Securities may also be subject to deduction of any costs to the Issuer and/or any of its affiliates or nominees of funding any payment required to be made by the Issuer and/or any of its affiliates or nominees. Investors may therefore suffer substantial losses up to and including a total loss of the purchase price paid.

Risks relating to W&C Securities

Certain Factors Affecting the Value and Trading Price of W&C Securities

Either (1) the Cash Settlement Amount (in the case of Cash Settled W&C Securities) or (2) the value of the Entitlement less (in the case of Warrants) the Exercise Price (the **Physical Settlement Value**) (in the case of Physical Delivery W&C Securities) at any time prior to expiration or exercise, as applicable, is typically expected to be less than the trading price of such W&C Securities at that time. The difference between the trading price and the Cash Settlement Amount or the Physical Settlement Value, as the case may be, will reflect, among other things, the "time value" of the W&C Securities. The "time value" of the W&C Securities will depend partly upon the length of the period remaining to expiration or exercise, as applicable, and expectations concerning the price or level of the Reference Item(s). W&C Securities offer hedging and investment diversification opportunities but also pose some additional risks with regard to interim value. The interim value of the W&C Securities varies with the price or level of the Reference Item(s), as well as by a number of other interrelated factors, including those specified herein.

Before exercising W&C Securities, Securityholders should carefully consider, among other things, (i) the trading price of the W&C Securities, (ii) the price or level and volatility of the Reference Item(s), (iii) the time remaining to expiration or exercise, as applicable, (iv) in the case of Cash Settled W&C Securities, the probable range of Cash Settlement Amounts, (v) any change(s) in interim interest rates and dividend yields if applicable, (vi) any change(s) in currency exchange rates and (vii) any related transaction costs.

An optional exercise feature in W&C Securities is likely to limit their market value. In the case of an optional exercise feature, during any period when the Issuer may elect to exercise W&C Securities, the market value of those W&C Securities generally will not rise substantially above the price at which they can be exercised. This also may be true prior to any exercise period. Potential investors should be aware that in certain circumstances, an optional exercise of the W&C Securities by the Issuer may result in a loss of all or a substantial portion of their investment.

Time Lag after Exercise

In the case of any exercise of American Style Warrants and Bermudan Style Warrants, there will be a time lag between the time a Securityholder gives instructions to exercise and the time the applicable Cash Settlement Amount (in the case of Cash Settled Warrants) relating to such exercise is determined. Any such delay between the time of exercise and the determination of the Cash Settlement Amount will be specified in the Conditions of the W&C Securities. However, such delay could be significantly longer, particularly in the case of a delay in exercise of Warrants arising from any daily maximum exercise limitation, the occurrence of a market disruption event or failure to open of an exchange or related exchange (if applicable) or following the imposition of any exchange controls or other similar regulations affecting the ability to obtain or exchange any relevant currency (or basket of currencies) in the case of FX Linked W&C Securities. The applicable Cash Settlement Amount may change significantly during any such period, and such movement or movements could decrease the Cash Settlement Amount of the Warrants being exercised and may result in such Cash Settlement Amount being zero.

Minimum Exercise Amount

If so indicated in the applicable Final Terms, a Securityholder must tender or hold a specified number of W&C Securities at any one time in order to exercise. Thus, Securityholders with fewer than the specified minimum number of W&C Securities will either have to sell their W&C Securities or purchase additional W&C Securities, incurring transaction costs in each case, in order to realise their investment. Furthermore, Securityholders of such W&C Securities incur the risk that there may be differences between the trading price of such W&C Securities and the Cash Settlement Amount (in the case of Cash Settled W&C Securities) or the Physical Settlement Value (in the case of Physical Delivery W&C Securities) of such W&C Securities.

Limitations on Exercise

In the case of American Style Warrants and Bermudan Style Warrants, if so indicated in the applicable Final Terms, the Issuer will have the option to limit the number of Warrants exercisable on any date (other than the Expiration Date) to the maximum number specified in the applicable Final Terms and, in conjunction with such limitation, to limit the number of Warrants exercisable by any person or group of persons (whether or not acting in concert) on such date. In the event that the total number of Warrants being exercised on any date (other than the Expiration Date) exceeds such maximum number and the Issuer elects to limit the number of Warrants exercisable on such date, a Securityholder may not be able to exercise on such date all Warrants that such holder desires to exercise. In any such case, the number of Warrants to be exercised on such date will be reduced until the total number of Warrants exercised on such date no longer exceeds such maximum, such Warrants being selected at the discretion of the Issuer or (in the case of Exempt W&C Securities only) in any other manner specified in the applicable Final Terms. Unless otherwise specified in the applicable Final Terms (in the case of Exempt W&C Securities only), the Warrants tendered for exercise but not exercised on such date will be automatically exercised on the next date on which such Warrants may be exercised, subject to the same daily maximum limitation and delayed exercise provisions.

Risks relating to particular Reference Items

A range of Securities may be issued under the Programme. A number of these Securities may have features which contain particular risks for potential investors. Set out below is a description of the most common features.

General risks and risks relating to Reference Item Linked Securities

Reference Item Linked Securities involve a high degree of risk, which may include, among others, interest rate, foreign exchange, time value and political risks (some of which may be increased in the case of an emerging market Reference Item). Purchasers should be prepared to sustain a total loss of the purchase price of the Securities. This risk reflects the nature of such a Security as an asset which, other factors held constant, tends to decline in value over time and which may become worthless. Prospective purchasers of Securities should understand the risks of transactions involving the relevant Securities and should reach an investment decision only after careful consideration, with their advisers, of the suitability of such Securities in light of their particular financial circumstances, the information set forth herein and the information regarding the relevant Securities and the particular Reference Item to which the value of, or payments or deliveries in respect of, the relevant Securities may relate, as specified in the applicable Final Terms.

Reference Item Linked Securities will represent an investment linked to the economic performance of one or more specified Reference Item(s) (which may involve a combination of two or more types of Reference Items) and prospective investors should note that the return (if any) on their investment in such Securities will depend upon the performance of such Reference Item(s). Potential investors should also note that whilst the market value of such Securities is linked to such Reference Item(s) and will be influenced (positively or negatively) by such Reference Item(s), any change may not be comparable and may be disproportionate. It is impossible to predict how the level of the relevant Reference Item(s) will vary over time. In contrast to a direct investment in the relevant Reference Item(s), Securities represent the right to receive payment or

delivery, as the case may be, of the Cash Settlement Amount(s), the Final Redemption Amount(s), the Entitlement or the Early Redemption Amount, as the case may be, as well as periodic payments of interest (if specified in the applicable Final Terms in respect of N&C Securities) or Additional Amounts (if specified in the applicable Final Terms in the case of W&C Securities), all or some of which and the value of which will be determined by reference to the performance of the relevant Reference Item(s).

As the amounts payable and/or deliverable in respect of Reference Item Linked Securities are linked to the performance of the relevant Reference Item(s), a purchaser of such a Security must generally be correct about the direction, timing and magnitude of an anticipated change in the value of the relevant Reference Item(s). Assuming all other factors are held constant, the lower the value of such a Security and the shorter the remaining term to expiration (in the case of a Warrant), exercise (in the case of a Certificate) or redemption (in the case of a N&C Security), the greater the risk that purchasers of such Security will lose all or part of their investment.

Reference Item Linked Securities may be principal protected at maturity or non-principal protected. Investors in Reference Item Linked Securities that are non-principal protected may risk losing their entire investment if the value of the relevant Reference Item(s) does not move in the anticipated direction.

PROSPECTIVE INVESTORS MUST REVIEW THE APPLICABLE FINAL TERMS TO ASCERTAIN WHAT THE RELEVANT REFERENCE ITEM(S) ARE AND THE TERMS AND CONDITIONS AND THE APPLICABLE FINAL TERMS TO SEE HOW THE CASH SETTLEMENT AMOUNT, FINAL REDEMPTION AMOUNT, THE ENTITLEMENT OR THE EARLY REDEMPTION AMOUNT, AS THE CASE MAY BE, AND ANY PERIODIC COUPON PAYMENTS (IN THE CASE OF N&C SECURITIES) OR PAYMENTS OF ADDITIONAL AMOUNTS (IN THE CASE OF W&C SECURITIES) ARE DETERMINED AND WHEN SUCH AMOUNTS ARE PAYABLE AND/OR DELIVERABLE, AS THE CASE MAY BE, BEFORE MAKING ANY DECISION TO PURCHASE ANY SECURITIES.

Fluctuations in the value and/or volatility of the relevant Reference Item(s) will affect the value of the relevant Securities. Other factors which may influence the market value of Securities include the creditworthiness of the Issuer and/or the Guarantor (if applicable), general market sentiment, interest rates, foreign exchange rates, time value, potential dividend or interest payments (as applicable) in respect of the relevant Reference Item(s), changes in the method of calculating the relevant Reference Item(s) from time to time and market expectations regarding the future performance of the relevant Reference Item(s), its composition and such Securities.

The Issuer may issue several issues of Securities relating to a particular Reference Item.

Risks relating to Index Linked Securities

The Issuer may issue Index Linked Securities where the Final Redemption Amount, Cash Settlement Amount or interest or other interim amounts payable is dependent upon the level of or changes in the level of an index or a basket of indices. The index or indices may comprise of reference equities, bonds, other securities, property, currency exchange rate or other assets or bases of reference, and may be a well known and widely published index or indices or an index or indices established by the Issuer, an Affiliate of the Issuer or another entity which may not be widely published or available. An investment in Index Linked Securities will entail significant risks not associated with a conventional fixed rate or floating rate debt security.

Index Linked Redemption N&C Securities may be redeemable by the Issuer by payment of the par value amount and/or by the physical delivery of a specified asset or assets and/or by payment of an amount determined by reference to the value of the index/indices and/or by whether that value is equal to, above or below one or more specified levels. Interest payable on Index Linked Interest N&C Securities or Additional

Amounts payable on Index Linked W&C Securities may be calculated by reference to the value of one or more indices and/or by whether that value is equal to, above or below one or more specified levels.

Index Linked W&C Securities may be settled by the physical delivery of a specified asset or assets and/or payment of an amount determined by reference to the value of the index/indices and/or by whether that value is equal to, above or below one or more specified levels.

The level of an index is based on the value of the assets or reference bases notionally comprised in such index, although prospective investors should note that the level of the index at any time may not include the reinvestment of the yield (if any) on the assets or reference bases notionally comprised in the index. Prospective investors should understand that global economic, financial and political developments, among other things, may have a material effect on the value of the assets or reference bases notionally comprising such index and/or the performance of the index.

Fluctuations in the value of an index and changes in the price or market value or level of the assets or reference bases notionally contained in an Index and/or changes in the circumstances of the issuers or sponsors of such assets or reference bases, might have an adverse effect on the level of an index and affect the value of Securities.

Potential investors in Index Linked Securities should be aware that depending on the terms of the Index Linked Securities (i) they may receive no or a limited amount of interest (or other periodic payments), (ii) a change in the value of the index/indices may result in an early redemption or cancellation of their Securities, (iii) payments may occur at a different time than expected and (iv) except in the case of Securities which are principally protected at maturity, they may lose all or a substantial portion of their investment if the value of the index/indices do not move in the anticipated direction.

In addition, the movements in the level of the index or indices may be subject to significant fluctuations that may not correlate with changes in economic factors, including changes in interest rates, currencies or other indices and the timing of changes in the relevant level of the index or indices may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the level of an index or result of a formula, the greater the effect on yield.

The components of an index may represent values of only one or a few countries or industries. In addition, even where a large number of countries or industries are represented, an unequal weighting of those in the index is possible. This means that if a country or industry in the index experiences an unfavourable development then such Index may be disproportionately affected by it.

Prospective investors should also note that dividends or periodic payments (if any) paid to holders of the assets in an index may not be taken into account in the index or the Securities. Consequently, the return on the Securities may not reflect any dividends which would be paid to investors that had made a direct investment in the assets comprised in the index. Consequently, the return on the Securities may be less than the return from a direct investment in the assets comprised in the index.

If the Final Redemption Amount, Cash Settlement Amount or interest or other interim amounts payable are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the level of the index or the indices on the Final Redemption Amount, Cash Settlement Amount or interest or other interim amounts payable (and the value of the Securities) will be magnified.

If the Final Redemption Amount, Early Redemption Amount, Cash Settlement Amount or interest or other interim amounts payable are determined by reference to the worst performing index in a basket of indices, then investors will not receive any benefit from the better performing index/indices in the basket.

If the Calculation Agent determines that an event giving rise to a Disrupted Day has occurred at any relevant time, such determination may have an effect on the timing of valuation and consequently the value of the

Securities and/or may delay settlement in respect of the Securities. Prospective purchasers should review the relevant Terms and Conditions of the Securities and the applicable Final Terms to ascertain whether and how such provisions apply to the Securities.

Following the occurrence of an Index Adjustment Event in respect of any Index Linked Securities, the Issuer may require the Calculation Agent to determine such adjustment to the terms of such Index Linked Securities as it deems appropriate, which may include without limitation, (i) delaying any applicable valuation date(s), (ii) determining the relevant level of one or more indices, (iii) in the case of a basket of indices, removing any affected indices from the basket, or (iv) replacing any affected index with one or more replacement indices. Such adjustment may have an adverse effect on the value and liquidity of the affected Index Linked Securities. In addition, the Issuer may redeem or cancel the Securities, as applicable, in whole or (in the case of an Index Basket or a Mixed Basket) in part following the occurrence of an Index Adjustment Event.

The market price of Index Linked Securities may be volatile and may depend on the time remaining to the redemption date or exercise date (as applicable) and the volatility of the level of the index or indices. The level of the index or indices may be affected by the economic, financial and political events in one or more jurisdictions, including the stock exchange(s) or quotation system(s) on which any securities comprising the index or indices may be traded.

Decisions or determinations made by the Index Sponsor regarding an Index may have a negative impact on the value of the Securities. This may lead to an Index level differing substantially from the one that would have been obtained had the Index Sponsor arrived at different decisions or determinations. Where the Index Sponsor is a member of the Nomura Group, the making of such decisions or determinations may lead to a potential conflict of interest.

The Issuer shall have no liability to the Securityholders for any act or failure to act by the Index Sponsor in connection with the calculation, adjustment or maintenance of the Index.

Changes in the composition of an Index or in some other regard might entail costs or otherwise have the effect of lowering the level or value of the Index, and thereby also the value of the Securities.

Where the composition of an Index is supposed to be published on an internet site (as provided for in the Index or the applicable Final Terms) or in other media, such publication might not always show the Index's up-to-date composition since updates may be posted with a delay.

Risks relating to Equity Linked Securities

The Issuer may issue Equity Linked Securities where the Final Redemption Amount, Cash Settlement Amount, or interest or other interim amounts payable are dependent upon the price of or changes in the price of shares or a basket of shares or the price of a GDR/ADR or a basket of GDRs/ADRs or where, depending on the price or change in the price of the shares or basket of shares or the price a GDR/ADR or a basket of GDRs/ADRs, the Issuer has an obligation to deliver specified assets. Accordingly, an investment in Equity Linked Securities may bear similar market risks to a direct equity investment and investors should take advice accordingly. An investment in Equity Linked Securities will entail significant risks not associated with a conventional debt security.

Prospective investors should be aware that the market value of the Securities may not have a direct relationship with the prevailing price of the underlying equity(ies), in that changes in the prevailing price of the underlying equity(ies) will not necessarily result in a comparable change in the market value of the Securities.

Risks relating to GDR/ADR Linked Securities are dealt with separately below (see "*Risks relating to GDR/ADR Linked Securities*").

Equity Linked Redemption N&C Securities may be redeemable by the Issuer by payment of the par value amount and/or by the physical delivery of a given number of share(s) and/or by payment of an amount determined by reference to the value of the share(s) and/or by whether that value is equal to, above or below one or more specified levels. Interest payable on Equity Linked N&C Securities or Additional Amounts payable on Equity Linked W&C Securities may be calculated by reference to the value of the share(s) and/or by whether that value is equal to, above or below one or more specified levels. Equity Linked W&C Securities may be settled by the physical delivery of a given number of share(s) and/or by payment of an amount determined by reference to the value of the share(s) and/or by whether that value is equal to, above or below one or more specified levels. In particular Exchangeable N&C Securities may be issued. On redemption Exchangeable N&C Securities can be redeemed for shares or for an amount linked to the price of the shares and as a result the redeemed value may, depending on the performance of the shares or the stock market trend prevailing on the date of redemption, be substantially lower than the initial investment. Investors should note that they have the right, subject to fulfilling certain requirements, to elect the time at which Exchangeable N&C Securities should be so redeemed. The timing of making such election (or not making such election) may in itself have a significant effect on the investment return (if any) of the Exchangeable N&C Securities. While investors are fully exposed to the relevant shares, however, Exchangeable N&C Securities do not convey any ownership.

Potential investors in Equity Linked Securities should be aware that depending on the terms of the Equity Linked Securities (i) they may receive no or a limited amount of interest (or other periodic payments), (ii) a change in the price of the share(s) may result in an early redemption or cancellation of their Securities, (iii) payments or delivery of any specified assets may occur at a different time than expected and (iv) except in the case of Securities which are principally protected at maturity, they may lose all or a substantial portion of their investment if the value of the share(s) do not move in the anticipated direction.

In addition, the movements in the price of the share or basket of shares may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant price of the share or shares may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the price of the share or shares, the greater the effect on yield.

If the Final Redemption Amount, Cash Settlement Amount or interest payable, or Entitlement deliverable, are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price of the share or shares on the Final Redemption Amount, Cash Settlement Amount or interest payable, or Entitlement deliverable, will be magnified.

If the Final Redemption Amount, Early Redemption Amount, Cash Settlement Amount or interest payable, or Entitlement deliverable, are determined by reference to the worst performing share in a basket of shares, their investors will not receive any benefit from the better performing share(s) in the basket.

In the case of Equity Delta One Redemption N&C Securities and Equity Delta One W&C Securities, costs which arise or may arise in relation to the Securities may be deducted from the Final Redemption Amount or Cash Settlement Amount, as applicable. Potential investors should note that such future costs, if deducted, may not actually arise and no reimbursement of these amounts will be made in this event.

If the Calculation Agent determines that an event giving rise to a Disrupted Day has occurred at any relevant time any such determination may have an effect on the timing of valuation and consequently the value of the Securities and/or may delay settlement in respect of the Securities. Prospective purchasers should review the relevant Conditions and the applicable Final Terms to ascertain whether and how such provisions apply to the Securities.

In the case of Equity Linked Securities following the declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Shares and, if so, will (i) make the

corresponding adjustment, if any, to any of the terms of the relevant Conditions and/or the applicable Final Terms as the Calculation Agent determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relative to the relevant Share) and (ii) determine the effective date of that adjustment. Such adjustment may have an adverse effect on the value and liquidity of the affected Equity Linked Securities. In the case of Equity Delta One Redemption N&C Securities and Equity Delta One W&C Securities, if such Potential Adjustment Event has a diluting effect on the theoretical value of the relevant share, then instead of or in addition to such adjustment(s), additional securities may be issued to Securityholders to account for that effect.

In the event that an Additional Disruption Event occurs in respect of any Equity Linked Securities, then the Calculation Agent shall either (a)(i) make such adjustment to the exercise, settlement, payment or any other terms of such Equity Linked Securities as the Calculation Agent determines appropriate to account for such Additional Disruption Event and (ii) determine the effective date of that adjustment, or (b) if the Calculation Agent determines that no adjustment that it could make under (a) will produce a commercially reasonable result, notify the Issuer thereof in which event the Issuer may redeem or cancel all, but not some only, of such Equity Linked Securities as of such date as the Calculation Agent shall determine.

In addition, in the case of Equity Linked Securities, if a Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency occurs in relation to any Share, the Issuer may take the action described in (i), (ii) or (iii) below:

- (i) require the Calculation Agent to determine the appropriate adjustment, if any, to be made to any of the relevant Conditions and/or the applicable Final Terms to account for the Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency and determine the effective date of that adjustment. Such adjustment may have an adverse effect on the value and liquidity of the affected Equity Linked Securities;
- (ii) redeem or cancel, as applicable, part (in the case of Equity Linked Securities relating to a basket of Shares) or all (in any other case) of the Securities. Following such redemption or cancellation an investor generally would not be able to reinvest the redemption or cancellation proceeds at an effective interest rate as high as the interest rate on the relevant Securities being redeemed or cancelled and may only be able to do so at a significantly lower rate. Prospective investors should consider reinvestment risk in light of other investments available at that time; or
- (iii) if so specified in the applicable Final Terms, require the Calculation Agent to select a substitute Share in accordance with specified substitution criteria to replace such affected Share.

The issue price of Equity Delta One Redemption N&C Securities and Equity Delta One W&C Securities will reflect the value of the relevant shares on the relevant pricing date and the final settlement amount payable in respect of such Securities will be linked to the performance of the relevant share company. Therefore, if the traded price of the relevant shares falls below the value of the shares on the relevant pricing date, the final settlement amount payable in respect of each such Security may be less than the issue price of such Security.

The market price of Equity Linked Securities may be volatile and may be affected by the time remaining to the redemption date or exercise date (as applicable), the volatility of the share or shares, the dividend rate (if any) and the financial results and prospects of the issuer or issuers of the relevant share or shares as well as economic, financial and political events in one or more jurisdictions, including factors affecting the stock exchange(s) or quotation system(s) on which any such shares may be traded.

Generally no issuer of the relevant share(s) will have participated in the preparation of the relevant Final Terms or in establishing the terms of the Equity Linked Securities and none of the Issuer, the Guarantor (if applicable) or any Dealer will make any investigation or enquiry in connection with such offering with respect to any information concerning any such issuer of shares contained in such Final Terms or in the

documents from which such information was extracted. Consequently, there can be no assurance that all events occurring prior to the relevant issue date (including events that would affect the accuracy or completeness of any publicly available information) that would affect the trading price of the share will have been publicly disclosed. Subsequent disclosure of any such events or the disclosure of or failure to disclose material future events concerning such an issuer of shares could affect the trading price of the share and therefore the trading price of the Securities.

In the case of Equity Delta One Redemption N&C Securities and Equity Delta One W&C Securities, Securityholders may be entitled to receive payments calculated by reference to the amount of dividends that would be received by a holder of the relevant shares, provided that the conditions specified in the terms of the relevant Conditions are met. Such Securityholders are not by virtue thereof the holders of the relevant shares and do not have any right to receive any information from the relevant share company.

Securityholders of Equity Linked Securities will not have voting rights or rights to receive dividends or distributions or any other rights with respect to the relevant shares to which such Securities relate.

Risks relating to GDR/ADR Linked Securities

In the case of GDR/ADR Linked Securities, the Final Redemption Amount, Cash Settlement Amount or interest payable will be dependent upon the value of GDRs or ADRs, and, depending on the price of or change in the price of the GDRs or ADRs, the Issuer may have an obligation to deliver specified assets. Accordingly, an investment in GDR/ADR Linked Securities may bear similar market risks to a direct GDR/ADR investment and investors should take advice accordingly. An investment in GDR/ADR Linked Securities will entail significant risks not associated with a conventional debt security.

GDR/ADR Linked Redemption N&C Securities may be redeemable by the Issuer by payment of the par value amount and/or by the physical delivery of a given number of GDRs and/or ADRs and/or by payment of an amount determined by reference to the value of the GDRs and/or ADRs. The coupon payable on GDR/ADR Interest N&C Securities may be calculated by reference to the value of the GDRs and/or ADRs.

GDR/ADR Linked W&C Securities may be settled by the physical delivery of a given number of GDRs and/or ADRs and/or by payment of an amount determined by reference to the value of the GDRs and/or ADRs.

Potential investors in GDR/ADR Linked Securities should be aware that depending on the terms of the GDR/ADR Linked Securities (i) they may receive no or a limited amount of interest, (ii) payments or delivery of any specified assets may occur at a different time than expected and (iii) except in the case of Securities which are principally protected at maturity, they may lose all or a substantial portion of their investment if the value of the GDRs and/or ADRs does not move in the anticipated direction.

In addition, the movements in the price of the GDRs and/or ADRs may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant price of the GDRs and/or ADRs may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the price of the GDRs and/or ADRs, the greater the effect on yield.

If the Final Redemption Amount, Cash Settlement Amount or interest payable, or Entitlement deliverable, are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price of the GDRs and/or ADRs on the Final Redemption Amount, Cash Settlement Amount or interest payable, or Entitlement deliverable, will be magnified.

The market price of GDR/ADR Linked Securities may be volatile and may be affected by the time remaining to the redemption date or exercise date (as applicable), the volatility of the GDRs and/or ADRs and the financial results and prospects of the issuer or issuers of the GDRs and/or ADRs as well as economic,

financial and political events in one or more jurisdictions, including factors affecting the stock exchange(s) or quotation system(s) on which any such GDRs and/or ADRs may be traded.

The risk factors associated with (i) Disrupted Days, (ii) Potential Disruption Events, (iii) Additional Disruption Events and (iv) the occurrence of a Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency set out in respect of Equity Linked Securities above are also applicable to GDR/ADR Linked Securities. In addition, these provisions may be applicable in respect of the applicable GDR/ADR and/or the relevant underlying shares and prospective purchasers should review the relevant Conditions and the applicable Final Terms to ascertain whether and how such provisions apply to the Securities. Furthermore, certain of these or similar events may also affect the depository which is the legal owner of the underlying shares. Any such event which has a material adverse impact on the depository may have a corresponding adverse effect on the performance of the Securities.

Risks relating to FX Linked Securities

The Issuer may issue FX Linked Securities where the Final Redemption Amount, Cash Settlement Amount or interest or other interim amounts payable are dependent upon movements in currency or foreign exchange rates or are payable in one or more currencies which may be different from the currency in which the Securities are denominated. Accordingly, an investment in FX Linked Securities may bear similar market risks to a direct foreign exchange investment and investors should take advice accordingly. An investment in FX Linked Securities will entail significant risks not associated with a conventional debt security.

The foreign exchange rate(s) to which the FX Linked Securities are linked will affect the nature and value of the investment return on such Securities. Foreign exchange rates are dependent on the supply and demand for currencies in the international foreign exchange markets, which are subject to economic factors, including inflation rates and interest rates in the jurisdiction(s) in which the relevant currency is the lawful currency, economic forecasts, international political factors, currency convertibility and risks associated with making financial investments in the currency concerned, speculation and measures taken by governments and central banks. Emerging market or non-deliverable currencies can be significantly more volatile than deliverable currencies or currencies of developed markets and are more likely to be the subject of events that disrupt a particular market for a currency. Disruption events that may apply to FX Linked Securities are set out in Annex 3 "*Additional Terms and Conditions for FX Linked Securities*". The applicable Final Terms will specify which Disruption Events apply to a particular series of FX Linked Securities. Consequences of a Disruption Event are set out below.

FX Linked Redemption N&C Securities may be redeemable by the Issuer by payment of the par value amount and/or by the physical delivery of specified amount of one or more currencies and/or by payment of an amount determined by reference to the value of the currency/currencies. The coupon payable on FX Linked Interest N&C Securities may be calculated by reference to the value of one or more currencies.

FX Linked W&C Securities may be settled by the physical delivery of a specified amount of one or more currencies and/or by payment of an amount determined by reference to the value of the currency/currencies and/or whether that value is equal to, above or below one or more specified levels.

Potential investors in any FX Linked Securities should be aware that depending on the terms of the FX Linked Securities (i) they may receive no or a limited amount of interest (or other periodic payments), (ii) payments or delivery of any specified assets may occur at a different time than expected and (iii) except in the case of Securities which are principally protected at maturity, they may lose all or a substantial portion of their investment if the currency exchange rates do not move in the anticipated direction.

In addition, the movements in currency exchange rates may be subject to significant fluctuations that may not correlate with changes in interest rates or other indices and the timing of changes in the exchange rates may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the price of the currency exchange rates, the greater the effect on yield.

If the Final Redemption Amount, Cash Settlement Amount or interest payable, or Entitlement deliverable, are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the currency exchange rates on the Final Redemption Amount, Cash Settlement Amount or interest or other interim amounts payable, or Entitlement deliverable, will be magnified.

Fluctuations in exchange rates of the relevant currency (or basket of currencies) will affect the value of FX Linked Securities. Furthermore, investors who intend to convert gains or losses from the exercise, redemption or sale of FX Linked Securities into their home currency may be affected by fluctuations in exchange rates between their home currency and Settled Currency (as defined below) of the Securities. Currency values may be affected by complex political and economic factors, including governmental action to fix or support the value of a currency/currencies, regardless of other market forces (see "*Exchange rate risks and exchange controls*" below).

In the event that a Disruption Event has occurred or exists as of the relevant time(s) for determination of any Settlement Rate or any other relevant time on any day and such Disruption Event is material in the context of determining such Settlement Rate then one or more of the following fallback provisions may be applicable to the Securities, each as further specified in the applicable Final Terms (and, if more than one such fallback provision is relevant, the Calculation Agent may select any of such fallback provisions as it determines appropriate):

- (i) the Calculation Agent may determine the relevant Settlement Rate by reference to such source(s) it deems relevant;
- (ii) the Calculation Agent may determine the relevant Settlement Rate by reference to a specified fallback reference price;
- (iii) the relevant valuation date may be postponed; or
- (iv) the Issuer may redeem or cancel, as applicable, the Securities early.

The application of any such fallback provisions may have an adverse effect on the value and liquidity of the affected FX Linked Securities. Prospective purchasers should review the relevant Conditions of the Securities and the applicable Final Terms to ascertain whether and how such provisions apply to the Securities.

Risks relating to Commodity Linked Securities

The Issuer may issue Commodity Linked Securities where the Final Redemption Amount, Cash Settlement Amount or interest or other interim amounts payable are dependent upon the price or changes in the price of commodities, basket of commodities, a commodity index or basket of commodity indices or where, depending on the price or change in the price of the commodities, basket of commodities, commodity index or basket of commodity indices, the Issuer has an obligation to deliver specified assets. Accordingly, an investment in Commodity Linked Securities may bear similar market risks to a direct commodity investment and investors should take advice accordingly. An investment in Commodity Linked Securities will entail significant risks not associated with a conventional debt security.

Commodity Linked Redemption N&C Securities may be redeemable by the Issuer by payment of the par value amount and/or by the physical delivery of specified amount of one or more commodities and/or by payment of an amount determined by reference to the value of the commodity, commodity index, commodities and/or commodity indices. The coupon payable on Commodity Linked Interest N&C Securities may be calculated by reference to the value of one or more commodity, commodity index, commodities and/or commodity indices.

Commodity Linked W&C Securities may be settled by the physical delivery of a specified amount of one or more commodities and/or by payment of an amount determined by reference to the value of the commodity, commodity index, commodities and/or commodity indices.

Potential investors in Commodity Linked Securities should be aware that depending on the terms of the Commodity Linked Securities (i) they may receive no or a limited amount of interest (or other periodic payments), (ii) payments or delivery of any specified assets may occur at a different time than expected and (iii) except in the case of Securities which are principally protected at maturity, they may lose all or a substantial portion of their investment if the value of the commodity(ies) or commodity index(ices) do not move in the anticipated direction.

In addition, the movements in the price of the commodity(ies) or commodity index(ices) may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant price of the commodity(ies) or commodity index(ices) may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the price or level of the commodity(ies) or commodity index(ices), the greater the effect on yield.

If the Final Redemption Amount, Cash Settlement Amount or interest payable, or Entitlement deliverable, are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price or level of the commodity(ies) or commodity index(ices) on the Final Redemption Amount, Cash Settlement Amount or interest payable, or Entitlement deliverable, will be magnified.

The market price of Commodity Linked Securities may be volatile and may be affected by the time remaining to the redemption date or exercise date, as applicable, the volatility of the commodity(ies) or commodity index(ices) as well as economic, financial and political events in one or more jurisdictions, including factors affecting the stock exchange(s) or quotation system(s) on which any such commodity(ies) may be traded.

Following the occurrence of a Commodity Market Disruption Event which is continuing on any Pricing Date, the Relevant Commodity Price for that Pricing Date will be determined by the Calculation Agent in accordance with the first applicable Disruption Fallback that provides a Relevant Commodity Price, such Disruption Fallback may require that:

- (i) the Calculation Agent determines the Relevant Commodity Price based on the price for that Pricing Date of the first alternate Commodity Reference Price, if any, specified in the applicable Final Terms and not subject to a Commodity Market Disruption Event;
- (ii) the publication or announcement of the Relevant Commodity Price be delayed; or
- (iii) the Calculation Agent determines the Relevant Commodity Price or the price for an Underlying Futures Contract, as applicable (or a method for determining the foregoing), taking into consideration the latest available quotation for the relevant Commodity Reference Price or Underlying Futures Contract, as applicable, and any other information that in its sole discretion it deems relevant.

The application of any such Disruption Fallback provisions may have an adverse effect on the value and liquidity of the affected Commodity Linked Securities.

If, with respect to a Commodity Index, an Index Adjustment Event occurs, then the Calculation Agent may calculate the Relevant Price using, in lieu of a published level for the relevant index, the level for the index as at the applicable Pricing Date as determined by the Calculation Agent in accordance with the formula for and method of calculating the index last in effect prior to the relevant Index Adjustment Event, but using only those Underlying Futures Contracts that comprised the Index immediately prior to the relevant Index

Adjustment Event (other than those Underlying Futures Contracts that have ceased to be listed on any relevant Exchange). Any such Calculation Agent determination may have an adverse effect on the value and liquidity of the affected Commodity Linked Securities. Prospective purchasers should review the relevant Conditions of the Securities and the applicable Final Terms to ascertain whether and how such provisions apply to the Securities.

Commodities are generally divided into four main classes and Commodity Indices may include one or more of these: (i) **Energy**: which includes crude oil, gasoline, heating oil and natural gas; (ii) **Agriculture**: which includes corn, soybeans, wheat, sugar, cocoa, cotton and coffee; (iii) **Livestock**: which includes cattle and hogs; and (iv) **Metals**: which can be subdivided into base metals such as aluminium, copper, nickel, lead and zinc, and precious metals such as gold and silver. Specific risk factors in respect of each of these classes of Commodities are set out below:

Certain risks specific to energy commodities

Crude oil, heating oil, natural gas and unleaded gasoline are energy-related commodities. In addition to factors affecting commodities generally that are described above, Commodity Linked Securities linked to the price of crude oil, heating oil, natural gas or unleaded gasoline may be subject to a number of additional factors specific to energy-related commodities that might cause price volatility. These may include, among others:

- changes in the level of industrial and commercial activity with high levels of energy demand;
- disruptions in the supply chain or in the production or supply of other energy sources;
- price changes in alternative sources of energy;
- adjustments to inventory;
- variations in production and shipping costs;
- costs associated with regulatory compliance, including environmental regulations; and
- changes in industrial, government and consumer demand, both in individual consuming nations and internationally.

These factors interrelate in complex ways, and the effect of one factor on the market value of Commodity Linked Securities linked to the price of any energy-related commodity may offset or compound the effect of another factor.

Certain risks specific agriculture commodities

Cocoa, coffee, corn, cotton, soybeans, soybean oil, sugar and wheat are agricultural commodities. Cocoa, coffee, cotton and sugar are soft commodities; corn, soybeans and wheat are grains. In addition to factors affecting commodities generally that are described above, Commodity Linked Securities that are linked to the price of cocoa, coffee, corn, cotton, soybeans, soybean oil, sugar or wheat may be subject to a number of additional factors specific to agricultural commodities, and softs or grains. that might cause price volatility. These may include, among others:

- weather conditions, including floods, drought and freezing conditions;
- changes in government policies;
- changes in global demand for food or clothing;

- planting decisions;
- changes in bio-diesel or ethanol demand; and
- changes in demand for agricultural products, softs or grains, and in particular cocoa, coffee, corn, cotton, soybeans, soybean oil, sugar or wheat, both with end users and as inputs into various industries.

These factors interrelate in complex ways, and the effect of one factor on the market value of Commodity Linked Securities linked to the price of any agriculture commodity may offset or compound the effect of another factor.

Certain risks specific to livestock commodities

Lean hogs and live cattle are a type of livestock. In addition to factors affecting commodities generally that are described above, Commodity Linked Securities linked to the price of lean hogs, live cattle or other livestock may be subject to a number of additional factors specific to livestock that might cause price volatility. These may include, among others:

- weather conditions, including floods, drought and freezing conditions;
- disease and famine;
- changes in government policies; and
- changes in end-user demand for livestock.

These factors interrelate in complex ways, and the effect of one factor on the market value of Commodity Linked Securities linked to the price of any livestock may offset or compound the effect of another factor.

Certain risks specific to base metal commodities

Aluminium, copper, lead, nickel, tin and zinc are industrial metals. In addition to factors affecting commodities generally that are described above, Commodity Linked Securities that are linked to the price of aluminium, copper, lead, nickel, tin, zinc or other base metals may be subject to a number of additional factors specific to industrial metals that might cause price volatility. These may include, among others:

- changes in the level of industrial activity using industrial metals, and in particular aluminium, copper, lead, nickel, tin or zinc, including the availability of substitutes such as man-made or synthetic substitutes;
- disruptions in the supply chain, from mining to storage to smelting or refining; adjustments to inventory;
- variations in production costs, including storage, labour and energy costs; costs associated with regulatory compliance, including environmental regulations; and
- changes in industrial, government and consumer demand, both in individual consuming nations and internationally.

These factors interrelate in complex ways, and the effect of one factor on the market value of Commodity Linked Securities linked to the price of any base metal may offset or compound the effect of another factor.

The London Metal Exchange's use of or omission to use price controls may result in limited appreciation but unlimited depreciation in the price of certain base metal futures contracts traded on the LME and, therefore, the value of Commodity Linked Securities linked to the price of such base metals.

U.S. exchanges have regulations that limit the amount of fluctuation in some futures contract prices that may occur during a single business day. These limits are generally referred to as "daily price fluctuation limits". In contrast, futures contracts on aluminium, copper, lead, nickel that are traded on the London Metal Exchange (the **LME**) are not subject to daily price fluctuation limits to restrict the extent of daily fluctuations in the prices of such contracts. In a declining market, therefore, it is possible that prices for one or more contracts traded on the LME would continue to decline without limitation within a trading day or over a period of trading days. A steep decline in the price of the futures contract could have a significant adverse impact on the value of any Commodity Linked Securities linked to such aluminium, copper, lead, nickel futures contracts.

Moreover, the LME has discretion to impose "backwardation limits" by permitting short sellers who are unable to effect delivery of an underlying commodity and/or borrow such commodity at a price per day that is no greater than the backwardation limit to defer their delivery obligations by paying a penalty in the amount of the backwardation limit to buyers for whom delivery was deferred. Backwardation limits tend to either constrain appreciation or cause depreciation of the prices of futures contracts expiring in near delivery months. Impositions of such backwardation limits could adversely affect the value of any Commodity Linked Securities linked to such aluminium, copper, lead, nickel futures contracts.

Contracts traded on the LME are exposed to concentration risks beyond those characteristic of futures contracts on U.S. futures exchanges.

Futures contracts traded on U.S. futures exchanges generally call for delivery of the physical commodities to which such contracts relate in stated delivery months. In contrast, contracts traded on the LME may call for delivery on a daily, weekly or monthly basis. As a result, there may be a greater risk of a concentration of positions in contracts trading on the LME on particular delivery dates than for futures contracts traded on U.S. futures exchanges, since, for example, contracts calling for delivery on a daily, weekly or monthly basis could call for delivery on the same or approximately the same date. Such a concentration of positions, in turn, could cause temporary aberrations in the prices of contracts traded on the LME for delivery dates to which such positions relate. To the extent such aberrations are in evidence on a given pricing date with respect to the price of any such futures contract, they could adversely affect the value of any Commodity Linked Securities linked to such futures contracts.

Certain risks specific to precious metal commodities

Gold, silver, platinum and palladium are precious metals. In addition to factors affecting commodities generally that are described above, Commodity Linked Securities linked to the price of gold, silver, platinum or palladium may be subject to a number of additional factors that might cause price volatility. These may include, among others:

- disruptions in the supply chain, from mining to storage to smelting or refining;
- adjustments to inventory;
- variations in production costs, including storage, labour and energy costs;
- costs associated with regulatory compliance, including environmental regulations;
- changes in industrial, government and consumer demand, both in individual consuming nations and internationally;

- precious metal leasing rates;
- currency exchange rates;
- level of economic growth and inflation; and
- the degree to which consumers, governments, corporate and financial institutions hold physical gold as a safe haven asset (hoarding) which may be caused by a banking crisis/recovery, a rapid change in the value of other assets (both financial and physical) or changes in the level of geopolitical tension.

These factors interrelate in complex ways, and the effect of one factor on the market value of Commodity Linked Securities linked to the price of any precious metals may offset or compound the effect of another factor.

Risks relating to Fund Linked Securities

The Issuer may issue Fund Linked Securities where the Final Redemption Amount, Cash Settlement Amount or interest or other interim amounts payable are dependent upon the price or changes in the price of a fund share or unit or a basket of fund shares or units or where, depending on the price or changes in the price of a fund share or unit or basket of fund shares or units, the Issuer has an obligation to deliver specified assets. Accordingly, an investment in Fund Linked Securities may bear similar market risks to a direct fund investment and investors should take advice accordingly. An investment in Fund Linked Securities will entail significant risks not associated with a conventional debt security.

Fund Linked Redemption N&C Securities may be redeemable by the Issuer by payment of the par value amount and/or by the physical delivery of specified amount of one or more fund shares or units and/or by payment of an amount determined by reference to the value of the fund share(s) or unit(s). The coupon payable on Fund Linked Interest N&C Securities may be calculated by reference to the value of one or more fund shares or units.

Fund Linked W&C Securities may be settled by the physical delivery of a specified amount of one or more fund shares or units and/or by payment of an amount determined by reference to the value of the fund share(s) or unit(s).

Potential investors in Fund Linked Securities should be aware that depending on the terms of the Fund Linked Securities (i) they may receive no or a limited amount of interest (or other periodic payments), (ii) payments or delivery of any specified assets may occur at a different time than expected and (iii) except in the case of Securities which are principally protected at maturity, they may lose all or a substantial portion of their investment if the value of the fund share(s) or unit(s) do not move in the anticipated direction.

In addition, the movements in the price of fund share(s) or unit(s) may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant price of the fund share(s) or unit(s) may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the price or prices of the fund share(s) or unit(s), the greater the effect on yield.

Despite the fact that, in relation to any Fund, a net asset value may be published, potential investors should be aware that in most cases payments on the Fund Linked Securities will be determined by reference to amounts that would be received by a hypothetical investor in the relevant Fund. Any such amounts may be significantly different from amounts calculated by reference to the net asset value of the relevant Fund. In addition, potential investors should be aware that, in relation to payments due on Fund Linked Securities which are determined by reference to amounts that would be received by a hypothetical investor, where such hypothetical investor would receive payments after their scheduled payment date, corresponding delays may also be made to equivalent payments on the Fund Linked Securities.

As part of its investment policy, a Fund might invest in assets that are largely illiquid. A possible consequence of this is that the Fund is not able to sell these assets at the planned time, or can only do so at a lower price. If the planned sale is delayed, the value of the asset concerned can change substantially between the planned and actual time of sale. In the event of a negative change, the fund's net asset value may also decline. Such a delay may also create difficulties in calculating the fund's net asset value. Any such delayed calculation may entail further unfavourable consequences for the Securityholders.

Investors should be aware that a Fund that pursues "alternative investment strategies" (for example, a hedge fund) also bears the risks specific to such types of investment strategy. These may include one or more of the following: lack of transparency, inadequate investment restrictions, concentration of risks, leverage, use of derivatives, short sales and trading in illiquid instruments. In addition, the fund manager and any trustee are often unable to offer any protection against the risk of fraud or misrepresentation by a trading consultant, asset manager or other service provider of the fund.

Furthermore, investors should be aware that the Fund may either invest directly in the assets or may reference the assets' performance using a multitude of hedging strategies and/or mathematical modelling techniques. These strategies and techniques can change over time. They may also be speculative in nature, prove ineffective, or entail a substantial risk of loss. It may be difficult to obtain valuations of products to which such strategies and/or techniques are applied. Furthermore, the loss in value regarding such products may be greater than with other investments. Alternative investment vehicles are often unregulated, offer only limited information about their activities, may charge high costs, commissions and fees (including fees charged on the basis of unrealised profits), have no minimum credit standards, pursue short-selling strategies, use external resources to a large degree, and offer securities relating to accounts not managed separately.

Valuation errors in calculating the net asset value of investment vehicles contained in a fund of funds affect the calculation of that fund of funds' net asset value and the relevant redemption proceeds. A fund of funds may invest in vehicles that are not quoted in recognised securities markets or are traded over-the-counter. In these cases, the net asset value of the investment vehicle as calculated by its manager is used to calculate the net asset value of the fund of funds. Should the data obtained be erroneous in any way, this can have a substantial impact on the fund of funds' net asset value and the relevant redemption proceeds. The manager of an investment vehicle might calculate the respective net asset value with delays, in which case the calculation of the net asset value per share of the fund of funds can be based on the estimated net asset value per share of such vehicle. The estimated net asset value can differ from the final one published later. Since a Fund may invest in shares of investment vehicles that are not publicly quoted and can only be acquired through the management companies or administrators, obtaining confirmations of the execution of orders to buy or sell investments can also be delayed. The determination of the net asset value can be based on such orders to buy or sell investments even before confirmation of the actual execution has been received. If such a confirmation does not precisely correspond to the orders issued, this can have a substantial impact on the net asset value and thus the relevant redemption proceeds.

The relevant Fund may concentrate its assets on certain countries, industries or investment classes. In this case it can be subject to greater fluctuations in value than if it diversified the risks among lines of business, regions and countries. The value of investments in certain countries, industries and investment classes may be very volatile within brief periods of time.

The relevant Fund may be subject to substantial currency risks. Even a Fund's hedging transactions may not exclude such risks. Funds that invest in lightly regulated, narrow and exotic markets face certain risks. For example, some markets can face government actions resulting in the full or partial loss of the invested asset or attachment of the asset invested there. These markets might also be regulated less reliably than others.

Funds might be subject to no supervision or may invest in vehicles that are themselves unsupervised. Conversely, the introduction of supervision over previously unregulated funds can result in substantial disadvantages for them.

A large number of subscription or repurchase orders with the Fund by investors can lead to either an accelerated sale or temporary dilution of assets and higher fees for the remaining investors or "gating" where such orders are only satisfied in part, with others being delayed.

If the Final Redemption Amount, Cash Settlement Amount or interest payable, or Entitlement deliverable, are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price of the fund share(s) or unit(s) on the Final Redemption Amount, Cash Settlement Amount or interest payable, or Entitlement deliverable, will be magnified.

The price of unit(s) or fund share(s) may be affected by the performance of the fund service providers, and in particular the investment adviser.

Following the existence or occurrence of any Fund Potential Adjustment Event (whether or not such Potential Fund Adjustment Event is continuing), the Calculation Agent will determine whether such Fund Potential Adjustment Event has a diluting, concentrative or other effect on the relevant Fund Interest and, if so, may make a corresponding adjustment, if any, to any one or more of any of the terms of the Conditions and/or the applicable Final Terms as the Calculation Agent determines appropriate to account for that diluting, concentrative or other effect and determine the effective date of that adjustment. Any such adjustment may have an adverse effect on the value and liquidity of the affected Fund Linked Securities.

Following the existence or occurrence of a Fund Event (whether or not such Fund Event is continuing), the Issuer may:

- (i) require the Calculation Agent to make such determinations and/or adjustments to the Conditions and/or the applicable Final Terms as it determines appropriate to account for the Fund Event (including, if so specified in the applicable Final Terms, replacing any affected Fund Interest with a replacement Fund Interest);
- (ii) redeem or cancel, as applicable, the Securities;
- (iii) redeem or cancel, as applicable, a portion of the Securities and elect, in lieu of payment, to deliver or procure delivery of some or all of the relevant Fund Interests (or, if applicable, Spin-off Fund Interests) to which the Securities relate;
- (iv) redeem or cancel, as applicable, a portion of the Securities at such amount as the Calculation Agent determines could be realised by a Hypothetical Investor for immediately available cash proceeds at such time, less all unwind costs, taxes and expenses incurred by the Issuer or any Affiliate or agent in such realisation; or
- (v) delay payment of any redemption, settlement, interest amounts (in the case of Fund Linked N&C Securities) or additional amounts (in the case of Fund Linked W&C Securities).

The application of any such provisions may have an adverse effect on the value and liquidity of the affected Fund Linked Securities. Prospective purchasers should review the relevant Conditions of the Securities and the applicable Final Terms to ascertain whether and how such provisions apply to the Securities.

Subject as may be provided in the applicable Final Terms (in the case of Exempt Securities only), the price in respect of a Fund and the related Relevant Holding, will be determined by reference to an amount in the Settlement Currency determined by the Calculation Agent to be equal to the redemption proceeds relating to the Relevant Holding that the Calculation Agent determines would be received by a hypothetical investor. A Relevant Holding, in respect of a Fund, is the holding of such number or amount of Fund Interests per nominal amount of N&C Securities equal to the Calculation Amount or per W&C Security, as applicable, as is specified in the applicable Final Terms which shall be deemed to be acquired by a hypothetical investor. Such Relevant Holding may be subject to adjustment including but without limitation following (i) interest payments, if any, (ii) Fund equalisations or (iii) the redemption of Fund Shares attributed to fee payments.

Where any such adjustment has the effect of decreasing the Relevant Holding, this may have an adverse effect on the calculation of the price of the Fund and, consequently, the performance of the Fund Linked Securities.

In the case of Fund Linked Securities linked to Exchange Traded Funds, if the Calculation Agent determines that an event giving rise to a Disrupted Day has occurred at any relevant time any such determination may have an effect on the timing of valuation and consequently the value of the Securities and/or may delay settlement in respect of the Securities. Prospective purchasers should review the relevant Terms and Conditions and the applicable Final Terms to ascertain whether and how such provisions apply to the Securities.

Funds regularly charge fees (such as management fees) that lower the redemption proceeds used to determine the redemption, cancellation and/or interim amounts under the Securities. In addition, other fees and expenses can be incurred that are charged by third persons employed by the fund manager to provide services connected to the Fund (such as custodian bank fees, fees for investment advice and auditing). Furthermore, the fund manager, asset manager or investment consultant may charge a performance-related fee.

There may also be fees incurred at the level of the assets held by a Fund that lower the value of these assets, and thereby also indirectly lower the net asset value of the Fund itself. Such fees occur especially if the Fund for its part invests in other funds (a fund of funds) or other investment vehicles or instruments entailing fees.

These fees may lower the net asset value of the fund, and thereby also indirectly lower the redemption, cancellation and/or interim amounts under the Securities.

Certain conflicts of interest may occur in connection with a Fund's business activities. With a trustee, manager or consultant of the Fund, potential conflicts of interest may arise due to fee refunds or other benefits. In addition, advisers of the Fund and their employees may perform management, trading or consulting services for other accounts. Where investments are lucrative, one of these people might be tempted to initially favour the portfolios yielding the highest fees.

Similarly, fund advisors and their employees or senior officials may provide management, trading or consulting services for their own accounts and those of other customers and make recommendations or adopt positions differing from those issued for or maintained by the Fund or competing with those of the Fund. People entrusted with managing the Fund assets might receive performance fees but not participate in possible losses. This can create an incentive to execute riskier transactions. Furthermore, persons connected with an administrator, manager, trustee or other persons involved in the fund's management might enter into their own transactions with the fund. Besides these, other conflicts of interest may exist.

In the case of Fund Linked Securities linked to Exchange Traded Funds (**ETFs**) following the declaration by the ETF of the occurrence of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical relevant Fund Shares and, if so, will (i) make the corresponding adjustment, if any, to any of the terms of the relevant Conditions and/or the applicable Final Terms as the Calculation Agent determines appropriate to account for that diluting or concentrative effect and (ii) determine the effective date of that adjustment. Such adjustment may have an adverse effect on the value and liquidity of the affected Fund Linked Securities.

In addition, in the case of Fund Linked Securities linked to Exchange Traded Funds, if a Merger Event, Tender Offer, De-listing, Material Underlying Event, Nationalisation or Insolvency occurs in relation to any Fund Share, the Issuer may, *inter alia*, take the action described in (i) or (ii) below:

- (i) require the Calculation Agent to determine the appropriate adjustment, if any, to be made to any of the relevant Conditions and/or the applicable Final Terms to account for the Merger Event, Tender Offer, De-listing, Material Underlying Event, Nationalisation or Insolvency and determine the

effective date of that adjustment. Such adjustment may have an adverse effect on the value and liquidity of the affected Fund Linked Securities; or

- (ii) redeem or cancel, as applicable, all of the Securities. Following such redemption or cancellation an investor generally would not be able to reinvest the redemption or cancellation proceeds at an effective interest rate as high as the interest rate on the relevant Securities being redeemed or cancelled and may only be able to do so at a significantly lower rate. Prospective investors should consider reinvestment risk in light of other investments available at that time.

The market price of Fund Linked Securities may be volatile and may depend on the time remaining to the redemption date or settlement date (as applicable) and the volatility of the price of fund share(s) or unit(s). The price of fund share(s) or unit(s) may be affected by the economic, financial and political events in one or more jurisdictions, including factors affecting the exchange(s) or quotation system(s) on which any units in the fund or funds may be traded.

In the case of Fund Linked Securities linked to Exchange Traded Funds, the Exchange Traded Fund may be linked to or otherwise track the price of a commodity, for example precious metals such as gold. Such Fund Linked Securities linked to Exchange Traded Funds will be subject to a number of additional risk factors that may cause price volatility as further described in respect of commodities in the section entitled "*Risks relating to Commodity Linked Securities*" above.

Risks relating to Type A Fund Linked Securities

Where W&C Securities are Type A Fund Linked Securities, the value of a security in the Initial Reference ETF is relevant for the purposes of calculating the Exercise Price and the Fixed Spread and the value of a share or unit in Final Reference ETF is relevant for the purposes of calculating the Final Price and the Fixed Spread. The aim of the Fixed Spread is that the Settlement Price used for the determination of the Cash Settlement Amount should be approximately the same as the closing price of securities in the Initial Reference ETF on the Final Valuation Date (assuming that the difference between the official closing prices of securities in the Initial Reference ETF and the Final Reference ETF on the Final Valuation Date is approximately the same as such historical price difference as determined by the Calculation Agent on the Initial Valuation Date). No assurance can be given that this will be the case or accordingly that this aim will be achieved. This in turn may have an adverse effect on the value of Type A Fund Linked Securities.

Risks relating to Inflation Linked Securities

The Issuer may issue Inflation Linked Securities where the Final Redemption Amount, Cash Settlement Amount or interest or other interim amounts payable are dependent upon the level or changes in the level of an inflation index or a basket of inflation indices. An investment in Inflation Linked Securities will entail significant risks not associated with a conventional debt security.

Inflation Linked Redemption N&C Securities may be redeemable by the Issuer by payment of the par value amount and/or by payment of an amount determined by reference to the value of the inflation index/indices. The coupon payable on Inflation Linked Interest N&C Securities may be calculated by reference to the value of one or more inflation index/indices and/or by whether that value is equal to, above or below one or more specified levels.

Inflation Linked W&C Securities will be settled by payment of an amount determined by reference to the value of the inflation index/indices.

Potential investors in Inflation Linked Securities should be aware that depending on the terms of the Inflation Linked Securities (i) they may receive no or a limited amount of interest (or other periodic payments), (ii) payments may occur at a different time than expected and (iii) except in the case of Securities which are principally protected at maturity, they may lose all or a substantial portion of their principal investment if the value of the inflation index does not move in the anticipated direction.

In addition, the movements in the level of the inflation index may be subject to significant fluctuations that may not correlate with changes in other economic variables or indices and the timing of changes in the relevant level of the inflation index may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the level of an inflation index or result of a formula, the greater the effect on yield.

If the Final Redemption Amount, Cash Settlement Amount or interest payable are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the level of an inflation index on the Final Redemption Amount, Cash Settlement Amount or interest payable will be magnified.

Pursuant to the relevant Conditions, the Calculation Agent may make determinations in relation to the inflation index or indices, and in certain circumstances, following cessation of publication of the inflation index, the Calculation Agent may determine that there is no appropriate alternative inflation index, in which case the Issuer may redeem or cancel the Securities, as applicable. Such determinations may have an effect on the timing of valuation and consequently the value of the Securities and/or may delay settlement in respect of the Securities. Prospective purchasers should review the relevant Conditions of the Securities and the applicable Final Terms to ascertain whether and how such provisions apply to the Securities.

The market price of Inflation Linked Securities may be volatile and may depend on the time remaining to the redemption date or exercise date (as applicable) and the volatility of the level of the inflation index. The level of the inflation index may be affected by the economic, financial and political events in one or more jurisdictions.

Risks relating to Credit Linked Securities

General risks relating to Credit Linked Securities

The Issuer may issue Credit Linked Securities where the amount payable is dependent upon whether certain events (**Credit Events**) have occurred in respect of one or more Reference Entity/Entities and, if so, on the value of certain specified assets of such Reference Entity/Entities or where, if such events have occurred, on redemption or cancellation (as applicable) the Issuer's obligation is to deliver certain specified assets.

Prospective investors in any such Credit Linked Securities should be aware that depending on the terms of the Credit Linked Securities (i) they may receive no or a limited amount of interest (or other periodic payments), (ii) payments may occur at a different time than expected and (iii) except in the case of Securities which are principally protected at maturity, they may lose all or a substantial portion of their investment.

The market price of Credit Linked Securities may be volatile and will be affected by, amongst other things, the time remaining to the redemption date or settlement date, as applicable, prevailing credit spreads and the creditworthiness of the relevant Reference Entity which in turn may be affected by the economic, financial and political events in one or more jurisdictions. In the event of early redemption or early cancellation, as applicable, of Credit Linked Securities following the occurrence of a Credit Event, the Credit Linked Securities will either (i) cease to bear interest from the Coupon Payment Date immediately preceding the Credit Event Determination Date if "Accrual of Interest upon Credit Event" is specified as Not Applicable in the applicable Final Terms, or (ii) cease to bear interest from the Credit Event Determination Date if "Accrual of Interest upon Credit Event" is specified as being Applicable in the applicable Final Terms.

Where the Credit Linked Securities provide for physical delivery, the Issuer may determine that the specified assets to be delivered are either (a) assets which for any reason (including, without limitation, failure of the relevant clearance system or due to any law, regulation, court order or market conditions but excluding the non-receipt of any requisite consents with respect to the delivery of assets which are loans) it is impossible or illegal to deliver on the specified settlement date or (b) assets which the Issuer and/or any Affiliate and/or agent has not received under the terms of any transaction and/or trading position entered into by the Issuer

and/or such Affiliate and/or agent to hedge the Issuer's obligations in respect of the Credit Linked Securities. Any such determination may delay settlement in respect of the Credit Linked Securities and/or cause the obligation to deliver such specified assets to be replaced by an obligation to pay a cash amount which, in either case, may affect the value of the Credit Linked Securities and, in the case of payment of a cash amount, will affect the timing of the valuation of such Credit Linked Securities and as a result, the amount payable on redemption or cancellation. In addition, since the deliverable assets will be issued, guaranteed or insured by the Reference Entity affected by a Credit Event, the value of such assets at the relevant time may be considerably less than would be the case if a Credit Event had not occurred. Prospective investors should review the relevant Conditions and the applicable Final Terms to ascertain whether and how such provisions should apply to the Credit Linked Securities.

The Issuer, the Guarantor (in the case of Guaranteed Securities which are Credit Linked Securities), the Dealer(s) or any of their respective Affiliates may have acquired, or during the term of the Securities may acquire, non-public information with respect to the Reference Entity/Entities that they may not disclose. Prospective investors must therefore make an investment decision based upon their own due diligence and purchase the Credit Linked Securities in the knowledge that non-public information which the Issuer, the Guarantor (if applicable), the Dealer(s) or any of their respective Affiliates may have will not be disclosed to investors. None of the Issuer, the Guarantor, the Dealer(s) or any of their respective Affiliates is under any obligation (i) to review on the Securityholders' behalf the business, financial conditions, prospects, creditworthiness, status or affairs of the Reference Entity/Entities or conduct any investigation or due diligence into the Reference Entity/Entities or (ii) other than as may be required by applicable rules and regulations relating to the Securities, to make available (a) any information relating to the Securities or (b) any non-public information they may possess in respect of the Reference Entity/Entities.

Certain Credit Linked Securities may be highly leveraged instruments, including without limitation (i) Credit Linked Securities linked to a notional amount relating to Reference Entities or Reference Obligations exceeding the Calculation Amount or Issue Price of the Credit Linked Securities, as applicable, or (ii) Credit Linked Securities linked to the first-to-default reference entity within a reference portfolio (or similar arrangements over a reference portfolio). The use of leverage is a speculative investment technique designed to enhance returns. However, such technique will also magnify the adverse impacts of a Credit Event.

In the case of Physical Delivery, where the Reference Obligation is a loan, in order for the Delivery of the loan (or an interest in the loan) to be effected, the Reference Obligation must be capable of being transferred to the Securityholder in accordance with its terms and the Securityholders must have the capacity to hold such loan (or loan interest).

Where the provisions of Annex 7 apply to the Credit Linked Securities, in the event that the Calculation Agent is unable to identify a Substitute Reference Obligation prior to the Extension Date, and if so specified in the applicable Final Terms:

- (a) the Issuer shall have the right on or after the Extension Date to redeem or cancel the Credit Linked Securities, as applicable, at their fair market value by notice to the Securityholders of the relevant Securities; or
- (b) the obligations of the Issuer under the Securities shall cease as of the end of the day on the Extension Date.

Where the provisions of Annex 15 apply to the Credit Linked Securities, if a Substitution Event has occurred with respect to the Non-Standard Reference Obligation and the Calculation Agent determines that no Substitute Reference Obligation is available for the Non-Standard Reference Obligation then, subject to the provisions of the definition of Substitute Reference Obligation, the Calculation Agent shall continue to attempt to identify the Substitute Reference Obligation until the Extension Date although the Calculation Agent is not obliged to select a Substitute Reference Obligation at any time. If (A) either (i) Cash Settlement is specified as the Settlement Method in the applicable Final Terms (or is applicable pursuant to the Fallback

Settlement Method) and the Credit Event Redemption Amount is determined by reference to a Reference Obligation or (ii) either Auction Settlement or Physical Delivery is specified as the Settlement Method in the applicable Final Terms (or, in the case of Physical Delivery, is applicable pursuant to the Fallback Settlement Method) and, in each case, the Reference Obligation is the only Deliverable Obligation and (B) on or prior to the Extension Date, a Substitute Reference Obligation has not been identified, then the Issuer shall have the right on or after the Extension Date to redeem the Securities at the Early Redemption Amount (determined by the Calculation Agent taking into account the creditworthiness of the Reference Entity at the time of the early redemption) by notice to the Holders of the relevant Credit Linked Securities, such payment to be made as specified in such notice. Such notice shall contain details of the procedures and due date for such early redemption.

The Issuer's obligations in respect of Credit Linked Securities are irrespective of the existence or amount of the Issuer's and/or any Affiliates' credit exposure to a Reference Entity and the Issuer and/or any Affiliate need not suffer any loss nor provide evidence of any loss as a result of the occurrence of a Credit Event.

ISDA Credit Derivatives Definitions

This Base Prospectus contains Additional Terms and Conditions for Credit Linked Securities with terms based on the 2003 ISDA Credit Derivatives Definitions (as supplemented) (the **2003 ISDA Definitions**) and further Additional Terms and Conditions for Credit Linked Securities with terms based on the 2014 Credit Derivatives Definitions (the **2014 ISDA Definitions**). While there are many similarities between the terms used in such Additional Terms and Conditions for Credit Linked Securities and the terms used in the 2003 ISDA Definitions, or the 2014 ISDA Definitions, as applicable, there are a number of differences. In particular, the Issuer and the Guarantor have determined that certain provisions of the Credit Derivatives Definitions, which are intended for use by market participants in "over the counter" transactions, require amendment when incorporated in the terms of an offering of securities such as the Credit Linked Securities and amendments have also been made to reflect any hedging arrangements the Issuer may put in place. The terms and conditions of the Credit Linked Securities also afford the Calculation Agent discretion in respect of determining certain terms that differ in substance in comparison to corresponding terms contemplated in the ISDA Definitions, including, without limitation, the date on which a Credit Event Determination Date, the Credit Settlement Date or Valuation Date will fall, the applicability of the Fallback Settlement Method (which may be determined, *inter alia*, by reference to the Hedging Arrangements) and the Settlement Suspension provisions or determination of the Quotation Amount. Therefore, a prospective investor should understand that the complete terms and conditions of the Credit Linked Securities are as set out in this Base Prospectus and the applicable Final Terms and that neither the 2003 ISDA Definitions nor the 2014 ISDA Definitions are incorporated by reference herein. Consequently, investing in Credit Linked Securities is not necessarily equivalent to investing in a credit default swap that incorporates either set of ISDA Definitions.

While ISDA has published and, where applicable, supplemented the 2003 ISDA Definitions and the 2014 ISDA Definitions in order to facilitate transactions and promote uniformity in the credit derivatives market, the credit derivatives market has evolved over time and is expected to continue to change. Consequently, the 2003 ISDA Definitions and the 2014 ISDA Definitions and the terms applied to credit derivatives, including Credit Linked Securities are subject to further evolution. Past events have shown that the view of market participants may differ as to how the Credit Derivatives Definitions operate or should operate. As a result of the continued evolution of the market, the Credit Linked Securities may not conform to future market standards. Such a result may have a negative impact on the Credit Linked Securities. Furthermore, there can be no assurances that changes to the terms applicable to credit derivatives generally will be predicable or favourable to the Issuer, the Guarantor or the Securityholders.

Differences between the 2003 ISDA Definitions and the 2014 ISDA Definitions

There are a number of important differences between the 2003 ISDA Definitions and the 2014 ISDA Definitions. In particular the 2014 ISDA Definitions have:

- (a) introduced a new Credit Event of "Governmental Intervention", which is intended to capture "bail-in" procedures to which financial institutions may be subject;
- (b) made certain amendments to the Restructuring Credit Event to provide for the possibility of a Euro exit;
- (c) reduced the number of buckets applicable in circumstances where Mod Mod R is applicable and deleted the concept of the "Enabling Obligation" which was previously applicable to both Mod R and Mod Mod R;
- (d) introduced the concept of Asset Package Delivery in respect of certain Financial Reference Entities and Sovereigns. This provides that if Deliverable Obligations are exchanged into non-Deliverable assets or written-down in part or in full, in certain circumstances, the credit protection buyer will be able to deliver the resultant package of Assets or the written-down Deliverable Obligation to realise its protection;
- (e) split credit protection between senior and subordinated coverage in respect of a Governmental Intervention and Restructuring Credit Event for Financial Reference Entities, i.e. a Senior Transaction will only be triggered by a Restructuring or Governmental Intervention of Senior Obligations and a Subordinated Transaction will not be capable of being triggered by a Restructuring or Governmental Intervention of an obligation which is Subordinated to the Subordinated Reference Obligation;
- (f) made a number of changes to the provisions for determining a Successor to a Reference Entity, particularly with respect to Financial and Sovereign Reference Entities;
- (g) provided for a new election of "Standard Reference Obligation" which, if chosen, will mean that the Reference Obligation will be the obligation of the relevant seniority level published in respect of the relevant Reference Entity on a List maintained by ISDA. Parties to a transaction on the terms of the 2014 ISDA Definitions may elect not to apply that election such that the Reference Obligation would remain as chosen by the parties, although, if this is the case, the procedure for selecting a Substitute Reference Obligation has also changed significantly in the 2014 ISDA Definitions;
- (h) replaced the Not Contingent Deliverable Obligation Characteristic with the concept of Outstanding Principal Balance. In order for an obligation (including the Reference Obligation) to constitute a Deliverable Obligation, it must have an Outstanding Principal Balance greater than zero;
- (i) amended the definition of "Qualifying Guarantee" to expand the universe of guarantees that can constitute Qualifying Guarantees (with a particular emphasis on including, to some extent, guarantees with caps or transfer provisions); and
- (j) introduced a large number of technical and other changes.

These changes in the 2014 ISDA Definitions as compared to the 2003 ISDA Definitions have been reflected in the Additional Terms and Conditions for Credit Linked Securities (2014 ISDA Credit Derivatives Definitions Version) in Annex 15 of this Base Prospectus, but in each case subject to important differences, including to reflect the nature of the Securities as compared to "over-the-counter" transactions and to reflect any hedging arrangements the Issuer may put in place. Some changes, such as the inclusion of a new Credit Event, may have significant economic effect on the Credit Linked Securities and may mean the value of the Credit Linked Securities and the return (if any) to investors is significantly different from Credit Linked Securities using the Additional Terms and Conditions for Credit Linked Securities (2003 ISDA Credit Derivatives Definitions Version) in Annex 7 of this Base Prospectus. Some changes may be disadvantageous to Securityholders and prospective investors should review carefully the terms of any issue of Securities and, where in any doubt, take advice from suitably qualified professional advisers.

Amendment of Credit Linked Conditions in accordance with market convention

The Calculation Agent may from time to time amend any provision of the Additional Terms and Conditions for Credit Linked Securities:

- (i) to incorporate and/or reflect further or alternative documents or protocols from time to time published by ISDA with respect to the documentation, trading or settlement of credit derivative transactions and/or the operation or application of determinations by the ISDA Credit Derivatives Determinations Committees; and/or
- (ii) in any manner which the Calculation Agent determines in a commercially reasonable manner is necessary or desirable to reflect or account for market practice for credit derivative transactions and/or reflect the Hedging Arrangements of the Issuer or any of its Affiliates.

Hedging Disruption

Where the provisions of Annex 15 apply to the Credit Linked Securities, the terms and conditions provide that in the event that (a) the Issuer and/or any of its Affiliates or agents is unable, after using commercially reasonable efforts, to acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the risk of the Issuer issuing and performing its obligations with respect to the Securities or to realise, recover or remit the proceeds of any such transaction(s) or asset(s), (b) the Reference Obligation no longer exists or other circumstances exist as described in paragraphs (a) or (b) of the definition of Substitution Event and no Substitute Reference Obligation is determined (which the Calculation Agent may determine not to do in its sole discretion), or (c) the existing Hedging Arrangements of the Issuer or any Affiliate, or the ability of the Issuer or any Affiliate to enter into new Hedging Arrangements, are affected by any change in any standard terms used in any relevant market (such standard terms including, without limitation, any version of the ISDA Credit Derivative Definitions, any supplements thereto or any other terms or documentation that may be published by ISDA from time to time, and such a change including, without limitation, any amendment to or reinterpretation of any standard terms or the publication or introduction of new standard terms) or in market practice in any relevant market, in the case of any of (a), (b) or (c) (each a **Hedging Adjustment Event**) the Issuer may (i) make such adjustment to the Conditions of the Securities (including, for the avoidance of doubt, the Credit Linked Conditions) as the Issuer determines is appropriate to account for such Hedging Adjustment Event and determine the effective date of that adjustment or (ii) if the Issuer determines that no adjustment that it could make would be sufficient (in the Issuer's opinion) to reflect the occurrence of the relevant Hedging Adjustment Event, the Issuer may redeem or cancel all but not some only of the Securities as of such date as the Calculation Agent shall determine by notice given to the Securityholders, each N&C Security being redeemed at the Early Redemption Amount and each W&C Security being cancelled at the Early Cancellation Amount as calculated by the Calculation Agent in accordance with W&C Securities Condition 5.

Physical Settlement Matrix

Where so specified in the applicable Final Terms, the Credit Linked Securities may incorporate certain specific terms (as amended pursuant to Credit Linked Condition 24) of the Credit Derivatives Physical Settlement Matrix as published by ISDA from time to time. The version of the Credit Derivatives Physical Settlement Matrix from which such terms are incorporated is as set out in the applicable Final Terms. Other than those terms specifically contemplated in Credit Linked Condition 24 and the applicable Final Terms, none of the other terms contemplated in the Credit Derivatives Physical Settlement Matrix shall be incorporated into the terms of the Credit Linked Securities.

Cheapest to deliver

Following a Credit Event Determination Date, subject to Auction Settlement procedures, if applicable, the Issuer is entitled to select an Obligation for delivery (or, if Cash Settlement applies, for valuation) which has

the lowest value in the market at the relevant time, provided such obligation satisfies certain specifications and limits for qualification as a Deliverable Obligation or Obligation (as the case may be).

Increase of risk due to the replacement of a Reference Entity or succession

Reference Entities may be replaced due to events beyond the control of the Issuer, such as the merger of a corporate entity with another entity, in which case the Reference Entity may be replaced by its successor. Each such replacement may result in an increase in the risks involved for the Securityholders.

Concentration risks in case of Credit Linked N&C Securities referring to a portfolio of Reference Entities

The probability of the occurrence of Credit Events with respect to the Reference Entities in a portfolio may depend on the degree of diversification among the Reference Entities. The composition of the portfolio of Reference Entities may change after the Issue Date. Such change may result in an increase of concentration among the Reference Entities and therefore also in an increase in the risks associated with such concentration.

Amendment of Credit Linked Conditions in accordance with the terms of the Securities

In addition to any amendments the Calculation Agent may make from time to time to the provisions of the Additional Terms and Conditions for Credit Linked Securities in accordance with market convention (described above), the Additional Terms and Conditions for Credit Linked Securities themselves contain certain provisions which permit the Calculation Agent in certain circumstances to make certain adjustments to such Additional Terms and Conditions for Credit Linked Securities. Such adjustments may affect both payments made to Securityholders under the Credit Linked Securities and the timing of any such payments.

Risks relating to Auction Settlement of Credit Linked Securities

Auction Settlement

Where Auction Settlement is specified as the applicable Settlement Method in respect of a Series of Securities and an Auction Final Price Determination Date occurs, the Auction Final Price will be determined according to an auction procedure set out in the applicable Transaction Auction Settlement Terms, a form of which will be published by ISDA on its website at www.isda.org (or any successor website thereto) from time to time and may be amended from time to time. The Auction Final Price determined pursuant to an auction may be less than the market value that would otherwise have been determined in respect of the relevant Reference Obligation. The Issuer, the Guarantor and the Securityholders may have little or no influence in the outcome of any such auction.

Auction Final Price and the Issuer's and/or the Guarantor's ability to influence the Auction Final Price

If the Credit Linked Securities are redeemed or cancelled, as applicable, following the occurrence of a Credit Event, the amount payable in respect of the Securities may be determined by reference to the Auction Final Price determined according to an auction procedure set out in the applicable Transaction Auction Settlement Terms. There is a possibility that the Issuer, the Guarantor or the Calculation Agent (or one of their Affiliates) would act as a participating bidder in any such auction. In such capacity, it may take certain actions which may influence the Auction Final Price including (without limitation): (a) providing rates of conversion to determine the applicable currency conversion rates to be used to convert any obligations which are not denominated in the auction currency into such currency for the purposes of the auction; and (b) submitting bids, offers and physical settlement requests with respect to the relevant Deliverable Obligations. In deciding whether to take any such action (or whether to act as a participating bidder in any auction), the Issuer, the Guarantor or the Calculation Agent (or any Affiliate of any of them) shall be under no obligation to consider the interests of any Securityholder.

Zero Recovery Basket N&C Securities

If the Credit Linked Securities are Zero Recovery Basket Credit Linked N&C Securities, on the occurrence of a Credit Event in respect of a Reference Entity, the N&C Securities will not be redeemed by payment or delivery of any amount or asset and instead the Outstanding Nominal Amount by reference to which interest and amounts payable on redemption of the N&C Securities are calculated, will be reduced proportionately to the weighting of the Reference Entity in the basket and no amounts will be payable to investors in this respect. In certain circumstances the amount paid to Securityholders on redemption may be less than their original investment and, if the Outstanding Nominal Amount is reduced to zero, will be zero.

Role of the Credit Derivatives Determinations Committee

Credit Derivative Determinations Committees were established pursuant to the 2009 ISDA Credit Derivatives Determinations Committees and Auction Settlement Supplement to the 2003 ISDA Credit Derivatives Definitions (published on 12 March 2009) to make determinations that are relevant to the majority of the credit derivatives market and to promote transparency and consistency. Investors should consult the Issuer in case they require a copy of the ISDA Definitions. Credit Derivatives Determination Committees also apply under the 2014 ISDA Definitions. Both sets of Additional Terms and Conditions for Credit Linked Securities as set out in Annexes 7 and 15 of this Base Prospectus therefore reflect such auction procedures. In respect of a Credit Event relating to a Credit Linked Security, prospective purchasers should note that the Credit Derivatives Determinations Committee has the power to make binding decisions on critical issues such as whether a Credit Event has occurred, which obligations are to be valued and whether an auction should take place in accordance with and as more fully described in the Credit Derivatives Determinations Committees Rules, as published by ISDA on its website at www.isda.org (or any successor website thereto) from time to time and as amended from time to time in accordance with the terms thereof. Consequently, payments on the Credit Linked Securities and the timing of any such payments may be affected by any such relevant decisions if Auction Settlement is specified as the applicable Settlement Method for a series of Securities in the relevant Final Terms.

Credit Event, Succession Event and Successor Backstop Dates

In respect of a Credit Event relating to a series of Credit Linked Securities, a Credit Event may not be triggered unless a request is submitted to ISDA for the relevant Credit Derivatives Determinations Committee to consider whether the relevant event constitutes a Credit Event within 60 calendar days of the occurrence of such potential Credit Event unless a Credit Event Determination Date has already occurred with respect to such event.

For the purposes of the succession provisions the look-back period is 90 calendar days and functions similarly. These provisions mean that there is a time limit on the ability to act on a Credit Event or succession and that it is possible that the Credit Linked Securities could be affected by a Credit Event or succession that took place prior to the Trade Date.

Settlement Suspension, Adjustments and Interest Provisions

Credit Linked Condition 11 permits the Calculation Agent, at its option and only in the circumstances described in Credit Linked Condition 11, to determine that the applicable timing requirements of the Credit Linked Conditions (as determined by the Calculation Agent) shall toll and be suspended and remain suspended (such period of suspension, a **Suspension Period**) until either (i) where Annex 7 applies, such time as ISDA subsequently publicly announces that the relevant Credit Derivatives Determinations Committee has resolved (a) that a Credit Event has or has not occurred or (b) not to determine such matters or (ii) where Annex 15 applies, the date of the relevant DC Credit Event Announcement or DC Credit Event Question Dismissal. During such suspension period none of the Issuer, the Calculation Agent or any Securityholder are obliged to, nor are they entitled to, take any action in connection with the settlement of the Credit Linked Securities. Following the occurrence of one of the events described in (i) or (ii), the

relevant timing requirements of the Credit Linked Conditions that have previously tolled or been suspended shall resume on the Business Day following the occurrence of such event.

In the event of any such Suspension Period, the Calculation Agent may make (i) such consequential or other adjustment(s) or determination(s) to or in relation to these Credit Linked Conditions as may be desirable or required either during or following any relevant Suspension Period to account for or reflect such suspension and (ii) determine the effective date of such adjustment(s) or determination(s).

In the case of interest bearing Credit Linked N&C Securities, the Issuer shall be obliged to pay interest calculated in accordance with N&C Securities Condition 6 provided that:

- (a) if a Suspension Period falls in any one or more Coupon Period(s), then no interest shall accrue during each portion of a Coupon Period during which a Suspension Period exists; and
- (b) if a Coupon Payment Date falls in a Suspension Period, such Coupon Payment Date will be deferred until after the end of the Suspension Period.

Risks relating to Preference Share Linked N&C Securities

Risks in Relation to the Preference Shares

A wide range of Preference Share Linked N&C Securities may be issued under the Programme. A number of these Preference Share Linked N&C Securities may have features which contain particular risks for potential investors. Set out below is a description of the most common features for Preference Share Linked N&C Securities linked to Preference Shares.

No claim against any Preference Share or any Reference Item

A Preference Share Linked N&C Security will not represent a claim against any Preference Share or any Reference Item and, in the event of any loss, a Securityholder will not have recourse under a Preference Share Linked N&C Security to any Preference Share or any Reference Item.

General risks and risks relating to Preference Share Linked N&C Securities

Preference Share Linked N&C Securities linked to Preference Shares may involve a high degree of risk, which may include, among others, interest rate, foreign exchange, time value and political risks. Purchasers should be prepared to sustain a total loss of the purchase price of the Preference Share Linked N&C Securities. Prospective purchasers of Preference Share Linked N&C Securities should understand the risks of transactions involving the relevant Preference Share Linked N&C Securities and should reach an investment decision only after careful consideration, with their advisers, of the suitability of such Preference Share Linked N&C Securities in light of their particular financial circumstances, the information set forth herein and the information regarding the relevant Preference Share Linked N&C Securities and the particular Preference Shares and Reference Item(s).

Preference Share Linked N&C Securities linked to Preference Shares will represent an investment linked to the economic performance of the Preference Shares which will in turn be linked to the economic performance of one or more specified Reference Item(s) and prospective investors should note that the return (if any) on their investment in such Preference Share Linked N&C Securities will depend upon the performance of the Preference Shares, which will in turn depend upon the performance of such Reference Item(s). Potential investors should also note that whilst the redemption amount of such Preference Share Linked N&C Securities is linked to the market value of Preference Shares which will be influenced (positively or negatively) by the Reference Item(s), any change may not be comparable to a direct investment in the Reference Item(s) and may be disproportionate. It is impossible to predict how the level of the relevant Reference Item(s) will vary over time. In contrast to a direct investment in the relevant Reference Item(s), Preference Share Linked N&C Securities represent the right to receive payment of the

Final Redemption Amount(s), the value of which will be determined by reference to the market value of the relevant Preference Shares, which depends upon the performance of the relevant Reference Item(s).

As the amounts payable in respect of Preference Share Linked N&C Securities are linked to Preference Shares which are in turn linked to the performance of the relevant Reference Item(s), a purchaser of such a Preference Share Linked N&C Security must generally be correct about the direction, timing and magnitude of an anticipated change in the value of the relevant Reference Item(s). Assuming all other factors are held constant, the lower the value of the Preference Share Linked N&C Securities and the shorter the remaining term to redemption, the greater the risk that purchasers of such Preference Share Linked N&C Securities will lose all or part of their investment.

Preference Share Linked N&C Securities linked to Preference Shares are not principal protected. Investors in Preference Share Linked N&C Securities risk losing their entire investment if the value of the relevant Preference Shares and/or the relevant Reference Item(s) do not move in the anticipated direction.

In accordance with N&C Securities Condition 8.2 (*Redemption for tax reasons*), N&C Securities Condition 8.3 (*Redemption at the option of the Issuer (Issuer Call)*), N&C Securities Condition 8.5 (*Redemption upon a Regulatory Event*) and N&C Securities Condition 11 (*Events of Default and Enforcement*) or if the Issuer receives a notice from the Preference Share Issuer that the relevant Preference Shares are to be redeemed prior to the Maturity Date of the Preference Share Linked N&C Securities (which may occur where specified disruption or other events occur in relation to the Preference Shares and/or the Reference Items(s)), the Preference Share Linked N&C Securities may be subject to early redemption. As noted above, the Early Redemption Amount in this case is determined taking into account the value of the Preference Shares immediately prior to the time of the early redemption of the Preference Share Linked N&C Securities and such Preference Share value in turn may take into account deduction of certain costs of the Preference Share Issuer and also certain costs of issuers and their hedging counterparties in relation to financial products (such as the Preference Share Linked N&C Securities) related to the Preference Shares. **This may mean the value of the Preference Shares and consequently the Early Redemption Amount in respect of the Preference Share Linked N&C Securities, is less, and in some cases significantly less or zero, as a result.**

PROSPECTIVE INVESTORS SHOULD REVIEW THE TERMS AND CONDITIONS OF THE PREFERENCE SHARES TO UNDERSTAND THE RELEVANT REFERENCE ITEM(S) AND TO UNDERSTAND FACTORS AFFECTING THE VALUE OF THE PREFERENCE SHARES BEFORE MAKING ANY DECISION TO PURCHASE ANY PREFERENCE SHARE LINKED N&C SECURITIES.

Fluctuations in the value and/or volatility of the relevant Reference Item(s) will affect the value of the relevant Preference Shares and as a result, the value of the Preference Share Linked N&C Securities. Other factors which may influence the market value of the Preference Shares and as a result, the value of the Preference Share Linked N&C Securities, include interest rates, potential dividend or interest payments (as applicable) in respect of the relevant Reference Item(s), changes in the method of calculating the relevant Reference Item(s) from time to time and market expectations regarding the future performance of the relevant Reference Item(s) and its composition.

The Issuer may issue several issues of Preference Share Linked N&C Securities relating to a particular series of Preference Shares linked to a particular Reference Item. However, no assurance can be given that the Issuer will issue any such Preference Share Linked N&C Securities. At any given time, the number of Preference Share Linked N&C Securities outstanding may be substantial. Preference Share Linked N&C Securities provide opportunities for investment and pose risks to investors as a result of fluctuations in the value of the relevant Preference Shares, as a result of fluctuations in the value of the relevant Reference Item(s).

Risks in Relation to the Reference Item(s)

An investment in Preference Share Linked N&C Securities will entail significant risks not associated with conventional securities such as debt or equity securities. Preference Share Linked N&C Securities will be settled by payment of an amount determined by reference to the performance of the relevant Preference Shares, which depend on the performance of the relevant Reference Item(s). If the value of the Reference Item(s) does not move in the anticipated direction, the performance of the Preference Shares may be negative and thus the value of the Preference Share Linked N&C Securities linked to such Preference Shares will be adversely affected. Purchasers of Preference Share Linked N&C Securities linked to Preference Shares risk losing all or a part of their investment if the market value of the Preference Shares does not move in the anticipated direction.

Early redemption of the Preference Shares

The Preference Share Issuer may early redeem or cancel the Preference Shares if:

- (a) the Preference Share Calculation Agent (as defined below) determines that for reasons beyond the Preference Share Issuer's control, the performance of the Preference Share Issuer's obligations under the Preference Shares has become illegal or impractical in whole or in part for any reason; or
- (b) any event occurs in respect of which the adjustment provisions under the terms and conditions of the Preference Shares provide the Preference Shares may be cancelled or redeemed; or
- (c) a change in applicable law or regulation occurs that in the determination of the Preference Share Calculation Agent results, or will result, by reason of the Preference Shares being outstanding, in the Preference Share Issuer being required to be regulated by any additional regulatory authority, or being subject to any additional legal requirement or regulation or tax considered by the Preference Share Issuer to be onerous to it; or
- (d) the Preference Share Issuer is notified that the Preference Share Linked N&C Securities have become subject to early redemption.

If the Issuer receives a notice from the Preference Share Issuer of early redemption of the Preference Shares, the Issuer will notify Securityholders in accordance with N&C Securities Condition 16 and each Preference Share Linked N&C Security shall be redeemed at its Early Redemption Amount.

Risks relating to Index Linked Preference Shares

The Preference Share Linked N&C Securities are dependent upon the performance of the Preference Shares which are in turn dependent on the level of or changes in the level of an index or a basket of indices (**Index Linked Preference Shares**). The index or indices may notionally comprise reference equities, fund shares, bonds, other securities, property, currency exchange rates or other assets or bases of reference, and may be a well known and widely published index or indices or an index or indices established by the Issuer or another entity which may not be widely published or available. An investment in Preference Share Linked N&C Securities linked to Index Linked Preference Shares will entail significant risks not associated with a conventional security.

Potential investors in Preference Share Linked N&C Securities linked to Index Linked Preference Shares should be aware that, depending on the terms of the Index Linked Preference Shares, payments may occur at a different time than expected and they may lose all or a substantial portion of their investment if the value of the Preference Shares, determined by reference to the value of the index/indices, does not move in the anticipated direction.

In addition, the movements in the level of the index or indices may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the

relevant level of the index or indices may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the level of an index or result of a formula, the greater the effect on yield.

If amounts payable under the Index Linked Preference Shares are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the level of the index or the indices on the Index Linked Preference Shares will be magnified. This may, in turn, be reflected in the market value of the Index Linked Preference Shares (which will be relevant to calculating the Final Redemption Amount of the Preference Share Linked N&C Securities).

Prospective purchasers should review the Base Prospectus, the relevant Final Terms and the terms and conditions of the relevant Preference Shares to ascertain whether and how adjustment provisions apply to the Preference Shares, the potential for the Preference Shares to be cancelled or redeemed and the effect of such adjustments on the Preference Share Linked N&C Securities.

The market price of Preference Share Linked N&C Securities linked to Index Linked Preference Shares may be volatile and may depend on the time remaining to the redemption date and the volatility of the level of the index or indices. The level of the index or indices may be affected by the economic, financial and political events in one or more jurisdictions, including the stock exchange(s) or quotation system(s) on which any securities notionally comprising the index or indices may be traded.

Risks relating to Equity Linked Preference Shares

The Preference Share Linked N&C Securities are dependent upon the performance of the Preference Shares which are in turn dependent on the price of or changes in the price of shares or a basket of shares or the price of a GDR/ADR or a basket of GDRs/ADRs (**Equity Linked Preference Shares**). Accordingly, an investment in Preference Share Linked N&C Securities linked to Equity Linked Preference Shares may bear similar market risks to a direct equity investment and investors should take advice accordingly. An investment in Preference Share Linked N&C Securities linked to Equity Linked Preference Shares will entail significant risks not associated with a conventional security.

Potential investors in Preference Share Linked N&C Securities linked to Equity Linked Preference Shares should be aware that, depending on the terms of the Equity Linked Preference Shares, payments may occur at a different time than expected and they may lose all or a substantial portion of their investment if the value of the Equity Linked Preference Shares, which is determined by reference to the value of the share(s), does not move in the anticipated direction.

In addition, the movements in the price of the share or basket of shares may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant price of the share or shares may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the price of the share or shares, the greater the effect on yield.

If amounts payable under the Equity Linked Preference Shares are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price of the share or shares on the Equity Linked Preference Shares will be magnified. This may, in turn, be reflected in the market value of the Equity Linked Preference Shares (which will be relevant to calculating the Final Redemption Amount of the Preference Share Linked N&C Securities).

Prospective purchasers should review the Base Prospectus, these Final Terms and the terms and conditions of the Preference Shares to ascertain whether and how adjustment provisions apply to the Preference Shares, the potential for the Preference Shares to be cancelled or redeemed and the effect of such adjustments on the Preference Share Linked N&C Securities.

The market price of Preference Share Linked N&C Securities linked to Equity Linked Preference Shares may be volatile and may be affected by the time remaining to the redemption date, the volatility of the share or shares, the dividend rate (if any) and the financial results and prospects of the issuer or issuers of the relevant share or shares as well as economic, financial and political events in one or more jurisdictions, including factors affecting the stock exchange(s) or quotation system(s) on which any such shares may be traded.

Generally no issuer of the relevant share(s) will have participated in the preparation of the Final Terms or in establishing the terms and conditions of the Equity Linked Preference Shares and none of the Issuer or any Dealer will make any investigation or enquiry in connection with such offering with respect to any information concerning any such issuer of shares or in the documents from which such information was extracted. Consequently, there can be no assurance that all events occurring prior to the relevant issue date (including events that would affect the accuracy or completeness of any publicly available information) that would affect the trading price of the share will have been publicly disclosed. Subsequent disclosure of any such events or the disclosure of or failure to disclose material future events concerning such an issuer of shares could affect the trading price of the share and therefore the value of the Equity Linked Preference Shares, and therefore the value of the Preference Share Linked N&C Securities.

Holders of Preference Share Linked N&C Securities linked to Equity Linked Preference Shares will not have voting rights or rights to receive dividends or distributions or any other rights with respect to the relevant shares to which such Preference Shares relate.

Prospective purchasers should review the Base Prospectus, the relevant Final Terms and the terms and conditions of the relevant Preference Shares to ascertain whether and how adjustment provisions apply to the Preference Shares, the potential for the Preference Shares to be cancelled or redeemed and the effect of such adjustments on the Preference Share Linked N&C Securities.

Risks relating to Preference Share Linked N&C Securities linked to Commodity Linked Preference Shares

The Preference Share Linked N&C Securities are dependent upon the performance of the Preference Shares which are in turn dependent on the price or changes in the price of commodities, basket of commodities, a commodity index or basket of commodity indices (**Commodity Linked Preference Shares**). Accordingly, an investment in Preference Share Linked N&C Securities linked to Commodity Linked Preference Shares may bear similar market risks to a direct commodity investment and investors should take advice accordingly. An investment in Preference Share Linked N&C Securities linked to Commodity Linked Preference Shares will entail significant risks not associated with a conventional security.

Potential investors in Preference Share Linked N&C Securities linked to Commodity Linked Preference Shares should be aware that, depending on the terms of the Commodity Linked Preference Shares, payments may occur at a different time than expected and they may lose all or a substantial portion of their investment if the value of the Commodity Linked Preference Shares, which is determined by reference to the value of the commodity(ies) or commodity index(ices), does not move in the anticipated direction.

In addition, the movements in the price of the commodity(ies) or commodity index(ices) may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant price of the commodity(ies) or commodity index(ices) may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the price or level of the commodity(ies) or commodity index(ices), the greater the effect on yield.

If amounts payable under the Commodity Linked Preference Shares are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price or level of the commodity(ies) or commodity index(ices) on the Commodity Linked Preference Shares will be magnified. This may, in turn, be reflected in the market value of the Commodity Linked Preference Shares

(which will be relevant to calculating the Final Redemption Amount of the Preference Share Linked N&C Securities).

The market price of Preference Share Linked N&C Securities linked to Commodity Linked Preference Shares may be volatile and may be affected by the time remaining to the redemption date, the volatility of the commodity(ies) or commodity index(ices) as well as economic, financial and political events in one or more jurisdictions, including factors affecting the stock exchange(s) or quotation system(s) on which any such commodity(ies) may be traded.

Prospective purchasers should review the Base Prospectus, the relevant Final Terms and the terms and conditions of the relevant Preference Shares to ascertain whether and how adjustment provisions apply to the Preference Shares, the potential for the Preference Shares to be cancelled or redeemed and the effect of such adjustments on the Preference Share Linked N&C Securities.

Risks relating to Preference Share Linked N&C Securities linked to Fund Linked Preference Shares

The Preference Share Linked N&C Securities are dependent upon the performance of the Preference Shares which are in turn dependent on the price or changes in the price of an exchange traded fund share or unit or a basket of exchange traded fund shares or units (**Fund Linked Preference Shares**). Accordingly, an investment in Preference Share Linked N&C Securities linked to Fund Linked Preference Shares may bear similar market risks to a direct fund investment and investors should take advice accordingly. An investment in Preference Share Linked N&C Securities linked to Fund Linked Preference Shares will entail significant risks not associated with a conventional security.

Potential investors in Preference Share Linked N&C Securities linked to Fund Linked Preference Shares should be aware that, depending on the terms of the Fund Linked Preference Shares, payments may occur at a different time than expected and they may lose all or a substantial portion of their investment if the value of the Fund Linked Preference Shares, which is determined by reference to the value of exchange traded fund share(s) or unit(s), does not move in the anticipated direction.

In addition, the movements in the price of exchange traded fund share(s) or unit(s) may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant price of the exchange traded fund share(s) or unit(s) may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the price or prices of the exchange traded fund share(s) or unit(s), the greater the effect on yield.

If amounts payable under the Fund Linked Preference Shares are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price of the exchange traded fund share(s) or unit(s) on the Fund Linked Preference Shares will be magnified. This may, in turn, be reflected in the market value of the Fund Linked Preference Shares (which will be relevant to calculating the Final Redemption Amount of the Preference Share Linked N&C Securities).

The price of unit(s) or exchange traded fund share(s) may be affected by the performance of the fund service providers, and in particular the investment adviser.

Prospective purchasers should review the Base Prospectus, the relevant Final Terms and the terms and conditions of the relevant Preference Shares to ascertain whether and how adjustment provisions apply to the Preference Shares, the potential for the Preference Shares to be cancelled or redeemed and the effect of such adjustments on the Preference Share Linked N&C Securities.

The market price of Preference Share Linked N&C Securities linked to Fund Linked Preference Shares may be volatile and may depend on the time remaining to the redemption date and the volatility of the price of fund share(s) or unit(s). The price of fund share(s) or unit(s) may be affected by the economic, financial and

political events in one or more jurisdictions, including factors affecting the exchange(s) or quotation system(s) on which any units in the fund or funds may be traded.

Risks relating to specific product types which may be issued under the Programme

Set out below is a brief description of, and overview of risk factors associated with, certain specific types and structures of Securities which may be issued under the Programme. It is not intended to be an exhaustive list of structures or types of Securities. Any series of Securities may incorporate different components of each of the specific types of Securities described below and of other types of Securities described in this Base Prospectus and/or (in the case of Exempt Securities only) in the applicable Final Terms. This "*Risks relating to specific product types which may be issued under the Programme*" section should be read as an introduction to certain types of Securities to provide a greater understanding of the risks set out below and elsewhere in these "*Risk Factors*" and the descriptions in this "*Risks relating to specific product types which may be issued under the Programme*" section should be read in conjunction with the section "*Terms and Conditions of the N&C Securities*" or "*Terms and Conditions of the W&C Securities*", as applicable, and the applicable Final Terms.

Securities with principal protection

In relation to principal protected N&C Securities, principal protection only applies where such N&C Securities remain outstanding and are held until the Maturity Date. The principal amount of the N&C Securities is to be repaid at maturity in accordance with the terms and conditions of the N&C Securities. However, the ability of the Issuer to make payment of principal at maturity depends on the Issuer's ability to meet its obligations under the N&C Securities. In addition if an early redemption of the N&C Securities occurs in other circumstances, no principal protection will apply.

Principal protected N&C Securities can be linked to a range of Reference Items or a combination of them and at maturity will as a minimum pay out the full or a specified percentage of the original capital invested regardless of the performance of the relevant Reference Item(s) during the lifetime of the Security. In general a principal protected N&C Security will not perform as well as an unprotected N&C Security if the market goes up. The actual return will depend on the performance of the relevant Reference Item(s) as well as on the payoff profile as set out in the relevant documentation.

The simplest principal protected N&C Securities structure will pay out an amount above the principal protected level linked directly to the performance of the relevant Reference Item(s). The participation in the performance of the Reference Item(s) (above the principal protected level) might be capped or adjusted to a pre-set participation factor which can be less than 100 per cent.

Securities with no principal protection

Investors investing in W&C Securities, or N&C Securities with no principal protection at maturity or settlement, may fully participate in a downturn of the relevant Reference Item(s) and may lose up to 100 per cent. of the initial investment. The upside return profile of W&C Securities or non-principal protected N&C Securities can be similar to principal-protected N&C Securities but often perform better, generally due to higher participations or higher caps. The potential return profiles include linear upside with or without a pre-set maximum redemption or settlement amount as well as the return profiles described above. The downside nature of not having principal protection may be, but is not limited to, the below examples:

- (a) The Securities can have full, partial or leveraged participation in the downside performance of the Reference Item(s). This means that the Securities can have a lower or higher relative value than the Reference Item(s).
- (b) N&C Securities may provide for conditional principal protection which means that there is principal protection (full or in a specified percentage) as long as certain conditions are met. An example of a

condition is that the Reference Item(s) shall be trading above a certain level on the relevant observation dates. If the conditions are not met, the Securities can have full or leveraged exposure to the Reference Item(s) on the downside performance. Conditional principal protection could also be in the form of having exposure to downside performance of the Reference Item(s) until a pre-set performance level is reached on the relevant observation dates after which the Security is principal protected at maturity or settlement.

Return profiles

Set out below is a non-exhaustive, indicative list of certain types of products, product features and cash-flows that may be provided under this Programme. Any such products may be Principal Protected Securities (in the case of N&C Securities only) or non-Principal Protected Securities, as specified in the applicable Final Terms. For the avoidance of doubt, Securities may contain similar, identical or different features to those below and be referred to by other names. For the purposes of this section ("*Return profiles*") the term **reference assets** should be read as to include both reference assets and any other relevant reference bases.

Magnum Securities are Securities linked to the performance of a basket of reference assets. A pre-defined performance cap will be applied to each basket constituent when calculating the total basket performance. As a result, the basket performance cannot exceed the performance cap and if one or more basket constituents perform above such cap this upside will not be taken into account when calculating the basket performance.

Fixed Best Securities are Securities linked to the performance of a basket of reference assets. When calculating the basket performance, the performance of the best-performing one or more basket constituents (as specified in the applicable Final Terms) will be disregarded and replaced by a pre-defined performance level which can be higher or lower than the actual performance. Should the best performing basket constituent(s) trade above the predefined performance level then such upside will not be taken into account when calculating the basket performance.

Ladder (or Lock-in) Securities are Securities linked to the performance of the reference asset(s). The final redemption or cash settlement amount of the Securities will be linked to the development of the performance of the reference asset(s) and whether certain pre-set performance levels have been met or exceeded on any of the observation dates. The payout can be based on the maximum between the performance level of the reference asset(s) at maturity and the performance levels reached by the reference asset(s) on the relevant observation dates, or just be linked to the maximum performance level reached by the reference asset(s) on the relevant observation dates hence giving the investor the opportunity of locking in a better performance than realised at maturity.

Asian Call Securities are Securities linked to the performance of the reference asset(s). Payments under Asian Call Securities are linked to the average price of the reference asset(s) observed at predefined dates. The calculation of the redemption or cash settlement amount is based on the average of the closing levels of the reference asset(s) on such averaging dates as well as on the final valuation date. This will mean that the redemption or cash settlement amount will be different than that of a security whose redemption or cash settlement amount is only based on the closing level of the reference asset(s) on the final valuation date. Such averaging can protect the returns of the Security should the reference asset(s) fall in value immediately prior to the final valuation date but will result in lower returns if the reference asset(s) continually increases in value up to the final valuation date. A floor added to the Asian Call Securities (**Floored Asian Call Securities**) aims to reduce the downside risk for investors if the floor is below the initial level of the reference asset(s) (in which case it is not principal protected) and to provide a minimum redemption or cash settlement amount if the floor is above the initial level of the reference asset(s).

Outperformance Securities are Securities linked to the performance of two reference assets (or two baskets of reference assets). At maturity, they pay the positive difference of the performance between two reference assets. Thus, for a Security paying the outperformance of asset A over asset B (where asset A and asset B may also be baskets of reference assets), investors receive the difference in performance at maturity only if

the final performance of asset A is greater than the one of asset B. The redemption payment at maturity or cash settlement amount at exercise is therefore to some extent market neutral, since even if both assets trade below their initial levels, investors can still receive a payout above zero provided that asset A performs better than asset B.

Memory Coupon Securities are Securities linked to the performance of a basket of reference assets. The Memory Coupon Security pays fixed interim amounts if certain predetermined market conditions are realised at the relevant observation dates, e.g. all basket constituents trade above a specified barrier. If at a certain observation date, the pre-determined market condition is not met and no interim amounts will be paid, these "missed" interim amounts will be paid on the first following observation date where the predetermined condition is met. A freezer feature can be added (**Memory Coupon Freezer Securities**). If on any of the observation dates, a fixed number of constituents trade above a specified barrier, which is usually at a higher level than the first barrier, the freezer feature comes into effect, which locks in future interim payments at a predefined rate until maturity regardless of the future performance of the constituents.

Podium Securities are Securities linked to the performance of a basket of reference assets. The Podium Securities may pay annual interim amounts, which are determined by reference to the number of underlying assets that have closed above a pre-defined level at the relevant observation dates and a pre-determined table of possible payments.

Digital Securities are Securities linked to the performance of the reference asset(s). They offer pre-determined interim amounts only if the reference asset(s) have fulfilled certain criteria on the relevant observation date. The interim amounts can be paid during the life of the Security or at maturity as outlined in the applicable Final Terms which may be by reference to positive or negative performance.

Range Accrual Securities are Securities which may pay interim amounts linked to the performance of the reference asset(s) that accrues only on days during a preset period on which the performance of the reference asset(s) is within a certain pre-determined range. Consequently, the interim amounts payable will be lower where the performance of the reference asset(s) was trading outside the pre-determined range during such interim amounts period (dependent on the amount of days the reference asset is outside the pre-determined range). The market value of the Securities may be adversely affected by rising implied volatility of the reference asset(s) or movements in the performance of such reference asset(s) which indicate that the performance of the reference asset(s) will be outside the pre-determined range during a relevant period. The market value of the Securities will also be affected by the absolute amount of interim amounts payable on the Securities.

Bonus Securities are Securities linked to the performance of one or more reference asset(s). The Bonus Securities have two special features: a bonus and a barrier. The barrier is fixed in advance and will be specified in the applicable Final Terms as a level below the initial level of the reference asset(s). The bonus is a minimum redemption or cash settlement amount that is fixed before the Security is issued and is usually set above the original issue price. The bonus represents a repayment of capital and a minimum return. However, investors only benefit from the bonus feature if the reference asset(s) trades above the preset barrier throughout the life of the Securities. As long as the reference asset never reaches or breaches the barrier, the bonus feature applies and investors benefit at maturity from any positive performance of the reference asset, with a minimum redemption or cash settlement amount equal to the bonus. The bonus feature is deactivated if the reference asset touches the barrier. The return on the Securities then depends only on the price of the reference asset at maturity, with no minimum redemption or cash settlement amount. As a result the investor will fully participate in a downturn. If the price of the reference asset(s) falls during the life of the Security, the invested capital is not protected and the investor may lose up to 100 per cent. of the initial investment. Where the reference asset(s) is equity, investors do not benefit from any dividends paid to direct investors in the reference asset(s).

Reverse Convertible Securities are Securities linked to the performance of the reference asset(s). Reverse Convertible Securities provide fixed interim payments (irrespective of the performance of the reference

asset(s)). The redemption amount on maturity or cash settlement amount on exercise, however, depends on the price of the reference asset(s) on the relevant observation date(s). If the reference asset(s) on the relevant observation date or during the relevant observation period has traded at or above a preset level investors receive the principal invested. If the reference asset(s) has traded below the pre-set level during the relevant observation period, investors fully participate in a downturn and may lose up to 100 per cent. of the initial investment or they may receive delivery of the physical reference asset(s) instead of any principal. In case of a physical delivery any remaining fractional amount may be settled by means of cash payment if so indicated in the applicable Final Terms.

Autocallable Securities are Securities linked to the performance of one or more reference asset(s). The Securities are automatically redeemed or cancelled prior to the maturity or settlement date if certain conditions are met, e.g. if the performance of the reference asset(s) reaches a pre-determined level on the relevant observation date(s) or during the relevant observation period(s). Upon such automatic early redemption or cancellation the investor usually receives the principal invested plus an additional payout linked to the reference asset(s), e.g. as interest. If at maturity the relevant event has not occurred and the performance of the reference asset has been at or below a predefined barrier on the observation date or during the observation period, the investor will usually participate in any downside and may lose up to 100 per cent. of the initial investment.

Discount Securities are Securities linked to the performance of one or more reference asset(s). When purchasing Discount Securities the investor benefits from a discount compared to the market price of the reference asset(s). However, in turn for the discount the participation in the upside performance of the reference asset(s) is capped. If the reference asset(s) is trading at or above a preset cap on maturity or exercise, the redemption or cash settlement amount will be equal to the cap. If the reference asset(s) is trading below the cap on maturity or exercise, the redemption or cash settlement amount will be determined by reference to the performance of the reference asset(s). The higher the cap, the greater the maximum possible yield will be, but this will also result in less of a discount and as a result a slimmer cushion against the risk of falling prices. A lower cap, on the other hand, means less upside potential, but a lesser risk of losing the invested capital. Discount Securities are not capital protected and the investors may lose up to 100 per cent. of their investment.

Leveraged Securities are Securities linked to the performance of one or more reference asset(s). Leveraged Securities offer investors enhanced participation in the upside or downside performance of the reference asset(s) by way of leverage. Securities with a leverage feature have a leveraged exposure to the underlying reference asset(s) and as such (i) any movement in the value of the reference asset(s) will cause a greater movement in the value of the Securities, which will result in greater gains or losses for the investor than if the investment had been in the reference asset(s) and had not been leveraged and (ii) any movement in the value of the reference asset(s) will cause a greater movement in amounts payable under the Leveraged Security than if a security linked to such reference asset(s) were not leveraged. There is an increased risk with Leveraged Securities that the investor may lose all of its initial investment.

FX Linked Securities are securities that have an interest and/or redemption or cash settlement amount, as applicable, that is linked to an exchange rate or basket of exchange rates and may have other return features such as Knock-In or Knock-Out features.

Floating Rate Securities pay interim amounts linked to a variable rate such as EURIBOR or LIBOR. Floored Floating Rate N&C Securities pay the same interest but subject to a minimum interest rate (irrespective of whether the variable rate falls below the minimum interest rate). The absolute level of variable rates and the shape of the variable rate yield curve may affect both the current level of the interest and the market value of the Securities.

CMS or Constant Maturity Swap linked Securities pay interim amounts linked to a variable rate, the tenor of which remains constant, by resetting it at regular intervals. The absolute level of variable rates and

the shape of the variable rate yield curve (a flatter curve is likely to lead to a reduction in the market value of such Securities) may affect both the current interim amounts payable and the market value of the Securities.

Steeper Securities may pay interim amounts linked to the difference between two points or reference rates on a variable rate yield curve, typically on a leveraged basis. As the variable rate yield curve steepens the spread between the two reference rates increases and so does the interest. Conversely a flattening of the curve will reduce the interim amounts payable (as the spread between the reference rates decreases) potentially to zero where the curve flattens or completely inverts.

The market value of Steeper Securities are sensitive to movements in the shape of the variable rate yield curve (as measured by the difference between the two reference swap rates) to and beyond the specified maturity of the Securities and the absolute amount of interim amounts payable on the Securities.

Callable Securities may be redeemed prior to their maturity date at the option of the Issuer. One risk of Callable Securities is that the Security will be called at a time when the market has moved in favour of the Securityholder, but that if the market moves in a negative way the Security is unlikely to be called. Therefore, a Securityholder may not continue to receive a favourable rate of interest or other interim payment as the Security may be called.

Inverse Floating Rate Securities may pay interim amounts which is inversely proportional to the level of the variable rate (e.g. by providing that the interim amount is equal to a fixed rate less a variable rate) and may be zero in circumstances where the variable rate is high. The market value of an Inverse Floating Rate Security may be adversely affected by factor such as, but not limited to, steepening of the variable rate yield curve, rising levels of the relevant variable rate and the volatility of the relevant variable rate.

Target Redemption Securities typically redeem automatically prior to their scheduled maturity date if a specified target amount of interest has been paid to Securityholders.

This feature tends to shorten the term of the Securities if the performance of the reference asset(s) is strong, and to lengthen the term if performance is weak. Securityholders are therefore at risk that, if the performance of the reference asset(s) is weak or worse than expected, they may have to wait longer than expected for the return of their principal.

Switchable Securities give the Issuer the option to change the interim payment structure at certain specified exercise dates. Since the Issuer will tend to exercise the switch option when the rate of the new interim payment structure is lower than the old structure, this may lead to a Securityholder receiving a lower interim payment after the exercise of the switch.

Algorithm Linked Securities pay interim amounts that is calculated by reference to the performance of an algorithm. The redemption or cash settlement amount may also be linked to the performance of the algorithm. The performance of such algorithms may be published or tracked as an index. There can be no assurance that a particular algorithm will achieve its stated investment objective. Each algorithm has been constructed on the basis of certain historically observed trends, correlations or assumptions which may not be realised during the term of any transaction referencing such algorithm. In these circumstances, its performance and the performance and market value of the Securities may be significantly adversely affected. The absolute level of the interim amounts and the market value of Algorithm Linked Securities will also depend on the performance or level of the various variables that feed into the algorithm.

Short Price Payout Securities may be linked to the performance of an equity, an index or a basket of equities or indices. The return on Short Price Payout Securities will typically be linked inversely to the performance of the reference asset. Accordingly if the value of the reference asset increases, the return on the Short Price Payout Securities is likely to decrease. If the value of the reference asset decreases, the return of the Short Price Payout Securities is likely to increase.

Market Access Securities are intended to enable investors to participate in the performance of one or more reference asset(s), typically shares, and the dividends paid thereon. The final redemption or cash settlement amount of the Securities will be calculated as an amount equal to the sum of:

- (i) either (A) the value of the reference asset at maturity or exercise, as applicable, or (B) the volume weighted average price at which a hypothetical investor could have sold the relevant amount of the reference asset(s) during a specified period ending on such day which the Calculation Agent determines is the day on which such hypothetical investor could have completed such sale (which volume weighted average price is likely to be different to the volume weighted average price of all transactions in the relevant share on the relevant exchange during such period) (such value or volume weighted average price, as applicable, the **Final Reference Asset Price**); and
- (ii) a fixed percentage of the aggregate amount of all gross cash dividends which would have been received by a holder of record of one or more of the reference asset(s) during a specified period, which is typically over the term of the Securities, and, where the Final Reference Asset Price is calculated on the basis of the volume weighted average price, less any costs and expenses (including, but not limited to, any capital gains tax or withholding tax) which would be required to be paid, withheld or deducted by or on behalf of the hypothetical investor if it held or sold the relevant reference asset(s) (the **Settlement Net Yield**).

Alternatively, the final redemption or cash settlement amount of the Securities might be linked to the performance of the reference asset(s) over the term of the Securities and dividends received during the relevant specified dividend period may instead be paid out in form of a coupon or additional amount under the Securities after receipt thereof (less taxes and other costs).

An additional amount may be added to the Final Reference Asset Price and the Settlement Net Yield if the Securities are specified in the applicable Final Terms as being **Outperformance Market Access Securities**. Such additional amount (the **Outperformance**) may be calculated as a fixed percentage of either (i) the Issue Price per Security or (ii) the arithmetic average of the price of the reference asset(s) during a specified period, typically from the initial valuation date to the final valuation date of the Securities. An amount may be deducted from the Final Reference Asset Price and the Settlement Net Yield if the applicable Final Terms provide for the deduction of any fees.

If the Securities are linked to a basket of reference assets the final redemption or cash settlement amount of the Securities may be determined by reference to the weighted performance of all the reference assets in the basket, calculated by (i) multiplying (a) the sum of the Final Reference Asset Price and the Settlement Net Yield, less any relevant fees (if so specified in the applicable Final Terms) for each reference asset in the basket by (b) the number of shares of each such reference asset, (ii) aggregating these amounts for all of the reference assets in the basket, (iii) dividing such aggregated amount by the aggregate number of reference assets in the basket and (iv) if the Securities are specified in the applicable Final Terms as being Outperformance Market Access Securities, adding the Outperformance to such resulting amount.

Composite is a currency feature for Securities where the underlying asset is not denominated (or most closely associated with) in the settlement currency of such Security. Where the Composite feature is applicable, observations of the relevant underlying asset (including, but not limited to, the strike price and the final price) is determined in the settlement currency of the Security by converting the level of the underlying asset into the settlement currency of the Security at the relevant foreign exchange spot rate as of the relevant valuation day. The Composite feature means that the amounts to be paid under the Security depend, in addition to the performance of the underlying asset and any other factors used to determine the amount to be paid, as the case may be, on the foreign exchange rate fluctuations between the settlement currency of the Security and the currency in which the underlying asset is denominated (or with which the underlying asset is most closely associated). This means that any amount to be paid in respect of the Security may be materially different from a Security without such Composite feature, and may be zero in cases where a Security without the Composite feature would have paid a positive amount.

As an example; a Security whose amount to be paid is equal to the performance of the underlying asset floored at zero, would have an amount paid that is less than the amount paid by an equivalent Security without such Composite feature, should the currency of the underlying asset depreciate relative to the settlement currency of the Security during the relevant observation period. For instance, in such an example, should the currency of the underlying asset depreciate relative to the settlement currency of the Security such that the performance of the underlying asset as measured in the settlement currency of the Security is less than or equal to zero, then the amount to be paid under the Security with the composite feature would be zero. Conversely, in such an example, appreciation of the currency in which the underlying is denominated versus the settlement currency of the Security, could mean that the amount to be paid is higher for a Security with such Composite feature than for a Security without such feature. This is an example only and may or may not correspond to the terms of any Securities issued under the Programme. Investors should carefully consider the details of the Conditions and applicable Final Terms in respect of any Series of Securities in addition the risk factors set out in this "*Risk Factors*" section and all the information contained elsewhere in this Base Prospectus.

In addition, Securities may include one or more of the following features relating to upside or downside payoff profile:

- **Knock-In**

A Knock-In event occurs when the price or level of the reference asset(s) reaches or breaches a pre-defined barrier on a relevant observation date(s) or during a relevant observation period(s), which triggers a certain payout on maturity or exercise (as applicable) and/or interim payment(s).

- **Knock-Out**

A Knock-Out event occurs when the price or level of the reference asset(s) reaches or breaches a pre-defined barrier, which triggers the deactivation of a certain payout on maturity or exercise (as applicable) and/or interim payment(s).

- **Best profile**

The payments of Securities that are linked to more than one reference asset can be determined in relation to the set of weights that gives the greatest performance.

- **Worst profile**

The payments of Securities that are linked to more than one reference asset can be determined in relation to the set of weights that gives the lowest performance.

- **Contingent interim payments**

Interest amounts (in the case of N&C Securities) or Additional Amounts (in the case of W&C Securities) may depend on the satisfaction of one or more conditions or contingencies, including the performance of a Reference Item. If such condition(s) or contingency(ies) are not satisfied the relevant payment may be zero, all as set out in the applicable Final Terms.

- **Contingent final payments or deliveries**

The Final Redemption Amount or Entitlement (in the case of N&C Securities) or Cash Settlement Amount or Entitlement (in the case of W&C Securities) may depend on the satisfaction of one or more conditions or contingencies, including the performance of a Reference Item. If such condition(s) or contingency(ies) are not satisfied the relevant payment or delivery may be zero, all as set out in the applicable Final Terms.

In instances where the reference asset(s) is a basket of constituents, the basket performance can be calculated as the weighted average or with pre-set weights depending on the relative performance of the constituents ("Best Profile" and "Worst Profile" are examples of this).

Risks relating to Securities in Renminbi

Securities may be issued under the Programme denominated in Renminbi (**Renminbi Securities**). An investment in Renminbi Securities involves particular risks, including:

Renminbi is not freely convertible: there are significant restrictions on remittance of Renminbi into and outside the PRC which may adversely affect the liquidity of Renminbi Securities

Renminbi is not freely convertible at present. The government of the PRC (the **PRC Government**) continues to regulate conversion between Renminbi and foreign currencies despite significant reduction over the years by the PRC Government of control over routine foreign exchange transactions. These transactions are known as current account items. Currently, participating banks in Hong Kong and a number of other jurisdictions (the **Applicable Jurisdictions**) have been permitted to engage in the settlement of Renminbi trade transactions.

On 13 October 2011, the People's Bank of China (the **PBoC**) promulgated the "Administrative Measures on Renminbi Settlement of Foreign Direct Investment" (the **PBoC FDI Measures**) as part of the implementation of the PBoC's detailed foreign direct investment (**FDI**) accounts administration system. The system covers almost all aspects of FDI, including capital injections, payments for the acquisition of PRC domestic enterprises, repatriation of dividends and other distributions, as well as Renminbi denominated cross-border loans. On 14 June 2012, the PBoC further issued the implementing rules for the PBoC FDI Measures, which provide more detailed rules relating to cross-border Renminbi direct investments and settlement. Under the PBoC FDI Measures, special approval for FDI and shareholder loans from the PBoC, which was previously required, is no longer necessary. In some cases however, post-event filing with the PBoC is still necessary.

On 5 July 2013, the PBoC promulgated the "Circular on Policies related to Simplifying and Improving Cross-Border Renminbi Business Procedures," which sought to improve the efficiency of the cross-border Renminbi settlement process and facilitate the use of cross-border Renminbi settlement by banks and enterprises.

On 3 December 2013, the Ministry of Commerce of the PRC (**MOFCOM**) promulgated the "Circular on Issues in relation to Cross-Border Renminbi Foreign Direct Investment" (the **MOFCOM Circular**), which became effective on 1 January 2014, to further facilitate the FDI by simplifying and streamlining the applicable regulatory framework. The MOFCOM Circular replaced the "Notice on Issues in relation to Cross-border Renminbi Foreign Direct Investment" promulgated by MOFCOM on 12 October 2011 (the **2011 MOFCOM Notice**). Pursuant to the MOFCOM Circular, written approval from the appropriate office of MOFCOM and/or its local counterparts specifying "Renminbi Foreign Direct Investment" and the amount of capital contribution is required for each FDI transaction. Unlike the 2011 MOFCOM Notice, the MOFCOM Circular has also removed the approval requirement for foreign investors who intend to change the currency of their existing capital contribution from a foreign currency to Renminbi. In addition the MOFCOM Circular also clearly prohibits FDI funds from being used for any investments in securities and financial derivatives (except for investment in PRC listed companies by strategic investors) or for entrustment loans in the PRC.

As the MOFCOM Circular and the PBoC FDI Measures are relatively new circulars, they will be subject to interpretation and application by the relevant authorities in the PRC.

Although from 1 October 2016, Renminbi will be added to the Special Drawing Rights basket created by the International Monetary Fund, there is no assurance that the PRC Government will continue to gradually liberalise control over crossborder remittance of Renminbi in the future, that any pilot schemes for Renminbi

cross-border utilisation will not be discontinued or that new regulations in the PRC will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or outside the PRC. In the event that funds cannot be repatriated outside the PRC in Renminbi, this may affect the overall availability of Renminbi outside the PRC and the ability of the Issuer to source Renminbi to finance its obligations under Renminbi Securities.

There is only limited availability of Renminbi outside the PRC, which may affect the liquidity of Renminbi Securities and the Issuer's ability to source Renminbi outside the PRC to service such Renminbi Securities

As a result of the restrictions imposed by the PRC Government on cross-border Renminbi fund flows, the availability of Renminbi outside the PRC is limited.

The PBoC has established a Renminbi clearing and settlement mechanism for participating banks in the Applicable Jurisdictions through settlement agreements on the clearing of Renminbi business with certain banks (each a **CNY Clearing Bank**) to act as the CNY clearing bank in the Applicable Jurisdiction. However, the current size of Renminbi denominated financial assets outside the PRC is limited.

There are restrictions imposed by the PBoC on Renminbi business participating banks in respect of cross-border Renminbi settlement, such as those relating to direct transactions with PRC enterprises. Furthermore, Renminbi business participating banks do not have direct Renminbi liquidity support from the PBoC. They are only allowed to square their open positions with the relevant CNY Clearing Bank after consolidating the Renminbi trade position of banks outside the Applicable Jurisdictions that are in the same bank group of the participating banks concerned with their own trade position, and the relevant CNY Clearing Bank only has access to onshore liquidity support from the PBoC for the purpose of squaring open positions of participating banks for limited types of transactions. The relevant CNY Clearing Bank is not obliged to square for participating banks any open positions resulting from other foreign exchange transactions or conversion services. In such cases, the participating banks will need to source Renminbi from outside the PRC to square such open positions.

Although it is expected that the offshore Renminbi market will continue to grow in depth and size, its growth is subject to many constraints as a result of PRC laws and regulations on foreign exchange. There is no assurance that new PRC regulations will not be promulgated or the settlement agreements will not be terminated or amended in the future which will have the effect of restricting availability of Renminbi outside of the PRC. The limited availability of Renminbi outside the PRC may affect the liquidity of the Renminbi Securities. To the extent that the Issuer is required to source Renminbi outside the PRC to service the Renminbi Securities, there is no assurance that the Issuer will be able to source such Renminbi on satisfactory terms, if at all.

If the Issuer is unable to source such Renminbi, the Issuer's obligation to make a payment in Renminbi under the terms of the Renminbi Securities may be replaced by an obligation to pay such amount in U.S. dollars if "CNY Currency Event" is specified as applicable in the applicable Final Terms.

An investment in Renminbi Securities is subject to exchange rate risks

The value of Renminbi against the U.S. dollar and other foreign currencies fluctuates from time to time and is affected by changes in the PRC and international political and economic conditions and by many other factors. In August 2015, the PBoC implemented changes to the way it calculates the midpoint against the U.S. dollar to take into account market-maker quotes before announcing the daily midpoint. This change, among others that may be implemented, may increase the volatility in the value of Renminbi against other currencies. All payments of interest and principal will be made with respect to Renminbi Securities in Renminbi unless otherwise specified. As a result, the value of the Renminbi payments in U.S. dollar or other foreign currency terms may vary with the prevailing exchange rates in the marketplace. If the value of Renminbi depreciates against the U.S. dollar or other foreign currencies, the value of an investment in U.S. dollar or other applicable foreign currency will decline.

An investment in Renminbi Securities is subject to interest rate risks

The PRC Government has gradually liberalised the regulation of interest rates in recent years. Further liberalisation may increase interest rate volatility. The Renminbi Securities may carry a fixed interest rate. Consequently, the trading price of such Renminbi Securities will vary with fluctuations in interest rates. If a holder of Renminbi Securities tries to sell any Securities before their maturity, they may receive an offer that is less than the amount invested.

Where CNY Currency Event is specified as applicable to the Renminbi Securities, if the Renminbi is not available in certain circumstances as described in the Renminbi Securities, the Issuer may make payments under the Renminbi Securities in U.S. dollars

There can be no assurance that access to Renminbi for the purposes of making payments under the Renminbi Securities by the Issuer or generally will remain or that new PRC regulations will not be promulgated which have the effect of restricting availability of Renminbi outside of the PRC.

Although the Issuer's primary obligation is to make all payments with respect to Renminbi Securities in Renminbi, where Renminbi Currency Event is applicable to the relevant Renminbi Securities, in the event access to Renminbi becomes restricted to the extent that, by reason of CNY Inconvertibility, CNY Non-Transferability or CNY Illiquidity (each as defined in the applicable Conditions of the Securities), the Issuer is unable to make any payment in respect of the Renminbi Securities in Renminbi, the terms of the Renminbi Securities permit the Issuer to make payment in U.S. dollars at the prevailing spot rate of exchange, all as provided in the applicable Conditions. The value of these Renminbi payments in U.S. dollar terms may vary with the prevailing exchange rates in the market place.

Payments in respect of Renminbi Securities will only be made to investors in the manner specified in the terms and conditions

Investors may be required to provide certification and other information (including Renminbi account information) in order to be allowed to receive payment in Renminbi in accordance with the Renminbi clearing and settlement system for participating banks in Hong Kong or such other CNY Settlement Centre(s) as may be specified in the applicable Final Terms. All Renminbi payments to investors in respect of the Renminbi Securities will be made solely (i) for so long as the Renminbi Securities are represented by Global Securities held with the common depositary or common safekeeper, as the case may be, for Euroclear and Clearstream, Luxembourg, by transfer to a Renminbi bank account maintained in Hong Kong or any such other CNY Settlement Centre(s) in accordance with prevailing Euroclear and/or Clearstream, Luxembourg rules and procedures, or (ii) for so long as the Renminbi Securities are in definitive form, by transfer to a Renminbi bank account maintained in Hong Kong or such other CNY Settlement Centre(s) in accordance with prevailing rules and regulations. Other than as described in the conditions of the Renminbi Securities, the Issuer cannot be required to make payment by any other means (including in any other currency or in bank notes, by cheque or draft or by transfer to a bank account in the PRC).

Other risks relating to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk.

Possible Illiquidity of the Securities in the Secondary Market

It is not possible to predict the price at which Securities will trade in the secondary market or whether such market will be liquid or illiquid. The Issuer may, but is not obliged to, list or admit to trading Securities on a stock exchange or market. If the Securities are not listed or admitted to trading on any stock exchange or market, pricing information for the Securities may be more difficult to obtain and the liquidity of the Securities may be adversely affected. If the Issuer does list or admit to trading an issue of Securities, there

can be no assurance that at a later date, the Securities will not be delisted or that trading on such stock exchange or market will not be suspended. In the event of a delisting or suspension of listing or trading on a stock exchange or market, the Issuer will use its reasonable efforts to list or admit to trading the Securities on another stock exchange or market. Also, (in the case of American Style Warrants and Bermudan Style Warrants) to the extent Warrants of a particular issue are exercised, the number of Warrants of such issue outstanding will decrease, resulting in a diminished liquidity for the remaining Warrants of such issue. A decrease in the liquidity of an issue of Warrants may cause, in turn, an increase in the volatility associated with the price of such issue of Warrants.

The Issuer cannot assure Securityholders that a trading market for their Securities will ever develop or be maintained. Many factors independent of the creditworthiness of the Issuer or the Guarantor (if applicable) affect the trading market of the Securities. These factors include:

- (i) the complexity and volatility of the Reference Item or formula or other basis of reference applicable to the Securities;
- (ii) the method of calculating amounts payable and/or deliverable, or other consideration, if any, in respect of the Securities;
- (iii) the time remaining to the expiration or exercise (as applicable in the case of W&C Securities) or redemption (in the case of N&C Securities) of the Securities;
- (iv) the number of Securities outstanding;
- (v) the settlement features of the Securities;
- (vi) the amount of other securities linked to the Reference Item or formula or other basis of reference applicable to the Securities; and
- (vii) the level, direction and volatility of market interest rate generally.

In addition, certain Securities may be designed for specific investment objectives or strategies and, therefore, may have a more limited secondary market and experience more price volatility. Securityholders may not be able to sell such Securities readily or at prices that will enable them to realise their anticipated yield. No investor should purchase Securities unless such investor understands and is able to bear the risk that such Securities may not be readily saleable, that the value of such Securities will fluctuate over time, that such fluctuations may be significant and that such investor may lose all or a substantial portion of the purchase price of the Securities.

The Issuer, the Guarantor or any of their respective Affiliates may, but are not obliged to, at any time purchase Securities at any price in the open market or by tender or private treaty for their own account for business reasons or in connection with their hedging arrangements. Any Securities so purchased may be held or resold or surrendered for cancellation. The Issuer, the Guarantor or any of their respective Affiliates may, but are not obliged to, be a market-maker for an issue of Securities. Even if the Issuer or such other entity is a market-maker for an issue of Securities, the secondary market for such Securities may be limited. To the extent that an issue of Securities becomes illiquid, an investor may have to exercise such Securities (in the case of American Style Warrants or Bermudan Style Warrants) or wait until the Exercise Date (in the case of European Style Warrants or Certificates) or the Maturity Date (in the case of N&C Securities) of such Securities to realise value. These activities may affect the price of such obligations or securities in a manner that would be adverse to a Securityholder's investment in the Securities. The Issuer, the Guarantor and their respective Affiliates have not considered, and are not required to consider, the interest of investors as Securityholders in connection with entering into any of the above mentioned transactions.

There may be less liquidity in the market for Securities if the Securities are exclusively offered to retail investors without any offer to institutional investors.

Exchange rate risks and exchange controls

In the case of Cash Settled Securities the Issuer will pay the Cash Settlement Amount (in the case of W&C Securities) or Final Redemption Amount (in the case of N&C Securities) in respect of the Securities in the Settlement Currency specified in the applicable Final Terms. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the **Investor's Currency**) other than the Settlement Currency or Specified Currency, as applicable (the **Settled Currency**). These include the risk that exchange rates may significantly change (including changes due to devaluation of the Settled Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Settled Currency would decrease (i) the Investor's Currency-equivalent yield on the Securities, (ii) the Investor's Currency equivalent value of the Cash Settlement Amount or Final Redemption Amount (as applicable) in respect of the Securities and (iii) the Investor's Currency equivalent market value of the Securities.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, the Cash Settlement Amount (in the case of Cash Settled Securities) or the Final Redemption Amount (in the case of N&C Securities) that investors may receive may be less than expected or zero.

Interest rate risks

Investment in Fixed Rate N&C Securities involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate N&C Securities.

Credit ratings assigned to the Issuer, the Guarantor or any Securities may not reflect all the risks associated with an investment in those Securities

One or more independent credit rating agencies may assign credit ratings to the Issuer, the Guarantor or the Securities. The credit rating agencies may have different rating methodologies, criteria, models and requirements from one another. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Securities. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by its assigning rating agency at any time. Additionally, the global landscape of financial sector regulation itself is undergoing significant change. In the U.S., the Dodd-Frank Act, among other things, expands regulatory oversight of the Guarantor (and its subsidiaries) and credit rating agencies. It is not clear how this expanded regulatory oversight will impact the ratings on the Securities or the ratings of the Issuer and the Guarantor.

Ratings of the Securities

In general, European regulated investors are restricted under Regulation (EC) No. 1060/2009 (as amended) (the **CRA Regulation**) from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). The list of registered and certified rating agencies published by the European Securities and Markets Authority (**ESMA**) on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated

ESMA list. Certain information with respect to the credit rating agencies and ratings will be disclosed in the Final Terms.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Securities are legal investments for it, (2) Securities can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Securities. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Securities under any applicable risk-based capital or similar rules.

Emerging Markets Risks

Securities may be linked to Reference Item(s) associated with, or denominated in the currencies of, emerging markets jurisdictions. Emerging markets jurisdictions may be characterised as politically unstable and/or lacking a stable and fully developed economy and financial system and/or lacking in established rule of law. Emerging markets investments generally have greater risks than those from developed jurisdictions including political risk, economic risk, currency risk, market risk, regulatory/legal risk and shareholder risk as further described below:

- *Political risk:* The relative instability of political systems of emerging markets jurisdictions may leave them more vulnerable to public unrest and instability. Such circumstances, in turn, could lead to a reversal of some or all economic or political reform including such policies as confiscatory taxation, exchange controls or expropriation of foreign-owned assets without adequate compensation. Any such policies could have an adverse effect on the value of the Reference Item(s) and, in turn, the relevant Securities.
- *Economic risk:* Businesses and governments of emerging markets jurisdictions may be relatively inexperienced in dealing with difficult market conditions (such as the on-going global recession) and may have a limited capital base from which to borrow funds. In addition, an emerging markets jurisdiction may lack a developed banking sector and its financial institutions may not be adequately regulated. These factors, among other economic issues, could affect the functioning of the economy and have a corresponding adverse effect on the performance of the Reference Item(s) and, in turn, the relevant Securities.
- *Currency risk:* Reference Item(s) or Securities denominated in the currencies of emerging markets jurisdictions may be subject to greater volatility and possibly the suspension of the ability to exchange or transfer currency, or the devaluation of the currency. See "*Currency Risk*" above.
- *Market risk:* The financial systems and markets of emerging markets jurisdictions may lack the level of transparency and liquidity found in more developed markets. As a result, such markets may suffer from extreme price volatility, price discrepancies and lack of liquidity. Any such circumstances or events may have an adverse effect on the performance of the Reference Item(s) and, in turn, the relevant Securities.
- *Regulatory/Legal risk:* In emerging markets jurisdictions there may be less government regulation of business and industry practices, stock exchanges, over-the-counter markets and market participants than in more developed countries. Legislation to safeguard the rights of private ownership and to prevent stock market manipulation may not be fully developed and regulations governing investments in securities may not exist or may be subject to inconsistent or arbitrary application or interpretation and may be subject to change with retroactive effect. The holder of a Reference Item of an emerging markets jurisdiction may not be able to pursue legal remedies in the courts of such

jurisdictions. Any such circumstances or events may have an adverse effect on the performance of the Reference Item(s) and, in turn, the relevant Securities.

- *Shareholder risk*: Rules in emerging markets jurisdictions regulating the ownership and corporate governance of companies may not exist or may provide little protection to shareholders. Disclosure and reporting requirements in general may be minimal or non-existent. There may be no prohibitions or restrictions under local law on the ability of management to terminate existing business operations, sell or dispose of assets, or otherwise materially affect the value of the company without the consent of its shareholders. Anti-dilution protection may also be very limited. There may be little or no fiduciary duty on the part of management or the directors to the company or to the shareholders as a whole or minority shareholders. Remedies for violations of shareholders' rights may be difficult to obtain. Any such circumstances or events may have an adverse effect on the performance of the Reference Item(s) and, in turn, the relevant Securities.

Relation of the Reference Item(s) to lightly regulated, narrow or exotic markets

An investment in Securities whose Reference Item(s) is/are traded on lightly regulated, narrow and exotic markets or otherwise influenced by the developments in such markets might expose the Securityholder to a higher risk of loss than one in Securities whose Reference Item(s) is/are traded on a heavily regulated market. The reasons for this can include a higher market volatility (inter alia in the equity market and in currency markets), a lower trading volume, political and economic instability, a greater risk of market closure, and greater government restrictions on these markets. There is also the risk of introduction of restrictions on foreign investors, expropriation of assets, punitive taxation, confiscation or nationalisation of assets, introduction of currency controls, or other unfavourable political and/or social measures. Under certain circumstances, such impairments can last over several weeks or months. Such a development could represent a market distortion that could prevent prices from being set for the Securities affected during the period in question. If such disruptions occur on a valuation date relevant for determination of a payment or delivery amount in respect of the Securities, this can cause a postponement of the calculation and payment or delivery, as applicable. In addition, such a disruption could result in a reduction of amounts payable or deliverable in respect of the Securities.

SERVICE OF PROCESS AND ENFORCEMENT OF CIVIL LIABILITIES

The following section applies to both Exempt Securities and Non-Exempt Securities.

The Issuer is a corporation organised under the laws of England and Wales. Most of its directors and executive officers reside in England or Wales. Many of its assets and the assets of these persons are located in England and Wales and elsewhere outside the United States. It may not be possible, therefore, for U.S. investors to effect service of process within the United States upon the Issuer or these persons or to enforce against the Issuer or these persons judgments obtained in the United States courts predicated upon the civil liability provisions of the federal securities laws of the United States. The Issuer believes that there is doubt as to the enforceability in England and Wales, in original actions or in actions for enforcement of judgment of U.S. courts, of liabilities predicated solely upon the federal securities laws of the United States.

The Guarantor is a limited liability, joint-stock corporation incorporated under the laws of Japan. Most of its directors and executive officers reside in Japan. Many of its assets and the assets of these persons are located in Japan and elsewhere outside the United States. It may not be possible, therefore, for U.S. investors to effect service of process within the United States upon the Guarantor or these persons or to enforce against the Guarantor or these persons judgments obtained in the United States courts predicated upon the civil liability provisions of the federal securities laws of the United States. The Guarantor believes that there is doubt as to the enforceability in Japan, in original actions or in actions for enforcement of judgment of U.S. courts, of liabilities predicated solely upon the federal securities laws of the United States.

CREDIT RATINGS

The following section applies to both Exempt Securities and Non-Exempt Securities

The Issuer's long-term credit ratings are:

S&P Japan:	A-
JCR:	AA-

The Guarantor's long-term credit ratings are:

S&P Japan:	BBB+
Moody's Japan:	Baa1
Fitch Japan:	A-
R&I Japan:	A+
JCR:	AA-

Both R&I Japan and JCR are credit rating agencies nationally recognised in Japan. The Guarantor relies on, or utilises, credit ratings on its long-term and short-term debt provided by these Japanese credit rating agencies, as well as S&P Japan, Moody's Japan and Fitch Japan for unsecured funding and other financing purposes and also for its trading and other business activities.

Each of Moody's Japan, S&P Japan and Fitch Japan are not established in the European Union and have not applied for registration under Regulation (EC) No. 1060/2009 (as amended) (the **CRA Regulation**). Their ratings have, however, been endorsed by Moody's Investors Service Limited, Standard & Poor's Credit Market Services Europe Limited (**S&P CMSE**) and Fitch Ratings Ltd respectively, in each case, in accordance with the CRA Regulation. Each of Moody's Investors Service Limited, S&P CMSE and Fitch Ratings Ltd are established in the European Union and registered under the CRA Regulation. As such, Moody's Investors Service Limited, S&P CMSE and Fitch Ratings Ltd are included in the list of credit rating agencies published by the European Securities and Markets Authority (**ESMA**) on its website in accordance with the CRA Regulation. ESMA has indicated that ratings issued in Japan which have been endorsed by Moody's Investors Service Limited, S&P CMSE and/or Fitch Ratings Ltd (respectively) may be used in the EU by the relevant market participants.

R&I Japan is not established in the European Union and is not registered in accordance with the CRA Regulation. R&I Japan is therefore not included in the list of credit rating agencies published by ESMA on its website in accordance with such the CRA Regulation.

JCR is not established in the European Union and has not applied for registration under the CRA Regulation, but it is certified in accordance with the CRA Regulation and it is included in the list of credit rating agencies published by ESMA on its website in accordance with the CRA Regulation.

A short description of the ratings is provided below based on the publicly available definitions published by each of the rating agencies.

Standard & Poor's

An obligor rated 'A' by S&P has strong capacity to meet its financial commitments but is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligors in

higher-rated categories. An obligor rated 'BBB' by S&P has adequate capacity to meet its financial commitments. However, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity of the obligor to meet its financial commitments. The ratings from "AA" to "CCC" may be modified by the addition of a plus (+) or minus (-) sign to show relative standing within the major rating categories.

Moody's

Obligations rated 'Baa' by Moody's are judged to be medium-grade and subject to moderate credit risk and as such may possess certain speculative characteristics. Moody's appends numerical modifiers 1, 2, and 3 to each generic rating classification from Aa through Caa. The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category; and the modifier 2 indicates a mid-range ranking.

Fitch

'A' ratings by Fitch denote expectations of low default risk. The capacity for payment of financial commitments is considered strong. This capacity may, nevertheless, be more vulnerable to adverse business or economic conditions than is the case for higher ratings. The modifiers "+" or "-" may be appended to a rating by Fitch to denote relative status within major rating categories.

R&I Japan

An issuer rating is R&I's opinion on an entity's general capacity to fulfil its financial obligations and is, in principle, assigned to all issuers. A rating of 'A' by R&I Japan indicates high creditworthiness supported by a few excellent factors. A plus (+) or minus (-) sign may be appended to the categories from AA to CCC to indicate relative standing within each rating category. The plus and minus signs are part of the rating symbols.

JCR

JCR's Long-term Issuer Rating Scale enables comparison of the overall capacity of an obligor (issuer) to honour its entire financial obligations with the overall capacity of others. A long-term rating of AA given by JCR denotes a very high level of certainty to honour the financial obligations. A plus (+) or minus (-) sign may be affixed to the rating symbols from AA to B to indicate relative standing within each of those rating scales.

Securities issued under the Programme may be rated or unrated by any one or more of the rating agencies referred to above. Where a Tranche of Securities is rated, such rating will be disclosed in the applicable Final Terms and will not necessarily be the same as any rating that may be assigned to the Programme. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency. Please also refer to "*Ratings of the Securities*" in the Risk Factors section of this Base Prospectus.

1. *Who are the Issuer and Guarantor under the Programme?*

The Issuer, Nomura Bank International plc is a public limited company registered in England and Wales under number 1981122 for an unlimited period. The liability of the members of the Issuer is limited. It has its registered office at 1 Angel Lane, London EC4R 3AB United Kingdom, telephone number +44 (0) 20 7102 1000. The Issuer was incorporated under the Companies Act 1985 on 22 January 1986. The Issuer is a wholly owned subsidiary of Nomura Europe Holdings plc (the main European holding company of the Nomura Group (as defined below)) which in turn is a wholly owned subsidiary of Nomura Holdings, Inc. (formerly known as The Nomura Securities Co., Ltd.) incorporated in Japan. Nomura Holdings, Inc. is the ultimate holding company which manages financial operations for its subsidiaries (together, "Nomura Group"). A description of the Issuer is set out on pages 11 to 18 of the Issuer's registration document, which is incorporated by reference into this Base Prospectus.

The Issuer may issue guaranteed and unguaranteed Securities under the Programme as explained at Question 16 below. If the Securities are guaranteed (which will be specified in the relevant Final Terms), the Guarantor will be Nomura Holdings, Inc.

Nomura Holdings, Inc. was incorporated in Japan on 25 December 1925 under the Commercial Code of Japan when the securities division of The Osaka Nomura Bank, Ltd. became a separate entity specialising in the trading and distribution of debt securities in Japan. Nomura Holdings, Inc. is the holding company of the Nomura Group.

The registered head office of Nomura Holdings, Inc. is located at 9-1, Nihonbashi 1-chome, Chuo-ku, Tokyo 103-8645, Japan, and the telephone number is +81-3-5255-1000. A description of Nomura Holdings, Inc. is set out on pages 725 to 733 of this Base Prospectus. The Guarantee applies only where specified in the applicable Final Terms.

The application of the Guarantee is explained at Question 16 below.

2. *What types of product will be issued under the Programme?*

The Issuer may issue Notes and redeemable Certificates (together, the **N&C Securities**), or Warrants and exercisable Certificates (together, the **W&C Securities** and, together with the N&C Securities, the **Securities**).

Securities issued under the Programme may be (i) admitted to trading on a regulated market in the European Economic Area or offered in the European Economic Area in circumstances where a prospectus is required to be published under the Prospectus Directive (a **Non-Exempt N&C Security** or a **Non-Exempt W&C Security** as applicable, and together **Non-Exempt Securities**) or (ii) neither admitted to trading on a regulated market in the European Economic Area nor offered in the European Economic Area in circumstances where a prospectus is required to be published under the Prospectus Directive (an **Exempt N&C Security** or an **Exempt W&C Security** as applicable, and together **Exempt Securities**). At the start of each relevant section of this Base Prospectus an indication is given whether the section applies to Exempt Securities, Non-Exempt Securities or both.

The Issuer may issue conventional debt securities (in the form of N&C Securities) including fixed or floating rate notes as well as Securities with returns linked to one or more underlying asset or basis of reference (**Reference Item Linked Securities**). The returns on Securities may be received by investors in interest (in the case of N&C Securities) or additional amounts (in the case of W&C Securities) and/or on redemption (in the case of N&C Securities) or exercise (in the case of W&C Securities).

The return on Reference Item Linked Securities may be linked to the performance of one or a combination of a wide range of reference bases which may include, but will not be limited to, indices (including equity, bond, commodity or proprietary indices), shares, currency exchange rates, interest rates, commodities, fund

shares or units, rates of inflation or the credit of one or more underlying entities. The composition of the relevant reference basis or bases may be designed to change over time in accordance with the relevant terms and conditions.

The relevant terms and conditions of a particular issue of Securities will specify the applicable returns, when such returns are payable or deliverable and the terms on which they are payable or deliverable. Any return will normally be paid by the Issuer at maturity (in the case of N&C Securities) or settlement (in the case of W&C Securities) as part of the applicable Final Redemption Amount (in the case of N&C Securities) or the Cash Settlement Amount (in the case of W&C Securities). Any interest or additional amounts, as the case may be, will normally be paid by the Issuer on specified dates. In certain circumstances the return on redemption or settlement of Securities may be the physical delivery of certain specified assets (the Entitlement) after payment by the investor of certain cash sums to the Issuer such as Expenses or Exercise Expenses or, in the case of Warrants, the relevant Exercise Price.

The relevant terms and conditions of a particular issue of Securities will be the terms and conditions for the Securities set out in this Base Prospectus as completed and, in the case of Exempt Securities only, supplemented and amended, in the applicable Final Terms.

3. *How much of my investment is at risk?*

Some of the N&C Securities will guarantee a minimum Final Redemption Amount on the Maturity Date for such N&C Securities. Other Securities will put the investor's investment at risk in whole or in part so that they may receive an amount or assets with a value less than their original investment or lose their entire investment. Investors should review the product terms and conditions to understand whether, and in what circumstances, an investor's investment is at risk. If the terms and conditions of a particular product mean that an investor's entire investment could be lost, an investor should only invest in the Securities if they are willing to accept that risk.

Each potential investor should also note that any return received on the Securities could be lower than the interest that the investor could have earned by investing in a simple fixed rate product (like a bank or building society account) paying the prevailing market rate.

Therefore some Securities may not be suitable for a potential investor who would prefer a lower risk investment.

4. *What should I read before investing?*

You should carefully read and understand this Base Prospectus and the applicable Final Terms prior to investing in any Securities. You should note that the Summary section of this Base Prospectus must be read only as an introduction to this Base Prospectus. Any decision to invest in any Securities should be based on a consideration of this Base Prospectus as a whole, including the documents incorporated by reference, and the applicable Final Terms. If the Securities are a packaged retail investment product for the purposes of the EU's PRIIPs regime (a **PRIIP**), from 1 January 2017, you should also ensure that you have carefully read and understood any key information document (**KID**) provided to you in respect of the Securities.

This Base Prospectus (including the documents incorporated by reference) contains information about the Issuer and the Guarantor, the general terms and conditions of Securities and general information about the offer and issue of Securities. The applicable Final Terms will contain the specific terms and conditions of such Securities together with information about how investors can purchase them (if applicable), product specific risk factors and other product specific information.

It is important that you obtain, carefully read and understand the applicable Final Terms for Securities in which you are considering to invest. Investors may request copies of this Base Prospectus, the documents incorporated by reference herein and (in some cases subject to eligibility requirements) the applicable Final Terms free of charge from the Issuer and the Principal Agent during its normal business hours.

5. *What will the Issuer do with my money?*

The Issuer intends to use the net proceeds from each issue of Securities issued by it for its general corporate purposes, which include making a profit. If in respect of any particular issue of W&C Securities, there is a particular identified use of proceeds, this will be stated in the applicable Final Terms.

6. *What are the risks of investing in any Securities?*

Before making an investment in any Securities, you should carefully consider all of the information set out in the Base Prospectus relating to the relevant Securities as well as your own personal circumstances. You should have particular regard to, among other matters, the considerations described under the heading "*Risk Factors*" on pages 73 to 147 of this document and, in the case of Exempt Securities only, in the applicable Final Terms.

In order to offer the possibility of higher returns, some Securities will carry higher risks. You should review the applicable Final Terms for a series of Securities to understand whether your investment is designed to be at risk and the terms on which your investment will be repaid.

7. *What fees and expenses are payable in connection with my Securities?*

The Issuer has incurred and will continue to incur fees and expenses which do not directly relate to one or more specific series of Securities. These expenses include (without limitation) fees and expenses incurred or to be incurred by or on behalf of the Issuer in connection with the preparation of this document, the preparation and publication of financial statements and reports, and the general administration of the Issuer.

Certain fees and expenses (including but not limited to fees to be paid to distributor(s) and/or introducing brokers) which relate to a particular series of Securities may be applicable and, if so, may be described in the applicable Final Terms.

8. *What tax will I have to pay and how will tax affect payments made to me?*

General information relating to certain aspects of United States, United Kingdom, Austrian, Belgian, Danish, Dutch, French, German, Polish, Irish, Italian, Luxembourg, Hungarian, Portuguese, Spanish, Swedish and Swiss taxation, is set out under the heading "*Taxation*" on pages 734 to 800 of this Base Prospectus. If you are unsure of the tax implications of making an investment in any Securities you should obtain professional tax advice.

If withholding taxes are imposed on payments under Reference Item Linked N&C Securities (as described in more detail in the terms and conditions of the N&C Securities and in the applicable Final Terms), the Issuer or, if applicable, the Guarantor will **not** pay any additional amounts to "gross-up" such payments. Such additional amounts will **only** be payable (with certain exceptions) for N&C Securities which are **not** Reference Item Linked N&C Securities.

In respect of W&C Securities, neither the Issuer nor the Guarantor (if applicable) shall be liable for or otherwise obliged to pay any tax, duty, withholding or other payment (including any stamp or transfer tax) which may arise as a result of the ownership, transfer, exercise or enforcement of any W&C Security by any person and all payments made by the Issuer or the Guarantor (if applicable) shall be made subject to any such tax, duty, withholding or other payment which may be required to be made, paid, withheld or deducted.

9. *Will my Securities be listed on a Stock Exchange?*

Application has been made to the Irish Stock Exchange for Securities issued under the Programme to be admitted to the official list of the Irish Stock Exchange and to be admitted to trading on the Irish Stock Exchange's Main Securities Market and Global Exchange Market. Application may also be made (i) to the UK Listing Authority for Non-Exempt Securities issued under the Programme to be admitted to the official

list of the UK Listing Authority and to the London Stock Exchange for Non-Exempt Securities to be admitted to trading on the regulated market of the London Stock Exchange and (ii) to the LuxSE for Non-Exempt Securities issued under the Programme to be listed on the LuxSE's official list and to be admitted to trading on the LuxSE's regulated market. The Programme provides that Securities may be listed or admitted to trading, as the case may be, on such other or further stock exchange(s) or market(s) as may be agreed between the Issuer, the Guarantor (if applicable) and the relevant Dealer and specified in the Final Terms. The Issuer may also issue unlisted Securities and/or Securities not admitted to trading on any market. It will be disclosed in the applicable Final Terms whether the relevant Securities are intended to be listed and, if so, on which stock exchange.

10. *What are the terms on which Securities will be offered?*

If applicable, details of the offer, including details of the Offer Period, Issue Price, minimum or maximum subscription amounts, settlement arrangements and any other conditions applicable in relation to an offer of a particular series of Securities and the Issuer will be set out in the applicable Final Terms.

11. *How can I hold my Securities?*

Subject as provided below in the case of Swedish Securities and Swiss Securities (for which see "*What are Swedish Securities?*" and "*What are Swiss Securities?*" below), the Issuer intends that Securities will be issued in the following forms:

(a) N&C Securities

The N&C Securities of each Series will initially be represented by a global security in bearer form, with or without interest coupons attached. Bearer N&C Securities will be issued outside the United States in reliance on Regulation S and Immobilised Bearer N&C Securities will be issued through the Book-Entry Depository both outside the United States in reliance on Regulation S and within the United States to QIBs that are also QPs or to, or for the account or benefit of, U.S. persons who are QIBs and also QPs, in reliance on Rule 144A or otherwise in private transactions that are exempt from the registration requirements of the Securities Act and any applicable state securities laws.

Each Tranche of Bearer N&C Securities will be initially issued in the form of a Temporary Bearer Global N&C Security or, if so specified in the applicable Final Terms, a Permanent Bearer Global N&C Security which, in either case, will:

- (i) if the Global N&C Securities are intended to be issued in new global note form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to the Common Safekeeper for Euroclear and Clearstream, Luxembourg; or
- (ii) if the Global N&C Securities are not intended to be issued in new global note form, be delivered on or prior to the original issue date of the Tranche to the Common Depository for Euroclear and Clearstream, Luxembourg.

The Immobilised Bearer Global N&C Securities will initially be issued in bearer form, without interest coupons, and title will pass by delivery. Pursuant to the N&C Securities Depository Agreement between the Issuer, the Book-Entry Depository, the Custodian and the Registrar, the Immobilised Bearer Global N&C Securities of each Series will on issue be deposited with the Book-Entry Depository and held by the Custodian on behalf of the Book-Entry Depository.

In respect of European Immobilised Bearer N&C Securities, the Book-Entry Depository will issue European CDIs to a common depository for Euroclear and Clearstream, Luxembourg, or its nominee, and will record the European CDIs in the books and records of the Registrar in the name of the common depository or its nominee, as applicable. Ownership of interests in the European Immobilised Bearer Global N&C Securities deposited with the Book-Entry Depository (the

European Book-Entry Interests) will be limited to persons with an account with Euroclear and/or Clearstream, Luxembourg or persons who may hold interests through such participants. European Book-Entry Interests will be shown on, and transfers thereof will be affected only through records maintained in book-entry form by Euroclear and/or Clearstream, Luxembourg and their participants.

In respect of U.S. Immobilised Bearer Global N&C Securities, the Book-Entry Depository will issue U.S. CDIs to Cede & Co. as nominee of DTC and will record the U.S. CDIs in the books and records of the Registrar in the name of Cede & Co. as nominee of DTC. Ownership of interests in the U.S. Immobilised Bearer Global N&C Securities deposited with the Book-Entry Depository (the **U.S. Book-Entry Interests**) and, together with the European Book-Entry Interests, the **Book-Entry Interests**) will be limited to persons who have an account with DTC, including Euroclear and/or Clearstream, Luxembourg, or persons who may hold interests through such participants. U.S. Book-Entry Interests will be shown on, and transfers thereof will be effected only through, records maintained in book-entry form by DTC and its participants.

The Book-Entry Interests will not be held in definitive form. Instead, DTC, Euroclear and/or Clearstream, Luxembourg (as applicable) will credit on their respective book-entry registration and transfer systems a participant's account with the interest beneficially owned by such participant. The laws of some jurisdictions, including certain states of the United States, may require that certain purchasers of securities take physical delivery of such securities in definitive form. The foregoing limitations may impair the ability to own, transfer or pledge Book-Entry Interests. In addition, while the Immobilised Bearer N&C Securities are in global form, holders of Book-Entry Interests will not be considered the owners or Securityholders of such N&C Securities for any purpose.

(b) W&C Securities

W&C Securities sold (a) in the United States to QIBs within the meaning of Rule 144A who are also each a QP or (b) to, or for the account or benefit of, U.S. persons who are QIBs and also QPs will be represented by a Rule 144A Global W&C Security (the **Rule 144A Global W&C Security**). If it is specified in the applicable Final Terms that W&C Securities as described above may also be sold outside of the United States in offshore transactions to non-U.S. persons in reliance on Regulation S, such interests in the W&C Securities will be represented by a Regulation S Global W&C Security (the **Regulation S Global W&C Security**).

In the event that the applicable Final Terms does not specify that the W&C Securities are eligible for sale (a) in the United States to QIBs who are also QPs, (b) to, or for the account or benefit of, U.S. persons who are QIBs and also QPs, the W&C Securities will be represented by a Permanent Global W&C Security (the **Permanent Global W&C Security**).

Each Permanent Global W&C Security and Regulation S Global W&C Security will be deposited with a Common Depository on behalf of Euroclear and Clearstream, Luxembourg. A Rule 144A Global W&C Security will be either (i) deposited with the New York Security Agent as custodian for, and registered in the name of a nominee of, The Depository Trust Company (DTC) and references herein to W&C Securities "held through" DTC will be deemed to be references to W&C Securities so represented, or (ii) deposited with a Common Depository common to Euroclear and Clearstream, Luxembourg, as specified in the applicable Final Terms. Unless otherwise expressly stated in the applicable Final Terms, each Global W&C Security will be deposited with a common depository on behalf of Euroclear and Clearstream, Luxembourg.

In the case of W&C Securities represented by a Regulation S Global W&C Security held through Euroclear and/or Clearstream, Luxembourg, if the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available or the Issuer

receives a notice from DTC as described below in relation to the Rule 144A Global W&C Security held through DTC corresponding to the same Series of W&C Securities as such Regulation S Global W&C Security, the Issuer will promptly give notice to Securityholders in accordance with W&C Securities Condition 9 and will deliver W&C Securities in definitive registered form (bearing such legends as may be required by the Issuer) in exchange for the Regulation S Global W&C Security.

In the case of W&C Securities represented by a Rule 144A Global W&C Security held through DTC, if DTC notifies the Issuer that it is unwilling or unable to continue as a depository for that Rule 144A Global W&C Security, or if at any time DTC ceases to be a "clearing agency" registered under the U.S. Securities Exchange Act of 1934, as amended, and a successor depository is not appointed by the Issuer within 90 days of such notice, or the Issuer receives notice as described above in respect of the closure of Euroclear and Clearstream, Luxembourg in relation to the Regulation S Global W&C Security held through Euroclear and Clearstream, Luxembourg corresponding to the same Series of W&C Securities as such Rule 144A Global W&C Security, the Issuer will deliver W&C Securities in definitive registered form (bearing such legends as may be required by the Issuer) in exchange for that Rule 144A Global W&C Security.

Except in the circumstances described in the preceding two paragraphs, owners of beneficial interests in a Global W&C Security will not be entitled to have any portion of such W&C Securities registered in their name and will not receive or be entitled to receive physical delivery of registered W&C Securities in definitive form in exchange for their interests in that Global W&C Security. Transfer, exercise, termination, settlement and other mechanics related to any W&C Securities issued in definitive form in exchange for W&C Securities represented by a Global W&C Security shall be as agreed between the Issuer, the Principal Agent and, in the case of W&C Securities represented by a Rule 144A Global W&C Security, the New York Security Agent.

12. *Will I be able to sell my Securities?*

Nomura International plc or one of its affiliates may use its reasonable endeavours in normal market conditions to provide indicative bid and offer prices for the sale and purchase of Securities unless otherwise stated in the applicable Final Terms. However, it is not obliged to do so and, even if it does, may cease such activities at any time.

13. *What do I have to do to exercise my rights in respect of the Securities?*

Investors' rights relating to the Securities represented by a Global Security are governed by the procedures of the relevant Clearing Systems and the terms and conditions of the Securities, as completed and, in the case of Exempt Securities only, supplemented and amended in the applicable Final Terms. Investors should note that rights relating to certain Securities may expire if the Securities are not duly exercised prior to the specified cut-off date. An investor wanting rights in respect of Securities to be exercised on their behalf should contact their bank or broker.

It is important that you obtain, carefully read and understand the terms and conditions and applicable Final Terms for the Securities in which you are considering to invest.

14. *Is there a limit on the amount of Securities the Issuer will issue for each series?*

The maximum aggregate nominal amount of N&C Securities issued by the Issuer and from time to time outstanding under the Programme will not exceed USD4,000,000,000 (or its equivalent in other currencies calculated as described in the Programme Agreement). However, this limit may be varied in accordance with the procedures specified under the Programme Agreement. The Issuer can issue a series of Securities at any time without giving investors notice or obtaining their consent. Any additional Securities issued by the Issuer will rank equally with all existing Securities issued.

15. *How are payments made?*

In the case of Securities represented by a Global Security, the Issuer will make payments by paying the total amount payable to the relevant clearing system(s) in accordance with the rules and policies of the clearing systems(s) or in the case of Warrants (other than where Automatic Exercise applies) to the account specified by the Securityholder in the relevant Exercise Notice.

The clearing system will credit the appropriate amount to the account of each Securityholder (which may include intermediaries such as banks or brokers), in accordance with its rules or policies.

Neither the Issuer nor the Guarantor has an obligation to make payments directly to investors in the Securities. Each investor in the Securities must look to the clearing system or its bank or broker for payments on such investor's Securities.

If the date specified for payment is not a business day, the Issuer will make the relevant payment on the first following day that is a business day. On these occasions, the payment will be treated as if it were made on the original specified date for payment and will not be considered a late payment. Accordingly, the Issuer will not be obliged to compensate the investor for the postponement. The term "Business Day" is defined within the terms and conditions of the Securities.

In the case of Physical Delivery Securities, delivery of the Entitlement will be made directly to the Securityholder in accordance with the delivery method specified in the terms and conditions.

For Securities not held through a clearing system, the "Securityholder" will be the investor shown on the register (in the case of registered Securities) or the investor who physically holds the Security (in the case of bearer Securities). To receive payment of principal, interest or other amounts, you will need to contact the registrar (in the case of registered Securities) or the relevant Agent (for bearer Securities) and present evidence of your holding of the Security. The Issuer will not make payments to you directly but will do so through the relevant Agents.

16. *Will my Securities be guaranteed?*

Securities will not have the benefit of the Guarantee unless (i) it is stated in the applicable Final Terms that the Guarantee is applicable and (ii), in the case of W&C Securities, the application of the Guarantee to any Series of W&C Securities is specifically authorised by an executive officer of the Guarantor authorised by the Guarantor's Executive Management Board and the date of such authorisation is included in the applicable Final Terms. Where the Guarantee is not applicable in respect of a series of Securities, such Securities will not have the benefit of any guarantee by Nomura Holdings, Inc. or any other party and Securityholders will have recourse only to the Issuer.

17. *What are the Reference Items to which my Securities may be linked?*

- (a) a share (or a global depositary receipt or American depositary receipt or a preference share);
- (b) an equity index;
- (c) a commodity;
- (d) a commodity index;
- (e) a foreign exchange rate;
- (f) an interest rate;
- (g) a fund (regulated or unregulated, mutual, exchange traded or hedge fund);

18. *How is the value of my investment affected by the value of the underlying Reference Items?*

Where the Securities are Reference Item Linked Securities the value of the interest and/or redemption payments and/or cash settlement amount(s) and/or other amounts due in respect of the Securities and/or the timing and/or entitlement to such payments or amounts may be determined by reference to the value of the relevant Reference Items. Set out below is a description of such linkage in respect of each type of Non-Exempt Interest N&C Securities, Non-Exempt Redemption N&C Securities and Non-Exempt W&C Securities. Investors should note that the value of the interest or redemption payments due under the Securities may be different from the value of the Securities if sold in the secondary market. The value of the Securities if sold in the secondary market may reflect a number of variables and may be less (or substantially less) than the then value of any remaining payments or amounts that may become due under the relevant Securities. Investors should review the risk factors generally, including those risk factors relating to Securities linked to the relevant Reference Item.

Investors should note that the descriptions below are subject to certain powers and obligations that the Issuer and/or Calculation Agent may have to early redeem and cancel the Securities or adjust the terms of the Securities (including, without limitation, (i) substituting or removing one or more of the Reference Item(s) to be valued, (ii) adjusting the dates for, approach to or substituting estimations for, such valuation(s) and (iii) the approach to calculation of any amount to be paid under the Securities). Such powers arise on the occurrence of certain events in relation to the Securities or one or more of the relevant Reference Item(s). Depending on the type of Reference Item these may include, amongst others, certain potential adjustment events, adjustment events, disruption events (including market disruption events), additional disruption events and extraordinary events, all as further described in the Risk Factors section of this Base Prospectus and the Terms and Conditions of the relevant Securities which an investor should read carefully. Where the Securities are early redeemed and cancelled, the amount an investor receives may be significantly less than the outstanding nominal amount of the Securities.

(i) *FX Fixed Interest N&C Securities*

The Reference Items for FX Fixed Interest N&C Securities are two or more currencies. These currencies are each of the Specified Currency, the Settlement Currency and, where applicable, any Currency Pair(s), (in each case as specified in the applicable Final Terms). The interest rate (i.e. the Rate of Interest) used to calculate the interest payable to an investor in respect of each Coupon Period is calculated by reference to the relative performance of the Specified Currency and the Settlement Currency, as reflected by the spot rate of exchange between those currencies. The Rate of Interest will be determined by the Calculation Agent at the Valuation Time on the Valuation Date, in accordance with the provisions of N&C Securities Condition 22.1.1 as completed by the information set out at paragraph 31 of Part A of the applicable Final Terms.

For the purpose of calculating the Rate of Interest, and subject to the Calculation Agent's further discretion under N&C Securities Condition 22.1.1, the spot rate of exchange will be either (i) determined by reference to the relevant FX Price Source or (ii) where one or more Currency Pairs are specified on the applicable Final Terms, implied from the fixing rate of such Currency Pair(s), in each case, as published on the relevant FX Price Source for such Currency Pair(s). If the Fixed FX Interest N&C Security is specified as a Currency 1 Fixed Rate N&C Security, if the Specified Currency increases in value against the Settlement Currency the Rate of Interest payable for that Coupon Period will be increased.

If the Fixed FX Interest N&C Security is specified as a Currency 2 Fixed Rate N&C Security, if the Specified Currency increases in value against the Settlement Currency the Rate of Interest payable for that Coupon Period will be decreased.

(ii) *Equity Basket Conditional Interest N&C Securities*

The Reference Items for Equity Basket Conditional Interest N&C Securities are the Shares in the relevant Share Basket. The Shares in the Share Basket are specified in the applicable Final Terms. Interest payments on Equity Basket Conditional Interest N&C Securities are linked to the performance of those Shares.

The interest rate (i.e. the Rate of Interest) used to calculate the interest payable to an investor in respect of a Coupon Payment Date will be calculated in accordance with the provisions of N&C Securities Condition 22.1.2 as completed by the information set out at paragraph 31 of Part A of the applicable Final Terms. Such interest rate will depend on whether or not a Conditional Coupon Barrier Event has occurred in respect of the corresponding Observation Date. A Conditional Coupon Barrier Event occurs if the performance of the worst performing Share is less than or equal to a pre-determined level (the Conditional Coupon Barrier Level specified in the Final Terms) on the relevant Observation Date. If a Conditional Coupon Barrier Event has not occurred, the Securities will pay a higher rate of interest (the Base Rate of Interest). If a Conditional Coupon Barrier Event has occurred the Securities will pay a lower rate of interest (the Floor Rate of Interest, which may be zero and if this is the case no interest will be payable in respect of any relevant Coupon Payment Date). The Base Rate of Interest and the Floor Rate of Interest are specified in the Final Terms as a fixed rate and are not linked to the performance of the Shares.

(iii) *Index Basket Conditional Interest N&C Securities*

The Reference Items for Index Basket Conditional Interest N&C Securities are the Indices in the relevant Index Basket. The Indices in the Index Basket are specified in the applicable Final Terms. Interest payments on Index Basket Conditional Interest N&C Securities are linked to the performance of the relevant Indices.

The interest rate (i.e. the Rate of Interest) used to calculate the interest payable to an investor in respect of a Coupon Payment Date will be calculated in accordance with the provisions of N&C Securities Condition 22.1.3 as completed by the information set out at paragraph 29 of Part A of the applicable Final Terms. Such interest rate will depend on whether or not a Conditional Coupon Barrier Event has occurred in respect of the corresponding Observation Date. A Conditional Coupon Barrier Event occurs if the performance of the worst performing Index is less than or equal to a pre-determined level (the Conditional Coupon Barrier Level specified in the Final Terms) on the relevant Observation Date. If a Conditional Coupon Barrier Event has not occurred, a higher rate of interest will apply (the Base Rate of Interest). If a Conditional Coupon Barrier Event has occurred a lower rate of interest will apply (the Floor Rate of Interest, which may be zero and if this is the case no interest will be payable in respect of any Coupon Payment Date to which such rate applies). The Base Rate of Interest and the Floor Rate of Interest are specified in the Final Terms, in each case as a fixed rate which is not linked to the performance of the relevant Indices.

(iv) *Multi-Rate Interest N&C Securities*

The Reference Items for the Multi-Rate Interest N&C Securities are the interest rate(s) (i.e. each of the Floating Rate Options specified as the First Rate and the Second Rate (if any) and the fixed rate specified as the Third Rate (if any)) specified in the applicable Final Terms. The interest rate (i.e. the Rate of Interest) used to calculate the interest payable to an investor in respect of each Coupon Period is calculated by reference to the combined weighted performance of the Floating Rate Option(s) plus the fixed rate (in each case as specified) (i.e. the applicable Rates Performance) in accordance with the provisions of N&C Securities Condition 22.1.4 as completed by the information set out at paragraph 33 of Part A of the applicable Final Terms.

Subject to the Cap and the Floor (as further described below), the greater the arithmetic combination of the weighted performance of the specified Floating Rate Option(s) (where specified) and any specified fixed rate, the higher the Rate Performances in respect of a Coupon Period and hence the higher the Rate of Interest payable for such Coupon Period. The weighting of each of the First Rate and the Second Rate is achieved by multiplying the rate calculated for the relevant specified Floating Rate Option (if any) by the applicable rate amount (i.e. the First Rate Amount or Second Rate Amount respectively). Where a First Rate

and a Second Rate are specified and the First Rate Amount is greater than the Second Rate Amount, the first rate will have a proportionately greater effect on the Rate of Interest than the Second Rate and *vice versa*.

The Rate of Interest for Multi-Rate Interest N&C Securities is subject to a Cap, which the Rate of Interest will not exceed, and a Floor which the Rate of Interest will not fall below, in each case regardless of the relevant Rates Performance. Each of the Cap and the Floor will be a percentage rate specified in the applicable Final Terms.

(v) Range Accrual Interest N&C Securities

The Reference Items for Range Accrual Interest N&C Securities are the Floating Rate Option(s) (i.e. each of the First Rate and the Second Rate (if any) and the Range Day Rate) and the fixed rate (if any) (i.e. the Third Rate) in each case as specified in the applicable Final Terms. Investors should note that the Range Day Rate may be the same as either the First Rate or the Second Rate. The interest rate (i.e. the Rate of Interest) used to calculate the interest payable to an investor in respect of each Coupon Period is calculated by reference to the performance of the relevant Floating Rate Option(s) and the specified fixed rate (if any) in accordance with the provisions of N&C Securities Condition 22.1.5 as completed by the information set out at paragraph 34 of Part A of the applicable Final Terms.

The Rate of Interest in respect of a Coupon Period is calculated by multiplying (i) the Rates Performance for such Coupon Period (being the weighted combination of the rates calculated in respect of each of the First Rate and the Second Rate plus the Third Rate (if any)) by (ii) the Range Date Accrual Rate for such Coupon Period. The weighting of each of the First Rate and the Second Rate (where applicable) is achieved by multiplying the rate calculated for the relevant Floating Rate Option by the applicable rate amount (i.e. the First Rate Amount or Second Rate Amount respectively). Where a First Rate and a Second Rate are specified and the First Rate Amount is greater than the Second Rate Amount, the first rate will have a proportionately greater effect on the Rate of Interest than the Second Rate and *vice versa*.

The Range Date Accrual Rate for a Coupon Period is a rate expressed as a percentage which reflects the number of days in that Coupon Period on which the Range Day Rate was equal to or greater than the Lower Barrier and equal to or less than the Upper Barrier. As such, the greater the total number of calendar days within a Coupon Period on which the Range Day Rate is equal to or greater than the Lower Barrier and equal to or less than the Upper Barrier the higher the Rate of Interest payable for such Coupon Period. The Lower Barrier and Upper Barrier are each as specified in the applicable Final Terms.

The Rates Performance for Range Accrual Interest N&C Securities is subject to a Cap, which the Rates Performance will never exceed, and a Floor which the Rates Performance will never fall below. Both the Cap and the Floor will be percentage rate specified in the applicable Final Terms.

(vi) Leveraged Inflation Interest N&C Securities

The Reference Item for Leveraged Inflation Interest N&C Securities is the inflation index (i.e. the Index) specified in the applicable Final Terms. The interest rate (i.e. the Rate of Interest) used to calculate the interest payable to an investor in respect of each Coupon Period is calculated by reference to the performance of the Index in accordance with the provisions of N&C Securities Condition 22.1.6 as completed by the information set out at paragraph 35 of Part A of the relevant Final Terms.

In respect of a Coupon Period, the Rate of Interest will be calculated as the sum of (i) the, Base Rate of Interest and (ii) subject to the Cap and the Floor (as further described below), the Leveraged Index Performance. The Leveraged Index Performance is equal to the product of (i) the Leverage and (ii) the Index Performance *minus* the Strike. The Index Performance in respect of any Coupon Period is calculated as the percentage change in value of the Index between (a) the month in which the "Initial Index Level" is taken for such Coupon Period and (b) the month in which the "Index Level" is taken for such Coupon Period (i.e. the relevant "Reference Month").

The Leverage and the Strike will be a number expressed as a percentage and will be specified in paragraph 35 of Part A of the relevant Final Terms.

The Leveraged Index Performance is subject to a Cap (being a specified percentage that the Leveraged Index Performance will never exceed), and a Floor (being a specified percentage that the Leveraged Index Performance will never fall below). As such, the Rate of Interest will never be less than the Base Rate of

Interest plus the Floor and will never be greater than the Base Rate of Interest plus the Cap. Both the Cap and the Floor will be specified in paragraph 35 of Part A of the relevant Final Terms.

(vii) FX Redemption N&C Securities

The Reference Items for FX Redemption N&C Securities are the currencies that constitute the Currency Pair(s) and, where applicable, any Alternate Currency Pair(s) (in each case, as specified in the applicable Final Terms). The Final Redemption Amount payable on the Maturity Date of the FX Redemption N&C Securities is calculated by reference to the relative performance of the currencies in each such Currency Pair as determined by reference to the spot rate of exchange between those currencies (reflected in the Settlement Rate for the relevant Currency Pair). The Final Redemption Amount will be determined by the Calculation Agent at the Valuation Time on the Valuation Date, all in accordance with the provisions of N&C Securities Condition 22.2.1 as completed by the information set out at paragraph 31 of Part A of the applicable Final Terms. For the purpose of calculating the Final Redemption Amount, the Settlement Rate for each Currency Pair will (subject to the Calculation Agent's further discretion under N&C Securities Condition 22.2.1) be either (i) determined by reference to the fixing rate for such Currency Pair as published on the relevant FX Price Source for such Currency Pair or (ii) where two or more Alternate Currency Pairs are specified in the applicable Final Terms, implied from the fixing rate for each such Alternate Currency Pair, in each case, as published on the relevant FX Price Source for each such Alternate Currency Pair.

FX Redemption N&C Security will be redeemed on the Maturity Date by payment of the Final Redemption Amount.

Subject to the Floor (as discussed further below), the Final Redemption Amount will be calculated by multiplying the specified Calculation Amount for the Securities by the leveraged weighted sum of the changes in value of the Settlement Rate for each Currency Pair relative to the specified Strike Rate for such Currency Pair. Where the leverage is specified to be 100 per cent, the application of the leverage to the weighted sum of the changes in value will have no effect on the Final Redemption Amount. The weighting and Strike Rate for each Currency Pair and the Leverage are all as specified in the applicable Final Terms. The Floor is a percentage specified in the applicable Final Terms. The Final Redemption Amount will not be less than the product of the Calculation Amount and the Floor.

The approach to calculation of the change in value of the Settlement Rate relative to the applicable Strike Rate and the effect that this will have on the Final Redemption Amount will depend on the respective specifications of X, Y and Z in the applicable Final Terms.

- (a) Where X_i means Strike Rate, Y_i means Settlement Rate and Z_i means Settlement Rate, any increase in the Settlement Rate of a Currency Pair will have a negative effect on the Final Redemption Amount, subject to the applicable Floor. Any decrease in the Settlement Rate of a Currency Pair will have a positive effect on the Final Redemption Amount.
- (b) Where X_i means Settlement Rate, Y_i means Strike Rate and Z_i means Settlement Rate, any decrease in the Settlement Rate of a Currency Pair will have a negative effect on the Final Redemption Amount, subject to the applicable Floor. Any increase in the Settlement Rate of a Currency Pair will have a positive effect on the Final Redemption Amount.
- (c) Where X_i means Strike Rate, Y_i means Settlement Rate and Z_i means Strike Rate, any increase in the Settlement Rate of a Currency Pair will have a negative effect on the Final Redemption Amount, subject to the applicable Floor. Any decrease in the Settlement Rate of a Currency Pair will have a positive effect on the Final Redemption Amount.
- (d) Where X_i means Settlement Rate, Y_i means Strike Rate and Z_i means Strike Rate, any decrease in the Settlement Rate of a Currency Pair will have a negative effect on the Final Redemption Amount, subject to the applicable Floor. Any increase in the Settlement Rate of a Currency Pair will have a positive effect on the Final Redemption Amount.
- (e) Where X_i means Strike Rate, Y_i means Settlement Rate and Z_i means 1, any increase in the Settlement Rate of a Currency Pair will have a negative effect on the Final Redemption Amount, subject to the applicable Floor. Any decrease in the Settlement Rate of a Currency Pair will have a positive effect on the Final Redemption Amount.

- (f) Where X_i means Settlement Rate, Y_i means Strike Rate and Z_i means 1, any decrease in the Settlement Rate of a Currency Pair will have a negative effect on the Final Redemption Amount, subject to the applicable Floor. Any increase in the Settlement Rate of a Currency Pair will have a positive effect on the Final Redemption Amount.

Where more than one Currency Pair is specified in the applicable Final Terms, as above, the Final Redemption Amount will reflect the weighted sum of the changes in value of all Currency Pairs. As such, whilst the value of the Settlement Rate of a particular Currency Pair may have a positive or negative effect on the Final Redemption Amount, the Final Redemption Amount will ultimately reflect the combined weighted sum of the changes in value for all of the Currency Pairs.

(viii) Fixed Denomination FX Redemption N&C Securities

The Reference Items for Fixed Denomination FX Redemption N&C Securities are two currencies. These currencies are each of the Specified Currency and the Settlement Currency (in each case as specified in the applicable Final Terms). The Final Redemption Amount payable on the Maturity Date of the Fixed Denomination FX Redemption N&C Securities is calculated by reference to the relative performance of the Specified Currency and the Settlement Currency, as reflected by the spot rate of exchange between those currencies and applying such spot rate to the Base Final Redemption Amount applicable to each nominal amount or unit of N&C Securities equal to the Calculation Amount. The Final Redemption Amount will be determined by the Calculation Agent at the Valuation Time on the Valuation Date, in accordance with the provisions of N&C Securities Condition 22.1.12 as completed by the information set out at paragraph 31 of Part A of the applicable Final Terms.

For the purpose of calculating the Final Redemption Amount, and subject to the Calculation Agent's further discretion under N&C Securities Condition 22.1.12, the spot rate of exchange will be determined by reference to the relevant FX Price Source(s).

If the Specified Currency decreases in value against the Settlement Currency in respect of Fixed Denomination FX Redemption N&C Security, the Final Redemption Amount payable for that Fixed Denomination FX Redemption N&C Security will be less than would otherwise be the case.

(ix) Equity Basket Knock-In N&C Securities

The Reference Items for Equity Basket Knock-In N&C Securities are the Shares in the relevant Share Basket. The Shares in the Share Basket are specified in the applicable Final Terms. The method of calculation of the Final Redemption Amount for the Securities is, and the amount of such payment may be, linked to the performance of the relevant Shares, in each case in accordance with the provisions of N&C Securities Condition 22.2.2 as completed by the information set out at paragraph 30 of Part A of the applicable Final Terms.

Each Equity Basket Knock-In N&C Security will be redeemed on the Maturity Date by payment of the Final Redemption Amount. The method of calculation of the Final Redemption Amount is determined by reference to the performance of the worst performing Share on the Final Valuation Date.

- (a) If a Knock-In Event (as further described below) has not occurred in respect of the worst performing Share, the Final Redemption Amount will be 100 per cent. of the nominal amount of the relevant Securities.
- (b) If a Knock-In Event has occurred in respect of the worst performing Share, the investor will participate in the downside performance of such worst performing Share, the Final Redemption Amount being calculated by multiplying the nominal amount of the Securities by the performance of the worst performing Share between the relevant Initial Valuation Date and the Final Valuation Date. Where this is the case, an investor will lose part and may lose all of their invested capital.

A Knock-In Event occurs in respect of a Share if the value of the worst performing Share is equal to or less than the Knock-In Level at the Valuation Time on the Final Valuation Date. The Knock-In Level for each Share is calculated as the closing price of such Share on the relevant Initial Valuation Date multiplied by the

applicable Knock-In Percentage. The Final Valuation Date, the Initial Valuation Date and the applicable Knock-In Percentage are all as specified in the Final Terms for the relevant Securities.

(x) Equity Basket Barrier Knock-In N&C Securities

The Reference Items for Equity Basket Barrier Knock-In N&C Securities are the Shares in the relevant Share Basket. The Shares in the Share Basket are specified in the applicable Final Terms. The method of calculation of the Final Redemption Amount is determined by reference to the performance of the worst performing Share on the Final Valuation Date and the amount payable is dependent on (i) whether a Knock-In Event has occurred and (ii) if a Knock-In Event has occurred, whether the performance of the worst performing Share is above or below a pre-determined level (the Barrier Level specified in the applicable Final Terms).

- (a) If a Knock-In Event (as further described below) has not occurred in respect of the worst performing Share, the Final Redemption Amount payable to an investor will be 100 per cent. of the nominal amount per Security.
- (b) If a Knock-In Event has occurred in respect of the worst performing Share, but the performance of such worst performing Share is equal to or greater than the Barrier Level on the Final Valuation Date, the Final Redemption Amount payable to an investor will be 100 per cent. of the nominal amount per Security.
- (c) If a Knock-In Event has occurred and the performance of the worst performing Share is less than the Barrier Level on the Final Valuation Date, the investor will participate in the downside performance of such worst performing Share, the Final Redemption Amount being calculated by multiplying the nominal amount of the Securities by the performance of the worst performing Share between the relevant Initial Valuation Date and the Final Valuation Date. Where this is the case, the investor will lose part and may lose all of their invested capital.

Subject to the applicable disruption provisions, a Knock-In Event occurs if the price of any Share is, at any time during the regular trading session hours of the applicable Exchange on any Scheduled Trading Day in the Knock-In Determination Period, equal to or less than the Knock-In Level for such Share. The Knock-In Level for each Share is calculated as the closing price of such Share on the relevant Initial Valuation Date multiplied by the applicable Knock-In Percentage. The Final Valuation Date, the Initial Valuation Date and the applicable Knock-In Percentage are all as specified in the Final Terms for the relevant Securities.

Where an Autocall Event has occurred the early redemption amount payable in respect of the Securities is equal to:

- (a) where the Securities are specified to be Fixed Autocall N&C Securities in the applicable Final Terms, 100 per cent. of the nominal amount per Security; or
- (b) where the Securities are specified to be Uplift Autocall N&C Securities, 100 per cent. of the nominal amount per Security plus an additional percentage equal to the specified Autocall Rate.

The early termination amount payable is not calculated by reference to the performance of the relevant Shares. Where no Autocall Event occurs, and subject to any other prior termination in accordance with the terms and conditions of the relevant Securities, the Securities will redeem at the Final Redemption Amount on the relevant Maturity Date.

(xvi) Index Basket Autocall N&C Securities

The Reference Items for Index Basket Autocall N&C Securities are the Indices in the relevant Index Basket. The Indices in the Index Basket are specified in the applicable Final Terms. Unless the Securities have been previously redeemed or cancelled, the Securities will be automatically redeemed prior to the maturity at an early redemption amount if an Autocall Event occurs in accordance with the provisions of N&C Securities Condition 22.2.9 as such Condition is completed by the information set out paragraph 29 of Part A of the applicable Final Terms. The determination of the Autocall Event is linked to the performance of the relevant Indices. An Autocall Event occurs if the performance of the worst performing Index is equal to or greater than a pre-determined level (the Autocall Level specified in the applicable Final Terms) on any of the specified Observation Dates. Where an Autocall Event has occurred the early redemption amount payable in respect of the Securities is equal to:

- (a) where the Securities are specified to be Fixed Autocall N&C Securities in the applicable Final Terms, 100 per cent. of the nominal amount per Security; or
- (b) where the Securities are specified to be Uplift Autocall N&C Securities, 100 per cent. of the nominal amount per Security plus an additional percentage equal to the specified Autocall Rate.

The early termination amount payable is not calculated by reference to the performance of the relevant Indices. Where no Autocall Event occurs, and subject to any other prior termination in accordance with the terms and conditions of the relevant Securities, the Securities will redeem at the Final Redemption Amount on the relevant Maturity Date.

(xvii) Zero Recovery Basket Credit Linked N&C Securities

The Reference Items for the Zero Recovery Basket Credit Linked N&C Securities are the credit of the Reference Entities in the applicable basket, each as specified in the applicable Final Terms. The Final Redemption Amount payable following the redemption of the Zero Recovery Basket Credit Linked N&C Securities is the nominal amount of N&C Securities equal to the Outstanding Nominal Amount on the Maturity Date. The Outstanding Nominal Amount is calculated by the Calculation Agent in accordance with the terms specified in N&C Securities Condition 22.2.10 as completed by the information set out at paragraph 32 of Part A of the applicable Final Terms.

If (i) the Conditions to Settlement are satisfied with respect to a Reference Entity (in the case of Securities to which Annex 7 applies) or (ii) a Credit Event Determination Date occurs with respect to a Reference Entity (in the case of Securities to which Annex 15 applies), the Outstanding Nominal Amount will be reduced, in accordance with Credit Linked Condition 2, proportionally to the weighting of the Reference Entity in the basket. Investors will receive no payment in respect of such reduction. The basket of Reference Entities and their respective weightings will be set out in paragraph 32 of Part A of the relevant Final Terms. Investors should note further that the Outstanding Nominal Amount of the Securities is also used for the purpose of calculation of interest. As such, following any reduction in the Outstanding Nominal Amount, any interest payments due in respect of the Securities will also be reduced.

If the Conditions to Settlement have not been satisfied (in the case of Securities to which Annex 7 applies) or a Credit Event Determination Date has not occurred (in the case of Securities to which Annex 15 applies), in either case, for any Reference Entity on the Maturity Date the Final Redemption Amount of the N&C Securities will be the relevant Calculation Amount.

In the event the Outstanding Nominal Amount is reduced to zero, the Final Redemption Amount will be zero, no further interest payments will be payable in respect of the Securities, the Issuer's obligations in respect of the N&C Securities will be discharged and the Issuer will have no further liability in respect thereof.

(xviii) Auction to Cash Settled Credit Linked N&C Securities

The Reference Item for Auction to Cash Settled Credit Linked N&C Securities is the credit of the Reference Entity as specified in the applicable Final Terms. If a Credit Event Determination Date has not occurred in respect of the Reference Entity on or prior to the Maturity Date, the Final Redemption Amount of the N&C Securities will be the relevant Calculation Amount.

If a Credit Event does occur in respect of the Reference Entity and the Calculation Agent determines that a Credit Event Determination Date has occurred and either Auction Settlement or (as a fallback) Cash Settlement applies, the Issuer will redeem the N&C Securities at the Credit Event Redemption Amount in respect of the N&C Securities on the Credit Event Redemption Date.

The Credit Event Redemption Amount may be less than the Calculation Amount of a Credit Linked N&C Security. Investors should note that any shortfall shall be borne by the Holders and no liability shall attach to the Issuer or the Guarantor (if applicable).

(xix) Equity Delta One Redemption N&C Securities

The Reference Item for Equity Delta One Redemption N&C Securities is the Share specified in the applicable Final Terms. The Final Redemption Amount for the Securities is linked to the performance of the relevant Share. The amount of any coupon payments payable under the Securities will be determined by reference to any dividends paid in respect of that Share. All such determinations will be made in accordance with the provisions of N&C Securities Condition 22.2.11 as completed by the information set out at paragraph 30 of Part A of the applicable Final Terms. The intention of the Securities is to generate a return in the Specified Currency similar to a holding of the relevant Share converted into the Specified Currency where relevant.

In accordance with Condition 22.2.11, the Final Redemption Amount in respect of each nominal amount of N&C Securities equal to the Calculation Amount will be equal to the Final Price multiplied by the applicable exchange rate less any Costs as determined by the Calculation Agent in accordance with the provisions of Condition 22.2.11. As such, subject to the terms of Condition 22.2.11 (including, *inter alia*, the deduction of the applicable Costs and the effect of any dividends paid (see further below)), where the value of the underlying Share increases, the value of the Final Redemption Amount should increase and where the value of the underlying Share decreases, the value of the Final Redemption Amount should decrease. Where a cash dividend is declared in respect of the underlying Share by the relevant share issuer such that any holder of such Share would be entitled to receive that cash dividend during the term of the N&C Securities (as further detailed in Condition 22.2.11), a coupon amount will be paid in respect of the Securities equal to the amount

of such cash dividend declared in relation to one Share converted into the Specified Currency where relevant less those applicable withholding taxes (if any) and other expenses or deductions as further described in paragraph (b) of Condition 22.2.11.

(xx) FX Basket Knock-Out W&C Securities

The Reference Items for FX Basket Knock-Out W&C Securities are the currencies that constitute the Currency Pairs in the basket and, where applicable, any Alternate Currency Pair(s) (in each case, as specified in the applicable Final Terms). The Cash Settlement Amount payable following due exercise of each FX Basket Knock-Out W&C Security is determined by reference to the relative performance of the currencies in each Currency Pair in the basket of Currency Pairs. Such relative performance is determined by reference to the spot rate of exchange between those currencies (reflected in the Settlement Rate for the relevant Currency Pair). Both the relative performance of the relevant currencies and the Cash Settlement Amount are determined in accordance with the formula specified in W&C Securities Condition 18.1 as completed by the information set out at paragraph 24 of Part A of the relevant Final Terms.

For the purpose of:

- (i) determining whether the Continuous Knock-Out Condition has been met at any relevant time; and
- (ii) where such Continuous Knock-Out Condition has been met, calculating the Cash Settlement Amount,

the Settlement Rate (at any time), in each in respect of a Currency Pair will (subject to the Calculation Agent's further discretion under W&C Securities Condition 18.1) be either (i) determined by reference to the fixing rate for such Currency Pair as published on the relevant FX Price Source for such Currency Pair at any relevant time or (ii) where one or more Alternate Currency Pairs are specified in the applicable Final Terms, implied from the fixing rate for each such Alternate Currency Pair.

If the Continuous Knock-Out Condition (see further below) has been met, the Cash Settlement Amount will be zero. If the Continuous Knock-Out Condition has not been met, the Cash Settlement Amount will be calculated by reference to the Exercise Price and the Settlement Rate for each Currency Pair in accordance with the formula specified in W&C Securities Condition 18.1. Where more than one Currency Pair is specified, the formula will produce a leveraged weighted sum of the relevant calculations across all Currency Pairs. Where the leverage is specified to be 100 per cent. the application of the leverage to the weighted average will have no effect on the Cash Settlement Amount. The weighting and the Exercise Price for each Currency Pair and the Leverage are all as specified in the applicable Final Terms.

If the Continuous Knock-Out Condition has not been met at any point during the relevant observation period:

- (a) where (i) X_i means Exercise Price, Y_i means Settlement Rate and Z_i means Settlement Rate, (ii) X_i means Exercise Price, Y_i means Settlement Rate and Z_i means Exercise Price, and (iii) X_i means Exercise Price, Y_i means Settlement Rate and Z_i means 1, any increase in the Settlement Rate of a Currency Pair will have a negative effect on the Cash Settlement Amount. Any decrease in the Settlement Rate of a Currency Pair will have a positive effect on the Cash Settlement Amount.
- (b) where (i) if X_i means Settlement Rate, Y_i means Exercise Price and Z_i means Settlement Rate, (ii) X_i means Settlement Rate, Y_i means Exercise Price and Z_i means Exercise Price, and (iii) X_i means Settlement Rate, Y_i means Exercise Price and Z_i means 1, any decrease in the Settlement Rate of a Currency Pair will have a negative effect on the Cash Settlement Amount, subject to a minimum Cash Settlement Amount of zero. Any increase in the Settlement Rate of a Currency Pair will have a positive effect on the Cash Settlement Amount.

Where more than one Currency Pair is specified in the applicable Final Terms, as above, the Cash Settlement Amount will reflect the weighted average of all Currency Pairs. As such, whilst the value of the Settlement Rate of a particular Currency Pair may have either a positive or negative effect on the Cash Settlement Amount, the Cash Settlement Amount will ultimately reflect the combined weighted figures for all Currency Pairs. Prospective investors should note that any payments made under the FX Basket Knock-In W&C Securities will be subject to the deduction of any applicable Exercise Expenses.

The observation period for the Continuous Knock-Out Condition commences at 7:00 am London time on the specified Barrier Start Date and ends at 4:00 pm London time on the specified Observation Cut-Off Date. The Continuous Knock-Out Condition is met in respect of the Securities if, during this observation period, at any time on any Observation Date during any Weekly Observation Interval the Settlement Rate of any specified Currency Pair is equal to or less than the Knock-Out Level specified in respect of such Currency Pair. The Barrier Start Date, Observation Cut-off Date, Observation Dates and the applicable Knock-Out Level for each Currency Pair are each as specified in the applicable Final Terms.

(xxi) FX Basket Knock-In W&C Securities

The Reference Items for FX Basket Knock-In W&C Securities are the currencies that constitute the Currency Pairs in the basket and, where applicable, any Alternate Currency Pair(s) (in each case, as specified in the applicable Final Terms). The Cash Settlement Amount payable following due exercise of each FX Basket Knock-In W&C Security is determined by reference to the relative performance of the currencies in each Currency Pair in the basket of Currency Pairs. Such relative performance is determined by reference to the spot rate of exchange between those currencies (as reflected in the Settlement Rate for the relevant Currency Pair). Both the relative performance of the relevant currencies and the Cash Settlement Amount are determined in accordance with the formula specified in W&C Securities Condition 18.2 as completed by the information set out at paragraph 24 of Part A of the relevant Final Terms.

For the purpose of: (i) determining whether the Continuous Knock-In Condition has been met at any relevant time; and (ii) where such Continuous Knock-In Condition has been met, calculating the Cash Settlement Amount, the Settlement Rate (at any time) in respect of a Currency Pair will (subject to the Calculation Agent's further discretion under W&C Securities Condition 18.2) be either (i) determined by reference to the fixing rate for such Currency Pair as published on the relevant FX Price Source for such Currency Pair at any relevant time or (ii) where one or more Alternate Currency Pairs are specified in the applicable Final Terms, implied from the fixing rate for each such Alternate Currency Pair.

If the Continuous Knock-In Condition has not been met, the Cash Settlement Amount will be zero. If the Continuous Knock-In Condition has been met, the Cash Settlement Amount will be calculated by reference to the Exercise Price and the Settlement Rate for each Currency Pair in accordance with the formula specified in W&C Securities Condition 18.2. Where more than one Currency Pair is specified, the formula will produce as leveraged weighted average across all Currency Pairs. Where the leverage is specified to be 100 per cent. the application of the leverage to the weighted average will have no effect on the Cash Settlement Amount. The weighting and the Exercise Price for each Currency Pair and the Leverage are all as specified in the applicable Final Terms.

If the Continuous Knock-In Condition has been met:

- (a) where (i) X_i means Exercise Price, Y_i means Settlement Rate and Z_i means Settlement Rate, (ii) X_i means Exercise Price, Y_i means Settlement Rate and Z_i means Exercise Price, and (iii) X_i means Exercise Price, Y_i means Settlement Rate and Z_i means 1, any increase in the Settlement Rate of a Currency Pair will have a negative effect on the Cash Settlement Amount. Any decrease in the Settlement Rate of a Currency Pair will have a positive effect on the Cash Settlement Amount.
- (b) where (i) X_i means Settlement Rate, Y_i means Exercise Price and Z_i means Settlement Rate, (ii) X_i means Settlement Rate, Y_i means Exercise Price and Z_i means Exercise Price, and (iii) X_i means Settlement Rate, Y_i means Exercise Price and Z_i means 1, any decrease in the Settlement Rate of a Currency Pair will have a negative effect on the Cash Settlement Amount, subject to a minimum Cash Settlement Amount of zero. Any increase in the Settlement Rate of a Currency Pair will have a positive effect on the Cash Settlement Amount.

Where more than one Currency Pair is specified in the applicable Final Terms, as above, the Cash Settlement Amount will reflect the weighted average of all Currency Pairs. As such, whilst the value of the Settlement Rate of a particular Currency Pair may have either a positive or negative effect on the Cash Settlement Amount, the Cash Settlement Amount will ultimately reflect the combined weighted figures for all Currency Pairs. Prospective investors should note that any payments made under the FX Basket Knock-In W&C Securities will be subject to the deduction of any applicable Exercise Expenses.

The observation period for the Continuous Knock-In Condition commences at 7:00 am London time on the specified Trade Date and ends at 4:00 pm London time on the specified Observation Cut-Off Date. The Continuous Knock-In Condition is met in respect of the Securities if, during this observation period, at any time on any Observation Date during any Weekly Observation Interval the Settlement Rate of any specified Currency Pair is equal to or greater than the Knock-In Level specified in respect of such Currency Pair. The Trade Date, Observation Cut-Off Date, Observation Dates and the applicable Knock-In Level for each Currency Pair are as specified in the applicable Final Terms.

(xxii) Equity Delta One W&C Securities

The Reference Item for Equity Delta One Redemption W&C Securities is the Share specified in the applicable Final Terms. The amount of the Cash Settlement Amount payment for the Securities is linked to the performance of the relevant Share. The amount of any coupon payments payable under the Securities will be determined by reference to any dividends paid in respect of that Share. All such determination will be made in accordance with the provisions of W&C Securities Condition 18.3 as completed by the information set out at paragraph 23 of Part A of the applicable Final Terms. The intention of the Securities is to generate a return similar to a holding of the relevant Share.

In accordance with Condition 18.3, the Cash Settlement Amount in respect of each W&C Security is calculated by reference to the Final Price multiplied by the applicable exchange rate less any Costs as determined by the Calculation Agent in accordance with the provisions of Condition 18.3. As such, subject to the terms of Condition 18.3 (including, *inter alia*, the deduction of the applicable Costs and the effect of any dividends paid (see further below)), where the value of the underlying Share increases, the value of the Cash Settlement Amount should increase and where the value of the underlying Share decreases, the value of the Cash Settlement Amount should decrease. Where a cash dividend is declared in respect of the underlying Share the relevant share issuer such that any holder of such Share would be entitled to receive that cash dividend during the term of the W&C Securities (as further described in Condition 18.3) a coupon amount will be paid in respect of the Securities equal to the amount of such cash dividend declared in relation to one Share less those applicable withholding taxes (if any) and other expenses or deductions as further described in paragraph (b) of Condition 18.3.

19. *Is the market value and interest and amount payable or deliverable in respect of my Securities subject to the credit risk of the Issuer and the Guarantor (if any)?*

Yes. You will have no recourse to the Reference Item(s), so you will be exposed to the credit risk of the Issuer and, if the Securities are Guaranteed Securities, the Guarantor. The market value of the Securities will not only be affected by the value of the Reference Item(s), but will also depend in part on the credit rating of the Issuer or Guarantor (if any).

20. *If my Securities are linked to a Reference Item, will I have recourse to that asset if the Issuer and the Guarantor (if any) default?*

No. The Securities are linked to the performance of the Reference Item, but there is no obligation on the Issuer or if the Securities are Guaranteed Securities, the Guarantor to hold the Reference Item. Even if the Issuer or if the Securities are Guaranteed Securities, the Guarantor does hold the Reference Item, it will not be segregated from the other assets of the Issuer or, if the Securities are Guaranteed Securities, the Guarantor for the benefit of the holders of Securities.

21. *Who calculates the amounts payable to me?*

Unless otherwise specified in the relevant Final Terms, Nomura International plc will act as the Calculation Agent in respect of Securities and in such capacity, will determine the performance levels of the Reference Item(s) on specified valuation dates and will determine any interest amounts and the redemption amounts and/or physical settlement amounts payable or deliverable by the Issuer in respect of such Securities. In the event that a disruption event has occurred in respect of a Reference Item on a specified valuation date which renders it impossible or impractical for the Calculation Agent to make a determination on such date, the valuation may be postponed to an alternative date in accordance with the terms and conditions of the Securities.

In the event your Securities are redeemed or cancelled early because of an Extraordinary Event (these are described in the terms and conditions of the Securities), the Calculation Agent will determine the early payment amount of your Securities. This may be based in some cases on its determining the fair market value of your Securities and deducting certain costs.

22. *What are Index Linked Securities?*

Amounts payable or assets deliverable in respect of some Securities, as indicated in the relevant Final Terms, will be calculated by reference to the performance of an index or a basket of indices over a fixed period of time or on fixed dates. Such Securities are known as Index Linked Securities.

An index is a synthetic portfolio of shares or other assets or reference bases representing a particular market, or portion of it and each such index has its own calculation methodology and is usually expressed in terms of a level or a change from a base value.

There are three types of such indices that are referenced by Securities: (i) a unitary equity index, where the underlying shares trade on a single stock exchange and the level of such index is published on a recognised information service; (ii) a multi-exchange equity index, where the underlying shares trade on more than one stock exchange and the level of such index is published on a recognised information service, and (iii) a proprietary index, where the level of such index is calculated by the entity that owns and sponsors such index and information on it may only be available from that sponsor. A Nomura Group entity may be the sponsor of an index.

23. *What are Equity Linked Securities?*

Amounts payable or assets deliverable in respect of some Securities, as indicated in the relevant Final Terms, will be calculated by reference to the performance of a share or a basket of shares (or to American depositary receipts or global depositary receipts) over a fixed period of time or on fixed dates. Such Securities are known as Equity Linked Securities. The shares of companies that are referenced by such Securities may be traded on a stock exchange and the prices of such shares may be published on recognised information services, for example, Bloomberg or Reuters screens or on the share issuer's website, in which case you will be able to monitor the relevant share prices during the life of the Equity Linked Securities.

24. *What are FX Linked Securities?*

Amounts payable in respect of some Securities, as indicated in the relevant Final Terms, will be calculated by reference to the performance of a foreign exchange rate or a basket of foreign exchange rates over a fixed period of time or on fixed dates. Such Securities are known as FX Linked Securities. Foreign exchange rates indicate the relationship between one specified currency and another currency. The values of such foreign exchange rates may be published by recognised information services and in some cases are determined by central banks.

25. *What are Commodity Linked Securities?*

Amounts payable or assets deliverable in respect of some Securities, as indicated in the relevant Final Terms, will be calculated by reference to the performance of a commodity, or a basket of commodities, a commodity index or a basket of commodity indices over a fixed period of time or on fixed dates. Such Securities are known as Commodity Linked Securities.

Commodities (including contracts that provide for physical delivery or are based on the price of a deliverable commodity) and commodity indices are generally divided into four main classes: (i) energy, which includes crude oil, gasoline, heating oil and natural gas, (ii) agricultural produce, which includes corn, soybeans, soybean oil, wheat, sugar, cocoa, cotton and coffee, (iii) livestock, which includes cattle and lean hogs, and (iv) metals, which can be subdivided into base metals such as aluminium, copper, nickel, lead and zinc, and precious metals such as gold, silver and platinum.

A commodity index is generally a synthetically produced weighted basket of commodity futures contracts that satisfy specified criteria and is designed to be a liquid and diversified benchmark for such commodities. Each commodity index has its own composition and calculation methodology and is usually expressed in terms of a change from a base value.

26. *What are Fund Linked Securities?*

Amounts payable or assets deliverable in respect of some Securities, as indicated in the relevant Final Terms, will be calculated by reference to the performance of a fund interest or a basket of fund interests over a fixed period of time or on fixed dates. Such fund interests may include interests in exchange traded funds and information on it may only be available from that sponsor. Such Securities are known as Fund Linked Securities.

27. *What are Inflation Linked Securities?*

Amounts payable in respect of some Securities, as indicated in the relevant Final Terms, will be calculated by reference to the performance of an inflation index or a basket of inflation indices over a fixed period or on fixed dates. Such Securities are known as Inflation Linked Securities.

28. *What are Credit Linked Securities?*

Credit Linked Securities are Securities in respect of which the amount payable at maturity and the amount payable on each interest payment date (if any) are linked to the credit risk of one or more underlying entities (each a **Reference Entity**). In exchange for a rate of interest or other return on the Securities in the absence of a Credit Event, investors take the risk that the amount which they receive at maturity will be less than the face value of the Security and the amount of interest they receive may be reduced if any of the underlying Reference Entities have, amongst other similar things, become insolvent or defaulted on its obligations. Insolvency or default of a Reference Entity is referred to as a **Credit Event** having occurred. If a Credit Event has occurred with respect to a Reference Entity to which your Securities are linked, you will receive a reduced percentage (which may be zero) of the face value of each Security you hold calculated by reference to the recovery rate achieved by creditors of the Reference Entity if your Securities are cash settled, or the weighting of the relevant Reference Entity in the basket in relation to zero recovery basket Securities (which means you will not receive the benefit of any recovery rate otherwise achieved by creditors of that Reference Entity), or you will receive a certain direct or indirect obligation of the Reference Entity which is likely to have a value which is lower than the face value of each Security if your Securities are physically settled.

29. *What is Auction Settlement?*

Auction Settlement may apply in the case of Credit Linked Securities.

When a credit event occurs in respect of a reference entity that is referenced in a significant volume of credit derivative transactions, a determinations committee established by ISDA may determine that one or more auctions should be held in order to facilitate settlement of those transactions at the same time and at a fixed settlement price. During the auction process primary credit derivatives dealers that choose to participate in the auction submit prices at which they would buy and sell the reference entity's debt obligations and requests for physical settlement that they have received from their counterparties.

30. *Why was Auction Settlement developed?*

Historically auctions were held by ISDA from time to time following the occurrence of credit events in respect of widely traded reference entities. Market participants adhered to protocols that provided for auction settlement of their transactions, and this auction settlement became the primary settlement method for credit events on widely traded reference entities. As a result ISDA has facilitated, at the request of regulators in the U.S. and Europe and with the involvement of many participants in the credit derivatives markets, the "hardwiring" of auction settlement as a new settlement method into the documentation for credit derivative transactions. By means of general protocols published by ISDA, to which several thousand counterparties have adhered, auction settlement has become the market standard settlement method in the over-the-counter credit derivatives markets. Auction settlement is also being adopted by market participants for other credit-linked products such as the Securities.

31. *How will Auction Settlement apply in relation to the Securities?*

In the case of Securities for which "Auction Settlement" is specified as the settlement method in the applicable Final Terms, if a credit event occurs in respect of the relevant reference entity and an auction is held for that reference entity, the final price determined by such auction will apply in respect of that reference entity for the purposes of the Securities. The final price (or recovery value) so determined will

apply to the calculation of the Credit Event Redemption Amount. If no auction is held, cash settlement will apply in order to determine the applicable recovery value.

32. *What are Swedish Securities?*

Swedish Securities means any series of Securities designated as "*Swedish N&C Securities*" or "*Swedish W&C Securities*", as applicable, in the applicable Final Terms. Swedish Securities may only be issued as Exempt Securities.

Swedish Securities will be issued pursuant to a Swedish Agency Agreement with Swedbank AB (publ) as Swedish Issuing Agent and will be registered in uncertificated and dematerialised electronic book-entry form with a Swedish Central Securities Depository which will be Euroclear Sweden AB, Box 191, SE-101 23, Stockholm, Sweden or any successor thereto acceptable to the Issuer (**Euroclear Sweden AB**) in accordance with all applicable Swedish laws, regulations and rules. Swedish Securities registered in Euroclear Sweden AB are negotiable instruments and not subject to any restrictions on free negotiability under Swedish law. For so long as it is a requirement of the applicable rules of Euroclear Sweden AB, Swedish Securities may not provide for any form of settlement in respect of payment of interest, principal or premium other than payment in cash. Swedish Securities will not be issued in definitive form.

Further details relating to Swedish Securities are set out at Annex 9 "*Additional Terms and Conditions for Swedish Securities*".

33. *What are Swiss Securities?*

Swiss Securities means any series of Securities designated as "*Swiss N&C Securities*" or "*Swiss W&C Securities*", as applicable, in the applicable Final Terms. Swiss Securities may only be issued as Exempt Securities.

Swiss Securities may be issued in (i) bearer global form (in the case of Swiss N&C Securities) or non-bearer global form (in the case of Swiss W&C Securities) or (ii) uncertificated form (**Uncertificated Securities**), which Uncertificated Securities shall entered into the main register (*Hauptregister*) of SIX SIS Ltd. or any other relevant clearing system on or prior to their issue date as intermediated securities (*Bucheffekten*) (**Intermediated Securities**) within the meaning of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).

Securities in global form will be represented by one or more permanent global securities and deposited with the relevant clearing system or common depository. Once the permanent global security has been so deposited and the Securities entered into the accounts of one or more participants of the relevant clearing system or common depository, the Securities will constitute Intermediated Securities. Each holder of Securities in global form shall have a quotal co-ownership interest (*Miteigentumsanteil*) in the permanent global security representing such Securities to the extent of his claim against the Issuer, provided that, for so long as the permanent global security remains deposited with the clearing system or common depository, the co-ownership interest shall be suspended and such Security may only be transferred by the entry of the transferred Securities in a securities account of the transferee. The records of the clearing system or common depository will determine the number of Securities held through each participant of the clearing system or common depository. In respect of Securities held in the form of Intermediated Securities, the holders of such Securities will be the persons holding such Securities in a securities account (*Effektenkonto*) that is in their name, or, in the case of intermediaries (*Verwahrungsstellen*), the intermediaries (*Verwahrungsstellen*) holding such Securities for their own account in a securities account (*Effektenkonto*) that is in their name (and the expressions "Securityholder", "Holder" and "holder of Global Securities" and related expressions shall be construed accordingly).

Uncertificated Intermediated Securities will remain registered in the main register (*Hauptregister*) of SIX SIS Ltd. until the earlier of expiration, exercise and printing of the relevant series of Swiss Securities. So long as the uncertificated Swiss Securities constitute Intermediated Securities, they may only be transferred by the entry of the transferred uncertificated Swiss Securities in a securities account of the transferee.

Further details relating to Swiss Securities are set out at Annex 10 "*Additional Terms and Conditions for Swiss Securities*".

34. *What are Preference Share Linked N&C Securities?*

Preference Share Linked N&C Securities are linked to preference shares of a UK private limited company and will represent an investment linked to the economic performance of the preference shares. The preference shares will in turn be linked to the economic performance of one or more specified Reference Item(s) and prospective investors should note that the return (if any) on their investment in such Preference Share Linked N&C Securities will depend upon the performance of the preference shares, which will in turn depend upon the performance of such Reference Item(s). Whilst the redemption amount of such Preference Share Linked N&C Securities is linked to the market value of preference shares which will be influenced (positively or negatively) by the Reference Item(s), any change may not be comparable to a direct investment in the Reference Item(s) and may be disproportionate.

As the amounts payable in respect of Preference Share Linked N&C Securities are linked to preference shares which are in turn linked to the performance of the relevant Reference Item(s), a purchaser of such a Preference Share Linked N&C Security must generally be correct about the direction, timing and magnitude of an anticipated change in the value of the relevant Reference Item(s). Assuming all other factors are held constant, the lower the value of the Preference Share Linked N&C Securities and the shorter the remaining term to redemption, the greater the risk that purchasers of such Preference Share Linked N&C Securities will lose all or part of their investment.

Preference Share Linked N&C Securities linked to preference shares are not principal protected. Investors in Preference Share Linked N&C Securities risk losing their entire investment if the value of the relevant preference shares does not move in the anticipated direction. Preference Share Linked N&C Securities may only be issued as Exempt Securities.

For the purpose of calculating the U.S. dollar nominal amount of the then applicable N&C Securities issued under the Programme from time to time:

- (a) the U.S. dollar equivalent of N&C Securities denominated in another Specified Currency (as specified in the applicable Final Terms) shall be determined, at the discretion of the Issuer, either as of the date of agreement to issue such N&C Securities (the **Agreement Date**) or on the preceding day on which commercial banks and foreign exchange markets are open for general business (including dealing in foreign exchange and foreign currency deposits) in London, in each case on the basis of the spot rate for the sale of U.S. dollars against the purchase of the relevant Specified Currency in the London foreign exchange market quoted by any leading bank selected by the Issuer on such date; or
- (b) the U.S. dollar amount of any N&C Securities or, where applicable, the U.S. dollar equivalent of the amount (other than as provided below) shall be determined by reference to (i) the original Aggregate Nominal Amount specified in the applicable Final Terms or (ii) if no such amount is specified the net proceeds received by the Issuer for the relevant issue; or

FORM OF THE SECURITIES

The following section applies to both Exempt Securities and Non-Exempt Securities.

Words and expressions defined in the "Terms and Conditions of the N&C Securities" or the "Terms and Conditions of the W&C Securities", as applicable, shall have the same meanings in this Form of the Securities.

Form of the N&C Securities

Other than in the case of Book-Entry Interests, CDIs and definitive Registered N&C Securities (each as defined below), the N&C Securities of each Series will initially be represented by a global security in bearer form, with or without interest coupons attached. Bearer N&C Securities will be issued outside the United States in offshore transactions to non-U.S. persons in reliance on Regulation S under the United States Securities Act of 1933, as amended (the **Securities Act**) (**Regulation S**) and Immobilised Bearer N&C Securities will be issued through the Book-Entry Depository (as defined below) both outside the United States in reliance on the exemption from registration provided by Regulation S and within the United States to QIBs that are also QPs or to, or for the account or benefit of, U.S. persons who are QIBs and also QPs in reliance on Rule 144A under the Securities Act (**Rule 144A**) and, in each case, who agree to purchase the N&C Securities for their own account or for the accounts of one or more other persons each of whom is a QIB that is a QP and not with a view to the distribution thereof and, unless otherwise provided in the applicable Final Terms, provide an Investor Representation Letter substantially in the form set out in the Agency Agreement or otherwise in private transactions that are exempt from the registration requirements of the Securities Act and any applicable state securities laws.

Bearer N&C Securities

Each Tranche of Bearer N&C Securities will initially be issued in the form of a temporary global security (a **Temporary Bearer Global N&C Security**) or, if so specified in the applicable Final Terms, a permanent global security (a **Permanent Bearer Global N&C Security** and, together with a Temporary Bearer Global N&C Security, each a **Bearer Global N&C Security**) which, in either case, will:

- (i) if the Global N&C Securities are intended to be issued in new global note (**NGN**) form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the **Common Safekeeper**) for Euroclear Bank SA/NV (**Euroclear**) and Clearstream Banking S.A. (**Clearstream, Luxembourg**); or
- (ii) if the Global N&C Securities are not intended to be issued in NGN form, be delivered on or prior to the original issue date of the Tranche to a common depository (the **Common Depository**) for, Euroclear and Clearstream, Luxembourg.

Where the Global N&C Securities issued in respect of any Tranche are in NGN form, the applicable Final Terms will also indicate whether or not such Global N&C Securities are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Global N&C Securities are to be so held does not necessarily mean that the Securities of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any times during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The Common Safekeeper for NGNs will either be Euroclear or Clearstream, Luxembourg or another entity approved by Euroclear and Clearstream, Luxembourg.

Whilst any Bearer N&C Security is represented by a Temporary Bearer Global N&C Security, payments of principal, interest (if any) and any other amount payable in respect of the N&C Securities due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Bearer Global N&C Security if the Temporary Bearer Global N&C Security is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in the Temporary Bearer Global N&C Security are not United States person, or persons who have purchased for

resale to any United States person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Principal Agent.

On and after the date (the **Exchange Date**) which is 40 days after a Temporary Bearer Global N&C Security is issued, interests in such Temporary Bearer Global N&C Security will be exchangeable (free of charge) upon a request as described therein either for (i) interests in a Permanent Bearer Global N&C Security of the same Series or (ii) definitive Bearer N&C Securities of the same Series with, where applicable, receipts, interest coupons and talons attached (as indicated in the applicable Final Terms and subject, in the case of definitive Bearer N&C Securities, to such notice period as is specified in the applicable Final Terms), in each case against certification of beneficial ownership as described above unless such certification has already been given, provided that purchasers in the United States and certain U.S. Persons (as defined below) will not be able to receive definitive Bearer N&C Securities. The holder of a Temporary Bearer Global N&C Security will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Bearer Global N&C Security for an interest in a Permanent Bearer Global N&C Security or for definitive Bearer N&C Securities is improperly withheld or refused. The Bearer N&C Securities will be subject to certain restrictions on transfer set forth therein or will bear a legend regarding such restrictions.

Payments of principal, interest (if any) or any other amounts on a Permanent Bearer Global N&C Security will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Bearer Global N&C Security if the Permanent Bearer Global N&C Security is not intended to be issued in NGN form) without any requirement for certification.

The applicable Final Terms will specify that a Permanent Bearer Global N&C Security will be exchangeable (free of charge), in whole but not in part, for definitive Bearer N&C Securities with, where applicable, receipts, interest coupons and talons attached upon the occurrence of an Exchange Event. For these purposes, **Exchange Event** means that (i) an Event of Default (as defined in N&C Securities Condition 11) has occurred and is continuing or (ii) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available. The Issuer will promptly give notice to Securityholders in accordance with N&C Securities Condition 16 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Bearer Global N&C Security) may give notice to the Principal Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Principal Agent.

The following legend will appear on all Permanent Bearer Global N&C Securities and definitive Bearer N&C Securities and on all receipts and interest coupons relating to such N&C Securities where TEFRA D is specified in the applicable Final Terms:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Bearer N&C Securities, receipts or interest coupons and will not be entitled to capital gains treatment in respect of any gain on any sale, disposition, redemption or payment of principal in respect of N&C Securities, receipts or interest coupons.

Securities which are represented by a Bearer Global N&C Security will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

Immobilised Bearer N&C Securities

The Immobilised Bearer N&C Securities of each Tranche offered and sold in reliance on Regulation S, which will be sold in offshore transactions to non-U.S. persons outside the United States, will initially be represented by a global security in bearer form (a **Regulation S Global N&C Security**).

In the event that the applicable Final Terms specifies that a Tranche of N&C Securities is eligible for sale in the United States or to, or for the account or benefit of, U.S. persons, Immobilised Bearer N&C Securities of such Tranche may only be offered and sold in private transactions (a) in the United States to "qualified institutional buyers" within the meaning of Rule 144A under the Securities Act (**QIBs**) who are also "qualified purchasers" (**QPs**) within the meaning of Section 3(c)(7) and as defined in Section 2(a)(51)(A) of the United States Investment Act of 1940, as amended (the **1940 Act**), or (b) to U.S. persons who are QIBs and also QPs and, in each case, who agree to purchase N&C Securities for their own account or for the accounts of one or more other persons each of whom is a QIB and also a QP and not with a view to the distribution thereof and, unless otherwise provided in the applicable Final Terms, provide an Investor Representation Letter substantially in the form set out in the Agency Agreement. All such N&C Securities will initially be represented by a global security in bearer form (a **Rule 144A Global N&C Security** and, together with a Regulation S Global N&C Security, the **Immobilised Bearer Global N&C Securities**).

The Immobilised Bearer Global N&C Securities will initially be issued in bearer form, without interest coupons, and title thereto will pass by delivery. Pursuant to an agreement (such agreement as amended and/or supplemented and/or restated from time to time, the **N&C Securities Depository Agreement**) dated on or about the date of this Base Prospectus between the Issuer, Citibank, N.A., London Branch (the **Book-Entry Depository**), Citibank, N.A., London Branch (the **Custodian**) and Citigroup Global Markets Deutschland AG (the **Registrar**), the Immobilised Bearer Global N&C Securities of each Series will on issue be deposited with the Book-Entry Depository and held by the Custodian on behalf of the Book-Entry Depository.

In respect of Immobilised Bearer Global N&C Securities to be settled through Euroclear and/or Clearstream, Luxembourg (**European Immobilised Bearer Global N&C Securities**) which are deposited with the Book-Entry Depository, the Book-Entry Depository will issue registered certificated depository interests (**European CDIs**) to a common depository for Euroclear and Clearstream, Luxembourg, or its nominee, and will record the European CDIs in the books and records of the Registrar in the name of the common depository or its nominee, as applicable. Ownership of interests in the European Immobilised Bearer Global N&C Securities deposited with the Book-Entry Depository (the **European Book-Entry Interests**) will be limited to persons with an account with Euroclear and/or Clearstream, Luxembourg or persons who may hold interests through such participants. European Book-Entry Interests will be shown on, and transfers thereof will be affected only through records maintained in book-entry form by Euroclear and/or Clearstream, Luxembourg and their participants.

In respect of Immobilised Bearer Global N&C Securities to be settled through DTC (**U.S. Immobilised Bearer Global N&C Securities**) which are deposited with the Book-Entry Depository, the Book-Entry Depository will issue registered certificateless depository interests (**U.S. CDIs** and, together with European CDIs, **CDIs**) to the Depository Trust Company (**DTC**) or its nominee Cede & Co. and will record the U.S. CDIs in the books and records of the Registrar in the name of Cede & Co. as nominee of DTC. For so long as DTC or its nominee is the registered owner or holder of interests in the U.S. Immobilised Bearer Global N&C Securities deposited with the Book-Entry Depository (the **U.S. Book-Entry Interests** and, together with the European Book-Entry Interests, the **Book-Entry Interests**) DTC or such nominee, as the case may be, will be considered the sole owner or holder of the U.S. Book-Entry Interests for all purposes under the

Agency Agreement except to the extent that, in accordance with DTC's published rules and procedures, any ownership rights may be exercised by its participants or beneficial owners through participants.

Subject as set out below, the Book-Entry Interests will not be held in definitive form. Instead, DTC, Euroclear and/or Clearstream, Luxembourg (as applicable) will credit on their respective book-entry registration and transfer systems a participant's account with the interest beneficially owned by such participant. The laws of some jurisdictions, including certain states of the United States, may require that certain purchasers of securities take physical delivery of such securities in definitive form. The foregoing limitations may impair the ability to own, transfer or pledge Book-Entry Interests. In addition, while the Immobilised Bearer N&C Securities are in global form, holders of Book-Entry Interests will not be considered the owners or holders of such N&C Securities for any purpose.

Interests in an Immobilised Bearer Global N&C Security will be exchangeable (free of charge), in whole but not in part, for N&C Securities in definitive registered form without receipts, interest coupons or talons attached only upon the occurrence of an Exchange Event. For these purposes, **Exchange Event** means:

- (i) an Event of Default has occurred and is continuing;
- (ii) in the case of Immobilised Bearer N&C Securities registered in the name of a nominee for DTC, either DTC has notified the Issuer that it is unwilling or unable to continue to act as depository for the N&C Securities and no alternative clearing system is available or DTC has ceased to constitute a clearing agency registered under the Exchange Act;
- (iii) in the case of Immobilised Bearer N&C Securities registered in the name of a nominee for a common depository for Euroclear and Clearstream, Luxembourg, the Issuer has been notified that (x) either Euroclear or Clearstream, Luxembourg is unwilling or unable to continue to act as depository for the N&C Securities and no alternative clearing system is available or (y) both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and, in any such case, no successor clearing system is available;
- (iv) the Book-Entry Depository is at any time unwilling or unable to continue as Book-Entry Depository in respect of any Immobilised Bearer N&C Securities or its appointment as such under the N&C Securities Depository Agreement is (or is to be) terminated and no successor is appointed by the Issuer within 90 days; or
- (v) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the N&C Securities represented by the Global N&C Security in definitive registered form.

The Issuer will promptly give notice to Securityholders in accordance with N&C Securities Condition 16 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, DTC, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Immobilised Bearer Global N&C Security) may give notice to the Registrar (or request that the Principal Agent does so) requesting exchange and, in the event of the occurrence of an Exchange Event as described in (v) above, the Issuer may also give notice to the Registrar requesting exchange. Any such exchange shall occur not later than 10 days after the date of receipt of the first relevant notice by the Registrar.

In such an event, the Issuer (or the Registrar on behalf of the Issuer) will exchange the Book-Entry Interests in the relevant Immobilised Bearer Global N&C Security for N&C Securities in definitive form, registered in the name or names and issued in any approved denominations, requested by on or behalf of DTC, Euroclear and/or Clearstream, Luxembourg, as applicable (in accordance with their respective customary procedures and based upon directions received from participants reflecting the beneficial ownership of Book-Entry Interests), and which may bear a restrictive legend unless such legending is not required by applicable law.

To the extent permitted by law, the Issuer, the Principal Agent and the Registrar shall be entitled to treat the holder of any N&C Security as the absolute owner thereof.

Transfer of Interests

Pursuant to the N&C Securities Depository Agreement, the Immobilised Bearer Global N&C Securities may be transferred only to a successor to the relevant Book-Entry Depository.

Unless and until Book-Entry Interests are exchanged for N&C Securities in definitive registered form, the CDIs held by a nominee for DTC or for the common depository for Euroclear and Clearstream, Luxembourg may not be transferred except as a whole to a nominee or a successor approved by the Issuer.

Book-Entry Interests will be subject to certain restrictions on transfer and certification requirements, as described under "*Notice to Purchasers and Holders of Securities and Transfer Restrictions*".

All transfers of Book-Entry Interests between participants in DTC, participants in Euroclear or participants in Clearstream, Luxembourg will be effected by DTC, Euroclear or Clearstream, Luxembourg, as applicable, pursuant to customary procedures and subject to the applicable rules and procedures established by DTC, Euroclear or Clearstream, Luxembourg and their respective participants.

Subject to the foregoing, a Book-Entry Interest in one of the Immobilised Bearer Global N&C Securities may be transferred to a person who takes delivery thereof in the form of a Book-Entry Interest in another of the Immobilised Bearer Global N&C Securities by means of an instruction originated through DTC, Euroclear or Clearstream, Luxembourg, as applicable. Any Book-Entry Interest that is so transferred will, upon transfer, cease to be a Book-Entry Interest in the first-mentioned Immobilised Bearer Global N&C Security and become a Book-Entry Interest in the other Immobilised Bearer Global N&C Security and will thereafter be subject to all transfer restrictions, if any, and other procedures applicable to Book-Entry Interests in such other Immobilised Bearer Global N&C Security for as long as it remains such a Book-Entry Interest. In connection with such transfer, appropriate adjustments will be made to reflect a decrease in the principal amount at maturity of the first-mentioned Immobilised Bearer Global N&C Security and a corresponding increase in the principal amount at maturity of the other Immobilised Bearer Global N&C Security, as applicable. In addition, where a transfer of a Book-Entry Interest is made which requires the conversion of a U.S. Book-Entry Interest to a European Book-Entry Interest (or vice versa), appropriate adjustments will be made to reflect such conversion.

Book-Entry Interests in an Immobilised Bearer Global N&C Security may be exchanged for N&C Securities in definitive registered form upon receipt by the Registrar of instructions from the Principal Agent. It is expected that such instructions of the Principal Agent will be based upon directions received by DTC, Euroclear or Clearstream, Luxembourg, as applicable, from the participant which owns the relevant Book-Entry Interests. N&C Securities in a definitive registered form issued in exchange for a Book-Entry Interest will, except as otherwise determined by the Issuer in compliance with applicable law, be subject to the restrictions described under "*Notice to Purchasers and Holders of Securities and Transfer Restrictions*" and will bear the legend referred to thereunder.

Immobilised Bearer N&C Securities are also subject to the restrictions on transfer set forth therein and will bear a legend regarding such restrictions, see "*Offering and Sale*".

General

Pursuant to the Agency Agreement (as defined under "*Terms and Conditions of the N&C Securities*"), the Principal Agent shall arrange that, where a further Tranche of N&C Securities is issued which is intended to form a single Series with an existing Tranche of N&C Securities at a point after the Issue Date of such further Tranche, the N&C Securities of such further Tranche shall be assigned a common code and ISIN and, where applicable, a CUSIP and CINS number, which are different from the common code, ISIN, CUSIP and CINS assigned to N&C Securities of any other Tranche of the same Series until such time as the Tranches are consolidated and form a single Series, which shall not be prior to the expiry of any applicable period that by law or regulation would require such N&C Securities not to be fungible.

Any reference herein to Euroclear and/or Clearstream, Luxembourg and/or DTC and/or Euroclear Sweden AB and/or SIX SIS Ltd shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms or, in the case of Exempt Securities as may otherwise be approved by the Issuer, the Guarantor (if any) and the Principal Agent or the Registrar, as the case may be.

An N&C Security may be accelerated by the holder thereof in certain circumstances described in N&C Securities Condition 11. In such circumstances, where any N&C Security is still represented by a Global N&C Security and the Global N&C Security (or any part thereof) has become due and repayable in accordance with the Terms and Conditions of such N&C Securities and payment in full of the amount due has not been made in accordance with the provisions of the Global N&C Security then from 8.00 p.m. (London time) on such day, holders of interests in such Global N&C Security credited to their accounts with Euroclear and/or Clearstream, Luxembourg and/or DTC and/or Euroclear Sweden AB and/or SIX SIS Ltd, as the case may be, will become entitled to proceed directly against the Issuer on the basis of statements of account provided by Euroclear, Clearstream, Luxembourg and/or DTC and/or Euroclear Sweden AB and/or SIX SIS Ltd on and subject to the terms of a deed of covenant (the **Deed of Covenant**) dated on or about 9 September 2016 executed by the Issuer. In addition, holders of interests in such Global N&C Security credited to their accounts with DTC may require DTC to deliver N&C Securities in definitive registered form in exchange for their interest in such Global N&C Security in accordance with DTC's standard operating procedures.

The Issuer and the Guarantor (if any) may agree with any Dealer that N&C Securities may be issued in a form not contemplated by the Terms and Conditions of the N&C Securities herein, in which event, in the case of Non-Exempt N&C Securities only, a new prospectus or a supplement to the Base Prospectus, if appropriate, will be made available which will, in the case of Non-Exempt N&C Securities only, describe the effect of the agreement reached in relation to such N&C Securities.

Form of W&C Securities

The W&C Securities of each Series will be in registered form. W&C Securities may be issued both (i) within the United States to QIBs that are also QPs or to, or for the account or benefit of, U.S. persons who are QIBs and also QPs in reliance on Rule 144A and, in each case, who agree to purchase the W&C Securities for their own account or for the accounts of one or more other persons each of whom is a QIB that is a QP and not with a view to the distribution thereof and (ii) to, or for the account or benefit of, non-U.S. persons in offshore transactions outside the United States in reliance on Regulation S.

In the event that the applicable Final Terms specifies that W&C Securities are eligible for sale in the United States or to, or for the account or benefit of, U.S. persons, interests in such W&C Securities will be represented by a Rule 144A Global W&C Security (the **Rule 144A Global W&C Security**) and may only be offered and sold in private transactions pursuant to an exemption from the registration requirements of the Securities Act and any applicable state securities laws (a) in the United States to QIBs that are QPs or (b) to U.S. persons who are QIBs and also QPs and, in each case, who agree to purchase the W&C Securities for their own account or for the accounts of one or more other persons each of whom is a QIB that is a QP and not with a view to the distribution thereof and (unless otherwise provided in the applicable Final Terms) provide an Investor Representation Letter substantially in the form set out in the Agency Agreement. If it is specified in the applicable Final Terms that W&C Securities as described above may also be sold outside of the United States in offshore transactions to non-U.S. persons in reliance on Regulation S under the Securities Act (**Regulation S**), such interests in the W&C Securities will be represented by a Regulation S Global W&C Security (the **Regulation S Global W&C Security**).

In the event that the applicable Final Terms does not specify that the W&C Securities are eligible for sale in the United States to QIBs who are also QPs or to, or for the account or benefit of, U.S. persons who are QIBs and also QPs, the W&C Securities will be represented by a Permanent Global W&C Security (the **Permanent Global W&C Security**).

Permanent Global W&C Securities are permanently prohibited from being offered, sold, resold, transferred, pledged or delivered in the United States or to, or for the benefit of (a) a "U.S. person" as defined in Regulation S, (b) a person other than a "Non-United States person" as defined in Rule 4.7 under the United States Commodity Exchange Act of 1936, as amended (the **CEA**), (c) a "U.S. person" as defined in the Interpretive Guidance and Policy Statement Regarding Compliance with Certain Swap Regulations promulgated by the United States Commodity Futures Trading Commission (the **CFTC**), as amended, modified or supplemented from time to time, pursuant to the CEA, (d) any other "U.S. person" as such term may be defined in Regulation S or in regulations or guidance adopted under the CEA, or (e) a "United States person" as defined in the United States Internal Revenue Code of 1986, as amended and the United States Treasury regulations promulgated thereunder, in each case, as such definition may be amended, modified or supplemented from time to time (each such person, a **U.S. Person**). References herein to a "Global W&C Security" include, as the context so requires, a Rule 144A Global W&C Security, a Regulation S Global W&C Security and a Permanent Global W&C Security. Interests in a Permanent Global W&C Security may not be exchanged for interests in any other Global W&C Security. Interests in a Rule 144A Global W&C Security may not be exchanged for interests in a Permanent Global W&C Security. Interests in a Regulation S Global W&C Security may not be exchanged for interests in a Permanent Global W&C Security.

Each Permanent Global W&C Security and Regulation S Global W&C Security will be deposited with a depository (a **Common Depository**) on behalf of Clearstream Banking, S.A. (**Clearstream, Luxembourg**) and Euroclear Bank S.A./N.V. (**Euroclear**). A Rule 144A Global W&C Security will be either (i) deposited with the New York Security Agent as custodian for, and registered in the name of a nominee of, The Depository Trust Company (**DTC**) and references herein to W&C Securities "held through" DTC will be deemed to be references to W&C Securities so represented, or (ii) deposited with a Common Depository common to Euroclear and Clearstream, Luxembourg, as specified in the applicable Final Terms. Unless otherwise expressly stated in the applicable Final Terms, each Global W&C Security will be deposited with a common depository on behalf of Euroclear and Clearstream, Luxembourg.

In the case of W&C Securities represented by a Regulation S Global W&C Security held through Euroclear and/or Clearstream, Luxembourg, if the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available or the Issuer receives a notice from DTC as described below in relation to the Rule 144A Global W&C Security held through DTC corresponding to the same Series of W&C Securities as such Regulation S Global W&C Security, the Issuer will promptly give notice to Securityholders in accordance with W&C Securities Condition 9 and will deliver W&C Securities in definitive registered form (bearing such legends as may be required by the Issuer) in exchange for the Regulation S Global W&C Security.

In the case of W&C Securities represented by a Rule 144A Global W&C Security held through DTC, if DTC notifies the Issuer that it is unwilling or unable to continue as a depository for that Rule 144A Global W&C Security, or if at any time DTC ceases to be a "clearing agency" registered under the U.S. Securities Exchange Act of 1934, as amended, and a successor depository is not appointed by the Issuer within 90 days of such notice, or the Issuer receives notice as described above in respect of the closure of Euroclear and Clearstream, Luxembourg in relation to the Regulation S Global W&C Security held through Euroclear and Clearstream, Luxembourg corresponding to the same Series of W&C Securities as such Rule 144A Global W&C Security, the Issuer will deliver W&C Securities in definitive registered form (bearing such legends as may be required by the Issuer) in exchange for that Rule 144A Global W&C Security.

Except in the circumstances described in the preceding two paragraphs, owners of beneficial interests in a Global W&C Security will not be entitled to have any portion of such W&C Securities registered in their name and will not receive or be entitled to receive physical delivery of registered W&C Securities in definitive form in exchange for their interests in that Global W&C Security. Transfer, exercise, termination, settlement and other mechanics related to any W&C Securities issued in definitive form in exchange for W&C Securities represented by a Global W&C Security shall be as agreed between the Issuer, the Principal

Agent and, in the case of W&C Securities represented by a Rule 144A Global W&C Security, the New York Security Agent.

The Issuer and the Guarantor (if any) in respect of any Tranche of W&C Securities may agree with any Dealer that Securities other than Exempt Securities may be issued in a form not contemplated by the relevant Terms and Conditions, in which event a supplement to this Base Prospectus or a new Base Prospectus will be made available which will describe the effect of the agreement reached in relation to such W&C Securities.

In the case of N&C Securities other than Exempt N&C Securities, reference should be made to the "applicable Final Terms" for a description of the content of Final Terms which will specify which of such terms are to apply in relation to the relevant N&C Securities.

The Additional Terms and Conditions contained in Annex 1 in the case of Index Linked N&C Securities, Annex 2 in the case of Equity Linked N&C Securities, Annex 3 in the case of FX Linked N&C Securities, Annex 4 in the case of Commodity Linked N&C Securities, Annex 5 in the case of Fund Linked N&C Securities, Annex 6 in the case of Inflation Linked N&C Securities, Annex 7 or Annex 15 in the case of Credit Linked N&C Securities, Annex 8 in the case of Physical Delivery N&C Securities, Annex 9 in the case of Swedish Securities, Annex 10 in the case of Swiss Securities, Annex 11 in the case of Short Price Payout N&C Securities, Annex 12 in the case of Preference Share Linked N&C Securities, and/or Annex 13 in the case of MOT N&C Securities (each as defined below) will apply to the N&C Securities if specified herein and/or in the applicable Final Terms.

References herein to the **N&C Securities** shall be references to the N&C Securities of this Series and shall mean:

- (i) in relation to any N&C Securities represented by a global N&C Security (**a Global N&C Security**), units of each Specified Denomination in the Specified Currency (in the case of Notes) or each security unit represented by the Global N&C Security (in the case of Certificates);

1. FORM, DENOMINATION AND TITLE

1.1 Form

Other than in the case of Book-Entry Interests, CDIs and Definitive Registered N&C Securities, the N&C Securities will be issued in bearer form and, in the case of definitive N&C Securities, serially numbered, in the currency (the **Specified Currency**) and denominations (the **Specified Denomination(s)**) specified in the applicable Final Terms. N&C Securities will be issued in such denominations as may be agreed between the Issuer and the relevant Dealer and as indicated in the applicable Final Terms save that the minimum denomination of each N&C Security will be such as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency. Unless otherwise specified in the applicable Final Terms, N&C Securities sold in the United States to QIBs that are also QPs will be subject to a minimum denomination requirement of U.S.\$100,000 (or the equivalent in another Specified Currency) and will be issued in integral denominations of U.S.\$1,000 (or the equivalent in another Specified Currency) in excess thereof. N&C Securities of one Specified Denomination may not be exchanged for N&C Securities of another Specified Denomination.

Each Tranche of Bearer N&C Securities will be initially issued in the form of a temporary global security (a **Temporary Bearer Global N&C Security**) or, if so specified in the applicable Final Terms, a permanent global security (a **Permanent Bearer Global N&C Security** and, together with a Temporary Bearer Global N&C Security, a **Bearer Global N&C Security**) which, in either case, will:

- (a) if the Global N&C Securities are intended to be issued in new global note (NGN) form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the **Common Safekeeper**) for Euroclear Bank SA/NV (**Euroclear**) and Clearstream Banking S.A. (**Clearstream, Luxembourg**); or
- (b) if the Global N&C Securities are not intended to be issued in NGN form, be delivered on or prior to the original issue date of the Tranche to a common depository (the **Common Depository**) for, Euroclear and Clearstream, Luxembourg.

The Immobilised Bearer N&C Securities (as defined below) of each Tranche offered and sold in reliance on Regulation S, which will be sold in offshore transactions to non-U.S. persons outside the United States, will initially be represented by a global security in bearer form (a **Regulation S Global N&C Security**).

In the event that the applicable Final Terms specifies that a Tranche of N&C Securities is eligible for sale in the United States or to, or for the benefit of, U.S. persons, Immobilised Bearer N&C Securities of such Tranche may be offered and sold (a) in the United States to "qualified institutional buyers" (**QIBs**) within the meaning of Rule 144A (**Rule 144A**) under the United States Securities Act of 1933, as amended (the **Securities Act**) who are also "qualified purchasers" (**QPs**) within the meaning of Section 2(a)(51)(A) of the United States Investment Act of 1940, as amended (the **1940 Act**), or (b) to U.S. persons who are QIBs and also QPs and, in each case, who agree to purchase the

N&C Securities for their own account or for the accounts of one or more other persons each of whom is a QIB that is a QP and not with a view to the distribution thereof and (unless otherwise provided in the applicable Final Terms) provide an Investor Representation Letter substantially in the form set out in the Agency Agreement. All such N&C Securities will initially be represented by a global security in bearer form (a **Rule 144A Global N&C Security** and, together with a Regulation S Global N&C Security, the **Immobilised Bearer Global N&C Securities**).

The Immobilised Bearer Global N&C Securities will initially be issued in bearer form, without interest coupons, and title thereto will pass by delivery. Pursuant to the terms of the N&C Securities Depositary Agreement, the Book-Entry Depositary will hold any Immobilised Bearer Global N&C Security for the holders of the CDIs and owners of the Book-Entry Interests as bare trustee and the owners of the Book-Entry Interests will accordingly be tenants in common in respect of the CDIs to the extent of the Book-Entry Interests in respect of which they are owners. The Book-Entry Depositary shall have only those rights, discretions, duties, obligations and responsibilities expressly specified in the N&C Securities Depositary Agreement and the Conditions and, other than holding any Immobilised Bearer Global N&C Security as bare trustee, as aforesaid, does not assume any relationship of trust for or with the owners of the Book-Entry Interests or any other person. In particular, the Book-Entry Depositary may not extinguish, cancel or otherwise terminate this arrangement other than pursuant to the terms of this Agreement and the Conditions. Holders of Book-Entry Interests are deemed to have notice of and shall be bound by the terms of the N&C Securities Depositary Agreement.

In respect of Immobilised Bearer Global N&C Securities to be settled through Euroclear and/or Clearstream, Luxembourg (**European Immobilised Bearer N&C Securities**) which are deposited with the Book-Entry Depository, the Book-Entry Depository will issue registered certificated depositary interests (**European CDIs**) to a common depository for Euroclear and Clearstream, Luxembourg, or its nominee, and will record the European CDIs in the books and records of the Registrar in the name of the nominee of the common depository. Ownership of interests in the European Immobilised Bearer Global N&C Securities deposited with the Book-Entry Depository (the **European Book-Entry Interests**) will be limited to persons with an account with Euroclear and/or Clearstream, Luxembourg or persons who may hold interests through such participants. European Book-Entry Interests will be shown on, and transfers thereof will be affected only through records maintained in book-entry form by Euroclear and/or Clearstream, Luxembourg and their participants.

In respect of Immobilised Bearer Global N&C Securities to be settled through DTC (**U.S. Immobilised Bearer Global N&C Securities**) which are deposited with the Book-Entry Depository, the Book-Entry Depository will issue registered certificateless depositary interests (**U.S. CDIs** and, together with European CDIs, **CDIs**) to the Depository Trust Company (**DTC**) or its nominee Cede & Co. and will record the U.S. CDIs in the books and records of the Registrar in the name of Cede & Co. as nominee of DTC. 2. TRANSFER AND EXCHANGE

2.1 Transfers of interests in Immobilised Bearer Global N&C Securities

Transfers of Book-Entry Interests will be effected by DTC, Euroclear or Clearstream, Luxembourg, as the case may be, and in turn by other participants and, if appropriate, indirect participants in such clearing systems acting on behalf of beneficial transferors and transferees of such interests. A Book-Entry Interest will, subject to compliance with all applicable legal and regulatory restrictions, be transferable for N&C Securities in definitive form or for a Book-Entry Interest in another N&C Security only in the authorised denominations (in the case of Notes) or number of security units (in the case of Certificates) set out in the applicable Final Terms and only in accordance with the rules and operating procedures for the time being of DTC, Euroclear or Clearstream, Luxembourg, as the case may be, and in accordance with the terms and conditions specified in the Agency Agreement.

Pursuant to the N&C Securities Depository Agreement, the Immobilised Bearer Global N&C Securities may be transferred only to a successor to the relevant Book-Entry Depository.

Unless and until Book-Entry Interests are exchanged for Definitive Registered N&C Securities, the CDIs held by DTC or its nominee or the common depository or its nominee for Euroclear and Clearstream, Luxembourg may not be transferred except as a whole to a nominee or a successor approved by the Issuer.

Book-Entry Interests will be subject to certain restrictions on transfer and certification requirements and may bear a legend regarding such restrictions.

All transfers of Book-Entry Interests between participants in DTC, participants in Euroclear or participants in Clearstream, Luxembourg will be effected by DTC Euroclear or Clearstream, Luxembourg, as applicable, pursuant to customary procedures and subject to the applicable rules and procedures established by DTC, Euroclear or Clearstream, Luxembourg and their respective participants.

Subject to the foregoing, a Book-Entry Interest in one of the Immobilised Bearer Global N&C Securities may be transferred to a person who takes delivery thereof in the form of a Book-Entry Interest in another of the Immobilised Bearer Global N&C Securities by means of an instruction originated through DTC, Euroclear or Clearstream, Luxembourg, as applicable. Any Book-Entry Interest that is so transferred will, upon transfer, cease to be a Book-Entry Interest in the first-mentioned Immobilised Bearer Global N&C Security and become a Book-Entry Interest in the other Immobilised Bearer Global N&C Security and will thereafter be subject to all transfer restrictions, if any, and other procedures applicable to Book-Entry Interests in such other Immobilised Bearer Global N&C Security for as long as it remains such a Book-Entry Interest. In connection with such transfer, appropriate adjustments will be made to reflect a decrease in the principal amount at maturity or number of units of the first-mentioned Immobilised Bearer Global N&C Security and a corresponding increase in the principal amount at maturity or number of units of the other Immobilised Bearer Global N&C Security, as applicable. In addition, where a transfer of a Book-Entry Interest is made which requires the conversion of a U.S. Book-Entry Interest to a European Book-Entry Interest (or *vice versa*), appropriate adjustments will be made to reflect such conversion.

Book-Entry Interests in an Immobilised Bearer Global N&C Security may in certain circumstances be exchanged for Definitive Registered N&C Securities upon receipt by the Registrar of instructions

from a Paying Agent. It is expected that such instructions of the Paying Agent will be based upon directions received by DTC, Euroclear or Clearstream, Luxembourg, as applicable, from the participant which owns the relevant Book-Entry Interests. Definitive Registered N&C Securities issued in exchange for a Book-Entry Interest will except as otherwise determined by the Issuer in compliance with applicable law, be subject to certain restrictions on transfer and certification requirements and may bear a legend regarding such restrictions.

2.2 Transfers of Definitive Registered N&C Securities

In order to effect any such transfer (i) the holder or holders must (A) surrender the Definitive Registered N&C Security for registration of the transfer of the Definitive Registered N&C Security (or the relevant part of the Definitive Registered N&C Security) at the specified office of the Registrar or any Transfer Agent, with the form of transfer thereon duly executed by the holder or holders thereof or his or their attorney or attorneys duly authorised in writing and (B) complete and deposit such other certifications as may be required by the Registrar or, as the case may be, the relevant Transfer Agent and (ii) the Registrar or, as the case may be, the relevant Transfer Agent must, after due and careful enquiry, be satisfied with the documents of title and the identity of the person making the request. Any such transfer will be subject to such reasonable regulations as the Issuer and the Registrar may from time to time prescribe. Subject as provided above, the Registrar or, as the case may be, the relevant Transfer Agent will, within three business days (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar or, as the case may be, the relevant Transfer Agent is located) of the request (or such longer period as may be required to comply with any applicable fiscal or other laws or regulations), authenticate and deliver, or procure the authentication and delivery of, at its specified office to the transferee or (at the risk of the transferee) send by uninsured mail, to such address as the transferee may request, a new Definitive Registered N&C Security of a like aggregate nominal amount to the Definitive Registered N&C Security (or the relevant part of the Definitive Registered N&C Security) transferred. In the case of the transfer of part only of a Definitive Registered N&C Security in definitive form, a new Definitive Registered N&C Security in respect of the balance of the Definitive Registered N&C Security not transferred will be so authenticated and delivered or (at the risk of the transferor) sent to the transferor.

2.3 Registration of transfer upon partial redemption

In the event of a partial redemption of N&C Securities under Condition 8, the Issuer shall not be required to register the transfer of any Definitive Registered N&C Security, or part of a Definitive Registered N&C Security, called for partial redemption.

2.4 Costs of registration

Securityholders will not be required to bear the costs and expenses of effecting any registration of transfer as provided above, except for any costs or expenses of delivery other than by regular uninsured mail and except that the Issuer may require the payment of a sum sufficient to cover any stamp duty, tax or other governmental charge that may be imposed in relation to the registration.

2.5 Transfers of interests in European Book-Entry Interests

Transfers by the holder of a European Book-Entry Interest or of beneficial interest in a European Immobilised Bearer Global N&C Security to a transferee in the United States or who is a U.S. person will only be made:

- 2.5.1 upon receipt by the Registrar of a written certification substantially in the form set out in the Agency Agreement, amended as appropriate (a **Transfer Certificate**), copies of which are available from the specified office of any Transfer Agent, from the transferor of the European Book-Entry Interest or the beneficial interest in the relevant European Immobilised Bearer Global N&C Security to the effect that such transfer is being made to a person whom the transferor reasonably believes is a QIB that is also a QP in a transaction meeting the requirements of Rule 144A; or
- 2.5.2 otherwise pursuant to the Securities Act or an exemption therefrom, subject to receipt by the Issuer of such satisfactory evidence as the Issuer may reasonably require, which may include an opinion of U.S. counsel, that such transfer is in compliance with any applicable securities laws of any State of the United States,

and, in each case, in accordance with (1) any applicable securities laws of any State of the United States or any other jurisdiction and (2) any applicable restriction on transfer imposed by the CEA.

- 2.6.1 to a transferee who takes delivery of such interest through a European Book-Entry Interest, upon receipt by the Registrar of a duly completed Transfer Certificate from the transferor to the effect that such transfer is being made in accordance with Regulation S and that in the case of a European CDI registered in the name of a nominee for DTC the interests in the European Book-Entry Interest being transferred will be held immediately thereafter through Euroclear and/or Clearstream, Luxembourg;
- 2.6.2 to a transferee who takes delivery of such interest through a Legended N&C Security where the transferee is a person whom the transferor reasonably believes is a QIB that is also a QP in a transaction meeting the requirements of Rule 144A, without certification; or

and, in each case, in accordance with (1) any applicable securities laws of any State of the United States or any other jurisdiction and (2) any applicable restriction on transfer imposed by the CEA.

Upon the transfer, exchange or replacement of Legended N&C Securities, or upon specific request for removal of the Legend, the Registrar shall deliver only Legended N&C Securities or refuse to remove the Legend, as the case may be, unless there is delivered to the Issuer such satisfactory evidence as may reasonably be required by the Issuer, which may include an opinion of U.S. counsel, that neither the Legend nor the restrictions on transfer set forth therein are required to ensure compliance with the provisions of the Securities Act.

The Guarantor undertakes that so long as any of the Guaranteed N&C Securities remain Outstanding, it will not create or permit to be outstanding any mortgage, charge, pledge or other security interest upon the whole or any part of its property, assets or revenues, present or future, to secure for the benefit of the holders of any securities (i) payment of any sum due in respect of any securities or (ii) any payment under any guarantee of securities or (iii) any payment under any indemnity or other like obligation relating to securities, in any such case in which:

4.2.1 either such securities are by their terms payable, or confer a right to receive payment, in any currency other than the currency of the jurisdiction of incorporation of the Guarantor (the **Guarantor's Currency**) which is Japanese Yen, or such securities are denominated in the Guarantor's Currency and more than 50 per cent. of the aggregate principal amount thereof is initially distributed outside the jurisdiction of incorporation of the Guarantor (the **Guarantor's Jurisdiction**) which is Japan, by or with the authorisation of the Guarantor or (if not the Guarantor) the Issuer; and

4.2.2 such securities are for the time being, or are intended to be, quoted, listed, ordinarily dealt in or traded on any stock exchange or over-the-counter or other securities market outside the Guarantor's Jurisdiction,

without in any such case at the same time according to the Guarantee either the same security as is granted to or is outstanding in respect of such securities, guarantee, indemnity or other like obligation or such other security or guarantee as shall be approved by an Extraordinary Resolution of the Securityholders.

As used in this paragraph, **securities** means bonds, debentures, notes or other similar investment securities of the Issuer or the Guarantor, or any other person with a stated maturity of more than one year from the creation thereof.

5. REDENOMINATION

This Condition 5 is only applicable to Exempt N&C Securities

5.1 Redenomination

Redenomination may be specified as applicable in the applicable Pricing Supplement for a Series of Exempt N&C Securities. If redenomination is so specified as applicable, the Issuer may, without the consent of the Securityholders, the Receiptholders and the Couponholders, on giving prior notice to the Principal Agent, Euroclear and Clearstream, Luxembourg, the Book-Entry Depository or DTC, as applicable, and at least 30 days' prior notice to the Securityholders in accordance with Condition 16 below, elect that, with effect from the Redenomination Date specified in the notice, the N&C Securities shall be redenominated in euro.

The election will have effect as follows:

- 5.1.1 the N&C Securities and the Receipts shall be deemed to be redenominated in euro in the denomination of euro 0.01 with a nominal amount for each N&C Security and Receipt equal to the nominal amount of that N&C Security or Receipt in the Specified Currency, converted into euro at the Established Rate, provided that, if the Issuer determines, with the agreement of the Principal Agent or the Registrar, as applicable, that the then market practice in respect of the redenomination in euro of internationally offered securities is different from the provisions specified above, such provisions shall be deemed to be amended so as to comply with such market practice and the Issuer shall promptly notify the Securityholders, the stock exchange (if any) on which the N&C Securities may be listed and the Agents of such deemed amendments;
- 5.1.2 save to the extent that an Exchange Notice has been given in accordance with paragraph 5.1.4 below, the amount of interest due in respect of the N&C Securities will be calculated by reference to the aggregate nominal amount of N&C Securities held (or, as the case may be, in respect of which Coupons are presented for payment) by the relevant holder and the amount of such payment shall be rounded down to the nearest euro 0.01;
- 5.1.3 if definitive N&C Securities are required to be issued after the Redenomination Date, they shall be issued at the expense of the Issuer in the denominations of euro 1,000, euro 10,000, euro 100,000 and (but only to the extent of any remaining amounts less than euro 1,000 or such smaller denominations as the Principal Agent and the Book-Entry Depository, as applicable, may approve) euro 0.01 and such other denominations as the Principal Agent and the Book-Entry Depository, as applicable, shall determine and notify to the Securityholders;
- 5.1.4 if issued prior to the Redenomination Date, all unmatured Coupons denominated in the Specified Currency (whether or not attached to the N&C Securities) will become void with effect from the date on which the Issuer gives notice (the **Exchange Notice**) that replacement euro-denominated N&C Securities, Receipts and Coupons are available for exchange (provided that such securities are so available) and no payments will be made in respect of them. The payment obligations contained in any N&C Securities and Receipts so issued will also become void on that date although those N&C Securities and Receipts will continue to constitute valid exchange obligations of the Issuer. New euro-denominated N&C Securities, Receipts and Coupons will be issued in exchange for N&C Securities, Receipts and Coupons denominated in the Specified Currency in such manner as the Principal Agent and the Book-Entry Depository, as applicable, may specify and as shall be notified to the Securityholders in the Exchange Notice. No Exchange Notice may be given less than 15 days prior to any date for payment of principal or interest on the N&C Securities;
- 5.1.5 after the Redenomination Date, all payments in respect of the N&C Securities, the Receipts and the Coupons, other than payments of interest in respect of periods commencing before the Redenomination Date, will be made solely in euro as though references in the N&C

Securities to the Specified Currency were to euro. Payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque;

5.1.6 if the N&C Securities are Fixed Rate N&C Securities and interest for any period ending on or after the Redenomination Date is required to be calculated for a period ending other than on a Coupon Payment Date, it will be calculated:

5.1.6.1 in the case of the N&C Securities represented by a Global N&C Security, by applying the Rate of Interest to the aggregate outstanding nominal amount of the N&C Securities represented by such Global N&C Security; and

5.1.6.2 in the case of definitive N&C Securities, by applying the Rate of Interest to the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate N&C Security in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate N&C Security shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination without any further rounding;

5.1.7 if the N&C Securities are Floating Rate N&C Securities, the applicable Final Terms will specify any relevant changes to the provisions relating to interest; and

5.1.8 on the basis of such other changes to the Conditions as the Issuer may decide, after consultation with the Principal Agent and the Book-Entry Depository, as applicable, and as may be specified in the notice, to take into account relevant features of the N&C Securities and/or conform it to conventions then applicable to instruments denominated in euro.

5.2 Definitions

In these Conditions, the following expressions have the following meanings:

Treaty means the Treaty on the Functioning of the European Union, as amended.

6. INTEREST

The applicable Final Terms will indicate whether the N&C Securities are Fixed FX Interest N&C Securities, Equity Conditional Interest N&C Securities (which will also be Conditional Interest N&C Securities), Index Basket Conditional Interest N&C Securities (which will also be Conditional Interest N&C Securities), Multi-Rate Interest N&C Securities, Range Accrual Interest N&C Securities or Leveraged Inflation Interest N&C Securities (each a form of Non-Exempt Interest N&C Securities), Fixed Rate N&C Securities, Floating Rate N&C Securities or Zero Coupon N&C Securities or, in the case of Exempt Notes, any other applicable interest basis.

Where the N&C Securities are specified to be Fixed Rate N&C Securities, the interest payable in respect of the N&C Securities will be calculated in accordance with Condition 6.2 below.

Where the N&C Securities are specified to be Floating Rate N&C Securities, the interest payable in respect of the N&C Securities will be calculated in accordance with Condition 6.3 below.

Where the N&C Securities are Non-Exempt Interest N&C Securities, the interest payable in respect of the N&C Securities will be calculated in accordance with Condition 6.3 below, other than the Rate of Interest, which will be calculated in accordance with the relevant paragraph of Condition 22.1 below.

Where the N&C Securities are Exempt N&C Securities which are not also Fixed Rate N&C Securities or Floating Rate N&C Securities, the interest payable in respect of the N&C Securities will be calculated in accordance with Condition 6.4 below.

6.1 Day Count Fraction

Day Count Fraction means, in respect of the calculation of an amount of interest in accordance with this Condition 6:

6.1.1 if "**Actual/Actual (ICMA)**" is specified in the applicable Final Terms:

6.1.1.1 in the case of N&C Securities where the number of days in the relevant period from (and including) the most recent Coupon Payment Date (or, if none, the Coupon Commencement Date) to (but excluding) the relevant payment date (the **Accrual Period**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or

6.1.1.2 in the case of N&C Securities where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:

- (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
- (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year;

- 6.1.2 if "**Actual/Actual (ISDA)**" or "**Actual/Actual**" is specified in the applicable Final Terms, the actual number of days in the Coupon Period divided by 365 (or, if any portion of that Coupon Period falls in a leap year, the sum of (1) the actual number of days in that portion of the Coupon Period falling in a leap year divided by 366 and (2) the actual number of days in that portion of the Coupon Period falling in a non-leap year divided by 365);
- 6.1.3 if "**Actual/365 (Fixed)**" is specified in the applicable Final Terms, the actual number of days in the Coupon Period divided by 365;
- 6.1.4 if "**Actual/365 (Sterling)**" is specified in the applicable Final Terms, the actual number of days in the Coupon Period divided by 365 or, in the case of a Coupon Payment Date falling in a leap year, 366;
- 6.1.5 if "**Actual/360**" is specified in the applicable Final Terms, the actual number of days in the Coupon Period divided by 360;
- 6.1.6 if "**30/360 (ICMA)**" is specified in the applicable Final Terms, the number of days in the period from (and including) the most recent Coupon Payment Date (or, if none, the Coupon Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360;
- 6.1.7 if "**30/360**", "**360/360**" or "**Bond Basis**" is specified in the applicable Final Terms, the number of days in the Coupon Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

Y_1 is the year, expressed as a number, in which the first day of the Coupon Period falls;

Y_2 is the year, expressed as a number, in which the day immediately following the last day of the Coupon Period falls;

M_1 is the calendar month, expressed as a number, in which the first day of the Coupon Period falls;

M_2 is the calendar month, expressed as a number, in which the day immediately following the last day of the Coupon Period falls;

D_1 is the first calendar day, expressed as a number, of the Coupon Period, unless such number is 31, in which case D_1 will be 30; and

D_2 is the calendar day, expressed as a number, immediately following the last day included in the Coupon Period, unless such number would be 31 and D_1 is greater than 29, in which case D_2 will be 30;

- 6.1.8 if "**30E/360**" or "**Eurobond Basis**" is specified in the applicable Final Terms, the number of days in the Coupon Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

Y_1 is the year, expressed as a number, in which the first day of the Coupon Period falls;

Y_2 is the year, expressed as a number, in which the day immediately following the last day of the Coupon Period falls;

M_1 is the calendar month, expressed as a number, in which the first day of the Coupon Period falls;

M_2 is the calendar month, expressed as a number, in which the day immediately following the last day of the Coupon Period falls;

D_1 is the first calendar day, expressed as a number, of the Coupon Period, unless such number would be 31, in which case D_1 will be 30; and

6.1.9 if "**30E/360 (ISDA)**" is specified in the applicable Final Terms, the number of days in the Coupon Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

Y_1 is the year, expressed as a number, in which the first day of the Coupon Period falls;

Y_2 is the year, expressed as a number, in which the day immediately following the last day of the Coupon Period falls;

In these Terms and Conditions:

Determination Period means each period from (and including) a Determination Date to (but excluding) the next Determination Date (including, where either the Coupon Commencement Date or the final Coupon Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

sub-unit means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, one cent.

For the purposes of determining the Day Count Fraction in respect of any Fixed Rate N&C Securities, references in this Condition 6.1 to "Coupon Period" should be construed to refer to the relevant Fixed Coupon Period.

6.2 Interest on Fixed Rate N&C Securities

This Condition 6.2 applies to Fixed Rate N&C Securities only. The applicable Final Terms contains provisions applicable to the determination of fixed rate interest and must be read in conjunction with this Condition 6.2 for full information on the manner in which interest is calculated on Fixed Rate N&C Securities. In particular, the applicable Final Terms will specify the Coupon Commencement Date, the Rate(s) of Interest, the Coupon Payment Date(s), the Maturity Date, the Fixed Coupon Amount, any applicable Broken Amount, the Calculation Amount, the Day Count Fraction and any applicable Determination Date.

Each Fixed Rate N&C Security bears interest from (and including) the Coupon Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Coupon Payment Date(s) in each year up to (and including) the Maturity Date.

If the N&C Securities are in definitive form except, in the case of Exempt N&C Securities only, as provided in the applicable Final Terms, the amount of interest payable on each Coupon Payment Date in respect of the Fixed Coupon Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Coupon Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

As used in these Terms and Conditions, **Fixed Coupon Period** means the period from (and including) a Coupon Payment Date (or the Coupon Commencement Date) to (but excluding) the next (or first) Coupon Payment Date.

Except in the case of N&C Securities in definitive form where an applicable Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

6.2.1 in the case of Fixed Rate N&C Securities which are represented by a Global N&C Security, the aggregate outstanding nominal amount of the Fixed Rate N&C Securities represented by such Global N&C Security or, if they are Partly Paid N&C Securities, the aggregate amount paid up; or

6.2.2 in the case of Fixed Rate N&C Securities in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency or Settlement Currency, as applicable, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate N&C Security in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate N&C Security shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

6.3 Interest on Floating Rate N&C Securities and Non-Exempt Interest N&C Securities

This Condition 6.3 applies to Floating Rate N&C Securities and Non-Exempt Interest N&C Securities only. The applicable Final Terms contains provisions applicable to the determination of interest in respect of such N&C Securities and must be read in conjunction with this Condition 6.3 and, in the case of Non-Exempt Interest N&C Securities, the relevant paragraph of Condition 22.1 below for full information on the manner in which interest is calculated on Floating Rate N&C

Securities and Non-Exempt Interest N&C Securities. In particular, the applicable Final Terms will identify any Specified Coupon Payment Dates, any Coupon Accrual Dates, any Specified Period, the Coupon Commencement Date, any Business Day Convention and any Additional Business Centres. In respect of Floating Rate N&C Securities, the applicable Final Terms will specify whether ISDA Determination or Screen Rate Determination applies to the calculation of interest, the party who will calculate the amount of interest due if it is not the Principal Agent, the Margin, any maximum or minimum interest rates and the Day Count Fraction. Where ISDA Determination applies to the calculation of interest, the applicable Final Terms will also specify the applicable Floating Rate Option, Designated Maturity and Reset Date. Where Screen Rate Determination applies to the calculation of interest, the applicable Final Terms will also specify the applicable Reference Rate, Coupon Determination Date(s) and Relevant Screen Page. In respect of Non-Exempt Interest Securities, the applicable Final Terms will also identify these items specified in the applicable paragraph of Condition 22.1 below.

6.3.1 Coupon Payment Dates

Each Floating Rate N&C Security and Non-Exempt Interest N&C Security bears interest on its outstanding nominal amount and such interest will be payable in arrear on either:

- (1) the Specified Coupon Payment Date(s) in each year specified in the applicable Final Terms; or
- (2) if no Specified Coupon Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Coupon Payment Date, a **Coupon Payment Date**) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Coupon Payment Date or, in the case of the first Coupon Payment Date, after the Coupon Commencement Date.

For N&C Securities other than Conditional Interest Securities, such interest will be payable in respect of each Coupon Period. In these Conditions, **Coupon Period** means (a) in the case of Floating Rate N&C Securities, the period from (and including) a Coupon Payment Date (or the Coupon Commencement Date) to (but excluding) the next (or first) Coupon Payment Date or (b) in the case of Non-Exempt Interest N&C Securities, the period from (and including) a Coupon Accrual Date (or the Coupon Commencement Date) to (but excluding) the next (or first) Coupon Accrual Date. The Coupon Accrual Date(s) (if applicable) will be the date(s) in each year specified as such in the applicable Final Terms (each a **Coupon Accrual Date**).

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which a Coupon Payment Date should occur or (y) if any Coupon Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- 6.3.1.1 in any case where Specified Periods are specified in accordance with Condition 6.3.1(2) above, the Floating Rate Convention, such Coupon Payment Date (a) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (ii) below shall apply *mutatis mutandis* or (b) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (i) such Coupon Payment Date shall be brought forward to the immediately preceding Business Day and (ii) each subsequent Coupon Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Coupon Payment Date occurred; or

- 6.3.1.2 the Following Business Day Convention, such Coupon Payment Date shall be postponed to the next day which is a Business Day; or
- 6.3.1.3 the Modified Following Business Day Convention, such Coupon Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Coupon Payment Date shall be brought forward to the immediately preceding Business Day; or
- 6.3.1.4 the Preceding Business Day Convention, such Coupon Payment Date shall be brought forward to the immediately preceding Business Day.

In these Terms and Conditions, **Business Day** means a day which is:

- (a) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London and each Additional Business Centre (other than TARGET2 System) specified in the applicable Final Terms;
- (b) if TARGET2 System is specified as an Additional Business Centre in the applicable Final Terms, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET2) System (the **TARGET2 System**) is open; and
- (c) either (1) in relation to any sum payable in a currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of each such relevant currency (which if the currency is Australian dollars, New Zealand dollars or Renminbi shall be Sydney, Auckland or Hong Kong, respectively) and/or (2) in relation to any sum payable in euro, a day on which the TARGET2 System is open.

6.3.2 *Rate of Interest*

The Rate of Interest payable from time to time in respect of Floating Rate N&C Securities that are Non-Exempt Securities will be determined in accordance with this Condition 6.3.2. The Rate of Interest payable from time to time in respect of Non-Exempt Interest N&C Securities will be determined in accordance with the relevant paragraph of Condition 22.1 below. The Rate of Interest payable from time to time in respect of Floating Rate N&C Securities that are Exempt Securities will be determined in the manner specified in Condition 6.4 as amended, if relevant, by the applicable Pricing Supplement.

6.3.2.1 ISDA Determination for Floating Rate N&C Securities

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Coupon Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any) and multiplied by the Rate Multiplier (if any) specified in the applicable Final Terms. For the purposes of this sub paragraph 6.3.2.1, **ISDA Rate** for a Coupon Period means a rate equal to the Floating Rate that would be determined by the Principal Agent under an interest rate swap transaction if the Principal Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date

of the first Tranche of the N&C Securities (the **ISDA Definitions**) and under which:

- (1) the Floating Rate Option is as specified in the applicable Final Terms;
- (2) the Designated Maturity is a period specified in the applicable Final Terms; and
- (3) the relevant Reset Date is the day specified in the applicable Final Terms.

For the purposes of this sub-paragraph 6.3.2.1, **Floating Rate, Calculation Agent, Floating Rate Option, Designated Maturity and Reset Date** have the meanings given to those terms in the ISDA Definitions.

The Minimum Rate of Interest shall be deemed to be zero or in the case of Exempt Securities only, such alternative Minimum Rate of Interest specified in the applicable Final Terms.

6.3.2.2 Screen Rate Determination for Floating Rate N&C Securities

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Coupon Period will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page (or such replacement page on that service which displays the information) as at 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Coupon Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any) and multiplied by the Rate Multiplier (if any) specified in the applicable Final Terms, all as determined by the Principal Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Principal Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

The Agency Agreement contains provisions for determining the Rate of Interest in the event that the Relevant Screen Page is not available or if, in the case of (1) above, no such offered quotation appears or, in the case of (2) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph.

6.3.3 *Minimum Rate of Interest and/or Maximum Rate of Interest*

If the applicable Final Terms specifies a Minimum Rate of Interest for any Coupon Period, then, in the event that the Rate of Interest in respect of such Coupon Period determined in accordance with the provisions of paragraph 6.3.2 above is less than such Minimum Rate of

Interest, the Rate of Interest for such Coupon Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Coupon Period, then, in the event that the Rate of Interest in respect of such Coupon Period determined in accordance with the provisions of paragraph 6.3.2 above is greater than such Maximum Rate of Interest, the Rate of Interest for such Coupon Period shall be such Maximum Rate of Interest.

6.3.4 *Determination of Rate of Interest and Calculation of Coupon Amounts*

The Principal Agent, in the case of Floating Rate N&C Securities, and the Calculation Agent, in the case of Non-Exempt Interest N&C Securities, will, at or as soon as reasonably practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Coupon Period or, in the case of Conditional Interest N&C Securities, Coupon Payment Date. In the case of Non-Exempt Interest N&C Securities, the Calculation Agent will notify the Principal Agent of the Rate of Interest for the relevant Coupon Period or, in the case of Conditional Interest N&C Securities, Coupon Payment Date as soon as practicable after calculating the same.

The Principal Agent, in the case of Floating Rate N&C Securities, and the Calculation Agent, in the case of Non-Exempt Interest N&C Securities, will calculate the amount of interest (the **Coupon Amount**) payable on the N&C Securities for the relevant Coupon Period or, in the case of Conditional Interest N&C Securities, Coupon Payment Date by applying the Rate of Interest to:

6.3.4.1 in the case of Floating Rate N&C Securities and Non-Exempt Interest N&C Securities that are represented by a Global N&C Security, the aggregate outstanding nominal amount of the N&C Securities represented by such Global N&C Security (or, if they are Partly Paid N&C Securities, the aggregate amount paid up); or

6.3.4.2 in the case of Floating Rate N&C Securities and Non-Exempt Interest N&C Securities in definitive form, the Calculation Amount,

and, in each case other than for Conditional Interest N&C Securities, multiplying such sum by the applicable Day Count Fraction, and, in each case, rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency or Settlement Currency, as applicable, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate N&C Security or a Non-Exempt Interest N&C Security in definitive form is a multiple of the Calculation Amount, the Coupon Amount payable in respect of such N&C Security shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding. In such case, the Calculation Agent will notify the Principal Agent of the Coupon Amount for the relevant Coupon Period or, in the case of Conditional Interest N&C Securities, Coupon Payment Date as soon as practicable after calculating the same.

6.3.5 *Linear Interpolation*

Where Linear Interpolation is specified as applicable in respect of a Coupon Period in the applicable Final Terms, the Rate of Interest for such Coupon Period shall be calculated by the Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable

Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Coupon Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Coupon Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

In these Terms and Conditions:

Designated Maturity means, in relation to Screen Rate Determination, the period of time designated in the Reference Rate; and

Reference Rate has the meaning given to it in the applicable Final Terms.

6.3.6 *Notification of Rate of Interest and Coupon Amounts*

The Principal Agent will cause the Rate of Interest and each Coupon Amount for each Coupon Period or, in the case of Conditional Interest N&C Securities, Coupon Payment Date and the relevant Coupon Payment Date to be notified to the Issuer and any stock exchange on which the relevant Floating Rate N&C Securities or Non-Exempt Interest N&C Securities are for the time being listed (by no later than the first day of each Coupon Period or, in the case of Conditional Interest N&C Securities, Coupon Payment Date) and notice thereof to be published in accordance with Condition 16 as soon as reasonably practicable after their determination but in no event later than the fourth London Business Day thereafter. Each Coupon Amount and Coupon Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Coupon Period. Any such amendment will as soon as reasonably practicable be notified to each stock exchange on which the relevant Floating Rate N&C Securities or Non-Exempt Interest N&C Securities are for the time being listed and to the Securityholders in accordance with Condition 16. For the purposes of this paragraph 6.3.6, the expression **London Business Day** means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in London.

6.3.7 *Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 6.3, whether by the Principal Agent or, if applicable, the Calculation Agent, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Guarantor (in the case of Guaranteed N&C Securities), the Principal Agent, the Calculation Agent (if applicable), the other Paying Agents and all Securityholders, Receiptholders and Couponholders and (in the absence of wilful default or bad faith) no liability to the Issuer, the Guarantor (in the case of Guaranteed N&C Securities), the Securityholders, the Receiptholders or the Couponholders shall attach to the Principal Agent or the Calculation Agent (if applicable) in connection with the exercise or non exercise by it of its powers, duties and discretions pursuant to such provisions.

6.4 Interest on Exempt N&C Securities

This Condition 6.4 is only applicable to Exempt N&C Securities

Other than in the case of Exempt N&C Securities that are Floating Rate N&C Securities for which Screen Rate Determination applies to the calculation of interest and the relevant Reference Rate is not LIBOR or EURIBOR and unless otherwise stated in the applicable Pricing Supplement, the rate and/or amount of interest for Exempt N&C Securities that are Fixed Rate N&C Securities or Floating Rate N&C Securities will be determined in accordance with the provisions of Condition 6.2 (in the case of Fixed Rate N&C Securities) and Condition 6.3 (in the case of Floating Rate N&C Securities). In the case of all other Exempt N&C Securities, the rate or amount of interest payable (if any) in respect of Exempt N&C Securities shall be determined in the manner specified in the applicable Pricing Supplement, provided that where such Exempt N&C Securities are Index Linked Interest N&C Securities, Equity Linked Interest N&C Securities, FX Linked Interest N&C Securities, Commodity Linked Interest N&C Securities, Fund Linked Interest N&C Securities and Inflation Linked Interest N&C Securities the provisions of Condition 6.3 shall, save to the extent amended in the applicable Pricing Supplement, apply as if the references therein to Non-Exempt Interest N&C Securities were references to N&C Securities and with the exception that Condition 6.3.2 shall apply as if the reference to Floating Rate N&C Securities in the first paragraph thereof was a reference to such applicable N&C Securities.

In the case of Partly Paid N&C Securities (other than Partly Paid N&C Securities which are Zero Coupon N&C Securities), interest will accrue as aforesaid on the paid-up nominal amount of such N&C Securities and otherwise as specified in the applicable Final Terms.

6.5 Accrual of interest

Each N&C Security (or in the case of the redemption of part only of a N&C Security, that part only of such N&C Security) will cease to bear interest (if any) from the date for its redemption, or such earlier date as interest would otherwise cease to accrue in accordance with these Terms and Conditions, unless payment of principal and/or the delivery of any assets deliverable is improperly withheld or refused. In such event, interest will continue to accrue (if the N&C Securities are not Conditional Interest N&C Securities) or accrue at such overnight deposit rate determined by the Calculation Agent from such source(s) as it may select for each relevant day (if the N&C Securities are Conditional Interest N&C Securities) in each case on the principal amount from the date of redemption until whichever is the earlier of:

- 6.5.1 the date on which all amounts due in respect of such N&C Security have been paid and/or all assets deliverable in respect of such N&C Security have been delivered; and
- 6.5.2 five days after the date on which the full amount of the moneys payable in respect of such N&C Security has been received by the Principal Agent and/or all assets in respect of such N&C Security have been received by any agent appointed by the Issuer to deliver such assets to Securityholders and notice to that effect has been given to the Securityholders in accordance with Condition 16,

Provided That if Annex 7 – *Additional Terms and Conditions for Credit Linked Securities (2003 ISDA Credit Derivatives Definitions Version)* or Annex 15 – *Additional Terms and Conditions for Credit Linked Securities (2014 ISDA Credit Derivatives Definitions Version)* applies in respect of the N&C Securities and

- 6.5.2.1 "Accrual of Interest upon Credit Event" is specified as Not Applicable in the applicable Final Terms, each N&C Security shall cease to bear interest from the Coupon Payment Date immediately preceding the Credit Event Determination Date, or if the Credit Event Determination Date is a Coupon Payment Date such Coupon Payment Date or, if the

Credit Event Determination Date falls prior to the first Coupon Payment Date, no interest shall accrue on the N&C Securities; or

- 6.5.2.2 "Accrual of Interest upon Credit Event" is specified as being Applicable in the applicable Final Terms, each N&C Security shall cease to bear interest from the Credit Event Determination Date; and

Provided Further That, if

- (1) Credit Linked Condition 5, Credit Linked Condition 6 or Credit Linked Condition 7 applies in respect of the N&C Securities and, in the case of Credit Linked Condition 5, a Repudiation/Moratorium has not occurred on or prior to the Repudiation/Moratorium Evaluation Date or, in the case of Credit Linked Condition 6, a Failure to Pay has not occurred on or prior to the Grace Period Extension Date or, in the case of Credit Linked Condition 7, a Credit Event has not occurred on or prior to (i) in respect of N&C Securities to which Annex 7 applies, the DC Cut-off Date or (ii) in respect of N&C Securities to which Annex 15 applies, the DC Determination Cut-off Date, as the case may be; and/or
- (2) Credit Linked Condition 8 applies in respect of the N&C Securities and, as applicable:
 - (a)
 - (i) in respect of N&C Securities to which Annex 7 applies, Conditions to Settlement are not satisfied; or
 - (ii) in respect of N&C Securities to which Annex 15 applies, a Credit Event Determination Date has not occurred; or
 - (b) the Repudiation/Moratorium Extension Condition is not satisfied,

in each case, on or prior to the Postponed Maturity Date (in respect of N&C Securities to which Annex 7 applies) or the Postponed Cut-Off Date (in respect of N&C Securities to which Annex 15 applies),

then interest will accrue as provided in Credit Linked Condition 5, Credit Linked Condition 6, Credit Linked Condition 7 or Credit Linked Condition 8, as the case may be.

Without prejudice to the above, if the N&C Securities are Conditional Interest N&C Securities, no interest will be payable in respect of the N&C Securities unless the relevant Coupon Payment Date has occurred on or prior to the due date for redemption of such N&C Securities.

7. PAYMENTS

7.1 Payment in respect of Bearer N&C Securities

7.1.1 Payments in respect of Bearer N&C Securities in definitive form

Subject as provided below:

- 7.1.1.1 payments in a Specified Currency or Settlement Currency, as applicable, other than euro will be made by credit or transfer to an account in the relevant currency maintained by the payee with, or, at the option of the payee, by a cheque in such currency drawn on, a bank in the principal financial centre of the country of such currency (which, if the currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively); and

7.1.1.2 payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque.

7.1.2 *Payment of principal and interest in respect of Bearer N&C Securities in definitive form*

Payments of principal in respect of definitive Bearer N&C Securities will (subject as provided below) be made in the manner provided in Condition 7.1.1 above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of definitive Bearer N&C Securities, and payments of interest in respect of definitive Bearer N&C Securities will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia and its possessions)).

7.1.3 *Missing Unmatured Coupons*

Fixed Rate N&C Securities in definitive bearer form (other than Long Maturity N&C Securities (as defined below) and save as provided in Condition 7.3 below) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined in Condition 9) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 10) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

7.1.4 *Unmatured Coupons and Talons void*

Upon any Fixed Rate N&C Security in definitive bearer form (other than a Long Maturity N&C Security) becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which (i) any interest bearing N&C Security (other than a Fixed Rate N&C Security that is not a Long Maturity N&C Security), and (ii) any Long Maturity N&C Security, in each case, in definitive bearer form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A **Long Maturity N&C Security** is a Fixed Rate N&C Security (other than a Fixed Rate N&C Security which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such N&C Security shall cease to be a Long Maturity N&C Security on the Coupon Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such N&C Security.

If the due date for redemption of any definitive Bearer N&C Security is not a Coupon Payment Date, interest (if any) accrued in respect of such N&C Security from (and including) the preceding Coupon Payment Date or, as the case may be, the Coupon

Commencement Date shall be payable only against surrender of the relevant definitive Bearer N&C Security.

7.1.5 *Payments of principal and interest in respect of Bearer Global N&C Securities*

Payments of principal and interest (if any) in respect of N&C Securities represented by any Global N&C Security in bearer form will (subject as provided below) be made in the manner specified above in relation to definitive Bearer N&C Securities or otherwise in the manner specified in the relevant Global N&C Security, where applicable against presentation or surrender, as the case may be, of such Global N&C Security at the specified office of any Paying Agent outside the United States. A record of each payment made, distinguishing between any payment of principal and any payment of interest, will be made either on such Global N&C Security by the Paying Agent to which it was presented or in the records of Euroclear and Clearstream, Luxembourg, as applicable.

7.2 **Payments in respect of Immobilised Bearer Global N&C Securities**

Payments of any amounts owing in respect of the Immobilised Bearer Global N&C Securities (including principal and interest, if any) will be made by the Issuer in the Settlement Currency to the relevant Paying Agent. The relevant Paying Agent will, in turn, make such payments to the Book Entry Depository in its capacity as the bearer of the relevant Immobilised Bearer Global N&C Securities. Upon receipt of any such amounts, the Book-Entry Depository will pay the amounts so received to DTC or the common depository for Euroclear and/or Clearstream, Luxembourg, as applicable, which will distribute such payments to participants in accordance with their procedures.

The Issuer, the Principal Agent and the Registrar will treat the bearer of the Immobilised Bearer Global N&C Securities as the owners thereof for the purpose of receiving payments and for all other purposes. Consequently, none of the Issuer, the Guarantor (if applicable), the Book-Entry Depository, any Agent, the Registrar or any agent of the Issuer the Guarantor (if applicable), any Agent or the Registrar has or will have any responsibility or liability for:

- (i) any aspect of the records of DTC, Euroclear, Clearstream, Luxembourg or any participants or indirect participant relating to, or payments made on account of, DTC, Euroclear, Clearstream, Luxembourg or any participant or indirect participant relating to or payments made on account of a Book-Entry Interest; or
- (ii) DTC, Euroclear, Clearstream, Luxembourg or any participant or indirect participant.

Payments by participants to owners of Book-Entry Interests held through participants are the responsibility of such participants.

In the event any Immobilised Bearer Global N&C Security (or any portion thereof) is redeemed, the Book-Entry Depository will, through DTC, Euroclear or Clearstream, Luxembourg, as applicable, redeem an equal amount of the Book-Entry Interests in such Immobilised Bearer Global N&C Security from the amount received by it in respect of the redemption of such Immobilised Bearer Global N&C Security. The redemption price payable in connection with the redemption of such Book-Entry Interests will be equal to the amount received by the Book-Entry Depository in connection with the redemption of such Immobilised Bearer Global N&C Securities (or any portion thereof). If fewer than all of the N&C Securities are to be redeemed at any time, DTC, Euroclear and Clearstream, Luxembourg will credit their respective participants' accounts on a proportionate basis (with adjustments to prevent fractions) or by lot or on such other basis as they deem fair and appropriate.

7.3 Payments in respect of Definitive Registered N&C Securities

7.3.1 *Payments of Principal in respect of Definitive Registered N&C Securities*

Payments of principal (other than instalments of principal prior to the final instalment) in respect of each Definitive Registered N&C Security will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the Definitive Registered N&C Security at the specified office of the Registrar or any of the Paying Agents. Such payments will be made by transfer to the Designated Account (as defined below) of the holder (or the first named of joint holders) of the Definitive Registered N&C Security appearing in the register of holders of the Definitive Registered N&C Securities maintained by the Registrar (the **Register**) at the close of business on the third business day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date. Notwithstanding the previous sentence, if (i) a holder does not have a Designated Account or (ii) the principal amount of the N&C Securities held by a holder is less than U.S.\$250,000 (or its approximate equivalent in any other Specified Currency), payment will instead be made by a cheque in the Specified Currency or Settlement Currency, as applicable, drawn on a Designated Bank (as defined below). For these purposes, **Designated Account** means the account (which, in the case of a payment in Japanese yen to a non resident of Japan, shall be a non resident account) maintained by a holder with a Designated Bank and identified as such in the Register and **Designated Bank** means (in the case of payment in a currency other than euro) a bank in the principal financial centre of the country of such currency (which, if the currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively) and (in the case of a payment in euro) any bank which processes payments in euro.

7.3.2 *Payments of interest and instalments in respect of Definitive Registered N&C Securities*

Payments of interest and payments of instalments of principal (other than the final instalment) in respect of each Definitive Registered N&C Security will be made by a cheque in the Specified Currency or Settlement Currency, as applicable, drawn on a Designated Bank and mailed by uninsured mail on the business day in the city where the specified office of the Registrar is located immediately preceding the relevant due date to the holder (or the first named of joint holders) of the Definitive Registered N&C Security appearing in the Register at the close of business on the fifteenth day (whether or not such fifteenth day is a business day) before the relevant due date (the **Record Date**) at his address shown in the Register on the Record Date and at his risk. Upon application of the holder to the specified office of the Registrar not less than three business days in the city where the specified office of the Registrar is located before the due date for any payment of interest in respect of a Definitive Registered N&C Security, the payment may be made by transfer on the due date in the manner provided in the preceding paragraph. Any such application for transfer shall be deemed to relate to all future payments of interest (other than interest due on redemption) and, in the case of Exempt N&C Securities that provide for the payment of principal in instalments, to all future instalments of principal (other than the final instalment) in respect of the Definitive Registered N&C Securities which become payable to the holder who has made the initial application until such time as the Registrar is notified in writing to the contrary by such holder. Payment of the interest due in respect of each Definitive Registered N&C Security on redemption will be made in the same manner as payment of the principal amount of such Definitive Registered N&C Security.

Holders of Definitive Registered N&C Securities will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any Definitive Registered N&C Security as a result of a cheque posted in accordance with this Condition arriving after

the due date for payment or being lost in the post. No commissions or expenses shall be charged to such holders by the Registrar in respect of any payments of principal or interest in respect of the Definitive Registered N&C Securities.

7.3.3 *Payment by DTC*

All amounts payable to DTC or its nominee as registered holder of a U.S. CDI in respect of N&C Securities denominated in a Specified Currency other than U.S. dollars and/or for which the Settlement Currency is other than U.S. dollars, as applicable, shall be paid by transfer by the Registrar to an account in the relevant Specified Currency or Settlement Currency, as applicable, of the Exchange Agent (appointed by the Issuer for the purposes of effecting the conversion of non-U.S. dollar payments into U.S. dollars and performing all other obligations and duties imposed upon it by the Conditions) on behalf of DTC or its nominee for conversion into and payment in U.S. dollars in accordance with the provisions of the Agency Agreement.

7.4 **Specific provisions in relation to payments in respect of certain types of Exempt N&C Securities**

This Condition 7.4 is only applicable to Exempt N&C Securities

Payments of instalments of principal (if any) in respect of Bearer N&C Securities, other than the final instalment, will (subject as provided below) be made in the manner provided in Condition 7.1.1 above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Receipt in accordance with paragraph 7.1.2 above. Payment of the final instalment will be made in the manner provided in Condition 7.1.1 above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Bearer N&C Security in accordance with paragraph 7.1.2 above. Each Receipt must be presented for payment of the relevant instalment together with the Bearer N&C Security to which it appertains. Receipts presented without the Bearer N&C Security to which they appertain do not constitute valid obligations of the Issuer. Upon the date on which any Bearer N&C Security becomes due and repayable, unmatured Receipts (if any) relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.

Payments of instalments of principal (other than the final instalment) in respect of each Immobilised Bearer Global N&C Security will be made in the manner provided in Condition 7.2 above.

Upon the date on which Dual Currency N&C Securities, Index Linked Redemption N&C Security, Equity Linked Redemption N&C Security, Commodity Linked Redemption N&C Security, Fund Linked Redemption N&C Security, Inflation Linked Redemption N&C Security or Credit Linked N&C Security in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof.

7.5 **Method of Payment**

7.5.1 *General provisions applicable to payments*

Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 9, (ii) any withholding or deduction required pursuant to Section 871(m) of the U.S. Internal Revenue Code of 1986 (the **Code**) and (iii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any

official interpretations thereof, or any law implementing an intergovernmental approach thereto.

The holder of a Global N&C Security shall be the only person entitled to receive payments in respect of N&C Securities represented by such Global N&C Security and the Issuer or, as the case may be, the Guarantor will be discharged by payment to, or to the order of, the holder of such Global N&C Security in respect of each amount so paid. Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg or DTC as the beneficial holder of a particular nominal amount or number of units of N&C Securities represented by such Global N&C Security must look solely to Euroclear, Clearstream, Luxembourg or DTC, as the case may be, for his share of each payment so made by the Issuer or, as the case may be, the Guarantor to, or to the order of, the holder of such Global N&C Security.

7.5.2 *Place of Payment*

Notwithstanding the foregoing provisions of this Condition, if any amount of principal and/or interest in respect of N&C Securities (other than those in definitive registered form) is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of such N&C Securities will be made at the specified office of a Paying Agent in the United States if:

- 7.5.2.1 the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the N&C Securities in the manner provided above when due;
- 7.5.2.2 payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- 7.5.2.3 such payment is then permitted under United States law without involving, in the opinion of the Issuer and the Guarantor (if applicable), adverse tax consequences to the Issuer or the Guarantor.

7.5.3 *Payment Day*

If the date for payment of any amount in respect of any N&C Security, Receipt or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, **Payment Day** means any day which (subject to Condition 10) is:

- 7.5.3.1 a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (1) in the case of N&C Securities in definitive form only, the relevant place of presentation; and
 - (2) each Additional Financial Centre (other than TARGET2 System) specified in the applicable Final Terms;

- (3) if TARGET2 System is specified as an Additional Financial Centre in the applicable Final Terms, a day on which the TARGET2 System is open; and

7.5.3.2 either (1) in relation to any sum payable in a relevant currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of each such relevant currency (which if the relevant currency is Australian dollars, New Zealand dollars or Renminbi shall be Sydney, Auckland or Hong Kong, respectively) or (2) in relation to any sum payable euro, a day on which the TARGET2 System is open.

7.5.4 *Interpretation of principal and interest*

Any reference in the Conditions to principal in respect of the N&C Securities shall be deemed to include, as applicable:

- 7.5.4.1 any additional amounts which may be payable with respect to principal under Condition 9;
- 7.5.4.2 the Final Redemption Amount of the N&C Securities;
- 7.5.4.3 the Early Redemption Amount of the N&C Securities;
- 7.5.4.4 the Optional Redemption Amount(s) (if any) of the N&C Securities;
- 7.5.4.5 the Failure to Deliver Settlement Price (if any) in respect of the Exempt N&C Securities;
- 7.5.4.6 the Disruption Cash Settlement Price (if any) in respect of the Exempt N&C Securities;
- 7.5.4.7 the Credit Event Redemption Amount (if any) in respect of the Exempt N&C Securities;
- 7.5.4.8 the Partial Cash Settlement Amount (if any) in respect of the Exempt N&C Securities;
- 7.5.4.9 the Mandatory Early Termination Amount(s) (if any) of the Exempt N&C Securities;
- 7.5.4.10 the Partial Redemption Amount(s) (if any) of the Exempt N&C Securities;
- 7.5.4.11 the Assessed Value Payment Amount (if any) of the Exempt N&C Securities;
- 7.5.4.12 in relation to Exempt N&C Securities redeemable in instalments, the Instalment Amounts;
- 7.5.4.13 in relation to Zero Coupon N&C Securities, the Amortised Face Amount (as defined in Condition 8.6); and
- 7.5.4.14 any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the N&C Securities.

Any reference in the Conditions to interest in respect of the N&C Securities shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 9.

7.6 CNY Currency Event

7.6.1 CNY Currency Event

If "CNY Currency Event" is specified as applicable in the applicable Final Terms and a CNY Currency Event, as determined by the Issuer acting in good faith, exists on a date for payment of any amount in Renminbi in respect of any N&C Security, Receipt, or Coupon, the Issuer's obligation to make a payment in Renminbi under the terms of the N&C Securities may in the Issuer's sole discretion acting in good faith, be postponed by up to 14 calendar days and/or replaced by an obligation to pay such amount in U.S. dollars converted using the Spot Rate for the Rate Calculation Date.

7.6.2 Occurrence of CNY Currency Event

Upon the occurrence of a CNY Currency Event, the Issuer shall give notice as soon as practicable to the Securityholder in accordance with Condition 16 (*Notices*) stating the occurrence of the CNY Currency Event, giving details thereof and the action proposed to be taken in relation thereto.

7.6.3 Definitions

Governmental Authority means (i) any *de facto* or *de jure* government (or any agency, instrumentality, ministry or department thereof), court, tribunal, administrative or other governmental authority or (ii) any other entity (private or public) charged with the regulation of the financial markets (including the central bank), in each case in any relevant jurisdiction;

Rate Calculation Business Day means a day (other than a Saturday or Sunday) on which commercial banks are open for general business (including dealings in foreign exchange) in Hong Kong, London and New York City;

Rate Calculation Date means the day which is two Rate Calculation Business Days before the due date of the relevant payment under the N&C Securities;

CNY Currency Event means any one of CNY Illiquidity, CNY Non-Transferability or CNY Inconvertibility;

CNY Illiquidity means the general CNY exchange market in Hong Kong becomes illiquid as a result of which the Issuer, any of its Affiliates or its agents are unable to obtain, in a commercially reasonable manner, sufficient CNY to enable the Issuer to make a payment under the N&C Securities, as determined by the Issuer in a commercially reasonable manner following consultation with two independent foreign exchange dealers of international repute active in the CNY exchange market in Hong Kong;

CNY Inconvertibility means the occurrence of any event that makes it impossible for the Issuer, any of its Affiliates or its agents to convert (i) U.S. dollars into (ii) any amount due in respect of the N&C Securities that is payable by the Issuer in CNY, on any payment date at the general CNY exchange market in Hong Kong, other than where such impossibility is due solely to the failure of the Issuer, any of its Affiliates or its agents to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date of the first Tranche of the relevant Series and it is

impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation);

CNY Non-Transferability means the occurrence of any event that makes it impossible for the Issuer, any of its Affiliates or its agents to deliver CNY between accounts inside Hong Kong or from an account inside Hong Kong to an account outside Hong Kong (including where the CNY clearing and settlement system for participating banks in Hong Kong is disrupted or suspended), other than where such impossibility is due solely to the failure of the Issuer, any of its Affiliates or its agents to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule, or regulation is enacted after the Issue Date of the first Tranche of the relevant Series and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation); and

Spot Rate means the spot CNY/U.S. dollar exchange rate for the purchase of U.S. dollars with Renminbi in the over-the-counter Renminbi exchange market in Hong Kong for settlement in two Rate Calculation Business Days, as determined by the Calculation Agent at or around 11.00am (Hong Kong time) on the Rate Calculation Date, on a deliverable basis by reference to Reuters Screen Page TRADCNY3, or if no such rate is available, on a non-deliverable basis by reference to Reuters Screen Page TRADNDF. If neither rate is available, the Calculation Agent shall determine the rate taking into consideration all available information which the Calculation Agent deems relevant, including pricing information obtained from the Renminbi non-deliverable exchange market in Hong Kong or elsewhere and the CNY/U.S. dollar exchange rate in the PRC domestic foreign exchange market.

7.6.4 *CNY account*

All payments in respect of any N&C Security, Receipt or Coupon in Renminbi will be made solely by credit to a Renminbi account maintained by the payee at a bank in Hong Kong or such other financial centre(s) as may be specified in the applicable Final Terms as CNY Settlement Centre(s) in accordance with applicable laws, rules, regulations and guidelines issued from time to time (including all applicable laws and regulations with respect to the settlement of Renminbi in Hong Kong or any relevant CNY Settlement Centre(s)).

7.7 **Nature of payments**

If the terms of the N&C Securities are such that the aggregate return in respect of such N&C Securities, taking into account each amount of the return, may be (i) less than a Securityholder's investment in the N&C Securities; and/or (ii) less than the return the Securityholder would otherwise have been able to receive from an investment in other market products, any premium, discount and/or interest amount payable under such N&C Security represents an amount payable by the Issuer (x) as consideration for use of the issue price by the Issuer and (y) as compensation for and in recognition of the possibility that the aggregate return may be as described in (i) and/or (ii) above.

8. **REDEMPTION AND PURCHASE**

8.1 **Redemption at maturity**

Unless previously redeemed or purchased and cancelled as specified below:

(i) Non-Exempt N&C Securities

Each N&C Security other than an Exempt N&C Security, will be redeemed by the Issuer at its Final Redemption Amount specified in the applicable Final Terms or, in the case of certain Non-Exempt Redemption N&C Securities set out in Condition 22.2 below,

determined in the manner specified in the relevant paragraph of Condition 22 below in the relevant Specified Currency or Settlement Currency, as applicable, on the Maturity Date (each as specified in the applicable Final Terms); and

(ii) Exempt N&C Securities

Each Exempt N&C Security will be redeemed by the Issuer (i) at its Final Redemption Amount specified in, or determined in the manner specified in, the applicable Pricing Supplement in the relevant Specified Currency or Settlement Currency, as applicable on the Maturity Date or (ii) if the N&C Securities are specified as Physical Delivery N&C Securities in the applicable Pricing Supplement, by applying the Nominal Amount of each N&C Security outstanding as at the Maturity Delivery Date (as defined in Annex 8 – *Additional Terms and Conditions for Physical Delivery N&C Securities*) or (in the case of Credit Linked N&C Securities) the Credit Settlement Date, as applicable, on behalf of the relevant Securityholder to purchase the Entitlement for delivery, as specified in, or determined in accordance with, the applicable Pricing Supplement and delivering the Entitlement (subject as provided in Annex 8 – *Additional Terms and Conditions for Physical Delivery N&C Securities*).

8.2 Redemption for tax reasons

Subject to Condition 8.6, the N&C Securities may be redeemed at the option of the Issuer in whole, but not in part, at any time (if this N&C Security is not a Floating Rate N&C Security) or on any Coupon Payment Date (if this N&C Security is a Floating Rate N&C Security), on giving not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Principal Agent and, in accordance with Condition 16, the Securityholders (which notice shall be irrevocable), if:

8.2.1 on the occasion of the next payment due under the N&C Securities, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 9 or to account to any taxing authority in the Issuer's Jurisdiction or, in respect of Guaranteed N&C Securities, the Guarantor would be unable for reasons outside its control to procure payment by the Issuer and in making payment itself would be required to pay such additional amounts or to account to any taxing authority in the Guarantor's Jurisdiction, in each case as a result of any change in, or amendment to, the laws or regulations of the relevant Tax Jurisdiction (as defined in Condition 9) or any change in the application or any official interpretation of such laws or regulations (without prejudice to Condition 9), which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the N&C Securities; and

8.2.2 such obligation cannot be avoided by the Issuer or, as the case may be in respect of Guaranteed N&C Securities, the Guarantor taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer or, as the case may be in respect of Guaranteed N&C Securities, the Guarantor would be obliged to pay such additional amounts were a payment in respect of the N&C Securities then due.

Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer shall deliver to the Principal Agent to make available at its specified office, during normal business hours, to Securityholders (i) a certificate signed by one managing director of the Issuer or, as the case may be in respect of Guaranteed N&C Securities, a representative executive officer of the Guarantor stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred, and (ii)

an opinion of independent legal advisers of recognised standing to the effect that the Issuer or, as the case may be in respect of Guaranteed N&C Securities, the Guarantor has or will become obliged to pay such additional amounts as a result of such change or amendment.

N&C Securities redeemed pursuant to this Condition 8.2 will be redeemed at their Early Redemption Amount referred to in paragraph 8.6 below together (where applicable), except in the case of Conditional Interest N&C Securities, with interest accrued to (but excluding) the date of redemption.

8.3 Redemption at the option of the Issuer (Issuer Call)

This Condition 8.3 applies to N&C Securities which are subject to redemption prior to the Maturity Date at the option of the Issuer (other than for taxation reasons or upon a regulatory event), such option being referred to as an Issuer Call. The applicable Final Terms contains provisions applicable to any Issuer Call and must be read in conjunction with this Condition 8.3 for full information on any Issuer Call. In particular, the applicable Final Terms will identify the Optional Redemption Date(s), the Optional Redemption Amount, any minimum or maximum amount of N&C Securities which can be redeemed and the applicable notice periods.

If Issuer Call is specified as being applicable in the applicable Final Terms, the Issuer may, having given not less than the minimum period and not more than the maximum period of notice specified in the applicable Final Terms to the Securityholders in accordance with Condition 16 (which notice shall specify the date fixed for redemption), redeem all or some only of the N&C Securities then outstanding on any Optional Redemption Date and at the Optional Redemption Amount(s) specified in the applicable Final Terms together, where applicable, except in the case of Conditional Interest N&C Securities, with interest accrued to (but excluding) the relevant Optional Redemption Date. Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount and not more than the Maximum Redemption Amount in each case if specified in the applicable Final Terms. In the case of a partial redemption of N&C Securities, the N&C Securities to be redeemed (**Redeemed N&C Securities**) will, (i), in the case of Redeemed N&C Securities represented by definitive N&C Securities, be selected individually by lot, not more than 30 days prior to the date fixed for redemption and (ii) in the case of Redeemed N&C Securities represented by a Global N&C Security, be selected in accordance with the rules of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) and/or DTC. In the case of Redeemed N&C Securities represented by definitive N&C Securities, a list of the serial numbers of such Redeemed N&C Securities will be published in accordance with Condition 16 not less than 15 days prior to the date fixed for redemption.

8.4 Redemption at the option of the Securityholders (Investor Put)

This Condition 8.4 applies to N&C Securities which are subject to redemption prior to the Maturity Date at the option of the Securityholder, such option being referred to as an Investor Put. The applicable Final Terms contains provisions applicable to any Investor Put and must be read in conjunction with this Condition 8.4 for full information on any Investor Put. In particular, the applicable Final Terms will identify the Optional Redemption Date(s), the Optional Redemption Amount and the applicable notice periods.

If Investor Put is specified as being applicable in the applicable Final Terms, upon the holder of any N&C Security giving to the Issuer in accordance with Condition 16 not less than the minimum period and not more than the maximum period of notice specified in the applicable Final Terms the Issuer will, upon the expiry of such notice, redeem such N&C Security on the Optional Redemption Date and at the Optional Redemption Amount together, where applicable, except in the case of Conditional Interest N&C Securities with interest accrued to (but excluding) the Optional Redemption Date. Definitive Registered N&C Securities may be redeemed under this Condition 8.4

in any multiple of their lowest Specified Denomination. In the case of Exempt N&C Securities only, it may be that before an Investor Put can be exercised, certain conditions and/or circumstances will need to be satisfied. Where relevant, the provisions will be set out in the applicable Pricing Supplement of the relevant Exempt N&C Securities.

To exercise the right to require redemption of this N&C Security the holder of this N&C Security must, if this N&C Security is in definitive form and held outside Euroclear and Clearstream, Luxembourg, deliver, at the specified office of any Paying Agent (in the case of Bearer N&C Securities) or the Registrar (in the case of Definitive Registered N&C Securities) at any time during normal business hours of such Paying Agent or, as the case may be, the Registrar falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent or, as the case may be, the Registrar (a **Put Notice**) and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Condition and, in the case of Definitive Registered N&C Securities, the nominal amount thereof to be redeemed and, if less than the full nominal amount of the Definitive Registered N&C Securities so surrendered is to be redeemed, an address to which a new Definitive Registered N&C Security in respect of the balance of such Definitive Registered N&C Securities is to be sent subject to and in accordance with the provisions of Condition 2.2. If this N&C Security is in definitive bearer form, the Put Notice must be accompanied by this N&C Security or evidence satisfactory to the Paying Agent concerned that this N&C Security will, following delivery of the Put Notice, be held to its order or under its control.

If this N&C Security is represented by a Global N&C Security or is in definitive form and held through Euroclear, Clearstream, Luxembourg or DTC, to exercise the right to require redemption of this N&C Security the holder of this N&C Security must, within the notice period, give notice to the Principal Agent of such exercise in accordance with the standard procedures of Euroclear, Clearstream, Luxembourg or DTC (which may include notice being given on his instruction by Euroclear, Clearstream, Luxembourg, DTC or any depositary for them to the Principal Agent by electronic means) in a form acceptable to Euroclear, Clearstream, Luxembourg or DTC from time to time and, if this N&C Security is represented by a Global N&C Security, the terms of which require presentation for recording changes to its nominal amount or number of Securities at the same time present or procure the presentation of the relevant Global N&C Security to the Principal Agent for notation accordingly.

Any Put Notice or other notice given in accordance with the standard procedures of Euroclear, Clearstream, Luxembourg or DTC by a holder of any N&C Security pursuant to this Condition 8.4 shall be irrevocable except where, prior to the due date of redemption, an Event of Default has occurred and is continuing, in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this Condition 8.4 and instead to declare such N&C Security forthwith due and payable pursuant to Condition 11.

8.5 Redemption upon a Regulatory Event

*This Condition 8.5 applies to N&C Securities which are subject to redemption prior to the Maturity Date at the option of the Issuer upon a regulatory event as described below, such option being referred to as an **Issuer Regulatory Call**. The applicable Final Terms contains provisions applicable to any Issuer Regulatory Call and must be read in conjunction with this Condition 8.5 for full information on any Issuer Regulatory Call. In particular, the applicable Final Terms will identify the applicable notice periods.*

The N&C Securities may be redeemed at the option of the Issuer in whole, but not in part, at any time, on giving not less than the minimum period and not more than the maximum period of notice specified in the applicable Final Terms to Securityholders in accordance with Condition 16 (which notice shall be irrevocable), in the event that a change (including a future change) in applicable law

or regulation has occurred or will occur that results, or will result, by reason of the N&C Securities being outstanding, in the Issuer being required to be regulated by any additional jurisdiction or regulatory authority, or being subject to any additional legal requirement or regulation considered by the Issuer to be materially onerous to it.

N&C Securities redeemed pursuant to this Condition 8.5 will be redeemed at their Early Redemption Amount referred to in paragraph 8.6 below together (where applicable), except in the case of Conditional Interest N&C Securities, with interest accrued to (but excluding) the date of redemption.

8.6 Early Redemption Amounts

In the event of an early redemption of N&C Securities, each N&C Security shall be redeemed at its Early Redemption Amount on the applicable Early Redemption Date.

The **Early Redemption Date** shall be the date specified as such in the applicable notice to Securityholders informing such Holders of the early redemption.

The **Early Redemption Amount** shall be calculated as follows:

8.6.1 other than in relation to N&C Securities in respect of which paragraphs 8.6.3 to 8.6.7 below are applicable, each N&C Security (other than a Zero Coupon N&C Security) will be redeemed at its Early Redemption Amount being the amount as specified in the applicable Final Terms; and;

8.6.2 other than in relation to N&C Securities in respect of which paragraph 8.6.3 to 8.6.7 below are applicable, each Zero Coupon N&C Security will be redeemed at an amount (the **Amortised Face Amount**) calculated in accordance with the following formula:

$$\text{Early Redemption Amount} = RP \times (1 + AY)^y$$

where:

RP means the Reference Price;

AY means the Accrual Yield expressed as a decimal; and

y is the Day Count Fraction specified in the applicable Final Terms which will be either (i) 30/360 (in which case the numerator will be equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the N&C Securities to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such N&C Security becomes due and repayable and the denominator will be 360), (ii) Actual/360 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the N&C Securities to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such N&C Security becomes due and repayable and the denominator will be 360) or (iii) Actual/365 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the N&C Securities to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such N&C Security becomes due and repayable and the denominator will be 365);

8.6.3 in the case of Reference Item Linked N&C Securities other than Equity Basket Autocall N&C Securities being redeemed for an Autocall Event, Index Basket Autocall N&C Securities being redeemed for an Autocall Event or Zero Recovery Basket Credit Linked

N&C Securities, the Early Redemption Amount in respect of each unit or nominal amount of N&C Securities equal to the Calculation Amount will be an amount which in the determination of the Calculation Agent represents the fair market value of such N&C Securities (if, in the case of Conditional Interest N&C Securities all conditions to interest being due on the next Coupon Payment Date have been met, taking into account such interest and taking into account all other factors which the Calculation Agent determines relevant, including without limitation in the case of Conditional Interest N&C Securities and if applicable, the Index Adjustment Event, Market Disruption Event or Potential Adjustment Event) less Associated Costs (as defined below), and provided that, in the case of an early redemption following the occurrence of an Event of Default, no account shall be taken of the financial condition of the Issuer or (in the case of Guaranteed N&C Securities) the Guarantor, which shall each be presumed to be able to perform fully its obligations in respect of the N&C Securities;

- 8.6.4 in the case of Equity Basket Autocall N&C Securities being redeemed for an Autocall Event, the amount specified in Condition 22.2.8;
- 8.6.5 in the case of Index Basket Autocall N&C Securities being redeemed for an Autocall Event, the amount specified in Condition 22.2.9;
- 8.6.6 in the case of Zero Recovery Basket Credit Linked N&C Securities, as an amount in the Specified Currency (which shall not be less than zero) calculated by the Calculation Agent equal to the Outstanding Nominal Amount as of the due date for redemption less Associated Costs;
- 8.6.7 in the case of Exempt N&C Securities, on such other calculation basis as may be specified in the applicable Pricing Supplement.

As used above, **Associated Costs** means an amount per nominal amount of the N&C Securities equal to the Calculation Amount or unit of N&C Securities equal to such N&C Securities' *pro rata* share of the total amount of any and all costs associated or incurred by the Issuer, any Affiliate and/or Hedging Party (each as defined below) in connection with such early redemption, including, without limitation, any costs associated with unwinding, substituting, re-establishing and/or incurring any funding relating to the N&C Securities and/or any costs associated with unwinding, substituting, re-establishing and/or incurring any hedge positions relating to the N&C Securities, all as determined by the Calculation Agent.

As used in these Conditions, **Affiliate** means, in relation to any entity (the **First Entity**), any entity controlled, directly or indirectly, by the First Entity, any entity that controls, directly or indirectly, the First Entity or any entity directly or indirectly under common control with the First Entity. For these purposes **control** means ownership of a majority of the voting power of an entity.

Hedging Party has the meaning given to it in Condition 14.1.2.

8.7 Specific redemption provisions applicable to certain types of Exempt N&C Securities

This Condition 8.7 is only applicable to Exempt N&C Securities

The Final Redemption Amount, any Optional Redemption Amount and any Early Redemption Amount in respect of any Exempt N&C Securities may be specified in, or determined in the manner specified in, the applicable Pricing Supplement. For the purposes of Condition 8.2, Exempt N&C Securities may be redeemed only on a Coupon Payment Date.

Instalment N&C Securities will be redeemed in the Instalment Amounts and on the Instalment Dates specified in the applicable Pricing Supplement. In the case of early redemption, the Early

Partly Paid N&C Securities will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition 8 and the applicable Pricing Supplement.

8.8 Purchases

The Issuer, the Guarantor (in the case of Guaranteed N&C Securities) or any of their Affiliates may at any time purchase N&C Securities (provided that, in the case of definitive Bearer N&C Securities, all unmatured Receipts, Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. Such N&C Securities may be held, reissued, resold or, at the option of the Issuer or the Guarantor, surrendered to any Paying Agent and/or the Registrar for cancellation, provided that any N&C Securities represented by a Rule 144A Global N&C Security so purchased may only be resold pursuant to Rule 144A.

8.9 Cancellation

All N&C Securities which are redeemed will forthwith be cancelled (together with all unmatured Receipts, Coupons and Talons attached thereto or surrendered therewith at the time of redemption) and cannot be reissued or resold. All N&C Securities so cancelled and any N&C Securities purchased and cancelled pursuant to paragraph 8.8 above (together with all unmatured Receipts, Coupons and Talons cancelled therewith) shall be forwarded to the Principal Agent and cannot be reissued or resold.

8.10 Late payment on Zero Coupon N&C Securities

If the amount payable in respect of any Zero Coupon N&C Security upon redemption of such Zero Coupon N&C Security pursuant to Condition 8.1, 8.2, 8.3 or 8.4 above or upon its becoming due and repayable as provided in Condition 11 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon N&C Security shall be the amount calculated as provided in paragraph 8.6.2 above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon N&C Security becomes due and payable were replaced by references to the date which is the earlier of:

- 8.10.1 the date on which all amounts due in respect of such Zero Coupon N&C Security have been paid; and
- 8.10.2 five days after the date on which the full amount of the moneys payable in respect of such Zero Coupon N&C Securities has been received by the Principal Agent or the Registrar and notice to that effect has been given to the Securityholders in accordance with Condition 16.

9. TAXATION

All payments of principal and interest in respect of the N&C Securities, Receipts and Coupons by or on behalf of the Issuer or, if applicable in respect of Guaranteed N&C Securities, the Guarantor will be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the Issuer's Jurisdiction (in the case of the Issuer) or the Guarantor's Jurisdiction (in the case of the Guarantor) or, in either case, any political subdivision or any authority thereof or therein having power to tax (each a **Tax Jurisdiction**), unless such withholding or deduction is required by law. In such event, the Issuer or the Guarantor, as applicable (or as the case may be, the relevant Paying Agent) will make such payment after the withholding or deduction of such taxes, duties, assessments or governmental charges has been made, shall account to the relevant authorities for the amount required to be withheld or deducted and:

- 9.1.1 in the case of N&C Securities which are specified as being Reference Item Linked N&C Securities in the applicable Final Terms, the Issuer or the Guarantor, as applicable, shall not pay any additional amounts to the holders of the N&C Securities, Receipts or Coupons; and
- 9.1.2 in the case of N&C Securities which are not specified as being Reference Item Linked N&C Securities in the applicable Final Terms, the Issuer or the Guarantor, as applicable, will, subject to certain limitations and exceptions (set forth below), pay such additional amounts as may be necessary in order that the net amounts received by the Securityholders, Receiptholders and Couponholders after the withholding or deduction shall equal the respective amounts which would have been receivable in respect of the N&C Securities, or, as the case may be, Receipts or Coupons in the absence of the withholding or deduction; except that no additional amounts shall be payable in relation to any payment in respect of any N&C Security, Receipt or Coupon:
- 9.1.2.1 presented for payment or in respect of which payment is requested in the Issuer's Jurisdiction or the Guarantor's Jurisdiction (as relevant);
- 9.1.2.2 presented for payment or in respect of which payment is requested by or on behalf of:
- (i) (in the case of payments made by the Issuer, including payments made by the Issuer through a Paying Agent) a holder who is liable for such taxes or duties in respect of such N&C Security, Receipt or Coupon by reason of his having some connection with the Issuer's Jurisdiction other than the mere holding of such N&C Security, Receipt or Coupon; or
 - (ii) (in the case of payments made by the Guarantor, including payments made by the Guarantor through a Paying Agent) a holder (a) who is, for tax purposes in the Guarantor's Jurisdiction or (b) who is otherwise subject to such taxes and duties by reason of having some connection with the Guarantor's Jurisdiction, other than the mere holding of such N&C Security, Receipt or Coupon; or
- 9.1.2.3 presented for payment or in respect of which payment is requested more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Day (as defined in Condition 7.4.3).

In addition, no such additional amounts shall be payable with respect to (i) any withholding or deduction required pursuant to Section 871(m) of the Code, and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto.

As used herein:

Relevant Date means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Principal Agent or the Registrar, as the case may be, on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Securityholders in accordance with Condition 16.

10. PRESCRIPTION

The N&C Securities (whether in bearer or registered form), Receipts and Coupons will become void unless claims in respect of principal and/or interest are made within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 9) therefor.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 7.1 or any Talon which would be void pursuant to Condition 7.1.

11. EVENTS OF DEFAULT AND ENFORCEMENT

If any one or more of the following events (each an **Event of Default**) shall have occurred and be continuing namely:

If any additional Paying Agents are appointed in connection with any Series, the names of such Paying Agents will be specified in Part B of the applicable Final Terms.

13.2 Variation or termination of Appointment of Agents

In addition, the Issuer shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in Condition 7.5.2. Notice of any variation, termination, appointment or change in Paying Agents will be given to the Securityholders promptly by the Issuer in accordance with Condition 16.

In acting under the Agency Agreement, the Agents act solely as agents of the Issuer and (in the case of Guaranteed N&C Securities) the Guarantor and do not assume any obligation to, or relationship of agency or trust with, any Securityholders, Receiptholders or Couponholders. The Agency Agreement contains provisions permitting any entity into which any Agent is merged or converted or

with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor agent.

14. CALCULATION AGENT

14.1 Status of Calculation Agent

14.1.1 *Determinations*

In relation to each issue of N&C Securities, the Calculation Agent (whether it be Nomura International plc or another entity) acts solely as agent of the Issuer and (in the case of Guaranteed N&C Securities) the Guarantor and does not assume any obligation or duty to, or any relationship of agency or trust for or with, the Securityholders. All calculations and determinations made in respect of the N&C Securities by the Calculation Agent under the Conditions shall (save in the case of manifest error) be final, conclusive and binding on the Issuer, the Guarantor and the Securityholders. The Calculation Agent may, with the consent of the Issuer, delegate any of its obligations and functions to a third party as it deems appropriate.

14.1.2 *Exercise of Discretion*

In exercising its discretion under the Conditions, the Calculation Agent shall act in good faith and in a commercially reasonable manner. In doing so, the Calculation Agent may take into account such factors as it determines appropriate in each case, which may include in particular any circumstances or events which have or may have a material impact on the hedging arrangements entered into by the Issuer and/or a Hedging Party in respect of the N&C Securities. The exercise of the Calculation Agent's discretion under the Conditions are necessary because certain circumstances or events (for example a material modification or disruption to the underlying asset or reference basis to which the N&C Securities are linked) may occur subsequent to the issuance of the N&C Securities which may materially affect the costs to the Issuer and/or a Hedging Party of maintaining the relevant N&C Securities or relevant hedging arrangements. Such circumstances or events may not have been reflected in the pricing of the N&C Securities. In addition, as a result of certain circumstances or events (e.g. unavailability or material disruption to any reference source) it may no longer be reasonably practicable or otherwise appropriate for certain valuations in respect of the underlying asset or otherwise in connection with the N&C Securities to be made on this basis, and thus making it necessary for the Calculation Agent to exercise its discretion in such a case. As used herein, **Hedging Party** means the Issuer and/or any Affiliate and/or any other party which conducts hedging arrangements in respect of the Issuer's obligations under the N&C Securities from time to time. Such hedging arrangements may be carried out on a portfolio basis (i.e. where the hedging party maintains arrangements for hedging the Securities together with other obligations of the Issuer or its Affiliates). As used herein, **hedging arrangements** means the arrangements, if any, the Issuer makes to have available to it the relevant cash amounts or assets to be paid or delivered under the N&C Securities as these fall due. This may involve the Issuer and/or a Hedging Party investing directly in the underlying asset(s) or reference basis to which the N&C Securities are linked. Alternatively, the Issuer and/or a Hedging Party may make an indirect investment by entering into or acquiring a derivative contract referencing the underlying asset(s) or reference basis to which the N&C Securities are linked. The Issuer will select hedging arrangements which are efficient for it in the context of the tax, regulatory and business environment in which it operates. The Issuer and/or a Hedging Party may also adjust hedging arrangements from time to time but will not always be able to avoid adverse costs, taxes or regulatory changes which affect its hedging arrangements. For the avoidance of doubt, the Issuer is under no obligation to enter into any hedging arrangements.

14.1.3 *Determination of amounts payable or deliverable*

The Calculation Agent will employ the methodology described in these Conditions and the applicable Final Terms to determine amounts payable or deliverable in respect of the N&C Securities, Receipts and Coupons. When making any such determination in relation to any amounts so payable or deliverable, the Calculation Agent may in its sole and absolute discretion consider any relevant information, which may but is not required to include, without limitation, one or more of the following:

- 14.1.3.1 quotations (either firm or indicative) supplied by one or more third parties or information sources;
- 14.1.3.2 information consisting of relevant market data in the relevant markets supplied by one or more third parties or information sources including, without limitation, relevant rates, prices, yields, yield curves, volatilities, spreads correlation or other relevant market data in the relevant market; or
- 14.1.3.3 information of the types described in 14.1.3.1 or 14.1.3.2 above from internal sources (including any Affiliates of the Calculation Agent) or other information of a type used by the Calculation Agent in the regular course of its business or in connection with similar transactions.

The Calculation Agent's determination in the application of such methodology or of any amount or of any state of affairs, circumstance, event or other matter, or the formation of any opinion or the exercise of any discretion required or permitted to be determined, formed or exercised by the Calculation Agent under the N&C Securities shall be final, conclusive and binding on the Issuer, the Guarantor and the Securityholders except in the case of manifest error.

Whenever the Calculation Agent is required to make any determination it may, *inter alia*, decide issues of construction and legal interpretation. Any delay, deferral or forbearance by the Calculation Agent in the performance or exercise of any of its obligations or discretions under the N&C Securities including, without limitation, the giving of any notice by it to any person, shall not affect the validity or binding nature of any later performance or exercise of such obligation or discretion.

14.1.4 *Modifications*

Without prejudice to the provisions of Conditions 14.1.2, 14.1.3 or 17 or any Technical Annex, the Calculation Agent shall be free to modify the methodology described in these Conditions from time to time as it, acting in good faith and in a commercially reasonable manner, deems appropriate in response to any market, regulatory, juridical, fiscal or other circumstances which may arise which, in the opinion of the Calculation Agent, necessitates a modification or change of such methodology, or for the purposes of (i) curing any ambiguity or correcting or supplementing any provision of the Conditions, (ii) accounting for any change in the basis on which any relevant values, levels or information is calculated or provided which would materially change the commercial effect of any provision or provisions of the Conditions or (iii) replacing any information provider or source. Any modifications made by the Calculation Agent pursuant to this Condition 14.1.4 shall be notified to Holders by the Calculation Agent in accordance with Condition 16 below.

14.1.5 *Disclaimer of liability*

The Calculation Agent makes no express or implied representations or warranties as to (i) the advisability of investing in or obtaining exposure to the N&C Securities, (ii) the value of the N&C Securities at any particular time on any particular date, or (iii) any amounts that may become payable or deliverable in respect of the N&C Securities. The Calculation Agent shall not act as agent or trustee for the Securityholders.

Without limiting any of the foregoing, in no event shall the Calculation Agent have any liability (whether in negligence or otherwise) to any Securityholders for any direct, indirect, special, punitive, consequential or any other damages (including loss of profits) even if notified of the possibility of such damages.

14.2 **Conflict of Interest**

In addition to providing calculation agency services to the Issuer, the Calculation Agent or any of its Affiliates may perform further or alternative roles relating to the Issuer, the Guarantor and any Tranche of N&C Securities including, but not limited to, for example, being involved in arrangements relating to any of the underlying reference assets or bases (for example as a calculation agent or, in the case of a proprietary index for example, as index sponsor). Furthermore, the Calculation Agent or any of its Affiliates may contract with the Issuer or the Guarantor and/or enter into transactions which relate to the Issuer, the Guarantor, the N&C Securities or any of the underlying reference assets or bases and as a result the Calculation Agent may face a conflict between its obligations as Calculation Agent and its and/or its Affiliates' interests in other capacities. Subject to all regulatory obligations, none of the Issuer, the Guarantor or the Calculation Agent in respect of the N&C Securities shall owe any duty or responsibility to any Securityholder to avoid any conflict or to act in the interests of any Securityholder.

15. **EXCHANGE OF TALONS**

On and after the Coupon Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of any Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the N&C Security to which it appertains) a further Talon, subject to the provisions of Condition 10.

16. **NOTICES**

All notices regarding the Bearer N&C Securities will be deemed to be validly given if published in a leading English language daily newspaper of general circulation in London. It is expected that any such publication in a newspaper will be made in the *Financial Times* in London. The Issuer shall also ensure that notices are duly published in a manner which complies with the rules of any stock exchange or other relevant authority on which the Bearer N&C Securities are for the time being listed or by which they have been admitted to trading. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers.

All notices regarding the Definitive Registered N&C Securities will be deemed to be validly given if sent by first class mail or (if posted to an address overseas) by airmail to the holders (or the first named of joint holders) at their respective addresses recorded in the Register and will be deemed to have been given on the fourth day after mailing and, in addition, for so long as any Definitive Registered N&C Securities are listed on a stock exchange or are admitted to trading by another relevant authority and the rules of that stock exchange or relevant authority so require, such notice

will be published in a daily newspaper of general circulation in the place or places required by those rules.

Until such time as any definitive N&C Securities are issued, there may, so long as any Global N&C Securities representing the N&C Securities are held in their entirety on behalf of Euroclear and/or Clearstream, Luxembourg and/or DTC, be substituted for such publication in such newspaper(s) or such mailing the delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg and/or DTC for communication by them to the holders of the N&C Securities and, in addition, for so long as any N&C Securities are listed on a stock exchange or are admitted to trading by another relevant authority and the rules of that stock exchange or relevant authority so require, such notice will be published in a daily newspaper of general circulation in the place or places required by those rules. Any such notice shall be deemed to have been given to the holders of the N&C Securities on the second day after the day on which the said notice was given to Euroclear and/or Clearstream, Luxembourg and/or DTC.

Notices to be given by any Securityholder shall be in writing and given by lodging the same, together (in the case of any N&C Security in definitive form) with the relative N&C Security or N&C Securities, with the Principal Agent (in the case of Bearer N&C Securities) or the Registrar (in the case of Definitive Registered N&C Securities). Whilst any of the N&C Securities are represented by a Global N&C Security, such notice may be given by any holder of a N&C Security to the Principal Agent or the Registrar through Euroclear and/or Clearstream, Luxembourg and/or DTC, as the case may be, in such manner as the Principal Agent, the Registrar and Euroclear and/or Clearstream, Luxembourg and/or DTC, as the case may be, may approve for this purpose.

17. MEETINGS OF SECURITYHOLDERS, MODIFICATION AND WAIVER

The Agency Agreement contains provisions for convening meetings of the Securityholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the N&C Securities, the Receipts, the Coupons, the Guarantee, the Deed of Covenant or any of the provisions of the Agency Agreement. Such a meeting may be convened by the Issuer or the Guarantor and shall be convened by the Issuer if required in writing by Securityholders holding not less than 10 per cent. in nominal amount or number of units of the N&C Securities for the time being remaining outstanding. The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing a clear majority in nominal amount or number of units of the N&C Securities for the time being outstanding, or at any adjourned meeting one or more persons being or representing Securityholders whatever the nominal amount or number of units of the N&C Securities so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the N&C Securities, the Receipts, the Coupons, the Guarantee or the Deed of Covenant (including modifying the date of maturity of the N&C Securities or any date for payment of interest thereon, reducing or cancelling the amount of principal or the rate of interest payable in respect of the N&C Securities or altering the currency of payment of the N&C Securities, the Receipts or the Coupons, and as more fully described in the Agency Agreement), the quorum shall be one or more persons holding or representing not less than two-thirds in nominal amount or number of units of the N&C Securities for the time being outstanding, or at any adjourned such meeting one or more persons holding or representing not less than one-third in nominal amount or number of units of the N&C Securities for the time being outstanding. An Extraordinary Resolution passed by the Securityholders will be binding on all the Securityholders, whether or not they are present at any meeting, and whether or not they voted on the resolution, and on all Receiptholders and Couponholders. Any such modification shall be binding on the Securityholders, the Receiptholders and the Couponholders and any such modification shall be notified to the Securityholders in accordance with Condition 16 as soon as reasonably practicable thereafter, provided that failure to give, or non-receipt of, such notice will not affect the validity of any such modification.

In respect of Securities to which Annex 7 applies, Conditions to Settlement may be satisfied more than once except that, subject as provided above and in Credit Linked Condition 14, a Credit Event Notice may only be delivered on one occasion and Conditions to Settlement may be satisfied once only with respect to any Reference Entity (unless subsequent to the satisfaction of Conditions to Settlement with respect to any Reference Entity, that Reference Entity becomes the Successor to one or more other Reference Entities in respect of which a Credit Event Determination Date has not occurred, in which case Conditions to Settlement may be satisfied again).

- (ii) if dilutive, the Calculation Agent will determine in its discretion whether Terms Adjustment or Security Distribution Adjustment (as specified below) applies.

The Calculation Agent may (but need not) determine the appropriate adjustment(s) by reference to the adjustment(s) in respect of the Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange.
- 2.3 If the Calculation Agent determines that **Security Distribution Adjustment** applies, then the Calculation Agent will determine the basis on which additional Securities will be made available to Securityholders to account for the diluting effect of the relevant Potential Adjustment Event (which may include, without limitation, determining one or more of the matters referred to in paragraph 2.5 below).
- 2.4 Following any Terms Adjustment or Security Distribution Adjustment, the Calculation Agent shall as soon as is reasonably practicable under the circumstances give notice to the Securityholders in accordance with N&C Securities Condition 16 stating details of any Terms Adjustment or Security Distribution Adjustment and giving brief details of the Potential Adjustment Event, provided that any failure to give, or non-receipt of, such notice will not affect the validity of any such adjustment.
- 2.5 A Security Distribution Adjustment may (but is not required to) be made on the basis of one or more of the following, all as determined by the Calculation Agent. In each case the Security Distribution Adjustment may be made on different terms and different dates than the relevant event to which the Potential Adjustment Event relates:

- (iv) whether entitlement to additional Securities is to be made on the basis of the aggregate number of Securities held by a Securityholder or on a per Security basis and whether, in respect of any holding(s) of Securities by the Issuer and/or any of its Affiliates, any such party(ies) is to waive its entitlement to receive any additional Securities in respect of any such holding(s); and
- (v) whether, in order to reflect the relevant Potential Adjustment Event and any terms to which holders of the Shares are subject, Securityholders will be required to pay any subscription price or other amount in order to obtain the additional Securities and/or the time period during which the offer of additional Securities will remain open.

2.6 For the avoidance of doubt, if Security Distribution Adjustment applies, the Issuer may rely on N&C Securities Condition 19 for the purposes of issuing additional Securities for delivery."

In the case of W&C Securities other than Exempt W&C Securities, reference should be made to "applicable Final Terms" for a description of the content of the Final Terms which will specify which of such terms are to apply in relation to the relevant W&C Securities.

The Additional Terms and Conditions contained in Annex 1 in the case of Index Linked W&C Securities, Annex 2 in the case of Equity Linked W&C Securities, Annex 3 in the case of FX Linked W&C Securities, Annex 4 in the case of Commodity Linked W&C Securities, Annex 5 in the case of Fund Linked W&C Securities, Annex 6 in the case of Inflation Linked W&C Securities, Annex 7 or Annex 15 in the case of Credit Linked W&C Securities, Annex 9 in the case of Swedish Securities, Annex 12 in the case of Swiss Securities and/or Annex 14 in the case of SeDeX W&C Securities, (each as defined therein) will apply to the W&C Securities if specified herein and/or in the applicable Final Terms.

The Series of W&C Securities described in the applicable Final Terms (insofar as it relates to such Series of W&C Securities) (such W&C Securities being hereinafter referred to as the **W&C Securities**) are issued by Nomura Bank International plc (the **Issuer**). W&C Securities will be either warrants (**Warrants**) or exercisable certificates (**Certificates**), as specified in the applicable Final Terms, and references in these Terms and Conditions to "W&C Security", "W&C Securities", "Warrant", "Warrants", "Certificate" and "Certificates" will be construed accordingly. In the case of Warrants, where specified in the applicable Final Terms that such Warrants are to be exercised in Units, the references in these Terms and Conditions to "W&C Security", "W&C Securities", "Warrant" and "Warrants" will be construed accordingly.

The W&C Securities are issued pursuant to an amended and restated Agency Agreement (such Agency Agreement as amended and/or supplemented and/or restated from time to time, the Agency Agreement) dated on or about 9 September 2016 and made between the Issuer, the Guarantor (as defined below), Nomura International (Hong Kong) Limited, Citibank Europe PLC as principal agent (the **Principal Agent**, which expression shall include any successor principal paying agent), Citibank, N.A., London Branch as New York security agent (the **New York Security Agent**), Nomura International plc as calculation agent (the **Calculation Agent**) and the other agents named therein (together with the Principal Agent, the New York Security Agent and the Calculation Agent, the **Agents**, which expression shall include any additional or successor agents).

Nomura International plc shall undertake duties of Calculation Agent in respect of the W&C Securities unless another entity is so specified as the Calculation Agent in the applicable Final Terms. The expression "Calculation Agent" shall include such other specified Calculation Agent.

If, (i) specified in the applicable Final Terms and (ii) specifically authorised in accordance with the Guarantee by an executive officer of the Guarantor authorised by the Guarantor's Executive Management Board, the W&C Securities may be issued with the benefit of a guarantee from Nomura Holdings, Inc. (the **Guarantor**) pursuant to a deed of guarantee substantially in the form set out in the Base Prospectus (such guarantee, as modified, supplemented and/or restated from time to time, the Guarantee) dated on or about 9 September 2016 and executed by the Guarantor. The Guarantee will not be applicable in respect of a Series of W&C Securities unless (i) expressly specified in the applicable Final Terms and (ii) authorised as described above. If, (i) the applicable Final Terms in respect of any Series of W&C Securities does not state that the W&C Securities of such Series are Guaranteed W&C Securities, (ii) if the Guarantee is not authorised as described above, or (iii) the date of such authorisation is not specified in the applicable Final Terms, then such W&C Securities will not have the benefit of the Guarantee or any other guarantee or

similar arrangements from the Guarantor or any other party. The original of the Guarantee is held by the Principal Agent on behalf of the Securityholders at its specified office.

Any W&C Securities specified in the applicable Final Terms as guaranteed by the Guarantor and duly authorised by the Guarantor are referred to herein as **Guaranteed W&C Securities**. All amounts payable or deliverable under Guaranteed W&C Securities are unconditionally and irrevocably guaranteed by the Guarantor pursuant to the terms of the Guarantee.

The final terms for the W&C Securities are set out in Part A of the Final Terms applicable to the W&C Securities (the **applicable Final Terms**) which complete these Terms and Conditions of the W&C Securities (the **Conditions**, which term shall include one or more of the annex(es) of additional terms and conditions or amendments to the terms and conditions, in each case in the form annexed hereto (each a **Technical Annex**) if specified as applicable herein and/or in such Final Terms) and, if the W&C Securities are neither admitted to trading on a regulated market in the European Economic Area nor offered in the European Economic Area (the **EEA**) in circumstances where a prospectus is required to be published under the Prospectus Directive (**Exempt W&C Securities**), the final terms (or the relevant provisions thereof) are set out in Part A of the Pricing Supplement and may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with these Conditions, replace or modify the Conditions for the purposes of the W&C Securities. Any reference in the Conditions to **applicable Final Terms** shall be deemed to include a reference to **applicable Pricing Supplement** where relevant. The expression **Prospectus Directive** means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measure in a relevant Member State of the EEA.

Any reference to **Warrantholders** in relation to any Warrants shall mean the holders of the Warrants. Any reference to **Certificateholders** in relation to Certificates shall mean the holder of the Certificates. Any references to **Securityholders, Holders** or **holders** shall be construed as referring to the Warrantholders or Certificateholders, as applicable.

Any reference herein to the W&C Securities being listed and/or admitted to trading shall mean that such W&C Securities have been either (i) admitted to trading on the Irish Stock Exchange's (the **Irish Stock Exchange**) Main Securities Market or its Global Exchange Market and have been admitted to its Official List, (ii) admitted to trading on the London Stock Exchange plc's (the **London Stock Exchange**) regulated market and admitted to the official list of the UK Listing Authority, (iii) admitted to trading on the Luxembourg Stock Exchange's (the **LuxSE**) regulated market and have been admitted to the official list of the LuxSE and/or (iv) listed and/or admitted to trading, as the case may be, on such other or further stock exchange(s) or market(s) as may be determined by the Issuer and which, where known as of the Issue Date, in each case as specified in the applicable Final Terms.

The Securityholders are entitled to the benefit of a deed of covenant (such deed of covenant as modified, supplemented and/or restated from time to time, the **Deed of Covenant**) dated on or about 9 September 2016 and made by the Issuer. The original of the Deed of Covenant is held by the common depositary for Euroclear and Clearstream, Luxembourg (each as defined below).

As used herein, **Tranche** means W&C Securities which are identical in all respects (including as to listing and admission to trading) and **Series** means a Tranche of W&C Securities together with any further Tranche or Tranches of W&C Securities which (i) are expressed to be consolidated and form a single series and (ii) have the same terms and conditions or terms and conditions which are the same in all respects save for the issue price, as the case may be, and the issue date.

In the event that the applicable Final Terms specifies that W&C Securities are eligible for sale in the United States or to, or for the account or benefit of, U.S. persons pursuant to an exemption from the registration requirements of the Securities Act of 1933, as amended (the **Securities Act**), and applicable state securities laws, interests in such W&C Securities will be represented by a Rule 144A Global W&C Security (the **Rule 144A Global W&C Security**) and may only be offered and sold in private transactions (a) in the United

States to qualified institutional buyers (**QIBs**) within the meaning of Rule 144A (**Rule 144A**) under the Securities Act who are also each a qualified purchaser (**QP**) within the meaning of Section 3(c)(7) and as defined in Section 2(a)(51)(A) of the United States Investment Company Act of 1940, as amended (the **1940 Act**) or (b) U.S. persons who are QIBs and also QPs and, in each case, who agree to purchase the W&C Securities for their own account or for the accounts of one or more other persons each of whom is a QIB that is a QP and not with a view to the distribution thereof and (unless otherwise provided in the applicable Final Terms) provide an Investor Representation Letter substantially in the form set out in the Agency Agreement. If it is specified in the applicable Final Terms that W&C Securities as described above may also be sold outside of the United States in offshore transactions to and for the account or benefit of non-U.S. persons in reliance on Regulation S under the Securities Act (**Regulation S**), the W&C Securities will be represented by a Regulation S Global W&C Security (the **Regulation S Global W&C Security**).

In the event that the applicable Final Terms does not specify that the W&C Securities are eligible for sale in the United States or to, or for the account or benefit of, U.S. persons, the W&C Securities will be represented by a Permanent Global W&C Security (the **Permanent Global W&C Security**). Permanent Global W&C Securities are permanently prohibited from being offered, sold, transferred, pledged, delivered, exercised or redeemed, directly or indirectly, at any time within the United States or to, or for the account or benefit of, or by, (a) a "U.S. person" as defined in Regulation S, (b) a person other than a "Non-United States person" as defined in Rule 4.7 under the United States Commodity Exchange Act of 1936, as amended (the **CEA**), (c) a "U.S. person" as defined in the Interpretive Guidance and Policy Statement Regarding Compliance with Certain Swap Regulations promulgated by the United States Commodity Futures Trading Commission (the **CFTC**), as amended, modified or supplemented from time to time, pursuant to the CEA, (d) any other "U.S. person" as such term may be defined in Regulation S or in regulations or guidance adopted under the CEA, or (e) a "United States person" as defined in the United States Internal Revenue Code of 1986, as amended and the United States Treasury regulations promulgated thereunder, in each case, as such definition may be amended, modified or supplemented from time to time (each such person, a **U.S. Person**).

References herein to a "Global W&C Security" include, as the context requires, a Rule 144A Global W&C Security, a Regulation S Global W&C Security and a Permanent Global W&C Security. Interests in a Permanent Global W&C Security may not be exchanged for interests in any other Global W&C Security. Interests in a Rule 144A Global W&C Security may not be exchanged for interests in a Permanent Global W&C Security. Interests in a Regulation S Global W&C Security may not be exchanged for interests in a Permanent Global W&C Security.

Except as specified herein, definitive W&C Securities will not be issued. Each Permanent Global W&C Security and Regulation S Global W&C Security will be deposited with a depository (a **Common Depository**) on behalf of Clearstream Banking S.A. (**Clearstream, Luxembourg**) and Euroclear Bank S.A./N.V. (**Euroclear**). A Rule 144A Global W&C Security will be either (i) deposited with the New York Security Agent as custodian for, and registered in the name of a nominee of, The Depository Trust Company (**DTC**) and references herein to W&C Securities "held through" DTC will be deemed to be references to W&C Securities so represented, or (ii) deposited with a Common Depository common to Euroclear and Clearstream, Luxembourg, as specified in the applicable Final Terms. Unless otherwise expressly stated in the applicable Final Terms, each Global W&C Security will be deposited with a common depository on behalf of Euroclear and Clearstream, Luxembourg.

In the case of W&C Securities represented by a Regulation S Global W&C Security held through Euroclear and/or Clearstream, Luxembourg, if the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available or the Issuer receives a notice from DTC as described below in relation to the Rule 144A Global W&C Security held through DTC corresponding to the same Series of W&C Securities as such Regulation S Global W&C Security, the Issuer will promptly give notice to Securityholders in accordance with W&C Securities Condition 9 and will deliver W&C Securities in

definitive registered form (bearing such legends as may be required by the Issuer) in exchange for the Regulation S Global W&C Security.

In the case of W&C Securities represented by a Rule 144A Global W&C Security held through DTC, if DTC notifies the Issuer that it is unwilling or unable to continue as a depository for that Rule 144A Global W&C Security, or if at any time DTC ceases to be a "clearing agency" registered under the U.S. Securities Exchange Act of 1934, as amended, and a successor depository is not appointed by the Issuer within 90 days of such notice, or the Issuer receives notice as described above in respect of the closure of Euroclear and Clearstream, Luxembourg in relation to the Regulation S Global W&C Security held through Euroclear and Clearstream, Luxembourg corresponding to the same Series of W&C Securities as such Rule 144A Global W&C Security, the Issuer will deliver W&C Securities in definitive registered form (bearing such legends as may be required by the Issuer) in exchange for that Rule 144A Global W&C Security.

Except in the circumstances described in the preceding two paragraphs, owners of beneficial interests in a Regulation S Global W&C Security held through Euroclear and Clearstream, Luxembourg or a Rule 144A Global W&C Security held through DTC will not be entitled to have any portion of such W&C Securities registered in their name and will not receive or be entitled to receive physical delivery of registered W&C Securities in definitive form in exchange for their interests in that Global W&C Security. Transfer, exercise, payment, termination, settlement and other mechanics related to any W&C Securities issued in definitive form in exchange for W&C Securities as described above shall be as agreed between the Issuer, the Principal Agent and, in the case of W&C Securities represented by a Rule 144A Global W&C Security, the New York Security Agent.

Copies of the Agency Agreement (which contains the form of the Guarantee) and the Deed of Covenant are available for inspection during normal business hours at the specified office of the Principal Agent. Copies of the applicable Final Terms are available for viewing during normal business hours at the specified office of the Principal Agent and copies may be obtained from those offices save that, if this W&C Security is an Exempt W&C Security, the applicable Pricing Supplement will only be obtainable by a Securityholder holding one or more W&C Securities and such Securityholder must produce evidence satisfactory to the Issuer and the Principal Agent as to its holding of such W&C Securities and identity. If this W&C Security is to be admitted to trading (i) on the Main Securities Market or Global Exchange Market of the Irish Stock Exchange, the applicable Final Terms will be published on the website of the Irish Stock Exchange (www.ise.ie), (ii) on the regulated market of the London Stock Exchange, the applicable Final Terms will be published on the website of the London Stock Exchange through a regulatory information service and (iii) on the regulated market of the LuxSE, the applicable Final Terms will be published on the website of the LuxSE (www.bourse.lu). The Securityholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Agency Agreement, the Guarantee, the Deed of Covenant and the applicable Final Terms which are applicable to them. The statements in the Conditions include summaries of, and are subject to, the detailed provisions of the Agency Agreement.

Words and expressions defined in the Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in the Conditions unless the context otherwise requires or unless otherwise stated and provided that, in the event of inconsistency between the Agency Agreement and the applicable Final Terms, the applicable Final Terms shall prevail. In the case of any inconsistency between any Technical Annex(es) specified as applicable herein and/or in the applicable Final Terms and other parts of these Conditions, the provisions of the applicable Technical Annex(es) shall prevail unless otherwise specified herein. In the case of any inconsistency between the applicable Final Terms and the Conditions, the applicable Final Terms shall prevail.

1. TYPE, TITLE AND TRANSFER

1.1 Type

Unless the W&C Securities are Exempt W&C Securities, the W&C Securities may be FX Basket Knock-Out W&C Securities (which are a type of FX Linked W&C Securities), FX Basket Knock-In W&C Securities (which are also a type of FX Linked W&C Securities) or Equity Delta One W&C Securities (which are a type of Equity Linked W&C Securities).

If the W&C Securities are Exempt W&C Securities, the W&C Securities may be specified in the applicable Pricing Supplement as relating to a specified Index or basket of Indices (**Index Linked W&C Securities**), a specified Share or basket of Shares or a specified American Depositary Receipt (an **ADR**) and/or Global Depositary Receipt (a **GDR**) referencing a share (the **Underlying Share**) or basket of such GDRs and/or ADRs (**Equity Linked W&C Securities**), a specified currency or basket of currencies (**FX Linked W&C Securities**), a specified commodity or commodity index or basket of commodities and/or commodity indices (**Commodity Linked W&C Securities**), a specified fund share or unit or basket of fund shares or units (**Fund Linked W&C Securities**), a specified inflation index (**Inflation Linked W&C Securities**), or the credit of a specified reference entity or reference entities (**Credit Linked W&C Securities**), a Swedish Security (**Swedish Securities**), a Swiss Security (**Swiss Securities**), a SeDeX W&C Security (**SeDeX W&C Securities**) or any combination of the foregoing or any other or further type of securities as is specified in the applicable Pricing Supplement, in each case as specified in and depending on the type of Securities shown in the applicable Pricing Supplement. The applicable Pricing Supplement for such W&C Securities will specify which of the annexes of Additional Terms and Conditions apply to the W&C Securities.

No Equity Linked W&C Securities that would be subject to Article 17 of the EU Prospectus Regulation (Commission Regulation (EC) No. 809/2004) may be issued unless those Equity Linked W&C Securities are Exempt Securities.

Unless the W&C Securities are Exempt W&C Securities, settlement shall be by way of cash payment (**Cash Settled W&C Securities**).

If the W&C Securities are Exempt W&C Securities, the applicable Pricing Supplement will indicate whether such W&C Securities are Cash Settled W&C Securities or whether settlement will be by way of physical delivery (**Physical Delivery W&C Securities**), whether averaging (**Averaging**) will apply to the W&C Securities and whether the W&C Securities may be terminated following a Mandatory Early Termination Event. W&C Securities represented by a 144A Global W&C Security may not be settled by way of Physical Delivery. If Averaging is specified as applying in the applicable Pricing Supplement, the applicable Pricing Supplement will state the relevant Averaging Dates and, in respect of Index Linked W&C Securities and Equity Linked W&C Securities, if an Averaging Date is a Disrupted Day, whether Omission, Postponement or Modified Postponement applies.

In respect of Warrants, the applicable Final Terms will indicate whether such Warrants are American style Warrants (**American Style Warrants**), European style Warrants (**European Style Warrants**), Bermudan style Warrants (**Bermudan Style Warrants**) or, in the case of Exempt W&C Securities, such other type of Warrants as may be specified in the applicable Pricing Supplement. The applicable Final Terms will also indicate whether automatic exercise (**Automatic Exercise**) applies to the Warrants and whether the Warrants are call Warrants (**Call Warrants**) or put Warrants (**Put Warrants**). If Units are specified in the applicable Final Terms, Warrants must be exercised in Units and any Exercise Notice which purports to exercise such Warrants in breach of this provision shall be void and of no effect.

Certificates issued under the Programme will be automatically exercised on the Exercise Date, subject as provided in Condition 3.1.4 below.

If the W&C Securities are Exempt W&C Securities, references in the Conditions, unless the context otherwise requires, to (a) Cash Settled W&C Securities shall be deemed to include references to Physical Delivery W&C Securities, which include an option (as set out in the applicable Pricing Supplement) at the Issuer's election to request cash settlement of such W&C Security and where settlement is to be by way of cash payment, and (b) Physical Delivery W&C Securities shall be deemed to include references to Cash Settled W&C Securities which include an option (as set out in the applicable Pricing Supplement) at the Issuer's election to request physical delivery of the relevant underlying asset in settlement of such W&C Security and where settlement is to be by way of physical delivery.

If the W&C Securities are Exempt W&C Securities, the W&C Securities may, if so specified and provided for in the applicable Pricing Supplement, allow holders to elect for settlement by way of cash payment or by way of physical delivery or by such other method of settlement as is specified in the applicable Pricing Supplement. Those W&C Securities where the holder has elected for cash payment will be Cash Settled W&C Securities and those W&C Securities where the holder has elected for physical delivery will be Physical Delivery W&C Securities. The rights of a holder as described in this paragraph may be subject to the Issuer's right to vary settlement if so indicated in the applicable Pricing Supplement.

Transfers of a Rule 144A Global W&C Security held by a nominee for DTC shall be limited to transfers of such Rule 144A Global W&C Security, in whole but not in part, to another nominee of DTC or to a successor of DTC or such successor's nominee.

Any reference herein to Euroclear and/or Clearstream, Luxembourg and/or DTC shall, in the case of Exempt W&C Securities only, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system approved by the Issuer and the Principal Agent from time to time and notified to the Securityholders in accordance with Condition 9.

1.3.3 *Securityholder instruction*

European Style Warrants are only exercisable on the Exercise Date.

If "Automatic Exercise" is not specified as applicable in the applicable Final Terms, any European Style Warrant represented by a Global W&C Security held through Euroclear and/or Clearstream, Luxembourg with respect to which no Exercise Notice has been delivered in the manner set out in Condition 4, at or prior to 10.00 a.m., Luxembourg or Brussels time, as the case may be, on the Exercise Date (in respect of a European Style Warrant, the **Expiration Date**) shall become void and expire worthless at such time.

DTC with respect to which no Exercise Notice has been delivered in the manner set out in Condition 4, at or prior to 5.00 p.m., New York time on the New York Business Day immediately preceding the Expiration Date shall become void and expire worthless at such time.

If "Automatic Exercise" is specified as applicable in the applicable Final Terms, any European Style Warrant represented by a Rule 144A Global W&C Security held through DTC with respect to which no Exercise Notice has been delivered in the manner set out in Condition 4, at or prior to 5.00 p.m., New York time on the New York Business Day immediately preceding the Expiration Date and which, in the determination of the Calculation Agent, is "In-The-Money", shall be Automatically Exercised by the Principal Agent on behalf of the relevant Warrantholder on the Expiration Date.

The expression "exercise", "due exercise" and related expressions shall be construed to apply to any European Style Warrants which Automatic Exercise applies in accordance with this provision.

3.1.4 *Certificates*

Certificates which, in the determination of the Calculation Agent, are "In-the-Money" (determined as of the Exercise Date) will be automatically exercised by the Principal Agent on behalf of the Securityholders on the Exercise Date (in respect of a Certificate, the **Expiration Date** and any such exercise, in relation to a Certificate, an **Automatic Exercise**). The expression "exercise", "due exercise" and related expressions shall be construed to apply to any Certificates in accordance with this provision.

For the purposes of this Condition 3.1, **In-The-Money** means:

3.1.4.1 in the case of a Cash Settled W&C Security, the Cash Settlement Amount in respect of such W&C Security is or would be greater than zero; and

3.1.4.2 in the case of a Physical Delivery W&C Security, the Assessed Value Payment Amount for such W&C Security is or would be greater than zero,

in each case in the determination of the Calculation Agent.

3.2 **Cash Settlement**

3.2.1 Unless the W&C Securities are Exempt W&C Securities, each W&C Security entitles its holder in respect of an Actual Exercise Date, upon due exercise, to receive from the Issuer on the Settlement Date a Cash Settlement Amount as provided in the relevant paragraph of Condition 18 below.

3.2.2 If the W&C Securities are Exempt W&C Securities, subject as set out in Condition 3.2.3 below in respect of Credit Linked W&C Securities, if the W&C Securities are Cash Settled W&C Securities, each such W&C Security entitles its holder in respect of an Actual Exercise Date, upon due exercise, to receive from the Issuer on the Settlement Date a Cash Settlement Amount calculated by the Calculation Agent (which shall not be less than zero) equal to (unless otherwise specified in the applicable Pricing Supplement):

3.2.2.1 where Averaging is not specified in the applicable Pricing Supplement:

(a) if such W&C Securities are Warrants which are Call Warrants,

(Settlement Price less Exercise Price) multiplied by, in the case of FX Linked Warrants only, the Notional Amount;

- (b) if such W&C Securities are Warrants which are Put Warrants,

(Exercise Price less Settlement Price) multiplied by, in the case of FX Linked Warrants only, the Notional Amount; and

- (c) if such W&C Securities are neither Call Warrants nor Put Warrants or are Certificates, settlement will be as specified in the applicable Final Terms;

3.2.2.2 where Averaging is specified in the applicable Pricing Supplement:

- (a) if such W&C Securities are Warrants which are Call Warrants,

((i) the arithmetic mean of the Settlement Prices for all the Averaging Dates less (ii) Exercise Price) multiplied by, in the case of FX Linked Warrants only, the Notional Amount;

- (b) if such W&C Securities are Warrants which are Put Warrants,

((i) Exercise Price less (ii) the arithmetic mean of the Settlement Prices for all the Averaging Dates) multiplied by, in the case of FX Linked Warrants only, the Notional Amount; and

- (c) if such W&C Securities are neither Call Warrants nor Put Warrants or are Certificates, settlement will be as specified in the applicable Final Terms.

Any amount determined pursuant to the above, if not an amount in the Specified Currency, will be converted into the Specified Currency at the Exchange Rate specified in the applicable Pricing Supplement for the purposes of determining the Cash Settlement Amount. The Cash Settlement Amount will be rounded to the nearest two decimal places (or, in the case of Japanese Yen, the nearest whole unit) in the relevant Specified Currency, 0.005 (or, in the case of Japanese Yen, half a unit) being rounded upwards, with W&C Securities exercised at the same time by the same Securityholder being aggregated for the purpose of determining the aggregate Cash Settlement Amounts payable in respect of such W&C Securities.

3.2.3 In respect of Credit Linked W&C Securities only, subject as provided in Credit Linked Conditions 2, 3 and 4, each Cash Settled Credit Linked W&C Security entitles its holder, upon due exercise, to receive from the Issuer on the Settlement Date the Cash Settlement Amount calculated by the Calculation Agent in accordance with the applicable Final Terms.

3.3 Physical Settlement

This Condition 3.3 shall only apply to Exempt W&C Securities.

3.3.1 Physical Settlement in relation to Physical Delivery Warrants

3.3.1.1 Subject as set out in 3.3.1.2 below in respect of Credit Linked W&C Securities, if the W&C Securities are Physical Delivery Warrants, each such Warrant entitles its holder, upon due exercise and subject to certification as to non-U.S. beneficial ownership and as provided in Condition 3.3.3 below, to receive from

the Issuer on the Settlement Date the Entitlement subject to payment of the relevant Exercise Expenses and the Exercise Price and any other sums payable. The method of delivery of the Entitlement is set out in the applicable Pricing Supplement.

Warrants exercised at the same time by the same Securityholder will be aggregated for the purpose of determining the aggregate Entitlements in respect of such Warrants, Provided That the aggregate Entitlements in respect of the same Securityholder will be rounded down to the nearest whole unit of the Relevant Asset or each of the Relevant Assets, as the case may be, in such manner as the Calculation Agent shall determine. Therefore, fractions of the Relevant Asset or of each of the Relevant Assets, as the case may be, will not be delivered and no cash adjustment will be made in respect thereof, unless otherwise provided for in the applicable Pricing Supplement.

Following exercise of an Equity Linked W&C Security which is a Physical Delivery Warrant, any dividend or distribution in respect of the relevant Shares or ADRs/GDRs, as applicable, to be delivered will be payable to the party that would receive such dividend according to market practice for a sale of the Shares or ADRs/GDRs executed on the relevant Actual Exercise Date and to be delivered in the same manner as such relevant Shares or ADRs/GDRs. Any such dividends to be paid to a Securityholder will be paid to the account specified by the Securityholder in the relevant Exercise Notice as referred to in Condition 4.1.2.6 below.

Any distributions (including, without limitation, dividends on shares, interest amounts on debt securities or payments on units of funds) in respect of the assets constituting the Entitlement to be delivered will be payable to the party, as determined by the Issuer, that would have received such distribution according to market practice for a sale of the relevant assets constituting the Entitlement to be settled through the relevant clearing system on the due date for transfer. Any such distribution shall be paid to the account specified for such purpose in the applicable Exercise Notice.

- 3.3.1.2 In respect of Credit Linked Warrants only, subject as provided in Credit Linked Condition 1 and Credit Linked Condition 4, each Physical Delivery Credit Linked Warrant entitles its holder, upon due exercise and subject to certification as to non-U.S. beneficial ownership, to receive from the Issuer on the Settlement Date the Entitlement subject to payment of the relevant Exercise Expenses and the Exercise Price and any other sums payable.
- 3.3.1.3 In respect of Credit Linked Warrants only, in relation to each Deliverable Obligation constituting the Entitlement the Issuer or (in the case of Guaranteed W&C Securities) the Guarantor, as applicable, will Deliver or procure the Delivery of the relevant Deliverable Obligations as provided above on the Credit Settlement Date, Provided That if all or some of the Deliverable Obligations included in the Entitlement are Undeliverable Obligations and/or Hedge Disruption Obligations, then the Issuer shall continue to attempt to Deliver all or a portion of such Undeliverable Obligations or Hedge Disruption Obligations, as the case may be, up to and including (i) the 30th Business Day following the Credit Settlement Date or (ii) such earlier date as determined by the Calculation Agent by reference to any relevant date of settlement in respect of the Hedging Arrangements (if any) (the **Final Delivery Date**), Provided Further That if all or a portion of such Undeliverable Obligations or Hedge

Disruption Obligations, as the case may be, are not Delivered by the Final Delivery Date the provisions of Credit Linked Condition 10 shall apply.

3.3.2 *Physical Settlement in relation to Physical Delivery Certificates*

3.3.2.1 Subject as set out in 3.3.2.2 below in respect of Credit Linked W&C Securities, if the W&C Securities are Physical Delivery Certificates, each such Certificate entitles its holder, upon due exercise and subject to certification as to non-U.S. beneficial ownership and as provided in Condition 3.3.4 below, to receive from the Issuer on the Settlement Date the Entitlement subject to payment of the relevant Exercise Expenses and any other sums payable. The method of delivery of the Entitlement is set out in the applicable Final Terms.

Certificates exercised at the same time held by the same Securityholder will be aggregated for the purpose of determining the aggregate Entitlements in respect of such Certificates, Provided That the aggregate Entitlements in respect of the same Securityholder will be rounded down to the nearest whole unit of the Relevant Asset or each of the Relevant Assets, as the case may be, in such manner as the Calculation Agent shall determine. Therefore, fractions of the Relevant Asset or of each of the Relevant Assets, as the case may be, will not be delivered and no cash adjustment will be made in respect thereof, unless otherwise provided for in the applicable Final Terms.

Following exercise of an Equity Linked W&C Security which is a Physical Delivery Certificate, all dividends on the relevant Shares or ADRs/GDRs, as applicable, to be delivered will be payable to the party that would receive such dividend according to market practice for a sale of the Shares or ADRs/GDRs executed on the relevant Actual Exercise Date and to be delivered in the same manner as such relevant Shares or ADRs/GDRs. Any such dividends to be paid to a Securityholder will be paid to the account specified by the Securityholder in the relevant Collection Notice as referred to in Condition 4.2 below.

Any distributions (including, without limitation, dividends on shares, interest amounts on debt securities or payments on units of funds) in respect of the assets constituting the Entitlement to be delivered will be payable to the party, as determined by the Issuer, that would have received such distribution according to market practice for a sale of the relevant assets constituting the Entitlement to be settled through the relevant clearing system on the due date for transfer. Any such distribution shall be paid to the account specified for such purpose in the applicable Collection Notice.

3.3.2.2 In respect of Credit Linked Certificates only, subject as provided in Credit Linked Condition 2 and Credit Linked Condition 4, each Physical Delivery Credit Linked Certificate entitles its holder, upon due exercise and subject to certification as to non-U.S. beneficial ownership, to receive from the Issuer on the Settlement Date the Entitlement subject to payment of the relevant Delivery Expenses and any other sums payable.

3.3.2.3 In respect of Credit Linked Certificates only, in relation to each Deliverable Obligation constituting the Entitlement the Issuer or (in the case of Guaranteed W&C Securities) the Guarantor, as applicable, will Deliver or procure the Delivery of the relevant Deliverable Obligation as provided above on the Credit Settlement Date, Provided That if all or some of the Deliverable Obligations included in the Entitlement are Undeliverable Obligations and/or Hedge

Disruption Obligations, then the Issuer shall continue to attempt to Deliver all or a portion of such Undeliverable Obligations or Hedge Disruption Obligations, as the case may be, up to and including (i) the 30th Business Day following the Credit Settlement Date or (ii) such earlier date as determined by the Calculation Agent by reference to any relevant date of settlement in respect of the Hedging Arrangements (if any) (the **Final Delivery Date**), Provided Further That if all or a portion of such Undeliverable Obligations or Hedge Disruption Obligations, as the case may be, are not Delivered by the Final Delivery Date the provisions of Credit Linked Condition 10 shall apply.

3.3.3 *Failure to deliver an Exercise Notice for Physical Delivery Warrants*

In the event that a Securityholder does not, in respect of a Physical Delivery Warrant, deliver an Exercise Notice on or prior to (in the case a Warrant represented by a Global W&C Security held through Euroclear and/or Clearstream, Luxembourg) 10.00 a.m., Luxembourg or Brussels time on the Expiration Date, and "Automatic Exercise" is specified as applicable in the applicable Final Terms, the Issuer shall as soon as reasonably practicable determine the Assessed Value Payment Amount and in respect of such Warrant shall pay the Assessed Value Payment Amount to the relevant Securityholder in lieu of delivery of the Entitlement as soon as reasonably practicable following the determination of the Assessed Value Payment Amount. Upon payment of the Assessed Value Payment Amount, the Issuer's obligations in respect of such W&C Security shall be discharged and (in the case of Guaranteed W&C Securities) the Guarantor's obligations in respect of such W&C Security pursuant to the Guarantee shall be discharged.

In the event that a Securityholder does not, in respect of a Physical Delivery Warrant, deliver an Exercise Notice on or prior to (in the case a Warrant represented by a Global W&C Security held through Euroclear and/or Clearstream, Luxembourg) 10.00 a.m., Luxembourg or Brussels time on the Expiration Date, and "Automatic Exercise" is not specified as applicable in the applicable Final Terms, the Warrant shall become void and expire worthless at such time.

As used herein for the purposes of Physical Delivery Warrants:

Assessed Value Payment Amount means, in respect of a Warrant, an amount determined by the Calculation Agent to be the fair market value of the Relevant Assets comprised in the Entitlement in respect of such Warrant at the relevant time of determination of the Assessed Value Payment Amount less the applicable Exercise Expenses and Exercise Price less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Issuer.

3.3.4 *Failure to deliver a Collection Notice for Physical Delivery Certificates*

In the event that a Securityholder does not, in respect of a Physical Delivery Certificate, deliver a Collection Notice on or prior to 10.00 a.m., Luxembourg or Brussels time on the Collection Notice Cut-off Date (as specified in the applicable Final Terms), the Issuer shall as soon as reasonably practicable determine the Assessed Value Payment Amount and in respect of such Certificate shall pay the Assessed Value Payment Amount to the relevant Securityholder in lieu of delivery of the Entitlement as soon as reasonably practicable following the determination of the Assessed Value Payment Amount. Upon payment of the Assessed Value Payment Amount, the Issuer's obligations in respect of such W&C Security shall be discharged and (in the case of Guaranteed W&C Securities), the Guarantor's obligations in respect of such W&C Security pursuant to the Guarantee shall be discharged.

As used herein for the purposes of Physical Delivery Certificates:

Assessed Value Payment Amount means, in respect of a Certificate, an amount determined by the Calculation Agent to be the fair market value of the Relevant Assets comprised in the Entitlement in respect of such Certificate at the relevant time of determination of the Assessed Value Payment Amount less the applicable Exercise Expenses and the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Issuer.

3.3.5 *Settlement Disruption*

If, following the exercise of Physical Delivery W&C Securities, in the opinion of the Calculation Agent, delivery of the Entitlement using the method of delivery specified in the applicable Final Terms is not practicable by reason of a Settlement Disruption Event (as defined below) having occurred and continuing on any Settlement Date, then such Settlement Date for such W&C Securities shall be postponed to the first following Settlement Business Day in respect of which there is no such Settlement Disruption Event, Provided That the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant W&C Security by delivering the Entitlement using such other commercially reasonable manner as it may select and in such event the Settlement Date shall be such day as the Issuer deems appropriate in connection with delivery of the Entitlement in such other commercially reasonable manner. For the avoidance of doubt, where a Settlement Disruption Event affects some but not all of the Relevant Assets comprising the Entitlement, the Settlement Date for the Relevant Assets not affected by the Settlement Disruption Event will be the originally designated Settlement Date. In the case of Warrants, in the event that a Settlement Disruption Event will result in the delivery on a Settlement Date of some but not all of the Relevant Assets comprising the Entitlement, the Calculation Agent shall determine in its discretion the appropriate *pro rata* portion of the Exercise Price to be paid by the relevant Securityholder in respect of that partial settlement. For so long as delivery of the Entitlement is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant W&C Security by payment to the relevant Securityholder of the Disruption Cash Settlement Price (as defined below) on the fifth Business Day following the date that notice of such election is given to the Securityholders in accordance with Condition 9. Payment of the Disruption Cash Settlement Price will be made in such manner as shall be notified to the Securityholders in accordance with Condition 9. The Calculation Agent shall give notice as soon as practicable to the Securityholders in accordance with Condition 9 that a Settlement Disruption Event has occurred. No Securityholder shall be entitled to any payment in respect of the relevant W&C Security in the event of any delay in the delivery of the Entitlement due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer or (in the case of Guaranteed W&C Securities) the Guarantor.

For the purposes hereof:

Settlement Business Day is as specified in the applicable Final Terms.

Disruption Cash Settlement Price means, in respect of any relevant W&C Security, the fair market value of such W&C Security at the relevant time of determination of the Disruption Cash Settlement Price (taking into account, where the Settlement Disruption Event affected some but not all of the Relevant Assets comprising the Entitlement and such non-affected Relevant Assets have been duly delivered as provided above, the value of such Relevant Assets), less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Issuer, plus (in the case of Warrants),

if already paid, the Exercise Price (or, where as provided above some Relevant Assets have been delivered, and a *pro rata* portion thereof has been paid, such *pro rata* portion).

Settlement Disruption Event means, in the opinion of the Calculation Agent, an event beyond the control of the Issuer or (in the case of Guaranteed W&C Securities) the Guarantor, as applicable, as a result of which the Issuer or (in the case of Guaranteed W&C Securities) the Guarantor, as the case may be, cannot make delivery of the Relevant Asset(s) using the method specified in the applicable Final Terms.

3.3.6 *Failure to Deliver due to Illiquidity*

If "Failure to Deliver due to Illiquidity" is specified as applicable in the applicable Final Terms and, following the exercise of Physical Delivery W&C Securities, in the opinion of the Calculation Agent, it is impossible or impracticable to deliver, when due, some or all of the Relevant Assets (the **Affected Relevant Assets**) comprising the Entitlement, where such failure to deliver is due to illiquidity in the market for the Relevant Assets (a **Failure to Deliver due to Illiquidity**), then

3.3.6.1 subject as provided elsewhere in the Conditions, any Relevant Assets which are not Affected Relevant Assets, will be delivered on the originally designated Settlement Date in accordance with Condition 3.3.1 above and (in the case of Warrants) the Calculation Agent shall determine in its discretion the appropriate *pro rata* portion of the Exercise Price to be paid by the relevant Securityholder in respect of that partial settlement; and

3.3.6.2 in respect of any Affected Relevant Assets, in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant W&C Security by payment to the relevant Securityholder of the Failure to Deliver Settlement Price (as defined below) on the fifth Business Day following the date that notice of such election is given to the Securityholders in accordance with Condition 9. Payment of the Failure to Deliver Settlement Price will be made in such manner as shall be notified to the Securityholders in accordance with Condition 9. The Calculation Agent shall give notice as soon as practicable to the Securityholders in accordance with Condition 9 that the provisions of this Condition 3.3.6 apply.

For the purposes hereof:

Failure to Deliver Settlement Price means, in respect of any relevant W&C Security, the fair market value of such W&C Security at the relevant time of determination of the Failure to Deliver Settlement Price (taking into account, the Relevant Assets comprising the Entitlement which have been duly delivered as provided above), less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Issuer in its sole and absolute discretion, plus, if already paid (in the case of Warrants), the Exercise Price (or, where as provided above some Relevant Assets have been delivered, and a *pro rata* portion thereof has been paid, such *pro rata* portion).

3.4 **Issuer's Option to Vary Settlement**

If the W&C Securities are Exempt W&C Securities, unless indicated otherwise in the applicable Final Terms, the Issuer has an option to vary settlement in respect of the W&C Securities, upon a valid exercise of W&C Securities in accordance with the Conditions, the Issuer may at its sole and unfettered discretion in respect of each such W&C Securities, elect not to pay the relevant Securityholders the Cash Settlement Amount or to deliver or procure delivery of the Entitlement to

the relevant Securityholders, as the case may be, but, in lieu thereof to deliver or procure delivery of the Entitlement or make payment of the Cash Settlement Amount on the Settlement Date to the relevant Securityholders, as the case may be. Notification of such election will be given to Securityholders no later than 10.00 a.m. (London time) on the second Business Day following the Actual Exercise Date.

3.5 General

None of the Issuer, the Guarantor (in the case of Guaranteed W&C Securities), the Calculation Agent and the Agents shall have any responsibility for any errors or omissions in the calculation of any Cash Settlement Amount or, in the case of Exempt W&C Securities, of any Entitlement.

The purchase of W&C Securities does not confer on any holder of such W&C Securities any rights (whether in respect of voting, distributions or otherwise) attaching to any Relevant Asset.

All references in this Condition to "Luxembourg or Brussels time" or "New York time" shall, where W&C Securities are cleared through an additional or alternative clearing system, be deemed to refer as appropriate to the time in the city where the relevant clearing system is located.

Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment, (ii) any withholding or deduction required pursuant to Section 871(m) of the U.S. Internal Revenue Code of 1986 (the **Code**) and (iii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto.

3.6 Definitions

For the purposes of the Conditions, the following general definitions will apply:

In any case where more than the Quota of Warrants are exercised on the same day by Warrantholder(s), the order of settlement in respect of such Warrants shall be at the sole discretion of the Issuer.

4.8.3 *European Style Warrants*

This paragraph 4.8.3 applies only to European Style Warrants which are not Automatically Exercised.

The number of W&C Securities exercisable by or on behalf of any Securityholder on the Exercise Date, as determined by the Issuer, must be equal to the Minimum Exercise Number specified in the applicable Final Terms and, if specified in the applicable Final Terms, if a number greater than the Minimum Exercise Number, must be an integral multiple of the number specified in the applicable Final Terms. Any Exercise Notice which purports to exercise Warrants in breach of this provision shall be void and of no effect.

4.9 **CNY Currency Event**

4.9.1 *CNY Currency Event*

If "CNY Currency Event" is specified as applicable in the applicable Final Terms and a CNY Currency Event, as determined by the Issuer acting in good faith, exists on a date for payment of any amount in Renminbi in respect of any W&C Security, the Issuer's obligation to make a payment in Renminbi under the terms of the W&C Securities may in the Issuer's sole discretion acting in good faith, be postponed up to 14 calendar days and/or replaced by an obligation to pay such amount in U.S. dollars converted using the Spot Rate for the Rate Calculation Date.

4.9.2 *Occurrence of CNY Currency Event*

Upon the occurrence of a CNY Currency Event, the Issuer shall give notice as soon as practicable to the Securityholder in accordance with Condition 9 (*Notices*) stating the occurrence of the CNY Currency Event, giving details thereof and the action proposed to be taken in relation thereto.

4.9.3 *Definitions*

Governmental Authority means (i) any *de facto* or *de jure* government (or any agency, instrumentality, ministry or department thereof), court, tribunal, administrative or other governmental authority or (ii) any other entity (private or public) charged with the regulation of the financial markets (including the central bank), in each case in any relevant jurisdiction;

Rate Calculation Business Day means a day (other than a Saturday or Sunday) on which commercial banks are open for general business (including dealings in foreign exchange) in Hong Kong, London and New York City;

Rate Calculation Date means the day which is two Rate Calculation Business Days before the due date of the relevant payment under the W&C Securities;

CNY Currency Event means any one of CNY Illiquidity, CNY Non-Transferability or CNY Inconvertibility;

CNY Illiquidity means the general CNY exchange market in Hong Kong becomes illiquid as a result of which the Issuer, any of its Affiliates or its agents are unable to obtain, in a commercially reasonable manner, sufficient CNY to enable the Issuer to make a payment under the W&C Securities, as determined by the Issuer in a commercially reasonable manner following consultation with two independent foreign exchange dealers of international repute active in the CNY exchange market in Hong Kong;

CNY Inconvertibility means the occurrence of any event that makes it impossible for the Issuer, any of its Affiliates or its agents to convert (i) U.S. dollars into (ii) any amount due in respect of the W&C Securities that is payable by the Issuer in CNY, on any payment date at the general CNY exchange market in Hong Kong, other than where such impossibility is due solely to the failure of the Issuer, any of its Affiliates or its agents to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date of the first Tranche of the relevant Series and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation);

CNY Non-Transferability means the occurrence of any event that makes it impossible for the Issuer, any of its Affiliates or its agents to deliver CNY between accounts inside Hong Kong or from an account inside Hong Kong to an account outside Hong Kong (including where the CNY clearing and settlement system for participating banks in Hong Kong is disrupted or suspended), other than where such impossibility is due solely to the failure of the Issuer, any of its Affiliates or its agents to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule, or regulation is enacted after the Issue Date of the first Tranche of the relevant Series and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation); and

Spot Rate means the spot CNY/U.S. dollar exchange rate for the purchase of U.S. dollars with Renminbi in the over-the-counter Renminbi exchange market in Hong Kong for settlement in two Rate Calculation Business Days, as determined by the Calculation Agent at or around 11.00am (Hong Kong time) on the Rate Calculation Date, on a deliverable basis by reference to Reuters Screen Page TRADCNY3, or if no such rate is available, on a non-deliverable basis by reference to Reuters Screen Page TRADNDF. If neither rate is available, the Calculation Agent shall determine the rate taking into consideration all available information which the Calculation Agent deems relevant, including pricing information obtained from the Renminbi non-deliverable exchange market in Hong Kong or elsewhere and the CNY/U.S. dollar exchange rate in the PRC domestic foreign exchange market.

4.9.4 CNY account

All payments in respect of any W&C Security in Renminbi will be made solely by credit to a Renminbi account maintained by the payee at a bank in Hong Kong or such other financial centre(s) as may be specified in the applicable Final Terms as CNY Settlement Centre(s) in accordance with applicable laws, rules, regulations and guidelines issued from time to time (including all applicable laws and regulations with respect to the settlement of Renminbi in Hong Kong or any relevant CNY Settlement Centre(s)).

5. EARLY CANCELLATION

5.1 Cancellation for Illegality

*This Condition 5.1 applies to W&C Securities which are subject to cancellation prior to the Settlement Date at the option of the Issuer upon an illegality as described below, such option being referred to as an **Illegality Cancellation**. The applicable Final Terms contains provisions applicable to any Illegality Cancellation and must be read in conjunction with this Condition 5.1 for full information on any Illegality Cancellation. In particular, the applicable Final Terms will identify the applicable notice periods.*

In the event that the Calculation Agent determines that the performance of the obligations of the Issuer under the W&C Securities or (in the case of Guaranteed W&C Securities) the obligations of the Guarantor under the Guarantee, or any arrangements made to hedge the Issuer's obligations under the W&C Securities, has or will become unlawful, illegal or otherwise prohibited in whole or in part as a result of compliance with any applicable present or future law, rule, regulation, judgement, order or directive of any governmental, administrative, legislative or judicial authority or power, or the interpretation thereof, the Issuer may, having given not less than the minimum period and not more than the maximum period of notice specified in the applicable Final Terms to the Securityholders in accordance with Condition 9 (which notice shall be irrevocable), on the expiry of such notice cancel all, but not some only, of the W&C Securities, each W&C Security being cancelled at the Early Cancellation Amount.

5.2 Regulatory Cancellation Event

*This Condition 5.2 applies to W&C Securities which are subject to cancellation prior to the Settlement Date at the option of the Issuer upon a regulatory event as described below, such option being referred to as a **Regulatory Cancellation**. The applicable Final Terms contains provisions applicable to any Regulatory Cancellation and must be read in conjunction with this Condition 5.2 for full information on any Regulatory Cancellation. In particular, the applicable Final Terms will identify the applicable notice periods.*

In the event that the Calculation Agent determines that a change (including a future change) in applicable law or regulation has occurred or will occur which results, or will result, by reason of the W&C Securities being outstanding, in the Issuer being required to be regulated by any additional jurisdiction or regulatory authority, or being subject to any additional legal requirement or regulation considered by the Issuer to be materially onerous to it, the Issuer having given not less than the minimum period and not more than the maximum period of notice specified in the applicable Final Terms to the Securityholders in accordance with Condition 9 (which notice shall be irrevocable) may, on the expiry of such notice cancel all, but not some only, of the W&C Securities, each W&C Security being cancelled at the Early Cancellation Amount. Payment shall be made in such manner as shall be notified to Securityholders in accordance with Condition 9.

As used herein:

Associated Costs means, in respect of a W&C Security, an amount equal to such W&C Security's *pro rata* share of the total amount of any and all Costs associated or incurred by the Issuer, any Affiliate and/or Hedging Party (as applicable) in connection with such early cancellation, including, without limitation, any Costs associated with unwinding, substituting, re-establishing, and/or incurring any funding relating to the W&C Securities and any Costs associated with unwinding, substituting, re-establishing, and/or incurring any hedge positions relating to the W&C Securities, all as determined by the Calculation Agent.

Early Cancellation Amount means, in respect of a W&C Security, the fair market value of such W&C Security (calculated, only in the case of an early cancellation following the occurrence of an Event of Default, without regard to the creditworthiness of the Issuer or the Guarantor (in the case of Guaranteed W&C Securities) at the relevant time) less any Associated Costs, as determined by the Calculation Agent in its discretion.

Hedging Party has the meaning given to it in Condition 8.2.1.2.

6. EVENT OF DEFAULT ON INSOLVENCY

If any one or more of the following events (each an **Event of Default**) shall have occurred and be continuing, namely:

- 6.1.1 a decree or order by a court having jurisdiction in the premises shall have been entered adjudging the Issuer or the Guarantor (in the case of Guaranteed W&C Securities) bankrupt or insolvent or approving as properly filed a petition seeking reorganisation of the Issuer or the Guarantor (in the case of Guaranteed W&C Securities) under any applicable bankruptcy, insolvency or reorganisation law of the jurisdiction of incorporation of the Issuer (the **Issuer's Jurisdiction**) or the jurisdiction of incorporation of the Guarantor (the **Guarantor's Jurisdiction**) (if applicable) and such decree or order shall have continued undischarged and unstayed for a period of 60 days; or a decree or order of a court having jurisdiction in the premises for the appointment of a receiver or liquidator or trustee or assignee in bankruptcy or insolvency of the Issuer or the Guarantor (in the case of Guaranteed W&C Securities) or of all or substantially all of the property of the Issuer or the Guarantor (in the case of Guaranteed W&C Securities) or for the winding-up or liquidation of the affairs of the Issuer or the Guarantor (in the case of Guaranteed W&C Securities) shall have been entered under any applicable bankruptcy, insolvency or reorganisation law of the Issuer's Jurisdiction or the Guarantor's Jurisdiction (if applicable) and such decree or order shall have continued undischarged and unstayed for a period of 60 days; or
- 6.1.2 the Issuer or the Guarantor (in the case of Guaranteed W&C Securities) shall institute proceedings to be adjudicated a voluntary bankrupt or shall consent to the filing of a bankruptcy proceeding against it or shall file a petition or answer or consent seeking moratorium of payments (in respect of the Issuer only), reorganisation or arrangement under the applicable bankruptcy or reorganisation law of the Issuer's Jurisdiction or the Guarantor's Jurisdiction (if applicable), or shall consent to the filing of any such petition, or shall consent to the appointment of a receiver or liquidator or trustee or assignee in bankruptcy or insolvency of it or of all or substantially all of its property, or shall make an assignment for the benefit of its creditors or shall make any composition with its creditors or shall admit in writing its inability to pay its debts generally as they become due, or corporate action shall be taken by the Issuer or the Guarantor (in the case of Guaranteed W&C Securities) in furtherance of any of the aforesaid purposes,

then any Securityholder may, by written notice to the Issuer and, in the case of Guaranteed W&C Securities, the Guarantor (with a copy to the Principal Agent for information purposes only), declare such W&C Security(ies) held by the holder to be forthwith due and payable, whereupon the same

shall become immediately due and payable at its Early Cancellation Amount (as defined in Condition 5), unless such Event of Default shall be cured prior to receipt of such written notice by the Issuer and, in the case of Guaranteed W&C Securities, the Guarantor.

7. PURCHASES

The Issuer, the Guarantor and any of their Affiliates, may, but is not obliged to, at any time purchase W&C Securities at any price in the open market or by tender or private treaty. Any W&C Securities so purchased may be held or resold or surrendered for cancellation; however, W&C Securities represented by a Rule 144A Global W&C Security so purchased may only be resold pursuant to Rule 144A.

8. AGENTS

8.1 Agents

The Issuer reserves the right at any time to vary or terminate the appointment of any Agent and to appoint further or additional Agents, provided that no termination of appointment of the Principal Agent shall become effective until a replacement Principal Agent shall have been appointed and provided that, so long as any of the W&C Securities are listed on a stock exchange, there shall be an Agent having a specified office in each location required by the rules and regulations of the relevant listing authority and, provided that, so long as any of the W&C Securities are represented by a Rule 144A Global W&C Security held through DTC, there shall be a New York Security Agent. Notice of any termination of appointment and of any changes in the specified office of any Agent will be given to Securityholders in accordance with Condition 9 provided that any failure to give, or non-receipt of, such notice will not affect the validity of any such termination or changes. In acting under the Agency Agreement, each Agent acts solely as agent of the Issuer and (in the case of Guaranteed W&C Securities) the Guarantor and does not assume any obligation or duty to, or any relationship of agency or trust for or with, the Securityholders and any Agent's determinations and calculations in respect of the W&C Securities shall (save in the case of manifest error) be final, conclusive and binding on the Issuer, the Guarantor (in the case of Guaranteed W&C Securities) and the Securityholders.

The Agency Agreement may be amended by the parties thereto, but without the consent of the Securityholders, for the purpose of curing any ambiguity or of curing, correcting or supplementing any defective provision contained therein or in any manner which the parties may mutually deem necessary or desirable and which shall not be materially prejudicial to the interests of the Securityholders.

8.2 Calculation Agent

8.2.1 Status of the Calculation Agent

8.2.1.1 *Determinations*

In relation to each issue of W&C Securities, the Calculation Agent (whether it be Nomura International plc or another entity) acts solely as agent of the Issuer and (in the case of Guaranteed W&C Securities) the Guarantor and does not assume any obligation or duty to, or any relationship of agency or trust for or with, the Securityholders. All calculations and determinations made in respect of the W&C Securities by the Calculation Agent shall (save in the case of manifest error) be final, conclusive and binding on the Issuer, the Guarantor (in the case of Guaranteed W&C Securities) and the Securityholders. The Calculation Agent may, with the consent of the Issuer, delegate any of its obligations and functions to a third party as it deems appropriate.

8.2.1.2 *Exercise of discretion*

In exercising its discretion under the Conditions, the Calculation Agent shall act in good faith and in a commercially reasonable manner. In doing so, the Calculation Agent may take into account such factors as it determines appropriate in each case, which may include in particular any circumstances or events which have or may have a material impact on the hedging arrangements entered into by the Issuer and/or a Hedging Party in respect of the W&C Securities. The exercise of the Calculation Agent's discretion under the Conditions are necessary because certain circumstances or events (for example but without limitation a material modification or disruption to the underlying asset or reference basis to which the W&C Securities are linked) may occur subsequent to the issuance of the W&C Securities which may materially affect the costs to the Issuer and/or a Hedging Party of maintaining the relevant W&C Securities or relevant hedging arrangements. Such circumstances or events may not have been reflected in the pricing of the W&C Securities. In addition, as a result of certain circumstances or events (for example but without limitation the unavailability or material disruption to any reference source) it may no longer be reasonably practicable or otherwise appropriate for certain valuations in respect of the underlying asset or otherwise in connection with the W&C Securities, and thus making it necessary for the Calculation Agent to exercise its discretion in such a case. As used herein, **Hedging Party** means the Issuer and/or any Affiliate and/or any other party which conducts hedging arrangements in respect of the Issuer's obligations under the W&C Securities from time to time. Such hedging arrangements may be carried out on a portfolio basis (i.e. where the hedging party maintains arrangements for hedging the Securities together with other obligations of the Issuer or its Affiliates). As used herein, **hedging arrangements** means the arrangements, if any, the Issuer makes to have available to it the relevant cash amounts or assets to be paid or delivered under the W&C Securities as these fall due. This may involve the Issuer and/or a Hedging Party investing directly in the underlying asset(s) or reference basis to which the W&C Securities are linked. Alternatively, the Issuer and/or a Hedging Party may make an indirect investment by entering into or acquiring a derivative contract referencing the underlying asset(s) or reference basis to which the W&C Securities are linked. The Issuer will select hedging arrangements which are efficient for it in the context of the tax, regulatory and business environment in which it operates. The Issuer and/or a Hedging Party may also adjust hedging arrangements from time to time but will not always be able to avoid adverse costs, taxes or regulatory changes which affect its hedging arrangements. For the avoidance of doubt, the Issuer is under no obligation to enter into any hedging arrangements.

8.2.1.3 *Determinations of amounts payable or deliverable*

The Calculation Agent will employ the methodology described in these Conditions and, in the case of Exempt W&C Securities, the applicable Pricing Supplement to determine amounts payable or deliverable in respect of the W&C Securities. When making any such determination in relation to any amounts so payable or deliverable, the Calculation Agent may in its sole and absolute discretion consider any relevant information, which may but is not required to include, without limitation, one or more of the following:

- (i) quotations (either firm or indicative) supplied by one or more third parties or information sources;

- (ii) information consisting of relevant market data in the relevant markets supplied by one or more third parties or information sources including, without limitation, relevant rates, prices, yields, yield curves, volatilities, spreads correlation or other relevant market data in the relevant market; or
- (iii) information of the types described in (i) or (ii) above from internal sources (including any Affiliates of the Calculation Agent) or other information of a type used by the Calculation Agent in the regular course of its business or in connection with similar transactions.

The Calculation Agent's determination in the application of such methodology or of any amount or of any state of affairs, circumstance, event or other matter, or the formation of any opinion or the exercise of any discretion required or permitted to be determined, formed or exercised by the Calculation Agent under the Securities shall be final, conclusive and binding on the Issuer, the Guarantor (as applicable) and the Securityholders except in the case of manifest error.

Whenever the Calculation Agent is required to make any determination it may, *inter alia*, decide issues of construction and legal interpretation. Any delay, deferral or forbearance by the Calculation Agent in the performance or exercise of any of its obligations or discretions under the Securities including, without limitation, the giving of any notice by it to any person, shall not affect the validity or binding nature of any later performance or exercise of such obligation or discretion.

8.2.1.4 *Modifications*

Without prejudice to the provisions of Conditions 8.2.1.2, 8.2.1.3 or 12 or any Technical Annex, the Calculation Agent shall be free to modify the methodology described in these Conditions from time to time as it, deems appropriate in response to any market, regulatory, juridical, fiscal or other circumstances which may arise which, in the opinion of the Calculation Agent, necessitates a modification or change of such methodology, or for the purposes of (i) curing any ambiguity or correcting or supplementing any provision of the Conditions, (ii) accounting for any change in the basis on which any relevant values, levels or information is calculated or provided which would materially change the commercial effect of any provision or provisions of the Conditions or (iii) replacing any information provider or source. Any modification made by the Calculation Agent pursuant to the Condition 8.2.1.4 shall be notified to Holders by the Calculation Agent in accordance with Condition 9 below.

8.2.1.5 *Disclaimer of liability*

The Calculation Agent makes no express or implied representations or warranties as to (a) the advisability of investing in or obtaining exposure to the W&C Securities, (b) the value of the W&C Securities at any particular time on any particular date, or (c) any amounts that may become payable or deliverable in respect of the W&C Securities. The Calculation Agent shall not act as agent or trustee for the Securityholders.

Without limiting any of the foregoing, in no event shall the Calculation Agent have any liability (whether in negligence or otherwise) to any Securityholders

for any direct, indirect, special, punitive, consequential or any other damages (including loss of profits) even if notified of the possibility of such damages.

8.2.2 Conflict of Interest

In addition to providing calculation agency services to the Issuer, the Calculation Agent or any of its Affiliates may perform further or alternative roles relating to the Issuer, the Guarantor and any series of W&C Securities including, but not limited to, for example, being involved in arrangements relating to any of the underlying reference assets or bases (for example as a calculation agent or, in the case of a proprietary index for example, as index sponsor). Furthermore, the Calculation Agent or any of its Affiliates may contract with the Issuer or the Guarantor (as applicable) and/or enter into transactions which relate to the Issuer, the Guarantor (as applicable), the W&C Securities or any of the underlying reference assets or bases and as a result the Calculation Agent may face a conflict between its obligations as Calculation Agent and its and/or its Affiliates' interests in other capacities. Subject to all regulatory obligations, none of the Issuer, the Guarantor (as applicable) or the Calculation Agent in respect of the W&C Securities shall owe any duty or responsibility to any Securityholder to avoid any conflict or to act in the interests of any Securityholder.

8.3 Determinations by the Issuer or the Guarantor

In exercising its discretion under the Conditions, the Issuer or (in the case of Guaranteed W&C Securities) the Guarantor shall act in good faith and in a commercially reasonable manner. The exercise of the Issuer's or the Guarantor's discretion, as applicable, under the Conditions are necessary because certain circumstances or events (e.g. material modification or disruption to the underlying asset or reference to which the W&C Securities are linked) may occur subsequent to the issuance of the W&C Securities which may materially affect the costs to the Issuer and/or a Hedging Party of maintaining the relevant W&C Securities or relevant hedging arrangements. Such circumstances or events may not have been reflected in the pricing of the W&C Securities. In addition, as a result of certain circumstances or events (e.g. unavailability or material disruption to any reference source), it may no longer be reasonably practicable or otherwise appropriate for certain valuations in respect of the underlying asset or otherwise in connection with the W&C Securities, and thus making it necessary for the Issuer or the Guarantor, as applicable, to exercise their discretion in such a case.

The Issuer's ability to perform its obligations under the W&C Securities may be hedged by the Issuer entering into certain hedging arrangements with a Hedging Party. In relation to the discretion of the Issuer in respect of the method of settlement under the Conditions, the exercise of any such discretion is necessary to enable the Issuer to settle the W&C Securities taking in to account its hedging arrangements. Certain events (e.g. failure by the Hedging Party to deliver the relevant underlying assets) beyond the control of the Issuer may occur and such events may materially increase the costs of the Issuer to perform its obligations under the W&C Securities.

Any determination made by the Issuer or the Guarantor, as applicable, pursuant to the Conditions shall (save in the case of manifest error) be final, conclusive and binding on the Issuer, the Guarantor (if any) and the Securityholders.

9. NOTICES

All notices regarding the W&C Securities will be deemed to be validly given if sent by first class mail or (if posted to an address overseas) by airmail to the holders (or the first named of joint holders) at their respective addresses recorded in the Register and will be deemed to have been given on the fourth day after mailing. The Issuer shall also ensure that notices are duly published in a

manner which complies with the rules of any stock exchange or other relevant authority on which the W&C Securities are for the time being listed or by which they have been admitted to trading.

Until such time as any definitive W&C Securities are issued, there may, so long as any Global W&C Securities representing the W&C Securities are held in their entirety on behalf of Euroclear and/or Clearstream, Luxembourg and/or DTC, be substituted for such mailing the delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg and/or DTC for communication by them to the holders of the W&C Securities. Any such notice shall be deemed to have been given to the holders of the W&C Securities on the second day after the day on which the said notice was given to Euroclear and/or Clearstream, Luxembourg and/or DTC.

Notices to be given by any Securityholder shall be in writing and given by lodging the same, together (in the case of any W&C Security in definitive form) with the relative W&C Security or W&C Securities, with the Principal Agent, New York Security Agent or any person appointed by them to maintain the relevant register of holders of such Series of W&C Securities. Whilst any of the W&C Securities are represented by a Global W&C Security, such notice may be given by any holder of a W&C Security to the Principal Agent or the New York Security Agent through Euroclear and/or Clearstream, Luxembourg and/or DTC, as the case may be, in such manner as the Principal Agent, the New York Security Agent and Euroclear and/or Clearstream, Luxembourg and/or DTC, as the case may be, may approve for this purpose.

10. EXPENSES AND TAXATION

A holder of W&C Securities must pay all Exercise Expenses relating to such W&C Securities as provided in Condition 4.1 above.

Neither the Issuer nor (in the case of Guaranteed W&C Securities) the Guarantor shall be liable for or otherwise obliged to pay any tax, duty, withholding or other payment (including any stamp or transfer tax) and any withholding or deduction required pursuant to Section 871(m) of the Code and any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto, which may arise as a result of the ownership, transfer, exercise or enforcement of any W&C Security by any person and all payments made by the Issuer or (in the case of Guaranteed W&C Securities) the Guarantor shall be made subject to any such tax, duty, withholding, deduction or other payment which may be required to be made, paid, withheld or deducted.

11. FURTHER ISSUES

The Issuer shall be at liberty from time to time without the consent of Securityholders to create and issue further W&C Securities having terms and conditions the same as the W&C Securities or the same in all respects save for the issue price, as the case may be, and the issue date thereof and so as to be consolidated with and form a single Series with the outstanding W&C Securities.

12. MEETINGS OF SECURITYHOLDERS AND MODIFICATIONS

The Agency Agreement contains provisions for convening meetings of the Securityholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the W&C Securities or any of the provisions of the Agency Agreement. Such a meeting may be convened by the Issuer or (in respect of Guaranteed W&C Securities) the Guarantor and shall be convened by the Issuer if required in writing by the Securityholders holding not less than 10 per cent. (by number) of the W&C Securities for the time being remaining unexercised. The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons present and holding or representing a clear majority (by number) of the W&C Securities for the time being

outstanding, or at any adjourned meeting one or more persons present whatever the number of the W&C Securities so held or represented by them, except that at any meeting the business of which includes the modification of certain provisions of the Conditions of the W&C Securities (including modifying any Exercise Date, reducing or cancelling the Cash Settlement Amount or the Entitlement or altering the Settlement Currency), the quorum shall be one or more persons present and holding or representing not less than two-thirds (by number) of the W&C Securities of the time being outstanding, or at any adjourned such meeting one or more persons present and holding or representing not less than one-third (by number) of the W&C Securities for the time being outstanding. The Agency Agreement provides that (i) a resolution passed at a meeting duly convened and held in accordance with the Agency Agreement by a majority consisting of not less than three-fourths of the votes cast on such resolution, (ii) a resolution in writing signed by or on behalf of the holders of not less than three-fourths in number of the W&C Securities for the time being outstanding or (iii) consent given by way of electronic consents through the relevant clearing system(s) (in a form satisfactory to the Principal Agent) by or on behalf of the holders of not less than three-fourths in number of the W&C Securities for the time being outstanding, shall, in each case, be effective as an Extraordinary Resolution of the Securityholders. An Extraordinary Resolution passed at any meeting of the Securityholders shall be binding on all Securityholders, whether or not they are present at the meeting. For the purposes of the provisions for convening meetings of the Securityholders, any W&C Securities which are for the time being held by or for the benefit of the Issuer or (in the case of Guaranteed W&C Securities) the Guarantor or any of their Affiliates shall (unless and until ceasing to be so held) be deemed not to remain outstanding.

The Issuer, without the consent of the Securityholders, may modify the Conditions in any manner which the Issuer may deem necessary or desirable provided that such modification (i) is not, in the sole opinion of the Issuer, materially prejudicial to the interests of the Securityholders or (ii) is of a formal, minor or technical nature or is made to correct a manifest or proven error or to comply with mandatory provisions of the law. Any such modification shall be binding on the Securityholders and any such modification shall be notified to the Securityholders in accordance with Condition 9 as soon as practicable thereafter, provided that failure to give, or non-receipt of, such notice will not affect the validity of any such modification.

13. SUBSTITUTION

13.1 Substitution of the Issuer

13.1.1 *Conditions precedent to Substitution of the Issuer*

The Issuer may, without the consent of the Securityholders, be replaced and substituted by the Substituted Obligor (as defined below) in respect of the W&C Securities provided that:

- 13.1.1.1 a deed poll (the **Deed Poll**) and/or such other documents (if any) shall be executed by the Substituted Obligor and the Guarantor (in the case of Guaranteed W&C Securities) as may be necessary to give full effect to the substitution (together with the Deed Poll, the **Documents**) and (without limiting the generality of the foregoing) pursuant to which the Substituted Obligor shall undertake in favour of each Securityholder to be bound by these Conditions (as amended in the manner provided in paragraph 13.1.2 below) and the provisions of the Agency Agreement and the Deed of Covenant as fully as if the Substituted Obligor had been named in the W&C Securities, the Agency Agreement and the Deed of Covenant as the principal obligor in respect of the W&C Securities in place of the Issuer (or any previous Substituted Obligor) and pursuant to which the Guarantor (in the case of Guaranteed W&C Securities) shall unconditionally and irrevocably guarantee in favour of each Securityholder the payment of all sums payable by and/or delivery obligations in respect of

such Guaranteed W&C Securities of the Substituted Obligor as such principal debtor;

13.1.1.2 the Documents shall contain a warranty and representation by:

(1) the Substituted Obligor:

(A) that it has obtained all necessary corporate, governmental and regulatory approvals and consents for such substitution and for the performance by it of its obligations under the Documents and that all such approvals and consents are in full force and effect; and

(B) that the obligations assumed by it under the Documents are all legal, valid and binding in accordance with their respective terms; and

(2) the Guarantor (in the case of Guaranteed W&C Securities):

(A) that the Guarantor has obtained all necessary corporate, governmental and regulatory approvals and consents for the giving of such guarantee and the performance by the Guarantor of its obligations under the Documents and that all such approvals and consents are in full force and effect; and

(B) that the obligations assumed by the Guarantor under the Documents and the guarantee are all legal, valid and binding in accordance with their respective terms;

13.1.1.3 each (if any) stock exchange, competent listing authority and/or quotation system which has the W&C Securities listed thereon shall have confirmed that following the proposed substitution of the Substituted Obligor the W&C Securities would continue to be listed, quoted and/or traded on such stock exchange, competent listing authority and/or quotation system;

13.1.1.4 the Issuer and the Substituted Obligor, as the case may be, shall have delivered to the Principal Agent for its safekeeping or procured the delivery to the Principal Agent for its safekeeping of a legal opinion from a reputable firm of lawyers in England and Wales acting for the Issuer, to the effect that the Documents constitute legal, valid and binding obligations of the Issuer and the Substituted Obligor under English law, such opinion to be dated not more than seven days prior to the date of substitution of the Substituted Obligor for the Issuer and to be available for inspection by Securityholders at the specified office of the Principal Agent;

The applicable Final Terms also contains provisions applicable to Equity Delta One W&C Securities, including the determination of the Cash Settlement Amount thereof, and must be read in conjunction with this Condition 18.3 for full information on Equity Delta One W&C Securities. In particular, the applicable Final Terms will identify the Additional Disruption Events, the Disruption Cut-Off Date, the Equity Currency, the Exchange(s), Exchange Business Days, the Final Valuation Date, the Related Exchange, the Share, Scheduled Trading Days, the Valuation Date and the Valuation Time and whether Options Exchange Adjustment and Share Substitution apply.

- (a) Each Equity Delta One W&C Security entitles its holder in respect of an Actual Exercise Date, upon due exercise, to receive from the Issuer on the Settlement Date a Cash Settlement Amount calculated by the Calculation Agent (which shall not be less than zero) equal to:

$$[V_F \times \text{Exchange Rate}] - C$$

The Cash Settlement Amount will be rounded to the nearest two decimal places (or, in the case of Japanese Yen, the nearest whole unit) in the relevant Specified Currency, 0.005 (or, in the case of Japanese Yen, half a unit) being rounded upwards, with W&C Securities exercised at the same time by the same Securityholder being aggregated for the purpose of determining the aggregate Cash Settlement Amounts payable in respect of such W&C Securities.

Where:

V_F means the Final Price.

C means the Specified Currency equivalent of the Costs as determined by the Calculation Agent using such foreign exchange rate as the Calculation Agent deems appropriate with respect to the relevant time(s) the Costs arise or may arise.

Costs means, in respect of a W&C Security, such W&C Security's *pro rata* share of the total amount of any commissions, costs, expenses, duties, taxes (including but not limited to any capital gains tax or withholding tax), levies, registration fees, custodial fees or other charges which may be required to be made, paid, withheld or deducted by the Issuer and/or any of its Affiliates and/or any of their respective nominees as a result of, or in connection with, the Issuer and/or any of its Affiliates and/or any of their respective nominees (a) being a direct holder of any Hedging Shares and/or selling and/or realising any Hedging Shares and/or (b) unwinding any Hedge Position.

Exchange Rate means (i) the rate of exchange between the Equity Currency and the Specified Currency (expressed as a number of units of the Specified Currency for which a unit of the Equity Currency can be exchanged) determined at or around the Final Valuation Date which the Calculation Agent determines appropriate in its sole discretion or (ii) where the Equity Currency is the same as the Specified Currency, one.

Hedge Position means any Product that the Issuer and/or any of its Affiliates and/or any of their respective nominees (a) enters into as a result of being the direct holder of the Hedging Shares and/or selling and/or realising the Hedging Shares, or (b) would have entered into if they were to fully hedge the market, equity or other price risk of the Issuer entering into and performing its obligations with respect to the W&C Securities, using such Products as may be determined by the Calculation Agent.

Product means an exchange traded fund, share, an instrument representing such exchange traded fund or share (including, without limitation, participation notes), futures contracts or exchange-traded options commonly used to hedge the issuance or sale of a security that is linked to the Hedging Shares.

Valuation Date means the Final Valuation Date.

(b) **Cash Dividends**

- (i) Following the declaration by a Share Issuer of a cash dividend (other than any Extraordinary Dividend) (each a **Cash Dividend**) in respect of which the In-dividend Date (as defined below) falls in the period from and including the Trade Date to but excluding the originally scheduled Final Valuation Date without regard to any Scheduled Trading Day or Disrupted Day adjustment (the **Dividend Period**), the Issuer will pay a Coupon Amount in respect of each Security on the related Coupon Payment Date (as defined below). Each such **Coupon Amount** will equal the amount of such Cash Dividend declared in relation to one Share (less (a) all withholding taxes, if any, including, but without limitation, those that would have been withheld in relation to the payment of such cash dividend to a foreign investor and (b) any other expenses or deductions which would apply to or be made in relation to the payment of such cash dividend to a foreign investor all determined in the Equity Currency and on a per Share basis, *multiplied by* the Dividend Exchange Rate as defined below).

Dividend Exchange Rate means, in relation to a Cash Dividend, (i) the rate of exchange between the Equity Currency and the Specified Currency (expressed as a number of units of the Specified Currency for which a unit of the Equity Currency can be exchanged) at or around the Dividend Receipt Date, as determined by the Calculation Agent or, (ii) where the Equity Currency is the same as the Specified Currency, one.

Dividend Receipt Date means the date upon which a holder of Shares entitled to the relevant Cash Dividend would have received such Cash Dividend according to prevailing market practice, as determined by the Calculation Agent.

In-dividend Date means, in relation to a Cash Dividend, the final date upon which a purchaser of Shares on the Exchange would, according to prevailing market practice, be entitled to receive the Cash Dividend.

- (ii) Coupon Amounts (if any) will only be payable on the Securities in the circumstances set out in paragraph (i) above and subject to the provisions of paragraphs (iii) and (iv) and will be deemed only to have accrued on the Securities as of the relevant Coupon Payment Date. No interest will accrue or be payable in any other circumstance.
- (iii) In the event any Coupon Payment Date would fall after the Maturity Date the Issuer will give notice to the Securityholders of procedures for payment of such Coupon Amount(s) which may be made outside of DTC or Euroclear and Clearstream, Luxembourg and may require Securityholders as of a record date selected by the Issuer in its sole discretion to provide a notice to the Issuer giving all necessary details required by the Issuer in its sole discretion to make such payments.
- (iv) Following any Cash Dividend declaration, the Calculation Agent shall as soon as is reasonably practicable under the circumstances procure that the Issuer will give notice to the Securityholders in accordance with N&C Securities Condition 16 stating the occurrence of the Cash Dividend, giving details thereof and setting out the method and anticipated date of the related Coupon Payment Date provided that any failure to give, or non-receipt of, such notice will not affect the validity of any

such Coupon Amount payment and the Calculation Agent will determine the basis on which the Coupon Amount will be paid.

Coupon Payment Date means the date that is three (3) Business Days following the relevant Dividend Receipt Date.

(c) **Potential Adjustment Events**

Equity Linked Condition 2 (*Consequences of Potential Adjustment Events*) will be deemed deleted and replaced by the following:

"2. Consequences of Potential Adjustment Events

2.1 Following the declaration by a Share Issuer of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the relevant Shares and, if so, then:

- (i) if concentrative, Terms Adjustment (as specified below) will apply, and
- (ii) if dilutive, the Calculation Agent will determine in its discretion whether Terms Adjustment or Security Distribution Adjustment (as specified below) applies.

2.2 If the Calculation Agent determines that **Terms Adjustment** applies, then the Calculation Agent will make the appropriate adjustment(s), if any, to one or more of any variable(s) relevant to the exercise, settlement, payment or other terms of the Securities as the Calculation Agent determines appropriate to account for the Potential Adjustment Event and determine the effective date(s) of that adjustment(s) (which may include but shall not be limited to adjustment(s) to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relative to the relevant Share). The Calculation Agent may (but need not) determine the appropriate adjustment(s) by reference to the adjustment(s) in respect of the Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange.

2.3 If the Calculation Agent determines that **Security Distribution Adjustment** applies, then the Calculation Agent will determine the basis on which additional Securities will be made available to Securityholders to account for the diluting effect of the relevant Potential Adjustment Event (which may include, without limitation, determining one or more of the matters referred to in paragraph 2.5 below).

2.4 Following any Terms Adjustment or Security Distribution Adjustment, the Calculation Agent shall as soon as is reasonably practicable under the circumstances give notice to the Securityholders in accordance with W&C Securities Condition 9 stating details of any Terms Adjustment or Security Distribution Adjustment and giving brief details of the Potential Adjustment Event, provided that any failure to give, or non-receipt of, such notice will not affect the validity of any such adjustment.

2.5 A Security Distribution Adjustment may (but is not required to) be made on the basis of one or more of the following, all as determined by the Calculation Agent. In each case the Security Distribution Adjustment may be made on different terms and different dates than the relevant event to which the Potential Adjustment Event relates:

- (i) the date (the **Record Date**) upon which each Securityholder will become entitled to additional Securities and the date (the **Distribution Settlement Date**) on or prior to which delivery of any additional Securities and any related cash amounts (whether payable by Securityholders or the Issuer) are to be effected;
- (ii) the aggregate number of additional Securities to be delivered to the relevant Clearing Systems or otherwise made available for the account of Securityholders;
- (iii) arrangements for payment by Securityholders or deduction by the Issuer of any amounts on account of taxes, duties and/or expenses, including any applicable depository charges, transaction charges, stamp duty, stamp duty reserve tax, issue, registration, securities transfer and/or other taxes or duties, as may be relevant, arising in connection with the delivery of such additional Securities (which may include the Issuer reducing the number of additional Securities to be delivered and/or requiring such amounts to be paid by Securityholders as a precondition to receiving additional Securities);
- (iv) whether entitlement to additional Securities is to be made on the basis of the aggregate number of Securities held by a Securityholder or on a per Security basis and whether, in respect of any holding(s) of Securities by the Issuer and/or any of its Affiliates, any such party(ies) is to waive its entitlement to receive any additional Securities in respect of any such holding(s); and
- (v) whether, in order to reflect the relevant Potential Adjustment Event and any terms to which holders of the Shares are subject, Securityholders will be required to pay any subscription price or other amount in order to obtain the additional Securities and/or the time period during which the offer of additional Securities will remain open.

2.6 For the avoidance of doubt, if Security Distribution Adjustment applies, the Issuer may rely on W&C Securities Condition 11 for the purposes of issuing additional Securities for delivery."

USE OF PROCEEDS OF THE W&C SECURITIES

The following section applies to both Exempt Securities and Non-Exempt Securities.

The Issuer intends to use the net proceeds from each issue of W&C Securities for its general corporate purposes, which include making a profit. This shall include the general corporate purposes of NHI and its consolidated subsidiaries (the Nomura Group), as further described in the Description of the Guarantor section below. A substantial portion of the proceeds from the issue of W&C Securities may be used to hedge market risk with respect to such W&C Securities. If in respect of any particular issue of W&C Securities, there is a particular identified use of proceeds, this will be stated in the applicable Final Terms.

1. Consequences of Disrupted Days

If, in respect of any Index, the Calculation Agent determines that any Valuation Date or Averaging Date is a Disrupted Day, then

1.1 Single Index Valuation Dates:

in the case of Index Linked Securities relating to a single Index, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to such Index, provided that (A) such day shall not be later than the Disruption Cut-Off Date, notwithstanding that such day may be a Disrupted Day in respect of such Index and (B) in this case the Calculation Agent shall determine the level of that Index as of the Valuation Time on the Disruption Cut-Off Date in accordance with the formula for and method of calculating that Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price or such other level or value as the Calculation Agent determines to be appropriate as of the Valuation Time on the Disruption Cut-Off Date of each relevant Component Asset (or, if an event giving rise to a Disrupted Day has occurred or is continuing in respect of the relevant Component Asset on the Disruption Cut-

Off Date, its good faith estimate of the value for the relevant Component Asset as of the Valuation Time on the Disruption Cut-Off Date).

1.2 Index Basket/Mixed Basket Valuation Dates:

in the case of Index Linked Securities relating to an Index Basket or a Mixed Basket, the Valuation Date for each Index not affected by the occurrence of a Disrupted Day shall be the scheduled Valuation Date and the Valuation Date for each Index affected by the occurrence of a Disrupted Day (for the purposes of this Index Linked Condition 1.2, each an **Affected Index**) shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the Affected Index, provided that (A) such day shall not be later than the Disruption Cut-Off Date, notwithstanding that such day is a Disrupted Day in respect of the Affected Index and (B) in this case the Calculation Agent shall determine the level of the Affected Index as of the Valuation Time on the Disruption Cut-Off Date in accordance with the formula for and method of calculating the Affected Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price or such other level or value as the Calculation Agent determines to be appropriate as of the Valuation Time on the Disruption Cut-Off Date of each relevant Component Asset (or, if an event giving rise to a Disrupted Day has occurred or is continuing in respect of the relevant Component Asset on the Disruption Cut-Off Date, its good faith estimate of the value for the relevant Component Asset as of the Valuation Time on the Disruption Cut-Off Date).

1.3 Single Index Averaging Dates:

where the Securities are related to a single Index or are related to an Index Basket or a Mixed Basket and "Scheduled Trading Day (Per Index Basis)" is specified as applicable in the applicable Final Terms and the Calculation Agent determines that any Averaging Date is a Disrupted Day in respect of any Index, and in the relevant Final Terms the consequence specified is:

(a) Omission,

then such date will be deemed not to be an Averaging Date for the purposes of determining the relevant level or value provided that, if through the operation of this provision no Averaging Date would occur, then the provisions of Index Linked Condition 1.1 above (*Consequences of Disrupted Days – Single Index Valuation Dates*) will apply for purposes of determining the relevant level or value on the final Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day;

(b) Postponement,

then the provisions of Index Linked Condition 1.1 above (*Consequences of Disrupted Days – Single Index Valuation Dates*) will apply for the purposes of determining the relevant level or value on that Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date; or

(c) Modified Postponement,

then the Averaging Date shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the Valuation Time on the Disruption Cut-Off Date, then

- (i) that Disruption Cut-Off Date shall be deemed to be the Averaging Date (irrespective of whether the Disruption Cut-Off Date is already or is deemed to be an Averaging Date), and
- (ii) the Calculation Agent shall determine the level or value of the Index as of the Valuation Time on the Disruption Cut-Off Date in accordance with Index Linked Condition 1.1 above

(*Consequences of Disrupted Days – Single Index Valuation Dates*) above and such determination by the Calculation Agent shall be deemed to be the relevant level or value for such Index in respect of the relevant Averaging Date.

If the Calculation Agent determines that any Averaging Date in respect of Indices to which this Index Linked Condition 1.3 relates is a Disrupted Date and, if in the Final Terms no consequence is specified, then "Modified Postponement" will apply.

1.4 Index Basket/Mixed Basket Averaging Dates:

Where the Securities are related to an Index Basket or a Mixed Basket and "Scheduled Trading Date (All Indices Basis)" is specified as applicable in the applicable Final Terms and the Calculation Agent determines that any Averaging Date is a Disrupted Day, and in the relevant Final Terms the consequence specified is:

(a) Omission,

then the Averaging Date will be deemed not to be an Averaging Date, provided that, if through the operation of this provision there would be no Averaging Date, then

(i) the sole Averaging Date for each Index which the Calculation Agent determines is not affected by the occurrence of a Disrupted Day shall be the originally designated final Averaging Date (the **Scheduled Final Averaging Date**); and

(ii) the sole Averaging Date for each Index which the Calculation Agent determines is affected by the occurrence of a Disrupted Day (each an **Affected Index**) shall be the first Scheduled Trading Day following the Scheduled Final Averaging Date that is not a Disrupted Day relating to the Affected Index unless each of the Scheduled Trading Days immediately following the Scheduled Final Averaging Date which (but for the occurrence of the Disrupted Day) would have been the Averaging Date, until and including the Disruption Cut-Off Date, is a Disrupted Day relating to the Affected Index. In that case,

(A) that Disruption Cut-Off Date shall be deemed to be the sole Averaging Date in respect of the Affected Index, notwithstanding the fact that such day is a Disrupted Day; and

(B) the Calculation Agent shall determine the relevant level or value of the Affected Index as of the Valuation Time on the Disruption Cut-Off Date in accordance with Index Linked Condition 1.2 above (*Consequences of Disrupted Days – Index Basket/Mixed Basket Valuation Dates*) above and such determination by the Calculation Agent shall be deemed to be the relevant level or value for such Index in respect of the sole Averaging Date;

(b) Postponement, then

(i) the Averaging Date for each Index which the Calculation Agent determines is not affected by the occurrence of a Disrupted Day shall be the originally designated Averaging Date (the **Scheduled Averaging Date**); and

(ii) the Averaging Date for each Index which the Calculation Agent determines is affected by the occurrence of a Disrupted Day (each an **Affected Index**) shall be the first succeeding Scheduled Trading Day following the Scheduled Averaging Date that is not a Disrupted Day relating to the Affected Index (irrespective of whether that deferred Averaging Date is or is deemed to be an Averaging Date) unless the Calculation Agent determines that each of the

consecutive Scheduled Trading Days, until and including the Disruption Cut-Off Date, is a Disrupted Day relating to the Affected Index. In that case

- (A) that Disruption Cut-Off Date shall be deemed to be such Averaging Date in respect of the Affected Index (irrespective of whether the Disruption Cut-Off Date is already or is deemed to be an Averaging Date); and
 - (B) the Calculation Agent shall determine the relevant level or value of the Affected Index as of the Valuation Time on the Disruption Cut-Off Date in accordance with Index Linked Condition 1.2 above (Consequences of Disrupted Days – Index Basket/Mixed Basket Valuation Dates) above and such determination by the Calculation Agent shall be deemed to be the relevant level or value for such Index in respect of the relevant Averaging Date; or
- (c) Modified Postponement, then
- (i) the Averaging Date for each Index which the Calculation Agent determines is not affected by the occurrence of a Disrupted Day shall be the originally designated Averaging Date (the **Scheduled Averaging Date**); and
 - (ii) the Averaging Date for each Index which the Calculation Agent determines is affected by the occurrence of a Disrupted Day (each an **Affected Index**) shall be the first succeeding Valid Date in relation to the Affected Index. If the first succeeding Valid Date in respect of the Affected Index has not occurred as of the Valuation Time on the Disruption Cut-Off Date, then:
 - (A) that Disruption Cut-Off Date shall be deemed to be the Averaging Date in respect of the Affected Index (irrespective of whether the Disruption Cut-Off Date is already or is deemed to be an Averaging Date); and
 - (B) the Calculation Agent shall determine the relevant level or value of the Affected Index as of the Valuation Time on the Disruption Cut-Off Date in accordance with Index Linked Condition 1.2 (*Consequences of Disrupted Days – Index Basket/Mixed Basket Valuation Dates*) above and such determination by the Calculation Agent shall be deemed to be the relevant level in respect of the relevant Averaging Date.

If the Calculation Agent determines that any Averaging Date is a Disrupted Day and, if in the Final Terms no consequence is specified, then "Modified Postponement" will apply.

1.5 Notice

The Calculation Agent shall give notice as soon as practicable to the Securityholders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable, of the occurrence of a Disrupted Day on any day on which any Index valuation or obligation is scheduled to occur, provided that any failure to give, or non-receipt of such notice will not affect the validity of such Disrupted Day.

2. Adjustments to an Index

- (a) *Successor Index*

If a relevant Index is not calculated and announced by the relevant Index Sponsor but is calculated and announced by a successor sponsor acceptable to the Calculation Agent, or (ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index, then in each case that index (the **Successor Index**) will be deemed to be the relevant Index.

The Calculation Agent may make such adjustment(s) that it determines appropriate, if any, to any variable, calculation methodology, valuation, settlement, payment terms or any other terms of the Securities to account for that Successor Index.

(b) *Index Adjustment Event*

If (i) on or prior to any date on which any Index valuation or obligation is scheduled to occur, a relevant Index Sponsor announces that it will make a material change in the formula for or the method of calculating a relevant Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain the relevant Index in the event of changes in constituent stock and capitalisation and other routine events) (an **Index Modification**) or permanently cancels the relevant Index and no Successor Index exists (an **Index Cancellation**) or (ii) on any relevant date on which any Index valuation or obligation is scheduled to occur, an Index Sponsor fails to calculate and announce the relevant Index (an **Index Disruption** (provided that the Calculation Agent may, in its discretion, determine that such event instead results in the occurrence of a Disrupted Day) and, together with an Index Modification and an Index Cancellation, each, an **Index Adjustment Event**), then the Issuer may take the action described in (A), (B), (C) or (D) below as it determines appropriate:

- (A) require the Calculation Agent to determine if such Index Adjustment Event has a material effect on the Securities and, if so, require the Calculation Agent to determine any relevant adjustment to the Conditions which may include, without limitation, (i) delaying any Valuation Date, Averaging Date or any other date for Index valuation or observation until the relevant Index Adjustment Event no longer exists or (ii) determining the relevant level or value using, in lieu of a published level or value for the relevant Index, the level or value for that Index as at the relevant time as determined by the Calculation Agent in accordance with the formula for and method of calculating the relevant Index last in effect prior to the change, failure or cancellation, but using only those securities (or assets or other reference bases or Index components) that comprised that Index immediately prior to that Index Adjustment Event or (iii) in the case of an Index Basket or Mixed Basket, removing the affected Index from the Index Basket or Mixed Basket and making such adjustment to the Securities as it determines appropriate (which may, without limitation, include adjusting any value or weighting of the remaining Indices) in order to account for the level or value of the affected Index at the time of its removal as well as the cost to the Issuer and/or any Affiliate of adjusting any associated hedging arrangements (this may mean that the economic benefit of the Securities for the Holder is reduced or that the removal of the Index has a material adverse effect on the Securities);
- (B) replace any Index that is affected by an Index Adjustment Event with one or more successor indices (in each case any such replacement being a **Replacement Index**) (and as appropriate replace the Index Sponsor with the index sponsor in respect of the Replacement Index and make such adjustments to any other Conditions as the Calculation Agent considers relevant to account for such replacement in accordance with Index Linked Condition 2(c) below), whereupon the Replacement Index(ices) will be deemed to be the successor(s) to the relevant Index and will take effect from the date of such replacement, provided however that the selection of a Replacement Index will be made by the Calculation Agent in accordance with the Index Replacement Criteria (as set out in the applicable Final Terms), if any, or, in the event that no Index Replacement Criteria are set out in the applicable Final Terms, the

Calculation Agent will use its reasonable endeavours to ensure that, as far as reasonably practical, each Replacement Index shall (a) be representative of substantially the same asset class(es) as the affected Index and (b) where such asset class is equities, relate to underlying equity securities which are (i) from substantially the same region(s) or sector(s) (depending on whether the affected Index is a regional or sectorial index, as determined by the Calculation Agent) and (ii) (where all the equity securities underlying the affected Index are quoted on a non-European exchange or quotation system) quoted on an exchange(s) or quotation system(s) in the same region(s) as the equity securities underlying the affected Index, or (where all the equity securities underlying the affected Index are quoted on a European exchange or quotation system) quoted on an exchange(s) or quotation system(s) in any European states(s) and in each case where such exchange(s) or quotation system(s) have similar liquidity to the exchange(s) or quotation system(s) on which the equity securities underlying the affected Index are quoted, all as determined by the Calculation Agent, in each case at the time of replacement. Thereafter, all references to the relevant Index or Index Sponsor (as applicable) shall be deemed to be references to such relevant replacements;

- (C) in the case of an Index Basket or a Mixed Basket, and in respect of all but not some only of the Securities outstanding, redeem or cancel, as applicable, such portion (the **Relevant Portion**) of the nominal amount or amount of each Security then outstanding as corresponds to the then value or level of the Index or Indices that is or are affected by an Index Adjustment Event as a proportion of the total value or level of the Basket (in the determination of the Calculation Agent), in each case by payment of an amount equal to the product of (i) the Relevant Portion and (ii) the Early Redemption Amount or Early Cancellation Amount, as applicable, which the Calculation Agent determines would then apply (determined as if (D) below applied). Payment of any amounts in respect of such partial redemption or cancellation, as applicable, will be made in such manner as shall be notified to the Securityholders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable, and, for the avoidance of doubt, this provision (C) may apply to the Securities on more than one occasion and the remaining portion of the Securities shall in each case thereafter remain outstanding and the Calculation Agent may make such adjustments to the Conditions as it determines appropriate to reflect such partial redemption or cancellation; or
- (D) give notice to the Securityholders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable, and redeem or cancel all, but not some only, of the Securities, each N&C Security being redeemed at the Early Redemption Amount and each W&C Security being cancelled at the Early Cancellation Amount. Payment in respect of such early redemption or cancellation shall be made as specified in such notice to Securityholders.
- (c) *Valuation of Replacement Indices*

For the purposes of any adjustments to account for a replacement as referred to in Index Linked Condition 2(b)(B) above, the Calculation Agent shall adjust the Strike Level or such values, levels, variables or terms for the valuation or observation of the Replacement Index in the terms of the Securities in order to account for the price or value of the affected Index at the time of its replacement as well as the cost to the Issuer and/or any Affiliate of adjusting any associated hedging arrangements. This may mean that the economic benefit, if any, of the replacement for the Holder is reduced or that the replacement has a material adverse effect on the Securities. For example, and without limitation, the relevant level or value of the Replacement Index may be adjusted by the same proportion as any fall in value of the affected Index at the time of the replacement relative to the Trade Date and may be further reduced to account for the cost to the Issuer and/or any Affiliate of adjusting any associated hedging arrangements.

3. **Correction to an Index**

If the level or value of an Index published on any Valuation Date, Averaging Date or any other date for Index valuation or observation, as the case may be, by the Index Sponsor and which is utilised for any calculation or determination made for the purposes of the Securities (a **Relevant Calculation**) is subsequently corrected and the correction (the **Corrected Index Level**) published by the Index Sponsor no later than two Business Days prior to the date of payment or delivery of any amount calculated by reference to the Relevant Calculation then the Calculation Agent may, but shall not be required to, treat such Corrected Index Level as the relevant level or value for such index on such Valuation Date, Averaging Date or other relevant date, as the case may be, and the Calculation Agent shall use such Corrected Index Level in determining the Relevant Calculation.

4. **Additional Disruption Events**

In the event that an Additional Disruption Event occurs as determined by the Calculation Agent, then the Calculation Agent shall either (a) (i) make such adjustment to the exercise, settlement, payment or any other terms of the Securities as the Calculation Agent determines appropriate to account for such Additional Disruption Event and (ii) determine the effective date of that adjustment, or (b) if the Calculation Agent determines that no adjustment that it could make under (a) will produce a commercially reasonable result, notify the Issuer thereof in which event the Issuer may redeem or cancel all but not some only of the Securities as of such date as the Calculation Agent shall determine by notice given to the Securityholders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable, each N&C Security being redeemed at the Early Redemption Amount and each W&C Security being cancelled at the Early Cancellation Amount. Payment in respect of such early redemption or cancellation shall be made as specified in such notice to Securityholders.

5. **Definitions**

As used herein:

Additional Disruption Event means any of Change in Law, Hedging Disruption and/or Increased Cost of Hedging, in each case if specified in the applicable Final Terms.

Averaging Date means each date specified as an Averaging Date in the applicable Final Terms or, if any such date is not a Scheduled Trading Day, the immediately following Scheduled Trading Day unless, in the opinion of the Calculation Agent any such day is a Disrupted Day. If any such day is a Disrupted Day then the provisions of Index Linked Condition 1 (*Consequences of Disrupted Days*) shall apply.

Trigger Event Valuation Time means the time or period of time on any Trigger Event Observation Date specified as such in the applicable Final Terms and for the purposes of Index Linked Condition 1 (*Consequences of Disrupted Days*) each such time shall be treated as a Valuation Time.

Trigger Level means, in relation to an Index, an amount equal to the product of (i) the relevant Trigger Percentage and (ii) the Strike Level of such Index.

Trigger Percentage means, in relation to an Index, the percentage specified as such in the applicable Final Terms.

9. **Mandatory Early Termination**

Unless the Securities have been previously redeemed, exercised, terminated or cancelled, if on any Mandatory Early Termination Valuation Date a Mandatory Early Termination Event occurs, then the Securities will be automatically redeemed or cancelled, as applicable, in whole, but not in part, on the Mandatory Early Termination Date immediately following such Mandatory Early Termination Valuation Date and the redemption or cancellation amount payable by the Issuer on such date upon redemption or cancellation of each Security shall be an amount in the Specified Currency equal to the relevant Mandatory Early Termination Amount.

As used herein:

Mandatory Early Termination Amount means, unless otherwise provided in the applicable Final Terms (in the case of Exempt Securities only), in respect of a Mandatory Early Termination Date, an amount equal to the product of (i) the Mandatory Early Termination Calculation Amount and (ii) the relevant Mandatory Early Termination Rate relating to that Mandatory Early Termination Date.

Mandatory Early Termination Calculation Amount is as specified in the applicable Final Terms.

Mandatory Early Termination Date means each date specified as such in the applicable Final Terms, which may be subject in each case to adjustment in accordance with the business day convention, if any, specified in the applicable Final Terms.

Mandatory Early Termination Event means (each of) the events specified as such in the applicable Final Terms.

Mandatory Early Termination Level means the level or value per Index specified as such or otherwise determined in the applicable Final Terms.

Mandatory Early Termination Rate means, in respect of a Mandatory Early Termination Date, the rate specified as such in the applicable Final Terms.

Mandatory Early Termination Valuation Date means each date specified as such in the applicable Final Terms or, if such date is not a Scheduled Trading Day, the next following Scheduled Trading Day unless, in the opinion of the Calculation Agent, any such day is a Disrupted Day. If any such day is a Disrupted Day, then, unless otherwise provided in the applicable Final Terms (in the case of Exempt Securities only), the corresponding provisions in Index Linked Condition 1 (*Consequences of Disrupted Days*) shall apply on the basis such Mandatory Early Termination Valuation Date shall be deemed to be a Valuation Date.

Mandatory Early Termination Valuation Time means in respect of any Index the time on any Mandatory Early Termination Valuation Date as specified in the applicable Final Terms and such time shall be deemed to be the Valuation Time for the purposes of Index Linked Condition 1 (*Consequences of Disrupted Days*).

10. FX Disruption

10.1 In the event that the Index Currency of the Index or, in the case of an Index Basket or a Mixed Basket, any of the Indices within the Basket (as specified in the applicable Final Terms) is not the same as the Specified Currency or the Settlement Currency, as applicable, of the Securities, then following:

- (a) the occurrence of any event that:
 - (i) generally prevents or delays the Issuer or any of its Affiliates directly or indirectly from converting one or more Index Currencies into the Specified Currency or the Settlement Currency, as applicable, (i) through customary legal channels or (ii) at a rate that is at least as favourable as the rate for domestic institutions located in the relevant Index Currency Jurisdiction;
 - (ii) generally prevents or delays the Issuer or any of its Affiliates directly or indirectly from delivering the Specified Currency or the Settlement Currency, as applicable, and/or an Index Currency from accounts inside the relevant Index Currency Jurisdiction to accounts outside such Index Currency Jurisdiction; or
 - (iii) renders the Issuer or any of its Affiliates unable, after using commercially reasonable efforts, to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the foreign exchange risk incurred by the Issuer or any of its Affiliates in respect of the relevant Index Currency(ies) or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s); or
- (b) the government or other relevant authority with jurisdiction in a relevant Index Currency Jurisdiction giving public notice of its intention to impose any capital controls which the Calculation Agent determines are likely (i) to have a material affect on the ability of any of the Issuer or its Affiliates to hedge its foreign exchange risk in respect of the relevant Index Currency(ies) or unwind any such hedging transaction or (ii) to reduce the value of any such hedging transaction,

the Issuer may take the action described in (A) or (B) below as it deems appropriate:

- (A) require the Calculation Agent to determine an exchange rate (or alternative method for determining the exchange rate) for conversion of the relevant Index Currency(ies) into the Specified Currency or Settlement Currency, as applicable, taking into consideration all available information that in good faith it deems relevant; or

- (B) postpone the date of any relevant valuation, observation and/or payment date in respect of the Securities for so long as, in the opinion of the Calculation Agent, any of the events described in (a) or (b) above have occurred or are continuing.

10.2 In the event that the Index Currency in respect of an Index ceases to be the currency most closely associated with such Index (in the determination of the Calculation Agent), the Issuer may determine the appropriate adjustment(s), if any, to be made to any one or more of the Conditions to account for such circumstance and determine the effective date of such adjustment(s). Details of any such adjustment(s) shall be notified to Securityholders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable, provided that any failure by the Issuer to provide such notice shall not affect the validity of any such adjustment(s).

As used in this Index Linked Condition 10, **Index Currency Jurisdiction** means any jurisdiction in which the relevant Index Currency is the lawful currency selected by the Calculation Agent.

11. **Index Disclaimer**

The Index Linked Securities are not sponsored, endorsed, sold or promoted by any Index or any Index Sponsor and no Index Sponsor makes any representation whatsoever, whether express or implied, either as to the results to be obtained from the use of the Index and/or the levels at which the Index stands at any particular time on any particular date or otherwise. No Index or Index Sponsor shall be liable (whether in negligence or otherwise) to any person for any error in the Index and the Index Sponsor is under no obligation to advise any person of any error therein. No Index Sponsor is making any representation whatsoever, whether express or implied, as to the advisability of purchasing or assuming any risk in connection with the Index Linked Securities. The Issuer shall have no liability to the Securityholders for any act or failure to act by the Index Sponsor in connection with the calculation, adjustment or maintenance of the Index. Except as disclosed prior to the Issue Date specified in the applicable Final Terms, none of the Issuer, the Guarantor (if applicable) or any of their Affiliates has any affiliation with or control over the Index or Index Sponsor or any control over the computation, composition or dissemination of the Index. Although the Calculation Agent will obtain information concerning the Index from publicly available sources it believes reliable, it will not independently verify this information. Accordingly, no representation, warranty or undertaking (express or implied) is made and no responsibility is accepted by the Issuer, the Guarantor (if applicable), their Affiliates or the Calculation Agent as to the accuracy, completeness and timeliness of information concerning the Index.

12. **Futures Price Valuation**

12.1 Where Futures Price Valuation is specified to apply in relation to an Index in the applicable Final Terms, for the purposes of such Index the following amendments shall apply to these Index Linked Conditions:

Closing Level shall be deemed to mean, in relation to the relevant Index and any Scheduled Trading Day, the Official Settlement Price on such day.

For the purposes of determining any Scheduled Trading Day where Futures Price Valuation applies in relation to any Index or (in the case of an Index Basket or Mixed Basket) any constituent Index, any reference to such Index or constituent Index in the definition of Scheduled Trading Day (Single Index Basis), Scheduled Trading Day (All Indices Basis), or Scheduled Trading Day (Per Index Basis), as applicable, will be deemed not to apply and instead (as well as fulfilling the relevant requirements of the relevant definition in relation to each other constituent Index (if any)), a Scheduled Trading Day must be a day on which the Official Settlement Price is published by the relevant Futures or Options Exchange:

- (i) in relation to each such Index to which Futures Price Valuation applies; or

- (ii) for the purposes of determining a Scheduled Trading Day (Per Index Basis) in relation to any such Index or constituent Index, in relation to such Index or constituent Index, as applicable.

The provisions of Index Linked Condition 1 (*Consequences of Disrupted Days*) will not apply in relation to any Index or (in the case of an Index Basket or Mixed Basket) constituent Index in respect of which Futures Price Valuation applies (although such provisions will continue to apply to any other constituent Index and, in the case of an Index Basket or Mixed Basket, a Valuation Date, Averaging Date or any other date for valuation or observation will be determined accordingly), unless there is a Non-Commencement or Discontinuance of the Exchange-traded Contract, in which case the provisions of Index Linked Condition 1 (*Consequences of Disrupted Days*) will continue to apply to the relevant Index or constituent Index.

For these purposes:

Exchange-traded Contract in relation to an Index means a futures or options contract specified as such for the Index in the applicable Final Terms, in each case, identified by reference to (a) the Index to which it relates, (b) the delivery month of such contract and (c) the Futures or Options Exchange on which it is traded.

Futures or Options Exchange means, in respect of an Index, the relevant exchange specified in the description of the Exchange-traded Contract for such Index in the applicable Final Terms or any successor thereto acceptable to the Calculation Agent.

Non-Commencement or Discontinuance of the Exchange-traded Contract means there is no Official Settlement Price as a result of the fact that trading in the Exchange-traded Contract never commences or is permanently discontinued at any time on or prior to a Valuation Date, Averaging Date or other date for Index valuation or observation, as the case may be.

Official Settlement Price means the official settlement price (however described under the rules of the relevant Futures or Options Exchange or its clearing house) of the relevant Exchange-traded Contract published by the Futures or Options Exchange or its clearing house and as determined by the Calculation Agent.

12.2 Adjustments to the Exchange-traded Contract

Without duplication of Index Linked Condition 2 (which shall govern in the event of a conflict), in the event that the terms of the Exchange-traded Contract are changed or modified by the Futures or Options Exchange, the Calculation Agent shall, if necessary, adjust one or more of the Strike Level, the Knock-In Price, the Knock-Out Price and/or any other variable relevant to the Securities to account for such change or modification, including for the cost of the Issuer and/or any Affiliate of adjusting any associated hedging arrangements (this may mean that the economic benefit of the Securities for the Holder is reduced or that the adjustment has a material adverse effect on the Securities).

12.3 Non-Commencement or Discontinuance of the Exchange-traded Contract

Where there is a Non-Commencement or Discontinuance of the Exchange-traded Contract, the Official Settlement Price for any Valuation Date, Averaging Date or any other relevant date for Index valuation or observation, as the case may be, shall be deemed to be the level of the relevant Index at the close of the regular trading session on the relevant Exchange (as defined in Index Linked Condition 5) or, in the case of a Multi-exchange Index, the time at which the official closing level of the Index is calculated and published by the Index Sponsor, in each case on the Valuation Date, Averaging Date or other relevant date.

12.4 Correction of the Official Settlement Price

If the Official Settlement Price for any Valuation Date, Averaging Date or any other date for Index valuation or observation, as the case may be, (an **Exchange-traded Contract Relevant Calculation**) is subsequently corrected and the correction (the **Corrected Official Settlement Price**) is published by the relevant Futures or Options Exchange no later than two Business Days prior to the date of payment or delivery of any amount calculated by reference to the Exchange-traded Contract Relevant Calculation then the Calculation Agent may, but shall not be required to, treat such Corrected Official Settlement Price as the relevant level or value for such index on such Valuation Date, Averaging Date or other relevant date, as the case may be, and the Calculation Agent shall use such Corrected Official Settlement Price in determining the Relevant Calculation.

1. Consequences of Disrupted Days

If, in respect of any Share, the Calculation Agent determines that any Valuation Date or Averaging Date is a Disrupted Day, then:

1.1 Single Share Valuation Dates:

in the case of Equity Linked Securities relating to a single Share, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to such Share, provided that (A) such day shall not be later than the Disruption Cut-off Date, notwithstanding that such day may

be a Disrupted Day in respect of such Shares and (B) in this case the Calculation Agent shall determine its good faith estimate of the value for such Shares that would have prevailed but for that Disrupted Day as of the Valuation Time on that Disruption Cut-off Date;

1.2 Share Basket/Mixed Basket Valuation Dates:

in the case of Equity Linked Securities relating to a Share Basket or a Mixed Basket, the Valuation Date for the Shares of each Share Issuer not affected by the occurrence of a Disrupted Day shall be the scheduled Valuation Date and the Valuation Date for the Shares of each Share Issuer affected by the occurrence of a Disrupted Day (for the purposes of this Equity Linked Condition 1.2, each an **Affected Share**) shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the Affected Share, provided that (A) such day shall not be later than the Disruption Cut-off Date, notwithstanding that such day may be a Disrupted Day in respect of the Affected Share and (B) in this case the Calculation Agent shall determine its good faith estimate of the value for the Affected Share that would have prevailed but for that Disrupted Day as of the Valuation Time on that Disruption Cut-off Date;

1.3 Single Share Averaging Dates:

where the Securities are related to a single Share or are related to a Share Basket or a Mixed Basket and "Scheduled Trading Day (Per Share Basis)" is specified as applicable in the applicable Final Terms and the Calculation Agent determines that any Averaging Date is a Disrupted Day in respect of any Share, and in the relevant Final Terms the consequence specified is:

(a) Omission,

then such date will be deemed not to be an Averaging Date for the purposes of determining the relevant price provided that, if through the operation of this provision no Averaging Date would occur, then the provisions of Equity Linked Condition 1.1 (*Consequences of Disrupted Days – Single Share Valuation Dates*) will apply for purposes of determining the relevant price on the final Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day;

(b) Postponement,

then the provisions of Equity Linked Condition 1.1 (*Consequences of Disrupted Days – Single Share Valuation Dates*) will apply for the purposes of determining the relevant price on that Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date; or

(c) Modified Postponement,

then the Averaging Date shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the Valuation Time on the Disruption Cut-Off Date, then

(i) that Disruption Cut-off Date shall be deemed to be the Averaging Date (irrespective of whether the Disruption Cut-off Date is already or is deemed to be an Averaging Date); and

(ii) the Calculation Agent shall determine the price of the Share as of the Valuation Time on the Disruption Cut-off Date in accordance with part (B) of Equity Linked Condition 1.1 (*Consequences of Disrupted Days – Single Share Valuation Dates*) above and such determination by the Calculation Agent shall be deemed to be the relevant value for such Shares in respect of the relevant Averaging Date.

If the Calculation Agent determines that any Averaging Date in respect of Securities to which this Equity Linked Condition 1.3 relates is a Disrupted Date and, if in the Final Terms no consequence is specified, then "Modified Postponement" will apply.

1.4 Share Basket/Mixed Basket Averaging Dates:

Where the Equity Linked Securities are related to a Share Basket or a Mixed Basket and "Scheduled Trading Date (All Shares Basis)" is specified as applicable in the applicable Final Terms and the Calculation Agent determines that any Averaging Date is a Disrupted Day, and in the relevant Final Terms the consequence specified is:

(a) Omission,

then the Averaging Date will be deemed not to be an Averaging Date, provided that, if through the operation of this provision there would be no Averaging Date, then

(A) the sole Averaging Date for each Share which the Calculation Agent determines is not affected by the occurrence of a Disrupted Day shall be the originally designated final Averaging Date (the **Scheduled Final Averaging Date**);

(B) and the sole Averaging Date for each Share which the Calculation Agent determines is affected by the occurrence of a Disrupted Day (for the purposes of this Equity Linked Condition 1.4(a), each an **Affected Share**) shall be the first Scheduled Trading Day following the Scheduled Final Averaging Date that is not a Disrupted Day relating to the Affected Share unless each of the Scheduled Trading Days immediately following the Scheduled Final Averaging Date which (but for the occurrence of the Disrupted Day) would have been the Averaging Date, until and including the Disruption Cut-Off Date, is a Disrupted Day relating to the Affected Share. In that case,

(i) that Disruption Cut-Off Date shall be deemed to be the sole Averaging Date in respect of the Affected Share, notwithstanding the fact that such day is a Disrupted Day; and

(ii) the Calculation Agent shall determine the price of the Affected Share at the Valuation Time on the Disruption Cut-Off Date in accordance with part (B) of Equity Linked Condition 1.2 (*Consequences of Disrupted Days – Share Basket/Mixed Basket Valuation Dates*) above and such determination by the Calculation Agent shall be deemed to be the relevant value for such Shares in respect of the sole Averaging Date;

(b) Postponement, then

(A) the Averaging Date for each Share which the Calculation Agent determines is not affected by the occurrence of a Disrupted Day shall be the originally designated Averaging Date (the **Scheduled Averaging Date**); and

(B) the Averaging Date for each Share which the Calculation Agent determines is affected by the occurrence of a Disrupted Day (for the purposes of this Equity Linked Condition 1.4(b), each an **Affected Share**) shall be the first succeeding Scheduled Trading Day following the Scheduled Averaging Date that is not a Disrupted Day relating to the Affected Share (irrespective of whether, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date) unless the Calculation Agent determines that each of the consecutive

Scheduled Trading Days, until and including the Disruption Cut-Off Date, is a Disrupted Day relating to the Affected Share. In that case:

- (i) that Disruption Cut-Off Date shall be deemed to be such Averaging Date in respect of the Affected Share (irrespective of whether the Disruption Cut-Off Date is already or is deemed to be an Averaging Date); and
 - (ii) the Calculation Agent shall determine the price of the Affected Share as of the Valuation Time on the Disruption Cut-Off Date in accordance with part (B) of Equity Linked Condition 1.2 (*Consequences of Disrupted Days – Share Basket/Mixed Basket Valuation Dates*) above and such determination by the Calculation Agent shall be deemed to be the relevant value for such Shares in respect of the relevant Averaging Date; or
- (c) Modified Postponement, then
- (A) the Averaging Date for each Share which the Calculation Agent determines is not affected by the occurrence of a Disrupted Day shall be the originally designated Averaging Date (the **Scheduled Averaging Date**); and
 - (B) the Averaging Date for each Share which the Calculation Agent determines is affected by the occurrence of a Disrupted Day (for the purposes of this Equity Linked Condition 1.4(c), each an **Affected Share**) shall be the first succeeding Valid Date in relation to the Affected Share. If the first succeeding Valid Date in respect of the Affected Share has not occurred as of the Valuation Time on the Disruption Cut-Off Date, then:
 - (i) that Disruption Cut-Off Date shall be deemed to be the Averaging Date in respect of the Affected Share (irrespective of whether the Disruption Cut-Off Date is already or is deemed to be an Averaging Date); and
 - (ii) the Calculation Agent shall determine the price of the Affected Share as of the Valuation Time on the Disruption Cut-Off Date in accordance with part (B) of Equity Linked Condition 1.2 (*Consequences of Disrupted Days – Share Basket/Mixed Basket Valuation Dates*) above and such determination by the Calculation Agent shall be deemed to be the relevant value for such Shares in respect of the relevant Averaging Date.

If the Calculation Agent determines that any Averaging Date in respect of Securities to which this Equity Linked Condition 1.4 relates is a Disrupted Day and, if in the Final Terms no consequence is specified, "Modified Postponement" will apply.

1.5 Notice

The Calculation Agent shall give notice as soon as practicable to the Securityholders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable, of the occurrence of a Disrupted Day on any day on which any Share valuation or observation is scheduled to occur, provided that any failure to give, or non-receipt of, such notice will not affect the validity of any such Disrupted Day.

2. Consequences of Potential Adjustment Events

Following the declaration by a Share Issuer of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the relevant Shares or on the composition of the

Share Basket or Mixed Basket, as applicable, and, if so, the Calculation Agent will determine and make the appropriate adjustment(s), if any, to be made to one or more of any variable(s) relevant to the exercise, settlement, payment or other terms of the Securities as the Calculation Agent determines appropriate to account for the Potential Adjustment Event and determine the effective date(s) of that adjustment(s) (which may include but shall not be limited to adjustment(s) to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relative to the relevant Share). The Calculation Agent may (but need not) determine the appropriate adjustment(s) by reference to the adjustment(s) in respect of the Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange.

Upon the making of any such adjustment, the Calculation Agent shall as soon as is reasonably practicable under the circumstances give notice to the Securityholders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable, stating the adjustment made and giving brief details of the Potential Adjustment Event, provided that any failure to give, or non-receipt of, such notice will not affect the validity of any such adjustment.

3. Consequences of Extraordinary Events

3.1 Extraordinary Events:

If a Merger Event, De-listing, Nationalisation, Insolvency or Tender Offer occurs in relation to a Share, the Issuer may take the action described in (i), (ii), (iii), (iv) or (v) below:

- (i) require the Calculation Agent to determine the appropriate adjustment(s), if any, to be made to any terms of the Conditions and/or the applicable Final Terms to account for the Merger Event, De-listing, Nationalisation, Insolvency or Tender Offer, as the case may be, and determine the effective date(s) of such adjustment(s) and for these purposes (a) the Calculation Agent may (but need not) determine the appropriate adjustment(s) by reference to the adjustment(s) in respect of the relevant event made by any options exchange to options on the Shares traded on that options exchange and the relevant adjustments may in the case of adjustments following a Merger Event or Tender Offer include, without limitation, adjustments to account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the Shares and/or (b) in the case of a Share Basket or Mixed Basket, the Calculation Agent may remove the affected Share from the Share Basket or Mixed Basket and make such adjustments to the Securities as it determines appropriate (which may, without limitation, include any value or weighting of the remaining Shares) in order to account for the price or value of the affected Share at the time of its removal as well as the cost to the Issuer and/or any Affiliate of adjusting any associated hedging arrangements (and this may mean that the economic benefit of the Securities for the Holder is reduced or that the removal of the Share has a material adverse effect on the Securities);
- (ii) where the Equity Linked Securities relate to a Share Basket or a Mixed Basket, on giving notice to the Securityholders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable, redeem each N&C Security or cancel each W&C Security, as applicable, in part. If a Security is so redeemed or cancelled in part the portion (the **Partial Amount**) of each such Security representing the affected Share(s) shall be redeemed or cancelled, as applicable, and the Issuer will (x) pay to each Holder in respect of each Security held by him an amount equal to the fair market value of the Partial Amount, taking into account the Merger Event, De-listing, Nationalisation, Insolvency or Tender Offer, as the case may be, less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent; and (y) require the Calculation Agent to determine the appropriate adjustment, if any, to be made to any of the Conditions and/or the applicable Final Terms to account for such redemption or cancellation in part. For the avoidance of doubt the remaining part of each such Security

after such redemption or cancellation and adjustment shall remain outstanding with full force and effect (subject to adjustment as provided above). Payments will be made in such manner as shall be notified to the Holders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable;

- (iii) give notice to the Securityholders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable, and redeem or cancel all, but not some only, of the Securities, each N&C Security being redeemed at the Early Redemption Amount and each W&C Security being cancelled at the Early Cancellation Amount;
- (iv) if "Options Exchange Adjustment" is specified as applicable in the applicable Final Terms, following such adjustment to the settlement terms of options on the Shares traded on such exchange(s) or quotation system(s) as the Issuer shall select (the **Options Exchange**), require the Calculation Agent to make a corresponding adjustment to any one or more of the Conditions and/or the applicable Final Terms which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Options Exchange. If options on the Shares are not traded on the Options Exchange, the Calculation Agent will make such adjustment, if any, to any one or more of the Conditions and/or the applicable Final Terms as the Calculation Agent determines appropriate, with reference to the rules and precedents (if any) set by the Options Exchange to account for the Merger Event, De-listing, Nationalisation, Insolvency or Tender Offer, as the case may be, that in the determination of the Calculation Agent would have given rise to an adjustment by the Options Exchange if such options were so traded; or
- (v) if "Share Substitution" is specified as applicable in the applicable Final Terms, then on or after the relevant Merger Date, De-listing, Nationalisation, Insolvency or Tender Offer Date, as the case may be, require the Calculation Agent to adjust the Conditions and/or the applicable Final Terms to include shares (the **Substitute Shares**) selected by the Calculation Agent in accordance with the criteria for share selection (**Share Substitution Criteria**), if any, set out in the applicable Final Terms, or otherwise as provided below, in place of the Share(s) (for the purposes of this Equity Linked Condition 3, the **Affected Share(s)**) which are affected by such Merger Event, De-listing, Nationalisation, Insolvency or Tender Offer and the Substitute Shares will, from the date so determined by the Calculation Agent (the **Share Substitution Date**) be deemed to be "Shares" and the relevant issuer of such shares (the **Substitute Share Issuer**), a "Share Issuer" for the purposes of the Securities, and the Calculation Agent will make such adjustment, if any, to any of the Conditions and/or the applicable Final Terms as the Calculation Agent determines appropriate and the provisions of Equity Linked Condition 3.2 below shall apply. If "Share Substitution" is specified as applicable in the applicable Final Terms but no Share Substitution Criteria are set out in the Final Terms, the Calculation Agent will use reasonable endeavours to ensure that, to the extent practicable, any Substitute Share Issuer will (a) be selected from the same region(s) or sector(s) (depending on whether the Affected Shares were selected on the basis of region or sector, as determined by the Calculation Agent and (b) (where the Affected Shares are quoted on a non-European exchange or quotation system) have shares quoted on an exchange(s) or quotation system(s) in the same region(s) as the Affected Shares, or (where the Affected Shares are quoted on a European exchange or quotation system) have shares quoted on an exchange(s) or quotation system(s) in any European state(s) and in each case where such exchange(s) or quotation system(s) have similar liquidity to the exchange(s) or quotation system(s) on which the Affected Shares are quoted, all as determined by the Calculation Agent, in each case at the time of substitution.

Upon the occurrence of a Merger Event, De-listing, Nationalisation, Insolvency or Tender Offer, the Issuer shall give notice as soon as practicable to the Holders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable, stating the occurrence of the Merger

5. Consequences of Additional Disruption Events

In the event that an Additional Disruption Event occurs as determined by the Calculation Agent, then the Calculation Agent shall either (a)(i) make such adjustment to the exercise, settlement, payment or any other terms of the Securities as the Calculation Agent determines appropriate to account for such Additional Disruption Event and (ii) determine the effective date of that adjustment, or (b) if the Calculation Agent determines that no adjustment that it could make under (a) will produce a commercially reasonable result, notify the Issuer thereof in which event the Issuer may redeem or cancel all, but not some only, of the Securities as of such date as the Calculation Agent shall determine by notice given to the Securityholders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable, each N&C Security being redeemed at the Early Redemption Amount and each W&C Security being cancelled at the Early Cancellation Amount. In that case, the Calculation Agent shall determine the relevant Settlement Price or Settlement Rate (as applicable) in the manner set out in the Conditions (including, where applicable, the applicable Final Terms) or, if not set out or if not practicable, determine the relevant Settlement Price or Settlement Rate (as applicable) in accordance with its good faith estimate of the relevant Settlement Price or Settlement Rate as of the Valuation Time on such final day which it determines would have prevailed but for the relevant Disruption Event.

Termination means that the Issuer may give notice to Securityholders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable and redeem or cancel all (but not some only) of the Securities, each N&C Security being redeemed at the Early Redemption Amount and each W&C Security being cancelled at the Early Cancellation Amount. Payment in respect of such Termination shall be made as specified in such notice to Securityholders.

For the purposes of this FX Linked Condition 3:

Maximum Days of Disruption means (a) the number of calendar day specified as such in the applicable Final Terms (or if not so specified, ten calendar days) or (b) such shorter period as the Calculation Agent may determine ending on the second FX Business Day prior to any day on which the Issuer is scheduled to make any payment or perform any delivery obligation in respect of the Securities determined in whole or in part by reference to the relevant Settlement Rate.

PART A – ADDITIONAL TERMS AND CONDITIONS FOR COMMODITY LINKED SECURITIES

This Annex applies to Exempt Securities only.

*If specified as applicable in the applicable Final Terms, (a) the terms and conditions applicable to Commodity Linked N&C Securities shall comprise the terms and conditions of the N&C Securities (the **N&C Securities Conditions**) and the additional Terms and Conditions for Commodity Linked Securities set out below (the **Commodity Linked Conditions**) and (b) the terms and conditions applicable to Commodity Linked W&C Securities shall comprise the terms and conditions of the W&C Securities (the **W&C Securities Conditions**) and the Commodity Linked Conditions, in each case together with any other additional terms and conditions specified in the applicable Final Terms and subject to completion and/or amendment in the applicable Final Terms. In the event of any inconsistency between (i) the N&C Securities Conditions or the W&C Securities Conditions, as applicable, and (ii) the Commodity Linked Conditions, the Commodity Linked Conditions shall prevail. In the event of any inconsistency between (i) the N&C Securities Conditions, the W&C Securities Conditions and/or the Commodity Linked Conditions and (ii) the applicable Final Terms, the applicable Final Terms shall prevail. References in the Commodity Linked Conditions to "Security" and "Securities" shall be deemed to be references to "N&C Security" and "N&C Securities" or "W&C Security" and "W&C Securities" as the context admits.*

These Commodity Conditions apply to Commodity Linked Securities linked to (i) a single Relevant Commodity, (ii) a Commodity Index, (iii) a Basket of Commodities or (iv) a basket of various assets or reference bases which includes a Relevant Commodity or Commodity Index.

1. Determination of Relevant Commodity Price for Commodity Linked Securities

The Relevant Commodity Price for a Relevant Commodity or a Commodity Index for any Pricing Date shall be the price, expressed as a price per unit of the Relevant Commodity or the settlement price (or other reference price or level) of the Commodity Index, determined by the Calculation Agent with respect to that Pricing Date in respect of which:

- (i) the Commodity Reference Price or Index Reference Price, is as specified in the applicable Final Terms;
- (ii) the Specified Price (if any) is as specified in the applicable Final Terms;
- (iii) the Delivery Date (if any) is as specified in the applicable Final Terms; and
- (iv) the Pricing Date(s) is/are the date(s) as specified in the applicable Final Terms.

2. Commodity Market Disruption Events and Disruption Fallbacks

If, in the opinion of the Calculation Agent, a Commodity Market Disruption Event which has occurred with respect to a Relevant Commodity is continuing on any Pricing Date (or, if different, the day on which prices for that Pricing Date would, in the ordinary course, be published or announced by the Price Source), the Relevant Commodity Price for such Relevant Commodity for that Pricing Date will be determined by the Calculation Agent in accordance with the applicable Disruption Fallbacks.

If, in the opinion of the Calculation Agent, a Commodity Market Disruption Event has occurred in relation to the Index Components of a Commodity Index and is continuing on any Pricing Date (or, if different, the day on which prices for that Pricing Date would, in the ordinary course, be published or announced by the Price Source), the Index Reference Price will be determined by the Calculation Agent pursuant to the applicable Disruption Fallbacks regardless of whether or not a settlement price

(or other reference price or level) of the Commodity Index has been published by the Index Sponsor in respect of such Pricing Date (or, if different, the day on which prices for that Pricing Date would, in the ordinary course, be published or announced by the Price Source).

If, in relation to a Commodity Index, an event would constitute both (i) a Commodity Market Disruption Event, and (ii) a Commodity Index Adjustment Event, such event will be deemed a Commodity Index Adjustment Event.

In respect of proprietary indices linked to commodities (or other commodity-linked reference assets), the actual market disruption events and disruption fallbacks and index adjustment events (and related definitions and terms) applicable thereto may differ in certain respects from those set forth in these Commodity Conditions. In such cases, the relevant definitions and terms and conditions of any such bespoke market disruption events and disruption fallbacks and index adjustments events shall apply in accordance with the terms of each such proprietary index, all subject to such other provisions as may be specified in the Final Terms relating to any Commodity Linked Security linked to such proprietary indices.

3. Additional Disruption Events

In the event that an Additional Disruption Event occurs as determined by the Calculation Agent, then the Calculation Agent may either (a)(i) make such adjustment to the exercise, settlement, payment or any other terms of the Securities as the Calculation Agent determines appropriate to account for such Additional Disruption Event and (ii) determine the effective date of that adjustment, or (b) if the Calculation Agent determines that no adjustment that it could make under (a) will produce a commercially reasonable result, notify the Issuer thereof in which event the Issuer may redeem or cancel all, but not some only, of the Securities as of such date as the Calculation Agent shall determine by notice given to the Securityholders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable, each N&C Security being redeemed at the Early Redemption Amount and each W&C Security being cancelled at the Early Cancellation Amount. Payment in respect of such early redemption or cancellation shall be made as specified in such notice to Securityholders.

4. Commodity Index Adjustment Events and Successor Index Sponsor

If, with respect to a Commodity Index, at any time on or after the Trade Date: (i) an Index Cancellation occurs and there is no Successor Index, or (ii) an Index Disruption occurs, or (iii) an Index Modification occurs, then the Calculation Agent shall (in the case of (i) and (ii)) or may at its option (in the case of (iii)) calculate the Relevant Commodity Price using, in lieu of a published level for the Index, the level for the Index in respect of the applicable Pricing Date as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the relevant Index Adjustment Event, but using only those Index Components that comprised the Index immediately prior to the relevant Commodity Index Adjustment Event (other than those Index Components that have ceased to be listed on any relevant Exchange or traded on any relevant over-the-counter market (bilateral or otherwise)).

If, upon the occurrence of an Index Cancellation there is a Successor Index, then such Successor Index shall be deemed to be the Commodity Index and the Relevant Commodity Price will be deemed to be the price so calculated and announced by that Successor Sponsor or that Successor Index, as the case may be.

Notwithstanding the foregoing, if an Index Cancellation occurs for a period of five (5) Index Business Days measured from the first day of such Index Cancellation and as at the end of such period of time there is no Successor Index (whether due to there being no Successor Sponsor acceptable to the Calculation Agent or otherwise), then the Issuer may give notice to the

Securityholders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable, and redeem or cancel all, but not some only, of the Securities, each N&C Security being redeemed at the Early Redemption Amount and each W&C Security being cancelled at the Early Cancellation Amount.

5. Common Pricing

With respect to Securities relating to a Basket of Commodities, if "Common Pricing" has been selected in the applicable Final Terms as:

- (i) "Applicable" then, no date will be a Pricing Date unless such date is a day in relation to which the Commodity Reference Prices for all Relevant Commodities are (or but for the occurrence of a Commodity Market Disruption Event would have been) scheduled to be published or announced.
- (ii) "Inapplicable" then, a date will be a Pricing Date regardless of whether such date is a day in relation to which the Commodity Reference Prices for all Relevant Commodities are (or but for the occurrence of a Commodity Market Disruption Event would have been) scheduled to be published or announced.

For the avoidance of doubt, in the case of both (i) and (ii) above if the Calculation Agent determines that a Commodity Market Disruption Event has occurred or exists in relation to a Pricing Date (subject to the applicability of Common Pricing) in respect of any Relevant Commodity and/or Commodity Index in a Basket of Commodities (the **Affected Commodity**), the Relevant Commodity Price of each Relevant Commodity and/or Commodity Index within the basket which is not affected by the occurrence of a Commodity Market Disruption Event shall be determined in relation to its scheduled Pricing Date and the Relevant Commodity Price for each Affected Commodity shall be determined in accordance with the applicable Disruption Fallbacks.

6. Corrections to Published Prices

For purposes of determining or calculating the Relevant Commodity Price for any Pricing Date, if the price published or announced on a given day and used or to be used by the Calculation Agent to determine a Relevant Commodity Price is subsequently corrected and the correction is published or announced by the person responsible for that publication or announcement within 30 calendar days after the original publication or announcement, the Calculation Agent may recalculate the Relevant Commodity Price for that day, using such corrected price. The Calculation Agent shall notify the Issuer of any such correction, the revised Relevant Commodity Price and, if any amount (the **Actual Amount**) has been paid or delivered to Securityholders on the basis of the original Relevant Commodity Price, the amount that should have been paid or delivered to the Securityholders on the basis of the corrected Relevant Commodity Price (the **Adjusted Amount**). Upon being notified of the Adjusted Amount, the Issuer may (but shall not be obliged to) take such action as it considers necessary or appropriate to either pay or deliver additional amounts (if the Adjusted Amount is greater than the Actual Amount) or recover (solely by set-off against future payments) such amounts (if the Adjusted Amount is less than the Actual Amount). The Calculation Agent shall not be obliged to make any determination under this Commodity Condition and shall have no liability to any person for any determination made or not made under this Commodity Condition.

In determining whether or not to exercise the above discretion the Calculation Agent shall take into account such factor(s) as it determines appropriate, including, without limitation, hedging arrangements of any Hedging Party in respect of the Securities.

Notwithstanding the foregoing, where the Calculation Agent determines that the price published or announced on a given day and used or to be used by it to determine a Relevant Commodity Price in respect of a Pricing Date is expected to be subsequently corrected, then the Calculation Agent may delay the determination or calculation of the Relevant Commodity Price in respect of such day and instead notify the Issuer of the expected correction. If the Calculation Agent notifies the Issuer of an expected correction to a Relevant Commodity Price, the Issuer shall not make any related payments or deliveries, until the Calculation Agent determines or calculates the correct Relevant Commodity Price and the day on which such payments or delivered are due shall be delayed to the same extent as was the determination or calculation of the correct Relevant Commodity Price. No additional amounts shall be payable or deliverable as a result of any such delay or postponement.

7. Adjustments to Payment Dates, Exercise Dates and Settlement Dates

Notwithstanding anything to the contrary in these Commodities Conditions, if, as a result of a delay or postponement pursuant to the occurrence of a Commodity Market Disruption Event or Index Adjustment Event, a Relevant Commodity Price used to determine (i) whether any right of exercise (of the Issuer or any Securityholder) may be exercised or (ii) any amount payable or deliverable (plus related adjustments) on any Coupon Payment Date, Redemption Date or on any other relevant date in relation to the Commodity Linked Securities, is unavailable such determination and/or date will, subject to the applicable Final Terms, be delayed or postponed to fall on the second Business Day following the determination of the Relevant Commodity Price under the Disruption Fallback provision or Commodity Index Adjustment Event provision as determined by the Calculation Agent. No additional amounts shall be payable or deliverable by the Issuer or the Guarantor (if applicable) to any Securityholder as a result of any such delay or postponement.

8. Commodity Business Day and Index Business Day Convention

If any date applicable to a Commodity Linked Security that is specified to be subject to adjustment in accordance with a Commodity Business Day Convention or an Index Business Day Convention, as applicable, would otherwise fall on a day that is not a Commodity Business Day or Index Business Day as applicable, such date will be adjusted according to the Commodity Business Day Convention or Index Business Day Convention, as applicable, specified in the applicable Final Terms.

If the Commodity Business Day Convention or Index Business Day Convention is:

- (i) "Following", such date shall be postponed to the next day that is a Commodity Business Day or Index Business Day, as applicable;
- (ii) "Modified Following", such date shall be postponed to the next day that is a Commodity Business Day or Index Business Day, as applicable, unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Commodity Business Day or Index Business Day, as applicable; or
- (iii) "Preceding", such date shall be brought forward to the immediately preceding Commodity Business Day or Index Business Day, as applicable.

2. **Definitions Relating to Commodity Market Disruption Events and Disruption Fallbacks**

Calculation Agent Determination means, in respect of a Disruption Fallback, the Calculation Agent will determine the Relevant Commodity Price (or a method for determining the foregoing), taking into consideration the latest available quotation for the relevant Commodity Reference Price and any other information that it deems relevant.

Commodity Market Disruption Event means, with respect to a Relevant Commodity, an event that would give rise, in accordance with an applicable Disruption Fallback, to an alternative basis for determining the Relevant Commodity Price in respect of a specified Commodity Reference Price were the event to occur or exist on a day that is a Pricing Date (or, if different, the day on which prices for that Pricing Date would, in the ordinary course, be published or announced by the Price Source). In relation to any Relevant Commodity, each of the following is a "Commodity Market Disruption Event":

- (i) Price Source Disruption;
- (ii) Trading Disruption;
- (iii) Disappearance of Commodity Reference Price;
- (iv) Material Change in Formula;
- (v) Material Change in Content; or
- (vi) any Additional Commodity Market Disruption Events specified as applicable in the relevant Final Terms.

Notwithstanding the foregoing, with respect to Bullion the Commodity Market Disruption Events set forth in (iv) and (v) above shall not apply.

Delayed Publication or Announcement means, in respect of a Disruption Fallback in relation to any Relevant Commodity, that the Relevant Commodity Price for a Pricing Date will be determined based on the Specified Price in respect of the original day scheduled as such Pricing Date that is published or announced by the relevant Price Source retrospectively on the first succeeding Commodity Business Day on which the Commodity Market Disruption Event ceases to exist, unless that Commodity Market Disruption Event continues to exist (measured from and including the original day that would otherwise have been the Pricing Date), or the Relevant Commodity Price continues to be unavailable, for five (5) consecutive Commodity Business Days, in which case the next Disruption Fallback will apply.

Disruption Fallback means, in relation to a Relevant Commodity, a source or method that may give rise to an alternative basis for determining the Relevant Commodity Price in respect of a specified Commodity Reference Price when a Commodity Market Disruption Event occurs or exists on a day that is a Pricing Date (or, if different, the day on which prices for that Pricing Date would, in the ordinary course, be published or announced by the Price Source). A Disruption Fallback is applicable (in the order specified, if any) if it is specified in the applicable Final Terms or, if no Disruption Fallback is specified in the applicable Final Terms, the following Disruption Fallbacks shall be deemed to have been specified (in the following order):

- (i) first, Fallback Reference Price (if applicable);
- (ii) second, Delayed Publication or Announcement and Postponement (each to operate concurrently with the other); provided, however, that the price determined by Postponement shall be the Relevant Commodity Price only if Delayed Publication or Announcement does not first yield a Relevant Commodity Price within the relevant five (5) consecutive Commodity Business Day period); and then
- (iii) third, Calculation Agent Determination.

The Issuer may also specify in the applicable Final Terms any other "Disruption Fallbacks" that will apply to a particular series of Commodity Linked Securities and the relevant order in which they are to be applied.

Subject to so specifying in the applicable Final Terms, the Issuer may elect to treat certain Pricing Dates such that the Disruption Fallback in (ii) above shall be replaced in its entirety with Preceding.

Disappearance of Commodity Reference Price means, (i) the permanent discontinuation of trading, in the relevant Futures Contract on the relevant Exchange; (ii) the disappearance of, or of trading in, the Relevant Commodity; or (iii) the disappearance or permanent discontinuance or unavailability of a Commodity Reference Price, notwithstanding the availability of the related Price Source or the status of trading in the relevant Futures Contract or the Relevant Commodity.

Fallback Reference Price means, in respect of a Disruption Fallback, that the Calculation Agent will determine the Relevant Commodity Price based on the price in relation to that Pricing Date of the first alternate Commodity Reference Price, if any, specified in the applicable Final Terms and not subject to a Commodity Market Disruption Event. If no Fallback Reference Price is specified in the relevant Final Terms, the next Disruption Fallback will apply.

Material Change in Content means, the occurrence since the Trade Date of the Commodity Linked Security of a material change in the content, composition or constitution of the Relevant Commodity or relevant Futures Contract.

Material Change in Formula means, the occurrence since the Trade Date of the Commodity Linked Security of a material change in the formula for or method of calculating the relevant Commodity Reference Price.

Postponement means, in respect of a Disruption Fallback, that the Pricing Date will, for purposes of the application of this Disruption Fallback only, in relation to any Relevant Commodity, be deemed to be the first succeeding Commodity Business Day on which the Commodity Market Disruption Event ceases to exist, unless that Commodity Market Disruption Event continues to exist for five (5) consecutive Commodity Business Days (measured from and including the original day that would otherwise have been the Pricing Date) in which case the next Disruption Fallback will apply.

Preceding means, in respect of a Disruption Fallback, that the Pricing Date will, for purposes of the application of this Disruption Fallback only, in relation to any Relevant Commodity, be deemed to be the immediately preceding Commodity Business Day prior to the original day that would otherwise have been the Pricing Date, provided that where a Commodity Market Disruption Event has been in existence for five (5) consecutive preceding Commodity Business Days (measured from and including the original Pricing Date), the next Disruption Fallback will apply.

Price Source Disruption means, (i) the failure of the Price Source to announce or publish the Specified Price (or the information necessary for determining the Specified Price) for the relevant Commodity Reference Price; or (ii) the temporary or permanent discontinuance or unavailability of the Price Source.

Trading Disruption means, the material suspension of, or a material limitation imposed on, trading in the Futures Contract or the Relevant Commodity on the Exchange or in any additional futures contract, options contract or commodity on any Exchange as specified in the applicable Final Terms. For these purposes:

- (i) a suspension of the trading in the Futures Contract or the Relevant Commodity on any Commodity Business Day shall be deemed to be material only if:
 - (1) all trading in the Futures Contract or the Relevant Commodity is suspended for the entire Pricing Date; or
 - (2) all trading in the Futures Contract or the Relevant Commodity is suspended subsequent to the opening of trading on the Pricing Date, and trading does not recommence at least ten (10) minutes prior to, and continue until, the regularly scheduled close of trading in such Futures Contract or such Relevant Commodity on such Pricing Date; and
- (ii) a limitation of trading in the Futures Contract or the Relevant Commodity on any Commodity Business Day shall be deemed to be material only if:
 - (1) the relevant Exchange establishes limits on the range within which the price of the Futures Contract or the Relevant Commodity may fluctuate and the closing or settlement price of the Futures Contract or the Relevant Commodity on such Pricing Date is at the upper or lower limit of that range; or
 - (2) if the relevant Exchange establishes limits on the range within which the price of the Futures Contract or the Relevant Commodity may fluctuate, and the price of that Futures Contract or Relevant Commodity on a Pricing Date has, at any time during the last ten (10) minutes prior to the regularly scheduled close of trading in such Futures Contract or Relevant Commodity on such Pricing Date, traded at the upper or lower limit of such range.

3. **Definitions Relating to Commodity Market Disruption Events and Disruption Fallbacks for a Commodity Index**

Calculation Agent Determination means, in respect of a Disruption Fallback, the Calculation Agent will determine the Relevant Commodity Price or the price for an Index Component, as applicable (or a method for determining the foregoing), taking into consideration the latest available quotation for the relevant Index Reference Price or Index Component, as applicable, and any other information that it deems relevant.

Commodity Market Disruption Event means, with respect to a Commodity Index and its Index Components, as applicable, an event that would give rise, in accordance with an applicable Disruption Fallback, to an alternative basis for determining the Relevant Commodity Price in respect of a Commodity Index (and/or its Index Components) were the event to occur or exist on a day that is a Pricing Date (or, if different, the day on which prices for that Pricing Date would, in the ordinary course, be published or announced by the Price Source). In relation to a Commodity Index, each of the following is a "Commodity Market Disruption Event":

- (i) Price Source Disruption;
- (ii) Trading Disruption; or
- (iii) any Additional Commodity Market Disruption Events specified as applicable in the relevant Final Terms.

Delayed Publication or Announcement means, in respect of a Disruption Fallback in relation to any Commodity Index, that the relevant price for an Index Component for a Pricing Date will be determined based on the settlement price (or other reference price if specified in the applicable Final Terms) in respect of the original day scheduled as such Pricing Date that is published or announced by the relevant Price Source retrospectively on the first succeeding Index Business Day on which the Commodity Market Disruption Event ceases to exist, if applicable with respect to such Index Component, unless that Commodity Market Disruption Event continues to exist (measured from and including the original day that would otherwise have been the Pricing Date), or the relevant price for the Index Component continues to be unavailable, for five (5) consecutive Index Business Days, in which case the next Disruption Fallback will apply.

Disruption Fallback means, in relation to a Commodity Index, a source or method that may give rise to an alternative basis for determining the Relevant Commodity Price in respect of a Commodity Index (and/or its Index Components) when a Commodity Market Disruption Event occurs or exists on a day that is a Pricing Date (or, if different, the day on which prices for that Pricing Date would, in the ordinary course, be published or announced by the Price Source). A Disruption Fallback is applicable (in the order specified, if any) if it is specified in the applicable Final Terms or, if no Disruption Fallback is specified in the applicable Final Terms, the following Disruption Fallbacks shall be deemed to have been specified (in the following order):

- (i) with respect to each Index Component which is not affected by the Commodity Market Disruption Event, the Relevant Commodity Price of the Commodity Index will be based on the settlement price (or other reference price if specified in the applicable Final Terms) of each such Index Component in relation to the Pricing Date; and
- (ii) with respect to each Index Component which is is affected by the Commodity Market Disruption Event, the Relevant Commodity Price of the Commodity Index will be based on the settlement price (or other reference price if specified in the applicable Final Terms) for such Index Component determined by application of the following fallback provisions (in the following order):

- (1) first, Delayed Publication or Announcement (in relation to Price Source Disruption only) and Postponement (in relation to Trading Disruption only); and then
- (2) second, Calculation Agent Determination.

The Issuer may also specify in the applicable Final Terms any other "Disruption Fallbacks" that will apply to a particular series of Commodity Linked Securities and the relevant order in which they are to be applied.

Subject to so specifying in the applicable Final Terms, the Issuer may elect to treat certain Pricing Dates such that the Disruption Fallback in (ii)(1) above shall be replaced in its entirety with Preceding.

For the avoidance of doubt, with respect to a Pricing Date which is during an official roll period of a Commodity Index (as a result of which the Index Components include futures contracts with two different delivery dates for the same commodity), where the event or occurrence of a Commodity Market Disruption Event affects one, but not both, such Index Components for a commodity, the relevant price of the futures contracts not affected by the Commodity Market Disruption Event shall be determined pursuant to (i) above, and the affected futures contracts shall be determined pursuant to (ii) above.

Postponement means, in respect of a Disruption Fallback, that the Pricing Date will, for purposes of the application of this Disruption Fallback only, in relation to any Index Component of a Commodity Index, be deemed to be the first succeeding Index Business Day on which the Commodity Market Disruption Event ceases to exist, if applicable with respect to such Index Component, unless that Commodity Market Disruption Event continues to exist for five (5) consecutive Index Business Days (measured from and including the original day that would otherwise have been the Pricing Date) in which case the next Disruption Fallback will apply.

Preceding means, in respect of a Disruption Fallback, that the Pricing Date will, for purposes of the application of this Disruption Fallback only, in relation to any Index Component of a Commodity Index, be deemed to be the immediately preceding Index Business Day prior to the original day that would otherwise have been the Pricing Date, provided that where a Commodity Market Disruption Event, if applicable with respect to such Index Component has been in existence for five (5) consecutive preceding Index Business Days (measured from and including the original Pricing Date), the next applicable Disruption Fallback will apply.

Price Source Disruption means, the failure of the Price Source to announce or publish the settlement price for any Index Component (or other relevant price, or prices from which such price is calculated, if specified in the applicable Final Terms).

Trading Disruption means (as determined by the Calculation Agent) a material suspension of, or a material limitation imposed on, trading in any Index Component. Without limiting the exercise of judgment by the Calculation Agent, the following events will generally be deemed to constitute a Trading Disruption:

- (i) all trading in an Index Component is suspended for the entire Pricing Date;
- (ii) if the relevant Exchange establishes limits on the range within which the price of an Index Component may fluctuate, and the closing or settlement price of that Index Component on a Pricing Date is at the upper or lower limit of such range;
- (iii) all trading in the Index Component is suspended subsequent to the opening of trading on the Pricing Date, and trading does not recommence at least ten (10) minutes prior to, and

continue until, the regularly scheduled close of trading in such Index Component on such Pricing Date; or

- (iv) if the relevant Exchange establishes limits on the range within which the price of an Index Component may fluctuate, and the price of that Index Component on a Pricing Date has, at any time during the last ten (10) minutes prior to the regularly scheduled close of trading in such Index Component on such Pricing Date, traded at the upper or lower limit of such range.

4. **Definitions Relating to Additional Disruption Events**

Additional Disruption Event means, with respect to a Commodity Linked Security each of (i) Change in Law, (ii) Hedging Disruption Event, (iii) Increased Costs of Hedging, and (iv) any other event specified as such in the applicable Final Terms.

Change in Law means that, on or after the Trade Date (i) due to any action, adoption or any change in (or the announcement of the intention to take any action or make an adoption that could result in any change in) any applicable law or regulation (including, without limitation, any tax law), or any order, ruling, rule or procedure of any regulatory or tax authority or exchange (each, an **Applicable Regulation**) or (ii) due to the promulgation of or any change in the interpretation by any court, tribunal, other judicial, legislative or regulatory authority with competent jurisdiction in relation to any Applicable Regulation (including, without limitation, any action taken by a taxing authority, the United States Commodity Futures Trading Commission (**CFTC**), or exchange or trading facility acting under authority granted by the CFTC pursuant to the United States Commodity Exchange Act of 1936, as amended):

- (i) the Issuer determines (in its sole and absolute discretion) that it has or may become illegal for the Issuer and/or any of its Affiliates to hold, acquire, deal in or dispose of the Hedge Positions relating to the Commodity Linked Securities, or
- (ii) the Issuer determines (in its sole and absolute discretion) that the Issuer or any of its Affiliates will incur a materially increased cost in performing their obligations under the Commodity Linked Securities (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on their tax position).

Hedging Disruption Event: means that the Issuer and/or any of its Affiliates has or will become unable, after using commercially reasonable efforts, to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any Hedge Positions (whether in whole or in part) relating to the Commodity Linked Securities, or (ii) realise, recover or remit the proceeds of any such Hedge Positions.

Hedge Positions means, any purchase, sale, entry into or maintenance of one or more (i) positions or contracts in securities, options, futures, derivatives, foreign exchange or other assets, or (ii) other instruments, arrangements or transactions (howsoever described) by the Issuer or any of its Affiliates in order to hedge, in a manner acceptable to the hedging party, individually or on a portfolio basis or otherwise, the Issuer's obligations in respect of the Commodity Linked Securities.

Increased Costs of Hedging means that the Issuer and/or any of its Affiliates has or will incur a materially increased (as compared with circumstances existing on the Trade Date) amount of tax, duty, cost, expense or fee (other than brokerage commissions) to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any Hedge Positions (whether in whole or in part) with respect to the Commodity Linked Securities, or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer shall not be deemed an Increased Costs of Hedging.

5. Definitions Relating to Commodity Index Adjustment Events

Commodity Index Adjustment Event means an Index Cancellation, Index Disruption or Index Modification.

Index Cancellation means that the Commodity Index is permanently cancelled or the Index Sponsor announces its intention to permanently cancel the Index or that it will no longer calculate and announce the relevant Index Reference Price utilised in relation to the Commodity Linked Securities.

Index Disruption means that the Index Sponsor fails to calculate and/or announce the relevant Index Reference Price in relation to the Commodity Linked Securities (a) at any time following the Trade Date for a continuous period of ten (10) Index Business Day and/or (b) in respect of any Pricing Date or any other day on which the Calculation Agent would otherwise be required to determine the Index Reference Price.

Index Modification means that the Index Sponsor announces that it will make a material change in the formula for or the method of calculating the Commodity Index or in any other way materially modifies the Commodity Index.

6. Certain General Definitions Relating to Commodity Reference Prices

(a) *Rolling and Commodity Reference Prices*

Commodity futures contracts normally have stated expirations and, at a specified point in time prior to such expiration, trading in a specific commodity futures contract for the current delivery month will cease. In addition, commodities futures contracts will usually specify a date certain for, or a period during which, delivery of the underlying physical commodity can be made; these "notice" days (or "notice period") relating to delivery can be on or begin before, after or even on the date of expiration of the futures contract. As a result, a market participant wishing to maintain its exposure to a futures contract on a particular commodity with the nearest expiration must close out its position in the expiring contract and establish a new position in the contract for the next delivery month – taking into account the relevant notice days so that physical delivery of the commodity is not triggered – in a process referred to as "rolling". Market participants will routinely roll their futures positions in commodities, whether for outright investment purposes or in relation to hedging.

For example, a market participant has a long position in Cocoa-NYBOT May 2010 futures, the last trading day for these futures is 15 May 2010 and the first notice day relating to delivery is several weeks before on 20 April 2010. If the market participant wishes to maintain a position in the nearest delivery month then it will, as the May contract nears the first notice day, sell May futures, which serves to close out the existing long position, and buy July 2010 futures (July is the next Cocoa-NYBOT contract). This will "roll" the May position into a July position, and, when the May contract expires, the market participant will still have a long position in the nearest delivery month without having incurred any delivery obligations in relation to the May contract.

In cases where the first notice day for physical delivery relating to a commodity is on the same day as the last trading day, a market participant will take into account any liquidity issues in the relevant futures contract when deciding when it will roll its position. In some cases, there will be significant liquidity up until the last trading day and in others the opposite effect will take place, all of which will depend on the specific commodity in question and market conditions.

As a result of the foregoing, and with consideration to the Issuer's (or its Affiliates') hedging policy in relation to any Commodity Linked Security, the Commodity Reference Prices for certain commodities will provide for "rolling" provisions where a Pricing Date is within a notice period or on the last trading day of the relevant futures contract. These provisions will be specified in the applicable Final Terms (as demonstrated in the examples set forth below) in conjunction with the use of the following defined terms:

First Notice Day means, in respect of the relevant Futures Contract, the first day on which notice may be given for delivery of the commodity under such Futures Contract, as published by the relevant Exchange.

Last Trading Day means, in respect of the relevant Futures Contract, the final day during which trading may take place in such Futures Contract, as published by the relevant Exchange.

Last Trading Day Provisions (1st) means, that if a Pricing Date falls on the Last Trading Day of the expiring Futures Contract for the relevant Delivery Date, then the Specified Price of such Futures Contract (and not that of the immediately following Futures Contract) shall be used.

Last Trading Day Provisions (2nd) means, that if a Pricing Date falls on the Last Trading Day of the expiring Futures Contract for the relevant Delivery Date, then the Specified Price of the immediately following Futures Contract to expire after such Pricing Date shall be used.

Roll Provisions means, that if a Pricing Date:

- (i) falls in the period from, and including, the First Notice Day to, but excluding, the Last Trading Day of a Futures Contract for the relevant Delivery Date then the Specified Price of the second Futures Contract to expire immediately following such Pricing Date shall be used; or
- (ii) is on the Last Trading Day of the expiring Futures Contract for a relevant Delivery Date then the Specified Price of the immediately following Futures Contract to expire after such Pricing Date shall be used.

Example Commodity Reference Prices; Rolling

Relevant Commodity	Commodity Reference Price	Specified Price	Delivery Date
GOLD	GOLD-P.M. FIX	n/a	n/a
WTI	OIL-WTI-NYMEX	Settlement Price	First Nearby Month (subject to Last Trading Day Provisions (1st))
CORN	CORN-CBOT	Settlement Price	First Nearby Month (subject to Roll Provisions)

be suffered or incurred by the Hypothetical Investor in connection with such redemption. Where amounts are to be determined by reference to a Relevant Holding which is less than any minimum holding a Hypothetical Investor may hold, or is a fraction of a Fund Interest or if the Calculation Agent

determines it appropriate to reflect hedging arrangements of the Issuer and/or its Affiliates, such determination may be made on an aggregated basis by reference to all Securities then outstanding.

Removal Date means, in respect of an Affected Fund Interest (as defined in Fund Condition 3 below), the date on which the Calculation Agent determines that a Hypothetical Investor would receive the Removal Value in respect of a redemption or realisation of such Affected Fund Interest effected as soon as reasonably practicable following the time at which the Calculation Agent determines the applicable consequence of the relevant Fund Event pursuant to Fund Linked Condition 4.

4. Consequences of a Fund Event

Following the existence or occurrence of a Fund Event (whether or not such Fund Event is continuing), the Issuer may take the action described in any of paragraphs (i) to (iv) below as it determines appropriate to account for the relevant Fund Event. **For the avoidance of doubt, action may be taken any number of times under this provision, whether or not in relation to the same event and whether or not the consequence of such action is the same or different:**

- (i) The Issuer may require the Calculation Agent to make such determinations and/or adjustments to the Conditions and/or the applicable Final Terms as it determines appropriate to account for the Fund Event, which may include, without limitation:
 - (A) delaying any determination until it determines that no Fund Event exists;
 - (B) using an estimated or modified value of a Fund Interest taking into account the occurrence or existence of the relevant Fund Event, prevailing market conditions, and by reference to such source(s) as it determines appropriate which may include, without limitation, the last communicated official and/or estimated Fund net asset value(s);
 - (C) making corresponding adjustments, if any, to any one or more of any of the terms of the Conditions and/or the applicable Final Terms (which may include, without limitation, delaying any date for payment or delivery under the Securities) as the Calculation Agent determines appropriate to account for the relevant Fund Event and determine the effective date of that adjustment; and/or
 - (D) in case of a Fund Potential Adjustment Event replace all or part of the Fund Interest by the kind and number of units or other securities and property received upon such subdivision, consolidation, reclassification, distribution, issue or repurchase or conveyance by a holder of Fund Interests (and, without limitation, this may include electing to treat Spin-off Fund Interests as additional Fund Interests) for the purposes of determining the value of the Fund Interest (and as appropriate make corresponding replacements of the fund issuer) and make any adjustment (if necessary) to the value of such Fund Interest and corresponding appropriate adjustments to any other terms of the Conditions and/or the applicable Final Terms that the Calculation Agent considers relevant; and/or
 - (E) if "Fund Replacement following Fund Event" is specified as applicable in the applicable Final Terms, replacing a Fund Interest (the **Affected Fund Interest**) with a replacement fund interest (the **Replacement Fund Interest**) in a fund which in the

determination of the Calculation Agent has similar characteristics, investment objectives and policies to those applicable to the Fund to which the Affected Fund Interest relates immediately prior to the occurrence of the Fund Event. Such replacement shall be made on terms that the Relevant Holding of the Replacement Fund at or about the time of the replacement shall have a reported value as determined by the Calculation Agent as near as reasonably practical equal to the Removal Value for the Affected Fund Interest less any costs incurred by the Issuer and/or any of its Affiliates in relation to such Fund replacement (including costs incurred in relation to any hedging arrangements entered into by the Issuer and/or any of its Affiliates or agents in connection therewith).

If the Calculation Agent replaces an Affected Fund Interest with a Replacement Fund Interest, such replacement shall take effect on the first reasonably practicable date following the Removal Date for such Affected Fund Interest on which the Calculation Agent determines that a Hypothetical Investor could acquire the Replacement Fund Interest.

- (ii) The Issuer may, on giving notice to the Securityholders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable, redeem or cancel, as applicable, all (but not some only) of the Securities, each Security being redeemed (in the case of N&C Securities) at the Early Redemption Amount or cancelled (in the case of W&C Securities) at the Early Cancellation Amount.

The Issuer may, on giving notice to the Securityholders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable, redeem or cancel, as applicable, all (but not some only) of the Securities in accordance with paragraph (ii) above but, in respect of all or a part only of each Early Redemption Amount or Early Cancellation Amount, as the case may be, elect, in lieu of payment, to deliver or procure delivery of some or all of the relevant Fund Interests (or, if applicable, Spin-off Fund Interests) to which the Securities relate. Notification of such election will be given to Securityholders as soon as reasonably practicable after such election being made together with details of the procedures to be followed for such delivery and which may, without limitation, require Securityholders to give an asset transfer notice to the Issuer or its agent or give certain representations (which may include a representation that the Securityholder has taken independent advice to determine that, from a legal, regulatory and tax perspective, it is able to hold the relevant Fund Interests) or information to the Fund or observe similar procedures as a precondition to receiving such delivery (such requirements shall be set out in the above notice to Securityholders).

- (iii) The Issuer may, on giving notice to the Securityholders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable, elect to redeem or cancel, as applicable, such portion of all but not some only of the Securities, if any, as corresponds to the Fund Interests to which the Securities relate (or portion thereof) which the Calculation Agent determines could be realised by a Hypothetical Investor for immediately available cash proceeds following such election and in accordance with the timing of such proceeds payable to such Hypothetical Investor, in each case at a pro rata share of such cash proceeds (or such other amount as reflects the contribution of such Fund Interest(s) to the Securities) less all unwind costs, taxes and expenses incurred by the Issuer or any Affiliate or agent in such realisation. In respect of the remaining portion (which may be all) of the Securities the Issuer may at its option require the Calculation Agent to make further adjustments to account for the Fund Event and the partial redemption or cancellation. Payment of any amounts in respect of such partial redemption or cancellation, as applicable, will be made in such manner as shall be notified to the Securityholders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable.

- (iv) The Issuer may elect that the provisions of Fund Linked Condition 5 shall apply to the Securities.

Upon taking any action described in sub-paragraphs (i) to (iv) above following the occurrence of a Fund Event, the Issuer shall give notice as soon as reasonably practicable to the Securityholders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable, giving details of the action proposed to be taken in relation thereto, Provided That any failure to give, or non-receipt of, such notice will not affect the validity of such action.

5. Maturity/ Coupon Payment Date/Settlement Date Extension

- (i) Where the Calculation Agent determines that a Hypothetical Investor which submits one or more redemption requests for one or more Fund Interests in a timely manner to receive such redemption proceeds (**Redemption Proceeds**) as the Issuer may require to meet its scheduled periodic or final payment or delivery obligations (each a **Scheduled Obligation**) under the Securities would not receive such Redemption Proceeds in respect of one or more of the Fund Interests in full on or prior to the time such Scheduled Obligations would be scheduled to fall due, the Calculation Agent may notify the Securityholders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9 that the Maturity Date, relevant Coupon Payment Date or Settlement Date or any other relevant date for payment or delivery, as the case may be (the **Scheduled Obligation Date**), shall be postponed until the earlier of (i) such time (if any) as the Calculation Agent determines that the Redemption Proceeds in respect of all Affected Fund Interests would be received in full by a Hypothetical Investor (the **Delayed Receipt Date**) or (ii) the last day of the Delay Period (as defined below).

Delay Period means, unless otherwise specified in the applicable Final Terms, the date falling two years immediately following the relevant Scheduled Obligation Date.

- (ii) As soon as practicable following the Delayed Receipt Date the Calculation Agent shall give notice to Securityholders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9 and pay to each Securityholder the corresponding Scheduled Obligation provided that, if the Calculation Agent determines that a Hypothetical Investor would not have received any Redemption Proceeds in respect of the Affected Fund Interests on or prior to the last day of the Delay Period, the Issuer's obligation to pay the relevant Scheduled Obligation shall be cancelled and the Issuer shall have no further obligations in respect of such obligation and, if no other Scheduled Obligation remains outstanding, the Securities shall be cancelled and the Issuer have no further obligations in respect thereof. The Issuer shall not be obliged to pay any additional amount or interest payment as a result of any such delay or (in the case of interest bearing Fund Linked N&C Securities) any additional interest amount.
- (iii) Where the Calculation Agent determines that some but not all Redemption Proceeds (and/or Redemption Proceeds in respect of some but not all Affected Fund Interests) would be received by a Hypothetical Investor on or prior to the last day of the Delay Period (any such day of receipt, a **Receipt Date**) the Issuer will either:
 - (x) elect to pay a *pro rata* share of such partial Redemption Proceeds or such other amount as reflects the contribution of the Affected Fund Interest(s) to the Scheduled Obligation (the **Relevant Amount**), to Securityholders as soon as reasonably practicable following each such Receipt Date which occurs up to and including the Delayed Receipt Date, as provided above, or the last day of the Delay Period (as defined above), as the case may be; or (at its option)

- (y) elect to pay, in respect of each Security, the sum of all Relevant Amounts determined for that Security at the earlier of (A) the Delayed Receipt Date, as provided above, and (B) the last day of the Delay Period (as defined above), as the case may be, together with an amount representing such interest at a LIBOR or other relevant funding rate as the Calculation Agent determines would have accrued (on a compound basis) on the Securityholder's *pro rata* share of such partial Redemption Proceeds had such partial Redemption Proceeds been placed on deposit with the Issuer in London, in each case in the period from and including the relevant Receipt Date to but excluding the second Business Day immediately prior to the due date for payment to Securityholders.

Following payment pursuant to (x) or (y) above the Issuer's obligation to pay the relevant Scheduled Obligation shall be cancelled and the Issuer shall have no further obligations in respect of such obligation and, if no other Scheduled Obligation remains outstanding, the Securities shall be cancelled and the Issuer have no further obligations in respect thereof.

 - (x) of any suspension of or limitation imposed on trading by the relevant Exchange or Related Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the relevant Exchange or Related Exchange or otherwise:
 - (A) relating to the relevant Fund Share on such Exchange; or
 - (B) relating to securities that comprise 20 per cent. or more of the level of the relevant Underlying Index or any relevant successor index; or
 - (C) in futures or options contracts relating to such Fund Shares or the relevant Underlying Index on any relevant Related Exchange (**Trading Disruption**); or
 - (y) of any event (other than an event described in (b) below) that disrupts or impairs (as determined by the Calculation Agent) the ability of market participants in general to (i) effect transactions in, or obtain market values for, the Fund Shares on the Exchange, (ii) effect transactions in, or obtain market values for securities that comprise 20 per cent. or more of the level of the relevant Underlying Index, or (iii) to effect transactions in, or obtain market values for, futures or options contracts relating to such Fund Shares or the relevant Underlying Index on any relevant Related Exchange (**Exchange Disruption**); or
- (b) the closure on any Exchange Business Day of any relevant Exchange(s) or any Related Exchange(s) prior to its Scheduled Closing Time unless such earlier closing time is announced by such Exchange(s) or such Related Exchange(s), as the case may be, at least

The Issuer shall give notice as soon as practicable to the Securityholders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable, of the occurrence of a Disrupted Day on any day that, but for the occurrence of a Disrupted Day, would have been a Valuation Date or an Averaging Date provided that any failure to give, or non-receipt of, such notice will not affect the validity of any such Disrupted Day.

8.2 Consequences of Disrupted Days

Single Valuation/Averaging Dates

Where the Securities relate to the Fund Shares of a single ETF and the Calculation Agent determines that any Valuation Date or Averaging Date is a Disrupted Day in respect to the Fund Shares of that ETF, then the relevant Valuation Date or Averaging Date, as applicable, shall be the first succeeding Scheduled Trading Day that the Calculation Agent determines is not a Disrupted Day provided that:

- (a) such day shall be no later than the Disruption Cut-off Date, notwithstanding that such day is a Disrupted Day in respect of the relevant Fund Shares; and
- (b) the Calculation Agent shall determine its good faith estimate of the value for such Fund Shares that would have prevailed but for that Disrupted Day as of the Valuation Time on that Disruption Cut-off Date.

8.3 Fund Basket and Mixed Basket Valuation/Averaging Dates

Where the Securities relate to a Fund Basket or a Mixed Basket and the Calculation Agent determines that any Valuation Date or Averaging Date is a Disrupted Day in respect of any Fund Shares comprising the relevant Fund Basket or Mixed Basket, then:

- (i) the Valuation Date or Averaging Date, as applicable, for each Fund Share which the Calculation Agent determines is not affected by the occurrence of a Disrupted Day shall be the scheduled Valuation Date or Averaging Date, as applicable; and
- (ii) the Valuation Date or Averaging Date, as applicable, for each Fund Share which the Calculation Agent determines is affected by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that the Calculation Agent determines is not a Disrupted Day relating to that Fund Share, provided that (A) such day shall be no later than the Disruption Cut-off Date, notwithstanding that such day is a Disrupted Day in respect of the Fund Share and (B) the Calculation Agent shall determine its good faith estimate of the

value for such Fund Shares that would have prevailed but for that Disrupted Day as of the Valuation Time on that Disruption Cut-off Date.

9. Potential Adjustment Events

Potential Adjustment Event means any of the following:

- (iii) an extraordinary dividend as determined by the Calculation Agent;
- (iv) a call by the ETF in respect of relevant Fund Shares that are not fully paid;
- (v) a repurchase by the ETF or any of its subsidiaries of relevant Fund Shares, whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise;
- (vi) in respect of an ETF, an event that results in any shareholder rights being distributed or becoming separated from Fund Shares of common stock or other shares of the capital stock of the ETF pursuant to a shareholder rights plan or arrangement directed against hostile takeovers that provides upon the occurrence of certain events for a distribution of preferred stock, warrants, debt instruments or stock rights at a price below their market value, as determined by the Calculation Agent;
- (vii) any redemption of such rights as are referred to in (vi) above; or
- (viii) any other event that may have a diluting or concentrative effect on the theoretical value of the relevant Fund Shares.

Following a Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the relevant Fund Shares or on the composition of the Fund Basket or Mixed Basket, as applicable, and, if so, the Calculation Agent will determine and make the appropriate adjustment(s), if any, to be made to one or more of any variable(s) relevant to the exercise, settlement, payment or other terms of the Securities as the Calculation Agent determines appropriate to account for the Potential Adjustment Event and determine the effective date(s) of that adjustment(s) (which may include but shall not be limited to adjustment(s) to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relative to the relevant Fund Share). The Calculation Agent may (but need not) determine the appropriate adjustment(s) by reference to the adjustment(s) in respect of such Potential Adjustment Event made by an options exchange to options on the relevant Fund Shares traded on such options exchange.

Upon the making of any such adjustment, the Calculation Agent shall as soon as is reasonably practicable under the circumstances give notice to the Securityholders in accordance with N&C

Securities Condition 16 or W&C Securities Condition 9, as applicable, stating the adjustment made and giving brief details of the Potential Adjustment Event, provided that any failure to give, or non-receipt of, such notice will not affect the validity of any such adjustment.

10. De-listing, Insolvency, Material Underlying Event, Merger Event, Nationalisation and Tender Offer

10.1 De-listing, Insolvency, Material Underlying Event, Merger Event, Nationalisation and Tender Offer

If a De-listing, Merger Event, Tender Offer, Nationalisation, Insolvency or Material Underlying Event (in each case as defined below) occurs in relation to any Fund Share, the Issuer may take the action described in (i), (ii), (iii), (iv) or (v) below:

- (i) require the Calculation Agent to determine the appropriate adjustment(s), if any, to be made to any terms of the Conditions and/or the applicable Final Terms to account for the De-listing, Merger Event, Tender Offer, Nationalisation, Insolvency or Material Underlying Event, as the case may be, and determine the effective date(s) of such adjustment(s) and for these purposes (a) the Calculation Agent may (but need not) determine the appropriate adjustment(s) by reference to the adjustment(s) in respect of the relevant event made by any options exchange to options on the relevant Fund Share traded on that options exchange and the relevant adjustments may in the case of adjustments following a Merger Event or Tender Offer include, without limitation, adjustments to account for changes in volatility, stock loan rate or liquidity relevant to the Fund Shares and/or (b) in the case of a Fund Basket or Mixed Basket, the Calculation Agent may remove the affected Fund Share from the Fund Basket or Mixed Basket and make such adjustments to the Securities as it determines appropriate (which may, without limitation, include any value or weighting of the remaining Fund Shares) in order to account for the price or value of the affected Fund Share at the time of its removal as well as the cost to the Issuer and/or any Affiliate of adjusting any associated hedging arrangements (and this may mean that the economic benefit of the Securities for the Securityholder is reduced or that the removal of the Fund Share has a material adverse effect on the Securities);
- (ii) where the Fund Linked Securities relate to a Fund Basket or a Mixed Basket, on giving notice to the Securityholders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable, redeem each N&C Security or cancel each W&C Security, as applicable, in part. If a Security is so redeemed or cancelled in part the portion (the **Partial Amount**) of each such Security representing the affected Fund Share(s) shall be redeemed or cancelled, as applicable, and the Issuer will (x) pay to each Securityholder in respect of each Security held by him an amount equal to the fair market value of the Partial Amount, taking into account the Merger Event, De-listing, Nationalisation, Insolvency, Tender Offer or Material Underlying Event, as the case may be, less the cost to the Issuer and/or any Hedging Party of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent; and (y) require the Calculation Agent to determine the appropriate adjustment, if any, to be made to any of the Conditions and/or the applicable Final Terms to account for such redemption or cancellation in part. For the avoidance of doubt the remaining part of each such Security after such redemption or cancellation and adjustment shall remain outstanding with full force and effect (subject to adjustment as provided above). Payments will be made in such manner as shall be notified to the Securityholders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable;
- (iii) give notice to the Securityholders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable, and redeem or cancel, as applicable, all, but not some

only, of the Securities, each N&C Security being redeemed at the Early Redemption Amount and each W&C Security being cancelled at the Early Cancellation Amount;

- (iv) if "Options Exchange Adjustment" is specified as applicable in the applicable Final Terms, following such adjustment to the settlement terms of options on the Fund Shares traded on such exchange(s) or quotation system(s) as the Issuer shall select (the **Options Exchange**), require the Calculation Agent to make a corresponding adjustment to any one or more of the Conditions and/or the applicable Final Terms, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Options Exchange. If options on the Fund Shares are not traded on the Options Exchange, the Calculation Agent will make such adjustment, if any, to any one or more of the Conditions and/or the applicable Final Terms as the Calculation Agent determines appropriate, with reference to the rules and precedents (if any) set by the Options Exchange to account for the De-listing, Merger Event, Tender Offer, Nationalisation, Insolvency or Material Underlying Event, as the case may be, that in the determination of the Calculation Agent would have given rise to an adjustment by the Options Exchange if such options were so traded; or
- (v) if "Fund Share Substitution" is specified as applicable in the applicable Final Terms, then on or after the relevant Merger Date, De-listing, Nationalisation, Insolvency, Tender Offer Date or Material Underlying Event, as the case may be, require the Calculation Agent to adjust the Conditions and/or the applicable Final Terms to include fund shares (the **Substitute Fund Shares**) selected by the Calculation Agent in accordance with the criteria for fund share selection (**Fund Share Substitution Criteria**), if any, set out in the applicable Final Terms, or otherwise as provided below, in place of the Fund Share(s) (for the purposes of this Fund Linked Condition 10, the **Affected Fund Share(s)**) which are affected by such Merger Event, De-listing, Nationalisation, Insolvency, Tender Offer or Material Underlying Event and the Substitute Fund Shares will, from the date so determined by the Calculation Agent (the **Fund Share Substitution Date**) be deemed to be "Fund Shares" and the relevant ETF (the **Substitute ETF**), an "ETF" for the purposes of the Securities, and the Calculation Agent will make such adjustment, if any, to any of the Conditions and/or the applicable Final Terms as the Calculation Agent determines appropriate and the provisions of Fund Linked Condition 10.2 below shall apply. If "Fund Share Substitution" is specified as applicable in the applicable Final Terms but no Fund Share Substitution Criteria are set out in the Final Terms, the Calculation Agent will use reasonable endeavours to ensure that, to the extent practicable, any Substitute ETF will (i) have fund shares quoted in the same currency and (ii) be traded on the same exchange as the ETF in respect of the Affected Fund Shares, in each case at the time of substitution.

Upon the occurrence of a De-listing, Merger Event, Tender Offer, Nationalisation, Insolvency or Material Underlying Event, the Issuer shall give notice as soon as practicable to the Securityholders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable, stating the occurrence of the De-listing, Merger Event, Tender Offer, Nationalisation, Insolvency or Material Underlying Event, as the case may be, giving details thereof and the action proposed to be taken in relation thereto provided that any failure to give, or non-receipt of, such notice will not affect the validity of any such De-listing, Merger Event, Tender Offer, Nationalisation, Insolvency or Material Underlying Event, as the case may be.

For the avoidance of doubt nothing in these Fund Linked Conditions shall require the Calculation Agent, the Issuer or the Guarantor (if any) to monitor any ETF or Fund Share on an on-going basis and no representation (express or implied) is made that there will be any such monitoring.

Where:

De-listing means, in respect of a Fund Share, that the relevant Exchange announces that pursuant to the rules of such Exchange, such Fund Share ceases (or will cease) to be listed, traded or publicly quoted on such Exchange for any reason (other than a Merger Event or Tender Offer) and is not immediately re-listed, re-traded or re-quoted on an exchange or quotation system located in the same country as the Exchange (or, where the Exchange is within the European Union, in a member state of the European Union).

Insolvency means that by reason of the voluntary or involuntary liquidation, bankruptcy, insolvency, dissolution or winding-up of or any analogous proceeding affecting an ETF, (A) all the Fund Shares of that ETF are required to be transferred to a trustee, liquidator or other similar official or (B) holders of the Fund Shares of that ETF become legally prohibited from transferring them.

Material Underlying Event means any of the following:

- (i) the investment objectives and/or policies in respect of the ETF are materially changed;
- (ii) an illegality occurs or a relevant authorisation or licence is revoked in each case in respect of the ETF and/or the ETF is required by a competent authority (other than any holder of the Fund Shares) to redeem any Fund Shares;
- (iii) other than where the following constitutes an Additional Disruption Event, there is a change in any relevant jurisdiction in respect of any payments made by the ETF in respect of any Fund Share as a result of which the amounts paid or to be paid by the Issuer in connection with hedging arrangements relating to the Securities are materially reduced or otherwise adversely affected; and/or
- (iv) other than where the following constitutes an Additional Disruption Event, any other event occurs in relation to the ETF and/or the Fund Shares which is materially prejudicial to the Issuer in connection with the issue of the Securities or any hedging arrangements relating to the Securities,

all as determined by the Calculation Agent.

Merger Event means, in respect of any relevant Fund Shares, any (i) reclassification or change of such Fund Shares that results in a transfer of or an irrevocable commitment to transfer all of such Fund Shares outstanding to another entity or person, (ii) consolidation, amalgamation, merger or binding share exchange of the ETF with or into another entity or person (other than a consolidation, amalgamation, merger or binding share exchange in which such ETF is the continuing entity and which does not result in any such reclassification or change of all such Fund Shares outstanding) or (iii) takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Fund Shares of the relevant ETF that results in a transfer of or an irrevocable commitment to transfer all such Fund Shares (other than such Fund Shares owned or controlled by such other entity or person), or (iv) consolidation, amalgamation, merger or binding share exchange of the ETF or its subsidiaries with or into another entity in which the ETF is the continuing entity and which does not result in a reclassification or change of all such Fund Shares outstanding but results in the outstanding Fund Shares (other than Fund Shares owned or controlled by such other entity) immediately prior to such event collectively representing less than 50 per cent. of the outstanding Fund Shares immediately following such event (a **Reverse Merger**).

Nationalisation means that all the Fund Shares or all or substantially all the assets of an ETF are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority, entity or instrumentality thereof.

Tender Offer means a takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person that results in such entity or person purchasing, or otherwise obtaining or having the right to obtain, by conversion or other means, greater than 10 per cent. and less than 100 per cent. of the outstanding voting shares of the relevant ETF, as determined by the Calculation Agent, based upon the making of filings with governmental or self-regulatory agencies or such other information as the Calculation Agent deems relevant.

Tender Offer Date means, in respect of a Tender Offer, the date on which voting shares in the amount of the applicable percentage threshold are actually purchased or otherwise obtained (as determined by the Calculation Agent).

10.2 Valuation of Fund Shares of Substitute ETFs

For the purposes of any adjustments to account for a Fund Share substitution as referred to in Fund Linked Condition 10.1(v) above, the Calculation Agent shall adjust the relevant values, levels, variables or terms for the valuation or observation of the Substitute Fund Shares in the terms of the Securities in order to account for the price or value of the Affected Fund Shares at the time of their removal as well as the cost to the Issuer and/or any Affiliate of adjusting any associated hedging arrangements. This may mean that the economic benefit, if any, of the Fund Share substitution for the Securityholder is reduced or that the Fund Share substitution has a material adverse effect on the Securities. For example, and without limitation, the value of the Substitute Fund Shares may be adjusted by the same proportion as any fall in value of the Affected Fund Share at the time of its removal relative to the Trade Date and may be further reduced to account for the cost to the Issuer and/or any Affiliate of adjusting any associated hedging arrangements.

11. Correction of Fund Share Prices

If the price of a Fund Share published on any Valuation Date, Averaging Date or any other date for Fund Share valuation or observation, as the case may be, by the relevant Exchange and which is utilised for any calculation or determination made for the purposes of the Securities (a **Relevant Calculation**) is subsequently corrected and the correction (the **Corrected Fund Share Price**) published by the relevant Exchange no later than two Business Days prior to the date of payment of any amount calculated by reference to the Relevant Calculation then the Calculation Agent may, but shall not be required to, treat such Corrected Fund Share Price as the relevant price for such Fund Share on such Valuation Date, Averaging Date or other relevant date, as the case may be, and the Calculation Agent shall use such Corrected Fund Share Price in determining the Relevant Calculation.

12. Consequences of Additional Disruption Events

In the event that an Additional Disruption Event occurs as determined by the Calculation Agent, then the Calculation Agent shall either (a)(i) make such adjustment to the exercise, settlement, payment or any other terms of the Securities as the Calculation Agent determines appropriate to account for such Additional Disruption Event and (ii) determine the effective date of that adjustment, or (b) if the Calculation Agent determines that no adjustment that it could make under (a) will produce a commercially reasonable result, notify the Issuer thereof in which event the Issuer may redeem or cancel all, but not some only, of the Securities as of such date as the Calculation Agent shall determine by notice given to the Securityholders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable, each N&C Security being redeemed at the Early Redemption Amount and each W&C Security being cancelled at the Early Cancellation Amount. Payment in respect of such early redemption or cancellation shall be made as specified in such notice to Securityholders.

13. Knock-In, Knock-Out Provisions

13.1 Knock-In, Knock-Out

If a "Knock-Out Event" is specified in the Final Terms, then the payment and/or delivery provisions under the Securities relating to the occurrence of a Knock-Out Event shall be as set out in the applicable Final Terms.

13.2 Disrupted Days

If the Knock-In Valuation Time or the Knock-Out Valuation Time specified in the applicable Final Terms is other than a single time on each relevant day and if on any Knock-In Determination Day or Knock-Out Determination Day, as of any Knock-In Valuation Time or Knock-Out Valuation Time, a Knock-In Event or Knock-Out Event has or would have occurred but the conditions for a Disrupted Day have been satisfied at such time then, unless otherwise provided in the applicable Final Terms, (A) if "Knock-In/Knock-Out intraday valuation consequences of disruption" is specified as Omission in the applicable Final Terms, such Valuation Time shall be ignored for purposes of determining whether a Knock-In Event or a Knock-Out Event has occurred; Provided That if no Knock-In Event or Knock-Out Event has occurred in the Knock-In Determination Period or Knock-Out Determination Period and the conditions for a Disrupted Day are satisfied as of the last occurring Knock-In Valuation Time or Knock-Out Valuation Time on the Knock-In Period Ending Date or Knock-Out Period Ending Date, then such day shall be treated as a Valuation Date to which the provisions contained in Fund Linked Condition 8 (*Disrupted Days*) apply and the Calculation Agent shall determine a price of the relevant Fund Share(s) in respect of such day in accordance with such provisions for purposes of determining whether a Knock-In Event or Knock-Out Event shall occur, or (B) if "Knock-In/Knock-Out intraday valuation consequences of disruption" is specified as Materiality in the applicable Final Terms, then (i) where the Calculation

Agent determines that the relevant event or occurrence giving rise to such Disrupted Day is not material for the purposes of determining the price of the relevant Fund Share(s) as of such time, the Knock-In Event or Knock-Out Event, as applicable, shall occur notwithstanding such event or occurrence, or (ii) where the Calculation Agent determines that the relevant event or occurrence giving rise to such Disrupted Day is material for the purposes of determining the price of the relevant Fund Share(s) as of such time, then the Knock-In Event or the Knock-Out Event shall be deemed not to have occurred at such time; Provided That if no Knock-In Event or Knock-Out Event has occurred in the Knock-In Determination Period or Knock-Out Determination Period and the conditions for a Disrupted Day are satisfied as of the last occurring Knock-In Valuation Time or Knock-Out Valuation Time on the Knock-In Period Ending Date or Knock-Out Period Ending Date, as applicable, then such day shall be treated as a Valuation Date to which the provisions contained in Fund Linked Condition 8 (*Disrupted Days*) apply and the Calculation Agent shall determine a price of the relevant Share(s) in respect of such day in accordance with such provisions for purposes of determining whether a Knock-In Event or Knock-Out Event shall occur.

the Issuer may take the action described in (A) or (B) below as it deems appropriate:

1. INDEX DELAY AND DISRUPTION EVENT PROVISIONS

1.1 Delay of Publication

If the Calculation Agent determines that any Index Level for a Reference Month which is relevant to the calculation of any payment or delivery under the Securities and/or any other determination in respect of the Securities (a **Relevant Level**) has not been published or announced by the related Cut-off Date, the Calculation Agent shall determine an alternative level in place of such Relevant Level (a **Substitute Index Level**) by using the following methodology:

- (i) if Related Bond is specified as applicable in the applicable Final Terms, the Calculation Agent shall take the same action to determine the Substitute Index Level for the applicable Payment/Delivery Date or date for determination, as applicable, as that taken pursuant to the terms and conditions of the relevant Related Bond;
- (ii) if (I) Related Bond is not specified as applicable in the applicable Final Terms, or (II) the Calculation Agent is not able to determine a Substitute Index Level pursuant to paragraph (i) above for any reason, then the Calculation Agent shall determine the Substitute Index Level by reference to the following formula:

Substitute Index Level = Base Level x (Latest Level/Reference Level); or

- (iii) otherwise in accordance with any formula or method specified in the applicable Final Terms,

where:

Base Level means the Index Level (excluding any "flash" estimates) published or announced by the Index Sponsor in respect of the month that is 12 calendar months prior to the month for which the Substitute Index Level is being determined.

Latest Level means the latest Index Level (excluding any "flash" estimates) published or announced by the Index Sponsor prior to the month in respect of which the Substitute Index Level is being determined.

Reference Level means, in respect of an Index, the Index Level (excluding any "flash" estimates) published or announced by the relevant Index Sponsor in respect of the month that is 12 calendar months prior to the month referred to in "Latest Level" above.

If a Relevant Level is published or announced at any time on or after the Cut-off Date then, subject as provided in Inflation Linked Condition 1.3.3(c), such Relevant Level will not be used in any calculations. The Substitute Index Level so determined pursuant to this Inflation Linked Condition 1.1 will be the definitive level for that Reference Month.

The Issuer shall give notice to Securityholders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable, of any Substitute Index Level calculated pursuant to this Inflation Linked Condition 1.1.

1.2 Cessation of Publication

If the Calculation Agent determines that the Index Level has not been published or announced by the relevant Index Sponsor for two consecutive months or the Index Sponsor announces that it will no longer continue to publish or announce such Index and/or the Index Sponsor cancels the Index, then the Calculation Agent shall determine a successor index in lieu of any previously applicable Index (a **Successor Index**) for the purposes of the Securities by using the following methodology:

- (i) if Related Bond is specified as applicable in the applicable Final Terms, the Calculation Agent shall determine a Successor Index by reference to the corresponding successor index determined under the terms and conditions of the Related Bond;
- (ii) if (x) Related Bond is not specified as applicable in the applicable Final Terms, or (y) a Related Bond Redemption Event has occurred, is specified as applying in the applicable Final Terms and "Fallback Bond" is not specified as applicable in the applicable Final Terms, the Index Sponsor announces that it will no longer publish or announce the Index but that it will be superseded by a replacement Index specified by the Index Sponsor, and the Calculation Agent determines that such replacement index is calculated using the same or substantially similar formula or method of calculation as used in the calculation of the previously applicable Index, such replacement index shall be deemed the Successor Index for the purposes of the Securities from the date that such replacement Index comes into effect;
- (iii) if no Successor Index has been determined under paragraphs (i) or (ii) above, the Calculation Agent shall ask five leading independent dealers to state what the replacement index for the Index should be. If at least four responses are received, and of those four or five responses, three or more leading independent dealers state the same index, such index will be deemed the Successor Index. If three responses are received, and two or more leading independent dealers state the same index, such index will be deemed the Successor Index. If fewer than three responses are received by the Cut-off Date or no Successor Index is determined pursuant to this provision, the Calculation Agent will apply the provisions of paragraph (iv) below;

- (iv) if no Successor Index has been determined pursuant to paragraphs (i), (ii) or (iii) above, by the next occurring Cut-off Date, subject as provided below, the Calculation Agent will determine an appropriate alternative index as of such Cut-off Date, and such index will be deemed the Successor Index for the purposes of the Securities;
- (v) if the Calculation Agent determines that there is no appropriate alternative index, in relation to:
 - (a) N&C Securities, then the Issuer shall give notice to the Securityholders in accordance with N&C Securities Condition 16 and redeem all (but not some only) of the N&C Securities, each N&C Security being redeemed at the Early Redemption Amount; or
 - (b) W&C Securities, then the Issuer shall give notice to the Securityholders in accordance with W&C Securities Condition 9 and cancel all (but not some only) of the W&C Securities, each W&C Security being cancelled at the Early Cancellation Amount.

In each case, payments will be made on the Cessation of Publication Termination Date in such manner as shall be notified to the Securityholders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable. For these purposes, the **Cessation of Publication Termination Date** shall be the fifth Business Day immediately following the date of the notice of termination to Securityholders or such other date as may be specified in such notice.

In relation to the determination of any Successor Index in accordance with this Inflation Linked Condition 1.2, the Calculation Agent shall determine the date on which the Successor Index shall be deemed to replace the relevant Index for the purposes of the Securities. Notice of the determination of a Successor Index and the effective date of the Successor Index shall be given to Securityholders by the Issuer in accordance with N&C Securities Condition 16 or W&C Securities Condition 9 as applicable.

1.3 Adjustments

1.3.1 Successor Index

If a Successor Index is determined in accordance with Inflation Linked Condition 1.2 above, the Calculation Agent may make any adjustment or adjustments (without limitation) to any amount payable under the Securities and/or any other relevant term of the Securities as the Calculation Agent deems necessary to account for this. The Issuer shall give notice to the Securityholders of any such adjustment in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable.

1.3.2 Substitute Index Level

If the Calculation Agent determines a Substitute Index Level in accordance with Inflation Linked Condition 1.1, the Issuer may make any adjustment or adjustments (without limitation) to (x) the Substitute Index Level determined in accordance with Inflation Linked Condition 1.1 and/or (y) any amount payable under the Securities and/or any other relevant term of the Conditions as the Calculation Agent deems necessary in connection therewith. The Issuer shall give notice to the Securityholders of any such adjustment in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable.

1.3.3 Index Level Adjustment Correction

- (a) The first publication or announcement of the Relevant Level (excluding any "flash" or other estimates) by the Index Sponsor for any Reference Month shall be final and conclusive and, subject to Inflation Linked Condition 1.3.5(b) below, later revisions to the level for such Reference Month will not be used in any calculations, save that in respect of the EUR-All Items-Revised Consumer Price Index, the ESP National-Revised Consumer Price Index (CPI) and the ESP Harmonised-Revised Consumer Price Index HCPI, revisions to the Relevant Level which are published or announced up to and including the day that is two Business Days prior to any relevant Payment/Delivery Date or date of such other applicable determination under the Securities, as applicable, will be valid and the revised Relevant Level for the relevant Reference Month will be deemed to be the final and conclusive Relevant Level for such Reference Month. The Issuer shall give notice to the Securityholders of any valid revision in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable.
- (b) If, within 30 days of publication or at any time prior to a Payment/Delivery Date or date of such other applicable determination under the Securities, as applicable, in respect of which a Relevant Level will be used in any calculation or determination in respect of the Securities, the Calculation Agent determines that the Index Sponsor has corrected the Relevant Level to correct a manifest error, the Calculation Agent may make any adjustment to any amount payable under the Securities and/or any other relevant term of the Securities as the Calculation Agent deems appropriate as a result of that correction. The Issuer shall give notice to the Securityholders of any such adjustment and/or amount in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable.
- (c) If a Relevant Level is published or announced at any time after any Cut-off Date in respect of a Payment/Delivery Date in respect of which a Substitute Index Level was determined, the Calculation Agent may either (A) determine that such Relevant Level shall not be used in any calculation or determination under the Securities and that the Substitute Index Level shall be deemed to be the definitive Relevant Level for the relevant Reference Month, or (B) request the Issuer to make any adjustment to any amount payable under the Securities and/or any other relevant term of the Securities as it deems appropriate as a result of the announcement or publication of the Relevant Level and/or determine the amount (if any) that is payable as a result of such publication or announcement. The Issuer shall give notice to the Securityholders of any determination in respect of (A) or (B), together with any adjustment and/or amount in respect thereof, in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable.

1.3.4 Rebasing

If the Calculation Agent determines that the Index has been or will be rebased at any time, the Index as so rebased (the **Rebased Index**) will be used for purposes of determining the Index Level from the date of such rebasing (the **Rebased Index Level**). Notwithstanding the foregoing, the Calculation Agent may (A) if Related Bond is specified as applicable in the applicable Final Terms, make any adjustments as are made pursuant to the terms and conditions of the Related Bond, if any, to the Rebased Index Levels so that the Rebased Index Levels reflect the same rate of inflation as the Index before the rebasing and/or (B) if Related Bond is not specified as applicable in the applicable Final Terms or a Related Bond Redemption Event is specified as applying in the applicable Final Terms and has occurred, the Calculation Agent may make adjustments to the levels of the Rebased Index so that the

Rebased Index Levels reflect the same rate of inflation as the Index before it was rebased and in each case the Issuer may make any adjustments to any amount payable under the Securities and/or any other term of the Securities as the Calculation Agent may deem necessary. Notice of any such adjustment and the effective date thereof shall be given to Securityholders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable.

If "Acceleration upon Rebasing of Index" is specified as applicable in the applicable Final Terms and the Calculation Agent determines that neither (A) nor (B) above would produce a commercially reasonable result, the Issuer may:

- (a) in the case of N&C Securities, give notice to the Securityholders in accordance with N&C Securities Condition 16 and redeem all (but not some only) of the N&C Securities, each N&C Security being redeemed at the Early Redemption Amount; or
- (b) in the case of W&C Securities, give notice to the Securityholders in accordance with W&C Securities Condition 9 and cancel all (but not some only) of the W&C Securities, each W&C Security being cancelled at the Early Cancellation Amount.

In each case, payments will be made on the Rebasing Acceleration Date in such manner as shall be notified to the Securityholders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable. For these purposes, the **Rebasing Acceleration Date** shall be the fifth Business Day immediately following the date of the notice of termination to Securityholders or such other date as may be specified in such notice.

1.3.5 Index Modification

- (a) If on or prior to the Cut-off Date in respect of any Payment/Delivery Date, the Calculation Agent determines that an Index Modification has occurred the Calculation Agent may (A) if Related Bond is specified as applicable in the applicable Final Terms, make any adjustments to the Index, any Relevant Level and/or any other relevant term of the Securities (including, without limitation, any amount payable under the Securities), consistent with any adjustments made to the Related Bond as the Calculation Agent deems necessary, or (B) if Related Bond is not specified as applicable in the applicable Final Terms or a Related Bond Redemption Event has occurred, make only those adjustments to the Index, any Relevant Level and/or any other term of the Securities (including, without limitation, any amount payable under the Securities), as the Calculation Agent deems necessary for the modified Index to continue as the Index and to account for the economic effect of the Index Modification.
- (b) If the Calculation Agent determines that an Index Modification has occurred at any time after the Cut-off Date in respect of any Payment/Delivery Date, the Calculation Agent may determine either to ignore such Index Modification for the purposes of any calculation or determination made by the Calculation Agent with respect to such Payment/Delivery Date, in which case the relevant Index Modification will be deemed to have occurred with respect to the immediately succeeding Payment/Delivery Date such that the provisions of sub-paragraph (a) above will apply, or, notwithstanding that the Index Modification has occurred following the Cut-off Date, to make any adjustments as the Calculation Agent deems fit in accordance with sub-paragraph (a) above.
- (c) Notice of any adjustment made in accordance with this Inflation Linked Condition 1.3.5 and the effective date thereof shall be given to Securityholders in

accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable.

1.3.6 Rounding

For purposes of any calculations by the Calculation Agent in connection with the Index, all percentages resulting from such calculations will be rounded, if necessary, either:

- (a) if Related Bond is specified as applicable in the applicable Final Terms, in accordance with the rounding conventions of the documentation governing the Related Bond; or
- (b) if Related Bond is not specified as applicable in the applicable Final Terms, (x) in respect of percentages determined through the use of interpolation by reference to two Index Levels, in accordance with the method set forth in subsection (y) below, but to the same degree of accuracy as the two rates used to make the calculation (except that such percentages will not be rounded to a lower degree of accuracy than the nearest one thousandth of a percentage point (0.001 per cent.)), (y) in all other cases, to the nearest one hundred-thousandth of a percentage point (e.g., 9.876541 per cent. (or.09876541) being rounded down to 9.87654 per cent. (or.0987654) and 9.876545 per cent. (or.09876545) being rounded up to 9.87655 per cent. (or.0987655)) and if subsection (b) of this Rounding provision is applicable, all currency amounts used in or resulting from any calculations by the Calculation Agent in connection with the Index will be rounded in the manner indicated for each of the currencies set forth below, and to the nearest two decimal places in the relevant currency (with.005 being rounded upwards (e.g.,.674 being rounded down to.67 and 675 being rounded up to 68)) if the currency is other than those currencies set forth below. Notwithstanding the above, the following currencies shall be subject to rounding as follows:

If the Index relates to the level of inflation across the European Monetary Union, the Calculation Agent will select an inflation linked bond that is a debt obligation of one of the governments (but not any government agency) of France, Italy, Germany or Spain and which pays a coupon or redemption amount which is calculated by reference to the level of inflation in the European Monetary Union. In each case, the Calculation Agent will select the Fallback Bond from those inflation linked bonds issued on or before the Issue Date and, if there is more than one inflation linked bond maturing on the same date, the Fallback Bond shall be selected by the Calculation Agent from those bonds. If the period for which the Index Level is reported is a period other than a month, the Reference Month is the period for which the Index Level is reported.

Related Bond means the bond (if any) specified as such in the applicable Final Terms, provided that:

- (i) If Fallback Bond is specified under the Related Bond heading in the applicable Final Terms, then for any Related Bond determination, the Calculation Agent shall use the Fallback Bond.
- (ii) If no bond is specified in the applicable Final Terms as the Related Bond and "Fallback Bond: Not Applicable" is specified in the applicable Final Terms, there will be no Related Bond.
- (iii) If a bond is specified as the Related Bond in the applicable Final Terms and that bond redeems or matures prior to the End Date unless "Fallback Bond: Not Applicable" is specified in the applicable Final Terms, the Calculation Agent shall use the Fallback Bond for any Related Bond determination.

Any shortfall shall be borne by the Holders and no liability shall attach to the Issuer or the Guarantor (if applicable).

3. Cash Settlement

If Conditions to Settlement are satisfied, then where Cash Settlement is specified as the applicable Settlement Method in the applicable Final Terms or if Credit Linked Condition 2(A) above applies, the Issuer shall give notice (such notice a **Cash Settlement Notice**) to the Holders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable and redeem or cancel, as applicable, all but not some only of the Securities, and pay in respect of each unit or nominal amount of Credit Linked N&C Securities equal to the Calculation Amount set out in the

applicable Final Terms or each Credit Linked W&C Security, as applicable, the Credit Event Redemption Amount in the relevant Specified Currency on the Credit Event Redemption Date.

If Conditions to Settlement are satisfied and the Securities become redeemable or are cancelled in accordance with this Credit Linked Condition 3, upon payment of the Credit Event Redemption Amounts in respect of the Securities, the Issuer shall have discharged its obligations in respect of the Securities and shall have no other liability or obligation whatsoever in respect thereof. The Credit Event Redemption Amount may be less than the Calculation Amount of a Credit Linked N&C Security or the Notional Amount of a Credit Linked W&C Security. Any shortfall shall be borne by the Holders and no liability shall attach to the Issuer or the Guarantor (if applicable).

4. Physical Settlement

If Conditions to Settlement are satisfied, then where Physical Delivery is specified as the applicable Settlement Method in the applicable Final Terms or if Credit Linked Condition 2(B) above applies, the Issuer shall, following the receipt of a Calculation Agent Physical Settlement Notice, give notice (such notice a **Notice of Physical Settlement**) to the Holders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable, and redeem or cancel, as applicable all but not some only of the Securities and Deliver in respect of each unit or nominal amount of Credit Linked N&C Securities equal to the Calculation Amount or each Credit Linked W&C Security, as applicable, the Deliverable Obligations comprising the Entitlement on the Credit Settlement Date, subject to and in accordance with the N&C Securities Conditions or the W&C Securities Conditions and these Credit Linked Conditions.

In the Notice of Physical Settlement, the Issuer shall specify the Deliverable Obligations comprising the Entitlement that it reasonably expects to Deliver. For the avoidance of doubt, the Issuer shall be entitled to select any of the Deliverable Obligations to constitute the Entitlement, irrespective of their market value.

The Issuer may, from time to time, amend a Notice of Physical Settlement by delivering a notice to Holders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable (each such notification, a **Physical Settlement Amendment Notice**) that the Issuer is replacing, in whole or in part, one or more Deliverable Obligations specified in the Notice of Physical Settlement or a prior Physical Settlement Amendment Notice, as applicable, (to the extent the relevant Deliverable Obligation has not been Delivered as of the date such Physical Settlement Amendment Notice is effective). A Physical Settlement Amendment Notice shall specify each replacement Deliverable Obligation that the Issuer will Deliver (each, a **Replacement Deliverable Obligation**) and shall also specify the Outstanding Principal Balance or Due and Payable Amount (determined on the same basis as in the definition of Entitlement) of each Deliverable Obligation identified in the Notice of Physical Settlement or a prior Physical Settlement Amendment Notice, as applicable, that is being replaced or the equivalent Currency Amount of any such amount (with respect to each such Deliverable Obligation, the **Replaced Deliverable Obligation Outstanding Amount**). The Replacement Deliverable Obligation(s), taken together, shall have an aggregate Replaced Deliverable Obligation Outstanding Amount at least equal to the Outstanding Principal Balance(s) and/or Due and Payable Amount(s) (or the equivalent Currency Amount(s) of any such amount(s)) of the Deliverable Obligations being replaced. Each such Physical Settlement Amendment Notice must be effective on or prior to the Credit Settlement Date (determined without reference to any change resulting from such Physical Settlement Amendment Notice). Notwithstanding the foregoing, the Issuer may correct any errors or inconsistencies contained in the Notice of Physical Settlement or any Physical Settlement Amendment Notice, as applicable, by notice to Holders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable, prior to the relevant Delivery Date; it being understood that such notice of correction shall not constitute a Physical Settlement Amendment Notice.

If "Restructuring Maturity Limitation and Fully Transferable Obligation Applicable" is specified as applicable in the applicable Final Terms and Restructuring is the only Credit Event specified in a Credit Event Notice, then a Deliverable Obligation may be included in the Entitlement only if it (i) is a Fully Transferable Obligation and (ii) has a final maturity date not later than the applicable Restructuring Maturity Limitation Date.

If "Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation Applicable" is specified as applicable in the applicable Final Terms and Restructuring is the only Credit Event specified in a Credit Event Notice, then a Deliverable Obligation may be included in the Entitlement only if it (i) is a Conditionally Transferable Obligation and (ii) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date.

If Conditions to Settlement are satisfied and the Securities become redeemable or are cancelled in accordance with this Credit Linked Condition 4, upon Delivery of the Deliverable Obligations and/or payment of the Partial Cash Settlement Amounts, as the case may be, the Issuer shall have discharged its obligations in respect of the Securities and shall have no other liability or obligation whatsoever in respect thereof. The value of such Deliverable Obligations and/or the Partial Cash Settlement Amount, as the case may be, may be less than the Calculation Amount of a Credit Linked N&C Security or the Notional Amount of a Credit Linked W&C Security. Any shortfall shall be borne by the Holders and no liability shall attach to the Issuer or the Guarantor (if applicable).

5. Repudiation/Moratorium Extension

- (i) where a Repudiation/Moratorium has not occurred on or prior to the Repudiation/Moratorium Evaluation Date, the Exercise Date for the W&C Securities shall be postponed until the fifth Business Day following the Repudiation/Moratorium Evaluation Date; or
- (ii) where a Repudiation/Moratorium has occurred on or prior to the Repudiation/Moratorium Evaluation Date and Conditions to Settlement are satisfied, the provisions of Credit Linked Condition 2, Credit Linked Condition 3 or Credit Linked Condition 4, as applicable, shall apply to the Credit Linked W&C Securities.

10. Partial Cash Settlement

If all or a portion of the Obligations comprising the Entitlement are Undeliverable Obligations and/or Hedge Disruption Obligations, the Issuer shall give notice (a **Partial Cash Settlement Notice**) to the Holders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable and the Issuer shall pay in respect of each Undeliverable Obligation and/or Hedge Disruption Obligation, as the case may be, the Partial Cash Settlement Amount on the Partial Cash Settlement Date.

In the Partial Cash Settlement Notice, the Issuer must give details of why it is unable to deliver the relevant Undeliverable Obligations or Hedge Disruption Obligation, as the case may be.

For the purposes of this Credit Linked Condition 10 only the following terms shall be defined as follows (unless, in the case of Exempt Securities only, otherwise specified in the applicable Final Terms):

Indicative Quotation means, in accordance with the Quotation Method, each quotation obtained from a Quotation Dealer at the Valuation Time for (to the extent reasonably practicable) an amount of the Undeliverable Obligation or Hedge Disruption Obligations, as the case may be, equal to the Quotation Amount, which reflects such Quotation Dealer's reasonable assessment of the price of such Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, based on such factors as such Quotation Dealer may consider relevant, which may include historical prices and recovery rates.

Market Value means, with respect to an Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, on a Valuation Date, (i) if more than three Full Quotations are obtained, the arithmetic mean of such Full Quotations, disregarding the Full Quotations having the highest and lowest values (and, if more than one such Full Quotations have the same highest or lowest value, then one of such highest or lowest Full Quotations shall be disregarded); (ii) if exactly three Full Quotations are obtained, the Full Quotation remaining after disregarding the highest and lowest Full Quotations (and, if more than one such Full Quotations have the same highest value or lowest value, then one of such highest or lowest Full Quotations shall be disregarded); (iii) if exactly two Full

Quotations are obtained, the arithmetic mean of such Full Quotations; (iv) if fewer than two Full Quotations are obtained and a Weighted Average Quotation is obtained, such Weighted Average Quotation; (v) if Indicative Quotations are specified as applying in the applicable Final Terms and exactly three Indicative Quotations are obtained, the Indicative Quotation remaining after disregarding the highest and lowest Indicative Quotations (and, if more than one such Indicative Quotations have the same highest or lowest value, then one of such highest or lowest Indicative Quotations shall be disregarded); (vi) if fewer than two Full Quotations are obtained and no Weighted Average Quotation is obtained (and, if Indicative Quotations are applicable, fewer than three Indicative Quotations are obtained) then, subject to paragraph (ii) of the definition of "Quotation" below, an amount as determined by the Calculation Agent on the next Business Day on which at least two Full Quotations or a Weighted Average Quotation or, if applicable, three Indicative Quotations are obtained; and (vii) if the Quotations are deemed to be zero, the Market Value shall be zero.

Partial Cash Settlement Amount is deemed to be, for an Undeliverable Obligation or a Hedge Disruption Obligation, as the case may be, an amount calculated by the Calculation Agent equal to the greater of (i) (A) the Outstanding Principal Balance, the Due and Payable Amount or the Currency Amount, as applicable, of each Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, multiplied by (B) the Final Price or the Auction Final Price, if applicable, with respect to such Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, less if applicable (C) Unwind Costs, if any (but excluding any Unwind Costs already taken into account in calculating the relevant Entitlement), and (ii) zero.

Partial Cash Settlement Date is deemed to be the date falling three Business Days after (i) the calculation of the Final Price or (ii) the Auction Final Price Determination Date, if applicable.

Quotation means each Full Quotation, the Weighted Average Quotation and, if Indicative Quotations are specified as applying in the applicable Final Terms, each Indicative Quotation obtained and expressed as a percentage with respect to a Valuation Date in the manner that follows:

- (i) The Calculation Agent shall attempt to obtain Full Quotations with respect to each Valuation Date from five or more Quotation Dealers. If the Calculation Agent is unable to obtain two or more such Full Quotations on the same Business Day within three Business Days of a Valuation Date, then on the next following Business Day (and, if necessary, on each Business Day thereafter until the tenth Business Day following the relevant Valuation Date) the Calculation Agent shall attempt to obtain Full Quotations from five or more Quotation Dealers, and, if two or more Full Quotations are not available, a Weighted Average Quotation. If two or more such Full Quotations or a Weighted Average Quotation are not available on any such Business Day and Indicative Quotations are specified as applying in the applicable Final Terms, the Calculation Agent shall attempt to obtain three Indicative Quotations from five or more Quotation Dealers.
- (ii) If the Calculation Agent is unable to obtain two or more Full Quotations or a Weighted Average Quotation (or, if Indicative Quotations are specified as applying in the applicable Final Terms, three Indicative Quotations) on the same Business Day on or prior to the tenth Business Day following the Valuation Date, the Quotations shall be deemed to be any Full Quotation obtained from a Quotation Dealer at the Valuation Time on such tenth Business Day or, if no Full Quotation is obtained, the weighted average of any firm quotations (or, if applicable, Indicative Quotations) for the Undeliverable Obligation or the Hedge Disruption Obligation, as the case may be, obtained from Quotation Dealers at the Valuation Time on such tenth Business Day with respect to the aggregate portion of the Quotation Amount for which such quotations were obtained and a quotation deemed to be zero for the balance of the Quotation Amount for which firm quotations (or, if applicable, Indicative Quotations) were not obtained on such day.

- (iii) The Calculation Agent shall determine, based on the then current market practice in the market of the relevant Undeliverable Obligation or Hedge Disruption Obligations, as the case may be, whether such Quotations shall include or exclude accrued but unpaid interest. All Quotations shall be obtained in accordance with this specification or determination.
- (iv) If any Quotation obtained with respect to an Accreting Obligation is expressed as a percentage of the amount payable in respect of such obligation at maturity, such Quotation will instead be expressed as a percentage of the Outstanding Principal Balance for the purposes of determining the Final Price.

Quotation Amount is deemed to be, with respect to each type or issue of Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, an amount equal to the Outstanding Principal Balance or Due and Payable Amount (or, in either case, its equivalent in the relevant Obligation Currency converted by the Calculation Agent by reference to exchange rates in effect at the time that the relevant Quotation is being obtained), as applicable, of such Undeliverable Obligation or Hedge Disruption Obligations, as the case may be.

Quotation Method is deemed to be Bid.

Reference Obligation is deemed to be each Undeliverable Obligation or Hedge Disruption Obligation, as the case may be.

Valuation Method is deemed to be Highest unless fewer than two Full Quotations are obtained or a Weighted Average Quotation applies (or, if applicable, Indicative Quotations), in which case "Valuation Method" is deemed to be Market.

Valuation Time is the time specified as such in the applicable Final Terms, or, if no time is so specified, 11:00 a.m. in the principal trading market for the Undeliverable Obligation or the Hedge Disruption Obligation, as the case may be.

Weighted Average Quotation means, in accordance with the Quotation Method, the weighted average of firm quotations obtained from Quotation Dealers at the Valuation Time, to the extent reasonably practicable, each for an amount of the Undeliverable Obligation or the Hedge Disruption Obligation, as the case may be, with an Outstanding Principal Balance of as large a size as available but less than the Quotation Amount that in aggregate are approximately equal to the Quotation Amount.

11. Settlement Suspension

- (i) Suspension

Without prejudice to Credit Linked Condition 8 or Credit Linked Condition 9 above, if, following the determination of a Credit Event Determination Date in accordance with subparagraph (a) of the definition of Credit Event Determination Date but prior to the Maturity Date or Settlement Date, ISDA publicly announces that the conditions to convening a Credit Derivatives Determinations Committee to Resolve the matters described in subparagraphs (a) and (b) of the definition of Credit Event Resolution Request Date are satisfied in accordance with the Rules, the Calculation Agent may, at its option, determine that the applicable timing requirements of this Credit Linked Condition 11 and the definitions of Coupon Payment Date, Credit Event Redemption Date, Valuation Date, Physical Settlement Period, and any other Credit Linked Condition as determined by the Calculation Agent, shall toll and be suspended and remain suspended (such period of suspension, a **Suspension Period**) until such time as ISDA subsequently publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved (a) the matters described in

sub-paragraphs (a) and (b) of the definition of Credit Event Resolution Request Date or (b) not to determine such matters. During such suspension period none of the Issuer, the Calculation Agent or any Securityholder are obliged to, nor are they entitled to, take any action in connection with the settlement of the Credit Linked Securities. Once ISDA has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved (A) the matters described in sub-paragraphs (a) and (b) of the definition of Credit Event Resolution Request Date or (B) not to determine such matters, the relevant timing requirements of this Credit Linked Condition 11 that have previously tolled or been suspended shall resume on the Business Day following such public announcement by ISDA with the Issuer having the benefit of the full day notwithstanding when the tolling or suspension began in accordance with this Credit Linked Condition 11.

In the event of any such Suspension Period, the Calculation Agent may make (x) such consequential or other adjustment(s) or determination(s) to or in relation to the N&C Securities Conditions or the W&C Securities Conditions and these Credit Linked Conditions as may be desirable or required either during or following any relevant Suspension Period to account for or reflect such suspension and (y) determine the effective date of such adjustment(s) or determination(s).

(ii) Interest

In the case of interest bearing N&C Securities:

- (A) if a Suspension Period falls in any one or more Coupon Period(s), then no interest (or any interest on any delayed payment of interest) shall accrue during each portion of a Coupon Period during which a Suspension Period exists; and
- (B) if a Coupon Payment Date falls in a Suspension Period, such Coupon Payment Date will be deferred until such date as determined by the Calculation Agent falling no earlier than the first Coupon Payment Date and no later than the fifth Coupon Payment Date following the end of the Suspension Period, all subject to the provisions of N&C Securities Condition 6 and Credit Linked Conditions 5, 6 and 7.

12. Redemption/Cancellation following a Merger Event

If "Merger Event" is specified as applying in the applicable Final Terms, in the event that in the determination of the Calculation Agent a Merger Event has occurred, the Issuer may give notice to the Holders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable, and redeem or cancel, as applicable, all but not some only of the Securities and pay in respect of each unit or nominal amount of the N&C Securities equal to the Calculation Amount or each Credit Linked W&C Security, as applicable, the Merger Event Redemption Amount on the Merger Event Redemption Date.

Such Accreted Amount shall include any accrued and unpaid periodic cash interest payments (as determined by the Calculation Agent) only if "Include Accrued Interest" is specified as being applicable in the applicable Final Terms. If an Accreting Obligation is expressed to accrete pursuant to a straight-line method or if such Obligation's yield to maturity is not specified in, nor implied from, the terms of such Obligation, then, for the purposes of (a)(ii) above, the Accreted Amount shall be calculated using a rate equal to the yield to maturity of such Obligation. Such yield shall be determined on a semi-annual bond equivalent basis using the original issue price of such obligation and the amount payable at the scheduled maturity of such obligation, and shall be determined as of the earlier of (A) the date on which any event occurs that has the effect of fixing the amount of a claim in respect of principal and (B) the Delivery Date or applicable Valuation Date, as the case may be. The Accreted Amount shall exclude, in the case of an Exchangeable Obligation, any amount that may be payable under the terms of such obligation in respect of the value of the Equity Securities for which such obligation is exchangeable.

provided that, in the case of paragraph (b) above, (1) this shall be subject to any adjustment in accordance with Credit Linked Condition 14 and (2) no Credit Event Notice specifying a Restructuring as the only Credit Event has previously been delivered by the Calculation Agent to the Issuer unless the Restructuring specified in

The following terms shall have the following meanings:

A Convertible Obligation, an Exchangeable Obligation and an Accreting Obligation shall constitute Deliverable Obligations that are Not Contingent if such Deliverable Obligation otherwise meets the requirements of the preceding sentence so long as, in the case of a Convertible Obligation or an Exchangeable Obligation, the right (A) to convert or exchange such obligation or (B) to require the issuer to purchase or redeem such obligation (if the issuer has exercised the right to pay the purchase or redemption price, in whole or in part, in Equity Securities) has not been exercised (or such exercise has been effectively rescinded) on or before the Delivery Date.

If a Reference Obligation is a Convertible Obligation or an Exchangeable Obligation, then such Reference Obligation may be included as a Deliverable Obligation only if the rights referred to in clauses (A) and (B) of paragraph (i) above have not been exercised (or such exercise has been effectively rescinded) on or before the Delivery Date.

- (v) **Transferable** means an obligation that is transferable to institutional investors without any contractual, statutory or regulatory restriction, provided that none of the following shall be considered contractual, statutory or regulatory restrictions:
 - (a) contractual, statutory or regulatory restrictions that provide for eligibility for resale pursuant to Rule 144A or Regulation S promulgated under the United States Securities Act of 1933, as amended (and any contractual, statutory or regulatory restrictions promulgated under the laws of any jurisdiction having a similar effect in relation to the eligibility for resale of an obligation); or
 - (b) restrictions on permitted investments such as statutory or regulatory investment restrictions on insurance companies and pension funds;

(B) *Interpretation of Provisions.*

- (1) If the Obligation Characteristic "Listed" is specified in the applicable Final Terms, the Final Terms shall be construed as though Listed had been specified as an Obligation Characteristic only with respect to Bonds and shall only be relevant if Bonds are covered by the selected Obligation Category;
- (2) if (i) either of the Deliverable Obligation Characteristics "Listed" or "Not Bearer" is specified in the applicable Final Terms, the Final Terms shall be construed as though such Deliverable Obligation Characteristic had been specified as a Deliverable Obligation Characteristic only with respect to Bonds and shall only be relevant if Bonds are covered by the selected Deliverable Obligation Category; (ii) the Deliverable Obligation Characteristic "Transferable" is specified in the applicable Final Terms, the Final Terms shall be construed as though such Deliverable Obligation Characteristic had been specified as a Deliverable Obligation Characteristic only with respect to Deliverable Obligations that are not Loans (and shall only be relevant to the extent that obligations other than Loans are covered

by the selected Deliverable Obligation Category); or (iii) any of the Deliverable Obligation Characteristics "Assignable Loan", "Consent Required Loan" or "Direct Loan Participation" is specified in the applicable Final Terms, the Final Terms shall be construed as though such Deliverable Obligation Characteristic had been specified as a Deliverable Obligation Characteristic only with respect to Loans and shall only be relevant if Loans are covered by the selected Deliverable Obligation Category;

- (3) if any of Payment, Borrowed Money, Loan or Bond or Loan is specified as the Deliverable Obligation Category and more than one of Assignable Loan, Consent Required Loan and Direct Loan Participation are specified as Deliverable Obligation Characteristics, the Deliverable Obligations may include any Loan that satisfies any one of such Deliverable Obligation Characteristics specified and need not satisfy all such Deliverable Obligation Characteristics; and
- (4) in the event that an Obligation or a Deliverable Obligation is a Qualifying Guarantee, the following will apply:
 - (i) For purposes of the application of the Obligation Category or the Deliverable Obligation Category, the Qualifying Guarantee shall be deemed to be described by the same category or categories as those that describe the Underlying Obligation.

- (b) if the relevant Credit Derivatives Determinations Committee Resolves that such event has occurred, (A) with respect to a Reference Entity that is not a Sovereign, the legally effective date of such event or (B) with respect to a Reference Entity that is a Sovereign, the date of the occurrence of such event,

the date, as publicly announced by ISDA, that the relevant Credit Derivatives Determinations Committee Resolves to be the date on which such notice is effective.

As at the date of the Base Prospectus, the Rules provide that each "Eligible Market Participant" (being each party which is a party to a credit derivatives transaction that have, or are deemed to have incorporated the March 2009 Supplement or the July 2009 Supplement in a confirmation) is permitted to deliver such a notice to ISDA pursuant to the Rules.

Successor means:

- (a) in relation to a Reference Entity that is not a Sovereign, the entity or entities, if any, determined as set forth below:
 - (i) if one entity directly or indirectly succeeds to 75 per cent. or more of the Relevant Obligations of the Reference Entity by way of a Succession Event, that entity will be the sole Successor;
 - (ii) if only one entity directly or indirectly succeeds to more than 25 per cent. (but less than 75 per cent.) of the Relevant Obligations of the Reference Entity by way of a Succession Event, and not more than 25 per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entity that succeeds to more than 25 per cent. of the Relevant Obligations will be the sole Successor;
 - (iii) if more than one entity each directly or indirectly succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity by way of a Succession Event, and not more than 25 per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entities that succeed to more than 25 per cent. of the Relevant Obligations will each be a Successor and these Terms and Conditions and/or the applicable Final Terms will be adjusted as provided below;
 - (iv) if one or more entities each directly or indirectly succeed to more than 25 per cent. of the Relevant Obligations of the Reference Entity by way of a Succession Event, and more than 25 per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, each such entity and the Reference Entity will each be a Successor and these Terms and Conditions and/or the applicable Final Terms will be adjusted as provided below;
 - (v) if one or more entities directly or indirectly succeed to a portion of the Relevant Obligations of the Reference Entity by way of a Succession Event, but no entity succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity continues to exist, there will be no Successor and the Reference Entity will not be changed in any way as a result of the Succession Event; and
 - (vi) if one or more entities directly or indirectly succeed to a portion of the Relevant Obligations of the Reference Entity by way of a Succession Event, but no entity

succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity ceases to exist, the entity which succeeds to the greatest percentage of Relevant Obligations (or, if two or more entities succeed to an equal percentage of Relevant Obligations, the entity from among those entities which succeeds to the greatest percentage of obligations of the Reference Entity) will be the sole Successor; and

- (b) in relation to a Sovereign Reference Entity, each entity which becomes a direct or indirect successor to such Reference Entity by way of a Succession Event irrespective of whether any such successor assume(s) any of the obligations of such Reference Entity.

The Calculation Agent will be responsible for determining, as soon as reasonably practicable after it becomes aware of the relevant Succession Event (but no earlier than fourteen calendar days after the legally effective date of the occurrence of the relevant Succession Event), and with effect from the legally effective date of the occurrence of the Succession Event, whether the relevant thresholds set forth above have been met, or which entity qualifies under (a)(vi) above, as applicable provided that the Calculation Agent will not make any such determination if, at such time, either (A) ISDA has publicly announced that the conditions to convening a Credit Derivatives Determinations Committee to Resolve the matters described in (a) above and paragraphs (a) and (b)(A) of the definition of Succession Event Resolution Request Date (in the case of a Reference Entity that is not a Sovereign) or (b) above and paragraphs (a) and (b)(B) of the definition of Succession Event Resolution Request Date (in the case of a Sovereign Reference Entity) are satisfied in accordance with the Rules (until such time (if any) that ISDA subsequently publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved not to determine a Successor) or (B) ISDA has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that no event that constitutes a Succession Event has occurred. In calculating the percentages used to determine whether the relevant thresholds set forth above have been met, or which entity qualifies under (a)(vi) above, as applicable, the Calculation Agent shall use, in respect of each applicable Relevant Obligation included in such calculation, the amount of the liability in respect of such Relevant Obligation listed in the Best Available Information and shall, as soon as practicable after such calculation, make such calculation available for inspection by Holder(s) at the specified office of the Principal Agent.

Where pursuant to paragraph (a)(iii), (a)(iv) or (b) above, more than one Successor has been identified, the Calculation Agent shall adjust such of these Terms and Conditions and/or the applicable Final Terms as it shall determine to be appropriate to reflect that the relevant Reference Entity has been succeeded by more than one Successor and shall determine the effective date of that adjustment. The Calculation Agent shall be deemed to be acting in a commercially reasonable manner if it adjusts such of these Terms and Conditions and/or the applicable Final Terms in such a manner as to reflect the adjustment to and/or division of any credit derivative transaction(s) related to or underlying the Securities under the provisions of the 2003 ISDA Credit Derivatives Definitions.

Upon the Calculation Agent making and notifying the Issuer of such adjustment, the Issuer shall give notice as soon as practicable to Holders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable, stating the adjustment to these Terms and Conditions and/or the applicable Final Terms and giving brief details of the relevant Succession Event.

For the purposes of this definition of "Successor", "succeed" means, with respect to a Reference Entity and its Relevant Obligations (or, as applicable, obligations), that a party other than such Reference Entity (i) assumes or becomes liable for such Relevant Obligations (or, as applicable, obligations) whether by operation of law or pursuant to any agreement or (ii) issues Bonds that are exchanged for Relevant Obligations (or, as applicable, obligations), and in either case such Reference Entity is no longer an obligor (primarily or secondarily) or guarantor with respect to such

Relevant Obligations (or, as applicable, obligations). The determinations required pursuant to paragraph (a) of this definition of "Successor" shall be made, in the case of an exchange offer, on the basis of the Outstanding Principal Balance of Relevant Obligations tendered and accepted in the exchange and not on the basis of the Outstanding Principal Balance of Bonds for which Relevant Obligations have been exchanged.

Where:

- (A) a Reference Obligation is specified in the applicable Final Terms;
- (B) one or more Successors to the Reference Entity have been identified; and
- (C) any one or more such Successors have not assumed the Reference Obligation,

a Substitute Reference Obligation will be determined in accordance with the definition of "Substitute Reference Obligation" above.

Each such form of Credit Derivatives Auction Settlement Terms shall set out, *inter alia*, definitions of "Auction", "Auction Cancellation Date", "Auction Covered Transaction" and "Auction Final Price Determination Date" in relation to the relevant Credit Event. The Transaction Auction Settlement Terms for purposes of the Securities shall be the relevant form of Credit Derivatives Auction Settlement Terms for which the Reference Transaction would be an Auction Covered Transaction (as such term will be set out in the relevant Credit Derivatives Auction Settlement Terms). The Reference Transaction (as set out in the definition thereof) is a hypothetical credit derivative transaction included in these Credit Linked Conditions principally for the purpose of selecting the Credit Derivatives Auction Settlement Terms appropriate to the Securities.

Undeliverable Obligation means a Deliverable Obligation included in the Entitlement which, on the Credit Settlement Date for such Deliverable Obligation, the Calculation Agent determines for any reason (including without limitation, failure of the relevant clearance system or due to any law, regulation, court order or market conditions or the non-receipt of any requisite consents with respect to the Delivery of Loans) it is impossible or illegal to Deliver on the Credit Settlement Date.

Unwind Costs means the amount specified in the applicable Final Terms or if "Standard Unwind Costs" are specified in the applicable Final Terms, an amount determined by the Calculation Agent equal to the sum of (without duplication) all costs (including loss of funding), fees, charges, expenses, tax and duties incurred by the Issuer and/or any of its Affiliates in connection with the redemption of the Securities and the related termination, settlement or re-establishment of any hedge or related trading position, such amount to be apportioned *pro rata* amongst each of the Securities.

Valuation Method:

(a) The following Valuation Methods may be specified in the applicable Final Terms with only one Reference Obligation and only one Valuation Date:

- (i) **Market** means the Market Value determined by the Calculation Agent with respect to the Valuation Date; or
- (ii) **Highest** means the highest Quotation obtained by the Calculation Agent with respect to the Valuation Date.

If no such Valuation Method is specified in the applicable Final Terms, the Valuation Method shall be Highest.

(b) The following Valuation Methods may be specified in the applicable Final Terms with only one Reference Obligation and more than one Valuation Date:

- (i) **Average Market** means the unweighted arithmetic mean of the Market Values determined by the Calculation Agent with respect to each Valuation Date; or
- (ii) **Highest** means the highest Quotation obtained by the Calculation Agent with respect to any Valuation Date; or

- (ii) **Blended Highest** means the unweighted arithmetic mean of the highest Quotations obtained by the Calculation Agent for each Reference Obligation with respect to the Valuation Date.

If no such Valuation Method is specified in the applicable Final Terms, the Valuation Method shall be Blended Highest.

- (d) The following Valuation Methods may be specified in the applicable Final Terms with more than one Reference Obligation and more than one Valuation Date:
- (i) **Average Blended Market** means, using values with respect to each Valuation Date determined by the Calculation Agent in accordance with the Blended Market Valuation Method, the unweighted arithmetic mean of the values so determined with respect to each Valuation Date; or
 - (ii) **Average Blended Highest** means, using values with respect to each Valuation Date determined by the Calculation Agent in accordance with the Blended Highest Valuation Method, the unweighted arithmetic mean of the values so determined with respect to each Valuation Date.

If no such Valuation Method is specified in the applicable Final Terms, the Valuation Method shall be Average Blended Highest.

- (e) Notwithstanding paragraphs (a) to (d) above, if Quotations include Weighted Average Quotations or fewer than two Full Quotations, the Valuation Method shall be Market, Average Market, Blended Market or Average Blended Market, as the case may be.
- (f) Where applicable, the applicable Final Terms may specify an alternative Valuation Method which shall be applicable in respect of the relevant Securities.

Valuation Time means the time specified as such in the applicable Final Terms or, if no time is so specified, 11.00 a.m. in the principal trading market for the Reference Obligation.

Weighted Average Quotation means in accordance with the Quotation Method, the weighted average of firm quotations obtained from Quotation Dealers at the Valuation Time, to the extent reasonably practicable, each for an amount of the Reference Obligation with an Outstanding Principal Balance of as large a size as available but less than the Quotation Amount (but, if a Minimum Quotation Amount is specified in the applicable Final Terms, of a size equal to the Minimum Quotation Amount or, if quotations of a size equal to the Minimum Quotation Amount are not available, quotations as near in size as practicable to the Minimum Quotation Amount) that in aggregate are approximately equal to the Quotation Amount.

14. **Credit Event Notice after Restructuring Credit Event**

If this Credit Linked Condition 14 is specified as applicable in the applicable Final Terms, then, notwithstanding anything to the contrary in these Terms and Conditions, upon the occurrence of a Restructuring with respect to a Series for which either "Restructuring Maturity Limitation and Fully Transferable Obligation Applicable" or "Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation Applicable" is specified as applicable in the applicable Final Terms:

- (a) in the case of Credit Linked N&C Securities:
- (i) the Calculation Agent may deliver multiple Credit Event Notices in respect of such Restructuring, each such Credit Event Notice setting forth an amount (the **Partial Redemption Amount**) that may be less than the aggregate Nominal Amount of those N&C Securities outstanding immediately prior to the delivery of such Credit Event Notice. In such circumstances the Credit Linked Conditions and related provisions shall be deemed to apply to the Partial Redemption Amount only and each such N&C Security shall be redeemed in part (such redeemed part being equal to the Partial Redemption Amount).

- (ii) For the avoidance of doubt (A) the nominal amount of each such N&C Security not so redeemed in part shall remain outstanding and interest shall accrue on the nominal amount outstanding of such N&C Security as provided in N&C Securities Condition 6 (adjusted in such manner as the Calculation Agent determines to be appropriate), (B) the Credit Linked Conditions and related provisions shall apply to such nominal amount outstanding of such N&C Security in the event that subsequent Credit Event Notices are delivered in respect of the Reference Entity that was the subject of the Restructuring Credit Event and (C) if, following a Restructuring Credit Event, different Credit Event Determination Dates have been determined with respect to different portions of amounts payable or deliverable to Securityholders under the relevant Series, the Calculation Agent will (x) determine such adjustment(s) to these Terms and Conditions as may be required to achieve as far as practicable the same economic effect as if each such portion was a separate series or otherwise reflect or account for the effect of the above provisions of this Credit Linked Condition 14(a) and (y) the effective date of such adjustment(s).
 - (iii) If the provisions of this Credit Linked Condition 14(a) apply in respect of the N&C Securities, on redemption of part of each such N&C Security the relevant N&C Security or, if the N&C Securities are represented by a Global N&C Security, such Global N&C Security, shall be endorsed to reflect such part redemption.
- (b) in the case of Credit Linked W&C Securities:
- (i) the Calculation Agent may deliver multiple Credit Event Notices in relation to that Restructuring and in respect of an amount (the **Partial Cancellation Amount**) that is less than the Notional Amount of each W&C Security immediately prior to the delivery of such Credit Event Notice. In such circumstances the Credit Linked Conditions and related provisions shall be deemed to apply to the Partial Cancellation Amount only and each such W&C Security shall be cancelled in part (such cancelled part being equal to the Partial Cancellation Amount).
 - (ii) for the avoidance of doubt (A) the Notional Amount of each such W&C Security not so cancelled in part shall remain outstanding (adjusted in such manner as the Calculation Agent in its sole and absolute discretion determines to be appropriate), (B) the Credit Linked Conditions and related provisions shall apply to such amount outstanding of such W&C Security in the event that subsequent Credit Event Notices are delivered in respect of the Reference Entity that was the subject of the Restructuring Credit Event and (C) if, following a Restructuring Credit Event, different Credit Event Determination Dates have been determined with respect to different portions of amounts payable to Holders under the relevant Series, the Calculation Agent will (x) determine such adjustment(s) to these Terms and Conditions as may be required to achieve as far as practicable the same economic effect as if each such portion was a separate series or otherwise reflect or account for the effect of the above provisions of this Credit Linked Condition 14(b) and (y) the effective date of such adjustment(s).
 - (iii) if the provisions of this Credit Linked Condition 14(b) apply in respect of the W&C Securities, on cancellation of part of each such W&C Security the relevant W&C Security or, if the W&C Securities are represented by a Global W&C Security, such Global W&C Security shall be endorsed to reflect such part cancellation.

15. Provisions relating to Multiple Holder Obligation

If this Credit Linked Condition 15 is specified as applicable in the applicable Final Terms, then, notwithstanding anything to the contrary in the definition of Restructuring and related provisions, the occurrence of, agreement to, or announcement of, any of the events described in sub-paragraphs (i)

to (v) of the definition of **Restructuring** shall not be a Restructuring unless the Obligation in respect of any such events is a Multiple Holder Obligation provided that, where provisions relating to Qualifying Guarantee and Underlying Obligation are specified as applying in the applicable Final Terms, any Obligation that is a Bond shall be deemed to satisfy the requirement in (ii) of the definition of "**Multiple Holder Obligation**" below.

Multiple Holder Obligation means an Obligation that (i) at the time of the event which constitutes a Restructuring Credit Event is held by more than three holders that are not Affiliates of each other and (ii) with respect to which a percentage of holders (determined pursuant to the terms of the Obligation as in effect on the date of such event) at least equal to sixty-six and two-thirds is required to consent to the event which constitutes a Restructuring Credit Event.

16. Provisions taken from the ISDA supplement titled "Additional Provisions for Physically Settled Default Swaps– Monoline Insurer as Reference Entity (January 2005)"

If this Credit Linked Condition 16 is specified as applicable in the applicable Final Terms, the following provisions will apply:

- (a) Obligation and Deliverable Obligation. Paragraph (a) of the definition of **Obligation** in Credit Linked Condition 13 and paragraph (a) of the definition of **Deliverable Obligation** in Credit Linked Condition 13 are hereby amended by adding "or Qualifying Policy" after "as provider of a Qualifying Affiliate Guarantee".
- (b) Interpretation of Provisions. In the event that an Obligation or a Deliverable Obligation is a Qualifying Policy, paragraph (B) of the definition of **Deliverable Obligation** in Credit Linked Condition 13 will apply, with references to the Qualifying Guarantee, the Underlying Obligation and the Underlying Obligor deemed to include the Qualifying Policy, the Insured Instrument and the Insured Obligor, respectively, except that:
 - (i) the Obligation Category Borrowed Money and the Obligation Category and Deliverable Obligation Category Bond shall be deemed to include distributions payable under an Insured Instrument in the form of a pass-through certificate or similar funded beneficial interest, the Deliverable Obligation Category Bond shall be deemed to include such an Insured Instrument, and the terms "obligation" and "obligor" as used in these Credit Linked Conditions in respect of such an Insured Instrument shall be construed accordingly;
 - (ii) references in the definitions of Assignable Loan and Consent Required Loan to the **guarantor** and **guaranteeing** shall be deemed to include the **insurer** and **insuring**, respectively;
 - (iii) neither the Qualifying Policy nor the Insured Instrument must satisfy on the relevant date the Deliverable Obligation Characteristic of Accelerated or Matured, whether or not that characteristic is otherwise specified as applicable in the applicable Final Terms;
 - (iv) if the Assignable Loan, Consent Required Loan, Direct Loan Participation or Transferable Deliverable Obligation Characteristics are specified in the applicable Final Terms and if the benefit of the Qualifying Policy is not transferred as part of any transfer of the Insured Instrument, the Qualifying Policy must be transferable at least to the same extent as the Insured Instrument; and
 - (v) with respect to an Insured Instrument in the form of a pass-through certificate or similar funded beneficial interest, the term "Outstanding Principal Balance" shall mean the outstanding Certificate Balance and "maturity", as such term is used in the Maximum Maturity Deliverable Obligation Characteristic, shall mean the specified date by which the

Qualifying Policy guarantees or insures, as applicable, that the ultimate distribution of the Certificate Balance will occur.

- (c) Not Contingent. An Insured Instrument will not be regarded as failing to satisfy the Not Contingent Deliverable Obligation Characteristic solely because such Insured Instrument is subject to provisions limiting recourse in respect of such Insured Instrument to the proceeds of specified assets (including proceeds subject to a priority of payments) or reducing the amount of any Instrument Payments owing under such Insured Instrument, provided that such provisions are not applicable to the Qualifying Policy by the terms thereof and the Qualifying Policy continues to guarantee or insure, as applicable, the Instrument Payments that would have been required to be made absent any such limitation or reduction. By specifying that this Credit Linked Condition 16 is applicable, no inference should be made as to the interpretation of the "Not Contingent" Deliverable Obligation Characteristic in the context of limited recourse or similar terms applicable to Deliverable Obligations other than Qualifying Policies.
- (d) Deliver. For the purposes of the definition of **Deliver** in Credit Linked Condition 13, "Deliver" with respect to an obligation that is a Qualifying Policy means to Deliver both the Insured Instrument and the benefit of the Qualifying Policy (or a custodial receipt issued by an internationally recognised custodian representing an interest in such an Insured Instrument and the related Qualifying Policy), and "Delivery" and "Delivered" will be construed accordingly.
- (e) Provisions for Determining a Successor. The paragraph commencing "For the purposes of this definition of **Successor**..." in the definition of **Successor** in Credit Linked Condition 13 is hereby amended by adding "or insurer" after "or guarantor".
- (f) Substitute Reference Obligation. The first paragraph of the definition of **Substitute Reference Obligation** and paragraph (b) thereof in Credit Linked Condition 13 is hereby amended by adding "or Qualifying Policy" after "or as provider of a Qualifying Affiliate Guarantee". For purposes of sub-paragraph (a)(ii)(B) the definition of **Substitute Reference Obligation** references to the **Qualifying Guarantee** and the **Underlying Obligation** shall be deemed to include the **Qualifying Policy** and the **Insured Instrument**, respectively.
- (g) Restructuring
- (i) With respect to an Insured Instrument that is in the form of a pass-through certificate or similar funded beneficial interest or a Qualifying Policy with respect thereto, paragraphs (i) to (v) inclusive of the definition of "Restructuring" in Credit Linked Condition 13 are hereby amended to read as follows:
 - "(i) a reduction in the rate or amount of the Instrument Payments in paragraph (A)(x) of the definition thereof that are guaranteed or insured by the Qualifying Policy;
 - (ii) a reduction in the amount of the Instrument Payments described in paragraph (A)(y) of the definition thereof that are guaranteed or insured by the Qualifying Policy;
 - (iii) a postponement or other deferral of a date or dates for either (x) the payment or accrual of the Instrument Payments described in paragraph (A)(x) of the definition thereof or (y) the payment of the Instrument Payments described in paragraph (A)(y) of the definition thereof, in each case that are guaranteed or insured by the Qualifying Policy;

- (iv) a change in the ranking in priority of payment of (x) any Obligation under a Qualifying Policy in respect of Instrument Payments, causing the Subordination of such Obligation to any other Obligation or (y) any Instrument Payments, causing the Subordination of such Insured Instrument to any other instrument in the form of a pass-through certificate or similar funded beneficial interest issued by the Insured Obligor, it being understood that, for this purpose, Subordination will be deemed to include any such change that results in a lower ranking under a priority of payments provision applicable to the relevant Instrument Payments; or
 - (v) any change in the currency or composition of any payment of Instrument Payments that are guaranteed or insured by the Qualifying Policy to any currency which is not a Permitted Currency."
- (ii) Paragraph (c) of the definition of "Restructuring" in Credit Linked Condition 13 is hereby amended by adding "or, in the case of a Qualifying Policy and an Insured Instrument, where (A) the Qualifying Policy continues to guarantee or insure, as applicable, that the same Instrument Payments will be made on the same dates on which the Qualifying Policy guaranteed or insured that such Instrument Payments would be made prior to such event and (B) such event is not a change in the ranking in the priority of payment of the Qualifying Policy" after "Reference Entity".
- (iii) The definition of "Restructuring" in Credit Linked Condition 13 is hereby amended by the insertion of the following paragraph after the final paragraph thereof:

"For purposes of this definition of "Restructuring" in and if Credit Linked Condition 15 is specified as applying in the applicable Final Terms, for the purposes of the Credit Linked Conditions the term "Obligation" shall be deemed to include Insured Instruments for which the Reference Entity is acting as provider of a Qualifying Policy. In the case of a Qualifying Policy and an Insured Instrument, references to the Reference Entity in this definition of "Restructuring" shall be deemed to refer to the Insured Obligor and the references to the Reference Entity in paragraphs (a) to (c) inclusive in this definition of "Restructuring" shall continue to refer to the Reference Entity."
- (h) Fully Transferable Obligation and Conditionally Transferable Obligation. In the event that "Restructuring Maturity Limitation and Fully Transferable Obligation" and/or "Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation" is specified as applicable in the applicable Final Terms and a Fully Transferable Obligation or Conditionally Transferable Obligation is a Qualifying Policy, the Insured Instrument must meet the requirements of the relevant definition. References in the definition of "Conditionally Transferable Obligation" to the "guarantor" and "guaranteeing" shall be deemed to include "the "insurer" and "insuring" respectively. With respect to an Insured Instrument in the form of a pass-through certificate or similar funded beneficial interest, the term "final maturity date", as such term is used in Credit Linked Condition 4 and the definition of "Restructuring Maturity Limitation Date", shall mean the specified date by which the Qualifying Policy guarantees or insures, as applicable, that the ultimate distribution of the Certificate Balance will occur.
- (i) Other Provisions. For purposes of paragraph (a)(ii) of the definition of **Deliverable Obligation** and the definitions of **Credit Event** and **Deliver** in Credit Linked Condition 13 references to the **Underlying Obligation** and the **Underlying Obligor** shall be deemed to include "Insured Instruments" and the "Insured Obligor", respectively.

(j) Additional Definitions.

Qualifying Policy means a financial guaranty insurance policy or similar financial guarantee pursuant to which a Reference Entity irrevocably guarantees or insures all Instrument Payments of an instrument that constitutes Borrowed Money (modified as set forth in these Credit Linked Conditions) (the **Insured Instrument**) for which another party (including a special purpose entity or trust) is the obligor (the **Insured Obligor**). Qualifying Policies shall exclude any arrangement (i) structured as a surety bond, letter of credit or equivalent legal arrangement or (ii) pursuant to the express contractual terms of which the payment obligations of the Reference Entity can be discharged or reduced as a result of the occurrence or non-occurrence of an event or circumstance (other than the payment of Instrument Payments).

Instrument Payments means (A) in the case of any Insured Instrument that is in the form of a pass-through certificate or similar funded beneficial interest, (x) the specified periodic distributions in respect of interest or other return on the Certificate Balance on or prior to the ultimate distribution of the Certificate Balance and (y) the ultimate distribution of the Certificate Balance on or prior to a specified date and (B) in the case of any other Insured Instrument, the scheduled payments of principal and interest, in the case of both (A) and (B) (1) determined without regard to limited recourse or reduction provisions of the type described in Credit Linked Condition 16(c) above and (2) excluding sums in respect of default interest, indemnities, tax gross-ups, make-whole amounts, early redemption premiums and other similar amounts (whether or not guaranteed or insured by the Qualifying Policy).

Certificate Balance means, in the case of an Insured Instrument that is in the form of a pass through certificate or similar funded beneficial interest, the unit principal balance, certificate balance or similar measure of unreimbursed principal investment.

17. Calculation Agent Notices

Any notice to be delivered by the Calculation Agent to the Issuer or the Guarantor (if applicable), as applicable, pursuant to these Credit Linked Conditions may be given in writing (including by facsimile and/or email) and/or by telephone. Any such notice delivered on or prior to 4:00 p.m. (Calculation Agent City time) on a Calculation Agent City Business Day will be effective on such Calculation Agent City Business Day. Any such notice delivered after 4:00 p.m. (Calculation Agent City time) on a Calculation Agent City Business Day or on a day which is not a Calculation Agent City Business Day will be deemed effective on the next following Calculation Agent City Business Day, regardless of the form in which it is delivered. For purposes of the two preceding sentences, a notice given by telephone will be deemed to have been delivered at the time the telephone conversation takes place. If the notice is delivered by telephone, a written confirmation will be executed and delivered confirming the substance of that notice within one Calculation Agent City Business Day of that notice. Failure to provide that written confirmation will not affect the effectiveness of that telephonic notice.

18. Provisions taken from the ISDA supplement titled "Additional Provisions for LPN Reference Entities" (published on 3 October 2006)

If this Credit Linked Condition 18 is specified as applicable in the applicable Final Terms, notwithstanding anything to the contrary in the Credit Linked Conditions, the following provisions will apply:

- (a) provisions relating to Multiple Holder Obligation will be deemed to be Not Applicable with respect to any Reference Obligation (and any Underlying Loan);

- (b) each Reference Obligation will be an Obligation, notwithstanding anything to the contrary in the Credit Linked Conditions including, but not limited to the definition of "Obligation" in Credit Linked Condition 13, and in particular, notwithstanding that the obligation is not an obligation of the Reference Entity;
- (c) each Reference Obligation will be a Deliverable Obligation notwithstanding anything to the contrary in the Credit Linked Conditions including, but not limited to the definition of "Deliverable Obligation" in Credit Linked Condition 13 and in particular, notwithstanding that the obligation is not an obligation of the Reference Entity.

For the avoidance of doubt with respect to any LPN Reference Obligation that specifies an Underlying Loan or an Underlying Finance Instrument, the outstanding principal balance shall be determined by reference to the Underlying Loan or Underlying Finance Instrument (as applicable) relating to such LPN Reference Obligation.

The Not Subordinated Obligation Characteristic and Deliverable Obligation Characteristic shall be construed as if no Reference Obligation was specified in respect of the Reference Entity;

- (d) the definition of Reference Obligation shall be deleted and the following substituted therefor:

"Reference Obligation means, as of the Trade Date, each of the obligations listed as a Reference Obligation of the Reference Entity in the applicable Final Terms or set forth on the relevant LPN Reference Obligations List (each a **Markit Published LPN Reference Obligation**), as published by Markit Group Limited, or any successor thereto, as of the Trade Date, any Additional LPN and each Additional Obligation."; and

- (e) the following additional definitions shall apply:

Additional LPN means any bond issued in the form of a loan participation note (a **LPN**) by an entity (the **LPN Issuer**) for the sole purpose of providing funds for the LPN Issuer to (a) finance a loan to the Reference Entity (the **Underlying Loan**) or (b) provide finance to the Reference Entity by way of a deposit, loan or other Borrowed Money instrument (the **Underlying Finance Instrument**), provided that (i) either (x) in the event that there is an Underlying Loan with respect to such LPN the Underlying Loan satisfies the Obligation Characteristics specified in respect of the Reference Entity or (y) in the event that there is an Underlying Finance Instrument with respect to such LPN the Underlying Finance Instrument satisfies the Not Subordinated, Not Domestic Law and Not Domestic Currency Obligation Characteristics (ii) the LPN satisfies the following Deliverable Obligation Characteristics: Transferable, Not Bearer, Credit Linked Specified Currency – Standard Specified Currencies, Not Domestic Law, Not Domestic Issuance; and (iii) the LPN Issuer has, as of the issue date of such obligation, granted a First Ranking Interest over or in respect of certain of its rights in relation to the relevant Underlying Loan or Underlying Finance Instrument (as applicable) for the benefit of the holders of the LPNs.

Additional Obligation means each of the obligations listed as an Additional Obligation of the Reference Entity in the applicable Final Terms or set forth on the relevant LPN Reference Obligations List (each a **Markit Published LPN Reference Obligation**), as published by Markit Group Limited, or any successor thereto, as of the Trade Date.

First Ranking Interest means a charge, security interest (or other type of interest having similar effect) (an **Interest**), which is expressed as being "first ranking", "first priority", or similar (**First Ranking**) in the document creating such Interest (notwithstanding that such

Interest may not be First Ranking under any insolvency laws of any related insolvency jurisdiction of the LPN Issuer).

LPN Reference Obligation means each Reference Obligation other than any Additional Obligation.

For the avoidance of doubt, any change to the issuer of an LPN Reference Obligation in accordance with its terms shall not prevent such LPN Reference Obligation constituting a Reference Obligation.

Each LPN Reference Obligation is issued for the sole purpose of providing funds for the Issuer to finance a loan to the Reference Entity. For the purposes of the Credit Linked Conditions each such loan shall be an Underlying Loan.

19. Amendment of Credit Linked Conditions in accordance with Market Convention

The Calculation Agent may from time to time amend any provision of these Credit Linked Conditions to incorporate and/or reflect further or alternative documents from time to time published by ISDA with respect to the settlement of credit derivative transactions and/or the operation or application of determinations by the Credit Derivatives Determinations Committees which the Calculation Agent determines in a commercially reasonable manner are necessary or desirable to reflect or govern market practice for credit derivative transactions. 1. INTERPRETATION

The following provisions (the **Physical Delivery N&C Securities Conditions**) apply to N&C Securities specified as being Physical Delivery N&C Securities in the applicable Final Terms or where Physical Delivery is specified in the applicable Final Terms.

References in the Physical Delivery N&C Securities Conditions to "delivery", "delivered" and "deliver" shall in the context of the delivery of the Entitlement in respect of Credit Linked N&C Securities be deemed to be references to "Delivery", "Delivered" and "Deliver" as such terms are defined and construed in the Credit Linked Conditions.

2. DELIVERY OF ENTITLEMENT AND ASSET TRANSFER NOTICES

In order to obtain delivery of the Entitlement(s) in respect of any N&C Security:

- (i) if such N&C Security is represented by a Global N&C Security held through Euroclear and/or Clearstream, Luxembourg, the relevant Holder must provide to Euroclear or Clearstream, Luxembourg (as applicable) in a form acceptable thereto, with a copy to the Issuer not later than the close of business in each place of reception on the Cut-Off Date, a duly completed Asset Transfer Notice substantially in the form set out and/or containing the information specified in the Agency Agreement (the **Asset Transfer Notice**);

An Asset Transfer Notice may only be delivered (i) if such N&C Security is represented by a Global N&C Security, in such manner as is acceptable to Euroclear or Clearstream, Luxembourg, as the case may be or (ii) if such N&C Security is in definitive form in writing.

If such N&C Security is in definitive form, such N&C Security must be delivered together with the duly completed Asset Transfer Notice.

The Issuer shall at the risk of the relevant Holder deliver the Entitlement in respect of each N&C Security or, in the case of Credit Linked N&C Securities, Deliver the Deliverable Obligations comprising the Entitlement in such commercially reasonable manner as the Issuer shall, in its sole discretion, determine to be appropriate for such delivery.

Each N&C Security will be redeemed by the Issuer or the Guarantor (if any), as applicable, on the Maturity Delivery Date (as defined below) or the Credit Settlement Date, if applicable, by applying the Nominal Amount of each N&C Security outstanding as at such date on behalf of the relevant Securityholder to purchase the Entitlement for delivery, as specified in, or determined in accordance with, the applicable Final Terms and delivering the Entitlement.

All Expenses shall be for the account of the relevant Holder and no delivery and/or transfer of any Entitlement shall be made until all Expenses have been paid to the satisfaction of the Issuer by the relevant Holder.

For these purposes **Expenses** means all taxes, duties and/or expenses including any depository charges, transaction charges, stamp duty, stamp duty reserve tax, issue, registration, securities, transfer and/or other taxes or duties (together with any interest, additions to tax or penalties applicable thereto and any interest in respect of such additions or penalties) which the Calculation Agent determines may be or would be, or would have been incurred (i) in connection with the redemption of the N&C Securities and/or the delivery or transfer of any Entitlement in respect thereof, and (ii) by the Issuer or any Affiliate had such entity unwound or varied any underlying related hedging arrangements in respect of the N&C Securities.

- (b) in the case of N&C Securities represented by a Global N&C Security, specify the number of units or nominal amount of N&C Securities which are the subject of such notice and the number of the Holder's account at Euroclear or Clearstream, Luxembourg, as the case may be, to be debited with such N&C Securities and irrevocably instruct and authorise Euroclear or Clearstream, Luxembourg, as the case may be, to debit the relevant Holder's account with such N&C Securities on or before the Maturity Delivery Date (as defined below) or, in the case of Credit Linked N&C Securities, the Credit Settlement Date;

No Asset Transfer Notice may be withdrawn after receipt thereof by Euroclear, Clearstream, Luxembourg or a Paying Agent as provided above. After delivery of an Asset Transfer Notice, the relevant Holder may not transfer the N&C Securities which are the subject of such notice.

In the case of N&C Securities represented by a Global N&C Security, upon receipt of such notice, Euroclear or Clearstream, Luxembourg, as the case may be, shall verify that the person specified therein as the Holder is the holder of the specified nominal amount of N&C Securities according to its books.

Subject thereto, Euroclear or Clearstream, Luxembourg, as the case may be, will confirm to the Principal Agent the series number and number of N&C Securities the subject of such notice, the relevant account details (if applicable) and the details for the delivery of the Entitlement in respect of each such N&C Security. Upon receipt of such confirmation, the Principal Agent will inform the Issuer thereof. Euroclear or Clearstream, Luxembourg, as the case may be, will on or before the Maturity Delivery Date or Credit Settlement Date, as the case may be, debit the securities account of the relevant Holder with the N&C Securities the subject of the relevant Asset Transfer Notice.

Failure properly to complete and deliver an Asset Transfer Notice may result in such notice being treated as null and void. Any determination as to whether such notice has been properly completed and delivered as provided in the Physical Delivery N&C Securities Conditions shall be made, in the case of N&C Securities represented by a Global N&C Security, by the Issuer after consultation with the Principal Agent and shall be conclusive and binding on the Guarantor (if applicable) and the relevant Holder or in the case of N&C Securities in definitive form, by the relevant Paying Agent after consultation with the Principal Agent and the Issuer and shall be conclusive and binding on the Issuer, the Guarantor (if applicable) and the relevant Holder.

If such Asset Transfer Notice is subsequently corrected to the satisfaction of the Issuer or the relevant Paying Agent, in each case in consultation with the Principal Agent and the Issuer, it shall be deemed to be a new Asset Transfer Notice submitted at the time such correction was delivered as provided above.

The Issuer or the relevant Paying Agent, as applicable, shall use reasonable efforts to notify the Holder submitting an Asset Transfer Notice as soon as reasonably practicable if, in consultation with the Principal Agent and, in the case of the relevant Paying Agent, the Issuer, it has determined that such Asset Transfer Notice is incomplete or not in proper form. In the absence of negligence or wilful misconduct on its part, none of the Issuer, the Guarantor (if applicable) or the Paying Agents, Euroclear or Clearstream, Luxembourg shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

The Entitlement will be delivered at the risk of the relevant Holder, in the manner provided above on the Maturity Date (such date, subject to adjustment in accordance with these Physical Delivery N&C Securities Conditions, the **Maturity Delivery Date**) or, in the case of Credit Linked N&C Securities, in the manner provided above on the Credit Settlement Date, provided that the Asset Transfer Notice is duly delivered to Euroclear, Clearstream, Luxembourg or a Paying Agent, as the case may be,

with a copy to the Issuer, as provided above, not later than the close of business in each place of receipt on the Cut-Off Date.

If an Asset Transfer Notice is delivered to Euroclear, Clearstream, Luxembourg or a Paying Agent, as the case may be, with a copy to the Issuer, later than the close of business in each place of receipt on the Cut-Off Date, then the Entitlement will be delivered as soon as practicable after the Maturity Date (in which case, such date of delivery shall be the Maturity Delivery Date) or, in the case of Credit Linked N&C Securities, the Credit Settlement Date at the risk of such Holder in the manner provided above. Provided That if in respect of an N&C Security an Asset Transfer Notice is not delivered to Euroclear, Clearstream, Luxembourg or a Paying Agent, as the case may be, with a copy to the Issuer, prior to the close of business in each place of receipt on the 90th calendar day following the Cut-off Date then (a) if "Assessed Value Payment Amount" is specified as applicable in the applicable Final Terms, the Issuer shall as soon as reasonably practicable following such date determine the Assessed Value Payment Amount and in respect of such N&C Security shall pay the Assessed Value Payment Amount to the relevant Securityholder in lieu of delivery of the Entitlement as soon as reasonably practicable following determination of the Assessed Value Payment Amount, or (b) if "Assessed Value Payment Amount" is not specified as applicable in the applicable Final Terms, the Issuer's obligations in respect of such N&C Security and (in the case of Guaranteed N&C Securities) the Guarantor's obligations pursuant to the Guarantee in respect of such N&C Security shall be discharged and no further liability in respect thereof shall attach to the Issuer or the Guarantor. Upon payment of the Assessed Value Payment Amount, if applicable, the Issuer's obligations in respect of such N&C Security shall be discharged and (in the case of Guaranteed N&C Securities) the Guarantor's obligations in respect of such N&C Security pursuant to the Guarantee shall be discharged. For the avoidance of doubt, in the circumstances described in (b) above, such Holder shall not be entitled to any payment, whether of interest or otherwise, as a result of such Maturity Delivery Date or the Credit Settlement Date, as the case may be, falling after the originally designated Maturity Delivery Date or Credit Settlement Date, as the case may be, and no liability in respect thereof shall attach to the Issuer or the Guarantor.

Delivery of the Entitlement in respect of the N&C Securities is subject to all applicable laws, regulations and practices in force on the Maturity Delivery Date or the Credit Settlement Date, as the case may be, and none of the Issuer, the Guarantor (if applicable) or any of their Affiliates or agents and the Paying Agents shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. None of the Issuer, the Guarantor (if applicable) or any of their Affiliates or agents and the Paying Agents shall under any circumstances be liable for any acts or defaults of Euroclear or Clearstream, Luxembourg in relation to the performance of their duties in relation to the N&C Securities.

For such period of time after the Maturity Delivery Date or Credit Settlement Date, as the case may be, as any person other than the relevant Holder shall continue to be the legal owner of the securities, obligations or Deliverable Obligations comprising the Entitlement (the **Intervening Period**), none of the Issuer, the Guarantor (if applicable) nor any other such person shall (i) be under any obligation to deliver or procure delivery to the relevant Holder or any subsequent beneficial owner of such N&C Security any letter, certificate, notice, circular or any other document or, except as provided herein, payment whatsoever received by that person in respect of such securities, obligations or Deliverable Obligations, (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such securities, obligations or Deliverable Obligations during the Intervening Period or (iii) be under any liability to the relevant Holder, or any subsequent beneficial owner of such N&C Security in respect of any loss or damage which the relevant Holder, or subsequent beneficial owner may sustain or suffer as a result, whether directly or indirectly, of that person being the legal owner of such securities, obligations or Deliverable Obligations during such Intervening Period.

Where the Entitlement comprises shares, any dividend or other distribution in respect of such Entitlement will not be payable to the Holder or any other party by the Issuer and the Issuer will be entitled to retain any dividend or distribution for which the record date or ex dividend date falls on or prior to the last day of the Intervening Period.

Except in the case of Credit Linked N&C Securities, where the Entitlement is, in the determination of the Issuer, an amount other than an amount of Relevant Assets capable of being delivered, the Securityholders will receive an Entitlement comprising of the nearest number (rounded down) of Relevant Assets capable of being delivered by the Issuer (taking into account that a Holder's entire holding may be aggregated at the Issuer's discretion for the purpose of delivering the Entitlements), and in respect of the amount of Relevant Assets not capable of being delivered, an amount in the Specified Currency which shall be the value of the amount of the Relevant Assets so rounded down, as calculated by the Calculation Agent in its sole discretion from such source(s) as it may select (converted if necessary into the Specified Currency by reference to such exchange rate as the Calculation Agent deems appropriate).

3. SETTLEMENT DISRUPTION EVENT

The provisions of this Physical Delivery N&C Securities Condition 3 shall apply to Physical Delivery N&C Securities other than Credit Linked N&C Securities.

If, prior to the delivery of the Entitlement in accordance with these Physical Delivery N&C Securities Conditions, a Settlement Disruption Event is subsisting, then the Maturity Delivery Date in respect of such N&C Security shall be postponed until the next Settlement Business Day on which no Settlement Disruption Event is subsisting and notice thereof shall be given to the relevant Holder, in accordance with N&C Securities Condition 16. Such Holder shall not be entitled to any payment, whether of interest or otherwise, on such N&C Security as a result of any delay in the delivery of the Entitlement pursuant to these Physical Delivery N&C Securities Conditions. Where delivery of the Entitlement has been postponed as provided in the Physical Delivery N&C Securities Conditions the Issuer shall not be in breach of the Conditions and no liability in respect thereof shall attach to the Issuer or the Guarantor.

For so long as delivery of the Entitlement in respect of any N&C Security is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant N&C Security by payment to the relevant Holder of the Disruption Cash Settlement Price not later than on the third Business Day following the date that the notice of such election (the **Election Notice**) is given to the Securityholders in accordance with N&C Securities Condition 16.

Notification of such election will be given to Securityholders in accordance with N&C Securities Condition 16.

N&C Securities issued in uncertificated form shall be registered with the Intermediary as intermediated securities (*Bucheffekten*). The Swiss Securities will remain registered in the main register (*Hauptregister*) of the Intermediary until the earlier of expiration, settlement or printing of the relevant series of Swiss Securities. Once the uncertificated securities (*Wertrechte*) are registered in the main register (*Hauptregister*) of the Intermediary and entered into the accounts of one or more participants of the Intermediary, the Swiss Securities will constitute intermediated securities (*Bucheffekten*) (**Intermediated Securities**) in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*). definitive Swiss Securities is required by Swiss or foreign law in connection with the enforcement of rights (e.g., in the event of bankruptcy or restructuring of the Issuer). This Annex applies to Exempt Securities and the following Non-Exempt Securities:

- ***Auction to Cash Settled Credit Linked N&C Securities***

If specified as applicable in the applicable Final Terms, (a) the terms and conditions applicable to N&C Securities specified in the applicable Final Terms as Credit Linked N&C Securities shall comprise the terms and conditions of the N&C Securities (the **N&C Securities Conditions**) and the Additional Terms and Conditions for Credit Linked Securities (2014 ISDA Credit Derivatives Definitions Version) set out below (the **Credit Linked Conditions**) and (b) the terms and conditions applicable to W&C Securities specified in the applicable Final Terms as Credit Linked W&C Securities shall comprise the terms and conditions of the W&C Securities (the **W&C Securities Conditions**) and the Credit Linked Conditions, in each case together with the Additional Terms and Conditions contained in any of the other Annexes to the Terms and Conditions that are specified in the applicable Final Terms as applying to the Securities and subject, in each case, to completion in the applicable Final Terms or Pricing Supplement (as applicable) and, in the case of Exempt Securities only, supplement or amendment in the applicable Pricing Supplement. In the case of Credit Linked N&C Securities which are Exempt N&C Securities or Credit Linked W&C Securities which are Exempt W&C Securities, in the event of any inconsistency between (i) the N&C Securities Conditions or the W&C Securities Conditions, as applicable, and (ii) the Credit Linked Conditions, the Credit Linked Conditions shall prevail. In the case of Credit Linked N&C Securities which are not Exempt N&C Securities or Credit Linked W&C Securities which are not Exempt W&C Securities, in the event of any inconsistency between (i) the N&C Securities Conditions or the W&C Securities Conditions, as applicable, and (ii) the Credit Linked Conditions, the N&C Securities Conditions or the W&C Securities Conditions, as applicable, shall prevail. In the event of any inconsistency between (i) the N&C Securities Conditions, the W&C Securities Conditions and/or the Credit Linked Conditions and (ii) the applicable Final Terms, the applicable Final Terms shall prevail. References in the Credit Linked Conditions to "Security" and "Securities" shall be deemed to be references to "N&C Security" and "N&C Securities" or "W&C Security" and "W&C Securities" as the context admits.

Unless otherwise stated in these Credit Linked Conditions or in the applicable Final Terms, in the event that any day specified in the section "Credit Linked N&C Securities" in the applicable Final Terms or the last day of any period calculated by reference to calendar days falls on a day that is not a Business Day, such day or last day shall be subject to adjustment in accordance with the applicable Credit Linked Business Day Convention.

In the case of Credit Linked Securities for which more than one Reference Entity is specified in the applicable Final Terms, all references to "the Reference Entity" herein shall be construed to refer to the Reference Entity in respect of which the relevant determination falls to be made at any relevant time and all related provisions and determinations will be construed accordingly.

For the avoidance of doubt no Credit Linked Securities will be considered frustrated, or otherwise void or voidable (whether for mistake or otherwise) solely because:

- (a) any relevant Reference Entity does not exist on, or ceases to exist on or following, the Trade Date; and/or
- (b) Obligations, Deliverable Obligations or the Reference Obligation do not exist on, or cease to exist on or following, the Trade Date.

For the avoidance of doubt, the application of any of Credit Linked Conditions 5, 6, 7, 8, 9 or 11 below shall not preclude the application of any other such Credit Linked Condition either contemporaneously or subsequently and in the event that any such Credit Linked Conditions are inconsistent or the Calculation Agent becomes entitled to exercise a discretion under one or more of such Credit Linked Conditions, the

Calculation Agent may elect in its discretion which Credit Linked Condition shall apply and under which Credit Linked Condition or Credit Linked Conditions it shall exercise its discretion.

1. **Redemption or Exercise of Credit Linked Securities**

Unless previously redeemed or purchased and cancelled and subject as provided in Credit Linked Condition 2, Credit Linked Condition 3, Credit Linked Condition 4 and Credit Linked Condition 21, as applicable:

- (i) each unit or nominal amount of Credit Linked N&C Securities equal to the Calculation Amount set out in the applicable Final Terms will be redeemed by the Issuer at its relevant Final Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms in the relevant Specified Currency on the Maturity Date; or
- (ii) each Credit Linked W&C Security will be exercised automatically by the Principal Agent on behalf of Securityholders on the Exercise Date and entitles the holder to receive the relevant Cash Settlement Amount specified in, or determined in the manner specified in, the applicable Final Terms in the relevant Specified Currency on the Settlement Date.

2. **Auction Settlement**

Where Auction Settlement is specified as the applicable Settlement Method in the applicable Final Terms and a Credit Event Determination Date occurs on or prior to the Auction Final Price Determination Date, the Issuer shall give notice (such notice an **Auction Settlement Notice**) to the Holders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable, and, subject to (i) any adjustment in accordance with Credit Linked Condition 14 and (ii) any prior redemption in accordance with Credit Linked Condition 21, redeem or cancel, as applicable, all but not some only of the Securities and pay in respect of each unit or nominal amount of Credit Linked N&C Securities equal to the Calculation Amount set out in the applicable Final Terms or each Credit Linked W&C Security, as applicable, the Credit Event Redemption Amount in the relevant Specified Currency on the Credit Event Redemption Date.

Unless settlement has occurred in accordance with the paragraph above, if:

- (i) an Auction Cancellation Date occurs;
- (ii) a No Auction Announcement Date occurs (and in circumstances where such No Auction Announcement Date occurs pursuant to paragraphs (b) or (c)(ii) of the definition of No Auction Announcement Date, the Issuer has not exercised the Movement Option);
- (iii) a DC Credit Event Question Dismissal occurs; or
- (iv) a Credit Event Determination Date was determined pursuant to paragraph (a)(i) of the definition of Credit Event Determination Date or paragraph (a) of the definition of Non-Standard Event Determination Date and no Credit Event Resolution Request Date has occurred in respect of the relevant Credit Event on or prior to the date falling three Business Days after such Credit Event Determination Date; or
- (v) if the Issuer (or an Affiliate acting on behalf of the Issuer) otherwise determines that this is appropriate by reference to its and/or any of its Affiliates' Hedging Arrangements,

then:

- (A) if Fallback Settlement Method – Cash Settlement is specified as applicable in the applicable Final Terms, the Issuer shall redeem or cancel, as

applicable, the Securities in accordance with Credit Linked Condition 3 below; or

- (B) if Fallback Settlement Method – Physical Delivery is specified as applicable in the applicable Final Terms, the Issuer shall redeem or cancel, as applicable, the Securities in accordance with Credit Linked Condition 4 below.

If a Credit Event Determination Date has occurred and the Securities become redeemable or are cancelled in accordance with this Credit Linked Condition 2, upon payment of the Credit Event Redemption Amounts in respect of the Securities, the Issuer shall have discharged its obligations in respect of the Securities and shall have no other liability or obligation whatsoever in respect thereof. The Credit Event Redemption Amount may be less than the Calculation Amount of a Credit Linked N&C Security or the Notional Amount of a Credit Linked W&C Security. Any shortfall shall be borne by the Holders and no liability shall attach to the Issuer or the Guarantor (if applicable).

3. Cash Settlement

If a Credit Event Determination Date occurs, then where Cash Settlement is specified as the applicable Settlement Method in the applicable Final Terms or if Credit Linked Condition 2(A) above applies then, subject to any prior redemption in accordance with Credit Linked Condition 21, the Issuer shall give notice (such notice a **Cash Settlement Notice**) to the Holders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable and redeem or cancel, as applicable, all but not some only of the Securities, and pay in respect of each unit or nominal amount of Credit Linked N&C Securities equal to the Calculation Amount set out in the applicable Final Terms or each Credit Linked W&C Security, as applicable, the Credit Event Redemption Amount in the relevant Specified Currency on the Credit Event Redemption Date. If "Weighted Highest" is specified as the Valuation Method in the applicable Final Terms, the Final Price used for the purposes of calculating the Credit Event Redemption Amount shall be calculated in respect of one or more Valuation Obligations (as defined below) selected by the Calculation Agent in its sole discretion in lieu of the Reference Obligation. For such purposes, references to the term "Reference Obligation" in the definitions of "Final Price", "Quotation", "Quotation Amount", "Full Quotation", "Weighted Average Quotation" and all related definitions shall, as the case requires, be deemed to refer to each relevant Valuation Obligation. **Valuation Obligation** means the relevant Reference Obligation and/or one or more Deliverable Obligations selected by the Calculation Agent in accordance with this Credit Linked Condition 3. The Calculation Agent shall select the relevant Valuation Obligations and determine their respective weightings on or prior to the relevant Valuation Date, and for such purposes shall determine the applicable Deliverable Obligations in accordance with the definition of "Deliverable Obligation" in Credit Linked Condition 13 below and terms relating to Physical Delivery below. The Calculation Agent is not required to select more than one Valuation Obligation and may select the "cheapest" obligation of the Reference Obligation and/or Deliverable Obligations as the relevant Valuation Obligation(s). Notwithstanding the fact that the Calculation Agent may determine the Deliverable Obligations for the purposes of selecting the Valuation Obligations, in no event will the Securities be physically settled and the Calculation Agent is not obliged to select any such Deliverable Obligations as Valuation Obligations.

If a Credit Event Determination Date has occurred and the Securities become redeemable or are cancelled in accordance with this Credit Linked Condition 3, upon payment of the Credit Event Redemption Amounts in respect of the Securities, the Issuer shall have discharged its obligations in respect of the Securities and shall have no other liability or obligation whatsoever in respect thereof. The Credit Event Redemption Amount may be less than the Calculation Amount of a Credit Linked N&C Security or the Notional Amount of a Credit Linked W&C Security. Any

shortfall shall be borne by the Holders and no liability shall attach to the Issuer or the Guarantor (if applicable).

4. Physical Settlement

If a Credit Event Determination Date occurs, then where Physical Delivery is specified as the applicable Settlement Method in the applicable Final Terms or if Credit Linked Condition 2(B) above applies then, subject to any prior redemption in accordance with Credit Linked Condition 21, the Issuer shall, following the receipt of a Calculation Agent Physical Settlement Notice, give notice (such notice a **Notice of Physical Settlement**) to the Holders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable, and redeem or cancel, as applicable all but not some only of the Securities and Deliver in respect of each unit or nominal amount of Credit Linked N&C Securities equal to the Calculation Amount or each Credit Linked W&C Security, as applicable, the Deliverable Obligations comprising the Entitlement on the Credit Settlement Date, subject to and in accordance with the N&C Securities Conditions or the W&C Securities Conditions and these Credit Linked Conditions.

The Notice of Physical Settlement shall include (i) details of the relevant Reference Entity, (ii) a description of each Deliverable Obligation comprising the Entitlement that the Issuer reasonably expects to Deliver and (iii) the Outstanding Principal Balance or Due and Payable Amount, as applicable, or the equivalent amount in the Settlement Currency (in each case the relevant **Outstanding Amount**) and, if different, the face amount, of each such Deliverable Obligation. The aggregate Outstanding Amount of all Deliverable Obligations specified in the Notice of Physical Settlement that the Issuer intends to Deliver shall be the relevant **Aggregate Outstanding Amount**. For the avoidance of doubt, the Issuer shall be entitled to select any of the Deliverable Obligations to constitute the Entitlement, irrespective of their market value.

Asset Package Delivery will apply if an Asset Package Credit Event occurs, unless (i) such Asset Package Credit Event occurs prior to the Credit Event Backstop Date determined in respect of the Credit Event specified in the Credit Event Notice or DC Credit Event Announcement applicable to the Credit Event Determination Date, or (ii) if the Reference Entity is a Sovereign, no Package Observable Bond exists immediately prior to such Asset Package Credit Event. Notwithstanding the foregoing, if (i) "Sovereign No Asset Package Delivery" is specified as applicable in the applicable Final Terms or, (ii) "Sovereign No Asset Package Delivery" is specified as "See Physical Settlement Matrix" in the applicable Final Terms and the relevant ISDA Physical Settlement Matrix states that the "2014 Sovereign No Asset Package Delivery Supplement to the 2014 ISDA Credit Derivatives Definitions" is applicable, it shall be deemed that no Package Observable Bond exists with respect to a Reference Entity that is a Sovereign (even if such a Package Observable Bond has been published by ISDA) and accordingly, Asset Package Delivery shall not apply thereto. Where Asset Package Delivery applies, the provisions of paragraph (b) of the definition of "Deliver" below shall apply and the Calculation Agent may make any adjustment in relation to provisions for physical delivery and determination of the Entitlement that it determines to be necessary or desirable to take account of the relevant Asset Package.

The Issuer may, from time to time, following receipt of a Calculation Agent Physical Settlement Amendment Notice, amend a Notice of Physical Settlement by delivering a notice to Holders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable (each such notification, a **Physical Settlement Amendment Notice**) that the Issuer is replacing, in whole or in part, one or more Deliverable Obligations specified in the Notice of Physical Settlement or a prior Physical Settlement Amendment Notice, as applicable, (to the extent the relevant Deliverable Obligation has not been Delivered as of the date such Physical Settlement Amendment Notice is effective). A Physical Settlement Amendment Notice shall specify each replacement Deliverable Obligation that the Issuer will Deliver (each, a **Replacement Deliverable Obligation**) and shall also specify the Outstanding Amount of each Deliverable Obligation identified in the Notice of Physical

Settlement or a prior Physical Settlement Amendment Notice, as applicable, that is being replaced (with respect to each such Deliverable Obligation, the **Replaced Deliverable Obligation Outstanding Amount**). The Outstanding Amount of each Replacement Deliverable Obligation identified in the Physical Settlement Amendment Notice shall be determined by applying the Revised Currency Rate to the relevant Replaced Deliverable Obligation Outstanding Amount. The Outstanding Amount of the Replacement Deliverable Obligation(s) specified in any Physical Settlement Amendment Notice in aggregate with the Outstanding Amount of the Deliverable Obligation(s) specified in the Notice of Physical Settlement or any earlier Physical Settlement Amendment Notice which, in each case, are not being replaced must not be greater than the Aggregate Outstanding Amount. Each such Physical Settlement Amendment Notice must be effective on or prior to the Credit Settlement Date (determined without reference to any change resulting from such Physical Settlement Amendment Notice). Notwithstanding the foregoing, (i) the Issuer may correct any errors or inconsistencies contained in the Notice of Physical Settlement or any Physical Settlement Amendment Notice, as applicable, by notice to Holders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable, prior to the relevant Delivery Date; and (ii) if Asset Package Delivery is applicable, the Issuer shall prior to the Delivery Date, notify the Holders (in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable) of the detailed description of the Asset Package, if any, that the Issuer will Deliver in lieu of the Prior Deliverable Obligation or Package Observable Bond, if any, specified in the Notice of Physical Settlement or Physical Settlement Amendment Notice, as applicable, it being understood in each case that any such notice of correction shall not constitute a Physical Settlement Amendment Notice.

If "Mod R" is specified as applicable in the applicable Final Terms and Restructuring is the only Credit Event specified in a Credit Event Notice, then unless the Deliverable Obligation is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention, a Deliverable Obligation may be included in the Entitlement only if it (i) is a Fully Transferable Obligation and (ii) has a final maturity date not later than the applicable Restructuring Maturity Limitation Date in each case as of each such date as the Calculation Agent determines relevant for purposes of the Hedging Arrangements.

If "Mod Mod R" is specified as applicable in the applicable Final Terms and Restructuring is the only Credit Event specified in a Credit Event Notice, then unless the Deliverable Obligation is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention, a Deliverable Obligation may be included in the Entitlement only if it (i) is a Conditionally Transferable Obligation and (ii) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date, in each case, as of each such date as the Calculation Agent determines relevant for purposes of the Hedging Arrangements. For the purposes of this paragraph only and notwithstanding the foregoing, in the case of a Restructured Bond or Loan with a final maturity date on or prior to the 10-year Limitation Date, the final maturity date of such Bond or Loan shall be deemed to be the earlier of such final maturity date or the final maturity date of such Bond or Loan immediately prior to the relevant Restructuring.

If a Credit Event Determination Date has occurred and the Securities become redeemable or are cancelled in accordance with this Credit Linked Condition 4, upon Delivery of the relevant Deliverable Obligations and/or payment of the Partial Cash Settlement Amounts, as the case may be, the Issuer shall have discharged its obligations in respect of the Securities and shall have no other liability or obligation whatsoever in respect thereof. The value of such Deliverable Obligations and/or the Partial Cash Settlement Amount, as the case may be, may be less than the Calculation Amount of a Credit Linked N&C Security or the Notional Amount of a Credit Linked W&C Security. Any shortfall shall be borne by the Holders and no liability shall attach to the Issuer or the Guarantor (if applicable).

5. Repudiation/Moratorium Extension

If "Repudiation/Moratorium" is specified as a Credit Event in the applicable Final Terms, the provisions of this Credit Linked Condition 5 shall apply.

(a) In the case of Credit Linked N&C Securities:

Where a Credit Event Determination Date has not occurred on or prior to the Scheduled Maturity Date but the Repudiation/Moratorium Extension Condition has been satisfied on or prior to the Scheduled Maturity Date or, if Credit Linked Condition 8(y) applies, the Postponed Cut-Off Date (as defined in Credit Linked Condition 8) and the Repudiation/Moratorium Evaluation Date in respect of such Potential Repudiation/Moratorium may, in the opinion of the Calculation Agent, fall after the Scheduled Maturity Date, then the Calculation Agent shall notify the Securityholders in accordance with N&C Securities Condition 16 that a Potential Repudiation/Moratorium has occurred and:

(i) where a (A) Repudiation/Moratorium has not occurred on or prior to the Repudiation/Moratorium Evaluation Date or (B) a Repudiation/Moratorium has occurred on or prior to the Repudiation/Moratorium Evaluation Date but a Credit Event Determination Date has not occurred:

(A) each unit or nominal amount of N&C Securities equal to the Calculation Amount will be redeemed by the Issuer at the Final Redemption Amount on the fifth Business Day following the Repudiation/Moratorium Evaluation Date; and

(B) in the case of interest bearing N&C Securities, the Issuer shall be obliged to pay interest calculated as provided herein, accruing from (and including) the Coupon Payment Date immediately preceding the Scheduled Maturity Date or, if none, the Coupon Commencement Date to (but excluding) the Scheduled Maturity Date but shall only be obliged to make such payment of interest on the fifth Business Day following the Repudiation/Moratorium Evaluation Date and no further or other amount in respect of interest shall be payable and no additional amount shall be payable in respect of such delay; or

(ii) where a Repudiation/Moratorium has occurred on or prior to the Repudiation/Moratorium Evaluation Date and a Credit Event Determination Date has occurred, the provisions of Credit Linked Condition 2, Credit Linked Condition 3 or Credit Linked Condition 4, as applicable, shall apply to the Credit Linked N&C Securities.

(b) In the case of Credit Linked W&C Securities:

Where a Credit Event Determination Date has not occurred on or prior to the Scheduled Exercise Date but the Repudiation/Moratorium Extension Condition has been satisfied on or prior to the Scheduled Exercise Date or, if Credit Linked Condition 9(y) applies, the Postponed Exercise Date (as defined in Credit Linked Condition 9) and the Repudiation/Moratorium Evaluation Date in respect of such Potential Repudiation Moratorium will, in the sole determination of the Calculation Agent, fall after the Scheduled Exercise Date, then the Calculation Agent shall notify the Holders in accordance with W&C Securities Condition 9 that a Potential Repudiation/Moratorium has occurred and:

- (i) where (A) a Repudiation/Moratorium has not occurred on or prior to the Repudiation/Moratorium Evaluation Date or (B) a Repudiation/Moratorium has occurred on or prior to the Repudiation/Moratorium Evaluation Date but a Credit Event Determination Date has not occurred, the Exercise Date for the W&C Securities shall be postponed until the fifth Business Day following the Repudiation/Moratorium Evaluation Date; or
- (ii) where a Repudiation/Moratorium has occurred on or prior to the Repudiation/Moratorium Evaluation Date and a Credit Event Determination Date has occurred, the provisions of Credit Linked Condition 2, Credit Linked Condition 3 or Credit Linked Condition 4, as applicable, shall apply to the Credit Linked W&C Securities.

6. Grace Period Extension

If "Grace Period Extension" is specified as applicable in the applicable Final Terms, the provisions of this Credit Linked Condition 6 shall apply.

- (a) In the case of Credit Linked N&C Securities:

Where a Credit Event Determination Date has not occurred on or prior to the Scheduled Maturity Date but, in the determination of the Calculation Agent, a Potential Failure to Pay has occurred with respect to one or more Obligation(s) in respect of which a Grace Period is applicable on or prior to the Scheduled Maturity Date (and such Grace Period(s) is/are continuing as at the Scheduled Maturity Date), then the Calculation Agent shall notify the Securityholders in accordance with N&C Securities Condition 16 that a Potential Failure to Pay has occurred and:

- (i) where (A) a Failure to Pay has not occurred on or prior to the Grace Period Extension Date or (B) a Failure to Pay has occurred on or prior to the Grace Period Extension Date but a Credit Event Determination Date has not occurred:
 - (A) each unit or nominal amount of N&C Securities equal to the Calculation Amount will be redeemed by the Issuer at the Final Redemption Amount on the fifth Business Day following the Grace Period Extension Date; and
 - (B) in the case of interest bearing N&C Securities, the Issuer shall be obliged to pay interest calculated as provided herein, accruing from (and including) the Coupon Payment Date immediately preceding the Scheduled Maturity Date or, if none, the Coupon Commencement Date to (but excluding) the Scheduled Maturity Date but shall only be obliged to make such payment of interest on the fifth Business Day following the Grace Period Extension Date and no further or other amount in respect of interest shall be payable and no additional amount shall be payable in respect of such delay; or
- (ii) where a Failure to Pay has occurred on or prior to the Grace Period Extension Date and a Credit Event Determination Date has occurred, the provisions of Credit Linked Condition 2, Credit Linked Condition 3 or Credit Linked Condition 4, as applicable, shall apply to the Credit Linked N&C Securities.

- (b) In the case of Credit Linked W&C Securities:

Where a Credit Event Determination Date has not occurred on or prior to the Scheduled Exercise Date but in the determination of the Calculation Agent a Potential Failure to Pay has occurred with respect to one or more Obligation(s) in respect of which a Grace Period is

applicable on or prior to the Scheduled Exercise Date (and such Grace Period(s) is/are continuing as at the Scheduled Exercise Date), then the Calculation Agent shall notify such Potential Failure to Pay to the Holders in accordance with W&C Securities Condition 9 and:

- (i) where (A) a Failure to Pay has not occurred on or prior to the Grace Period Extension Date or (B) a Failure to Pay has occurred on or prior to the Grace Period Extension Date but a Credit Event Determination Date has not occurred, the Exercise Date for the W&C Securities will be postponed until the fifth Business Day following the Grace Period Extension Date; or
- (ii) where a Failure to Pay has occurred on or prior to the Grace Period Extension Date and a Credit Event Determination Date has occurred, the provisions of Credit Linked Condition 2, Credit Linked Condition 3 or Credit Linked Condition 4, as applicable, shall apply to the Credit Linked W&C Securities.

7. Credit Derivatives Determinations Committee Extension

- (a) In the case of Credit Linked N&C Securities:

If, in the determination of the Calculation Agent, a Credit Event Resolution Request Date or a Potential Credit Event has occurred and the Credit Derivatives Determinations Committee has not made its determination on or prior to the Scheduled Maturity Date then the Calculation Agent shall notify Securityholders in accordance with N&C Securities Condition 16 that the Maturity Date has been postponed to a date (the **DC Determination Postponement Date**) being the day falling five Business Days after: (i) if the Credit Derivatives Determinations Committee Resolves that a Credit Event has occurred, 15 Business Days following the relevant DC Credit Event Announcement; (ii) if the Credit Derivatives Determinations Committee Resolves that a Credit Event has not occurred, the second Business Day following the relevant DC No Credit Event Announcement; or, as applicable, (iii) 15 Business Days following the DC Credit Event Question Dismissal (the date of the relevant DC Credit Event Announcement, DC No Credit Event Announcement or DC Credit Event Dismissal, as applicable, the **DC Determination Cut-off Date**) and:

- (i) where (A) a Credit Event has not occurred on or prior to the DC Determination Cut-off Date or (B) a Credit Event has occurred on or prior to the DC Determination Cut-off Date but a Credit Event Determination Date does not occur:
 - (A) each unit or nominal amount of Credit Linked N&C Securities equal to the Calculation Amount will be redeemed by the Issuer at the Final Redemption Amount on the DC Determination Postponement Date; and
 - (B) in the case of interest bearing N&C Securities, the Issuer shall be obliged to pay interest calculated as provided herein, accruing from (and including) the Coupon Payment Date immediately preceding the Scheduled Maturity Date or if none the Coupon Commencement Date to (but excluding) the Scheduled Maturity Date but shall only be obliged to make such payment of interest on the DC Determination Postponement Date and no further or other amount in respect of interest shall be payable and no additional amount shall be payable in respect of such delay; or
- (ii) where a Credit Event has occurred on or prior to the DC Determination Cut-off Date and a Credit Event Determination Date occurs, the provisions of Credit Linked Condition 2, Credit Linked Condition 3 or Credit Linked Condition 4, as applicable, shall apply to the Credit Linked N&C Securities.

- (b) In the case of Credit Linked W&C Securities:

Market Value means, with respect to an Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, on a Valuation Date, (i) if more than three Full Quotations are obtained, the arithmetic mean of such Full Quotations, disregarding the Full Quotations having the highest and

lowest values (and, if more than one such Full Quotations have the same highest or lowest value, then one of such highest or lowest Full Quotations shall be disregarded); (ii) if exactly three Full Quotations are obtained, the Full Quotation remaining after disregarding the highest and lowest Full Quotations (and, if more than one such Full Quotations have the same highest value or lowest value, then one of such highest or lowest Full Quotations shall be disregarded); (iii) if exactly two Full Quotations are obtained, the arithmetic mean of such Full Quotations; (iv) if fewer than two Full Quotations are obtained and a Weighted Average Quotation is obtained, such Weighted Average Quotation; (v) if Indicative Quotations are specified as applying in the applicable Final Terms and exactly three Indicative Quotations are obtained, the Indicative Quotation remaining after disregarding the highest and lowest Indicative Quotations (and, if more than one such Indicative Quotations have the same highest or lowest value, then one of such highest or lowest Indicative Quotations shall be disregarded); (vi) if fewer than two Full Quotations are obtained and no Weighted Average Quotation is obtained (and, if Indicative Quotations are applicable, fewer than three Indicative Quotations are obtained) then, subject to paragraph (ii) of the definition of "Quotation" below, an amount as determined by the Calculation Agent on the next Business Day on which at least two Full Quotations or a Weighted Average Quotation or, if applicable, three Indicative Quotations are obtained; and (vii) if fewer than two Full Quotations are obtained and no Weighted Average Quotation is obtained (and, if Indicative Quotations are applicable, fewer than three Indicative Quotations are obtained) on the same Business Day on or prior to the tenth Business Day following the Valuation Date, the Market Value shall be any Full Quotation obtained from a Quotation Dealer at the Valuation Time on such tenth Business Day or, if no Full Quotation is obtained, the weighted average of any firm quotations (or, if applicable, Indicative Quotations) for the Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, obtained from Quotation Dealers at the Valuation Time on such tenth Business Day with respect to the aggregate portion of the Quotation Amount for which such quotations were obtained and a quotation deemed to be zero for the balance of the Quotation Amount for which firm quotations (or, if applicable, Indicative Quotations) were not obtained on such day.

If the event set forth in paragraph (b)(i) of the definition of Substitution Event below has occurred with respect to the Non-Standard Reference Obligation and no Substitute Reference Obligation is available, the Non-Standard Reference Obligation will continue to be the Reference Obligation until the Substitute Reference Obligation is identified or, if earlier, until any of the events set forth under paragraphs (a) or (b)(ii) of the definition of Substitution Event below occur with respect to such Non-Standard Reference Obligation.

 - (v) if one or more entities succeed, either directly or as a provider of a Relevant Guarantee, to a portion of the Relevant Obligations of the Reference Entity, but no entity succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity continues to exist, there will be no Successor and the Reference Entity will not be changed in any way as a result of such succession;

- (vi) if one or more entities succeed, either directly or as a provider of a Relevant Guarantee, to a portion of the Relevant Obligations of the Reference Entity, but no entity succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity ceases to exist, the entity which succeeds to the greatest percentage of Relevant Obligations will be the Successor (provided that if two or more entities succeed to an equal percentage of Relevant Obligations, each such entity will be a Successor and these Terms and Conditions and/or the applicable Final Terms will be adjusted as provided below); and
 - (vii) in respect of a Reference Entity which is not a Sovereign, if one entity assumes all of the obligations (including at least one Relevant Obligation) of the Reference Entity, and at the time of the determination either (A) the Reference Entity has ceased to exist, or (B) the Reference Entity is in the process of being dissolved (howsoever described) and the Reference Entity has not issued or incurred any Borrowed Money obligation at any time since the legally effective date of the assumption, such entity (the **Universal Successor**) will be the sole Successor; and
- (b) An entity may only be a Successor if:
- (i) either (A) the related Succession Date occurs on or after the Successor Backstop Date, or (B) such entity is a Universal Successor in respect of which the Succession Date occurred on or after 1 January 2014;
 - (ii) the Reference Entity had at least one Relevant Obligation outstanding immediately prior to the Succession Date and such entity succeeds to all or part of at least one Relevant Obligation of the Reference Entity; and
 - (iii) where the Reference Entity is a Sovereign, such entity succeeded to the Relevant Obligations by way of a Sovereign Succession Event.

The Calculation Agent will be responsible for determining, as soon as reasonably practicable after delivery of a Successor Notice and with effect from the Succession Date, any Successor or Successors under paragraph (a) above, provided that the Calculation Agent will not make any such determination if, at the time of determination, the DC Secretary has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that there is no Successor based on the relevant succession to Relevant Obligations.

The Calculation Agent will make all calculations and determinations required to be made under this definition of Successor on the basis of Eligible Information and will, as soon as practicable after such calculation or determination, make such calculation or determination available for inspection by Holders at the specified office of the Principal Agent. In calculating the percentages used to determine whether an entity qualifies as a Successor under paragraph (a) above, if there is a Steps Plan, the Calculation Agent shall consider all related successions in respect of such Steps Plan in aggregate as if forming part of a single succession.

Where pursuant to paragraph (a)(iii), (a)(iv), (a)(vi) or (b) above, more than one Successor has been identified, the Calculation Agent shall adjust such of these Terms and Conditions and/or the applicable Final Terms as it shall determine to be appropriate to reflect that the Reference Entity has been succeeded by more than one Successor and shall determine the effective date of that adjustment. The Calculation Agent shall be deemed to be acting in a commercially reasonable manner if it adjusts such of these Terms and Conditions and/or the applicable Final Terms in such a manner as to reflect the adjustment to and/or division of any credit derivative transaction(s) related to or underlying the Securities under the provisions of the 2014 ISDA Credit Derivatives Definitions.

Upon the Calculation Agent making such adjustment and notifying the Issuer of such adjustment, the Issuer shall give notice as soon as practicable to Holders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable, stating the adjustment to these Terms and Conditions and/or the applicable Final Terms and giving brief details of the relevant Successor event.

If two or more entities (each, a **Joint Potential Successor**) jointly succeed to a Relevant Obligation (the **Joint Relevant Obligation**) either directly or as a provider of a Relevant Guarantee, then (i) if the Joint Relevant Obligation was a direct obligation of the Reference Entity, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as direct obligor or obligors, or (ii) if the Joint Relevant Obligation was a Relevant Guarantee, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as guarantor or guarantors, if any, or otherwise by each Joint Potential Successor in equal parts.

For the purposes of this definition of "Successor", "succeed" means, with respect to the Reference Entity and its Relevant Obligations, that an entity other than the Reference Entity (i) assumes or becomes liable for such Relevant Obligations whether by operation of law or pursuant to any agreement (including, with respect to a Reference Entity that is a Sovereign, any protocol, treaty, convention, accord, concord, entente, pact or other agreement), or (ii) issues Bonds or incurs Loans (the **Exchange Bonds or Loans**) that are exchanged for Relevant Obligations, and in either case the Reference Entity is not thereafter a direct obligor or a provider of a Relevant Guarantee with respect to such Relevant Obligations or such Exchange Bonds or Loans, as applicable. For purposes of this definition of "Successor", "succeeded" and "succession" shall be construed accordingly. In the case of an exchange offer, the determinations required pursuant to paragraph (a) of this definition of "Successor" shall be made on the basis of the outstanding principal balance of Relevant Obligations exchanged and not on the basis of the outstanding principal balance of the Exchange Bonds or Loans.

Successor Backstop Date means for purposes of any Successor determination determined by DC Resolution, the date that is ninety calendar days prior to the Successor Resolution Request Date otherwise, the date that is ninety calendar days prior to the earlier of (i) the date on which the Successor Notice is effective and (ii) in circumstances where (A) a Successor Resolution Request Date has occurred, (B) the relevant Credit Derivatives Determinations Committee has Resolved not to make a Successor determination and (C) the Successor Notice is delivered not more than fourteen calendar days after the day on which the DC Secretary publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved not to make a Successor determination, the Successor Resolution Request Date. Each such form of Credit Derivatives Auction Settlement Terms shall set out, *inter alia*, definitions of "Auction", "Auction Cancellation Date", "Auction Covered Transaction" and "Auction Final Price Determination Date" in relation to the relevant Credit Event. The Transaction Auction Settlement Terms for purposes of the Securities shall be the relevant form of Credit Derivatives Auction Settlement Terms for which the Reference Transaction would be an Auction Covered Transaction (as such term will be set out in the relevant Credit Derivatives Auction Settlement Terms).  - (i) The Calculation Agent may deliver multiple Credit Event Notices in respect of such M(M)R Restructuring, each such Credit Event Notice setting forth an amount (the

Partial Redemption Amount) that may be less than the aggregate Nominal Amount of those N&C Securities outstanding immediately prior to the delivery of such Credit Event Notice. In such circumstances the Credit Linked Conditions and related provisions shall be deemed to apply to the Partial Redemption Amount only and each such N&C Security shall be redeemed in part (such redeemed part being equal to the Partial Redemption Amount).

- (ii) For the avoidance of doubt (A) the nominal amount of each such N&C Security not so redeemed in part shall remain outstanding and interest shall accrue on the nominal amount outstanding of such N&C Security as provided in N&C Securities Condition 6 (adjusted in such manner as the Calculation Agent determines to be appropriate), (B) the Credit Linked Conditions and related provisions shall apply to such nominal amount outstanding of such N&C Security in the event that subsequent Credit Event Notices are delivered in respect of the Reference Entity that was the subject of the Restructuring Credit Event and (C) if, following a Restructuring Credit Event, different Credit Event Determination Dates have been determined with respect to different portions of amounts payable or deliverable to Securityholders under the relevant Series, the Calculation Agent will (x) determine such adjustment(s) to these Terms and Conditions as may be required to achieve as far as practicable the same economic effect as if each such portion was a separate series or otherwise reflect or account for the effect of the above provisions of this Credit Linked Condition 14(a) and (y) the effective date of such adjustment(s).
- (iii) If the provisions of this Credit Linked Condition 14(a) apply in respect of the N&C Securities, on redemption of part of each such N&C Security the relevant N&C Security or, if the N&C Securities are represented by a Global N&C Security, such Global N&C Security, shall be endorsed to reflect such part redemption.

In such circumstances the Credit Linked Conditions and related provisions shall be deemed to apply to the Partial Cancellation Amount only and each such W&C Security shall be cancelled in part (such cancelled part being equal to the Partial Cancellation Amount).
- (ii) for the avoidance of doubt (A) the Notional Amount of each such W&C Security not so cancelled in part shall remain outstanding (adjusted in such manner as the Calculation Agent in its sole and absolute discretion determines to be appropriate), (B) the Credit Linked Conditions and related provisions shall apply to such amount outstanding of such W&C Security in the event that subsequent Credit Event Notices are delivered in respect of the Reference Entity that was the subject of the Restructuring Credit Event and (C) if, following a Restructuring Credit Event, different Credit Event Determination Dates have been determined with respect to different portions of amounts payable to Holders under the relevant Series, the Calculation Agent will (x) determine such adjustment(s) to these Terms and Conditions as may be required to achieve as far as practicable the same economic effect as if each such portion was a separate series or otherwise reflect or account for the effect of the above provisions of this Credit Linked Condition 14(b) and (y) the effective date of such adjustment(s).

- (iii) if the provisions of this Credit Linked Condition 14(b) apply in respect of the W&C Securities, on cancellation of part of each such W&C Security the relevant W&C Security or, if the W&C Securities are represented by a Global W&C Security, such Global W&C Security shall be endorsed to reflect such part cancellation.

16. Provisions taken from the ISDA supplement titled "Additional Provisions for Physically Settled Default Swaps– Monoline Insurer as Reference Entity" (September 2014)

- (d) **Deliver.** For the purposes of the definition of "**Deliver**" in Credit Linked Condition 13, "Deliver" with respect to an obligation that is a Qualifying Policy means to Deliver both the Insured Instrument and the benefit of the Qualifying Policy (or a custodial receipt issued by an internationally recognised custodian representing an interest in such an Insured Instrument and the related Qualifying Policy), and "Delivery" and "Delivered" will be construed accordingly.

 - (iii) The definition of "Restructuring" in Credit Linked Condition 13 is hereby amended by the insertion of the following paragraph after the final paragraph thereof:

"For purposes of this definition of "Restructuring" and, if Credit Linked Condition 15 is specified as applying in the applicable Final Terms, for the purposes of Credit Linked Condition 15, the term "Obligation" shall be deemed to include Insured Instruments for which the Reference Entity is acting as provider of a Qualifying Policy. In the case of a Qualifying Policy and an Insured Instrument, references to the Reference Entity in this definition of "Restructuring" shall be deemed to refer to the Insured Obligor with the exception of the references to the Reference Entity in paragraph (d) inclusive in this definition of "Restructuring" which shall continue to refer to the Reference Entity."

- (h) **Fully Transferable Obligation and Conditionally Transferable Obligation.** In the event that "M(M)R Restructuring" applies and a Fully Transferable Obligation or Conditionally Transferable Obligation is a Qualifying Policy, the Insured Instrument must meet the requirements of the relevant definition. References in the definition of "Conditionally Transferable Obligation" to the "guarantor" and "guaranteeing" shall be deemed to include the "insurer" and "insuring" respectively. With respect to an Insured Instrument in the form of a pass-through certificate or similar funded beneficial interest, the term "final maturity date", as such term is used in Credit Linked Condition 4 and the definition of "Restructuring Maturity Limitation Date", shall mean the specified date by which the Qualifying Policy guarantees or insures, as applicable, that the ultimate distribution of the Certificate Balance will occur.
- (i) **Other Provisions.** For purposes of the definitions of "Credit Event", "Deliver" and "Prohibited Action" in Credit Linked Condition 13 references to the "Underlying Obligation" and the "Underlying Obligor" shall be deemed to include "Insured Instruments" and the "Insured Obligor", respectively.

Qualifying Policy means a financial guaranty insurance policy or similar financial guarantee pursuant to which a Reference Entity irrevocably guarantees or insures all Instrument Payments of an instrument that constitutes Borrowed Money (modified as set forth in these Credit Linked Conditions) (the **Insured Instrument**) for which another party (including a special purpose entity or trust) is the obligor (the **Insured Obligor**). Qualifying Policies shall exclude any arrangement (i) structured as a surety bond, letter of credit or equivalent legal arrangement or (ii) pursuant to the express contractual terms of which the payment obligations of the Reference Entity can be discharged or reduced as a result of the occurrence or non-occurrence of an event or circumstance (other than the payment of Instrument Payments).

The Calculation Agent will determine the day on which an event occurs for purposes of these Credit Linked Conditions on the basis that the demarcation of days shall be made by reference to Greenwich Mean Time (or, if the Reference Entity has a material connection to Japan for these purposes, Tokyo time), irrespective of the time zone in which such event

occurred. Any event occurring at midnight shall be deemed to have occurred immediately prior to midnight.

In addition, if a payment is not made by the Reference Entity on its due date or, as the case may be, on the final day of the relevant Grace Period, then such failure to make a payment shall be deemed to have occurred on such day prior to midnight Greenwich Mean Time (or, if the Reference Entity has a material connection to Japan for these purposes, Tokyo time), irrespective of the time zone of its place of payment.

(b) **Notices**

Any notice to be delivered by the Calculation Agent to the Issuer or the Guarantor (if applicable), as applicable, pursuant to these Credit Linked Conditions may be given in writing (including by facsimile and/or email) and/or by telephone and will be effective when given. If the notice is delivered by telephone, a written confirmation will be executed and delivered confirming the substance of that notice within one Calculation Agent City Business Day of that notice. Failure to provide that written confirmation will not affect the effectiveness of that telephonic notice. Any notice required to be sent or delivered by the Issuer may be sent or delivered on behalf of the Issuer by any of the Issuer's Affiliates and/or service providers, and any determination or exercise of a discretion required to be made by the Issuer may be delegated by it and made on its behalf by any of the Issuer's Affiliates and/or service providers

18. Provisions taken from the ISDA supplement titled "Additional Provisions for LPN Reference Entities" (published on 15 September 2014)

If this Credit Linked Condition 18 is specified as applicable in the applicable Final Terms, notwithstanding anything to the contrary in the Credit Linked Conditions, the following provisions will apply:

- (a) provisions relating to Multiple Holder Obligation will be deemed to be Not Applicable with respect to any Reference Obligation (and any Underlying Loan);
- (b) each Reference Obligation will be an Obligation, notwithstanding anything to the contrary in the Credit Linked Conditions including, but not limited to, the definition of "Obligation" in Credit Linked Condition 13, and in particular, notwithstanding that the obligation is not an obligation of the Reference Entity;
- (c) each Reference Obligation will be a Deliverable Obligation notwithstanding anything to the contrary in the Credit Linked Conditions including, but not limited to, the definition of "Deliverable Obligation" in Credit Linked Condition 13 and in particular, notwithstanding that the obligation is not an obligation of the Reference Entity.

For the avoidance of doubt with respect to any LPN Reference Obligation that specifies an Underlying Loan or an Underlying Finance Instrument, the outstanding principal balance shall be determined by reference to the Underlying Loan or Underlying Finance Instrument (as applicable) relating to such LPN Reference Obligation.

The Not Subordinated Obligation Characteristic and Deliverable Obligation Characteristic shall be construed by reference to the Prior Reference Obligation;

- (d) the definition of Reference Obligation shall be deleted and the following substituted therefor:

"Reference Obligation means each of the obligations listed as a Reference Obligation of the Reference Entity in the applicable Final Terms or set forth on the relevant LPN Reference Obligations List (each a **Markit Published LPN Reference Obligation**), as published by Markit Group Limited, or any successor thereto, as of the Trade Date (which list is, as of the date of this Base Prospectus, available at <http://www.markit.com/marketing/services.php>), any Additional LPN and each Additional Obligation. Each Reference Obligation determined in accordance with the foregoing will be a Reference Obligation notwithstanding anything to the contrary in the Credit Linked Conditions, and in particular, notwithstanding that the obligation is not an obligation of the Reference Entity. The Standard Reference Obligation shall not apply.

It is intended that there may be more than one Reference Obligation, as a result of which all applicable references in the Credit Linked Conditions to "the Reference Obligation" shall be construed as a reference to "a Reference Obligation", and all other provisions of the Credit Linked Conditions shall be construed accordingly. No Substitution Event may occur and no Substitute Reference Obligation may be determined in respect of an LPN Reference Obligation and the definitions of Substitution Event and Substitute Reference Obligation in this Credit Linked Condition 13 shall be construed accordingly.";

- (e) the definition of Original Non-Standard Reference Obligation shall be deleted and the following substituted therefor:

"Original Non-Standard Reference Obligation means the obligation of the Reference Entity (either directly or as provider of a guarantee) which is specified as the Reference Obligation in respect of such Reference Entity in the applicable Final Terms (if any is so specified)."

- (f) the following additional definitions shall apply:

Additional LPN means any bond issued in the form of a loan participation note (a **LPN**) by an entity (the **LPN Issuer**) for the sole purpose of providing funds for the LPN Issuer to (a) finance a loan to the Reference Entity (the **Underlying Loan**) or (b) provide finance to the Reference Entity by way of a deposit, loan or other Borrowed Money instrument (the **Underlying Finance Instrument**), provided that (i) either (x) in the event that there is an Underlying Loan with respect to such LPN the Underlying Loan satisfies the Obligation Characteristics specified in respect of the Reference Entity or (y) in the event that there is an Underlying Finance Instrument with respect to such LPN the Underlying Finance Instrument satisfies the Not Subordinated, Not Domestic Law and Not Domestic Currency Obligation Characteristics (ii) the LPN satisfies the following Deliverable Obligation Characteristics: Transferable, Not Bearer, Credit Linked Specified Currency – Standard Specified Currencies, Not Domestic Law, Not Domestic Issuance; and (iii) the LPN Issuer has, as of the issue date of such obligation, granted a First Ranking Interest over or in respect of certain of its rights in relation to the relevant Underlying Loan or Underlying Finance Instrument (as applicable) for the benefit of the holders of the LPNs.

Additional Obligation means each of the obligations listed as an Additional Obligation of the Reference Entity in the applicable Final Terms or set forth on the relevant LPN Reference Obligations List (each a **Markit Published LPN Reference Obligation**), as published by Markit Group Limited, or any successor thereto, as of the Trade Date (which list is, as of the date of this Base Prospectus, available at <http://www.markit.com/marketing/services.php>).

First Ranking Interest means a charge, security interest (or other type of interest having similar effect) (an **Interest**), which is expressed as being "first ranking", "first priority", or

similar (**First Ranking**) in the document creating such Interest (notwithstanding that such Interest may not be First Ranking under any insolvency laws of any related insolvency jurisdiction of the LPN Issuer).

LPN Reference Obligation means each Reference Obligation other than any Additional Obligation.

For the avoidance of doubt, any change to the issuer of an LPN Reference Obligation in accordance with its terms shall not prevent such LPN Reference Obligation constituting a Reference Obligation.

Each LPN Reference Obligation is issued for the sole purpose of providing funds for the LPN Issuer to finance a loan to the Reference Entity. For the purposes of the Credit Linked Conditions each such loan shall be an Underlying Loan.

19. Amendment of Credit Linked Conditions in accordance with Market Convention

The Calculation Agent may from time to time amend any provision of these Credit Linked Conditions and the applicable Final Terms in any manner which the Calculation Agent determines in a commercially reasonable manner is necessary or desirable (i) to incorporate and/or reflect (x) further or alternative documents or protocols from time to time published by ISDA with respect to the documentation, trading or settlement of credit derivative transactions and/or (y) the operation or application of determinations by the Credit Derivatives Determinations Committees and/or (ii) to reflect or account for market practice for credit derivative transactions and/or reflect the Hedging Arrangements of the Issuer or any of its Affiliates. Any amendment made in accordance with this Credit Linked Condition 19 shall be notified to the Securityholders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable.

20. Specific Provisions for Credit Linked Warrants

Any specific amendments to these Credit Linked Conditions which may be required in respect of an issuance of Credit Linked Warrants (which shall be Exempt W&C Securities only) shall be set out in the applicable Final Terms.

21. Early redemption or exercise of Reference Obligation Only Securities following a Substitution Event

If the Securities are Reference Obligation Only Securities relating to a single Reference Entity and the event set out in paragraph (a) of the definition of Substitution Event above occurs with respect to the Reference Obligation, then:

- (a) in the case of N&C Securities:
 - (i) interest (if any) shall cease to accrue on the Credit Linked Securities from and including the Coupon Payment Date immediately preceding the relevant Substitution Event Date or, if no Coupon Payment Date has occurred, no interest will accrue on the Credit Linked Securities; and
 - (ii) each unit or nominal amount of Credit Linked Securities equal to the Calculation Amount set out in the applicable Final Terms will be redeemed by the Issuer at its relevant Reference Obligation Only Termination Amount specified in, or determined in the manner specified in, the applicable Final Terms in the Specified Currency on the Maturity Date, which for the purposes of this Credit Linked Condition 21 shall be the day falling five Business Days following the relevant Substitution Event Date; and

- (b) in the case of W&C Securities each Credit Linked W&C Security will be cancelled by the Issuer on the day falling five Business Days following the relevant Substitution Event Date at its Early Cancellation Amount as calculated by the Calculation Agent in accordance with W&C Securities Condition 5.

22. DC Resolution Adjustment Events

If following the publication of a DC Resolution (the Prior DC Resolution), a further DC Resolution (the relevant Further DC Resolution) is published the effect of which would be to reverse all or part of the Prior DC Resolution or if any DC Resolution would reverse any determination made by the Calculation Agent and/or the occurrence of a Credit Event Determination Date, notwithstanding any other provisions of these Credit Linked Conditions the Calculation Agent may, in its sole and absolute discretion, make any adjustment(s) that the Calculation Agent determines is necessary or desirable to the N&C Securities Conditions or W&C Securities Conditions, as applicable, or these Credit Linked Conditions to reflect the publication of such Further DC Resolution or DC Resolution, including, without limitation, as a result of the impact or effect of such Further DC Resolution or DC Resolution on the Hedging Arrangements.

23. Hedging Disruption

(a) Hedging Disruption Adjustment

In the event that:

- (i) the Issuer and/or any of its Affiliates or agents is unable, after using commercially reasonable efforts, to:
 - (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the risk of the Issuer issuing and performing its obligations with respect to the Securities, or
 - (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s);
- (ii) the Reference Obligation no longer exists or other circumstances exist as described in paragraphs (a) or (b) of the definition of Substitution Event and no Substitute Reference Obligation is determined (which the Calculation Agent may determine not to do in its sole discretion); or
- (iii) the existing Hedging Arrangements of the Issuer or any Affiliate, or the ability of the Issuer or any Affiliate to enter into new Hedging Arrangements, are affected by any change in any standard terms used in any relevant market (such standard terms including, without limitation, any version of the ISDA Credit Derivative Definitions, any supplements thereto or any other terms or documentation that may be published by ISDA from time to time, and such a change including, without limitation, any amendment to or reinterpretation of any standard terms or the publication or introduction of new standard terms) or in market practice in any relevant market,

(each of the events described in paragraphs (i) to (iii) above, a **Hedging Adjustment Event**) the Issuer may make such adjustment to the Conditions of the Securities (including, for the avoidance of doubt, these Credit Linked Conditions) as the Issuer determines is appropriate to account for such Hedging Adjustment Event and determine the effective date of that adjustment. Any adjustment made in accordance with this Credit Linked Condition 23 shall be notified to the Securityholders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9.

(b) Hedging Disruption Termination

Notwithstanding the provisions of Credit Linked Condition 23(a) above, if the Issuer determines that no adjustment that it could make under Credit Linked Condition 23(a) above would be sufficient (in the Issuer's opinion) to reflect the occurrence of the relevant Hedging Adjustment Event, the Issuer may redeem or cancel all but not some only of the Securities as of such date as the Issuer shall determine by notice given to the Securityholders in accordance with N&C Securities Condition 16 or W&C Securities Condition 9, as applicable, each N&C Security being redeemed at the Early Redemption Amount and each W&C Security being cancelled at the Early Cancellation Amount as calculated by the Calculation Agent in accordance with W&C Securities Condition 5.

24. Physical Settlement Matrix

(a) Applicability of the provisions of the ISDA Physical Settlement Matrix

If Physical Settlement Matrix is specified as applicable in the applicable Final Terms, each item in the Final Terms in respect of which "See Physical Settlement Matrix" is specified shall, in respect of a Reference Entity, be construed to have the meaning given to it for the relevant Transaction Type in the ISDA Physical Settlement Matrix (as defined in Credit Linked Condition 13 above) but in each case (if relevant) as such provisions of the ISDA Physical Settlement Matrix are amended in accordance with paragraph (b) of this Credit Linked Condition 24.

For the avoidance of doubt, none of the other provisions of the relevant Physical Settlement Matrix shall be relevant in determining the terms of the Securities.

(b) Amendments to the provisions of the ISDA Physical Settlement Matrix

To the extent applicable in accordance with paragraph (a) above, the following provisions of the relevant ISDA Physical Settlement Matrix shall be amended as follows:

Provision	Amendment

Obligation Characteristics/Deliverable Obligation Characteristics	References to "Specified Currency" shall be deemed to be references to "Credit Linked Specified Currency".

25. Provisions taken from the 2014 CoCo Supplement to the 2014 ISDA Credit Derivatives Definitions (published on 15 September 2014)

If this Credit Linked Condition 25 is specified as applicable in the applicable Final Terms in respect of the Reference Entity, notwithstanding anything to the contrary in the Credit Linked Conditions, the following provisions will apply to the Reference Entity:

- (a) If, with respect to one or more Obligations and in relation to an aggregate amount of not less than the Default Requirement, the operation of one or more CoCo Provisions results in (i) a permanent or temporary reduction of the amount of principal payable at redemption or (ii) a conversion of principal into shares or another instrument, such event shall be deemed to constitute a Governmental Intervention as defined in Credit Linked Condition 13.
- (b) A CoCo Provision shall be deemed to be a provision which permits a Governmental Intervention for all purposes under the Credit Linked Conditions.
- (c) The following terms shall have the following meanings:

Coco Provision means, with respect to an Obligation, a provision which requires (i) a permanent or temporary reduction of the amount of principal payable at redemption or (ii) a conversion of principal into shares or another instrument, in each case, if the Capital Ratio is at or below the Trigger Percentage.

Trigger Percentage means the trigger percentage specified in respect of the Reference Entity (or if no such trigger percentage is specified, 5.25 per cent.).

Capital Ratio means the ratio of capital to risk weighted assets applicable to the Obligation, as described in the terms thereof in effect from time to time.

FORM OF GUARANTEE

The following section applies to both Exempt Securities and Non-Exempt Securities.

THIS DEED OF GUARANTEE amends and restates the Deed of Guarantee dated 11 September 2015 of Nomura Holdings, Inc. (the **Guarantor**) and is given on 9 September 2016 by the Guarantor.

WHEREAS:

- (A) Nomura Bank International plc (the **Issuer**) and the Guarantor have entered into an amended and restated Agency Agreement dated on or about 9 September 2016 (as the same may be supplemented, amended and/or restated from time to time, the **Agency Agreement**) with, *inter alios*, Citibank Europe PLC as Principal Agent pursuant to which the Issuer may from time to time issue Securities under its Note, Warrant and Certificate Programme (the **Programme**).
- (B) The applicable final terms (the **Final Terms**) relating to each series of Securities will specify whether or not those Securities are Guaranteed N&C Securities or Guaranteed W&C Securities and any Securities specified as such shall, for the purposes of this Guarantee and subject as provided in Clause 4 below in respect of W&C Securities, be referred to as **Guaranteed Securities**.
- (C) In respect of the guarantee of each Series of Guaranteed W&C Securities, the application of the Guarantee to such Series of Guaranteed W&C Securities is subject to authorisation on a case by case basis from an executive officer of the Guarantor authorised by the Guarantor's Executive Management Board, all as provided in Clause 4 below.
- (D) Terms defined in (i) the Terms and Conditions of the N&C Securities or the Terms and Conditions of the W&C Securities (as applicable) and (ii) each applicable annex of additional terms and conditions (together, the **Conditions**) in the form referred to in the definition of "Conditions" in the Agency Agreement and not otherwise defined in this Guarantee shall have the same meaning when used in this Guarantee.
- (E) Any Guaranteed Securities issued on or after the date of this Guarantee will be guaranteed pursuant to this Guarantee other than any Guaranteed Securities issued so as to be consolidated and form a single Series with any Guaranteed Securities issued prior to the date hereof. This does not affect any Guaranteed Securities issued prior to the date of this Guarantee, in relation to which such previous form of guarantee as applied to those Guaranteed Securities on issue, will continue to apply.

NOW THIS DEED WITNESSETH as follows:

1. The Guarantor as primary obligor hereby irrevocably and unconditionally guarantees to the holder (as such term is used in the Conditions) from time to time of each Guaranteed Security (each a **Relevant Holder**) (which, in the case of an N&C Security, shall include any Receiptholder and/or Couponholder, if applicable) by way of continuing guarantee:
 - (a) the due and punctual payment of all amounts payable by the Issuer on or in relation to such Guaranteed Securities as and when the same shall become due to be paid under the Conditions;
 - (b) the due and punctual performance of any delivery obligations (**Delivery Obligations**) assumed or incurred by the Issuer on or in relation to such Guaranteed Securities as and when the same shall become due to be performed under the Conditions; and

- (c) the due and punctual performance and observance by the Issuer of each of the other provisions of the Conditions in relation to such Guaranteed Securities (the **Relevant Obligations**) to be performed or observed by it thereunder.
2. The Guarantor as primary obligor unconditionally and irrevocably agrees that if and each time that the Issuer shall fail to make any payments, perform any Delivery Obligations or perform or observe any Relevant Obligations as and when the same become due to be paid, performed or observed, the Guarantor will on demand (without requiring the Relevant Holder first to take steps against the Issuer or any other person) (i) pay to the Relevant Holder the relevant amounts payable in the currency in which they are payable by the Issuer or (ii) perform or observe or procure the performance or observation of the relevant Delivery Obligation or Relevant Obligation (in each case as to which the certificate of the Relevant Holder shall in the absence of manifest error be conclusive).
3. In respect of any Guaranteed Security, without affecting the obligations of the Issuer thereunder, the Guarantor will be liable under this Guarantee as if it were the sole principal obligor and not merely a surety in respect of such Guaranteed Security. Accordingly, it will not be discharged, nor will its liability be affected, by anything which would not discharge it or affect its liability if it were the sole principal obligor (including (a) any time, indulgence, waiver or consent at any time given to the Issuer or any other person, (b) any amendment to such Guaranteed Security or to any security or other guarantee or indemnity in respect of such Guaranteed Security, (c) the making or absence of any demand on the Issuer or any other person for payment or performance of any Delivery Obligation or Relevant Obligation under such Guaranteed Security, (d) the enforcement or absence of enforcement of such Guaranteed Security or of any security or other guarantee or indemnity in respect of such Guaranteed Security, (e) the release of any such security, guarantee or indemnity, (f) the dissolution, amalgamation, reconstruction or reorganisation of the Issuer or any other person or (g) the illegality, invalidity or unenforceability of or any defect in any provision of such Guaranteed Security or any of the Issuer's obligations thereunder).
4. Notwithstanding any other provision in this Guarantee, the Guarantor's obligations under this Guarantee in respect of each Series of Guaranteed W&C Securities only are subject to the conditions precedent set out in (a) and (b) below:
- (a) the receipt by the Issuer at least one Business Day prior to the Issue Date for the relevant Series of W&C Securities of a certified copy of an English translation of a written determination of an executive officer of the Guarantor authorised by the Executive Management Board of the Guarantor (an **NHI Approval**) authorising the application of this Guarantee to the relevant Series of W&C Securities and, in particular confirming that such resolution or determination is provided:
- (i) in contemplation of the terms of this Guarantee;
- (ii) for the purposes of authorising the guarantee of the relevant Series of W&C Securities; and
- (iii) specifically referencing the relevant Series of W&C Securities to which such authorisation applies; and
- (b) the date of the relevant NHI Approval is included in the applicable Final Terms for such W&C Securities.

The term **Guaranteed W&C Securities** and **Guaranteed Securities** as used in this Guarantee shall only refer to such W&C Securities as comply with the requirements of this Clause 4.

5. The Guarantor's obligations under this Guarantee are and will remain in full force and effect by way of continuing security until no sum remains, or is capable of remaining, payable or deliverable under

any Guaranteed Security. Furthermore, these obligations of the Guarantor are additional to, and not instead of, any security or other guarantee or indemnity at any time existing in favour of a Relevant Holder, whether from the Guarantor or otherwise, in respect of such Guaranteed Security.

6. The Guarantor hereby waives diligence, presentment, demand of payment, filing of claims with a court in the event of dissolution, liquidation, merger or bankruptcy of the Issuer, any right to require a proceeding first against the Issuer, protest or notice with respect to the relevant Guaranteed Securities or the indebtedness evidenced thereby and all demands whatsoever and hereby covenants that this Guarantee shall be a continuing guarantee, which shall not be discharged except by complete performance of the obligations contained in the Conditions in respect of the relevant Guaranteed Securities.
7. If any payment or other consideration received by a Relevant Holder under any Guaranteed Security is, on the subsequent bankruptcy, insolvency or corporate reorganisation of the Issuer or other such similar event, avoided or set aside under any laws relating to liquidation or insolvency, such payment or consideration will not be considered as having discharged or diminished the liability of the Guarantor and this Guarantee will continue to apply as if such payment or consideration had at all times remained owing by the Issuer and the Guarantor shall indemnify the Relevant Holders in respect thereof PROVIDED THAT the obligations of the Guarantor under this Clause shall, as regards each payment made to any Relevant Holder which is so avoided or set aside, be contingent upon such payment being reimbursed to the Issuer or other persons entitled through the Issuer.
8. The obligations of the Guarantor under this Guarantee constitute direct, unconditional, unsubordinated and (subject to the provisions of Clause 9 below in respect of Guaranteed N&C Securities only) unsecured obligations of the Guarantor and shall (subject as aforesaid and save for obligations in respect of national and local taxes and certain other statutory exceptions) at all times rank at least equally with all other present and future unsecured and unsubordinated obligations of the Guarantor.
9. In respect only of Guaranteed Securities which are N&C Securities (**Guaranteed N&C Securities**), the Guarantor undertakes that so long as any of the Guaranteed N&C Securities remain outstanding as defined in the Agency Agreement, it will not create or permit to be outstanding any mortgage, charge, pledge or other security interest upon the whole or any part of its property, assets or revenues, present or future, to secure for the benefit of the holders of any securities (i) payment of any sum due in respect of any securities, (ii) any payment under any guarantee of securities or (iii) any payment under any indemnity or other like obligation relating to securities, in any such case in which:
 - (a) either such securities are by their terms payable, or confer a right to receive payment, in any currency other than the currency of the jurisdiction of incorporation of the Guarantor (the **Guarantor's Currency**) which is Japanese Yen, or such securities are denominated in the Guarantor's Currency and more than 50 per cent. of the aggregate principal amount thereof is initially distributed outside the jurisdiction of incorporation of the Guarantor (the **Guarantor's Jurisdiction**) which is Japan, by or with the authorisation of the Guarantor or (if not the Guarantor) the Issuer; and
 - (b) such securities are for the time being, or are intended to be, quoted, listed, ordinarily dealt in or traded on any stock exchange or over-the-counter or other securities market outside the Guarantor's Jurisdiction,

without in any such case at the same time according to this Guarantee either the same security as is granted to or is outstanding in respect of such securities, guarantee, indemnity or other like obligation or such other security or guarantee as shall be approved by an Extraordinary Resolution of the Securityholders.

As used in this paragraph, **securities** means bonds, debentures, notes or other similar investment securities of the Issuer or the Guarantor, or any other person with a stated maturity of more than one year from the creation thereof.

10. Withholding or deduction:

10.1 All payments made under this Guarantee by the Guarantor in respect of any Guaranteed N&C Security will be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the Guarantor's Jurisdiction, or any political subdivision or any authority thereof or therein having power to tax, unless such withholding or deduction is required by law. In such event, the Guarantor (or as the case may be, the relevant Paying Agent) will make such payment after the withholding or deduction of such taxes, duties, assessments or governmental charges has been made, shall account to the relevant authorities for the amount required to be withheld or deducted and:

- (a) in the case of N&C Securities which are specified as being Reference Item Linked N&C Securities in the applicable Final Terms, the Guarantor shall not pay any additional amounts to the Relevant Holders; and
- (b) in the case of N&C Securities which are not specified as being Reference Item Linked N&C Securities in the applicable Final Terms, the Guarantor will, subject to certain limitations and exceptions (set forth below), pay such additional amounts as may be necessary in order that the net amounts received by the Relevant Holders after the withholding or deduction shall equal the respective amounts which would have been receivable in respect of the N&C Securities, or, as the case may be, Receipts or Coupons in the absence of the withholding or deduction; except that no additional amounts shall be payable in relation to any payment in respect of any N&C Security, Receipt or Coupon:
 - (i) presented for payment or in respect of which payment is requested in the Guarantor's Jurisdiction;
 - (ii) presented for payment or in respect of which payment is requested by or on behalf of a Relevant Holder (a) who is, for tax purposes in the Guarantor's Jurisdiction or (b) who is otherwise subject to such taxes and duties by reason of having some connection with the Guarantor's Jurisdiction other than the mere holding of such N&C Security, Receipt or Coupon; or
 - (iii) presented for payment or in respect of which payment is requested more than 30 days after the Relevant Date (as defined below) except to the extent that the Relevant Holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Day (as defined in the Conditions).

In addition, no such additional amounts shall be payable with respect to (i) any withholding or deduction required pursuant to Section 871(m) of the U.S. Internal Revenue Code of 1986 (the **Code**), and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto.

As used herein:

Relevant Date means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Principal Agent on or prior to such

due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Securityholders in accordance with the Conditions.

- 10.2 The Guarantor shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other payment (including any stamp or transfer tax) which may arise as a result of the ownership, transfer, exercise or enforcement of any W&C Security by any person and all payments made under this Guarantee by the Guarantor in respect of any W&C Security shall be made subject to any such tax, duty, withholding or other payment which may be required to be made, paid, withheld or deducted.
11. The Guarantor hereby warrants, represents and covenants with each Relevant Holder that it has all corporate power, and, subject as provided in Clause 4 above in respect of W&C Securities has taken all necessary corporate or other steps, to enable it to execute, deliver and perform this Guarantee, and that this Guarantee constitutes its legal, valid and binding obligation in accordance with its terms.
12. This Guarantee shall enure for the benefit of the Relevant Holders and shall be deposited with and held by the Principal Agent. The Guarantor hereby acknowledges the right of every Relevant Holder to the production of, and the right of every Relevant Holder to obtain a copy of, this Guarantee, and further acknowledges and covenants that the obligations binding upon it contained herein are owed to, and shall be for the account of, each and every Relevant Holder, and that each such Relevant Holder shall be entitled severally to enforce the said obligations against the Guarantor.
13. Until all amounts which may be payable under the Guaranteed Securities have been irrevocably paid in full and all Delivery Obligations and/or Relevant Obligations of the Issuer thereunder have been performed in full, the Guarantor shall not by virtue of this Guarantee be subrogated to any rights of any Relevant Holder or claim in competition with the Relevant Holders against the Issuer.
14. The Guarantor may not assign or transfer its rights or obligations under this Guarantee without the approval of an Extraordinary Resolution of the Relevant Holders of the relevant Guaranteed Securities and any purported assignment or delegation without such approval will be void; provided, however, that approval will not be required for the assumption by a Substituted Guarantor (as defined below) of the rights and obligations of the Guarantor under this Guarantee in the circumstances described in Clause 15 below.
15. In the event that another company (the **Substituted Guarantor**) is substituted for the Guarantor as guarantor in relation to Guaranteed Securities in accordance with the Conditions, the Guarantor will procure that the Substituted Guarantor shall assume all of its rights and obligations hereunder.
16. All communications to the Guarantor shall be by fax or letter delivered by hand or by telephone, marked for the attention of, or (in the case of communication by telephone) to, the person or department from time to time notified by the Guarantor in accordance with the Conditions. 17. If any provision in or obligation under this Deed is or becomes invalid, illegal or unenforceable in any respect under the law of any jurisdiction, that will not affect or impair (i) the validity, legality or

enforceability under the law of that jurisdiction of any other provision in or obligation under this Deed, and (ii) the validity, legality or enforceability under the law of any other jurisdiction of that or any other provision in or obligation under this Deed.

18. Governing Law and Submission to Jurisdiction

18.1 Governing law

This Guarantee and any non-contractual obligations arising out of or in connection with it are governed by, and construed in accordance with, English law.

18.2 Jurisdiction

- (a) Subject to sub-clause (c) below, the English courts have exclusive jurisdiction to settle any dispute arising out of or in connection with this Guarantee, including any dispute as to its existence, validity, interpretation, performance, breach or termination or the consequences of its nullity and any dispute relating to any non-contractual obligations arising out of or in connection with it (a **Dispute**) and each of the Guarantor and any relevant Relevant Holders in relation to any Dispute submits to the exclusive jurisdiction of the English courts.
- (b) For the purposes of sub-clauses (a) and (c), the Guarantor waives any objection to the English courts on the grounds that they are an inconvenient or inappropriate forum to settle any Dispute.
- (c) To the extent allowed by law, the Relevant Holders may, in respect of any Dispute or Disputes, take (i) proceedings in any other court with jurisdiction and (ii) concurrent proceedings in any number of jurisdictions.

18.3 Service of process

The Guarantor irrevocably appoints Nomura International plc at its registered office at 1 Angel Lane, London EC4R 3AB, United Kingdom as its agent under this Guarantee for service of process in any proceedings before the English courts in relation to any Dispute and agrees that, in the event of Nomura International plc being unable or unwilling for any reason so to act, it will immediately appoint another person as its agent for service of process in England in respect of any Dispute. The Guarantor agrees that failure by a process agent to notify it of any process will not invalidate service. Nothing in this Clause 18 shall affect the right to serve process in any other manner permitted by law.

BOOK-ENTRY CLEARANCE SYSTEMS

The following section applies to both Exempt Securities and Non-Exempt Securities.

The information set out below is subject to any change in or reinterpretation of the rules, regulations and procedures of DTC, Euroclear or Clearstream, Luxembourg (together, the "Book-Entry Clearing Systems") currently in effect. Investors wishing to use the facilities of any of the Book-Entry Clearing Systems are advised to confirm the continued applicability of the rules, regulations and procedures of the relevant Book-Entry Clearing System. Neither the Issuer, the Guarantor nor any agent party to the Agency Agreement will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in the Securities held through the facilities of any Book-Entry Clearing System or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Book-Entry Systems

DTC

DTC has advised the Issuer and the Guarantor that it is a limited-purpose trust company organised under the New York Banking Law, a "banking organisation" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds and provides asset servicing for securities that its participants (**Direct Participants**) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerised book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (**DTCC**). DTCC, in turn, is owned by a number of Direct Participants and Members of the National Securities Clearing Corporation, Fixed Income Clearing Corporation and Emerging Markets Clearing Corporation (also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC and the National Association of Securities Dealers, Inc. Access to the depository system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a DTC participant, either directly or indirectly (**Indirect Participants** and, together with Direct Participants, **Participants**). The rules applicable to Direct Participants are on file with the U.S. Securities and Exchange Commission. More information about DTC can be found at its internet web site at <http://www.dtcc.com>, but such information is not incorporated by reference in and does not form part of this Base Prospectus.

Under the rules, regulations and procedures creating and affecting DTC and its operations (the **Rules**), DTC makes book-entry transfers of Rule 144A Global Securities held through DTC among Direct Participants on whose behalf it acts with respect to Securities accepted into DTC's book-entry settlement system (**DTC Securities**, which term shall, for the purposes of this "Book-Entry Clearance Systems" section, include certificated depository interests and certificateless depository interests (together **CDIs**) issued by the Book-Entry Depository in respect of Immobilised Bearer Global N&C Securities pursuant to the terms of the N&C Securities Depository Agreement) as described below and receives and transmits payments on DTC Securities. Direct Participants and Indirect Participants with which beneficial owners of DTC Securities (**Beneficial Owners**) have accounts with respect to the DTC Securities similarly are required to make book-entry transfers and receive and transmit such payments on behalf of their respective Beneficial Owners. Accordingly, although Beneficial Owners who hold DTC Securities through Direct Participants or Indirect Participants will not possess definitive Securities, the Rules, by virtue of the requirements described above, provide a mechanism by which Direct Participants will receive payments and will be able to transfer their interest in respect to the DTC Securities.

Purchases of DTC Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the DTC Securities on DTC's records. The ownership interest of each actual purchaser of each DTC Securities being a Beneficial Owner, is in turn to be recorded on the Direct and Indirect Participant's records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the DTC Securities are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in DTC Securities, except in the event that use of the book-entry system for the DTC Securities is discontinued.

To facilitate subsequent transfers, all DTC Securities deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. or any other nominee as may be requested by an authorised representative of DTC. The deposit of DTC Securities with DTC and their registration in the name of Cede & Co. or any other nominee effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the DTC Securities; and DTC's records reflect only the identity of the Direct Participants to whose accounts such DTC Securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the DTC Securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to DTC Securities unless authorised by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the DTC Securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the DTC Securities will be made to Cede & Co., or such other nominee as may be requested by an authorised representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Issuer or the relevant agent (or such other nominee as may be requested by an authorised representative of DTC), on the relevant payment date in accordance with their respective holdings shown in DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participant and not of DTC or the Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to DTC is the responsibility of the Issuer, disbursement of such payments to Direct Participants is the responsibility of DTC, and disbursement of such payments to the Beneficial Owners is the responsibility of Direct and Indirect Participants.

Under certain circumstances, including if there is an Event of Default under the Securities, DTC will exchange the DTC Securities for Definitive Securities, which it will distribute to its Participants in accordance with their proportionate entitlements and which, if representing interests in a Rule 144A Global Security, will be legended as set forth under "*Notice to Purchasers and Holders of Securities and Transfer Restrictions*". Since DTC may only act on behalf of Direct Participants, who in turn act on behalf of Indirect

Participants, any Beneficial Owner desiring to pledge DTC Securities to persons or entities that do not participate in DTC, or otherwise take actions with respect to such DTC Securities, will be required to withdraw its registered Securities from DTC as described below.

DTC may discontinue providing its services as depository with respect to the DTC Securities at any time by giving reasonable notice to the Issuer or the relevant agent. Under such circumstances, in the event that a successor depository is not obtained, DTC Securities certificates are required to be printed and delivered.

Book-entry Ownership of and Payments in respect of DTC Securities

Subject as set out below in respect of Immobilised Bearer Global N&C Securities, if a Rule 144A Global Security is to be registered in the name of a nominee of DTC, the Issuer will apply to DTC in order to have the Securities represented by such Rule 144A Global Security accepted in its book-entry settlement system. Upon the issue of any Rule 144A Global Security to be held through DTC, DTC or its custodian will credit, on its internal book-entry system, the respective nominal amounts or number of the individual beneficial interests represented by such Rule 144A Global Security to the accounts of persons who have accounts with DTC. Ownership of beneficial interests in any such Rule 144A Global Security will be limited to Direct Participants or Indirect Participants, including the respective depositories of Euroclear and Clearstream, Luxembourg. Ownership of beneficial interests in any such Rule 144A Global Security held through DTC will be shown on, and the transfer of such ownership will be effected only through, records maintained by DTC or its nominee (with respect to the interests of Direct Participants) and the records of Direct Participants (with respect to interests of Indirect Participants).

Payments in U.S. dollars of principal and interest in respect of a Rule 144A Global Security accepted by DTC will be made to the order of DTC or its nominee as the registered holder of such Security. In the case of any payment in a currency other than U.S. dollars, payment will be made to the Exchange Agent on behalf of DTC or its nominee and the Exchange Agent will (in accordance with instructions received by it) remit all or a portion of such payment for credit directly to the beneficial holders of interests in the Rule 144A Global Security in the currency in which such payment was made and/or cause all or a portion of such payment to be converted into U.S. dollars and credited to the applicable Participants' account.

The Issuer expects DTC to credit accounts of Direct Participants on the applicable payment date in accordance with their respective holdings as shown in the records of DTC unless DTC has reason to believe that it will not receive payment on such payment date. The Issuer also expects that payments by Participants to Beneficial Owners of DTC Securities will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers, and will be the responsibility of such

Participant and not the responsibility of DTC, any Agent or the Issuer. Other than in respect of CDIs issued by the Book-Entry Depository in respect of a Series of Immobilised Bearer Global N&C Securities, payments on DTC Securities to DTC shall be the responsibility of the Issuer. Payments by participants to owners of Book-Entry Interests held through participants are the responsibility of such participants.

Rule 144A Global W&C Securities

Payments in U.S. dollars in respect of a Rule 144A Global W&C Security registered in the name of DTC's nominee will be made to the order of such nominee as the registered holder of such W&C Security. In the case of any payment in a currency other than U.S. dollars, payment will be made to the New York Security Agent on behalf of DTC's nominee and the New York Security Agent will (in accordance with instructions received by it) remit all or a portion of such payment for credit directly to the beneficial holders of interests in the Rule 144A Global W&C Security held through DTC in the currency in which such payment was made and/or cause all or a portion of such payment to be converted into U.S. dollars and credited to the applicable Participants' account.

Immobilised Bearer Global N&C Securities

Payments of any amounts owing in respect of Immobilised Bearer Global N&C Securities (including principal and interest, if any) will be made by the Issuer in the Specified Currency to the relevant Paying Agent. The relevant Paying Agent will, in turn, make such payments to or to the order of the Book-Entry Depository in its capacity as bearer of the relevant Immobilised Bearer Global N&C Securities. Upon receipt of such amounts, the Book-Entry Depository will pay the amounts so received to DTC or the common depository for Euroclear and Clearstream, Luxembourg, as applicable, which will distribute payments to participants in accordance with their procedures, as detailed above.

The Issuer will treat the bearer of the Immobilised Bearer Global N&C Securities as the owner thereof for the purposes of receiving payments and for all other purposes. None of the Issuer, the Book-Entry Depository or any agent of the Issuer has or will have any responsibility or liability for:

- (a) any aspect of the records of DTC, Euroclear, Clearstream, Luxembourg or any direct or indirect participant relating to, or payments made on account of, a Book-Entry Interest in any Immobilised Bearer Global N&C Securities or for maintaining, supervising or reviewing any of the records of DTC, Euroclear, Clearstream, Luxembourg or any direct or indirect participant relating to, or payments made on account of, a Book-Entry Interest in any Immobilised Bearer Global N&C Securities; or
- (b) DTC, Euroclear, Clearstream, Luxembourg or any direct or indirect participant.

Transfers of Securities Represented by Global Securities

Transfers of any interests in Securities represented by a Global Security or a CDI within DTC, or a Global Security or a CDI within Euroclear and/or Clearstream, Luxembourg will be effected in accordance with the customary rules and operating procedures of the relevant clearing system and, in the case of CDIs, in accordance with the provisions of the N&C Securities Depository Agreement. The laws in some States within the United States require that certain persons take physical delivery of securities in definitive form. Consequently, the ability to transfer Securities represented by a Global Security or a CDI to such persons may depend upon the ability to exchange such Securities for Securities in definitive form. Similarly, because DTC can only act on behalf of Direct Participants in the DTC system who in turn act on behalf of Indirect Participants, the ability of a person having an interest in Securities represented by a Global Security or a CDI to pledge such Securities to persons or entities that do not participate in the DTC system or to otherwise take action in respect of such Securities may depend upon the ability to exchange such Securities for Securities in definitive form. The ability of any person having a beneficial interest in Securities represented by a Global Security or a CDI to resell, pledge or otherwise transfer such Securities may be impaired if the proposed

transferee of such Securities is not eligible to hold such Securities through a Direct or Indirect participant in the DTC system.

Subject to compliance with the transfer restrictions applicable to the Rule 144A Global Securities described under "*Notice to Purchasers and Holders of Securities and Transfer Restrictions*", cross-market transfers between DTC, on the one hand, and directly or indirectly through Euroclear and/or Clearstream, Luxembourg accountholders, on the other, will be effected by the relevant clearing system in accordance with its rules and through action taken by the Principal Agent, the New York Security Agent and any custodian (**Custodian**) with whom the relevant Global W&C Securities, Bearer Global N&C Securities or Immobilised Bearer Global N&C Securities, as applicable, have been deposited.

On or after the Issue Date for any Securities, transfers of such Securities (or beneficial interests therein) between accountholders in Euroclear and Clearstream, Luxembourg and transfers of such Securities (or beneficial interests therein) between participants in DTC will generally have a settlement date three business days after the trade date (T+3). The customary arrangements for delivery versus payment will apply to such transfers.

Cross-market transfers between accountholders in Euroclear, Clearstream, Luxembourg and DTC participants will need to have an agreed settlement date between the parties to such transfer. Because there is no direct link between DTC, on the one hand, and Euroclear/Clearstream, Luxembourg, on the other, transfers of interests in the relevant Global W&C Securities, Bearer Global N&C Securities or Immobilised Bearer Global N&C Securities, as applicable, will be effected through the Principal Agent, the New York Security Agent and the Custodian receiving instructions (and where appropriate certification) from the transferor and arranging for delivery of the interests being transferred to the credit of the designated account for the transferee. In the case of cross-market transfers, settlement between Euroclear/Clearstream, Luxembourg accountholders and DTC participants cannot be made on a delivery versus payment basis. The Securities (or beneficial interests therein) will be delivered on a free delivery basis and arrangements for payment must be made separately.

DTC, Euroclear and Clearstream, Luxembourg have each published rules and operating procedures designed to facilitate transfers of beneficial interests in Global Securities, among participants and accountholders of DTC, Euroclear and Clearstream, Luxembourg. However, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued or changed at any time. None of the Issuer, the Guarantor, the Agents or any Dealer will be responsible for any performance by DTC, Euroclear or Clearstream, Luxembourg or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations and none of them will have any liability for any aspect of the records relating to or payments made on account of beneficial interests in the Securities represented by Global W&C Securities, Bearer Global N&C Securities or Immobilised Bearer Global N&C Securities, as applicable, or for maintaining, supervising or reviewing any records relating to such beneficial interests.

Each subsequent transferee of a Regulation S Security will be deemed to have made the same representations, warranties and agreements above.

U.S. Investors

Unless otherwise provided in the applicable Final Terms, each initial purchaser of Securities eligible to be offered and sold in the United States or to, or for the account or benefit of, U.S. persons (a **Rule 144A Security**) that is not a Regulation S Investor (a **U.S. Investor**) will be required to execute and deliver an Investor Representation Letter substantially in the form set out in the Agency Agreement and described below. In addition, transfers of interests in Global Securities (which term shall include both N&C Securities and/or W&C Securities, as the context permits) may require the delivery of a Transfer Certificate in the form set out in the Agency Agreement and may require execution and delivery of a further Investor Representation Letter, as provided in the Conditions. Unless otherwise provided in the applicable Final Terms, the Investor Representation Letter to be delivered by each U.S. Investor shall include the following representations, warranties and agreements:

1. **Purchaser Requirements.** The purchaser (i) is a QIB that is a QP, (ii) will provide notice of applicable transfer restrictions to any subsequent transferee, and (iii) is purchasing for its own account or for the accounts of one or more other persons each of whom meets all of the requirements of sub-clauses (i) and (ii) of this clause.
2. **Notice of Transfer Restrictions.** Each purchaser acknowledges and agrees that (A) neither the Securities, the Guarantee nor, in certain cases where applicable, the Entitlement have been or will be registered under the Securities Act or any applicable state securities laws and neither the Issuer nor the Guarantor has been or will be registered as an "investment company" under the 1940 Act, (B) the Securities do not constitute, and have not been marketed as, contracts of sale of a commodity for future delivery (or options thereon) subject to the CEA, and trading in the Securities has not been approved by the CFTC pursuant to the CEA, (C) neither the Securities nor any beneficial interest therein may be re-offered, resold, pledged or otherwise transferred except in accordance with the provisions set out in paragraph 1 above or any other restriction set out in the applicable Final Terms

and (D) the purchaser will notify any transferee of such transfer restrictions and that each subsequent holder will be required to notify any subsequent transferee of such Securities of such transfer restrictions. The purchaser acknowledges that the Issuer reserves the right prior to any sale or other transfer to require the delivery of such certifications, legal opinions and other information as the Issuer may reasonably require to confirm that the proposed sale or other transfer complies with the foregoing restrictions.

Notwithstanding any other provision contained in this Notice, if the Final Terms in respect of an offering of Securities indicates that such Securities are not eligible to be offered, sold, resold, transferred, pledged, delivered or redeemed, directly or indirectly, in the United States or to or for the account or benefit of U.S. persons, each purchaser acknowledges and agrees to the selling and transfer restrictions under the federal securities and commodities laws of the United States as indicated and set out in such Final Terms.

3. **Mandatory Transfer.** Each purchaser acknowledges and agrees that in the event that at any time the Issuer determines or is notified by the Dealer acting on behalf of the Issuer that such purchaser was in breach, at the time given or deemed to be given, of any of the representations or agreements set out in paragraph 1 above or otherwise determines that any transfer or other disposition of any Securities would, in the sole determination of the Issuer or the Dealer acting on behalf of the Issuer, require the Issuer to register as an "investment company" under the provisions of the 1940 Act, such purchase or other transfer will be void *ab initio* and will not be honoured. Accordingly, any such purported transferee or other holder will not be entitled to any rights as a holder of Securities and the Issuer shall have the right, in accordance with the terms and conditions of the Securities, to force the transfer of any such Securities. There can be no assurance that a holder of Securities who is required to transfer Securities in this way will not incur a significant loss as a result of the need for the Issuer to find a qualifying transferee willing to purchase the Securities. Neither the Issuer, the Guarantor nor any other party shall be liable to a holder of Securities for any such loss. No payments will be made on the affected Securities from the date notice of the sale requirement is sent to the date on which the Interest is sold.

The Issuer has agreed to furnish to investors upon request such information as may be required by Rule 144A.
5. **ERISA.** Each purchaser and subsequent transferee of any Securities will be deemed by such purchase or acquisition of any Securities to have represented and warranted, on each day from the date on which the purchaser or transferee acquires the Securities through and including the date on which the purchaser or transferee disposes of such Securities, that either (i) it is not, is not using the assets of and shall not at any time hold such Securities for or on behalf of a Benefit Plan Investor (as defined in Section 3(42) of the U.S. Employee Retirement Income Security Act of 1974, as amended (**ERISA**)) or a governmental, church or non-U.S. plan subject to federal, state, local or non-U.S. laws substantially similar to Section 406 of ERISA or Section 4975 of the U.S. Internal Revenue Code of 1986, as amended (the **Code**) or (ii) its acquisition, holding and disposition of such Securities or of any interest therein, will not constitute or result in a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code, or, in the case of a governmental, church or non-U.S. plan, a violation of any substantially similar federal, state, local or non-U.S. laws.
6. **Base Prospectus.** The purchaser has received the Base Prospectus and the applicable Final Terms and has not relied on any information relating to the Issuer, any Reference Entity, Reference Item and/or Reference Obligation, as applicable, or the Securities, other than information that is contained in the Base Prospectus and the applicable Final Terms or that is publicly available. Each purchaser acknowledges that neither the Issuer, the Guarantor nor any Dealer make any representation or warranty as to the adequacy or completeness of the Base Prospectus for purposes of the ability of the purchaser to make an investment decision with respect to the Securities.

7. **Investigation.** The purchaser has conducted its own investigation of the Securities and the Issuer and the Guarantor and acknowledges that it is not relying on any investigation that the Issuer, the Guarantor, any Dealer or any person representing the Issuer, the Guarantor or any Dealer may have conducted with respect to the Securities, the Issuer or the Guarantor, and that none of such persons has made any representation to it, express or implied, with respect to the Securities, the Issuer or the Guarantor. Each purchaser has had access to such financial and other information concerning the Issuer, the Guarantor and the Securities as it has deemed necessary in connection with its decision to purchase the Securities, including an opportunity to ask questions of and request information from the Issuer and any Dealer.
8. **Knowledge and Experience.** The purchaser is a highly sophisticated institutional investor with extensive knowledge and experience in financial and business matters and expertise in assessing credit and all other relevant risk. The purchaser is capable of evaluating independently, and, notwithstanding the inclusion of only limited information with respect to the Issuer and the Guarantor in the Base Prospectus, has evaluated independently the merits, risks and suitability of the potential purchase of the Securities. The purchaser is relying exclusively on its own sources of information, investigation, credit and legal analysis with respect to the Securities, the Issuer and the Guarantor and it has not relied in any respect on any Dealer with respect to information about the Issuer and the Guarantor in deciding to purchase the Securities. The purchaser is not relying on any communication (written or oral) of the Issuer or the Dealer as investment advice or as a recommendation to invest in the Securities, it being understood that information and explanations related to the terms and conditions of the Securities shall not be considered to be investment advice or a recommendation to invest in the Securities. The purchaser acknowledges and agrees that no communication (written or oral) received from the Issuer or the Dealer shall be deemed to be an assurance or guarantee as to the expected results of the Securities.
9. **Legends on Global Securities.** The purchaser acknowledges that each of the Global Securities will bear legends substantially to the effect set out below and that the Issuer has covenanted not to remove either such legend so long as it shall be necessary for the Issuer to rely on the exception to the 1940 Act set out in Section 3(c)(7) thereof.

Any transfer or other disposition of any Securities or beneficial interest therein that would, in the sole determination of the Issuer, require the Issuer to register as an "investment company" under the provisions of the 1940 Act will be void *ab initio*, and such transfer or other disposition will not be recognised by the Issuer. If, at any time, any Securities or beneficial interest therein are held by or on behalf of a person in the United States or a U.S. person who is not a QIB that is a QP at the time it purchases such Securities, the Issuer may, in its discretion and at the expense and risk of such holder, require any such holder to transfer such Securities to a QIB that is a QP or to a non-U.S. person outside the United States. There can be no guarantee that a holder of Securities who is required to transfer Securities in this way will not incur a significant loss as a result of the need for the Issuer to find a qualifying transferee willing to purchase the Securities. Neither the Issuer, the Guarantor nor any other party shall be liable to a holder of Securities for any such loss. No payments will be made on the affected Securities from the date notice of the sale requirement is sent to the date on which the interest is sold. The determination of which Securities will be sold in any particular case is in the discretion of the Issuer.

Prospective purchasers are hereby notified that sellers of the Securities may be relying on the exemption from the provisions of Section 5 of the Securities Act provided by Rule 144A and one or more exemptions and/or exclusions from regulation under the CEA.

DESCRIPTION OF THE GUARANTOR

The following section applies to both Exempt Securities and Non-Exempt Securities.

INTRODUCTION

Nomura Holdings, Inc. (**NHI**), with Corporation Number 0100-01-034881, is a holding company of one of the leading financial services groups in Japan. NHI is the ultimate holding company of a group of companies and manages financial operations for those subsidiary companies (together the **Nomura Group**). The Issuer is a wholly owned subsidiary of Nomura Europe Holdings plc which in turn is a wholly owned subsidiary of NHI.

NHI (previously known as The Nomura Securities Co., Ltd.) was incorporated in Japan on 25 December 1925 under the Commercial Code of Japan when the securities division of The Osaka Nomura Bank, Ltd. became a separate entity specialising in the trading and distribution of debt securities in Japan. The registered head office of NHI is located at 9-1, Nihonbashi 1-chome, Chuo-ku, Tokyo 103-8645, Japan, and the telephone number is +81-3-5255-1000. NHI's constitutional documents (i.e., Articles of Incorporation) in effect as at the date of this Base Prospectus are dated 27 November 1925, as most recently amended on 24 June 2015. Further, NHI's commercial registration is up to date as at the date of this Base Prospectus.

NHI's business purpose is, according to Article 2 of NHI's Articles of Incorporation, by means of holding shares, to control and manage the business activities of domestic companies which engage in the following businesses and the business activities of foreign companies which engage in the business equivalent to the following businesses: (1) financial instruments business prescribed in the Financial Instruments and Exchange Law; (2) banking business prescribed in the Banking Law and trust business prescribed in the Trust Business Law; (3) any other financial services and any business incidental or related to such financial services; and (4) other than as prescribed in the items above, any other business ancillary or related to survey and research in connection with the economy, financial or capital markets, or infrastructure or undertaking the outsourcing thereto. NHI may conduct any other business incidental to its business activities described in this paragraph.

HISTORY

NHI was the first Japanese securities company to develop its business internationally with the opening in 1927 of a representative office in New York. In Japan, NHI broadened the scope of its business when it began trading in equity securities in 1938 and when it organised the first investment trust in Japan in 1941.

On 1 October 2001, NHI adopted a holding company structure. In connection with this reorganisation, NHI changed its name from "The Nomura Securities Co., Ltd." to "Nomura Holdings, Inc." NHI continues to be listed on the Tokyo Stock Exchange, Inc. and other stock exchanges on which it was previously listed. A wholly-owned subsidiary of NHI assumed its securities business and is named "Nomura Securities Co., Ltd."

NHI has proactively engaged in establishing a governance framework to ensure transparency in its management. Among other endeavours, when NHI adopted a holding company structure and was listed on the New York Stock Exchange (the **NYSE**) in 2001, NHI installed Outside Directors. In addition, in June 2003, NHI further strengthened and increased the transparency of its oversight functions by adopting the Company with Three Board Committees, a system in which management oversight and business execution functions are clearly separated.

In 2008, to pave the way for future growth, NHI acquired and integrated the operations of Lehman Brothers in Asia Pacific, Europe and the Middle East.

Information Concerning NHI's Directors

The Companies Act states that a Company with Three Board Committees (as defined below) must establish three committees; a nomination committee, an audit committee and a compensation committee. The members of each committee are chosen from the company's directors, and the majority of the members of each committee must be outside directors. At a Company with Three Board Committees, the board of directors is entitled to establish the basic management policy for the company, has decision-making authority over certain prescribed matters, and supervises the execution by the executive officers of their duties. Executive officers and representative executive officers appointed by a resolution adopted by the board of directors manage the business affairs of the company, based on a delegation of authority by the board of directors.

Since June 2003, NHI has adopted a corporate governance structure that separates management oversight functions from business execution functions (**Company with Three Board Committees**). Through this governance structure, NHI aims to strengthen management oversight, increase the transparency of its management and expedite the decision-making process within the Nomura Group. An outline of NHI's Board of Directors, Nomination Committee, Audit Committee and Compensation Committee is provided below.

Board of Directors

NHI's Board of Directors consists of Directors who are elected at a general meeting of shareholders, and NHI's Articles of Incorporation provide that the number of Directors shall not exceed 20. NHI's Board of Directors has the authority to determine NHI's basic management policy and supervise the execution by the Executive Officers of their duties. Although NHI's Board of Directors also has the authority to make decisions with regard to its business, most of this authority has been delegated to the Executive Officers by a resolution adopted by NHI's Board of Directors.

Compensation Committee

NHI's Compensation Committee, in accordance with NHI's Regulations of the Compensation Committee, determines NHI's policy with respect to the determination of the details of each Director and Executive Officer's compensation. The Compensation Committee also determines the details of each Director and Executive Officer's actual compensation. The Compensation Committee met four times during the fiscal year ended 31 March 2016. NHI's Nomination Committee met four times during the fiscal year ended 31 March 2016. With respect to financial reporting, the NHI's Audit Committee has the statutory duty to examine financial statements and business reports to be prepared by Executive Officers designated by NHI's Board of Directors and is authorised to report its opinion to the ordinary general meeting of shareholders.

TAXATION

The following section applies to both Exempt Securities and Non-Exempt Securities.

The following comments are of a general nature, are based on the Issuer's understanding of current law and practice and are included in this document solely for information purposes. These comments are not intended to be, nor should they be regarded as, legal or tax advice. The precise tax treatment of a holder of a Security will depend for each issue on the terms of the Securities as specified in the Terms and Conditions, as completed and, in the case of Exempt Securities, amended by the applicable Final Terms under the law and practice at the relevant time. Prospective holders of Securities should consult their own tax advisers in all relevant jurisdictions to obtain advice about their particular tax treatment in relation to such Securities.

UNITED STATES FEDERAL INCOME TAXATION

The following summary describes certain U.S. federal income tax considerations that may be relevant to a U.S. holder (as defined below) who purchases a Security, but is not purported to be a complete analysis of all potential tax effects. This summary is based upon the U.S. Internal Revenue Code of 1986 (the **Code**), existing and proposed regulations promulgated thereunder, and published rulings and court decisions, all as in effect and existing on the date of this Base Prospectus and all of which are subject to change at any time with retrospective or prospective effect. The rules governing the U.S. federal income taxation of option transactions and other derivative financial instruments are complex and depend on a taxpayer's particular circumstances. Accordingly, this summary does not purport to be a comprehensive description of all of the tax considerations that may be relevant to any particular investor in a Security. In particular, this summary deals only with holders of Securities who purchase in the initial offering at the applicable issue price and in whose hands the Securities, or the stock, debt, commodity or other property underlying the Securities would be capital assets for U.S. federal income tax purposes. In addition, this discussion assumes that the Securities that are treated as options for U.S. federal income tax purposes, when issued, are not significantly "in-the-money".

This summary also does not discuss the U.S. federal income tax treatment of a U.S. holder who is a member of a class of holders subject to special rules, such as a dealer in securities, commodities or derivative financial instruments, a trader in securities, commodities or derivative financial instruments that elects to use a mark-to-market method of accounting for securities or commodities holdings, a bank, a life insurance company, a tax-exempt organisation, entities that are treated for U.S. federal income tax purposes as partnerships or other pass-through entities, an investor who purchases a Security with respect to stock in a company that is treated as a passive foreign investment company (**PFIC**) for U.S. federal income tax purposes, an investor who purchases a Security and holds any other position (whether long or short, direct or indirect) in any asset underlying such Security, an investor who purchases a Security that is part of a hedging transaction or that has been hedged against currency risk, an investor who purchases a Security that is part of a straddle or conversion transaction for U.S. federal income tax purposes, an investor who purchases or sells Securities as part of a wash sale for U.S. federal income tax purposes, and an investor whose functional currency for U.S. federal income tax purposes is not the U.S. dollar.

As a consequence of the foregoing, it should be particularly noted that this summary does not address the special tax considerations that apply to an investment in a combination of Securities with respect to the same underlying assets. Further, this summary does not address U.S. federal estate, gift or alternative minimum tax consequences, non-U.S. state or local tax consequences or the indirect effects on the holders of equity interests in a holder of a Security.

Any of the foregoing circumstances might substantially alter the tax consequences described below, and, in some instances, may require specific identification of positions in the relevant Security before the close of the day on which they are acquired. For example, if the straddle rules were to apply, a U.S. holder of a Security might be required to (i) recognise all or a portion of any gain on such Security that would otherwise

be long-term or short-term capital gain, as ordinary income or, if applicable, short-term capital gain, (ii) defer all, or a portion, of any loss realised upon the sale, exchange, exercise, cancellation or lapse of such Security and (iii) capitalise any interest or carrying charges incurred by such U.S. holder with respect to such Security.

This summary does not address the material U.S. federal income tax consequences of every type of Security which may be issued under the Programme. Additional U.S. federal income tax consequences, if any, applicable to a particular Security may be set forth in the applicable Final Terms.

The rules governing the taxation of option transactions and derivative financial instruments are complex and depend on a taxpayer's particular circumstances. U.S. holders are strongly urged to consult their tax advisers concerning the U.S. federal, state, local, foreign and other national tax consequences of the ownership and disposition of Securities in their particular circumstances. U.S. holders should also consult their tax advisers as to the possibility of changes of law affecting taxation of derivative financial instruments with contingent payments, including prepaid forward contracts. Prospective investors should consult their tax advisers regarding the U.S. federal, state, local and foreign tax consequences of acquiring, owning and disposing of the Securities in light of such investor's own circumstances, including such investor's status as a U.S. holder (as defined below), as well as any other estate, gift, or other tax consequences that may arise under the laws of any state, local, foreign or other taxing jurisdiction.

For purposes of this discussion, a **U.S. holder** means a beneficial owner of a Security that is:

- (i) a citizen or individual resident of the United States, as defined in Section 7701(b) of the Code,
- (ii) a corporation, including any entity treated as a corporation for U.S. federal income tax purposes, created or organised in or under the laws of the United States, any State thereof or the District of Columbia;
- (iii) an estate the income of which is subject to U.S. federal income tax without regard to its source;
- (iv) a trust if (x) a court within the United States is able to exercise primary supervision over the administration of the trust, and one or more United States persons have the authority to control all substantial decisions of the trust, or (y) such trust has a valid election in effect under applicable U.S. Treasury regulations to be treated as a United States person; or
- (v) otherwise subject to U.S. federal income taxation on a net income basis in respect of the Security.

A **non-U.S. holder** is a beneficial owner of Securities that is not a U.S. holder.

If a partnership holds a Security, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. Partners in partnerships holding a Security should consult their tax advisers regarding the U.S. federal income tax consequences of acquiring, owning, exchanging and disposing of the Securities.

The Issuer generally intends to treat N&C Securities issued under the Programme as debt, but other tax treatment may be indicated in the applicable Final Terms. Certain N&C Securities such as Index Linked N&C Securities, may be treated as equity or a derivative financial instrument for U.S. federal income tax purposes. The tax treatment of N&C Securities to which a treatment other than debt may apply may be discussed in the applicable Final Terms. The Final Terms for an issue of N&C Securities may specify with respect to the issue of N&C Securities to which it relates (and where relevant) the potential U.S. federal income tax consequences of the purchase, ownership and disposition of the N&C Securities.

Holders may be subject to a variety of U.S. tax consequences depending on the subject and the terms of the N&C Securities. Holders should consult their own advisers about the tax consequences of purchasing N&C Securities, particularly whether the N&C Securities being acquired could be treated for U.S. tax purposes as debt instruments or as another type of financial instrument.

Classification of the Securities

Depending on the terms of a Security, such Security could be treated as one or more of the following: (i) a prepaid forward contract (which, depending on the terms, may be subject to embedded options), (ii) a combination of a loan and a prepaid forward contract, (iii) an outright or constructive ownership interest in the property underlying such Security, or (iv) a debt instrument with or without contingent payments. Additional U.S. federal income tax consequences applicable to a particular issuance of Securities may be set forth in the applicable Final Terms.

No ruling is being requested from the U.S. Internal Revenue Service (**IRS**) with respect to the Securities, and the treatment of the Securities described below is not binding on the IRS or the courts. As a result, significant aspects of the U.S. federal income tax consequences of an investment in the Securities are uncertain.

Debt

The following is a summary of the principal U.S. federal income tax consequences of the ownership of Securities treated as debt for U.S. federal tax purposes. This summary addresses only the tax consequences of the ownership of debt Securities held through an immobilised bearer structure.

Payment of Interest

Interest on a Security, including the payment of any additional amounts, whether payable in U.S. dollars or a currency, composite currency or basket of currencies other than U.S. dollars ("foreign currency" interest on a **Foreign Currency Security**), other than interest on a **Discount Security** that is not "qualified stated interest" (each as defined below under "*Original Issue Discount — General*"), will be taxable to a U.S. holder as ordinary income at the time it is received or accrued, depending on the U.S. holder's method of accounting for tax purposes. Interest paid by the Issuer on the Securities and original issue discount (**OID**), if any, accrued with respect to the Securities (as described below under "*Original Issue Discount*") generally will constitute income from sources outside the United States subject to the rules regarding the foreign tax credit allowable to a U.S. holder. Prospective purchasers should consult their tax advisers concerning the foreign tax credit implications of any payment of foreign taxes.

Original Issue Discount

General

The following is a summary of the principal U.S. federal income tax consequences of the ownership of Securities issued with OID. The following summary does not discuss Securities that are characterised as contingent payment debt instruments for U.S. federal income tax purposes.

A Security, other than a Security with a term of one year or less, will generally be treated as issued with OID (a **Discount Security**) if the excess of the Security's "stated redemption price at maturity" over its issue price is equal to or more than a *de minimis* amount (0.25 per cent. of the Security's stated redemption price at maturity multiplied by the number of complete years to its maturity). An obligation that provides for the payment of amounts other than qualified stated interest before maturity (an "**instalment obligation**") will be treated as a Discount Security if the excess of the Security's stated redemption price at maturity over its issue price is equal to or greater than 0.25 per cent. of the Security's stated redemption price at maturity multiplied by the weighted average maturity of the Security. A Security's weighted average maturity is the sum of the following amounts determined for each payment on a Security (other than a payment of qualified stated interest): (i) the number of complete years from the issue date until the payment is made multiplied by (ii) a fraction, the numerator of which is the amount of the payment and the denominator of which is the Security's stated redemption price at maturity. Generally, the issue price of a Security will be the first price at which a substantial amount of Securities included in the issue of which the Security is a part is sold to persons other

than bond houses, brokers, or similar persons or organisations acting in the capacity of underwriters, placement agents, or wholesalers. The stated redemption price at maturity of a Security is the total of all payments provided by the Security that are not payments of "qualified stated interest." A qualified stated interest payment is generally any one of a series of stated interest payments on a Security that are unconditionally payable at least annually at a single fixed rate, or a variable rate (as described below under "*Variable Interest Rate Securities*"), applied to the outstanding principal amount of the Security. Solely for the purposes of determining whether a Security has OID, the Issuer will be deemed to exercise any call option that has the effect of decreasing the yield on the Security, and the U.S. holder will be deemed to exercise any put option that has the effect of increasing the yield on the Security. If a Security has *de minimis* OID, a U.S. holder must include the *de minimis* amount in income as stated principal payments are made on the Security, unless the U.S. holder makes an election to treat all interest as OID.

U.S. holders of Discount Securities must include OID in income calculated on a constant-yield method before the receipt of cash attributable to the income, and generally will have to include in income increasingly greater amounts of OID over the life of the Discount Securities. The amount of OID includible in income by a U.S. holder of Discount Securities is the sum of the daily portions of OID with respect to the Discount Securities for each day during the taxable year or portion of the taxable year on which the U.S. holder holds the Discount Securities. The daily portion is determined by allocating to each day in any "accrual period" a pro rata portion of the OID allocable to that accrual period. Accrual periods with respect to a Security may be of any length selected by the U.S. holder and may vary in length over the term of the Discount Security as long as (i) no accrual period is longer than one year and (ii) each scheduled payment of interest or principal on the Security occurs on either the final or first day of an accrual period. The amount of OID allocable to an accrual period (and pro rata to every day in the accrual period) equals the excess of (a) the product of the Discount Security's adjusted issue price at the beginning of the accrual period and the Discount Security's yield to maturity (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period) over (b) the sum of the payments of qualified stated interest on the Security allocable to the accrual period. The "adjusted issue price" of a Discount Security at the beginning of any accrual period is the issue price of the Security increased by (x) the amount of accrued OID for each prior accrual period and decreased by (y) the amount of any payments previously made on the Security that were not qualified stated interest payments.

Acquisition Premium

A U.S. holder that purchases a Discount Security for an amount less than or equal to the sum of all amounts payable on the Security after the purchase date, other than payments of qualified stated interest, but in excess of its adjusted issue price and that does not make an election to treat all interest as OID, is permitted to reduce the daily portions of OID by a fraction, the numerator of which is the excess of the U.S. holder's adjusted basis in the Discount Security immediately after its purchase over the Discount Security's adjusted issue price, and the denominator of which is the excess of the sum of all amounts payable on the Security after the purchase date, other than payments of qualified stated interest, over the Discount Security's adjusted issue price.

Market Discount

A Security, other than a Security with a term of one year or less, generally will be treated as purchased at a market discount (a **Market Discount Security**) if the Security's stated redemption price at maturity or, in the case of a Discount Security, the Security's "revised issue price", exceeds the amount for which the U.S. holder purchased the Security by at least 0.25 per cent. of the Security's stated redemption price at maturity or revised issue price, respectively, multiplied by the number of complete years to the Security's maturity. If this excess is not sufficient to cause the Security to be treated as purchased at a market discount, then the excess constitutes "*de minimis* market discount". For this purpose, the "revised issue price" of a Security generally equals its issue price, increased by the amount of any OID that has accrued on the Security and decreased by the amount of any payments previously made on the Security that were not qualified stated interest payments.

Any gain recognised on the maturity or disposition of a Market Discount Security (including any payment on a Security that is not qualified stated interest) will be treated as ordinary income to the extent that the gain does not exceed the accrued market discount on the Security. Alternatively, a U.S. holder of a Market Discount Security may elect to include market discount in income currently over the life of the Security. This election shall apply to all debt instruments with market discount acquired by the electing U.S. holder on or after the first day of the first taxable year to which the election applies. This election may not be revoked without the consent of the IRS. A U.S. holder of a Market Discount Security that does not elect to include market discount in income currently will generally be required to defer deductions for interest on borrowings incurred to purchase or carry a Market Discount Security that is in excess of the interest and OID on the Security includible in the U.S. holder's income, to the extent that this excess interest expense does not exceed the portion of the market discount allocable to the days on which the Market Discount Security was held by the U.S. holder.

Market discount will accrue on a straight-line basis unless the U.S. holder elects to accrue the market discount on a constant-yield method. This election applies only to the Security with respect to which it is made and is irrevocable.

Election to Treat All Interest as Original Issue Discount

A U.S. holder may elect to include in gross income all interest that accrues on a Security using the constant-yield method described above under "*Original Issue Discount — General*" with certain modifications. For purposes of this election, interest includes stated interest, OID, *de minimis* OID, market discount, *de minimis* market discount, as adjusted by any amortisable bond premium (described below under "*Securities Purchased at a Premium*") or acquisition premium. If a U.S. holder makes this election for the Security, then, when the constant-yield method is applied, the issue price of the Security will equal its cost, the issue date of the Security will be the date of acquisition, and no payments on the Security will be treated as payments of qualified stated interest. This election will generally apply only to the Security with respect to which it is made and may not be revoked without the consent of the IRS. However, if the Security has amortisable bond premium, the U.S. holder will be deemed to have made an election to apply amortisable bond premium against interest for all debt instruments with amortizable bond premium, other than debt instruments the interest on which is excludible from gross income, held as of the beginning of the taxable year to which the election applies or any taxable year thereafter. If the election to apply the constant-yield method to all interest on a Security is made with respect to a Market Discount Security, the electing U.S. holder will be treated as having made the election discussed above under "*Market Discount*" to include market discount in income currently over the life of all debt instruments with market discount held or thereafter acquired by the U.S. holder.

Variable Interest Rate Securities

Securities that provide for interest at variable rates (**Variable Interest Rate Securities**) generally will bear interest at a "qualified floating rate" and thus will be treated as "variable rate debt instruments" under U.S. Treasury regulations governing accrual of OID. A Variable Interest Rate Security will qualify as a "variable rate debt instrument" if (a) its issue price does not exceed the total noncontingent principal payments due under the Variable Interest Rate Security by more than a specified *de minimis* amount and (b) it provides for stated interest, paid or compounded at least annually, at current values of (i) one or more qualified floating rates, (ii) a single fixed rate and one or more qualified floating rates, (iii) a single objective rate, or (iv) a single fixed rate and a single objective rate that is a qualified inverse floating rate.

A "qualified floating rate" is any variable rate where variations in the value of the rate can reasonably be expected to measure contemporaneous variations in the cost of newly borrowed funds in the currency in which the Variable Interest Rate Security is denominated. A fixed multiple of a qualified floating rate will constitute a qualified floating rate only if the multiple is greater than 0.65 but not more than 1.35, whether or not a variable rate is increased or decreased by a fixed rate. A variable rate that would otherwise constitute a qualified floating rate but which is subject to one or more restrictions such as a maximum numerical

limitation (i.e., a cap) or a minimum numerical limitation (i.e., a floor) may, under certain circumstances, fail to be treated as a qualified floating rate unless the cap or floor is fixed throughout the term of the Security.

An "objective rate" is a rate that is not itself a qualified floating rate but which is determined using a single fixed formula and which is based on objective financial or economic information (e.g., one or more qualified floating rates or the yield of actively traded personal property). Despite the foregoing, a variable rate of interest on a Variable Interest Rate Security will not constitute an objective rate if it is reasonably expected that the average value of the rate during the first half of the Variable Interest Rate Security's term will be either significantly less than or significantly greater than the average value of the rate during the final half of the Variable Interest Rate Security's term. A rate also will not qualify as an objective rate if it is based on information that is within the control of the Issuer (or a related party) or that is unique to the circumstances of the Issuer (or a related party), such as dividends, profits or the value of the Issuer's stock (although a rate does not fail to be an objective rate merely because it is based on the credit quality of the Issuer).

A qualified inverse floating rate is any objective rate which is equal to a fixed rate minus a qualified floating rate, as long as variations in the rate can reasonably be expected to inversely reflect contemporaneous variations in the qualified floating rate.

If a Variable Interest Rate Security provides for stated interest at a fixed rate for an initial period of one year or less followed by a variable rate that is either a qualified floating rate or an objective rate for a subsequent period and if the variable rate on the Variable Interest Rate Security's issue date is intended to approximate the fixed rate (e.g. the value of the variable rate on the issue date does not differ from the value of the fixed rate by more than 25 basis points), then the fixed rate and the variable rate together will constitute either a single qualified floating rate or objective rate, as the case may be.

A qualified floating rate or objective rate in effect at any time during the term of the instrument must be set at a "current value" of that rate – the value of the rate on any day that is no earlier than 3 months prior to the first day on which that value is in effect and no later than 1 year following that first day.

A Variable Interest Rate Security that provides for stated interest at either a single qualified floating rate or a single objective rate throughout the term thereof and that qualifies as a "variable rate debt instrument" will generally not be treated as having been issued with OID unless the Variable Interest Rate Security is issued at a "true discount" (i.e., at a price below the Security's stated principal amount) in excess of a specified *de minimis* amount. OID on a Variable Interest Rate Security arising from true discount is allocated to an accrual period using the constant yield method described above.

In general, any other Variable Interest Rate Security that qualifies as a "variable rate debt instrument" will be converted into an equivalent fixed rate debt instrument for purposes of determining the amount and accrual of OID and qualified stated interest on the Variable Interest Rate Security. Such a Variable Interest Rate Security must be converted into an equivalent fixed rate debt instrument by substituting any qualified floating rate or qualified inverse floating rate provided for under the terms of the Variable Interest Rate Security with a fixed rate equal to the value of the qualified floating rate or qualified inverse floating rate, as the case may be, as of the Variable Interest Rate Security's issue date. Any objective rate (other than a qualified inverse floating rate) provided for under the terms of the Variable Interest Rate Security is converted into a fixed rate that reflects the yield that is reasonably expected for the Variable Interest Rate Security. In the case of a Variable Interest Rate Security that qualifies as a "variable rate debt instrument" and provides for stated interest at a fixed rate in addition to either one or more qualified floating rates or a qualified inverse floating rate, the fixed rate is initially converted into a qualified floating rate (or a qualified inverse floating rate, if the Variable Interest Rate Security provides for a qualified inverse floating rate). Under these circumstances, the qualified floating rate or qualified inverse floating rate that replaces the fixed rate must be such that the fair market value of the Variable Interest Rate Security as of the Variable Interest Rate Security's issue date is approximately the same as the fair market value of an otherwise identical debt instrument that provides for either the qualified floating rate or qualified inverse floating rate rather than the fixed rate. Subsequent to converting the fixed rate into either a qualified floating rate or a qualified inverse

floating rate, the Variable Interest Rate Security is converted into an equivalent fixed rate debt instrument in the manner described above.

Once the Variable Interest Rate Security is converted into an equivalent fixed rate debt instrument pursuant to the foregoing rules, the amount of OID and qualified stated interest, if any, are determined for the equivalent fixed rate debt instrument by applying the general OID rules to the equivalent fixed rate debt instrument and a U.S. holder of the Variable Interest Rate Security will account for the OID and qualified stated interest as if the U.S. holder held the equivalent fixed rate debt instrument. In each accrual period, appropriate adjustments will be made to the amount of qualified stated interest or OID assumed to have been accrued or paid with respect to the equivalent fixed rate debt instrument in the event that these amounts differ from the actual amount of interest accrued or paid on the Variable Interest Rate Security during the accrual period.

If a Variable Interest Rate Security, such as a Security the payments on which are determined by reference to an index, does not qualify as a "variable rate debt instrument", then the Variable Interest Rate Security will be treated as a contingent payment debt instrument as described below under "*Other Treatments - Contingent Payment Debt Instruments*".

Short-Term Securities

In general, an individual or other cash basis U.S. holder of a Security with a term of one year or less is not required to accrue OID (calculated as set forth below for the purposes of this paragraph) for U.S. federal income tax purposes unless it elects to do so (but may be required to include any stated interest in income as the interest is received). Accrual basis U.S. holders and certain other U.S. holders are required to accrue OID on Securities with a term of one year or less on a straight-line basis or, if the U.S. holder so elects, under the constant-yield method (based on daily compounding). In the case of a U.S. holder not required and not electing to include OID in income currently, any gain realised on the sale or retirement of the Security with a term of one year or less will be ordinary income to the extent of the OID accrued on a straight-line basis (unless an election is made to accrue the OID under the constant-yield method) through the date of sale or retirement. U.S. holders who are not required and do not elect to accrue OID on Securities with a term of one year or less will be required to defer deductions for interest on borrowings allocable to Securities with a term of one year or less in an amount not exceeding the deferred income until the deferred income is realised.

For purposes of determining the amount of OID subject to these rules, all interest payments on a Security with a term of one year or less are included in such Security's stated redemption price at maturity. A U.S. holder may elect to determine OID on a Security with a term of one year or less as if such Security had been originally issued to the U.S. holder at the U.S. holder's purchase price for the Security. This election shall apply to all obligations with a maturity of one year or less acquired by the U.S. holder on or after the first day of the first taxable year to which the election applies, and may not be revoked without the consent of the IRS.

Securities Purchased at a Premium

A U.S. holder that purchases a Security for an amount in excess of its principal amount, or for a Discount Security, its stated redemption price at maturity, may elect to treat the excess as "amortisable bond premium", in which case the amount required to be included in the U.S. holder's income each year with respect to interest on the Security will be reduced by the amount of amortisable bond premium allocable (based on the Security's yield to maturity) to that year. Any election to amortise bond premium shall apply to all bonds (other than bonds the interest on which is excludable from gross income for U.S. federal income tax purposes) held by the U.S. holder at the beginning of the first taxable year to which the election applies or thereafter acquired by the U.S. holder, and is irrevocable without the consent of the IRS. A U.S. holder that does not elect to take bond premium (other than acquisition premium as described above under "*Acquisition Premium*") into account currently will recognise a capital loss when the Security matures.

Purchase, Sale and Retirement of Securities

A U.S. holder's tax basis in a Security will generally be its cost, increased by the amount of any OID and market discount included in the U.S. holder's income with respect to the Security and the amount, if any, of income attributable to *de minimis* OID and *de minimis* market discount included in the U.S. holder's income with respect to the Security, and reduced by (i) the amount of any payments that are not qualified stated interest payments, and (ii) the amount of any amortisable bond premium applied to reduce interest on the Security.

A U.S. holder will generally recognise gain or loss on the sale or retirement of a Security equal to the difference between the amount realised on the sale or retirement and the U.S. holder's tax basis in the Security. Except to the extent described above under "*Original Issue Discount—Market Discount*" or "*Original Issue Discount—Short-Term Securities*" or attributable to accrued but unpaid interest or changes in exchange rates (as discussed below), gain or loss recognised on the sale or retirement of a Security will be capital gain or loss and generally will be treated as from U.S. sources for purposes of the U.S. foreign tax credit limitation and may be taxable at reduced rates in the case of a U.S. holder that is an individual, estate or trust, if the Securities are held for more than one year. The deductibility of capital losses is subject to limitations.

Foreign Currency Securities

Interest

If an interest payment is denominated in, or determined by reference to, a foreign currency, the amount of income recognised by a cash basis U.S. holder will be the U.S. dollar value of the interest payment, based on the exchange rate in effect on the date of receipt, regardless of whether the payment is in fact converted into U.S. dollars.

An accrual basis U.S. holder may determine the amount of income recognised with respect to an interest payment denominated in, or determined by reference to, a foreign currency in accordance with either of two methods. Under the first method, the amount of income accrued will be based on the average exchange rate in effect during the interest accrual period (or, in the case of an accrual period that spans two taxable years of a U.S. holder, the part of the period within the taxable year).

Under the second method, the U.S. holder may elect to determine the amount of income accrued on the basis of the exchange rate in effect on the last day of the accrual period (or, in the case of an accrual period that spans two taxable years, the exchange rate in effect on the last day of the part of the period within the taxable year). Additionally, if a payment of interest is actually received within five business days of the last day of the accrual period, an electing accrual basis U.S. holder may instead translate the accrued interest into U.S. dollars at the exchange rate in effect on the day of actual receipt. Any such election will apply to all debt instruments held by the U.S. holder at the beginning of the first taxable year to which the election applies or thereafter acquired by the U.S. holder, and will be irrevocable without the consent of the IRS.

Upon receipt of an interest payment (including a payment attributable to accrued but unpaid interest upon the sale or retirement of a Security) denominated in, or determined by reference to, a foreign currency, the U.S. holder may recognise U.S. source exchange gain or loss (taxable as ordinary income or loss) equal to the difference between the amount received (translated into U.S. dollars at the spot rate on the date of receipt) and the amount previously accrued, regardless of whether the payment is in fact converted into U.S. dollars.

OID

OID for each accrual period on a Discount Security that is denominated in, or determined by reference to, a foreign currency, will be determined in the foreign currency and then translated into U.S. dollars in the same manner as stated interest accrued by an accrual basis U.S. holder, as described above under "*Foreign Currency Securities—Interest*". Upon receipt of an amount attributable to OID (whether in connection with

a payment on the Security or a sale of the Security), a U.S. holder may recognise U.S. source exchange gain or loss (taxable as ordinary income or loss) equal to the difference between the amount received (translated into U.S. dollars at the spot rate on the date of receipt) and the amount previously accrued, regardless of whether the payment is in fact converted into U.S. dollars.

Bond Premium

Bond premium (including acquisition premium) on a Security that is denominated in, or determined by reference to, a foreign currency, will be computed in units of the foreign currency, and any such bond premium that is taken into account currently will reduce interest income in units of the foreign currency.

On the date bond premium offsets interest income, a U.S. holder may recognise U.S. source exchange gain or loss (taxable as ordinary income or loss) measured by the difference between the spot rate in effect on that date, and on the date the Securities were acquired by the U.S. holder.

Purchase, Sale and Retirement of Securities

As discussed above under "*Purchase, Sale and Retirement of Securities*", a U.S. holder will generally recognise gain or loss on the sale or retirement of a Security equal to the difference between the amounts realised on the sale or retirement and its tax basis in the Security. A U.S. holder's tax basis in a Foreign Currency Security will be determined by reference to the U.S. dollar cost of the Security. The U.S. dollar cost of a Security purchased with foreign currency will generally be the U.S. dollar value of the purchase price on the date of purchase or, in the case of Securities traded on an established securities market, as defined in the applicable U.S. Treasury regulations, that are purchased by a cash basis U.S. holder (or an accrual basis U.S. holder that so elects), on the settlement date for the purchase.

The amount realised on a sale or retirement for an amount in foreign currency will be the U.S. dollar value of this amount on the date of sale or retirement or, in the case of Securities traded on an established securities market, as defined in the applicable U.S. Treasury regulations, sold by a cash basis U.S. holder (or an accrual basis U.S. holder that so elects), on the settlement date for the sale. Such an election by an accrual basis U.S. holder must be applied consistently from year to year and cannot be revoked without the consent of the IRS.

A U.S. holder will recognise U.S. source exchange rate gain or loss (taxable as ordinary income or loss) on the sale or retirement of a Security equal to the difference, if any between the U.S. dollar values of the U.S. holder's purchase price for the Security (or, if less, the principal amount of the Security) (i) on the date of sale or retirement and (ii) the date on which the U.S. holder acquired the Security. Any such exchange rate gain or loss will be realised only to the extent of total gain or loss realised on the sale or retirement.

Disposition of Foreign Currency

Foreign currency received as interest on a Security or on the sale or retirement of a Security will generally have a tax basis equal to its U.S. dollar value at the time the interest is received or at the time of the sale or retirement. Foreign currency that is purchased will generally have a tax basis equal to the U.S. dollar value of the foreign currency on the date of purchase. Any gain or loss recognised on a sale or other disposition of a foreign currency (including its use to purchase Securities or upon exchange for U.S. dollars) will be U.S. source ordinary income or loss.

Tax Return Disclosure Regulations

Pursuant to U.S. Treasury regulations (the **Disclosure Regulations**), any taxpayer that has participated in a "reportable transaction" and that is required to file a U.S. federal income tax return must generally attach a disclosure statement disclosing such taxpayer's participation in the reportable transaction to the taxpayer's tax return for each taxable year for which the taxpayer participates in the reportable transaction. A penalty in the amount of US\$10,000 in the case of a natural person and US\$50,000 in any other case may be imposed on

any taxpayer that fails to file a reportable transaction disclosure statement. The Disclosure Regulations provide that, in addition to certain other transactions, a "loss transaction" constitutes a "reportable transaction." A "loss transaction" is any transaction resulting in the taxpayer claiming a loss under Section 165 of the Code in an amount equal to or in excess of certain threshold amounts. The Disclosure Regulations specifically provide that a loss resulting from a "Section 988 transaction" (as defined in Section 988(c)(1) of the Code relating to foreign currency transactions) will constitute a Section 165 loss. In the case of individuals or trusts, whether or not the loss flows through from an S corporation or partnership, if the loss arises with respect to a Section 988 transaction, the applicable threshold amount is US\$50,000 in any single taxable year. Higher threshold amounts apply depending upon the taxpayer's status as a corporation, partnership, or S corporation, as well as certain other factors. It is important to note, however, that the Disclosure Regulations provide that the fact that a transaction is a reportable transaction shall not affect the legal determination of whether the taxpayer's treatment of the transaction is proper. Holders should consult their own tax advisers concerning the potential application of the Disclosure Regulations to the Securities.

Options or Warrants

The following is a summary of the principal U.S. federal income tax consequences of the ownership of Securities treated as options or warrants for U.S. federal income tax purposes.

Premium

Premium paid by a U.S. holder for a Security will generally be treated as a non-deductible capital expenditure. As described in the following two sections, the amount of such premium will be taken into account upon the sale, transfer, cash settlement, or lapse of the Security.

Sale, Transfer, Cash Settlement, or Lapse of Securities

A U.S. holder who has purchased a Security will generally recognise capital gain or loss upon the sale, transfer, cash settlement or lapse of the Security in an amount equal to the difference between (i) the amount realised by the investor from such sale, transfer, settlement, or lapse and (ii) the amount of the premium that the investor paid for the Security. Such capital gain or loss will be long-term capital gain or loss if the Security was held for more than one year. Certain exceptions to such treatment are noted below and, if appropriate, may be addressed in the applicable Final Terms.

Mark-to-Market Rules

Under Section 1256 of the Code, special mark-to-market and character rules apply in the case of certain "nonequity" options and foreign currency contracts. Unless the Securities (other than Securities denominated in a currency other than the U.S. dollar) are listed on a "qualified board or exchange" for purposes of Section 1256 of the Code, however, these mark-to-market rules will not be applicable to U.S. holders of the Securities. Where relevant, the application of the Section 1256 of the Code rules to Securities denominated in a currency other than the U.S. dollar may be discussed in the applicable Final Terms.

Other Treatments

Tax Treatment of Prepaid Forward Contracts (With or Without a Loan)

If any Securities are treated as prepaid forward contracts (with or without a loan) for U.S. federal income tax purposes, the following description should apply to such Securities.

Interest Payments

Payments of interest (if any) will be taxable to a U.S. holder as ordinary interest income at the time such payments are accrued or are received (in accordance with the U.S. holder's regular method of tax accounting).

Cash Settlement, Sale, or Other Disposition of the Securities

If the Securities are treated in whole or in part as prepaid forward contracts, upon the receipt of cash upon settlement of a Security or upon the sale or other disposition of such Security, a U.S. holder generally will recognise taxable gain or loss equal to the difference between the amount realised (generally, the amount of cash received) and such U.S. holder's tax basis in the Security. In general, a U.S. holder's tax basis in a Security will equal the amount that such U.S. holder paid to acquire the Security. Subject to the discussion below under "*Constructive Ownership*," any such gain or loss generally will be long-term capital gain or loss if the Security was held for more than one year at the time of settlement or at the time of sale or other disposition.

Constructive Ownership

Some or all of the net long-term capital gain arising from certain "constructive ownership" transactions may be characterised as ordinary income, in which case an interest charge would be imposed on any such ordinary income. These rules have no immediate application to forward contracts in respect of most property underlying the Securities, because they are only applicable to the extent that the underlying property directly or indirectly includes shares of issuers treated as PFICs or as certain other "pass-through" entities. These rules, however, grant discretionary authority to the U.S. Treasury Department (the **Treasury**) to expand the scope of "constructive ownership" transactions to include forward contracts in respect of the stock of all corporations, in addition to forward contracts in respect of any debt instrument. The rules also separately direct the Treasury to promulgate regulations excluding a forward contract that does not convey "substantially all" of the economic return on any underlying asset from the scope of "constructive ownership" transactions. It is not possible to predict whether such regulations will be promulgated by the Treasury, or the form or effective date that any regulations that may be promulgated might take.

Interest in the Underlying Property

Depending on the terms of particular Securities, a U.S. holder could be treated as owning the property underlying those Securities for U.S. federal income tax purposes. In that event, for example, in the case of Index Linked Securities, the U.S. holder would be required to recognise appropriate amounts of capital gain on the disposition of any shares included in the underlying Index each time that the Index is rebalanced. In such a case, such U.S. holder also would be subject to tax on dividends on shares included in the Index in an amount equal to the gross dividends paid by the companies whose shares are included in the Index. In addition, any current expenses (including any withholding taxes) in respect of shares included in the Index would be treated as if made directly by the U.S. holder, and the deductibility of such expenses (or creditability of such withholding taxes) could be subject to certain limitations.

Contingent Payment Debt Instruments

If any Securities are treated as contingent payment debt instruments, the tax consequences to a U.S. holder would be determined under U.S. Treasury regulations governing contingent payment debt instruments (the **Contingent Payment Regulations**). The Contingent Payment Regulations are complex, but very generally apply the OID rules of the Code to a contingent payment debt instrument by requiring that OID be accrued by the U.S. holder every year at a "comparable yield" for the issuer of the instrument, determined at the time of issuance of the obligation. In addition, the Contingent Payment Regulations require that a projected payment schedule, which results in such a "comparable yield" be determined by the issuer. Further, a U.S. holder will be required to make adjustments to income accruals to account for differences between the actual

payments received by the U.S. holder and the projected amounts of such payments. To the extent that the actual payments received by a U.S. holder exceed the projected payments on a contingent debt instrument in any taxable year, the owner of that instrument will recognise ordinary interest income for that taxable year equal to the amount of such excess. In addition, any gain realised on the sale, exchange or redemption of a contingent payment debt instrument will be treated as ordinary income. Any loss realised on such sale, exchange or redemption will be treated as an ordinary loss to the extent that the U.S. holder's OID inclusions with respect to the obligation exceed prior reversals of such inclusions required by the adjustment mechanism described above. Any loss realised in excess of such amount generally will be treated as a capital loss.

Loan and One or More Options

If any Securities are treated as a combination of a loan (or deposit) and one or more options, in general, payments of interest (if any) will be taxable to a U.S. holder as ordinary interest income at the time that such payments are accrued or are received (in accordance with the U.S. holder's regular method of tax accounting), while payments in respect of the options would be taxable in a manner similar to the taxation of corresponding payments under Securities treated as options, as described above under "Options or Warrants."

Possible Alternative Tax Treatment

If a Security is treated as a unit consisting of a loan and a forward contract, a U.S. holder could be required to accrue a significant amount of OID on a current basis during the period in which it holds the Security. Alternatively, it is possible that the Securities could be characterised for U.S. federal income tax purposes as debt instruments that are subject to the Contingent Payment Regulations (as more fully described above under "*Contingent Payment Debt Instruments*"), in which case, among other matters, a U.S. holder would be required to accrue income, as OID, at a "comparable yield" for the Issuer, on the purchase price. Furthermore, any gain realised with respect to the Securities would generally be treated as ordinary income.

It is also possible that future regulations or other IRS guidance would require a U.S. holder to accrue income on the Securities on a current basis. The IRS and the Treasury recently issued proposed regulations that require the current accrual of income with respect to contingent non-periodic payments made under certain notional principal contracts. The preamble to the regulations states that the "wait and see" method of tax accounting does not properly reflect the economic accrual of income on such contracts, and requires a current accrual of income with respect to some contracts already in existence at the time the proposed regulations were released. While the proposed regulations do not apply to prepaid forward contracts, the preamble to the proposed regulations expresses the view that similar timing issues exist in the case of prepaid forward contracts. If the IRS published future guidance requiring current accrual of income with respect to contingent payments on prepaid forward contracts, it is possible that a U.S. holder could be required to accrue income over the term of the Securities.

Securities Denominated in a Specified Currency Other Than the U.S. Dollar

In general, except to the extent that the mark-to-market and character rules under Section 1256 apply (see "*Options or Warrants — Mark-to-Market Rules*" above), any gain or loss realised in respect of a Security denominated in a Specified Currency other than the U.S. dollar will be ordinary income or loss. Any such gain or loss generally must be recognised upon a sale, exchange, termination, rollover, settlement or exercise of such Security, as well as upon an offset of one contract against another in certain circumstances. In general, if a Security denominated in a Specified Currency other than the U.S. dollar is subject to Section 1256, a U.S. holder will be required to include mark-to-market gain or loss in respect of such Security at the end of each year (or upon transfer, termination, exercise, lapse or other disposition), with 40 per cent. of such gain or loss being short-term capital gain or loss and 60 per cent. of such gain or loss being long-term capital gain or loss.

If appropriate, additional U.S. federal income tax consequences applicable to Securities denominated in the Specified Currency other than the U.S. dollar may be set forth in the applicable Final Terms.

Foreign Currency Rules

Payments of premium, exercise price, sale proceeds, and cash settlement amounts in respect of Securities that are denominated in a currency other than the U.S. dollar will be subject to special U.S. tax rules regarding foreign currency transactions. U.S. holders should consult their tax advisers concerning the application of these rules in their particular circumstances.

Notice 2008-2

On 7 December 2007, the IRS released a notice that may affect the taxation of holders of the Securities. According to the notice, the IRS and the Treasury are actively considering whether the U.S. holder of an instrument such as the Securities should be required to accrue ordinary income on a current basis, and they are seeking taxpayer comments on the subject. It is not possible to determine what guidance they will ultimately issue, if any. It is possible, however, that under such guidance, U.S. holders of the Securities will ultimately be required to accrue income currently and this could be applied on a retroactive basis. The IRS and the Treasury are also considering other relevant issues, including whether additional gain or loss from such Securities should be treated as ordinary or capital, whether non-U.S. holders of such Securities should be subject to withholding tax on any deemed income accruals, and whether the special "constructive ownership rules" of Section 1260 of the Code might be applied to such Securities. U.S. holders are urged to consult their tax advisers concerning the significance, and the potential impact, of the above considerations. The Issuer intends to continue treating the Securities for U.S. federal income tax purposes in accordance with the treatment described in this Base Prospectus unless and until such time as the Treasury and the IRS determine that some alternative treatment is more appropriate.

Taxation of Non-U.S. Holders

Non-U.S. holders generally should not be subject to U.S. federal income or withholding tax on any payments on the Securities and gain from the sale, redemption or other disposition of the Securities unless: (i) that payment and/or gain is effectively connected with the conduct by that non-U.S. holder of a trade or business in the U.S.; (ii) in the case of any gain realised on the sale or exchange of a Security by an individual non-U.S. holder, that holder is present in the U.S. for 183 days or more in the taxable year of the sale, exchange or retirement and certain other conditions are met; or (iii) the non-U.S. holder is subject to tax pursuant to provisions of the Code applicable to certain expatriates.

Non-U.S. holders should consult their own tax advisers regarding the U.S. federal income and other tax consequences of owning Securities.

Information Reporting and Backup Withholding

The relevant Agent may be required to file information returns with the IRS with respect to payments made to certain U.S. holders of Securities. In addition, certain U.S. holders may be subject to backup withholding tax in respect of such payments if they do not provide their taxpayer identification numbers to the relevant Agent or otherwise comply with the applicable backup withholding requirements.

U.S. holders should consult their tax advisers regarding the application of information reporting and backup withholding in their particular situations, the availability of an exemption therefrom and the procedure for obtaining the exemption, if available. Backup withholding is not an additional tax. Any amounts withheld from a payment to a holder under the backup withholding rules will be allowed as a credit against the holder's United States federal income tax liability and may entitle the holder to a refund of any excess amounts withheld under the backup withholding rules by timely filing the appropriate claim for refund with the IRS and furnishing all required information. Non-U.S. holders may be required to comply with

applicable certification procedures to establish that they are not U.S. holders in order to avoid the application of such information reporting requirements and backup withholding.

Foreign Financial Asset Reporting

Certain U.S. holders that own "specified foreign financial assets" that meet certain U.S. dollar value thresholds generally are required to file an information report with respect to such assets with their tax returns. The Securities generally will constitute specified foreign financial assets subject to these reporting requirements unless the Securities are held in an account at certain financial institutions. U.S. holders are urged to consult their tax advisers regarding the application of these disclosure requirements to their ownership of the Securities.

Medicare Tax

A U.S. holder that is an individual or estate, or a trust that does not fall into a special class of trusts that is exempt from such tax, will be subject to a 3.8 per cent. tax on the lesser of (1) the U.S. holder's "net investment income" for the relevant taxable year and (2) the excess of the U.S. holder's modified adjusted gross income for the taxable year over a certain threshold (which in the case of individuals will be between US\$125,000 and US\$250,000, depending on the individual's circumstances). A holder's net investment income will generally include its income from, including but not limited to, interest and dividends and its gains from the disposition of Securities, unless such income or net gains are derived in the ordinary course of the conduct of a trade or business (other than a trade or business that consists of certain passive or trading activities).

FOREIGN ACCOUNT TAX COMPLIANCE ACT

Sections 1471 through 1474 of the Code (**FATCA**) impose a new reporting regime and potentially a 30 per cent. withholding tax with respect to certain payments to (i) any non-U.S. financial institution (a "foreign financial institution", or **FFI** (as defined by FATCA)) that does not become a **Participating FFI** by entering into an agreement with the IRS to provide the IRS with certain information in respect of its account holders and investors or is not otherwise exempt from or in deemed compliance with FATCA and (ii) any investor (unless otherwise exempt from FATCA) that does not provide information sufficient to determine whether the investor is a U.S. person or should otherwise be treated as holding a "United States account" of the Issuer (a **Recalcitrant Holder**). The Issuer, the Guarantor and the NIHK Guarantor are classified as FFIs.

The new withholding regime is now in effect for payments from sources within the United States and will apply to **foreign passthru payments** (a term not yet defined) no earlier than 1 January 2019. This withholding would potentially apply to payments in respect of (i) any Securities characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued after the **grandfathering date**, which (A) with respect to Securities that give rise solely to foreign passthru payments, is the date that is six months after the date on which final U.S. Treasury regulations defining the term foreign passthru payment are filed with the Federal Register and (B) with respect to Securities that give rise to a dividend equivalent pursuant to Section 871(m) of the Code, is 1 July 2017, or (in each case) which are materially modified after the grandfathering date and (ii) any Securities characterised as equity or which do not have a fixed term for U.S. federal tax purposes, whenever issued. If Securities are issued on or before the grandfathering date, and additional Securities of the same series are issued after that date, the additional Securities may not be treated as grandfathered, which may have negative consequences for the existing Securities, including a negative impact on market price.

The United States and a number of other jurisdictions have entered into intergovernmental agreements to facilitate the implementation of FATCA (each, an **IGA**). Pursuant to FATCA and the "Model 1" and "Model 2" IGAs released by the United States, an FFI in an IGA signatory country could be treated as a **Reporting FI** not subject to withholding under FATCA on any payments it receives. Further, an FFI in an IGA jurisdiction generally would not be required to withhold under FATCA or an IGA (or any law

implementing an IGA) (any such withholding being **FATCA Withholding**) from payments it makes. The United States has entered into an agreement with the United Kingdom based largely on the Model 1 IGA and agreements with Hong Kong and Japan based largely on the Model 2 IGA (together, the **Relevant IGAs**).

The Issuer, the Guarantor and the NIHK Guarantor expect to be treated as Reporting FIs pursuant to the Relevant IGAs and do not anticipate being obliged to deduct any FATCA Withholding on payments they make. There can be no assurance, however, that the Issuer, the Guarantor and the NIHK Guarantor will be treated as Reporting FIs, or that they would in the future not be required to deduct FATCA Withholding from payments they make. Accordingly, the Issuer or the Guarantor or the NIHK Guarantor, if applicable, and financial institutions through which payments on the Securities are made may be required to withhold FATCA Withholding if (i) any FFI through or to which payment on such Securities is made is not a Participating FFI, a Reporting FI, or otherwise exempt from or in deemed compliance with FATCA or (ii) an investor is a Recalcitrant Holder.

While the Securities are cleared through Euroclear and Clearstream, Luxembourg (together, the **ICSDs**), Euroclear Sweden AB or SIX SIS Ltd., it is expected that FATCA will not affect the amount of any payments made under, or in respect of, the Securities by the Issuer, the Guarantor or the NIHK Guarantor (if applicable) and any paying agent, given that each of the entities in the payment chain between the Issuer and the participants in the ICSDs, Euroclear Sweden AB or SIX SIS Ltd., is a major financial institution whose business is dependent on compliance with FATCA and that any alternative approach introduced under an IGA will be unlikely to affect the Securities. The documentation expressly contemplates the possibility that the Securities may go into definitive form and therefore that they may be taken out of the ICSDs or SIX SIS Ltd. If this were to happen, then a non-FATCA compliant holder could be subject to FATCA Withholding. However, definitive Securities will only be printed in remote circumstances.

FATCA is particularly complex and its application is uncertain at this time. The above description is based in part on regulations, official guidance and model IGAs, all of which are subject to change or may be implemented in a materially different form. Prospective investors should consult their tax advisers on how these rules may apply to the Issuer and to payments they may receive in connection with the Securities.

HIRING INCENTIVES TO RESTORE EMPLOYMENT ACT

The U.S. Hiring Incentives to Restore Employment Act introduced Section 871(m) of the Code which treats a "dividend equivalent" payment as a dividend from sources within the United States. Under Section 871(m), such payments generally would be subject to a 30 per cent. U.S. withholding tax that may be reduced by an applicable tax treaty, eligible for credit against other U.S. tax liabilities or refunded, provided that the beneficial owner timely claims a credit or refund from the IRS. A "dividend equivalent" payment is (i) a substitute dividend payment made pursuant to a securities lending or a sale-repurchase transaction that (directly or indirectly) is contingent upon, or determined by reference to, the payment of a dividend from sources within the United States, (ii) a payment made pursuant to a "specified notional principal contract" that (directly or indirectly) is contingent upon, or determined by reference to, the payment of a dividend from sources within the United States, and (iii) any other payment determined by the IRS to be substantially similar to a payment described in (i) and (ii). Recently published final U.S. Treasury regulations issued under Section 871(m) (the **Section 871(m) Regulations**) will, when effective, require withholding on certain non-U.S. holders of the Securities with respect to amounts treated as attributable to dividends from certain U.S. securities. Under the Section 871(m) Regulations, only a Security that has an expected economic return sufficiently similar to that of the underlying U.S. security, as determined on the Security's issue date based on tests set forth in the Section 871(m) Regulations, will be subject to the Section 871(m) withholding regime (making such Security a **Specified Security**). The Section 871(m) Regulations provide certain exceptions to this withholding requirement, in particular for instruments linked to certain broad-based indices.

Withholding in respect of dividend equivalents will generally be required when cash payments are made on a Specified Security or upon the date of maturity, lapse or other disposition by the non-U.S. holder of the Specified Security. If the underlying U.S. security or securities are expected to pay dividends during the term of the Specified Security, withholding generally will still be required even if the Specified Security does not provide for payments explicitly linked to dividends. If the Issuer or any withholding agent determines that withholding is required, neither the Issuer nor any withholding agent will be required to pay any additional amounts with respect to amounts so withheld.

The Section 871(m) Regulations generally apply to Specified Securities issued on or after 1 January 2017. If the terms of a Security are subject to a "significant modification" such that the Security is treated as retired and reissued, it could lose its "grandfathered" status and might become a Specified Security based on economic conditions in effect at that time.

Upon the issuance of a series of Securities, the Issuer will state in the Final Terms or Pricing Supplement (as applicable) if it has determined that they are Specified Securities, in which case a non-U.S. holder of the Securities should expect to be subject to withholding in respect of any dividend-paying U.S. securities underlying those Securities. The Issuer's determination is binding on non-U.S. holders of the Securities, but it is not binding on the IRS. The Section 871(m) Regulations require complex calculations to be made with respect to the Securities linked to U.S. securities and their application to a specific issue of Securities may be uncertain. Prospective investors should consult their tax advisers regarding the potential application of Section 871(m) to the Securities.

THE PROPOSED FINANCIAL TRANSACTIONS TAX ("FTT")

On 14 February 2013, the European Commission published a proposal (the **Commission's Proposal**) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the **participating Member States**). However, Estonia has since stated that it will not participate.

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in the Securities (including secondary market transactions) in certain circumstances. Primary market transactions referred to in Article 5(c) of Regulation (EC) No 1287/2006 are expected to be exempt.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Securities where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate. Prospective holders of the Securities are advised to seek their own professional advice in relation to the FTT.

UNITED KINGDOM TAXATION

The following applies only to persons who are the beneficial owners of Securities and is a summary of the Issuer's understanding of current United Kingdom tax law (as applied in England and Wales) and published HM Revenue & Customs practice in the United Kingdom relating only to United Kingdom withholding tax treatment of payments in respect of the Securities and to certain United Kingdom stamp duty and stamp duty reserve tax matters. It does not deal with any other United Kingdom taxation implications of acquiring, holding or disposing of the Securities. The United Kingdom tax treatment of

prospective Securityholders depends on their individual circumstances and may be subject to change in the future. Prospective Securityholders who may be subject to tax in a jurisdiction other than the United Kingdom or who may be unsure as to their tax position should seek their own professional advice.

Payments of interest on the Securities

Whether or not payments or any part of any payment on a Security will constitute "interest" for the purposes of UK tax law will depend upon, amongst other things, the terms and conditions of the Securities and the basis upon which amounts payable on the Securities are calculated.

- (a) The Issuer, provided that it is and continues to be a bank for the purposes of section 991 of the Income Tax Act 2007 (**ITA 2007**) and provided that the interest on the Securities is paid in the ordinary course of its business within the meaning of section 878 of ITA 2007, will be entitled to make payments of interest on the Securities without withholding or deduction for or on account of United Kingdom income tax.
- (b) Payments of interest on the N&C Securities may be made without deduction of or withholding on account of United Kingdom income tax provided that the N&C Securities are and continue to be listed on a "recognised stock exchange" within the meaning of section 1005 of ITA 2007.
 - (i) The London Stock Exchange is a recognised stock exchange. The N&C Securities will be treated as listed on the London Stock Exchange if they are included in the Official List (within the meaning of and in accordance with the provisions of Part 6 of the Financial Services and Markets Act 2000) and admitted to trading on the Main Market or the Professional Securities Market of the London Stock Exchange.
 - (ii) The Luxembourg Stock Exchange is a recognised stock exchange. The N&C Securities will satisfy this requirement if they are officially listed in Luxembourg in accordance with provisions corresponding to those generally applicable in EEA states and are admitted to trading on the Main Market or EuroMTF markets of the Luxembourg Stock Exchange.
 - (iii) The Irish Stock Exchange is a recognised stock exchange. The N&C Securities will satisfy this requirement if they are officially listed in Ireland in accordance with the provisions corresponding to those generally applicable in EEA states and are admitted to trading on the Main Market or the Global Exchange Market of the Irish Stock Exchange.

Provided, therefore, that the N&C Securities remain so listed, interest on the N&C Securities will be payable without withholding or deduction on account of United Kingdom tax whether or not the Issuer carries on a banking business in the United Kingdom and whether or not the interest is paid in the ordinary course of its business.

- (c) Interest on the N&C Securities may also be paid without withholding or deduction on account of United Kingdom tax where the maturity of the N&C Securities is less than 365 days and those N&C Securities do not form part of a scheme or arrangement of borrowing intended to be capable of remaining outstanding for more than 364 days.

In other cases, an amount must generally be withheld from payments of interest on the Securities that has a United Kingdom source on account of United Kingdom income tax at the basic rate (currently 20 per cent.). However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Securityholder, HMRC can issue a notice to the Issuer to pay interest to the Securityholder without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

Annual Payments

If a periodic payment on a Security were not "interest", and not repayment of principal, then such payment could constitute an "annual payment". Whether or not any periodic payment were to constitute an "annual

payment" for these purposes will depend upon, amongst other things, the terms and conditions of the Securities and the basis upon which it is calculated. However, if in relation to a Security the Issuer is only required to make a single payment to its holders following redemption or exercise, and there are no amounts due by way of interest, Additional Amounts or other periodic payment on that Security, payments should not generally constitute "annual payments".

An amount must generally be withheld from "annual payments" on Securities that have a United Kingdom source on account of United Kingdom income tax at the basic rate (currently 20%). However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Securityholder, HMRC can issue a notice to the Issuer to pay interest to the Securityholder without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

Manufactured Payments

Payments on the Securities should not constitute "manufactured payments" subject to any deduction of or withholding on account of United Kingdom income tax unless:

- (i) the Securities will or may settle by way of physical delivery;
- (ii) the assets which will or may be delivered are shares issued by a "company UK REIT" or the "principal company" of a "group UK REIT" (all bearing the same meaning as in section 918 of the Income Tax Act 2007) or securities (other than shares) issued by the United Kingdom government, a local or other public authority in the United Kingdom or any other United Kingdom resident body; and
- (iii) the payments are representative of dividends on those shares, or interest paid on those securities (as the case may be).

If such a "manufactured payment" were paid by the Issuer in the course of a trade carried on in the United Kingdom through a branch or agency then the Issuer may (subject to reliefs and exemptions) be required to make a deduction of or withholding on account of United Kingdom income tax from such payment on account of United Kingdom income tax at the basic rate. However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Securityholder, HMRC may be able to issue a notice to the Issuer to pay interest to the Securityholder without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

Payments where the W&C Securities constitute derivative contracts

The Issuer should not be required to withhold or deduct sums for or on account of United Kingdom income tax from payments made on the exercise of W&C Securities which are derivative contracts, the profits and losses arising from which are calculated in accordance with the provisions of Part 7 of the Corporation Tax Act 2009.

Securities: Stamp duty and stamp duty reserve tax (SDRT)

A charge to stamp duty or SDRT may, in certain circumstances, arise on the issue, transfer, exercise, redemption and/or settlement of Securities and SDRT may also be payable in relation to any agreement to transfer Securities. This will depend upon the Terms and Conditions of the relevant Securities (as completed and, in the case of Exempt Securities, amended and supplemented by the applicable Final Terms). Securityholders should take their own advice from an appropriately qualified professional advisor in this regard.

AUSTRIAN TAXATION

This section on taxation contains a brief summary of the Issuer's understanding with regard to certain important principles which are of significance in connection with the purchase, holding or sale of the Securities in Austria. This summary does not purport to exhaustively describe all possible tax aspects and does not deal with specific situations which may be of relevance for certain potential investors. The

following comments are rather of a general nature and included herein solely for information purposes. They are not intended to be, nor should they be construed to be, legal or tax advice. This summary is based on the currently applicable tax legislation, case law and regulations of the tax authorities, as well as their respective interpretation, all of which may be amended from time to time. Such amendments may possibly also be effected with retroactive effect and may negatively impact on the tax consequences described. It is recommended that potential investors in the Securities consult with their legal and tax advisors as to the tax consequences of the purchase, holding or sale of the Securities. Tax risks resulting from the Securities (in particular from a potential qualification as a foreign investment fund within the meaning of sec. 188 of the Austrian Investment Funds Act 2011 (*Investmentfondsgesetz 2011*)) shall in any case be borne by the investor. For the purposes of the following it is assumed that the Securities are legally and factually offered to an indefinite number of persons.

General remarks

Individuals having a domicile (*Wohnsitz*) and/or their habitual abode (*gewöhnlicher Aufenthalt*), both as defined in sec. 26 of the Austrian Federal Fiscal Procedures Act (*Bundesabgabenordnung*), in Austria are subject to income tax (*Einkommensteuer*) in Austria on their worldwide income (unlimited income tax liability; *unbeschränkte Einkommensteuerpflicht*). Individuals having neither a domicile nor their habitual abode in Austria are subject to income tax only on income from certain Austrian sources (limited income tax liability; *beschränkte Einkommensteuerpflicht*).

Corporations having their place of management (*Ort der Geschäftsleitung*) and/or their legal seat (*Sitz*), both as defined in sec. 27 of the Austrian Federal Fiscal Procedures Act, in Austria are subject to corporate income tax (*Körperschaftsteuer*) in Austria on their worldwide income (unlimited corporate income tax liability; *unbeschränkte Körperschaftsteuerpflicht*). Corporations having neither their place of management nor their legal seat in Austria are subject to corporate income tax only on income from certain Austrian sources (limited corporate income tax liability; *beschränkte Körperschaftsteuerpflicht*).

Both in case of unlimited and limited (corporate) income tax liability Austria's right to tax may be restricted by double taxation treaties.

Income taxation of the Securities

Pursuant to sec. 27(1) of the Austrian Income Tax Act (*Einkommensteuergesetz*), the term investment income (*Einkünfte aus Kapitalvermögen*) comprises:

- income from the letting of capital (*Einkünfte aus der Überlassung von Kapital*) pursuant to sec. 27(2) of the Austrian Income Tax Act, including dividends and interest; the tax basis is the amount of the earnings received (sec. 27a(3)(1) of the Austrian Income Tax Act);
- income from realised increases in value (*Einkünfte aus realisierten Wertsteigerungen*) pursuant to sec. 27(3) of the Austrian Income Tax Act, including gains from the alienation, redemption and other realisation of assets that lead to income from the letting of capital (including zero coupon bonds); the tax basis amounts to the sales proceeds or the redemption amount minus the acquisition costs, in each case including accrued interest (sec. 27a(3)(2)(a) of the Austrian Income Tax Act); and
- income from derivatives (*Einkünfte aus Derivaten*) pursuant to sec. 27(4) of the Austrian Income Tax Act, including cash settlements, option premiums received and income from the sale or other realisation of forward contracts like options, futures and swaps and other derivatives such as index certificates (*Indexzertifikate*) (the mere exercise of an option does not trigger tax liability); e.g., in the case of index certificates, the tax basis amounts to the sales proceeds or the redemption amount minus the acquisition costs (sec. 27a(3)(3)(c) of the Austrian Income Tax Act).

Also the withdrawal of the Securities from a securities account (*Depotentnahme*) and circumstances leading to a restriction of Austria's taxation right regarding the Securities *vis-à-vis* other countries, e.g. a relocation from Austria (*Wegzug*), are in general deemed to constitute a sale (*cf.* sec. 27(6) of the Austrian Income Tax Act). The tax basis amounts to the fair market value minus the acquisition costs (sec. 27a(3)(2)(b) of the Austrian Income Tax Act).

Individuals subject to unlimited income tax liability in Austria holding the Securities as non-business assets are subject to income tax on all resulting investment income pursuant to sec. 27(1) of the Austrian Income Tax Act. In case of investment income from the Securities with an Austrian nexus (*inländische Einkünfte aus Kapitalvermögen*), basically meaning income paid by an Austrian paying agent (*auszahlende Stelle*) or an Austrian custodian agent (*depotführende Stelle*), the income is subject to withholding tax (*Kapitalertragsteuer*) at a flat rate of 27.5 per cent.; no additional income tax is levied over and above the amount of tax withheld (final taxation pursuant to sec. 97(1) of the Austrian Income Tax Act). In case of investment income from the Securities without an Austrian nexus, the income must be included in the investor's income tax return and is subject to income tax at a flat rate of 27.5 per cent.. In both cases upon application the option exists to tax all income subject to income tax at a flat rate pursuant to sec. 27a(1) of the Austrian Income Tax Act at the lower progressive income tax rate (option to regular taxation pursuant to sec. 27a(5) of the Austrian Income Tax Act). The acquisition costs must not include ancillary acquisition costs (*Anschaffungsnebenkosten*; sec. 27a(4)(2) of the Austrian Income Tax Act). Expenses such as bank charges and custody fees must not be deducted (sec. 20(2) of the Austrian Income Tax Act); this also applies if the option to regular taxation is exercised. Sec. 27(8) of the Austrian Income Tax Act, *inter alia*, provides for the following restrictions on the offsetting of losses: negative income from realised increases in value and from derivatives may be neither offset against interest from bank accounts and other non-securitised claims *vis-à-vis* credit institutions (except for cash settlements and lending fees) nor against income from private foundations, foreign private law foundations and other comparable legal estates (*Privatstiftungen, ausländische Stiftungen oder sonstige Vermögensmassen, die mit einer Privatstiftung vergleichbar sind*); income subject to income tax at a flat rate pursuant to sec. 27a(1) of the Austrian Income Tax Act may not be offset against income subject to the progressive income tax rate (this equally applies in case of an exercise of the option to regular taxation); negative investment income not already offset against positive investment income may not be offset against other types of income. The Austrian custodian agent has to effect the offsetting of losses by taking into account all of a taxpayer's securities accounts with the custodian agent, in line with sec. 93(6) of the Austrian Income Tax Act, and to issue a written confirmation to the taxpayer to this effect.

Individuals subject to unlimited income tax liability in Austria holding the Securities as business assets are subject to income tax on all resulting investment income pursuant to sec. 27(1) of the Austrian Income Tax Act. In case of investment income from the Securities with an Austrian nexus, the income is subject to withholding tax at a flat rate of 27.5 per cent. While withholding tax has the effect of final taxation for income from the letting of capital, income from realised increases in value and income from derivatives must be included in the investor's income tax return (nevertheless income tax at the flat rate of 27.5 per cent.). In case of investment income from the Securities without an Austrian nexus, the income must always be included in the investor's income tax return and is subject to income tax at the flat rate of 27.5 per cent.). In both cases upon application the option exists to tax all income subject to income tax at a flat rate pursuant to sec. 27a(1) of the Austrian Income Tax Act at the lower progressive income tax rate (option to regular taxation pursuant to sec. 27a(5) of the Austrian Income Tax Act). Expenses such as bank charges and custody fees must not be deducted (sec. 20(2) of the Austrian Income Tax Act); this also applies if the option to regular taxation is exercised. Pursuant to sec. 6(2)(c) of the Austrian Income Tax Act, depreciations to the lower fair market value and losses from the alienation, redemption and other realisation of financial assets and derivatives in the sense of sec. 27(3) and (4) of the Austrian Income Tax Act, which are subject to income tax at the flat rate of 27.5 per cent., are primarily to be offset against income from realised increases in value of such financial assets and derivatives and with appreciations in value of such assets within the same business unit (*Wirtschaftsgüter desselben Betriebes*); only 55 per cent. of the remaining negative difference may be offset against other types of income.

Pursuant to sec. 7(2) of the Austrian Corporate Income Tax Act (*Körperschaftsteuergesetz*), corporations subject to unlimited corporate income tax liability in Austria are subject to corporate income tax on income in the sense of sec. 27(1) of the Austrian Income Tax Act from the Securities at a rate of 25 per cent. In the case of income in the sense of sec. 27(1) of the Austrian Income Tax Act from the Securities with an Austrian nexus, the income is subject to withholding tax at a flat rate of 27.5 per cent. However, a 25 per cent. rate may pursuant to sec. 93(1a) of the Austrian Income Tax Act be applied by the withholding agent, if the debtor of the withholding tax is a corporation. Such withholding tax can be credited against the corporate income tax liability. Under the conditions set forth in sec. 94(5) of the Austrian Income Tax Act withholding tax is not levied in the first place. Losses from the alienation of the Securities can be offset against other income.

Pursuant to sec. 13(3)(1) in connection with sec. 22(2) of the Austrian Corporate Income Tax Act, private foundations (*Privatstiftungen*) pursuant to the Austrian Private Foundations Act (*Privatstiftungsgesetz*) fulfilling the prerequisites contained in sec. 13(3) and (6) of the Austrian Corporate Income Tax Act and holding the Securities as non-business assets are subject to interim taxation at a rate of 25 per cent. on interest income, income from realised increases in value and income from derivatives (*inter alia*, if the latter are in the form of securities). Pursuant to the Austrian tax authorities' view, the acquisition costs must not include ancillary acquisition costs. Expenses such as bank charges and custody fees must not be deducted (sec. 12(2) of the Austrian Corporate Income Tax Act). Interim tax does generally not fall due insofar as distributions subject to withholding tax are made to beneficiaries in the same tax period. In case of investment income from the Securities with an Austrian nexus, the income is in general subject to withholding tax at a flat rate of 27.5 per cent. However, a 25 per cent. rate may pursuant to sec. 93(1a) of the Austrian Income Tax Act be applied by the withholding agent, if the debtor of the withholding tax is a corporation. Such withholding tax can be credited against the tax falling due. Under the conditions set forth in sec. 94(12) of the Austrian Income Tax Act withholding tax is not levied.

Individuals and corporations subject to limited (corporate) income tax liability in Austria are taxable on investment income from the Securities if they have a permanent establishment (*Betriebsstätte*) in Austria and the Securities are attributable to such permanent establishment (*cf.* sec. 98(1)(3) of the Austrian Income Tax Act, sec. 21(1)(1) of the Austrian Corporate Income Tax Act). Individuals subject to limited income tax liability in Austria are also taxable on interest in the sense of the Austrian EU Withholding Tax Act (*EU-Quellensteuergesetz*, see below) from the Securities if withholding tax is levied on such interest (this does not apply, *inter alia*, if the Issuer has neither its place of management nor its legal seat in Austria and is not acting through an Austrian branch, which condition the Issuer understands to be fulfilled in the case at hand; *cf.* sec. 98(1)(5)(b) of the Austrian Income Tax Act). Under applicable double taxation treaties, relief from Austrian income tax might be available. However, Austrian credit institutions must not provide for such relief at source; instead, the investor may file an application for repayment of tax with the competent Austrian tax office.

Pursuant to sec. 188 of the Austrian Investment Funds Act 2011 as amended in the course of the implementation of Directive 2011/61/EU, the term "foreign investment fund" comprises (i) undertakings for collective investment in transferable securities the member state of origin of which is not Austria; (ii) alternative investment funds pursuant to the Austrian Act on Alternative Investment Fund Managers (*Alternative Investmentfonds Manager-Gesetz*) the state of origin of which is not Austria; and (iii) secondarily, undertakings subject to a foreign jurisdiction, irrespective of the legal form they are organized in, the assets of which are invested according to the principle of risk-spreading on the basis either of a statute, of the undertaking's articles or of customary exercise, if one of the following conditions is fulfilled: (a) the undertaking is factually, directly or indirectly, not subject to a corporate income tax in its state of residence that is comparable to Austrian corporate income tax; (b) the profits of the undertaking are in its state of residence subject to corporate income tax that is comparable to Austrian corporate income tax, at a rate of less than 15 per cent.; or (c) the undertaking is subject to a comprehensive personal or material tax exemption in its state of residence. Certain collective investment vehicles investing in real estate are exempted. Up to now the tax authorities have not yet adapted the Austrian Investment Fund Guidelines (*Investmentfondsrichtlinien*) to the legislation as currently in force. In case of a qualification as a foreign

investment fund, the tax consequences would substantially differ from those described above: A special type of transparency principle would be applied, pursuant to which generally both distributed income as well as deemed income would be subject to Austrian (corporate) income tax.

EU withholding tax

Sec. 1 of the Austrian EU Withholding Tax Act – implementing Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income in the form of interest payments – provides that interest payments paid or credited by an Austrian paying agent (*Zahlstelle*) to a beneficial owner who is an individual resident in another EU Member State (or in certain dependent or associated territories, which currently include Anguilla, Aruba, the British Virgin Islands, Curaçao, Guernsey, the Isle of Man, Jersey, Montserrat, Sint Maarten and the Turks and Caicos Islands) are subject to EU withholding tax (*EU-Quellensteuer*) of 35 per cent. Sec. 10 of the Austrian EU Withholding Tax Act provides for an exemption from EU withholding tax if the beneficial owner presents to the paying agent a certificate drawn up in his/her name by the competent authority of his/her EU Member State of residence for tax purposes, indicating the name, address and tax or other identification number or, failing such, the date and place of birth of the beneficial owner, the name and address of the paying agent, and the account number of the beneficial owner or, where there is none, the identification of the security; such certificate shall be valid for a period not exceeding three years.

Regarding the issue of whether also index certificates (*Indexzertifikate*) are subject to EU withholding tax, the Austrian tax authorities distinguish between index certificates with and without a capital guarantee, a capital guarantee being the promise of repayment of a minimum amount of the capital invested or the promise of the payment of interest. The exact tax treatment of index certificates furthermore depends on their underlying.

Pursuant to guidelines published by the Austrian Federal Ministry of Finance, income from warrants, pursuant to which an investor is entitled (but not obliged) to buy or sell a specified underlying at a specific price or to receive or pay a difference amount relating to the value of such underlying at a predetermined date (*Optionsscheine*), does not qualify as interest within the meaning of the Austrian EU Withholding Tax Act.

Pursuant to Council Directive (EU) 2015/2060 of 10 November 2015 repealing Council Directive 2003/48/EC, the latter was in general repealed with effect from 1 January 2016. However, pursuant to detailed grandfathering provisions, Austria shall in general continue to apply Council Directive 2003/48/EC until 31 December 2016.

Tax treaties Austria/Switzerland and Austria/Liechtenstein

The Treaty between the Republic of Austria and the Swiss Confederation on Cooperation in the Areas of Taxation and Capital Markets and the Treaty between the Republic of Austria and the Principality of Liechtenstein on Cooperation in the Area of Taxation provide that respectively, a Swiss or Liechtenstein, paying agent has to withhold a tax amounting to respectively, 25 per cent. or 27.5 per cent. on, *inter alia*, interest income, dividends and capital gains from assets booked with an account or deposit of such Swiss, respectively Liechtenstein, paying agent if the relevant holder of such assets (*i.e.* in general individuals on their own behalf and as beneficial owners of assets held by a domiciliary company (*Sitzgesellschaft*)) is tax resident in Austria. The same applies to such income from assets managed by a Liechtenstein paying agent if the relevant holder of the assets (*i.e.*, in general individuals as beneficial owners of a transparent structure) is tax resident in Austria. For Austrian income tax purposes this withholding tax has the effect of final taxation regarding the underlying income if the Austrian Income Tax Act provides for the effect of final taxation for such income. The treaties, however, do not apply to interest covered by the agreements between the European Community and the Swiss Confederation, respectively the Principality of Liechtenstein, regarding Council Directive 2003/48/EC on taxation of savings income in the form of interest payments. The taxpayer can opt for voluntary disclosure instead of the withholding tax by expressly authorising the Swiss,

respectively Liechtenstein, paying agent to disclose to the competent Austrian authority the income, which subsequently has to be included in the income tax return.

Austrian inheritance and gift tax

Austria does not levy inheritance or gift tax.

Certain gratuitous transfers of assets to private law foundations and comparable legal estates (*privatrechtliche Stiftungen und damit vergleichbare Vermögensmassen*) are subject to foundation transfer tax (*Stiftungseingangssteuer*) pursuant to the Austrian Foundation Transfer Tax Act (*Stiftungseingangssteuergesetz*) if the transferor and/or the transferee at the time of transfer have a domicile, their habitual abode, their legal seat or their place of management in Austria. Certain exemptions apply in cases of transfers *mortis causa* of financial assets within the meaning of sec. 27(3) and (4) of the Austrian Income Tax Act (except for participations in corporations) if income from such financial assets is subject to income tax at a flat rate pursuant to sec. 27a(1) of the Austrian Income Tax Act. The tax basis is the fair market value of the assets transferred minus any debts, calculated at the time of transfer. The tax rate generally is 2.5 per cent., with a higher rate of 25 per cent. applying in special cases. Special provisions apply to transfers of assets to entities falling within the scope of the tax treaty between Austria and Liechtenstein.

In addition, there is a special notification obligation for gifts of money, receivables, shares in corporations, participations in partnerships, businesses, movable tangible assets and intangibles if the donor and/or the donee have a domicile, their habitual abode, their legal seat or their place of management in Austria. Not all gifts are covered by the notification obligation: In case of gifts to certain related parties, a threshold of EUR 50,000 per year applies; in all other cases, a notification is obligatory if the value of gifts made exceeds an amount of EUR 15,000 during a period of five years. Furthermore, gratuitous transfers to foundations falling under the Austrian Foundation Transfer Tax Act described above are also exempt from the notification obligation. Intentional violation of the notification obligation may trigger fines of up to 10 per cent. of the fair market value of the assets transferred.

Further, gratuitous transfers of the Securities may trigger income tax at the level of the transferor pursuant to sec. 27(6) of the Austrian Income Tax Act (see above).

BELGIAN TAXATION

The following description is only a summary of current Belgian tax law which is liable to change over time. The summary does not purport to constitute a comprehensive description of all tax considerations which may be relevant to any particular holder of the Securities, including tax considerations that arise from rules of general application or that are generally assumed to be known to holders of the Securities. In particular, it does not cover the situation of non-residents or the tax treatment of securities which may be received upon repurchase or redemption, or acquired upon exercise of the Securities. This summary is not intended to constitute, nor should it be construed as, legal or tax advice. Prospective holders of the Securities who are in any doubt as to their tax position or who may be subject to tax in a jurisdiction other than Belgium should seek their own professional advice.

Any payment of interest (as defined by Belgian tax law) on the Securities made through a paying agent in Belgium will in principle be subject to Belgian withholding tax on the gross amount of the interest, currently at the rate of 27 per cent.

If the repurchase, redemption or exercise by the Issuer is in full or in part settled by means of a delivery of securities or other assets, interest includes any positive difference between the market value of those assets on the date of their payment or attribution and the initial issue price of the Securities. In the event interest is paid in the form of delivery of securities, the market value of those securities will be deemed at least equal to their value (prior to the date of the payment or attribution) as determined in the most recent publication by

the Belgian Government of the value of securities listed on a Belgian stock exchange (such publication is issued monthly, on the 20th of each month) or on a similar foreign stock exchange.

For Belgian tax purposes, if interest is in a foreign currency, it is converted into euro on the date of payment or attribution.

Structured Securities

On 25 January 2013, the Belgian tax authorities issued a circular letter on the Belgian tax treatment of income from structured securities characterised by an uncertain return on investment due to the variation of the coupons or the repayment terms at maturity, such as securities whose return is linked to the evolution of underlying products. According to the circular letter, the transfer of structured securities to a third party (other than the issuer) results in taxation as interest income of the "pro rata interest", calculated on an unclear formulae. In addition, any amount paid in excess of the initial issue price upon redemption or repayment of the structured securities is considered as interest for Belgian tax purposes. It is highly debatable whether the circular letter is in line with Belgian tax legislation. Furthermore, it is unclear whether the Belgian tax authorities will seek to apply the principles set out in the circular letter to the structured Securities (the **Structured Securities**).

It is assumed that any gains realised upon redemption or repayment by the Issuer will indeed be viewed as interest by the Belgian tax authorities (and any such gains are therefore referred to as "interest" for the purposes of the following paragraphs), but that the effective taxation of the "pro rata interest" in case of sale to a third party (i.e. other than the Issuer) would not be possible, on the basis that it is currently impossible to determine the amount of the "pro rata interest".

Exercise by the holder or repayment/redemption by the Issuer

Belgian resident individuals

Belgian resident individuals, i.e. individuals who are subject to Belgian personal income tax (*Personenbelasting/Impôt des personnes physiques*), and who are holding the Structured Securities as a private investment are subject to the following tax treatment with respect to the Structured Securities in Belgium. Other rules may be applicable in special situations, in particular where Belgian resident individuals acquire the Structured Securities for professional purposes or when their transactions with respect to the Structured Securities fall outside the scope of the normal management of their own private estate.

All interest payments on the Structured Securities will be subject to a 27 per cent. Belgian withholding tax (calculated on the interest received after deduction of any non-Belgian withholding taxes) if the payment is made through a financial institution or other intermediary established in Belgium. The Belgian withholding tax constitutes the final tax for Belgian resident individuals. This means that they do not have to declare the interest on the Structured Securities in their personal income tax return, provided that Belgian withholding tax was levied on these interest payments.

Nevertheless, Belgian resident individuals may elect to declare interest on the Structured Securities in their personal income tax return. Also, if the interest is paid outside Belgium without the intervention of a Belgian paying agent, the interest received (after deduction of any non-Belgian withholding tax) must be declared in the personal income tax return. Interest income which is declared this way will in principle be taxed at a flat rate of 27% (or at the relevant progressive personal income tax rate(s), taking into account the taxpayer's other declared income, whichever is more beneficial) and no local surcharges will be due. The Belgian withholding tax levied may be credited against the income tax liability.

Belgian resident companies

Belgian resident companies, i.e. companies who are subject to Belgian corporate income tax (*Vennootschapsbelasting/Impôt des sociétés*) are subject to the following tax treatment with respect to the Structured Securities in Belgium.

Interest received by Belgian resident companies on the Structured Securities will be subject to Belgian corporate income tax at the applicable corporate income tax rates (the ordinary corporate income tax rate is 33.99 per cent, but lower rates apply to small income companies under certain conditions). If the income has been subject to a foreign withholding tax, a foreign tax credit will be applied on the Belgian tax due. For interest income, the foreign tax credit is generally equal to a fraction where the numerator is equal to the foreign tax and the denominator is equal to 100 minus the rate of the foreign tax, up to a maximum of 15/85 of the net amount received (subject to some further limitations). Capital losses are in principle tax deductible.

Interest payments on the Structured Securities made through a paying agent in Belgium are in principle subject to a 27 per cent. withholding tax, but can under certain circumstances be exempt from Belgian withholding tax, provided that certain formalities are complied with. For zero or capitalisation bonds, an exemption will only apply if the Belgian company and the Issuer are associated companies within the meaning of article 105, 6° of the Royal Decree of 27 August 1993 implementing the Belgian Income Tax Code of 1992. The withholding tax that has been levied is creditable in accordance with the applicable legal provisions

Belgian non-profit legal entities

Belgian resident non-profit legal entities, i.e. legal entities that are subject to the Belgian legal entities' tax (*Rechtspersonenbelasting/Impôt des personnes morales*) are subject to the following tax treatment with respect to the Structured Securities in Belgium.

Payments of interest on the Structured Securities made through a paying agent in Belgium will in principle be subject to a 27 per cent. withholding tax in Belgium and no further tax on legal entities will be due on the interest.

However, if the interest is paid outside Belgium without the intervention of a Belgian paying agent and without the deduction of Belgian withholding tax, the legal entity itself is responsible for the deduction and payment of the 27 per cent. withholding tax.

Sale to a third party

No Belgian withholding tax should apply to the Structured Securities.

Belgian resident individuals

Belgian resident individuals, i.e. individuals who are subject to Belgian personal income tax (*Personenbelasting/Impôt des personnes physiques*) are currently not liable to Belgian income tax on the capital gains (if any) realised upon disposal of the Structured Securities to a third party, provided that the Structured Securities have not been used for their professional activity and that the capital gain is realised within the framework of the normal management of their private estate. Capital losses realised upon disposal of the Structured Securities held as a non-professional investment are in principle not tax deductible.

However, Belgian resident individuals may be subject to a 33 per cent. Belgian income tax (plus local surcharges) if the capital gains on the Structured Securities are deemed to be speculative or outside the scope of the normal management of the individuals' private estate. Capital losses arising from such transactions are not tax deductible.

In addition, Belgian resident individuals that are holding Structured Securities as a private investment are liable to the Belgian speculation tax ("*speculatiebelasting*" / "*taxe de spéculation*") at a rate of 33% on capital gains realised upon disposal of listed Structured Securities to a third party, but only if (i) the underlying consists exclusively of listed shares, and (ii) the capital gains are realised within six months following the acquisition of the Structured Securities (taking into account the fact that the last acquired Structured Securities will be deemed to be sold first under the last in first out method). To the extent that a single transfer of Structured Securities results in both capital gains and capital losses on Structured Securities with the same ISIN-code (if this transfer takes place within six months after the transferred Structured Securities were acquired), only the positive difference will be taxable. Belgian resident individuals have to declare the capital gains in their personal income tax return for the year in which the capital gains were realised, unless the speculation tax has been levied by way of withholding tax by an intervening Belgian intermediary.

Capital gains realised upon transfer of Structured Securities held for professional purposes are taxable at the ordinary progressive income tax rates (plus local surcharges), except for Structured Securities held for more than five years, which are taxable at a separate rate of 16.5 per cent. (plus local surcharges). Capital losses on the Structured Securities incurred by Belgian resident individuals holding the Structured Securities for professional purposes are in principle tax deductible.

Belgian resident companies

Belgian resident companies, i.e. companies who are subject to Belgian corporate income tax (*Vennootschapsbelasting/Impôt des sociétés*) are liable to Belgian corporate income tax on the capital gains (if any) realised upon disposal of the Structured Securities to a third party, irrespective of whether such Structured Securities relate to shares or other assets or indices. The current standard corporate income tax rate in Belgium is 33.99 per cent.

Capital losses realised upon disposal of the Structured Securities are in principle tax deductible.

Belgian resident non-profit legal entities

Belgian resident non-profit legal entities, i.e. legal entities who are subject to the Belgian legal entities' tax (*Rechtspersonenbelasting/Impôt des personnes morales*) are currently not liable to Belgian income tax on capital gains (if any) realised upon disposal of the Structured Securities to a third party.

Capital losses realised upon disposal of the Structured Securities are in principle not tax deductible.

Other Securities

The following summary describes the principal Belgian withholding tax considerations with respect to Securities other than Structured Securities.

For Belgian tax purposes, the following amounts are qualified and taxable as "interest": periodic interest income and amounts paid by the Issuer in excess of the issue price (whether or not on the maturity date). In addition, if the Securities qualify as fixed income securities within the meaning of article 2, §1, 8° of the Belgian Income Tax Code of 1992, in case of a realisation of the Securities between two interest payment dates, an income equal to the pro rata of accrued interest corresponding to the holding period is taxable as interest.

For the purposes of the following paragraphs, any such gains and accrued interest are therefore referred to as interest.

Belgian resident individuals

Belgian resident individuals, i.e. individuals who are subject to Belgian personal income tax (*Personenbelasting/Impôt des personnes physiques*) and who hold the Securities as a private investment, are in Belgium subject to the following tax treatment with respect to the Securities.

Other tax rules apply to Belgian resident individuals who do not hold the Securities as a private investment.

Payments of interest on the Securities made through a paying agent in Belgium will in principle be subject to a 27 per cent. withholding tax in Belgium (calculated on the interest received after deduction of any non-Belgian withholding taxes). The Belgian withholding tax constitutes the final income tax for Belgian resident individuals. This means that they do not have to declare the interest obtained on the Securities in their personal income tax return, provided Belgian withholding tax was levied on these interest payments.

However, if the interest is paid outside Belgium without the intervention of a Belgian paying agent, the interest received (after deduction of any non-Belgian withholding tax) must be declared in the personal income tax return and will be taxed at a flat rate of 27 per cent.

Capital gains realised on the sale of the Securities are in principle tax exempt, unless the capital gains are realised outside the scope of the normal management of one's private estate or unless the capital gains qualify as interest (as defined above). Capital losses are in principle not tax deductible.

Belgian resident companies

Belgian resident companies, i.e. companies who are subject to Belgian corporate income tax (*Vennootschapsbelasting/Impôt des sociétés*) are in Belgium subject to the following tax treatment with respect to the Securities.

Interest derived by Belgian corporate investors on the Securities and capital gains realised on the Securities will be subject to Belgian corporate income tax at the applicable corporate income tax rates (the ordinary corporate income tax rate is 33.99 per cent, but lower rates apply to small income companies under certain conditions). If the income has been subject to a foreign withholding tax, a foreign tax credit will be applied on the Belgian tax due. For interest income, the foreign tax credit is generally equal to a fraction where the numerator is equal to the foreign tax and the denominator is equal to 100 minus the rate of the foreign tax, up to a maximum of 15/85 of the net amount received (subject to some further limitations). Capital losses are in principle tax deductible.

Interest payments on the Securities made through a paying agent in Belgium are in principle subject to a 27 per cent. withholding tax, but can under certain circumstances be exempt from Belgian withholding tax, provided that certain formalities are complied with. For zero or capitalisation bonds, an exemption will only apply if the Belgian company and the Issuer are associated companies within the meaning of article 105, 6° of the Royal Decree of 27 August 1993 implementing the Belgian Income Tax Code of 1992. The withholding tax that has been levied is creditable in accordance with the applicable legal provisions.

Belgian resident non-profit legal entities

Belgian resident non-profit legal entities, i.e. legal entities that are subject to the Belgian legal entities' tax (*Rechtspersonenbelasting/Impôt des personnes morales*) are subject to the following tax treatment with respect to the Securities in Belgium.

Payments of interest on the Securities made through a paying agent in Belgium will in principle be subject to a 27 per cent. withholding tax in Belgium and no further tax on legal entities will be due on the interest.

However, if the interest is paid outside Belgium without the intervention of a Belgian paying agent and without the deduction of Belgian withholding tax, the legal entity itself is responsible for the declaration and payment of the 27 per cent. withholding tax.

Capital gains realised on the sale of the Securities are in principle tax exempt, unless the capital gain qualifies as interest (as defined). Capital losses are in principle not tax deductible.

Tax on stock exchange transactions

The issuance of the Securities (primary market) is not subject to the tax on stock exchange transactions.

The sale and acquisition of the Securities (secondary market) executed in Belgium through a financial intermediary will trigger the tax on stock exchange transactions. The same will apply for any transfer and acquisition of existing securities upon repurchase, redemption or exercise of the Securities. The tax is currently due at a rate of 0.09 per cent. for bonds (applied separately on each sale and each acquisition, up to a maximum of €650 per taxable transaction) and at a rate of 2.70 per cent. for transactions in other securities (applied separately on each sale and each acquisition up to with a maximum of €800 per taxable transaction). For capitalisation shares of investment companies, a different rate and cap apply.

Exemptions are available, *inter alia*, for certain Belgian institutional investors acting for their own account, subject to certain formalities.

As stated below, the European Commission has published a proposal for a Directive for a common financial transactions tax (the **FTT**). The proposal currently stipulates that once the FTT enters into force, the participating Member States shall not maintain or introduce taxes on financial transactions other than the FTT (or VAT as provided in the Council Directive 2006/112/EC on the common system of value added tax). For Belgium, the tax on stock exchange transactions and the tax on repurchase transactions should thus be abolished once the FTT enters into force. The proposal is still subject to negotiation between the participating Member States and therefore may be changed at any time.

DANISH TAXATION

The following is a summary description of the taxation in Denmark of Notes, Warrants or Certificates according to the Danish tax laws in force at the date of the Base Prospectus and is subject to any changes in law and the interpretation and application thereof, which changes could be made with retroactive effect. The following summary does not purport to be a comprehensive description of all the tax considerations that may be relevant to a decision to acquire, hold or dispose of Notes, Warrants or Certificates and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as professional dealers in securities) may be subject to special rules. Potential investors are under all circumstances strongly recommended to contact their own tax advisor to clarify the individual consequences of their investment, holding and disposal of Notes, Warrants or Certificates. The Issuer makes no representations regarding the tax consequences of purchase, holding or disposal of the Notes, Warrants or Certificates.

Taxation of Notes

Taxation at source

Under existing Danish tax laws, only interest and capital gains on controlled debt, as referred to in the Danish Corporation Tax Act (*Selskabsskatteloven*) of 20 May 2015 (as amended), may be subject to withholding tax. Thus, if the holder of Securities does not control or is controlled by or under common

control with the Issuer, there will be no withholding tax or coupon tax. The definition of controlled debt is very wide and includes the exercise of control through a joint management or a shareholder agreement.

Moreover, Danish withholding tax on payments of interest or principal or other amounts due on the Notes will not apply where the payment does not have a Danish source.

Resident Noteholders

Private individuals, including persons who are engaged in financial trade, companies and similar enterprises resident in Denmark for tax purposes or receiving interest on the Notes through their permanent establishment in Denmark are liable to pay tax on such interest.

Capital gains are taxable to individuals and corporate entities in accordance with the Danish Act on Taxation of Gains and Losses on Claims and Debt (*Kursgevinstloven*) of 18 September 2013 (as amended). Gains and losses on Notes held by corporate entities are generally taxed in accordance with a mark-to-market principle (*lagerprincippet*), i.e. on an unrealised basis.

The net gains held by individuals are generally taxed as capital income at a rate of up to 42 per cent. in 2016. However, this tax rate does not apply if the individual are engaged in financial trade and considered a professional trader. The gain or loss will only be included in the taxable income when the net gain or loss for the year on all debt claims, debt denominated in foreign currency and investment certificates in bond-based investment funds subject to minimum taxation in total exceeds DKK 2,000.

Non-Resident Noteholders

Under existing Danish tax laws, payments of interest or principal amounts to any non-resident Noteholders are not subject to taxation in Denmark, other than in certain cases on payments in respect of controlled debt in relation to the Issuer as referred to under "Taxation at source" above. Thus, no Danish withholding tax will be payable with respect to such payments and any capital gain realised upon the sale, exchange or retirement of a Note will not be subject to taxation in Denmark, other than in certain cases on payments in respect of controlled debt in relation to the Issuer as referred to under "Taxation at source" above.

This tax treatment applies solely to Noteholders who are not subject to full tax liability in Denmark or included in a Danish joint taxation scheme and do not carry on business in Denmark through a permanent establishment.

Structured Notes

For Danish tax purposes, structured notes are considered financial instruments whose price are dependent upon or derived from one or more underlying assets. The value of a structured note is determined by fluctuations in the underlying asset. The most common underlying assets include stocks, bonds, commodities, currencies, interest rates and various indexes. If the Notes are deemed to be structured notes, the following tax rules described in this section may apply.

Gains and losses on structured notes are generally treated as gains and losses on financial instruments in accordance with section 29(3) of the Act. However, there are exceptions – for example, notes which are adjusted in relation to developments in the consumer prices index (as computed by Statistics Denmark (*Danmarks Statistik*)), the net consumer-price index or a similar index within the European Union or any of its member states. The gains and losses are calculated irrespective of the rules applying to the underlying asset.

Gains and losses on structured notes issued to both corporate entities and individuals are predominantly treated as taxable income in accordance with a mark-to-market principle (*lagerprincippet*), i.e. on an unrealised basis.

Corporate entities are generally able to deduct losses on structured notes, but individuals may only deduct losses on structured notes against gains on other financial instruments. However, in both cases, certain restrictions and exceptions apply.

Pension Funds

Pension funds and other entities governed by the Danish Act on Taxation of Pension Investments Returns (*Pensionsafkastbeskatningsloven*) of 10 October 2014 (as amended) are, irrespective of realisation, taxed on the annual increase or decrease on the notes according to a mark-to-market principle (*lagerprincippet*) as specifically laid down in the act. The net returns are taxed at a flat rate of 15.3 per cent..

Taxation of Warrants and Certificates

Warrants and Certificates can either be taxed separately as a financial instrument or as a gain or loss on the underlying asset.

In order not to be taxed separately, a number of conditions must be met, including in particular, that the parties to the warrant instrument remain the same and that the underlying asset will be delivered (as opposed to cash settlement). If taxation takes place as taxation of the underlying asset, the nature of the taxation will depend on the type of asset in question.

If the underlying asset is a debt claim, taxation of such Warrants and Certificates will take place in accordance with the Danish Act on Taxation of Gains and Losses on Claims and Debt. If the underlying financial asset is of a kind that will lead to taxation under the Danish Act on Capital Gains Tax on Shares (*Aktieavancebeskatningsloven*), the holder of Warrants and Certificates will be deemed a shareholder for Danish tax purpose and be taxed in the following manner.

Resident personal holders of Warrants and Certificates

Sale, redemption or other disposals of Warrants and Certificates covered by the Danish Act on Capital Gains Tax on Shares are considered a realisation for Danish tax purposes. A capital gain or loss obtained by a Danish resident personal shareholder through a disposal of Warrants or Certificates is taxable or tax deductible in Denmark, respectively.

Capital gains will be subject to taxation as share income at a rate of 27 per cent. on annual share income up to DKK 50,600 and 42 per cent. of share income exceeding DKK 50,600. The stated amount limits are applicable for 2016. The amount limits are doubled for married couples co-habiting at the end of the income year.

Losses upon the realisation of Warrants and Certificates can be deducted.

Resident corporate holders of Warrants and Certificates

Danish resident holders of shares are subject to tax on dividends or capital gains. Companies holding at least 10 per cent of a Danish company (subsidiary shares) are in general, however, not liable to pay tax on dividends or capital gains irrespective of the period of ownership.

The corporate income tax rate is 22 per cent.

Non-Resident holders of Warrants and Certificates

For non-tax residents, capital gains on shareholdings remain tax free irrespective of ownership percentage and ownership period. Generally, corporate shareholders are also exempt from tax on dividends if holding 10 per cent or more in a Danish company however exceptions apply. Dividends paid to corporate

shareholders holding less than 10 per cent or dividends paid to individuals are subject to Danish withholding tax at a rate of 27 per cent.

FRENCH TAXATION

The following is a summary addressing only the French compulsory withholding tax treatment of income arising from the Securities and certain transfer tax implications relevant for certain Physical Delivery Securities. This summary is (i) based on the laws and regulations in full force and effect in France as at the date of this Base Prospectus, which may be subject to change in the future, potentially with retroactive effect, and (ii) prepared on the assumption that the Issuer is not a French resident for French tax purposes and the Securities (and any transaction in connection therewith) are not (and will not be) attributed or attributable to a French permanent establishment, branch or other fixed place of business of the Issuer in France. Investors should be aware that the comments below are of a general nature and do not constitute legal or tax advice and should not be understood as such. Prospective investors are therefore advised to consult their own qualified advisors so as to determine, in the light of their individual situation, the tax consequences of the purchase, holding, redemption or disposal of the Securities.

Withholding tax

All payments by the Issuer in respect of the Securities will be made free of any compulsory withholding or deduction for or on account of any taxes of whatsoever nature imposed, levied, withheld, or assessed by France or any political subdivision or taxing authority thereof or therein unless the Securities are treated (based on their individual terms and conditions) as debt instruments for tax purposes, in which case interest and similar revenues paid by a paying agent established in France to individuals who are fiscally domiciled in France are, subject to certain exceptions, subject to a 24 per cent. withholding tax, which is deductible from their personal income tax liability in respect of the year in which the payment has been made. Social contributions (CSG, CRDS and other related contributions) are also levied by way of withholding tax at an aggregate rate of 15.5 per cent. on such interest and similar revenues received by individuals who are fiscally domiciled in France.

Transfer tax and other taxes

The following may be relevant in connection with Securities which are settled or redeemed by way of physical delivery of French listed shares (or certain assimilated securities) or securities representing such shares (or assimilated securities).

The French financial transaction tax provided under article 235 ter ZD of the French Code général des impôts (the **French FTT**) is applicable, subject to certain exceptions, at a rate of 0.2 per cent. to any acquisition for consideration of (i) equity securities (*titres de capital*) as defined by article L.212-1 A of the French *Code monétaire et financier* or assimilated equity securities (*titres de capital assimilés*) as defined by Article L.211-41 of the French *Code monétaire et financier*, provided that they are listed on a regulated market and that they are issued by an issuer whose registered office is located in France which has a market capitalisation in excess of 1 billion euros on 1 December of the year preceding the acquisition (the **French Shares**) or (ii) securities representing French Shares (irrespective of the location of the registered office of the issuer of such securities).

If the French FTT applies to an acquisition of shares, this transaction is exempt from transfer taxes (*droits de mutation à titre onéreux*) which generally apply at a rate of 0.1 per cent. to the sale of shares issued by a company whose registered office is located in France, provided that, in case of shares listed on a recognised stock exchange, transfer taxes are due only if the transfer is evidenced by a written deed or agreement.

GERMAN TAXATION

The following is a general discussion of certain German tax consequences of the acquisition, holding and disposal of Securities. It does not purport to be a comprehensive description of all German tax considerations that may be relevant to a decision to purchase Securities, and, in particular, does not consider any specific facts or circumstances that may apply to a particular purchaser. This summary is based on the tax laws of Germany currently in force and as applied on the date of this Base Prospectus, which are subject to change, possibly with retroactive or retrospective effect.

As each Series or Tranche of Securities may be subject to a different tax treatment due to the specific terms of such Series or Tranche of Securities as set out in the respective Final Terms, the following section only provides some general information on the possible tax treatment. Tax consequences that may arise if an investor combines certain series of Securities so that he or she derives a certain return are not discussed herein.

Prospective purchasers of Securities are advised to consult their own tax advisors as to the tax consequences of the purchase, ownership and disposal of Securities, including the effect of any state, local or church taxes, under the tax laws of Germany and any country of which they are resident or whose tax laws apply to them for other reasons.

German Tax Residents

The section "*German Tax Residents*" refers to persons who are tax residents of Germany (i.e. persons whose residence, habitual abode, statutory seat, or place of effective management and control is located in Germany).

Withholding tax on ongoing payments and capital gains

Ongoing payments received by a private holder of the Securities will be subject to German withholding tax if the Securities are kept or administered in a custodial account with a German branch of a German or non-German bank or financial services institution, a German securities trading company or a German securities trading bank (each, a **Disbursing Agent**, *auszahlende Stelle*). The tax rate is 25 per cent. (plus solidarity surcharge at a rate of 5.5 per cent. thereon, the total withholding being 26.375 per cent.). For individual holders who are subject to church tax, an electronic information system for church withholding tax purposes applies in relation to investment income, with the effect that church tax will be collected by the Disbursing Agent by way of withholding unless the investor has filed a blocking notice (*Sperrvermerk*) with the German Federal Central Tax Office (*Bundeszentralamt für Steuern*) in which case the investor will be assessed to church tax.

The same treatment applies to capital gains (i.e. the difference between the proceeds from the disposal, redemption, repayment or assignment after deduction of expenses directly related to the disposal, redemption, repayment or assignment and the cost of acquisition) derived by a private holder provided the Securities have been kept or administered in a custodial account with the same Disbursing Agent since the time of their acquisition. If similar Securities kept or administered in the same custodial account were acquired at different points in time, the Securities first acquired will be deemed to have been sold first for the purposes of determining the capital gains. Where Securities are acquired and/or sold or redeemed in a currency other than Euro, the sales/redemption price and the acquisition costs have to be converted into Euro on the basis of the foreign exchange rates prevailing on the sale or redemption date and the acquisition date respectively with the result that any currency gains or losses are part of the capital gains. If interest coupons or interest claims are disposed of separately (i.e. without the Securities), the proceeds from the disposition are subject to withholding tax. The same applies to proceeds from the payment of interest coupons or interest claims if the Securities have been disposed of separately.

If Securities qualifying as a contract for difference (*Termingeschäft*) according to sec. 20 para. 2 sent. 1 no. 3 German Income Tax Act (*Einkommensteuergesetz*) are settled by a cash payment, capital gains realised upon exercise (i.e. the cash amount received minus directly related costs and expenses, e.g. the acquisition costs) are subject to withholding tax. In the event of physical delivery, the acquisition costs of such Securities plus any additional sum paid upon exercise are generally regarded as acquisition costs of the underlying assets received upon physical settlement. Withholding tax may then apply to any gain resulting from the subsequent disposal, redemption, repayment or assignment of the assets received. In case of certain assets being the underlying (e.g. commodities or currencies) a subsequent sale of the underlying received may not be subject to German withholding tax as outlined in this section but any disposal gain may be fully taxable at the personal income tax rate of the private holder.

In case of a physical settlement of certain Securities (not qualifying as contracts for difference) which grant the Issuer or the holder the right to opt for a physical delivery of underlying securities instead of a money payment, the acquisition costs of the Securities may be regarded as proceeds from the disposal, redemption, repayment or assignment of the Securities and hence as acquisition costs of the underlying securities received by the private holder upon physical settlement; any consideration received by the private holder in addition to the underlying securities may be subject to withholding tax. To the extent the provision mentioned above is applicable, generally no withholding tax has to be withheld by the Disbursing Agent upon physical settlement as such exchange of the Securities into the underlying securities does not result in a taxable gain for the private holder. However, withholding tax may then apply to any gain resulting from the disposal, redemption, repayment or assignment of the securities received in exchange for the Securities. In this case, the gain will be the difference between the proceeds from the disposal, redemption, repayment or assignment of the underlying securities and the acquisition costs of the Securities (after deduction of expenses related directly to the disposal, if any).

To the extent the Securities have not been kept or administered in a custodial account with the same Disbursing Agent since the time of their acquisition, upon the disposal, redemption, repayment or assignment withholding tax applies at a rate of 26.375 per cent. (including solidarity surcharge plus church tax, if applicable) on 30 per cent. of the disposal proceeds (plus interest accrued on the Securities (**Accrued Interest**, *Stückzinsen*), if any), unless the current Disbursing Agent has been notified of the actual acquisition costs of the Securities by the previous Disbursing Agent or by a statement of a bank or financial services institution from another Member State of the European Union or the European Economic Area or from certain other countries in accordance with art. 17 para. 2 Council Directive 2003/48/EC on the taxation of savings income (e.g. Switzerland or Andorra).

Pursuant to a tax decree issued by the German Federal Ministry of Finance dated 18 January 2016 a bad debt-loss (*Forderungsausfall*) and a waiver of a receivable (*Forderungsverzicht*), to the extent the waiver does not qualify as a hidden capital contribution, shall not be treated like a disposal. Accordingly, losses suffered upon such bad debt-loss or waiver shall not be tax-deductible. The same rules should be applicable according to the said tax decree, if the Securities expire worthless so that losses may not be tax-deductible at all. A disposal of the Securities will only be recognised according to the view of the tax authorities, if the received proceeds exceed the respective transaction costs. Where the Securities provide for instalment payments, such instalment payments shall always qualify as taxable savings income, unless the terms and conditions of the Securities provide explicit information regarding redemption or partial redemption during the term of the Securities and the contractual parties comply with these terms and conditions. It is further stated in the tax decree that, if, in the case of Securities providing for instalment payments, there is no final payment at maturity, the expiry of such Securities shall not be deemed as a sale, with the consequence that any remaining acquisition costs could not be deducted for tax purposes. Similarly, any remaining acquisition costs of Securities providing for instalment payments shall not be tax-deductible if the Securities do not provide for a final payment or are terminated early without a redemption payment because the respective underlying has left the defined corridor or has broken certain barriers (e.g. in Knock-Out structures). Although the tax decree only refers to instruments with instalment payments, it cannot be excluded that the German tax authorities apply the above principles also to other kinds of full-risk securities.

In computing any German tax to be withheld, the Disbursing Agent generally deducts from the basis of the withholding tax negative investment income realised by a private holder of the Securities via the Disbursing Agent (e.g. losses from the sale of other securities with the exception of shares). The Disbursing Agent also deducts Accrued Interest on the Securities or other securities paid separately upon the acquisition of the respective security by a private holder via the Disbursing Agent. In addition, subject to certain requirements and restrictions the Disbursing Agent credits foreign withholding taxes levied on investment income in a given year regarding securities held by a private holder in the custodial account with the Disbursing Agent.

Private holders are entitled to an annual allowance (*Sparer-Pauschbetrag*) of EUR 801 (EUR 1,602 for married couples and for partners in accordance with the registered partnership law (*Gesetz über die Eingetragene Lebenspartnerschaft*) filing jointly) for all investment income received in a given year. Upon the private holder filing an exemption certificate (*Freistellungsauftrag*) with the Disbursing Agent, the Disbursing Agent will take the allowance into account when computing the amount of tax to be withheld. No withholding tax will be deducted if the holder of the Securities has submitted to the Disbursing Agent a certificate of non-assessment (*Nichtveranlagungs Bescheinigung*) issued by the competent local tax office.

German withholding tax will not apply to gains from the disposal, redemption, repayment or assignment of Securities held by a corporation while ongoing payments, such as interest payments, are subject to withholding tax (irrespective of any deductions of foreign tax and capital losses incurred). The same may apply where the Securities form part of a trade or business or are related to income from letting and leasing of property, subject to further requirements being met.

Taxation of current income and capital gains

The personal income tax liability of a private holder deriving income from capital investments under the Securities is, in principle, settled by the tax withheld. To the extent withholding tax has not been levied, such as in the case of Securities held in custody abroad or if no Disbursing Agent is involved in the payment process, the private holder must report his or her income and capital gains derived from the Securities on his or her tax return and then will also be taxed at a rate of 25 per cent. (plus solidarity surcharge and church tax thereon, where applicable). If the withholding tax on a disposal, redemption, repayment or assignment has been calculated from 30 per cent. of the disposal proceeds (rather than from the actual gain), a private holder may, and in case the actual gain is higher than 30 per cent. of the disposal proceeds must, also apply for an assessment on the basis of his or her actual acquisition costs. Further, a private holder may request that all investment income of a given year is taxed at his or her lower individual tax rate based upon an assessment to tax with any amounts over withheld being refunded. In each case, the deduction of expenses (other than transaction costs) on an itemised basis is not permitted.

Losses incurred with respect to the Securities can only be off-set against investment income of the private holder realised in the same or the following years. Any losses realised upon the disposal of shares in stock corporations received in exchange for the Securities can only be off-set against capital gains deriving from the disposal of shares.

Where Securities form part of a trade or business or the income from the Securities qualifies as income from the letting and leasing of property, the withholding tax, if any, will not settle the personal or corporate income tax liability. Where Securities form part of a trade or business, interest (accrued) must be taken into account as income. Where Securities qualify as zero bonds and form part of a trade or business, each year the part of the difference between the issue or purchase price and the redemption amount attributable to such year must be taken into account. The respective holder will have to report income and related (business) expenses on the tax return and the balance will be taxed at the holder's applicable tax rate. Withholding tax levied, if any, will be credited against the personal or corporate income tax of the holder. Where Securities form part of a German trade or business the current income and gains from the disposal, redemption, repayment or assignment of the Securities may also be subject to German trade tax. Generally the deductibility of capital losses from the Securities which qualify for tax purposes as contracts for difference is limited. These losses may only be applied against profits from other contracts for difference derived in the

same or, subject to certain restrictions, the previous year. Otherwise these losses can be carried forward indefinitely and applied against profits from contracts for difference in subsequent years. This generally does not apply to contracts for difference hedging risks from the holder's ordinary business. Further special rules apply to credit institutions, financial services institutions and finance companies within the meaning of the German Banking Act.

In the case of physically settled Securities special limitations may apply to losses from the disposal of an underlying which is a share in a corporation or a unit of an equity investment fund.

German investment taxation

German tax consequences different from those discussed above would arise if the underlying securities delivered upon physical delivery were to be regarded as investment fund units within the meaning of the German Investment Tax Act (*Investmentsteuergesetz*). In such case, the withholding tax requirements for the Disbursing Agent as well as the taxation of the holder would depend on whether the disclosure and reporting requirements of the German Investment Tax Act were fulfilled. The holder of the Securities may be subject to tax on unrealised income or, in case the reporting and disclosure requirements are not fulfilled, on income deemed received on a lump-sum basis. Such income may be offset against any capital gains realised upon disposal of the Securities, or the underlying securities received, respectively, subject to certain requirements.

Non-German Tax Residents

Interest and capital gains are not subject to German taxation, unless (i) the Securities form part of the business property of a permanent establishment, including a permanent representative, or a fixed base maintained in Germany by the holder or (ii) the income otherwise constitutes German-source income. In cases (i) and (ii) a tax regime similar to that explained above under "*German Tax Residents*" applies.

Non-residents of Germany are, in general, exempt from German withholding tax on interest and capital gains. However, where the income is subject to German taxation as set forth in the preceding paragraph and the Securities are kept or administered in a custodial account with a Disbursing Agent, withholding tax may be levied under certain circumstances. Where Securities are not kept in a custodial account with a Disbursing Agent and interest or proceeds from the disposal, assignment or redemption of a Security or an interest coupon are paid by a Disbursing Agent to a non-resident upon delivery of the Securities or interest coupons, withholding tax generally will also apply. The withholding tax may be refunded based on an assessment to tax or under an applicable tax treaty.

Inheritance and Gift Tax

No inheritance or gift taxes with respect to any Securities will arise under the laws of Germany, if, in the case of inheritance tax, neither the deceased nor the beneficiary, or, in the case of gift tax, neither the donor nor the donee, is a resident of Germany and such Security is not attributable to a German trade or business for which a permanent establishment is maintained, or a permanent representative has been appointed, in Germany. Exceptions from this rule apply to certain German expatriates.

Other Taxes

No stamp, issue or registration taxes or such duties will be payable in Germany in connection with the issuance, delivery or execution of the Securities. Currently, net assets tax is not levied in Germany.

The European Commission and certain EU Member States (including Germany) are currently intending to introduce a financial transactions tax (FTT) (presumably on secondary market transactions involving at least one financial intermediary). It is currently uncertain when the proposed FTT will be enacted by the participating EU Member States and when the FTT will enter into force with regard to dealings with the Securities.

HUNGARIAN TAXATION

The following is a general discussion of certain Hungarian tax consequences relating to the acquisition and ownership of Securities. It does not purport to be a comprehensive description of all tax considerations which may be relevant to a decision to purchase Securities, and, in particular, does not consider any specific facts or circumstances that may apply to a particular purchaser. It is based on laws currently in force in Hungary and applicable on the date of this Base Prospectus, but subject to change, possibly with retrospective effect. The acquisition of the Securities by non-Hungarian holders of Securities, or the payment of interest under the Securities may trigger additional tax payments in the country of residence of the holder of Securities, which are not covered by this summary, but where the provisions of the treaties on the avoidance of double taxation should be taken into consideration. Prospective purchasers of Securities are advised to consult their own tax advisers as to the tax consequences of the purchase, ownership and disposition of Securities, including the effect of any state or local taxes under the tax laws of Hungary and each country of which they are residents.

Withholding tax (foreign resident individual holders of Securities)

The payments of interest on and yield realised upon the redemption or sale of publicly offered and traded Securities (**Interest Income**) is taxed at 15 per cent.. Securities listed on a regulated market of an EEA member state are considered publicly offered and traded Securities.

The proceeds paid on privately placed Securities which are not listed on a regulated market of an EEA member state is considered as other income (**Other Income**) which is taxable as part of the individual's aggregated income (the tax payable is 15 per cent.). The capital gains realised on the sale of such Securities is considered, as a general rule, capital gains income (**Capital Gains Income**). The tax rate applicable to Capital Gains Income is 15 per cent.

Foreign resident individual holders of Securities are subject to tax in Hungary if they realise Interest Income from Hungarian sources or income that is otherwise taxable in Hungary if the international treaty or reciprocity so requires. Interest Income should be treated as having a Hungarian source where:

- (i) the Issuer is resident in Hungary for tax purposes;
- (ii) the Issuer has a permanent establishment in Hungary and Interest Income realised on the basis of the Securities is paid by the Hungarian permanent establishment of the Issuer; or
- (iii) the foreign resident individual holder of Securities has a permanent establishment in Hungary to which the Interest Income is attributable.

The tax on payments of the Interest Income is to be withheld by the "Payor" (*kifizető*) (as defined below).

Pursuant to Act XCII of 2003 on the Rules of Taxation (**ART**) a "Payor" means a Hungarian resident legal person, organisation or private entrepreneur who provides taxable income, irrespective of whether such payment is made directly or through an intermediary (post office, credit institution). In respect of interest, "Payor" shall mean the borrower of a loan or the issuer of a note, including the investment service provider or credit institution providing the interest instead of it. In respect of revenues originating from a transaction concluded with the involvement of a licensed stockbroker, "Payor" shall mean such stockbroker. The Hungarian permanent establishment of a foreign resident entity is also considered as a "Payor".

Interest, as defined by Schedule 7 of the ART (which implements the provisions of the Savings Directive), realised on the Securities by citizens of any other Member State of the European Union is not subject to Hungarian tax where a paying agent based in Hungary is obliged to provide data to the Hungarian state tax authority on the basis of Schedule 7 of the ART.

A foreign resident individual holder who does not have a permanent establishment in Hungary is not subject to tax in Hungary if he realises Capital Gains Income from Hungary since such income is not considered as Hungarian source income.

Please note that the provisions of the applicable double tax conventions, if any, should be considered when assessing the Hungarian tax liabilities of a foreign resident individual holder.

Withholding tax (foreign resident corporate holders of Securities)

Interest on Securities paid to foreign resident corporate holders of Securities, who do not have a permanent establishment in Hungary, by resident legal entities or other persons and any capital gains realised by such foreign resident holders of Securities on the sale of the Securities is not subject to tax in Hungary. The tax liability of a foreign resident corporate holder of Securities, which has a permanent establishment in Hungary is limited, in general, to the income from business activities realised through its Hungarian permanent establishment.

Taxation of Hungarian resident individual holders of Securities

Act CXVII of 1995 on Personal Income Tax (the **Personal Income Tax Act**) applies to the tax liability of Hungarian and foreign private individuals. The tax liability of Hungarian resident private individuals covers the worldwide income of such persons.

According to the provisions of the Personal Income Tax Act, in the case of individual holders of Securities, Interest Income is the income paid as interest and the capital gains realised upon the redemption or the sale of publicly offered and publicly traded debt securities.

The withholding tax on Interest Income is 15 per cent. Securities listed on a regulated market of an EEA member state are considered publicly offered and traded Securities.

The proceeds paid on privately placed Securities which are not listed on a regulated market of an EEA member state are considered as Other Income which is taxable as part of the individual's aggregated income (the tax payable is 15 per cent.). The capital gains realised on the sale of such Securities is considered, as a general rule, Capital Gains Income. The tax rate applicable to Capital Gains Income is 15 per cent.. Pursuant to Act LXVI of 1998 on Healthcare Contributions (the **Healthcare Contributions Act**), Interest Income and Capital Gains Income realised by Hungarian resident individuals subject to further conditions is generally subject to 6 per cent. and 14 per cent. healthcare contributions respectively.

The rules of the Personal Income Tax Act may in certain circumstances impose a requirement upon the "Payor" (*kifizető*) (as defined below) to withhold tax on the interest payments to individual holders of Securities. In certain circumstances the Healthcare Contributions Act also imposes a requirement upon the "Payor" to withhold healthcare contribution on the interest payments to individual holders of Securities.

Pursuant to the ART the definition of a "Payor" covers a Hungarian resident legal person, other organisation, or private entrepreneur that (who) provides taxable income, irrespective of whether such payment is made directly or through an intermediary (post office, credit institution). In respect of interest, "Payor" shall mean the borrower of a loan or the issuer of a note, including the investment service provider or credit institution providing the interest instead of it. In respect of revenues originating from a transaction concluded with the involvement of a licensed stockbroker, "Payor" shall mean such stockbroker. In respect of income that is earned in a foreign country and taxable in Hungary, "Payor" shall mean the "paying agent" (*megbízott*) (legal person, organisation or private entrepreneur) having tax residency in Hungary, except in cases where the role of a financial institution is limited to performing the bank transfer or payment.

Taxation of Hungarian resident corporate holders of Securities

Under Act LXXXI of 1996 on Corporate Tax and Dividend Tax (the **Corporation Tax Act**), Hungarian resident taxpayers have a full, all-inclusive tax liability. In general, resident entities are those established under the laws of Hungary (i.e. having a Hungarian registered seat). Foreign persons having their place of management in Hungary are also considered as Hungarian resident taxpayers.

In general, interest and capital gains realised by Hungarian resident corporate holders of Securities on the Securities will be taxable in the same way as the regular income of the holders of Securities. The corporation tax rate in Hungary is 10 per cent. up to the first HUF 500 million of the taxpayer's annual before tax income and 19 per cent. for the part exceeding the HUF 500 million threshold.

IRISH TAXATION

The following is a summary of the Irish withholding tax treatment of the Securities. The summary does not purport to be a comprehensive description of all of the Irish tax considerations that may be relevant to a decision to purchase, own or dispose of the Securities.

The summary is based upon the laws of Ireland and the published practices of the Revenue Commissioners of Ireland as in effect on the date of this Base Prospectus. Prospective investors in the Securities should consult their own advisers as to the Irish or other tax consequences of the purchase, beneficial ownership and disposition of the Securities including, in particular, the effect of any state or local law taxes, if applicable.

Withholding Tax

The Issuer is not incorporated in Ireland. Therefore, on the basis that the Issuer is not managed and controlled in Ireland, the Issuer is not resident in Ireland for the purposes of Irish tax. The Issuer will not be deemed to be resident or otherwise taxable in Ireland by virtue only of the fact that the Securities are offered to the public in Ireland.

Irish withholding tax applies to certain payments, including payments of:

- (i) Irish source yearly interest (i.e. interest that is capable of arising for a period in excess of one year);
- (ii) Irish source annual payments (annual payments are payments that are pure income-profit in the hands of the recipient); and
- (iii) distributions (including interest that is treated as a distribution under Irish law) made by companies that are resident in Ireland for the purposes of Irish tax;

at the standard rate of Irish income tax (currently 20 per cent.).

On the basis that the Issuer is not incorporated in Ireland, is not resident in Ireland for the purposes of Irish tax, is resident in the United Kingdom for the purposes of United Kingdom tax, does not operate in Ireland through a branch or agency, nor are the Securities held in Ireland through a depository, or otherwise located in Ireland, then to the extent that payments of interest or annual payments arise on the Securities, such payments should not be regarded as payments having an Irish source for the purposes of Irish taxation, and so should not be subject to Irish withholding tax.

Accordingly, the Issuer should not be obliged to deduct any amounts on account of these Irish withholding taxes from payments made in connection with the Securities.

On the basis that the Securities are issued on arm's length terms, then payments on the Securities should not be regarded as annual payments for Irish tax purposes. Also, as long as the Securities are quoted on a stock exchange, a purchaser of the Securities should not be obliged to deduct any amount on account of Irish tax from a payment made by it in connection with the purchase of the Securities.

Encashment Tax

Interest or distributions on any Securities issued by the Issuer and paid:

- (i) by a paying agent in Ireland; or
- (ii) to an agent in Ireland on behalf of a person who holds the Securities,

may be subject to Irish encashment tax at the standard rate of Irish income tax (currently 20 per cent.) unless it is proved, on a claim made in the required manner to the Revenue Commissioners of Ireland, that the beneficial owner of the Securities entitled to the interest or distribution is not resident in Ireland for Irish tax purposes, and such interest or distribution is not deemed, under the provisions of Irish tax legislation, to be income of another person that is resident in Ireland for Irish tax purposes.

ITALIAN TAXATION

The following is a general summary of current Italian law and practice relating to certain Italian tax considerations concerning the purchase, ownership and disposal of the Securities by Italian resident Investors and does not in any way constitute, nor should it be relied upon as being, a tax advice or a tax opinion covering any or all of the relevant tax considerations surrounding or connected to the purchase, ownership or disposal of the Securities by Italian or non-Italian resident investors. It does not purport to be a complete analysis of all tax considerations that may be relevant to a decision to purchase, own or dispose of the Securities and does not purport to deal with the tax consequences applicable to all categories of prospective beneficial owners of Securities, some of which may be subject to special rules. This summary is based upon Italian tax laws and practice in effect as at the date of this Base Prospectus, which may be subject to change, potentially with retroactive effect.

Prospective purchasers should be aware that tax treatment depends on the individual circumstances of each client: as a consequence they should consult their tax advisers as to the consequences under Italian tax law and under the tax laws of the country in which they are resident for tax purposes and of any other potentially relevant jurisdiction of acquiring, holding and disposing of Securities and receiving payments of interest, principal and/or other amounts under the Securities, including in particular the effect of any state, regional or local tax laws.

This summary does not describe the tax consequences for an investor with respect to Securities that will be redeemed by physical delivery. Prospective investors are advised to consult their own tax advisers concerning the overall tax consequences under Italian tax law, under the tax laws of the country in which they are resident for tax purposes and of any other potentially relevant jurisdiction of acquiring, holding and disposing of Securities and receiving payments of yield, principal and/or other amounts under the Securities, including in particular the effect of any state, regional or local tax laws. This summary does not describe the tax consequences for an investor with respect to complex Securities that provide for dividend related payments linked to the profits of the Issuer, profits of another company of the Nomura Group or profits of the business in relation to which they are issued.

Italian tax treatment of the Securities

The Securities may be subject to different tax regimes depending on whether:

- they represent a debt instrument implying a use of capital (*impiego di capitale*), through which the Investors transfer to the Issuer a certain amount of capital, for the economic exploitation of the same, subject to the right to obtain a (partial or entire) reimbursement of such amount at maturity; or
- they represent derivative financial instruments or bundles of derivative financial instruments that do not entail a use of capital, through which the Investors purchase indirectly underlying financial instruments.

1. Securities representing debt instruments implying a "use of capital"

Italian resident Investors

1.1 Securities classified as bonds or debentures similar to bonds.

Italian resident Investors

Legislative Decree No. 239 of 1 April 1996, as a subsequently amended, (the **Decree No. 239**) provides for the applicable regime with respect to the tax treatment of interest, premium and other income (including the difference between the redemption amount and the issue price) from Securities falling within the category of bonds (*obbligazioni*) or debentures similar to bonds (*titoli similari alle obbligazioni*) issued, *inter alia*, by non-Italian resident Issuers.

For these purposes, debentures similar to bonds are defined as bonds that incorporate an unconditional obligation to pay, at redemption, an amount not less than their nominal value (whether or not providing for interim payments) and that do not give any right to directly or indirectly participate in the management of the relevant Issuer or of the business in relation to which they are issued nor any type of control on the management.

Where an investor resident in Italy for tax purposes is:

- (a) an individual not engaged in an entrepreneurial activity to which the Securities are connected (unless he has opted for the application of the *risparmio gestito regime* – see "Capital Gains Tax" below);
- (b) a non-commercial partnership pursuant to Article 5 of the Presidential Decree 22 December 1986, No. 917 (**TUIR**);
- (c) a non-commercial private or public institution; or
- (d) an investor exempt from Italian corporate income taxation;

interest, premium and other income (other than capital gains) relating to the Securities, accrued during the relevant holding period, are subject to a withholding tax, referred to as *imposta sostitutiva*, levied at the rate of 26 per cent. In the event that the Investors described under (a) and (c) above are engaged in an entrepreneurial activity to which the Securities are connected, the *imposta sostitutiva* applies as a provisional tax.

Where an Italian resident Investor is a company or similar commercial entity pursuant to Article 73 of TUIR or a permanent establishment in Italy of a foreign company to which the Securities are effectively connected and the Securities are deposited with an authorised intermediary, interest, premium and other income (other than capital gains) from the Securities will not be subject to *imposta sostitutiva*, but must be included in the relevant Investor's income tax return and are therefore subject to general Italian corporate taxation (**IRES**) and, in certain circumstances, depending on the status of the Investor, also to regional tax on productive activities (**IRAP**).

Under the current regime provided by Law Decree No. 351 of 25 September 2001 converted into law with amendments by Law No. 410 of 23 November 2001 (the **Decree No. 531**), Law Decree No. 78 of 31 May 2010, converted into law by Law No. 122 of 30 July 2010 and Legislative Decree No. 44 of 4 March 2014, all as amended, payments of interest, premiums and other income (other than capital gains) in respect of the Securities made to Italian resident real estate investment funds established pursuant to Article 37 of Legislative Decree No. 58 of 24 February 1998, as amended and supplemented, (the **Real Estate Investment Fund**) and Article 14-bis of Law No. 86 of 25 January 1994 and Italian real estate SICAFs (the

Real Estate SICAFs) are, if the relevant conditions are met, subject neither to substitute tax nor to any other income tax in the hands of the relevant real estate investment fund.

If an Investor is resident in Italy and is an open-ended or closed-ended investment fund, a SICAF (an investment company with fixed share capital) or a SICAV (an investment company with variable capital) established in Italy and either (i) the fund, the SICAF or the SICAV or (ii) their manager is subject to the supervision of a regulatory authority (the **Fund**), and the relevant Securities are held by an authorised intermediary, interest, premium and other income accrued during the holding period will neither be subject to *imposta sostitutiva* but must be included in the management results of the Fund. The Fund will not be subject to taxation on such results but a withholding tax of up to 26 per cent. will apply, in certain circumstances, to distributions made in favour of unitholders or shareholders (the **Collective Investment Fund Tax**).

Where an Italian resident Investor is a pension fund (subject to the regime provided for by article 17 of the Legislative Decree No. 252 of 5 December 2005 (the **Decree No. 252**)) and the Securities are deposited with an authorised intermediary, interest, premium and other income relating to the Securities and accrued during the holding period will not be subject to *imposta sostitutiva*, but must be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to an *ad-hoc* 20 per cent. substitute tax.

Pursuant to Decree No. 239, *imposta sostitutiva* is applied by banks, società di intermediazione mobiliare (**SIMs**), fiduciary companies, *società di gestione del risparmio* (**SGRs**), stockbrokers and other entities identified by a decree of the Ministry of Economics and Finance (each an **Intermediary**).

For the Intermediary to be entitled to apply the *imposta sostitutiva*, it must

- be (1) resident in Italy or (2) resident outside Italy, with a permanent establishment in Italy; and
- intervene, in any way, in the collection of interest or in the transfer of the Securities. For the purpose of the application of the *imposta sostitutiva*, a transfer of Securities includes any assignment or other act, either with or without consideration, which results in a change of the ownership of the relevant Securities.

Where the Securities are not deposited with an Intermediary, the *imposta sostitutiva* is applied and withheld by any entity paying interest, premium or other income (other than capital gains) to an Investor. If interest, premium or other income (other than capital gains) on the Securities are not collected through an Intermediary or any entity paying interest and as such no *imposta sostitutiva* is levied, the Italian resident beneficial owners listed above under (a) to (d) will be required to include interest, premium and other proceeds (other than capital gains) in their yearly income tax return and subject them to a final substitute tax at a rate of 26 per cent.

Non-Italian resident Investors

No Italian *imposta sostitutiva* is applied on payments to a non-Italian resident Investor of interest, premium or other income (other than capital gains) relating to the Securities provided that, if the Securities are held in Italy, the non-Italian resident Investor declares itself to be a non-Italian resident according to Italian tax regulations.

1.2 Securities qualifying as Atypical Securities

Interest payments relating to Securities that are not deemed to fall within the category of bonds (*obbligazioni*) or debentures similar to bonds (*titoli similari alle obbligazioni*) may be subject to a withholding tax, levied at the rate of 26 per cent. (or 20 per cent. in respect of any interest due and payable up to 30 June 2014). For this purpose, debentures similar to bonds are debentures that incorporate an unconditional obligation to pay, at redemption, an amount not lower than their nominal value.

The withholding tax mentioned above does not apply to interest payments made to a non-Italian resident Securityholder and to an Italian resident Securityholder which is (i) a company or similar commercial entity (including the Italian permanent establishment of foreign entities), (ii) a commercial partnership (with the exception of general partnership, limited partnership and similar entities), or (iii) a commercial private or public institution.

1.3 Capital Gains Tax

Any gain obtained from the sale or redemption of the Securities would be treated as part of the taxable income (and, in certain circumstances, depending on the status of the Investor, also as part of the net value of production for IRAP purposes) if realised by an Italian company resident in Italy for tax purposes or a similar commercial entity resident in Italy for tax purposes (including the Italian permanent establishment of foreign entities to which the Securities are effectively connected) or Italian individuals resident in Italy for tax purposes engaged in an entrepreneurial activity to which the Securities are connected.

Where an investor resident in Italy for tax purposes is an individual not holding the Securities in connection with an entrepreneurial activity, any capital gain realised by such Investor from the sale, early redemption or redemption of the Securities would be subject to an *imposta sostitutiva*, levied at the current rate of 26 per cent. Under some conditions and limitations, Investors may set off losses with gains. This rule applies also to certain other entities holding the Securities. In respect of the application of the *imposta sostitutiva*, taxpayers may opt for one of the three regimes described below.

- Under the tax declaration regime (*regime della dichiarazione*), which is the default regime for taxation of capital gains realised by Italian resident individuals not engaged in entrepreneurial activity to which the Securities are connected, the *imposta sostitutiva* on capital gains will be chargeable, on a yearly cumulative basis, on all capital gains, net of any offsettable capital loss, realised by the Italian resident individual. The Investor holding Securities not in connection with an entrepreneurial activity must indicate the overall capital gains realised in any tax year, net of any relevant incurred capital loss, in the annual tax return and pay *imposta sostitutiva* on such gains together with any balance of income tax due for such year. Capital losses in excess of capital gains may be carried forward against capital gains realised in any of the four succeeding tax years. Capital losses may be carried forward to be offset against capital gains of the same nature realised after 30 June 2014 for an overall amount of: (i) 48.08 per cent. of the relevant capital losses realised before 1 January 2012; and (ii) 76.92 per cent. of the capital losses realised from 1 January 2012 to 30 June 2014.
- As an alternative to the tax declaration regime, Italian resident individual Investor holding the Securities not in connection with an entrepreneurial activity may elect to pay the *imposta sostitutiva* separately on capital gains realised on each sale, early redemption or redemption of the Securities (the *risparmio amministrato* regime provided for by Article 6 of the Legislative Decree 21 November 1997, No. 461 as a subsequently amended, the **Decree No. 461**). Such separate taxation of capital gains is allowed subject to (1) the Securities being deposited with Italian banks, SIMs or certain authorised financial intermediaries; and (2) an express valid election for the *risparmio amministrato* regime being punctually made in writing by the relevant Investor. The depository is responsible for accounting for *imposta sostitutiva* in respect of capital gains realised on each sale, early redemption or redemption of the Securities (as well as in respect of capital gains realised upon the revocation of its mandate), net of any incurred capital loss, and is required to pay the relevant amount to the Italian Tax Authorities on behalf of the taxpayer, deducting a corresponding amount from the proceeds to be credited to the Investor or using funds provided by the Investor for this purpose. Under the *risparmio amministrato* regime, where a sale, early redemption or redemption of the Securities results in a capital loss, such loss may be deducted from capital gains subsequently realised, within the same Securities management, in the same tax year or in the following tax years up to the fourth. Under the *risparmio amministrato* regime, the Investor is not required to declare the capital gains in its annual tax return. Capital losses may be carried forward to be offset against

capital gains of the same nature realised after 30 June 2014 for an overall amount of: (i) 48.08 per cent. of the relevant capital losses realised before 1 January 2012; and (ii) 76.92 per cent. of the capital losses realised from 1 January 2012 to 30 June 2014.

- Any capital gains realised or accrued by Italian resident individual Investors holding the Securities not in connection with an entrepreneurial activity who have entrusted the management of their financial assets, including the Securities, to an authorised intermediary and have validly opted for the so-called *risparmio gestito* regime (the regime provided by Article 7 of Decree No. 461) will be included in the computation of the annual increase in value of the managed assets accrued, even if not realised, at year end, subject to a 26 per cent. substitute tax, to be paid by the managing authorised intermediary. Under the *risparmio gestito* regime, any depreciation of the managed assets accrued at year end may be carried forward against increase in value of the managed assets accrued in any of the four succeeding tax years. Under the *risparmio gestito* regime, the Investor is not required to declare the capital gains realised in its annual tax return. Capital losses may be carried forward to be offset against capital gains of the same nature realised after 30 June 2014 for an overall amount of: (i) 48.08 per cent. of the relevant capital losses realised before 1 January 2012; and (ii) 76.92 per cent. of the capital losses realised from 1 January 2012 to 30 June 2014.

Any capital gains realised by an Investor which is a Fund will not be subject to *imposta sostitutiva*, but will be included in the results of the relevant portfolio. Such result will not be taxed with the Fund, but subsequent distributions in favour of unitholders or shareholders may be subject to the Collective Investment Fund Tax.

Any capital gains realised by an Investor which is an Italian pension fund (subject to the regime provided for by Article 17 of Decree No. 252) will be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to the 20 per cent. substitute tax (with certain adjustments for fiscal year 2015 as provided by the Finance Act for 2015).

Any capital gains realised by a Real Estate Investment Fund to which the provisions of Decree No. 351, as subsequently amended, apply and Real Estate SICAF will be subject, if the relevant conditions are met, neither to substitute tax nor to any other income tax in the hands of a real estate investment fund.

Non-Italian resident Investors

Capital gains realised by investors not resident in Italy for tax purposes from the sale or redemption of the Securities are not subject to Italian taxation, provided that the Securities (1) are traded on regulated markets, or (2) if not traded on regulated markets, are held outside Italy. Furthermore, treaties against double taxation on income entered into by Italy may provide exemption on these gains, depending on the applicable tax treaty and provided that all relevant conditions are met.

2. Securities classified as derivative financial instruments or bundles of derivative financial instruments

Payments in respect of Securities qualifying as securitised derivative financial instruments received by investors resident in Italy for tax purposes (not engaged in entrepreneurial activities to which the Securities are connected) as well as capital gains realised by such Italian Investors on any sale or transfer for consideration of the Securities or redemption thereof are subject to a 26 per cent. capital gain tax, which applies under the tax declaration regime, the *risparmio amministrato* tax regime or the *risparmio gestito* tax regime according to the same rules described above under the section "Capital Gains Tax" above.

Payments in respect of Securities qualifying as securitised derivative financial instruments received by investors resident in Italy for tax purposes which carry out commercial activities are not subject to the 26 per cent. capital gain tax, but the proceeds are included in their taxable income and subject to taxation in accordance with the ordinary rules.

Any capital gains realised by an Investor which is a Fund will not be subject to *imposta sostitutiva*, but will be included in the result of the relevant portfolio. Such result will not be taxed with the Fund, but subsequent distributions in favour of unitholders or shareholders may be subject to the Collective Investment Fund Tax.

Any capital gains realised by an Investor which is an Italian pension fund (subject to the regime provided for by Article 17 of Decree No. 252) will be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to the 20 per cent. substitute tax (with certain adjustments for fiscal year 2015 as provided by the Finance Act for 2015).

Any capital gains realised by a Real Estate Investment Fund to which the provisions of Decree No. 351, as subsequently amended, apply and Real Estate SICAF will be subject, if the relevant conditions are met, neither to substitute tax nor to any other income tax in the hands of a real estate investment fund.

Non-Italian resident Investors

Capital gains realised by non-Italian resident Investors from the sale or redemption of the Securities are not subject to Italian taxation, provided that the Securities (1) are traded on regulated markets, or (2) if not traded on regulated markets, are held outside Italy. Furthermore, treaties against double taxation on income entered into by Italy may provide exemption on these gains, depending on the applicable tax treaty and provided that all relevant conditions are met.

3. Inheritance and gift tax

Transfers of any valuable assets (including the Securities) as a result of death or donation (or other transfers for no consideration) and the creation of liens on such assets for a specific purpose are taxed as follows:

- 4 per cent. if the transfer is made to spouses and direct descendants or ancestors; in this case, the transfer is subject to tax on the value exceeding Euro 1,000,000 (per beneficiary);
- 6 per cent. if the transfer is made to brothers and sisters; in this case, the transfer is subject to the tax on the value exceeding Euro 100,000 (per beneficiary);
- 6 per cent. if the transfer is made to relatives up to the fourth degree, to persons related by direct affinity as well as to persons related by collateral affinity up to the third degree; and
- 8 per cent. in all other cases.

If the transfer is made in favour of persons with severe disabilities, the tax applies on the value exceeding Euro 1,500,000.

4. Transfer tax

Following the repeal of the Italian transfer tax, contracts relating to the transfer of securities are subject to the registration tax as follows: (i) public deeds and notarised deeds are subject to fixed registration tax at a rate of Euro 200; (ii) private deeds are subject to registration tax only in case of use or voluntary registration.

5. Stamp duty

Pursuant to Article 19(1) of Decree No. 201 of 6 December 2011 (the **Decree No. 201**), a proportional stamp duty applies on an annual basis to any periodic reporting communications which may be sent by a financial intermediary to an Investor in respect of any Securities which may be deposited with such financial intermediary. The stamp duty applies at a rate of 0.2 per cent.; this stamp duty is determined on the basis of the market value or – if no market value figure is available – the nominal value or redemption amount of the Securities held. For taxpayers other than individuals, the stamp duty cannot exceed Euro 14,000: this stamp

duty is determined on the basis of the market value or, if no market value figure is available, the nominal value or redemption amount of the Securities held.

Based on the wording of the law and the implementing decree issued by the Italian Ministry of Economy on 24 May 2012, the stamp duty applies to any investor who is a client (as defined in the regulations issued by the Bank of Italy on 20 June 2012) of an entity that exercises in any form a banking, financial or insurance activity within the Italian territory.

6. Wealth Tax on securities deposited abroad

Pursuant to Article 19(18) of Decree No. 201, Italian resident individuals holding the Securities outside the Italian territory are required to pay an additional tax at a rate of 0.2 per cent.

This tax is calculated on the market value of the Securities at the end of the relevant year or – if no market value figure is available – the nominal value or the redemption value of such financial assets held outside the Italian territory. Taxpayers are entitled to an Italian tax credit equivalent to the amount of wealth taxes paid in the State where the financial assets are held (up to an amount equal to the Italian wealth tax due).

7. Tax monitoring obligations

According to Law Decree No. 167 of 28 June 1990, converted into Law No. 227 of 4 August 1990, as amended from time to time, Italian resident individuals, non-profit entities and certain partnerships (*società semplici* or similar partnerships in accordance with Article 5 of TUIR), under certain circumstances will be required to report in their yearly income tax return (or, in case the income tax return should not be filed, through the submission of tax form: Section RW), the amount of the investments directly or indirectly held abroad. The disclosure requirements are not due if the foreign financial investment (including the Securities) are held through an Italian resident intermediary or are only composed of deposits and/or bank accounts having an aggregate value not exceeding a Euro 15,000 threshold throughout the year.

8. Financial Transactions Tax

Pursuant to Article 1(491 et seq) of Law No. 228 of 24 December 2012, a financial transaction tax (**FTT**) applies to (i) transfers of property rights in shares and other participating securities issued by Italian resident companies (together, the **Relevant Participating Instruments**); (ii) transfers of property rights in financial instruments representing any such Relevant Participating Instruments, whether or not such financial instruments are issued by Italian resident issuers (such financial instruments, together the Relevant Participating Instruments, the **Relevant Instruments**); and (iii) derivative transactions referencing Relevant Instruments (i.e. derivative transactions or derivative financial instruments and certain equity-linked securities having an underlying mainly represented by one or more of Relevant Instruments or whose value is mainly linked to the Relevant Instruments) including securitised derivatives referencing Relevant Instruments (for example warrants, covered warrants and certificates).

With respect to derivative transactions referencing Relevant Instruments including securitised derivatives the FTT applies regardless of the tax residence of both the counterparties of the transactions and/or where the transaction is executed. The FTT is levied at a fixed amount of between Euro 0.01875 and Euro 200 per transaction, which varies depending on the features and notional value of the securitised derivatives. Where a securitised derivative settled by physical settlement, the FTT is also due upon the transfer of the ownership rights in the underlying Relevant Instruments. A reduced FTT (one fifth of the standard rate) is payable in respect of transactions executed on certain qualifying regulated markets or multilateral trading facilities.

The FTT due in respect of derivative transactions referencing Relevant Instruments including securitised derivatives is payable by both counterparties to a transaction. However, the FTT does not apply where one of the parties to the transaction is the European Union, the ECB (European Central Bank), central banks of the EU Member States, foreign Central Banks or entities which manage the official reserves of a foreign State, or international bodies or entities set up in accordance with international agreements which have entered into

force in Italy. Further specific exemptions exist including, *inter alia*, for (i) subjects who carry on market making activities; (ii) mandatory social security entities and pension funds set up according to Legislative Decree No. 252 of 5 December 2005; and (iii) entities merely interposed in the execution of a transaction.

The FTT is levied by the banks and other financial intermediaries (*società fiduciarie e imprese di investimento abilitate all'esercizio professionale nei confronti del pubblico dei servizi e delle attività di investimento*) ("**Intermediaries**") that are involved, in any way, in the execution of the transaction and subsequently paid to the Italian Revenue. If more than one Intermediary is involved in the execution of the transaction, the FTT is levied by the Intermediary who receives the order of execution by the purchaser of the Relevant Instruments or, in the case of a derivative transaction or securitised derivative referencing a Relevant Instrument, by the counterparty to or purchaser of such derivative. Intermediaries not resident in Italy can appoint an Italian representative for the purposes of the FTT. If no Intermediaries are involved in the execution of the transaction, the relevant FTT must be paid by each relevant party to the transaction themselves.

Withholding Tax

Non-resident holders of Securities

Under Luxembourg general tax laws currently in force, there is no withholding tax on payments of principal, premium or interest made to non-resident holders of Securities, nor on accrued but unpaid interest in respect of the Securities, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Securities held by non-resident holders of Securities.

Resident holders of Securities

Under Luxembourg general tax laws currently in force and subject to the law of 23 December 2005, as amended (the **Law**), there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident holders of Securities, nor on accrued but unpaid interest in respect of Securities, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Securities held by Luxembourg resident holders of Securities.

Under the Law payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to an individual beneficial owner who is a resident of Luxembourg or to a residual entity (within the meaning of the laws of 21 June 2005 implementing the Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income in the form of interest payments and ratifying the treaties entered into by Luxembourg and certain dependent and associated territories of EU Member States (the **Territories**), as amended) established in an EU Member State (other than Luxembourg) or one of the Territories and securing such payments for the benefit of such individual beneficial owner will be subject to a withholding tax of 10 per cent. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest or similar

income under the Securities coming within the scope of the Law will be subject to withholding tax at a rate of 10 per cent.

POLISH TAXATION

General Information

The following is a discussion of certain Polish tax considerations relevant to an investor resident in Poland or which is otherwise subject to Polish taxation. This statement should not be deemed to be tax advice. It is based on Polish tax laws and, as its interpretation refers to the position as at the date of this prospectus, it may thus be subject to change including a change with retroactive effect. Any change may negatively affect the tax treatment, as described below. This description does not purport to be complete with respect to all tax information that may be relevant to investors due to their personal circumstances. Prospective purchasers of the Securities are advised to consult their professional tax advisor regarding the tax consequences of the purchase, ownership, disposal, redemption or transfer without consideration of any Securities. The information provided below does not cover tax consequences concerning income tax exemptions applicable to specific taxable items or specific taxpayers (e.g. domestic or foreign investment funds).

The reference to "interest" as well as to any other terms in the paragraphs below means "interest" or any other term as understood in Polish tax law.

Polish tax resident individuals (natural persons)

A Polish tax resident individual is a natural person who has his/her centre of personal or business interests located in Poland or who stays in Poland for longer than 183 days in a year, unless any relevant tax treaty dictates otherwise.

Interest income

Under Art. 30a.7 of the Personal Income Tax Act (the Act on Personal Income Tax dated 26 July 1991, as amended (consolidated text, J.L. 2012, item 361, amended), the **PIT Act**), interest income does not cumulate with general income subject to the progressive tax rate, but under Art. 30a.1.2 of the PIT Act it is subject to 19 per cent. flat rate tax.

Under Art. 41.4 of the PIT Act, the interest payer, other than an individual not acting within the scope of his/her business activity, should withhold the 19 per cent. Polish tax upon any interest payment. Under Art. 41.4d of the PIT Act, the entities operating securities accounts for the individuals, acting as tax remitters, should withhold this interest income if such interest income (revenue) has been earned in the territory of Poland and is connected with securities registered in the said accounts, and the interest payment to the individual (the taxpayer) is made through said entities. There are no regulations on where interest income is earned. In practice, unless specific circumstances indicate otherwise, it is considered that interest income is earned at the jurisdiction of the debtor. Although this is not expressly regulated in the tax law, in practice, the obligation to withhold Polish income tax applies only to Polish interest payers and not foreign payers. Consequently, no Polish withholding tax should be withheld on interest payment made from securities issued by a foreign, i.e. not Polish, company.

Separate, specific rules apply to interest income on securities held on Polish omnibus accounts. Under Article 41.10 of the PIT Act, insofar as securities registered in omnibus accounts are concerned, the entities operating omnibus accounts through which the amounts due are paid are liable to withhold the flat-rate income tax on interest income. The tax is charged on the day of placing the amounts due at the disposal of the omnibus account holder.

Pursuant to Article 30a.2a of the PIT Act, with respect to income (revenue) from interest transferred to taxpayers holding rights attached to securities registered in Polish omnibus accounts whose identity has not been revealed to the tax remitter in accordance with the Act on Trading in Financial Instruments, a 19% flat-rate tax is withheld by the tax remitter (under art. 41.10 of the PIT Act the entity operating the omnibus account) from the aggregate income (revenue) released for the benefit of all such taxpayers through the omnibus account holder.

Under Article 45.3b of the PIT Act (and Article 45.3c of the PIT Act with respect to securities held on Polish omnibus accounts), if the tax is not withheld, the individual is obliged to settle the tax himself/herself by 30 April of the following year.

Under Article 30a.9 of the PIT Act, withholding tax incurred outside Poland (including countries which have not concluded a tax treaty with Poland), up to an amount equal to the tax paid abroad, but not higher than 19 per cent. tax on the interest amount, could be deducted from the Polish tax liability. Double tax treaties can provide other methods of withholding tax settlements.

Other income

Income other than interest derived by a Polish tax resident individual from financial instruments held as non-business assets, qualify as capital income according to Art. 17 of the PIT Act. This income does not cumulate with the general income subject to the progressive tax scale but is subject to a 19 per cent. flat rate tax. The costs of acquiring the Securities are recognised at the time the revenue is achieved. In principle, this income should be settled by the taxpayer by 30 April of the year following the year in which the income was earned. No tax or tax advances are withheld by the person making the payments.

Securities held as business assets

If an individual holds the securities as business assets, in principle, interest and capital gains income should be subject to tax in the same way as other business income. The tax, at 19 per cent. flat rate or the 18 per cent. to 32 per cent. progressive tax rate depending on the choice and meeting of certain conditions by the individual, should be settled by the individual himself/herself.

Polish tax resident corporate income taxpayers

A Polish tax resident is a corporate income taxpayer having its registered office or place of management in Poland. Such entity is subject to income tax in respect of the securities (including any capital gains and on interest/discount), following the same principles as those which apply to any other income received from business activity. As a rule, for Polish income tax purposes interest is recognised as revenue on a cash basis, i.e. when it is received and not when it has accrued. In respect of capital gains, the cost of acquiring the securities will be recognised at the time the revenue from the disposal of securities for remuneration is achieved. The taxpayer itself (without the involvement of the tax remitter) settles tax on interest (discount) or capital gains on securities, which is aggregated with other income derived from business operations conducted by the taxpayer.

The appropriate tax rate will be the same as the tax rate applicable to business activity, i.e. 19 per cent. for a corporate income taxpayer.

Non-Polish tax residents: natural person or corporate income taxpayers

A non-Polish tax resident individual is a natural person who does not have his/her centre of personal or business interests located in Poland and who does not stay in Poland for longer than 183 days in a year, unless any respective double tax treaty provides otherwise.

A non-Polish tax resident corporate income taxpayer is a corporate income taxpayer who does not have its registered office or place of management in Poland, unless any respective double tax treaty provides otherwise.

Non-Polish tax resident individuals and corporate income taxpayers are subject to Polish income tax only with respect to their income earned in Poland. There are no explicit regulations on where interest or capital gains or other income is earned. However, in practice it is considered that if securities are issued by a foreign entity, interest should not be considered as having been earned in Poland. In such case capital gains should neither be considered as arising in Poland unless the securities are sold on a stock exchange in Poland (the Warsaw Stock Exchange), in which case the tax authorities may consider the income as originating in Poland. If the latter is the case, however, most of the tax treaties concluded by Poland provide for a tax exemption with respect to Polish income tax on capital gains derived from Poland by a foreign tax resident. In order to benefit from a tax treaty, a foreign investor should present a relevant certificate of its tax residency.

According to the regulations introduced from 1 January 2015, in principle, a certificate of tax residency is considered as valid only for 12 subsequent months after the date it is issued (provided the tax residency has not been changed).

If a foreign recipient of income acts through a permanent establishment in Poland to which interest is related, as a matter of principle it should be treated in the same manner as a Polish tax resident.

Tax on civil law transactions

In light of Art. 1.1.1.a of the Tax on Civil Law Transactions Act (the Act on the Tax on Civil Law Transactions dated 9 September 2000 (consolidated text, J.L. 2016, item 223, the **PCC Act**)), agreements for sale or exchange of assets or proprietary rights are subject to tax on civil law transactions. Such transactions are taxable if their subjects are:

- assets located in Poland or proprietary rights exercisable in Poland; or
- assets located abroad or proprietary rights exercisable abroad if the acquirer's place of residence or registered office is located in Poland and the civil law transaction was carried out in Poland.

Securities should not be considered as rights exercisable in Poland.

Neither an issuance of Securities nor a redemption of Securities is subject to tax on civil law transactions.

Tax on the sale or exchange of Securities (which, as a rule are considered to be rights) is 1 per cent. of their market value. It is payable within 14 days after the sale or exchange agreement has been entered into. However, if such agreement has been entered into in notarial form, the tax due should be withheld and paid by the notary public. Tax on sale of Securities is payable by the entity acquiring the Securities. In the case of exchange agreements, tax on civil law transactions should be payable by both parties jointly and severally.

Under Art 9.9 of the PCC Act, PCC exemption applies to the sale of property rights constituting financial investments (such as the Securities): (a) to investment companies and foreign investment companies, (b) via investment companies or foreign investment companies, (c) as part of organised trading, or (d) outside organised trading by investment companies and foreign investment companies, if those rights were acquired by those companies under organised trading (within the meaning of provisions of the Act of 29 July 2005 on trading in financial investments (J.L. 2014, item 94, as amended)).

Remitter's liability

Under Art. 30 of the Tax Code (the Tax Code dated 29 August 1997, as amended (consolidated text, J.L. 2015, item 613, amended)), a tax remitter failing to fulfil its duty to calculate, withhold or pay tax to a

relevant tax authority is liable for the tax that has not been withheld or that has been withheld but not paid, up to the value of all its assets. The tax remitter is not liable if the specific provisions provide otherwise or if tax has not been withheld due to the taxpayer's fault. In such a case, the relevant tax authority will issue a decision concerning the taxpayer's liability.

PORTUGUESE TAXATION

The following is a summary of the current Portuguese tax treatment at the date hereof in relation to certain aspects of the Portuguese taxation of payments in respect of the Securities. The statements do not deal with other Portuguese tax aspects regarding the Securities and relate only to the position of persons who are absolute beneficial owners of the Securities. The following is a general guide, does not constitute tax or legal advice and should be treated with appropriate caution. Securities holders who are in any doubt as to their tax position should consult their own professional advisers.

Warrants and Certificates holders income tax

As a rule, the income arising either from the Warrants and Certificates are qualified as capital gains for Portuguese tax purposes. However, regarding the Securities that qualify as Certificates the positive difference, if any, between a minimum guaranteed amount and the subscription price of the Certificates is qualified as investment income subject to Income Tax in Portugal.

Personal Income Tax (PIT)

Investment income

The positive difference, if any, between the minimum guaranteed amount and the subscription price of the Certificates is qualified as investment income subject to PIT in Portugal.

As regards to investment income on the Certificates made to Portuguese tax resident individuals, they are subject to PIT which shall be withheld at the current final withholding rate of 28 per cent. if there is a Portuguese resident paying agent or a Portuguese branch of a non-resident entity as from the moment the corresponding amounts are made available to the individual resident in Portugal for tax purposes, unless the individuals elects to include the income in their taxable income, subject to tax at the current progressive rates of up to 48 per cent. In the latter circumstance an additional income tax will be due on the part of the taxable income exceeding € 80,000 as follows: (i) 2.5 per cent on the part of the taxable income exceeding € 80,000 up to € 250,000 and (ii) 5 per cent on the remaining part (if any) of the taxable income exceeding € 250,000. Additionally, if the option for aggregation is made, an additional surcharge is due for the tax year of 2016 according to the taxpayer taxable income, as follows: (i) 0 per cent. for taxable income not exceeding €7,070; (ii) 1 per cent. for taxable income exceeding €7,070 and not exceeding €20,000; (iii) 1.75 per cent. for taxable income exceeding €20,000 and not exceeding €40,000; (iv) 3 per cent. for taxable income exceeding €40,000 and not exceeding €80,000 and (v) 3.5 per cent. for taxable income exceeding €80,000. From 1 January 2017, it is foreseen that such additional surcharge will no longer be applicable. Investment income (including interest) paid or made available to accounts opened in the name of one or more accountholders acting on behalf of one or more unidentified third parties is subject to a final withholding tax rate of 35 per cent., unless the relevant beneficial owner(s) of the income is/are identified and as a consequence the tax rates applicable to such beneficial owner(s) will apply.

In case investment income in connection with the Certificates is not paid by a Portuguese paying agent, no Portuguese withholding tax will apply but an autonomous taxation rate of 28 per cent. will apply, unless an option for aggregation is made. In that case the income will be subject to the current progressive rates of up to 48 per cent. In the latter circumstance an additional income tax will be due on the part of the taxable income exceeding €80,000 as follows: (i) 2.5 per cent on the part of the taxable income exceeding €80,000 up to €250,000 and (ii) 5 per cent on the remaining part (if any) of the taxable income exceeding €250,000. Additionally, if the option for aggregation is made, an additional surcharge is due for the tax year of 2016

according to the taxpayer taxable income, as follows: (i) 0 per cent. for taxable income not exceeding €7,070; (ii) 1 per cent. for taxable income exceeding €7,070 and not exceeding €20,000; (iii) 1.75 per cent. for taxable income exceeding €20,000 and not exceeding €40,000; (iv) 3 per cent. for taxable income exceeding €40,000 and not exceeding €80,000 and (v) 3.5 per cent. for taxable income exceeding €80,000. From 1 January 2017, it is foreseen that such additional surcharge will no longer be applicable.

Capital gains

The annual positive balance arising from the difference between capital gains and capital losses resulting from transactions in connection with the Warrants or Certificates will be currently taxed at the special tax rate of 28 per cent., unless the individuals resident in Portugal elect to include the gains in their taxable income, subject to tax at progressive rates of up to 48 per cent. In the latter circumstance an additional income tax will be due on the part of the taxable income exceeding €80,000 as follows: (i) 2.5 per cent on the part of the taxable income exceeding €80,000 up to €250,000 and (ii) 5 per cent on the remaining part (if any) of the taxable income exceeding €250,000. Additionally, if the option for aggregation is made, an additional surcharge is due for the tax year of 2016 according to the taxpayer taxable income, as follows: (i) 0 per cent. for taxable income not exceeding €7,070; (ii) 1 per cent. for taxable income exceeding €7,070 and not exceeding €20,000; (iii) 1.75 per cent. for taxable income exceeding €20,000 and not exceeding €40,000; (iv) 3 per cent. for taxable income exceeding €40,000 and not exceeding €80,000 and (v) 3.5 per cent. for taxable income exceeding €80,000. From 1 January 2017, it is foreseen that such additional surcharge will no longer be applicable.

There is no Portuguese withholding tax on capital gains obtained with Warrants or Certificates.

Corporate Income Tax (CIT)

Investment income and capital gains

Investment income arising from Certificates, if any, and capital gains obtained by Portuguese corporate resident entities regarding Warrants and/or Certificates will be included in their taxable income and are subject to a rate of (i) 21 per cent. or (ii) if the taxpayer is a small or medium enterprise as established in Decree-Law no. 372/2007, of 6 November 2007, 17 per cent. for taxable profits up to €15,000 and 21 per cent. on profits in excess thereof to which may be added a municipal surcharge (*derrama municipal*) of up to 1.5 per cent., over the Warrants and/or Certificates holders' taxable profits. Corporate taxpayers with a taxable income of more than €1,500,000 are also subject to a state surcharge (*derrama estadual*) rate of (i) 3 per cent. on the part of the taxable profits exceeding €1,500,000 up to €7,500,000, (ii) 5 per cent. on the part of the taxable profits exceeding €7,500,000 up to €35,000,000, and (iii) 7 per cent. on the part of the taxable profits that exceeds €35,000,000.

There is no Portuguese withholding tax (i) on capital gains and (ii) on investment income arising from the Certificates, if any, even if there is a Portuguese paying agent that provides such income to the corporate entities resident in Portugal for tax purposes.

Notes

PIT

Investment income

Economic benefits derived from interest, amortisation, reimbursement premiums and other instances of remuneration arising from the Notes are designated as investment income for Portuguese tax purposes. Interest and other investment income obtained by Portuguese resident individuals on Notes issued by the Issuer is subject to individual income tax. If the payment of interest or other types of investment income is made available to Portuguese resident individuals through a Portuguese resident entity or a Portuguese branch of a non resident entity, withholding tax applies at a rate of 28 per cent., which is the final tax on that

income unless the individual elects for aggregation to his taxable income, subject to tax at progressive rates of up to 48 per cent. In the latter circumstance an additional income tax will be due on the part of the taxable income exceeding € 80,000 as follows: (i) 2.5 per cent on the part of the taxable income exceeding € 80,000 up to € 250,000 and (ii) 5 per cent on the remaining part (if any) of the taxable income exceeding € 250,000. Additionally, if the option for aggregation is made, an additional surcharge is due for the tax year of 2016 according to the taxpayer taxable income, as follows: (i) 0 per cent. for taxable income not exceeding €7,070; (ii) 1 per cent. for taxable income exceeding €7,070 and not exceeding €20,000; (iii) 1.75 per cent. for taxable income exceeding €20,000 and not exceeding €40,000; (iv) 3 per cent. for taxable income exceeding €40,000 and not exceeding €80,000 and (v) 3.5 per cent. for taxable income exceeding €80,000. From 1 January 2017, it is foreseen that such additional surcharge will no longer be applicable. Investment income (including interest) paid or made available to accounts opened in the name of one or more accountholders acting on behalf of one or more unidentified third parties is subject to a final withholding tax rate of 35 per cent., unless the relevant beneficial owner(s) of the income is/are identified and as a consequence the tax rates applicable to such beneficial owner(s) will apply.

If the interest and other investment income on the Notes is not received through an entity located in Portugal, it is not subject to Portuguese withholding tax, but an autonomous taxation rate of 28 per cent. will apply, unless an option for aggregation is made, subject to the above referred progressive tax rates. In the latter circumstance an additional income tax will be due on the part of the taxable income exceeding € 80,000 as follows: (i) 2.5 per cent on the part of the taxable income exceeding € 80,000 up to € 250,000 and (ii) 5 per cent on the remaining part (if any) of the taxable income exceeding € 250,000. Additionally, if the option for aggregation is made, an additional surcharge is due for the tax year of 2016 according to the taxpayer taxable income, as follows: (i) 0 per cent. for taxable income not exceeding €7,070; (ii) 1 per cent. for taxable income exceeding €7,070 and not exceeding €20,000; (iii) 1.75 per cent. for taxable income exceeding €20,000 and not exceeding €40,000; (iv) 3 per cent. for taxable income exceeding €40,000 and not exceeding €80,000 and (v) 3.5 per cent. for taxable income exceeding €80,000. From 1 January 2017, it is foreseen that such additional surcharge will no longer be applicable.

Capital gains

Capital gains obtained by Portuguese resident individuals on the transfer of the Notes are taxed at a rate of 28 per cent. levied on the positive difference between the capital gains and capital losses of each year, unless the individuals resident in Portugal elect to include the gains in their taxable income, subject to tax at progressive rates of up to 48 per cent. In the latter circumstance an additional income tax will be due on the part of the taxable income exceeding €80,000 as follows: (i) 2.5 per cent on the part of the taxable income exceeding €80,000 up to €250,000 and (ii) 5 per cent on the remaining part (if any) of the taxable income exceeding €250,000. Additionally, if the option for aggregation is made, an additional surcharge is due for the tax year of 2016 according to the taxpayer taxable income, as follows: (i) 0 per cent. for taxable income not exceeding €7,070; (ii) 1 per cent. for taxable income exceeding €7,070 and not exceeding €20,000; (iii) 1.75 per cent. for taxable income exceeding €20,000 and not exceeding €40,000; (iv) 3 per cent. for taxable income exceeding €40,000 and not exceeding €80,000 and (v) 3.5 per cent. for taxable income exceeding €80,000. From 1 January 2017, it is foreseen that such additional surcharge will no longer be applicable.

There is no Portuguese withholding tax on capital gains obtained with Notes.

CIT

Investment income and capital gains

Interest and other investment income derived from the Notes and capital gains obtained with the transfer of the Notes by legal persons resident for tax purposes in Portugal and by non resident legal persons with a permanent establishment in Portugal to which the income or gains attributable are included in their taxable profits and are subject to a rate of (i) 21 per cent. or (ii) if the taxpayer is a small or medium enterprise as established in Decree-Law no. 372/2007, of 6 November 2007, 17 per cent. for taxable profits up to € 15,000

and 21 per cent. on profits in excess thereof to which may be added a municipal surcharge (*derrama municipal*) of up to 1.5 per cent. of its taxable income. Corporate taxpayers with a taxable income of more than € 1,500,000 are also subject to a state surcharge (*derrama estadual*) rate of (i) 3 per cent. on the part of the taxable profits exceeding € 1,500,000 up to € 7,500,000, (ii) 5 per cent. on the part of the taxable profits exceeding € 7,500,000 up to € 35,000,000, and (iii) 7 per cent. on the part of the taxable profits that exceeds € 35,000,000.

There is no Portuguese withholding tax (i) on capital gains and (ii) on investment income arising from the Notes even if there is a Portuguese paying agent that made available such income to the legal persons resident in Portugal for tax purposes.

EU Savings Directive

Portugal has implemented the Directive into the Portuguese law through Decree-Law no. 62/2005, of 11 March 2005, as amended by Law no. 39-A/2005, of 29 July 2005.

As a consequence of repealing of the Savings Directive by the recent Council Directive (EU) 2015/2060 of 10 November 2015, it is expected that Decree-Law no. 62/2005, of 11 March 2005, as amended from time to time, as well as the forms approved by Governmental Order (Portaria) no. 563-A/2005, of 28 June 2005, will be revoked. Notwithstanding the repeal of the Savings Directive as of 1 January 2016, certain provisions will continue to apply for a transitional period. As to the new regime, Portugal has implemented Directive 2011/16/EU through Decree-Law No. 61/2013, of 10 May. However, it still has to implement Council Directive 2014/107/EU. The Portuguese State Budget Law for 2016 has included a legislative authorisation which allows the Portuguese Government to transpose Council Directive 2014/107/EU as well as to legislate on the OECD's Standard for Automatic Exchange of Financial Account Information. It is currently uncertain how reporting obligations shall be complied with.

SPANISH TAXATION

The following summary is of a general nature and is included herein solely for information purposes. It is based on the laws presently in force in Spain, though it is not intended to be, nor should it be construed to be, legal or tax advice. This section does not constitute a complete description of all the tax issues that may be relevant in making the decision to invest in the Securities or of all the tax consequences that may derive from the subscription, acquisition, holding, transfer, redemption or reimbursement of the Securities and does not purport to describe the tax consequences applicable to categories of investors subject to special tax rules. Prospective investors in the Securities should therefore consult their own professional advisers as to the effects of state, regional or local law in Spain, to which they may be subject.

Individuals with Tax Residence in Spain

N&C Securities

Personal Income Tax

Personal Income Tax is levied on an annual basis on the worldwide income obtained by Spanish resident individuals, whatever the source is and wherever the relevant payer is established. Therefore any income that Spanish holders may receive under the N&C Securities will be subject to Spanish taxation.

Both interest periodically received and income arising on the disposal, redemption or reimbursement of the N&C Securities obtained by individuals who are tax resident in Spain will be regarded as financial income for tax purposes (i.e. a return on investment derived from the transfer of own capital to third parties).

Both types of income will be included in the savings part of the taxable income subject to Personal Income Tax and will be taxed at the following tax rates: (i) 19 per cent. for financial income up to EUR6,000; (ii) 21

per cent. for financial income from EUR6,001 to EUR50,000; and (iii) 23 per cent. for any amount in excess of EUR50,000.

Spanish holders of the N&C Securities shall compute the gross interest obtained in the savings part of the taxable base of the tax period in which it is due, including amounts withheld, if any.

Income arising on the disposal, redemption or reimbursement of the N&C Securities will be calculated as the difference between: (a) their disposal, redemption or reimbursement value; and (b) their acquisition or subscription value. Costs and expenses effectively borne by the holder on the acquisition and transfer of the N&C Securities may be taken into account for calculating the relevant taxable income, provided that they can be duly justified.

Likewise, expenses relating to the management and deposit of the N&C Securities, if any, will be tax-deductible, excluding those pertaining to discretionary or individual portfolio management.

Losses that may derive from the transfer of the N&C Securities cannot be offset if the investor acquires homogeneous securities within the two-month period prior or subsequent to the transfer of the N&C Securities, until he/she transfers such homogeneous securities.

Additionally, tax credits for the avoidance of international double taxation may apply in respect of taxes paid outside Spain on income deriving from the N&C Securities, if any.

Wealth Tax

Individuals with tax residence in Spain are subject to an annual Wealth Tax each 31 December which is levied on their total net wealth, regardless of the location of their assets (such as the N&C Securities) or of where their rights may be exercised.

Wealth Tax has been temporarily restored for the tax periods 2016. General marginal tax rates currently range between 0.2 and 2.5 per cent., although the tax situation may vary depending on any applicable regional tax laws and some reductions could apply. Individuals with tax residence in Spain who are under the obligation to pay Wealth Tax must take into account the value of the N&C Securities which they hold as at 31 December each year, when calculating their Wealth Tax liabilities.

Inheritance and Gift Tax

Inheritance and Gift Tax is levied on transfers of N&C Securities upon death or by gift to Spanish tax resident individuals, with the taxpayer being the transferee (i.e. heirs and donees). It is calculated taking into account several circumstances, such as the age and previous net worth of the heir or donee and the kinship with the deceased person or donor. General tax rates currently range between 7.65 and 34 per cent. depending on the particular circumstances, although the final tax payable may increase up to 81.6 per cent. This is nevertheless subject to the specific rules passed by the relevant Spanish regions with respect to this tax.

W&C Securities

Personal Income Tax

The premium or amount paid for the subscription of the W&C Securities would not be considered as a deductible expense, but as the acquisition value, which would include the expenses and commissions, inherent to the acquisition, paid by the acquirer.

Income obtained by the holders of the W&C Securities covered by the Base Prospectus on their transfer before the expiration date, will be considered as capital gains or losses in accordance with the provisions of

the Spanish Personal Income Tax Law. The gain or loss shall be calculated as a difference between the transfer value, once any expenses and commissions paid by the taxpayer have been deducted, and the acquisition value, as defined above.

Upon the exercise of the W&C Securities, income obtained would be considered as a capital gain or loss, which will be calculated as the difference between (i) the value of the cash and/or the market value of the physical amount(s) due in respect of the relevant W&C Securities once any expenses and commissions paid by the taxpayer have been deducted, and (ii) the acquisition value, as defined above.

Failure to exercise any W&C Securities on the expiration date would give rise to a capital loss on the acquisition value.

Income derived from the transfer or exercise of the W&C Securities will be included in the savings part of the taxable income subject to Personal Income Tax and will be taxed at the following tax rates:

- (i) 19 per cent. for financial income up to EUR6,000; (ii) 21 per cent. for financial income from EUR6,001 to EUR50,000; and (iii) 23 per cent. for amount in excess of EUR50,000.

Wealth Tax

Individuals with tax residence in Spain are subject to an annual Wealth Tax each 31 December which is levied on their total net wealth, regardless of the location of their assets (such as the W&C Securities) or of where their rights may be exercised.

Wealth Tax has been temporarily restored for the tax periods 2016. General marginal tax rates currently range between 0.2 and 2.5 per cent., although the tax situation may vary depending on any applicable regional tax laws and some reductions could apply. Individuals with tax residence in Spain who are under the obligation to pay Wealth Tax must take into account the value of the W&C Securities which they hold as at 31 December each year, when calculating their Wealth Tax liabilities.

Inheritance and Gift Tax

Inheritance and Gift Tax is levied on transfers of W&C Securities upon death or by gift to Spanish tax resident individuals, with the taxpayer being the transferee (i.e. heirs and donees). It is calculated taking into account several circumstances, such as the age and previous net worth of the heir or donee and the kinship with the deceased person or donor. General tax rates currently range between 7.65 and 34 per cent. depending on the particular circumstances, although the final tax payable may increase up to 81.6 per cent. This is nevertheless subject to the specific rules passed by the relevant Spanish regions with respect to this tax.

Legal Entities with Tax Residence in Spain

N&C Securities

Corporate Income Tax

Both interest periodically received and income arising on the disposal, redemption or reimbursement of the N&C Securities obtained by entities which are resident for tax purposes in Spain shall be computed as taxable income of the tax period in which they accrue.

The general tax rate is currently 25 per cent. Special rates apply in respect of certain types of entities (such as qualifying collective investment institutions).

Tax credits for the avoidance of international double taxation may apply in respect of taxes paid outside Spain on income deriving from the N&C Securities, if any.

W&C Securities

Corporate Income Tax

As a general rule, income obtained either through the transfer or the exercise of the W&C Securities and obtained by taxpayers subject to Corporate Income Tax will be included in their taxable income under the general provisions described for N&C Securities.

Individuals and Legal Entities with no Tax Residence in Spain

N&C Securities

A non-resident holder of N&C Securities, who has a permanent establishment in Spain to which such N&C Securities are effectively connected with, is subject to Spanish Non-Resident Income Tax on any income under the N&C Securities, including both interest periodically received and income arising on the disposal, redemption or reimbursement of the N&C Securities. In general terms, the tax rules applicable to individuals and legal entities with no tax residence in Spain but acting through a permanent establishment in Spain are the same as those applicable to Spanish tax resident Corporate Income Tax payers (see "*Corporate Income Tax*" above).

W&C Securities

As a general rule, income obtained by a permanent establishment located in Spain of a non-resident would be subject to taxation in a similar way to that applicable to Spanish tax resident Corporate Income Tax payers (See "*Corporate Income Tax*" above).

Spanish withholding tax

Where a financial institution (either resident in Spain or acting through a permanent establishment in Spain) acts as depositary of the Securities or intervenes as manager in the collection of any income under the Securities, such financial institution will be responsible for making the relevant withholding on account of Spanish tax on any income deriving from the N&C Securities (income from W&C Securities will not be subject to withholding tax in Spain). Currently, the withholding tax rate in Spain is 19 per cent.

Amounts withheld in Spain, if any, can be credited against the final Spanish Personal Income Tax liability, in the case of Spanish tax resident individuals, or against final Spanish Corporate Income Tax liability, in the case of Spanish corporates, or against final Non-Resident Income Tax, in the case of a Spanish permanent establishment of a non-resident holder of the N&C Securities. However, holders of the N&C Securities who are Corporate Income Tax payers or Non-Resident Income Tax payers acting through a permanent establishment in Spain to which the N&C Securities are effectively connected can benefit from a withholding tax exemption when the N&C Securities are listed on an OECD official stock exchange. This will be the case as the N&C Securities are expected to trade on the Irish Stock Exchange's Main Securities Market or Global Exchange Market, the London Stock Exchange's regulated market or the LuxSE's regulated market.

Furthermore, such financial institution may become obliged to comply with the formalities set out in the Regulations on Spanish Personal Income Tax (Royal Decree 439/2007, of 30 March) and Corporate Income Tax (Royal Decree 634/2015, of 10 July) when intervening in the transfer or reimbursement of the N&C Securities.

Indirect taxation

The acquisition, transfer, redemption, reimbursement and exchange of the Securities will be exempt from Transfer Tax and Stamp Duty as well as Value Added Tax.

SWEDISH TAXATION

The following discussion is a summary of certain material Swedish tax considerations relating to (i) Securities issued by the Issuer where the Securityholder is tax resident in Sweden or has a tax presence in Sweden or (ii) Securities where the Paying Agent or custodian is located in Sweden. This summary of certain tax issues that may arise as a result of holding Securities is based on current Swedish tax legislation and is intended only as general information for Securityholders who are resident or domiciled in Sweden for tax purposes, unless otherwise stated. This description does not deal comprehensively with all tax consequences that may occur for Securityholders, nor does it cover the specific rules where Securities are held by a partnership or are held as current assets in a business operation. Moreover, it does not cover credit of foreign taxes, investments held in an investment savings account (investeringssparkonto) nor the tax consequences in connection with a write down, conversion or modification of the Securities and/or the exercise of any powers under the SRR. Special tax consequences that are not described below may also apply for certain categories of taxpayers, including investment companies and life insurance companies. Specific tax consequences that are not described below may also be applicable if, and to the extent, a holder of Securities realises any currency exchange gains or losses. It is recommended that potential investors in Securities consult their own tax advisers for information with respect to the special tax consequences that may arise as a result of holding Securities, including the applicability and effect of foreign income tax rules, provisions contained in double taxation treaties and other rules which may be applicable.

Withholding of tax

There is no Swedish withholding tax at source (*källskatt*) applicable on payments made by the Issuer in respect of the Securities. Sweden operates a system of preliminary tax (*preliminärskatt*) to secure payment of taxes. In the context of the Securities a preliminary tax of 30 per cent. will be deducted from all payments treated as interest in respect of the Securities made to any individuals or estates that are resident in Sweden for tax purposes provided the paying entity is tax resident in Sweden and subject to reporting obligations. A preliminary tax of 30 per cent. will also be deducted from any other payments in respect of the N&C Securities not treated as capital gains, if such payments are paid out together with payments treated as interest. Depending on the relevant Securityholder's overall tax liability for the relevant fiscal year the preliminary tax may contribute towards, equal or exceed the Securityholder's overall tax liability with any balance subsequently to be paid by or to the relevant Securityholder, as applicable.

Taxation of individuals resident in Sweden

Income from capital category

For individuals and estates of deceased Swedish individuals, capital gains, interest payments, dividends and other income derived from the holding of an asset should be reported as income from capital category.

Capital gains and losses

Individuals and estates of deceased Swedish individuals, who sell their Securities, are subject to capital gains taxation. The current tax rate is 30 per cent. of the gain. The capital gain or loss is equal to the difference between the sales proceeds after deduction of sales costs and the acquisition cost of the Securities. The acquisition cost is calculated according to the so-called average method. This means that the costs of acquiring all Securities of the same type and class are added together and calculated collectively, with respect to changes to the holding. Optionally, the so-called standard rule under which the acquisition cost is deemed to be the equivalent of 20 per cent. of the net sales price may be applied on the disposal of listed Securities that are taxed in the same manner as shares. A Security should be regarded as listed for Swedish tax purposes if it is listed on the Official List and admitted to trading on the Main Securities Market of the Irish Stock Exchange or the Regulated Market of the Luxembourg Stock Exchange, the London Stock Exchange or any other foreign market that is considered to be a stock exchange under Swedish tax law.

As a main rule, 70 per cent. of a capital loss is deductible against any other taxable income derived from capital.

Capital losses on listed Securities that are taxed in the same manner as shares, are, however, fully deductible against taxable capital gains on such assets or capital gains on listed as well as non-listed shares in Swedish limited liability companies and foreign legal entities. Any excess amount is deductible at 70 per cent., according to the main rule.

Capital losses on listed Securities qualifying as Swedish receivables (i.e. denominated in SEK) are currently fully deductible in the capital income category. Moreover, under EC law receivables denominated in foreign currency are also fully deductible.

If a deficit arises in the income from capital category, a reduction of the tax on income from employment and from business, as well as the tax on real estate, is allowed. The tax reduction allowed amounts to 30 per cent. of any deficit not exceeding SEK 100,000 and 21 per cent. of any deficit in excess of SEK 100,000. Deficits may not be carried forward to a subsequent fiscal year.

Interest

Interest as well as other income derived from the holding of an asset is subject to tax at a rate of 30 per cent. The tax liability arises when the interest (or other income) is actually paid, in accordance with the so-called cash method.

Classification of various N&C Securities and return on such Securities for tax purposes

Zero-coupon N&C Securities

No formal interest accrues on N&C Securities in the form of zero-coupon bonds.

The profit from a redemption of a zero-coupon bond is regarded as interest, subject to tax at the time of redemption. However, the appreciation in value is regarded as interest compensation, should the zero-coupon bond be disposed of prior to maturity. If there is a loss on the bond, this is deductible as a capital loss in accordance with the principles referred to above.

FX linked N&C Securities

FX linked N&C Securities constitute receivables and are taxed as such under the capital income category. An appreciation or depreciation in value is recognised at disposal or redemption as a capital gain or loss in accordance with the principles referred to above.

Commodity linked N&C Securities

Commodity linked N&C Securities constitute receivables and are taxed as such under the capital income category. An appreciation or depreciation in value is recognised at disposal or redemption as a capital gain or loss in accordance with the principles referred to above.

Share linked N&C Securities

Share linked N&C Securities constitute securities that are taxed in the same manner as shares.

Any fixed, guaranteed return is taxed as interest and does not form part of any capital gain. Floating payments that cannot be predicted (based on the performance of a Reference Item, such as an index) are classified as capital gains or, if the payoff is provided before the note is sold, other income derived from the holding of an asset.

Upon disposal prior to maturity an annual guaranteed return shall be regarded as interest compensation. Any remaining amount shall be treated as capital gain or loss. The acquisition cost for the instrument is calculated to equal the difference between the price paid for the note and any interest compensation amount.

At redemption, a yearly guaranteed return is regarded as interest, whereas any remaining part of a yearly floating return shall be treated as other income derived from the holding of an asset. The remainder is taxed as a capital gain or loss.

Combination N&C Securities

Combination N&C Securities are considered as receivables for tax purposes (i.e. not as notes taxed in the same manner as shares) if more than 50 per cent. of the return on the instrument derives from assets other than equity. The assessment is made at the time of the issue.

Classification of various W&C Securities for tax purposes

W&C Securities linked to equity (e.g. an equity index) are taxed in the same manner as shares provided that the return derives from equity.

W&C Securities, whose underlying assets are related to claims in SEK, or to one or several interest indices, are treated as Swedish receivables. If the underlying assets are related to foreign currency or claims in foreign currency, or if the securities relate to one or several indices depending on foreign currency, the securities are treated as foreign receivables.

Commodity linked W&C Securities should qualify as so-called "other assets".

W&C Securities with a return deriving from a combination of equity and other assets, are taxed in the same manner as shares should more than 50 per cent. of the return on the security derive from equity. The assessment is made at the time of the issue.

Settlement and sale of W&C Securities in the form of call warrants

Cash settled warrants

Capital gains taxation is triggered on exercise or sale or redemption of a cash settled warrant.

The acquisition cost is determined only according to the so-called "average method" described above. The standard rule does not apply as the security is not linked to equity. See also the section entitled "Individuals, Capital gains and losses" above.

If the cash settled warrant lapses, it is deemed sold for no cost, incurring a loss equal to the acquisition cost. A loss is deductible as set out above.

Physical delivery warrants

Taxation is not triggered on the exercise of a physical delivery warrant. Instead the sale of the underlying asset triggers capital gains taxation. The acquisition cost for the underlying asset equals the acquisition cost of the physical delivery warrant and the exercise price.

A sale or redemption of a physical delivery warrant triggers taxation. The acquisition cost is determined only according to the so-called "average method" described above. The standard rule does not apply as the security is not linked to equity. See also the section entitled "Capital gains and losses" above.

If the physical delivery warrant lapses, it is deemed sold for no cost, incurring a loss equal to the acquisition cost. A loss is deductible as set out above.

Settlement, sale and lapse of W&C Securities in the form of put warrants

The following applies to both cash settled warrants and physical delivery warrants.

Taxation is triggered when the underlying asset is disposed of due to an exercise of a put warrant or on cash settlement. The capital gain or loss is calculated to equal the difference between the sales proceeds (the exercise price) after deduction for sales expenses and the acquisition cost of the underlying asset for tax purposes and according to the tax rules applicable to the relevant asset, or the difference between the cash settled sum and the acquisition cost for the warrant. This means that rules regarding disposal of shares will apply, if the relevant put warrant relates to such assets etc. In case of a physical delivery warrant, the acquisition cost of the warrant is added to the acquisition cost of the underlying asset at the capital gain assessment.

A sale or redemption of a put warrant triggers taxation. The rules concerning the acquisition cost, taxation of gains and the deductibility of capital losses are equal to those relating to call warrants and are described above. See the section entitled "Settlement and sale of call warrants, Cash settled warrants" above.

If the put warrant lapses, it is deemed sold for no cost, incurring a loss equal to the acquisition cost. A loss is deductible as set out above.

Settlement, sale and lapse of W&C Securities in the form of certificates

A cash settlement, including redemption, or a sale of a certificate triggers capital gains taxation. A physical settlement of a certificate is likely to trigger capital gains taxation as well. A capital loss realised upon settlement, including redemption, is deductible in accordance with the principles referred to above.

The acquisition cost is determined according to the so-called "average method" described above. See also the section entitled "Individuals, Capital gains and losses" above.

Stamp duty

There is no stamp duty on the issuing, transfer or redemption of Securities in Sweden.

Gift, Inheritance and Wealth taxes

There is no gift, inheritance or wealth tax in Sweden.

Taxation of Swedish legal entities

Limited liability companies and other legal entities, except for estates of deceased Swedish individuals, are taxed on all income (including income from the sale of Securities) as income from business activities at a flat rate of 22 per cent. Regarding the calculation of a capital gain or loss and the acquisition cost, see "Taxation of individuals resident in Sweden" above. However, interest income as well as other income derived from the holding of an asset is taxed on an accruals basis.

Capital losses on Securities that are taxed in the same manner as shares (see further above) incurred by a corporate holder of a Security may only be offset against taxable capital gains on shares or such notes. Such capital losses may also, under certain circumstances, be deductible against capital gains on shares and Securities that are taxed in the same manner as shares within the same group of companies, provided the requirements for group contributions (tax consolidation) are met.

Capital losses on shares and Securities that are taxed in the same manner as shares which are not deducted against capital gains within a certain year may be carried forward and offset against taxable capital gains on shares and notes taxed in the same manner as shares in the future.

For limited liability companies and economic associations, capital gains on shares and certain share related rights held for business purposes are tax exempt. As a result, capital losses on shares and share related rights that are held for business purposes are not deductible. Securities under this offer are not treated as share related rights held for business purposes. However, a capital loss on the Securities is not deductible should the underlying assets, directly or indirectly, consist of shares or certain share related rights held for business purposes.

As mentioned above, there is no stamp duty on the issuing, transfer or redemption of Securities in Sweden.

Taxation of non-residents in Sweden

Holders of securities and notes who are not fiscally resident in Sweden and who are not carrying on business operations from a permanent establishment in Sweden are generally not liable for Swedish capital gains taxation on the disposal of securities or notes. The holders may, nevertheless, be subject to tax in their country of residence. However, as far as non-resident individuals are concerned, capital gains on the sale of certain securities (such as securities taxed in the same manners as shares) may in some cases be subject to Swedish tax if the individual has been resident of Sweden due to a habitual abode in Sweden or a stay in Sweden for more than six consecutive months at any time during the calendar year of the sale or any of the 10 preceding calendar years. This provision is, nevertheless, in many cases limited by tax treaties for the avoidance of double taxation, which Sweden has concluded with other countries.

SWISS TAXATION

The following is a summary based on legislation as of the date of this Base Prospectus which are subject to changes (or changes in interpretation) which may have retroactive effect. It does not aim to be a comprehensive description of all the Swiss tax considerations that may be relevant for a decision to invest in Securities. The tax treatment for each investor depends on the particular situation. All investors are advised to consult with their professional tax advisors as to the respective Swiss tax consequences of the purchase, ownership, disposition, lapse, exercise or redemption of Securities (or options embedded therein) in light of their particular circumstances.

Swiss Federal Securities Transfer Stamp Duty

Dealings in Securities which classify as pure derivative financial instruments are not subject to the Swiss federal securities transfer stamp duty.

Dealings in Securities which have been issued by an issuer outside of Switzerland and which classify as structured notes, share-like instruments or fund-like instruments are subject to Swiss federal securities transfer stamp duty of 0.3 per cent. on the consideration paid, however, only if a Swiss bank or other securities dealer (as defined in the Swiss federal stamp tax act) is a party or an intermediary to the transaction and no exemption applies. Fund-like instruments may be subject to the Swiss federal securities transfer stamp duty of 0.3 per cent. at issue.

The delivery of an underlying security at exercise or redemption to the holder of the Security is subject to Swiss federal securities transfer stamp duty of 0.3 per cent. in case a security issued by an issuer outside Switzerland is delivered and of 0.15 per cent. in case a security issued by a Swiss domestic issuer is delivered, however, in each case, only if a Swiss bank or other securities dealer (as defined in the Swiss federal stamp tax act) is a party or an intermediary to the transaction and no exemption applies.

Swiss Withholding Tax

Payments on a Security are not subject to Swiss federal withholding tax provided that the respective Issuer is at all times resident outside Switzerland for Swiss tax purposes.

On 4 November 2015 the Swiss Federal Council announced a mandate to the Swiss Federal Finance Department to institute a group of experts tasked with the preparation of a new proposal for a reform of the Swiss withholding tax system. The new proposal is expected to include in respect of interest payments the replacement of the existing debtor-based regime by a paying agent-based regime for Swiss withholding tax similar to the one published on 17 December 2014 by the Swiss Federal Council and repealed on 24 June 2015 following the negative outcome of the legislative consultation with Swiss official and private bodies. Under such a new paying agent-based regime, if enacted, a paying agent in Switzerland may be required to deduct Swiss withholding tax on any payments or any securing of payments of interest in respect of a Security for the benefit of the beneficial owner of the payment unless certain procedures are complied with to establish that the owner of the Security is not an individual resident in Switzerland.

Foreign Final Withholding Tax

On 1 January 2013, treaties on final withholding taxes of Switzerland with the United Kingdom and Austria entered into force (each a **Contracting State**). The treaties require a Swiss paying agent, as defined in the treaties, to levy a flat-rate final withholding tax (*internationale Quellensteuer*) at rates specified in the treaties on certain capital gains and income items (interest, dividends, other income items), all as defined in the treaties, deriving from assets, including the Securities, as applicable, held in accounts or deposits with a Swiss paying agent by (i) an individual resident in a Contracting State or, (ii) if certain requirements are met, by a domiciliary company (*Sitzgesellschaft*), an insurance company in connection with a so-called insurance wrapper (*Lebensversicherungsmantel*) or other individuals if the beneficial owner is an individual resident in a Contracting State. The flat-rate tax withheld substitutes the ordinary income tax on the respective capital gains and income items in the Contracting State where the individual is tax resident. In order to avoid the withholding of the flat-rate tax by the Swiss paying agent, such individuals may opt for a disclosure of the respective capital gains and income items to the tax authorities of the Contracting State where they are tax residents.

Income Taxation

Non-Swiss Resident Holders

A holder of a Security who is not resident in Switzerland and who during the taxation year has not engaged in trade or business carried on through a permanent establishment or a fixed place of business in Switzerland, and who is not subject to income taxation in Switzerland for any other reason, will not be subject to any income tax in Switzerland.

Securities Held as Private Assets by a Swiss Resident Holder

Structured Securities

If a Security classifies as a structured note, its income taxation depends on whether the bond and the derivative financial instrument(s) embedded therein are recorded separately from each other and whether the Security classifies as a structured note with or without a predominant one-time interest payment:

Non-transparent derivative financial instruments: If the embedded bond is not recorded separately from the embedded derivative financial instrument(s), the Security classifies as non-transparent structured note and any return over the initial investment classifies as a taxable interest payment. Non-transparent derivative financial instruments generally include a predominant one-time interest payment and are taxed in accordance with the principles set forth below under "*Transparent derivative financial instruments with a predominant one-time interest payment*".

Transparent derivative financial instruments without a predominant one-time interest payment: If the embedded bond is recorded separately from the embedded derivative financial instrument(s) and the yield-to-maturity predominantly derives from periodic interest payments and not from a one-time-interest-payment

(see below "*Transparent derivative financial instruments with a predominant one-time interest payment*"), then any periodic interest payment and the one-time interest payment is taxed when paid to the holder of the Security. A gain, including interest accrued, or a loss realised on the sale of a Security is a tax-free private capital gain or a non-tax-deductible private capital loss, respectively (see below "*Capital Gains Taxation – Securities held as Private Assets by a Swiss Resident Holder*"). The same applies if the Security is redeemed except that interest accrued is taxed when paid.

Transparent derivative financial instruments with a predominant one-time interest payment: If the embedded bond is recorded separately from the embedded derivative financial instrument(s) and the yield-to-maturity predominantly derives from a one-time-interest-payment such as an original issue discount or a repayment premium and not from periodic interest payments, then any periodic interest payments and on the sale or redemption of the Security, the difference between the value of the embedded bond at redemption or sale, as applicable, and its value at issuance or secondary market purchase, as applicable, converted, in each case, into Swiss Francs at the exchange rate prevailing at the time of redemption or sale, issuance or purchase, respectively (modified differential taxation method) constitutes taxable income. A value decrease on the embedded bond respectively realised on the sale or redemption of the Security may be offset against any gains (including periodic interest payments) realised within the same taxation period from all instruments with a predominant one-time interest payment. Any residual return realised on the embedded derivative financial instrument(s) is a tax-free private capital gain, and any residual loss is a non-tax-deductible private capital loss, respectively (see below "*Capital Gains Taxation – Securities held as Private Assets by a Swiss Resident Holder*").

Bonds

Bonds without a predominant one-time interest payment: If a Security classifies as a pure bond without a predominant one-time interest payment (the yield-to-maturity predominantly derives from periodic interest payments and not from a one-time-interest-payment), Swiss resident private investors will be taxed on the periodic and any one-time interest payments, converted into Swiss Francs at the exchange rate prevailing at the time of payment. A gain, including interest accrued, or a loss realised on the sale of a Security is a tax-free private capital gain or a non-tax-deductible private capital loss, respectively (see below "*Capital Gains Taxation – Securities held as Private Assets by a Swiss Resident Holder*").

Bonds with a predominant one-time interest payment: If a Security classifies as a pure bond with a predominant one-time interest payment (the yield-to-maturity predominantly derives from a one-time-interest-payment such as an original issue discount or a repayment premium and not from periodic interest payments), Swiss resident private investors will be taxed on any gains, including capital and foreign exchange gains, realised on the Securities (differential taxation method).

Pure Derivative Financial Securities

Periodic and one-time dividend equalisation payments realised on a Security which classifies as a pure derivative financial instrument (such as pure call and put options, including low exercise price options with a maturity not exceeding one year, pure futures, static certificates replicating an index or a basket of at least five shares and with a fixed maturity or an annual redemption right) and which is held as part of their private assets constitute taxable investment income. Any other return will be classified as a tax-exempt capital gain or a non-tax deductible capital loss (see below "*Capital Gains Taxation – Securities held as Private Assets by a Swiss Resident Holder*").

Low Exercise Price Options

According to the current practice of the Swiss Federal Tax Administration low exercise price options are given if the underlying of a call option has been pre-financed by at least 50 per cent. at the time of issuance.

For low exercise price options with a maturity exceeding one year the interest component of the low exercise price option (i.e. issue discount) constitutes taxable investment income. Any other return will be classified as

a tax-exempt capital gain or a non-tax deductible capital loss (see below "*Capital Gains Taxation – Securities held as Private Assets by a Swiss Resident Holder*").

Fund-like Securities

A Security classified as a fund-like instrument will be considered a pass-through instrument for Swiss tax purposes if dividend and interest income (less attributable costs) from and capital gains and losses (less attributable costs) realised on the underlying investments are reported and distributed separately. Under such conditions, an individual holding a fund-like Security as part of private assets only receives taxable income (which he or she must report annually) over such portion of the distributions (in case the fund is distributing the income realised on the underlying investments) or earnings credits (in case the fund is reinvesting the income realised on the underlying investment) as derive from dividends and interest (less attributable costs) on the underlying instruments. Any distributions or credits deriving from capital gains realised on the underlying investments constitute a tax-free private capital gain, and any respective loss a non-tax-deductible private capital loss. Any gain realised within a taxation period on the sale of a fund-like instrument (including accrued dividends and interest) is exempt from income taxation as a private capital gain, and, conversely, any loss realised a non-tax-deductible capital loss (see below "*Capital Gains Taxation – Securities held as Private Assets by a Swiss resident Holder*").

Securities Held as Assets of a Swiss Business

Corporate entities and individuals who hold Securities as part of a trade or business in Switzerland, in the case of residents abroad carried on through a permanent establishment or a fixed place of business in Switzerland, are required to recognise any payments on and any capital gains or losses realised on the sale or redemption of such Securities (irrespective of their classification) in their income statement for the respective taxation period and will be taxed on any net taxable earnings for such period.

The same taxation treatment also applies to Swiss-resident individuals who, for income tax purposes, are classified as "professional securities dealers" for reasons of, *inter alia*, frequent dealing and leveraged investments in securities.

Capital Gains Taxation

Securities held as Private Assets by a Swiss Resident Holder

A gain or a loss realised by an individual resident in Switzerland upon the sale or other disposal of a Security held as part of his or her private assets, is a tax-free private capital gain or a non-tax deductible capital loss, respectively, unless such individual is classified by the tax authorities as a "professional securities dealer" for reasons of, *inter alia*, frequent dealing and leveraged investments in Securities. If an individual is classified as "professional securities dealer" he or she will be taxed in accordance with the principles set forth above under "*Securities held as Assets of a Swiss Business*". Concerning the separation into a tax-exempt capital gains or non-tax deductible capital loss component, as applicable, and a taxable income component of a Security, see the breakdown principles set forth above with regard to the different instruments under "*Income Taxation – Securities held as Private Assets by a Swiss Resident Holder*").

Securities held as Assets of a Swiss Business

Capital gains realised on Securities held as assets of a Swiss business are taxed in accordance with the taxation principles set forth above under "*Income Taxation – Securities held as Swiss Business Assets*".

Swiss-EC Savings Agreement

In accordance with the agreement of 26 October 2004 between the European Community and Switzerland (the "**Agreement**"), which provides for measures equivalent to those laid down in Council Directive 2003/48/EC on the taxation of savings income in the form of interest payments or similar income (the "**EU**

Savings Directive"), interest payments in respect of the Securities by paying agents in Switzerland to EU resident individuals are subject to EU savings tax at a rate of 35 per cent. (with the option of the individual to have the paying agent in Switzerland and the relevant Swiss authorities provide to the tax authorities of the EU member state in which the individual resides, the details of the interest payments in lieu of the withholding). In accordance with the Terms and Conditions of the Securities, holders of Securities will not be entitled to receive any additional amounts to compensate them for any such withholding.

In the context of the repeal of the EU Savings Directive by the European Commission by Council Directive (EU) 2015/2060 of 10 November 2015, with effect from 1 January 2017 in the case of Austria and from 1 January 2016 in the case of all other Member States (subject to on-going requirements to fulfill administrative obligations such as the reporting and exchange of information relating to, and accounting for withholding taxes on, payments made before those dates), Switzerland and the European Community signed on 27 May 2015 an amendment protocol to the Agreement, which would introduce, if ratified, an automatic exchange of information regime in accordance with the Global Standard released by the OECD Council in July 2014, in lieu of the existing withholding system, and expand the range of payments covered. The amendment has been approved by the Swiss Parliament and, subject to approval by the European Commission and an optional referendum, is expected to enter into force on 1 January 2017. Subject to these conditions, the EU and Switzerland intend to collect account data from 2017 and exchange it from 2018 once the necessary Swiss implementing legislation enters into effect.

THE NETHERLANDS TAXATION

General

The following summary outlines the principal Netherlands tax consequences of the acquisition, holding, settlement, redemption and disposal of the Securities, but does not purport to be a comprehensive description of all Netherlands tax considerations that may be relevant. For purposes of Netherlands tax law, a holder of Notes may include an individual or entity who does not have the legal title of these Notes, but to whom nevertheless the Notes or the income thereof is attributed based on specific statutory provisions or on the basis of such individual or entity having an interest in the Notes or the income thereof. This summary is intended as general information only for holders of Securities who are residents or deemed residents of the Netherlands for Netherlands tax purposes. This summary is intended as general information only and each prospective investor should consult a professional tax adviser with respect to the tax consequences of an investment in the Securities.

This summary is based on tax legislation, published case law, treaties, regulations and published policy, in each case as in force as of the date of this Base Prospectus, and does not take into account any developments or amendments thereof after that date whether or not such developments or amendments have retroactive effect.

This summary does not address the Netherlands tax consequences for:

- (i) holders of Securities holding a substantial interest (aanmerkelijk belang) or deemed substantial interest (fictief aanmerkelijk belang) in the Issuer and holders of Securities of whom a certain related person holds a substantial interest in the Issuer. Generally speaking, a substantial interest in the Issuer arises if a person, alone or, where such person is an individual, together with his or her partner (statutory defined term), directly or indirectly, holds or is deemed to hold (a) an interest of 5 per cent. or more of the total issued capital of the Issuer or of 5 per cent. or more of the issued capital of a certain class of shares of the Issuer, (b) rights to acquire, directly or indirectly, such interest or (c) certain profit sharing rights in the Issuer;
- (ii) investment institutions (fiscale beleggingsinstellingen);
- (iii) pension funds, exempt investment institutions (vrijgestelde fiscale beleggingsinstellingen) or other entities that are not subject to or exempt from Netherlands corporate income tax;

- (iv) persons to whom the Securities and the income from the Securities are attributed based on the separated private assets (afgezonderd particulier vermogen) provisions of the Netherlands Income Tax Act 2001 (Wet inkomstenbelasting 2001) and the Netherlands Gift and Inheritance Tax Act 1956 (Successiewet 1956);
- (v) individuals to whom Securities or income therefrom are attributable to employment activities which are taxed as employment income in the Netherlands;
- (vi) holders of Securities for whom the benefits from the Securities qualify for the participation exemption within the meaning of article 13 of the Netherlands corporate income tax act 1969 (Wet op de vennootschapsbelasting 1969); and
- (vii) entities which are a resident of Aruba, Curacao or Sint Maarten that have an enterprise which is carried on through a permanent establishment or a permanent representative on Bonaire, Sint Eustatius or Saba, to which permanent establishment or permanent representative the Notes are attributable.

This summary does not describe the consequences of the exchange or the conversion of the Securities.

Where this summary refers to the Netherlands, such reference is restricted to the part of the Kingdom of the Netherlands that is situated in Europe and the legislation applicable in that part of the Kingdom.

For the purpose of the Netherlands tax consequences described herein, it is assumed that the Issuer is neither a resident nor deemed to be a resident of the Netherlands for Netherlands tax purposes.

Netherlands Withholding Tax

All payments made by the Issuer under the Securities may be made free of withholding or deduction for any taxes of whatsoever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein.

Netherlands Corporate and Individual Income Tax

If a holder is a resident or deemed to be a resident of the Netherlands for Netherlands corporate income tax purposes and is fully subject to Netherlands corporate income tax or is only subject to Netherlands corporate income tax in respect of an enterprise to which the Securities are attributable, income derived from the Securities and gains realised upon the redemption, settlement or disposal of the Securities are generally taxable in the Netherlands (at up to a maximum rate of 25 per cent.).

If an individual holder is a resident of the Netherlands or deemed to be a resident of the Netherlands for Netherlands individual income tax purposes, for individual income tax purposes income derived from the Securities and gains realised upon the redemption, settlement or disposal of the Securities are taxable at the progressive rates (at up to a maximum rate of 52 per cent.) under the Netherlands income tax act 2001 (*Wet inkomstenbelasting 2001*), if:

- (i) the individual is an entrepreneur (*ondernemer*) and has an enterprise to which the Securities are attributable or the individual has, other than as a shareholder, a co-entitlement to the net worth of an enterprise (*medegerechtigde*), to which enterprise the Securities are attributable; or
- (ii) such income or gains qualify as income from miscellaneous activities (*resultaat uit overige werkzaamheden*), which includes activities with respect to the Securities that exceed regular, active portfolio management (*normaal, actief vermogensbeheer*).

If neither condition (i) nor condition (ii) applies, an individual which holds the Securities must determine taxable income with regard to the Securities on the basis of a deemed return on income from savings and investments (*sparen en beleggen*), rather than on the basis of income actually received or gains actually

realised. With regard to 2016, this deemed return on income from savings and investments is fixed at a rate of 4 per cent. of the individual's yield basis (*rendementsgrondslag*) at the beginning of the calendar year (1 January), insofar as the individual's yield basis exceeds a certain threshold (*heffingvrij vermogen*). The individual's yield basis is determined as the fair market value of certain qualifying assets held by the individual less the fair market value of certain qualifying liabilities on 1 January. The fair market value of the Securities will be included as an asset in the individual's yield basis. The 4 per cent. deemed return on income from savings and investments is taxed at a rate of 30 per cent.

Netherlands Gift and Inheritance Tax

Netherlands gift or inheritance taxes will not be levied on the occasion of the transfer of a Security by way of gift by, or on the death of, a holder of a Security, unless:

- (i) the holder of a Security is, or is deemed to be, resident in The Netherlands for the purpose of the relevant provisions; or
- (ii) the transfer is construed as an inheritance or gift made by, or on behalf of, a person who, at the time of the gift or death, is or is deemed to be resident in The Netherlands for the purpose of the relevant provisions.

Netherlands Value Added Tax

In general, no value added tax will arise in respect of payments in consideration for the issue of the Securities or in respect of a cash payment made under the Securities, or in respect of a transfer of Securities.

Other Netherlands Taxes and Duties

No registration tax, customs duty, transfer tax, stamp duty or any other similar documentary tax or duty will be payable in the Netherlands by a holder in respect of or in connection with the subscription, issue, placement, allotment, delivery or transfer of the Securities.

OFFERING AND SALE

The following section applies to both Exempt Securities and Non-Exempt Securities.

The Dealers, as applicable, have entered into an amended and restated Programme Agreement, dated on or about 9 September 2016 (as the same may be amended or supplemented, from time to time, in accordance with the terms thereof, the **Programme Agreement**), with the Issuer, the Guarantor and the NIHK Guarantor, which sets forth a basis upon which they may from time to time agree to purchase the Securities. In the Programme Agreement, the Issuer has agreed to reimburse the Dealers for certain of their expenses in connection with the issue of Securities under the Programme. In addition, the Issuer may, from time to time, issue Securities to parties other than a Dealer, on terms as it may agree from time to time.

In order to facilitate the offering of any Tranche of the Securities, certain persons participating in the offering of the Tranche may engage in transactions that stabilise, maintain or otherwise affect the market price of the relevant Securities during and after the offering of the Tranche. Specifically such persons may over-allot or create a short position in the Securities for their own account by selling more Securities than have been sold to them by the Issuer. Such persons may also elect to cover any such short position by purchasing Securities in the open market. In addition, such persons may stabilise or maintain the price of the Securities by bidding for or purchasing Securities in the open market and may impose penalty bids, under which selling concessions allowed to syndicate members or other broker-dealers participating in the offering of the Securities are reclaimed if Securities previously distributed in the offering are repurchased in connection with stabilisation transactions or otherwise. The effect of these transactions may be to stabilise or maintain the market price of the Securities at a level above that which might otherwise prevail in the open market. The imposition of a penalty bid may also affect the price of the Securities to the extent that it discourages resales thereof. No representation is made as to the magnitude or effect of any such stabilising or other transactions. Such transactions, if commenced, may be discontinued at any time. Under U.K. laws and regulations stabilising activities may only be carried on by the Stabilising Manager named in the applicable Final Terms (or persons acting on its behalf) and only for a limited period following the Issue Date of the relevant Tranche of Securities.

No action has been or will be taken by the Issuer and the Guarantor that would permit a public offering of any Securities or possession or distribution of any offering material in relation to any Securities in any jurisdiction where action for that purpose is required. No offers, sales, re-sales or deliveries of any Securities, or distribution of any offering material relating to any Securities, may be made in or from any jurisdiction except in circumstances which will result in compliance with any applicable laws and regulations and which will not impose any obligation on the Issuer and the Guarantor.

Selling Restrictions

UNITED STATES

None of the Securities of any series, the related Guarantee (in the case of Guaranteed Securities), nor any Entitlements (if any) have been or will be registered under the Securities Act or any state securities laws. None of the Securities, the related Guarantee (in the case of Guaranteed Securities), nor any Entitlements (if any) have or will constitute, and have not been marketed as, contracts of sale of a commodity for future delivery (or options thereon) subject to the United States Commodity Exchange Act of 1936, as amended (the **CEA**), and trading in the Securities, the related Guarantee (in the case of the Guaranteed Securities), and any Entitlements (if any) has not been approved or disapproved by the U.S. Commodity Futures Trading Commission (the **CFTC**) pursuant to the CEA. Unless a series of Securities is eligible for sale (a) in the United States to QIBs who are also QPs, or (b) to U.S. persons who are QIBs that are also QPs and, in each case, who agree to purchase the Securities for their own account or for the accounts of one or more other persons each of whom is a QIB that is a QP and not with a view to the distribution thereof and, unless otherwise provided in the applicable Final Terms, provide an Investor Representation Letter substantially in the form set out in the Agency Agreement, no Securities of any series, or interests therein, may at any time be offered, sold, resold or delivered, directly or indirectly, in the United States or to, or for the account or

benefit of, any U.S. person or to others for offer, sale, resale or delivery, directly or indirectly, in the United States or to, or for the account or benefit of, any U.S. person. In addition, certain Securities (including, but not limited to, Permanent Global W&C Securities) may not at any time be offered, sold, transferred, pledged, delivered or exercised or redeemed, directly or indirectly, in the United States or to, or for the account or benefit of, or by, any U.S. person.

In the event that a series of Securities is so eligible for sale in the United States or to U.S. persons, any sale or transfer restrictions or certification requirements applicable to such Securities in addition to those set out in the applicable Conditions will be set out in the applicable Final Terms. Offers, sales, resales or deliveries of Securities of any series, or interests therein, directly or indirectly, in the United States or to, or for the account or benefit of, U.S. persons would constitute a violation of United States securities laws unless made in compliance with the registration requirements of the Securities Act and any applicable state securities laws or pursuant to an exemption therefrom. Terms used in this paragraph and the preceding paragraph and not otherwise defined have the meanings given to them by Regulation S. The term "U.S. person" has the meaning given to it by Regulation S under the Securities Act, as amended, the term "United States person" has the meaning given to it by the United States Internal Revenue Code of 1986, as amended and the United States Treasury regulations promulgated thereunder and the term "U.S. Person" means any person who is (i) a "U.S. person" as defined in Regulation S, (ii) a person other than a "Non-United States person" as defined in Rule 4.7 under the CEA, (iii) a "U.S. person" as defined in the Interpretive Guidance and Policy Statement Regarding Compliance with Certain Swap Regulations promulgated by the CFTC, as amended, modified or supplemented from time to time, pursuant to the CEA, (iv) any other "U.S. person" as such term may be defined in Regulation S or in regulations or guidance adopted under the CEA, or (v) a "United States person" as defined in the United States Internal Revenue Code of 1986, as amended and the United States Treasury regulations promulgated thereunder, in each case, as such definition may be amended, modified or supplemented from time to time.

Securities in bearer form that are treated as debt for U.S. federal tax purposes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain circumstances permitted by U.S. Treasury regulations. The applicable Final Terms will specify whether the provisions of U.S. Treas. Reg. Section 1.163-5(c)(2)(i)(C) (or any successor U.S. Treasury regulation section including, without limitation, regulations issued in accordance with U.S. Internal Revenue Service Notice 2012-20 or otherwise in connection with the U.S. Hiring Incentives to Restore Employment Act of 2010) (**TEFRA C**), the provisions of U.S. Treas. Reg. Section 1.163-5(c)(2)(i)(D) (or any successor U.S. Treasury regulation section including, without limitation, regulations issued in accordance with U.S. Internal Revenue Service Notice 2012-20 or otherwise in connection with the U.S. Hiring Incentives to Restore Employment Act of 2010) (**TEFRA D**), or neither the provisions of TEFRA C nor TEFRA D (**TEFRA not applicable**) will apply to the issuance of Securities. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and the U.S. Treasury regulations promulgated thereunder. Further information is set out in the Programme Agreement.

In connection with any Securities which are offered or sold in offshore transactions for the account or benefit of non-U.S. persons (or for the account or benefit of non-U.S. Persons in the case of certain Securities (including, but not limited to, Permanent Global W&C Securities) that may not at any time be offered, sold, transferred, pledged, delivered or exercised or redeemed, directly or indirectly, in the United States or to, or for the account or benefit of, or by, any U.S. Person) outside the United States in reliance on an exemption from the registration requirements of the Securities Act provided under Regulation S (**Regulation S Securities**) and any applicable state securities laws, each Dealer has represented and agreed that, and each further Dealer appointed under the Programme will be required to represent and agree that, except as permitted by the Programme Agreement, it will not offer, sell or deliver the Regulation S Securities within the United States or to, or for the account or benefit of, U.S. persons. In the case of certain Securities that may not at any time be offered, sold, transferred, pledged, delivered or exercised or redeemed, directly or indirectly, in the United States or to, or for the account or benefit of, or by, any U.S. Person, each Dealer has represented and agreed that, and each further Dealer appointed under the Programme will be required to

represent and agree, that it will not offer, sell or deliver such Securities within the United States or to, or for the account or benefit of, U.S. Persons. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will have sent to any other Dealer to which it sells any Regulation S Securities a confirmation or other notice setting forth the restrictions on offers and sales of the Regulation S Securities within the United States or to, or for the account or benefit of, U.S. persons. In the case of certain Securities that may not at any time be offered, sold, transferred, pledged, delivered or exercised or redeemed, directly or indirectly, in the United States or to, or for the account or benefit of, or by, any U.S. Person, each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will have sent to any other Dealer to which it sells any such Securities a confirmation or other notice setting forth the restrictions on offers and sales of such Securities within the United States or to, or for the account or benefit of, U.S. Persons. Unless otherwise defined herein, terms used in this paragraph have the meanings given to them by Regulation S.

An offer or sale of such Regulation S Securities within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Any person purchasing Regulation S Securities shall be deemed to have agreed with the Issuer or the seller of such Securities that (i) it will not at any time offer, sell, resell or deliver, directly or indirectly, any Securities of such series so purchased in the United States or to, or for the account or benefit of, any U.S. person or to others for offer, sale, resale or delivery, directly or indirectly, in the United States or to, or for the account or benefit of, any U.S. person and (ii) it is not purchasing any Securities of such series for the account or benefit of any U.S. person.

Any person purchasing Securities of a series eligible for sale (a) in the United States to a QIB that is also a QP or (b) to any U.S. person who is a QIB and also a QP and, in each case, who agrees to purchase the Securities for its own account or for the accounts of one or more other persons each of whom is a QIB that is a QP and not with a view to the distribution thereof and (unless otherwise provided in the applicable Final Terms) provides an Investor Representation Letter substantially in the form set out in the Agency Agreement shall be deemed to have agreed with the Issuer that any resales of such Securities to, or for the account or benefit of, a U.S. person may be effected only to a QIB that is also a QP that has executed an Investor Representation Letter. See "*Notice to Purchasers and Holders of Securities and Transfer Restrictions*" on pages 717 to 724.

Each issuance of Exempt Securities shall be subject to such additional U.S. selling restrictions as the Issuer and the relevant Dealer may agree as a term of the issuance and purchase of such Securities, which additional selling restrictions shall be set out in the applicable Final Terms. Each Dealer has agreed that it shall offer, sell and deliver such Securities only in compliance with such additional U.S. selling restrictions.

PUBLIC OFFER SELLING RESTRICTION UNDER THE PROSPECTUS DIRECTIVE

In relation to each Member State of the EEA which has implemented the Prospectus Directive (each, a **Relevant Member State**), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the **Relevant Implementation Date**) it has not made and will not make an offer of Securities which are the subject of the offering contemplated by this Base Prospectus as completed by the final terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Securities to the public in that Relevant Member State:

- (a) if the final terms in relation to the Securities specify that an offer of those Securities may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a **Non-Exempt Offer**), following the date of publication of a prospectus in relation to such Securities which has been approved by the competent authority in that Relevant Member State or, where

appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the final terms contemplating such Non-Exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable and the Issuer has consented in writing to its use for the purpose of that Non-Exempt Offer;

- (b) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (c) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (d) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Securities referred to in (b) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision:

- the expression an **offer of Securities to the public** in relation to any Securities in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to enable an investor to decide to purchase or subscribe the Securities, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State;
- the expression **Prospectus Directive** means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measure in the Relevant Member State.

For these purposes, a retail investor means (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU or (ii) a customer within the meaning of Directive 2002/92/EC, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of Directive 2014/65/EU.

- (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Securities in, from or otherwise involving the United Kingdom.

Accordingly, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it shall refrain from taking any action that would be characterised as or result in a public offering of these Securities in Belgium in accordance with the Law of 16 June 2006 on public offerings of investment instruments and the admission of investment instruments to trading on regulated markets, as amended or replaced from time to time.

Unless specified otherwise, the funds underlying the Fund Linked Securities are not registered in accordance with the UCITS Law or AIFM Law and cannot be offered to the public in Belgium. The expression Prospectus Directive means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measure in the Relevant Member State.

DENMARK

Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that the Securities as applicable have not been offered or sold and may not be offered, sold or delivered directly or indirectly in Denmark, unless in compliance with Chapters 6 or 12 of the Danish Securities Trading Act and executive orders issued pursuant thereto as amended from time to time.

ITALY

Unless specified in the relevant Final Terms that a non-exempt offer may be made in Italy, the offering of the Securities has not been registered pursuant to Italian securities legislation and, accordingly no Securities may be offered, sold or delivered, nor may copies of this Base Prospectus (including Final Terms) or of any other document relating to the Securities be distributed in Italy, except:

- (a) to qualified investors (*investitori qualificati*), as defined pursuant to Article 100 of the Legislative Decree No. 58 of 24 February 1998, as amended (the **Italian Financial Services Act**) and Article 34-ter, first paragraph, letter b) of CONSOB Regulation No. 11971 of 14 May 1999, as amended from time to time (**Regulation No. 11971**); or

Any offer, sale or delivery of the Securities or distribution of copies of the Base Prospectus or any other document relating to the Securities in Italy under (a) or (b) above must:

Please note that in accordance with Article 100-bis of the Italian Financial Services Act, where no exemption from the rules on public offerings applies, Securities which are initially offered and placed in Italy or abroad to qualified investors only, but in the following year are regularly ("sistematicamente") distributed on the secondary market in Italy to non-qualified investors become subject to the public offer and the prospectus requirement rules provided under the Italian Financial Services Act and Regulation No. 11971. Failure to comply with such rules may result in the sale of such Securities being declared null and void and in the liability of the intermediary transferring the Securities for any damages suffered by such non qualified investor.

POLAND

Pursuant to Article 7 of the Act on Public Offerings, the Conditions Governing the Introduction of Financial Instruments to Organised Trading, and Public Companies dated 29 July 2005, as amended (consolidated text, J. L. 2009, No. 185, item 1439) (the **Act on Public Offerings**), a "Public Offering" or admission of securities to trading on a regulated market requires an issue prospectus to be made available to the public. Pursuant to Article 37 of the Act of Public Offerings, securities of an issuer with its registered office in a Member State for which Poland is a host state may be offered in a Public Offering or admitted to trading on a regulated market in Poland on completing the passporting procedure described in that act.

Pursuant to Article 3 of the Act of Public Offerings, a "Public Offering" consists of making information available to at least 150 persons in the territory of one EEA or EU Member State or to an unspecified addressee, in any form and manner, about securities and the conditions for the acquisition of them, provided that this information constitutes satisfactory grounds for making a decision on whether to acquire the securities for consideration.

In connection with any private placement in Poland, no permit needs to be obtained from the Polish Financial Supervisory Authority (the **Polish FSA**) in relation to the issue of any Securities nor does the issue

of any Securities need to be notified to the Polish FSA. Accordingly, private placements of the Securities should not be conducted in the manner characteristic for Public Offerings. Any such placements may be subject to sanctions imposed by the Polish FSA. Each Dealer acknowledges that the acquisition and holding of the Securities by residents of Poland may be subject to restrictions imposed by Polish law (including foreign exchange regulations) and that the offers and sales of the Securities to Polish residents or within Poland in secondary trading may also be subject to restrictions.

PORTUGAL

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that Securities may only be offered by any such Dealer to the public in the Portuguese Republic under circumstances which are deemed to be a public offer (*oferta pública*) under the Portuguese Securities Code (*Código dos Valores Mobiliários*, **PSC**) enacted by Decree Law no. 486/99 of November 13 as amended from time to time, subject to the fulfilment of the requirements and provisions applicable to public offerings in Portugal.

In particular, no offering materials will be publicly distributed in Portugal by any such Dealer and no publicity or marketing activities related to Securities will be conducted in Portugal by any such Dealer unless the provisions relating to public offerings of securities and complex financial products (*produtos financeiros complexos*) in Portugal (if applicable) are duly complied with.
