RISKS IN RELATION TO THE FIRST OFFER

This being the first public issue of Equity Shares of our Company, there has been no formal market for the Equity Shares. The face value of each Equity Share is ₹10. The Floor Price, Cap Price and Offer Price determined by our Company in consultation with the Book Running Lead Managers on the basis of the assessment of market demand for the Equity Shares by way of the Book Building Process as stated in “*Basis for Offer Price*” beginning on page 150, in accordance with the SEBI ICDR Regulations should not be taken to be indicative of the market price of the Equity Shares after the Equity Shares are listed. No assurance can be given regarding an active or sustained trading in the Equity Shares or regarding the price at which the Equity Shares will be traded after listing.

GENERAL RISK

Investments in equity and equity-related securities involve a degree of risk and Bidders should not invest any funds in the Offer unless they can afford to take the risk of losing their entire investment. Bidders are advised to read the risk factors carefully before taking an investment decision in the Offer. For taking an investment decision, Bidders must rely on their own examination of our Company and the Offer, including the risks involved. The Equity Shares in the Offer have neither been recommended, nor approved by the Securities and Exchange Board of India (“**SEBI**”), nor does SEBI guarantee the accuracy or adequacy of the contents of this Prospectus. Specific attention of the Bidders is invited to “*Risk Factors*” beginning on page 29.

COMPANY’S AND PROMOTER SELLING SHAREHOLDER’S ABSOLUTE RESPONSIBILITY

Our Company, having made all reasonable inquiries, accepts responsibility for and confirms that this Prospectus contains all information with regard to our Company and the Offer, which is material in the context of the Offer, that the information contained in this Prospectus is true and correct in all material aspects and is not misleading in any material respect, that the opinions and intentions expressed herein are honestly held and that there are no other facts, the omission of which makes this Prospectus as a whole or any of such information or the expression of any such opinions or intentions misleading in any material respect. The Promoter Selling Shareholder accepts responsibility for and confirms only such statements made by them in this Prospectus to the extent such information specifically pertains to the Promoter Selling Shareholder and the Offered Shares and assumes responsibility that such statements are true and correct in all material respects and are not misleading in any material respect. Further, the Promoter Selling Shareholder confirms that it does not assume any responsibility for

any other statements, disclosures, and undertakings including without limitation, and all of the statements and undertakings made by or relating to our Company or Company's business or any other person(s), in this Prospectus.

SUMMARY OF THE OFFER DOCUMENT

The following is a general summary of certain disclosures and the terms of the Offer and is not exhaustive, nor does it purport to contain a summary of all the disclosures in this Prospectus or all details relevant to prospective investors. This summary should be read in conjunction with, and is qualified in its entirety by, the more detailed information appearing elsewhere in this Prospectus, including the sections titled “Risk Factors”, “The Offer”, “Capital Structure”, “Objects of the Offer”, “Industry Overview”, “Our Business”, “Our Promoter and Promoter Group”, “Selected Statistical Information”, “Restated Consolidated Financial Information”, “Outstanding Litigation and Material Developments”, “Offer Procedure” and “Description of Equity Shares and Terms of the Articles of Association” beginning on pages 29, 70, 86, 144, 178, 244, 314, 321, 333, 423, 538 and 561, respectively.

Primary Business of our Company

We are the seventh largest leading, diversified retail-focused non-banking financial company (“NBFC”) in India in terms of the size of Total Gross Loan book, at ₹ 902.2 billion as at March 31, 2024, amongst our NBFC peers according to the CRISIL Report. Our Company is categorized as an Upper Layer NBFC (“NBFC-UL”) by the RBI pursuant to a certificate of registration (N.01.00477) dated December 31, 2007 and is registered with the IRDAI as a corporate agent (composite) pursuant to a certificate of renewal registration dated March 10, 2025 bearing registration number CA0095. The Upper Layer comprises of NBFCs that are specifically identified by the RBI as warranting enhanced regulatory requirement based on a set of parameters and scoring methodology, as mentioned by the RBI from time to time. Further, the top ten eligible NBFCs in terms of their asset size shall always reside in the upper layer, irrespective of any other factor. For further details, see “Key Regulations and Policies – 1. Key Regulations Applicable to our Company - Master Direction – Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions, 2023 dated October 19, 2023 (“NBFC Scale Based Regulations”)” on page 275. We offer lending products through our three business verticals: Enterprise Lending, Asset Finance and Consumer Finance. We also offer business process outsourcing services such as back-office support services, collection and sales support services to our Promoter as well as fee-based products such as distribution of insurance products primarily to our lending customers. The table below sets forth the loan book for each of our three verticals and the top three products under each of such verticals as at March 31, 2025:

Industry in which our Company Operates

NBFCs have evolved in size, operations, technological sophistication and variety of financial services and products, growing from under ₹2 trillion AUM in Fiscal 2000 to ₹48 trillion in Fiscal 2025. In the financial sector ecosystem, NBFCs compete with banks, micro-finance companies, digital lending platforms and informal financiers. During Fiscals 2019 to 2025, NBFC credit grew at an estimated CAGR of 13.2%. CRISIL Intelligence expects NBFC credit to grow at 15-17% between Fiscal 2025 and Fiscal 2028 primarily driven by growth in the retail, MSME and corporate segments.

Risk Factors

The following is a summary of the top ten risk factors in relation to our Company:

1. Our Promoter may be required to significantly reduce its ownership in our Company, i.e., to less than 20% (or any such higher percentage with prior RBI approval) on account of overlapping business with our Promoter and one of the members of our Promoter Group if the draft circular issued by the RBI on October 4, 2024 is implemented in its current form, which may have a material adverse impact on our business operations, financial position and share price;
2. Our Gross Stage 3 Loans amounted to 2.26% of Total Gross Loans as at March 31, 2025, which was an increase from 1.90% as at March 31, 2024. Non-payment or default by our customers, our inability to provide adequate provisioning coverage for non-performing assets or change in regulatorily mandated provisioning requirements may adversely affect our financial condition and results of operations;
3. As at March 31, 2025, unsecured loans comprised 26.99% of our Total Gross Loans, which is a decrease from 28.66% as at March 31, 2024. Our unsecured loan portfolio is not supported by any collateral that could help ensure repayment of the loan, and in the event of non-payment by a borrower of one of these loans, we may be unable to collect the unpaid balance;
4. As at March 31, 2025, secured loans comprised 73.01% of our Total Gross Loans. The value of collateral for our secured loans may decrease or we may experience delays in enforcing collateral, impacting our ability to fully recover the collateral value, thereby exposing us to potential loss that could adversely affect our business, results of operations, cash flows and financial condition;
5. We may face asset-liability mismatches in the future, which may cause liquidity concerns and consequently affect our profitability, cash flows, business, results of operations and financial condition;
6. Our Company, Promoter and Directors are involved in certain legal proceedings, including actions taken and penalties imposed by relevant regulatory authorities, and any adverse outcomes in such proceedings may have a material adverse effect on our reputation, business, results of operations, cash flows and financial conditions;
7. We have incurred negative cash flows from operating, investing and financing activities in Fiscal 2023 and may continue to do so as we invest in further expanding our distribution network in India;
8. The Offer consists of an offer for sale, the proceeds of which will not be available to the Company;
9. We provide business process outsourcing (“BPO”) services such as back office, sales support and collection services to our Promoter, HDFC Bank, and the profit before tax from BPO services was 2.44% of the total profit before tax of our Company as of March 31, 2025. Discontinuation of such services to HDFC Bank may adversely impact our business, results of operations and financial condition; and

10. We rely on the parentage of our Promoter. However, the interests of the Promoter as our controlling shareholder may conflict with our interests or the interests of our other shareholders. Currently, our Company offers the same products as those offered by our Promoter and certain members of our Promoter Group, namely, HDFC Sales Private Limited and HDFC Securities Limited.

For further details of the risks applicable to us, see “*Risk Factors*” beginning on page 29. Investors are advised to read the risk factors carefully before making an investment decision in the Offer.

Certain Conventions

All references to “India” contained in this Prospectus are to the Republic of India and its territories and possessions and all references herein to the “Government”, “Indian Government”, “GoI”, “Central Government” or the “State Government” are to the Government of India, central or state, as applicable. All references to the “U.S.”, “US”, “U.S.A” or “United States” are to the United States of America and its territories and possessions.

Unless otherwise specified, any time mentioned in this Prospectus is in Indian Standard Time (“IST”). Unless indicated otherwise, all references to a ‘year’ in this Prospectus are to a calendar year.

Unless stated otherwise, all references to page numbers in this Prospectus are to the page numbers of this Prospectus.

Financial Data

Unless stated otherwise or the context otherwise requires, the financial information and financial ratios in this Prospectus have been derived from our Restated Consolidated Financial Information. For further information, see “*Restated Consolidated Financial Information*” beginning on page 333.

Restated consolidated financial information of HDB Group comprising the restated consolidated statement of assets and liabilities as at March 31, 2025, March 31, 2024 and March 31, 2023, the restated consolidated statement of profit and loss (including other comprehensive income), the restated consolidated statement of changes in equity and the restated consolidated statement of cash flows for the Financial Years ended March 31, 2025, March 31, 2024 and March 31, 2023, and notes to the restated consolidated financial information, prepared in accordance with the requirements of Section 26 of the Companies Act 2013; Paragraph (A) of Clause 11 (I) of Part A of Schedule VI of the SEBI ICDR Regulations and the Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India as amended from time to time.

Our Company’s financial year commences on April 1 and ends on March 31 of the next year. Accordingly, all references in this Prospectus to a particular FY, Financial Year, Fiscal or Fiscal Year, unless stated otherwise, are to the 12-month period ended on March 31 of that particular calendar year.

There are significant differences between Ind AS, Generally Accepted Accounting Principles in the United States of America (the “U.S. GAAP”) and IFRS. Our Company does not provide reconciliation of its financial information to IFRS or U.S. GAAP. Our Company has not attempted to explain those differences or quantify their impact on the financial data included in this Prospectus and it is urged that you consult your own advisors regarding such differences and their impact on our financial data. Accordingly, the degree to which the financial information included in this Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting policies and practices, the Companies Act, Ind AS and the SEBI ICDR Regulations. Any reliance by persons not familiar with Indian accounting policies and practices on the financial disclosures presented in this Prospectus should, accordingly, be limited. For risks relating to significant differences between Ind AS and other accounting principles, see “*Risk Factors – Significant differences exist between Ind AS and other accounting principles, such as U.S. GAAP and IFRS, which may be material to investors’ assessments of our financial condition.*” on page 64.

Unless the context otherwise indicates, any percentage amounts, or ratios as set forth in “*Risk Factors*”, “*Our Business*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” beginning on pages 29, 244, and 391 respectively and elsewhere in this Prospectus have been calculated on the basis of amounts derived from our Restated Consolidated Financial Information.

Non-Generally Accepted Accounting Principles Financial Measures

In addition to our results determined in accordance with Ind AS, we use a variety of financial and operational performance indicators like Average Total Assets, Average Total Gross Loans, Net Worth, Total Gross Loans, average Total Gross Loans, Total Borrowings, Return on Equity, Net Interest Income, Fee income, Net Total Income, Operating Expenses, Net Interest Margin, Gross NPA and Net NPA (“**Non-GAAP Measures**”) presented in this Prospectus which are a supplemental measure of our performance and are not required by, or presented in accordance with, Ind AS, Indian GAAP, or IFRS. Further, these Non-GAAP Measures are not a measurement of our financial performance or liquidity under Ind AS, Indian GAAP, or IFRS and should not be considered in isolation or construed as an alternative to cash flows, profit/ (loss) for the year or any other measure of financial performance or as an indicator of our operating performance, liquidity, profitability or cash flows generated by operating, investing or financing activities derived in accordance with Ind AS, Indian GAAP, or IFRS. In addition, these Non-GAAP Measures are not a standardised term, hence a direct comparison of similarly titled Non-GAAP Measures between companies may not be possible. Other companies may calculate the Non-GAAP Measures differently from us, limiting its usefulness as a comparative measure. Although the Non-GAAP Measures are not a measure of performance calculated in accordance with applicable accounting standards, our Company’s management believes that it is useful to an investor in evaluating us because it is a widely used measure to evaluate a company’s operating performance. See “*Risk Factors – We have*

in this Prospectus included certain non-GAAP financial measures and certain other selected statistical information related to our operations and financial condition. These non-GAAP measures and statistical information may vary from any standard methodology that is applicable across the financial services industry and therefore may not be comparable with financial or statistical information of similar nomenclature computed and presented by other financial services companies ” on page 60 and “Selected Statistical Information” on page 321.

Currency and Units of Presentation

All references to:

- “Rupees” or “₹” or “INR” or “Rs.” are to Indian Rupee, the official currency of the Republic of India; and
- “USD” or “\$” or “US\$” are to Dollar, the official currency of the United States of America.

Our Company has presented certain numerical information in this Prospectus in “million” units or in whole numbers where the numbers have been too small to represent in such units. One million represents 1,000,000 and one billion represents 1,000,000,000.

However, where any figures that may have been sourced from third-party industry sources are expressed in denominations other than millions, such figures appear in this Prospectus in such denominations as provided in the respective sources.

In this Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All figures derived from our Restated Consolidated Financial Information in decimals have been rounded off to the second decimal place. In certain instances, (i) the sum or percentage change of such numbers may not conform exactly to the total figure given, and (ii) the sum of the figures in a column or row in certain tables may not conform exactly to the total figure given for that column or row. However, where any figures may have been sourced from third-party industry sources, such figures may be rounded off to such number of decimal places as provided in such respective sources.

Exchange Rates

This Prospectus contains conversion of certain other currency amounts into Indian Rupees that have been presented solely to comply with the SEBI ICDR Regulations. These conversions should not be construed as a representation that these currency amounts could have been, or can be converted into Indian Rupees, at any particular rate or at all.

The following table sets forth, for the Financial Years/ periods indicated, information with respect to the exchange rate between the Rupee and the other currencies:

(Amount in ₹, unless otherwise specified)			
Currency	As of March 31, 2025	As of March 31, 2024	As of March 31, 2023
1 US\$	85.58	83.37	82.21

(Source: www.fedai.org.in)

Note:

(1) Exchange rate is rounded off to two decimal points.

(2) If the RBI reference rate is not available on a particular date due to a public holiday, exchange rates of the previous working day have been disclosed.

Industry and Market Data

Unless stated otherwise, information pertaining to the industry in which our Company operates in, contained in this Prospectus is derived from report titled “Report on Loans and Financial Services Industry in India” dated June 2025, prepared by CRISIL Intelligence (“CRISIL Report”). CRISIL is an independent agency and has no relationship with our Company, our Promoter, any of our Directors, KMPs, SMPs or the Book Running Lead Managers. The CRISIL Report has been exclusively commissioned and paid for by our Company, for the purpose of understanding the industry in connection with this Offer, since no report is publicly available which provides a comprehensive industry analysis, particularly for our Company’s services, that may be similar to the CRISIL Report. This Prospectus contains certain data and statistics from the CRISIL Report, which has been available on the website of our Company at <https://www.hdbfs.com/investor/offer-documents> and also included in “Material Contracts and Documents for Inspection” beginning on page 391.

About CRISIL Intelligence

“CRISIL Intelligence, a division of CRISIL Limited, provides independent research, consulting, risk solutions, and data & analytics to its clients. CRISIL Intelligence operates independently of CRISIL’s other divisions and subsidiaries, including, CRISIL Ratings Limited. CRISIL Intelligence’s strong benchmarking capabilities, granular grasp of sectors, proprietary analytical frameworks and risk management solutions backed by deep understanding of technology integration, makes it the partner of choice for public & private organisations, multi-lateral agencies, investors and governments for over three decades. For the preparation of this report, CRISIL Intelligence has relied on third party data and information obtained from sources which in its opinion are considered reliable.

Any forward-looking statements contained in this report are based on certain assumptions, which in its opinion are true as on the date of this report and could fluctuate due to changes in factors underlying such assumptions or events that cannot be reasonably foreseen. This report does not consist of any investment advice and nothing contained in this report should be construed as a recommendation to invest/disinvest in any entity. This industry report is prepared for use in the Offer Documents to be filed by the Company with the RoC, SEBI and the Stock Exchanges in India. The Company will be responsible for ensuring compliances and consequences of non-compliances for use of the Report or part thereof outside India.”

Industry publications generally state that the information contained in such publications has been obtained from publicly available documents from various sources which are believed to be reliable but accuracy, completeness relevance of such information shall be subject to the disclaimers, context and underlying assumptions of such sources. Although the industry and market data used in this Prospectus is reliable, the data used in these sources may have been re-classified by us for the purposes of presentation. Data from these sources may also not be comparable. Accordingly, no investment decisions should be based solely on such information. Such data involves risks, uncertainties and numerous assumptions and is subject to change based on various factors, including those discussed in “*Risk Factors – Industry information included in this Prospectus has been derived from the CRISIL Report, and any reliance on information from the CRISIL Report for making an investment decision in the Offer is subject to inherent risks*” on page 60.

Industry sources and publications may base their information on estimates and assumptions that may prove to be incorrect. The extent to which the industry and market data presented in this Prospectus is meaningful depends upon the reader’s familiarity with, and understanding of, the methodologies used in compiling such information. There are no standard data gathering methodologies in the industry in which our Company conducts business and methodologies and assumptions may vary widely among different market and industry sources. Such information involves risks, uncertainties and numerous assumptions and is subject to change based on various factors, including those discussed in “*Risk Factors*” beginning on page 29.

In accordance with the SEBI ICDR Regulations, “*Basis for Offer Price*” beginning on page 150 includes information relating to our peer group companies. Such information has been derived from publicly available sources specified herein.

Notice to Prospective Investors in the United States

The Equity Shares have not been reviewed or recommended by any U.S. federal or state securities commission or regulatory authority. Furthermore, the foregoing authorities have not confirmed the accuracy or determined the adequacy of this Prospectus or approved or disapproved the Equity Shares. Any representation to the contrary is a criminal offence in the United States. In making an investment decision, investors must rely on their own examination of our Company and the terms of the Offer, including the merits and risks involved. The Equity Shares offered in the Offer have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the “**U.S. Securities Act**”) or any other applicable law of the United States (or any state or other jurisdiction therein), and, unless so registered, may not be offered or sold within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws. Accordingly, the Equity Shares are being offered and sold (a) in the United States only to persons reasonably believed to be “qualified institutional buyers” (as defined in Rule 144A under the U.S. Securities Act (“**Rule 144A**”) and referred to in this Prospectus as “U.S. QIBs” and, for the avoidance of doubt, the term U.S. QIBs does not refer to a category of institutional investor defined under applicable Indian regulations and referred to in this Prospectus as QIBs) in transactions exempt from, or not subject to the registration requirements of the U.S. Securities Act and (b) outside the United States in “offshore transactions” (as defined in Regulation S) in compliance Regulation S and the applicable laws of the jurisdiction where those offers and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made, by persons in any such jurisdiction except in compliance with the applicable laws of such jurisdiction.

FORWARD-LOOKING STATEMENTS

This Prospectus contains certain “forward-looking statements”. These forward-looking statements generally can be identified by words or phrases such as “aim”, “anticipate”, “are likely”, “believe”, “continue”, “can”, “could”, “expect”, “estimate”, “intend”, “may”, “likely”, “objective”, “plan”, “propose”, “project”, “seek”, “will”, “will achieve”, “will continue”, “will likely”, “will pursue” or other words or phrases of similar import. Similarly, statements that describe our strategies, objectives, plans or goals are also forward-looking statements. All forward-looking statements are subject to risks, uncertainties, expectations and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. All statements in this Prospectus that are not statements of historical fact are ‘forward-looking statements’.

Actual results may differ materially from those suggested by forward-looking statements due to risks or uncertainties associated with expectations relating to and including, restrictions resulting from regulatory changes pertaining to the industry in India and other overseas jurisdictions in which we operate and our ability to respond to them, our ability to successfully implement our strategy, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions in India which have an impact on its business activities or investments, the monetary and fiscal policies of India, inflation, deflation, unanticipated turbulence in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, regulations and taxes and changes in competition in the industry in which we operate.

Certain important factors that could cause actual results to differ materially from our expectations include, but are not limited to, the following:

1. Non-payment or default by our customers, our inability to provide adequate provisioning coverage for non-performing assets or change in regulatorily mandated provisioning requirements. Our unsecured loan portfolio is not supported by any collateral that could help ensure repayment of the loan, and in the event of non-payment by a borrower of one of these loans, we may be unable to collect the unpaid balance.
2. Our unsecured loan portfolio is not supported by any collateral that could help ensure repayment of the loan, and in the event of non-payment by a borrower of one of these loans, we may be unable to collect the unpaid balance.
3. The value of collateral for our secured loans may decrease or we may experience delays in enforcing collateral, impacting our ability to fully recover the collateral value, thereby exposing us to potential loss.
4. Asset-liability mismatches in the future may cause liquidity concerns and consequently affect our profitability, cash flows, business, results of operations and financial condition.
5. We have incurred negative cash flows from operating, investing and financing activities in Fiscal 2023 and may continue to do so as we invest in further expanding our distribution network in India.

For further details regarding factors that could cause actual results to differ from expectations, see “*Risk Factors*”, “*Industry Overview*”, “*Our Business*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” beginning on pages 29, 178, 244 and 391 respectively. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual gains or losses could materially differ from those that have been estimated.

There can be no assurance to Bidders that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, Bidders are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements to be a guarantee of our future performance.

Forward-looking statements reflect current views as on the date of this Prospectus and are not a guarantee of future performance. These statements are based on our management’s beliefs and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect. Neither our Company, our Directors, the Promoter Selling Shareholder, the Syndicate nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition.

In accordance with the requirements of the SEBI ICDR Regulations, our Company shall ensure that investors are informed of material developments from the date of this Prospectus in relation to the statements and undertakings made by our Company in this Prospectus until the time of the grant of listing and trading permission by the Stock Exchanges for this Offer.

In accordance with the requirements of SEBI ICDR Regulations, the Promoter Selling Shareholder shall (solely to the extent of statements specifically made or confirmed by the Promoter Selling Shareholder in relation to the Offered Shares in this Prospectus), through our Company and the BRLMs ensure that investors in India are informed of material developments from

the date of the Red Herring Prospectus with the RoC and this Prospectus until the time of the grant of listing and trading permission by the Stock Exchanges for this Offer. Only statements and undertakings which are specifically confirmed or undertaken by the Promoter Selling Shareholder in relation to itself as a Promoter Selling Shareholder and its portion of the Offered Shares, in this Prospectus shall be deemed to be statements and undertakings made by the Promoter Selling Shareholder.

SECTION II: RISK FACTORS

An investment in our Equity Shares involves a high degree of risk. You should carefully consider all the information in this Prospectus, including the risks and uncertainties described below before making an investment in our Equity Shares.

We have described the risks and uncertainties that we believe are material, but these risks and uncertainties may not be the only risks relevant to us, our Equity Shares or the industry in which we currently operate or propose to operate. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also have an adverse effect on our business, prospects, results of operations, financial condition and cash flows. Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial or other implications of any of the risks mentioned in this section. If any or a combination of the following risks actually occur, or if any of the risks that are currently not known or deemed to be not relevant or material now actually occur or become material in the future, our business, cash flows, prospects, financial condition and results of operations could suffer, the trading price of our Equity Shares could decline, and you may lose all or part of your investment. For more details on our business and operations, see “Our Business”, “Industry Overview”, “Key Regulations and Policies”, “Selected Statistical Information”, “Restated Consolidated Financial Information” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” on pages 244, 178, 275, 321, 333, and 391, respectively, as well as other financial information included elsewhere in this Prospectus. In making an investment decision, you must rely on your own examination of our Company and the terms of the Offer, including the merits and risks involved, and you should consult your tax, financial and legal advisors about the particular consequences of investing in the Offer. Prospective investors should pay particular attention to the fact that our Company is incorporated under the laws of India and is subject to a legal and regulatory environment which may differ in certain respects from that of other countries.

This Prospectus also contains forward-looking statements that involve risks, assumptions, estimates and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including but not limited to the considerations described below and elsewhere in this Prospectus. For more details, see “Forward-Looking Statements” beginning on page 27.

Unless otherwise indicated or the context requires otherwise, the financial information included herein is derived from our Restated Consolidated Financial Information as of and for the fiscal years ended March 31, 2025, 2024 and 2023 included in this Prospectus. For further information, see “Restated Consolidated Financial Information” beginning on page 333. In addition, certain non-GAAP financial measures and certain other statistical information relating to our operations and financial performance have been included in this section and elsewhere in this Prospectus. Such non-GAAP financial measures should be read together with the nearest GAAP measure. See “Certain Conventions, Presentation of Financial, Industry and Market Data—Non-Generally Accepted Accounting Principles Financial Measures” on page 24. Our fiscal year commences on April 1 and ends on March 31 of each year, and references to a particular Fiscal are to the 12 months ended March 31 of that year.

*Unless otherwise indicated, industry and market data used in this section has been derived from industry publications, in particular, the report titled “Report on Loans and Financial Services Industry in India” (the “**CRISIL Report**”) prepared and issued by CRISIL Intelligence, appointed by us pursuant to a technical proposal dated September 6, 2024 and addendum dated May, 26, 2025 and exclusively commissioned and paid for by us in connection with the Offer. A copy of the CRISIL Report has been available on the website of our Company at <https://www.hdbfs.com/investor/offer-documents> and has also been included in “Material Contracts and Documents for Inspection” on page 391. The data included herein includes excerpts from the CRISIL Report and may have been re-ordered by us for the purposes of presentation. There are no parts, data or information (which may be relevant for the proposed Offer), that has been left out or changed in any manner. Unless otherwise indicated, financial, operational, industry and other related information derived from the CRISIL Report and included herein with respect to any particular year refers to such information for the relevant calendar year. For more information, see “—Internal Risk Factors—Industry information included in this Prospectus has been derived from the CRISIL Report, and any reliance on information from the CRISIL Report for making an investment decision in the Offer is subject to inherent risks” on page 60. Also see “Certain Conventions, Use of Financial Information and Market Data and Currency of Presentation—Industry and Market Data” on page 25. CRISIL is an independent agency and is not related to the Company, its Directors, Promoters or Promoter Selling Shareholder.*

INTERNAL RISK FACTORS

- 1. Our Promoter may be required to significantly reduce its ownership in our Company, i.e., to less than 20% (or any such higher percentage with prior RBI approval) on account of overlapping business with our Promoter and one of the members of our Promoter Group if the draft circular issued by the RBI on October 4, 2024 is implemented in its current form, which may have a material adverse impact on our business operations, financial position and share price.***

We are a subsidiary of HDFC Bank Limited (“**Promoter**”) which owns a 94.09% stake of the issued paid up capital of our Company (on a fully diluted basis) as of March 31, 2025. The RBI has issued a draft circular on October 4, 2024 aimed at eliminating any overlap in core business activities between a bank and its group entities (“**Proposed Rules**”). The Proposed Rules are subject to comments from the industry and the public and their final version may be subject to change.

Currently, our Company offers the same products as those offered by our Promoter and certain members of our Promoter Group, namely, HDFC Sales Private Limited which is engaged in providing BPO services and is a registered corporate agent for certain promoter group members, and HDFC Securities Limited which is also a registered corporate agent. The revenue from our lending business as a percentage of our total revenue from operations for Fiscal 2025 was 92.54% and the revenue from our BPO services as a percentage of our total revenue from operations for Fiscal 2025 was 7.46%. If the Proposed Rules are implemented in their current form, then our Promoter will be required to further significantly reduce its ownership in our Company, i.e., to less than 20% (or any such higher percentage with prior RBI approval) within a period of two years from the date on which the Proposed Rules come into effect. Such significant decrease in ownership by our Promoter may have a material adverse impact on our business operations and share price. Further, any divestment by our Promoter will need to comply with applicable laws, including the SEBI SAST Regulations. Further, if our Promoter fails to reduce its shareholding below the prescribed limit within a period of two years, then there may be additional restrictions imposed on our business until our Promoter achieves the required ownership. For instance, the RBI may direct that a particular product may not be offered by both us and the Promoter or a relevant member of our Promoter Group. Such restrictions may adversely impact our business, results of operations and financial condition.

2. *Our Gross Stage 3 Loans amounted to 2.26% of Total Gross Loans as at March 31, 2025, which was an increase from 1.90% as at March 31, 2024. Non-payment or default by our customers, our inability to provide adequate provisioning coverage for non-performing assets or change in regulatorily mandated provisioning requirements may adversely affect our financial condition and results of operations.*

Our customers may default on their repayment obligations or may delay payments due to various factors. We may also experience a drop in collection efficiency. The quality of our loan portfolio, including the amount of Gross Stage 3 Loans may be adversely affected on account of various factors that are beyond our control, such as macro-economic factors and adverse regulatory or policy changes as well as customer-specific factors, such as the cyclical nature of the customer's business, wilful default, and mismanagement of a customer's financial obligations, which adversely affect the customer's business and ability to meet loan obligations. As we expand our geographical footprint and deepen the penetration of our business verticals, we may fail to make proper assessment of credit risks associated with new customers or products and a higher percentage of our loans may become non-performing. In respect of our secured loans, we may be exposed to risks of default in payment to the extent the value of the collateral declines or falls short of the amount of the loan or if the collateral goes missing or is destroyed. For further details, see “—As at March 31, 2025, secured loans comprised 73.01% of our Total Gross Loans. The value of collateral for our secured loans may decrease or we may experience delays in enforcing collateral, impacting our ability to fully recover the collateral value, thereby exposing us to potential loss that could adversely affect our business, results of operations, cash flows and financial condition.” on page 32.

The table below provides a breakdown of Gross Stage 3 Loans and Net Stage 3 Loans, as sums and as percentages of the Total Gross Loans, impairment on financial instruments (including write-offs), Stage 3 Impairment Allowance and Provision Coverage Ratio as at the dates indicated below:

Particulars	As at (₹ in million except percentages)		
	March 31, 2025	March 31, 2024	March 31, 2023
Total Gross Loans	1,068,775.8	902,179.3	700,307.0
Gross Stage 3 Loans ⁽¹⁾	24,137.1	17,118.2	19,148.5
Net Stage 3 Loans ⁽²⁾	10,631.3	5,679.9	6,682.5
Stage 3 Impairment Allowance	13,505.8	11,438.3	12,466.0
Gross Stage 3 Loans as a percentage of Total Gross Loans (%)	2.26	1.90	2.73
Net Stage 3 Loans as a percentage of Total Gross Loans (%)	0.99	0.63	0.95
Provision Coverage Ratio (%)	55.95	66.82	65.10
Impairment on financial instruments (including write-offs)	21,130.5	10,673.9	13,304.0

Notes:

⁽¹⁾ Gross Stage 3 Loans are loan assets which are 90 days past due on its contractual payments before considering impairment allowances as at the last day of the specified period.

⁽²⁾ Net Stage 3 Loans: Gross stage 3 loans reduced by impairment allowances provided on stage 3 loans as at the last day of the specified period.

We may also not achieve the anticipated collections which our statistical models predict and the analytical tools we use in our business may prove to be inaccurate. Our success depends on our ability to manage credit risk while attracting new customers. See also “—New-to-credit borrowers constituted 11.57% of our Total Gross Loans as at March 31, 2025. We may not be able to properly assess the credit worthiness of new-to-credit borrowers, and loans extended to such new-to-credit borrowers may accordingly have a higher risk of non-performance or default.” on page 47 and “—We rely on the accuracy and completeness

of information about customers and counterparties. Any misrepresentation, errors or incompleteness of such information could adversely affect our business, results of operations, cash flows and financial condition.” on page 48.

Any increase in our Gross Stage 3 Loans could adversely impact our credit ratings and translate into an increase in our Average Cost of Borrowings. Furthermore, if the level of Gross Stage 3 ratio increases, we will have to increase our respective provisions accordingly. This could have a material adverse effect on our business, results of operations, cash flows and financial condition.

We are also required to make provisions for Expected Credit Loss (“ECL”) on all our loans outstanding on the relevant reporting date. In compliance with the NBFC Scale Based Regulations, we apply the ECL model in accordance with Ind AS 109 for recognising impairment losses on financial assets. For further information, see “*Restated Consolidated Financial Information – Note 2.2 - (G) Impairment of financial assets*” on page 348. The computation of ECL provisioning is based on historical trends and macroeconomic factors and we may make errors in computing historical and recovery trends. The estimates used in computing variables for ECL may also undergo material change, which may have a significant impact on the carrying values of our loans, impairment on financial instruments and a consequential impact on our profitability, equity and capital to risk (weighted) assets ratio (“CRAR”). For instance, our impairment on financial instruments increased by 97.96% to ₹21,130.5 million in Fiscal 2025, from ₹10,673.9 million in Fiscal 2024, primarily due to a combination of macro-economic conditions and stress seen in specific loan segments during Fiscal 2025, which in turn affected our profitability for Fiscal 2025. For further information, see “*Management’s Discussion and Analysis of Financial Condition and Results of Operations—Critical Accounting Policies—Financial Instruments*” on page 399. The table below summarizes the ECL allowances in relation to loans as at the dates indicated below:

Particulars	As at (₹ in million)		
	March 31, 2025	March 31, 2024	March 31, 2023
Total impairment loss allowance	35,345.4	34,966.7	36,480.3

Additionally, the RBI, under the SBR Regulations, has categorized us as “Upper Layer” (NBFC-UL) in its circular dated September 14, 2023. As a result, we are subject to certain additional provisioning requirements. For details, see “*Key Regulations and Policies*” on page 275. If regulators, including the RBI, continue to increase regulatory requirements regarding Gross Stage 3 Loans and provisioning for such assets, the level of Gross Stage 3 Loans as well as provisions could increase, which may have an adverse effect on our business, result of operations, cash flows and financial condition.

3. ***As at March 31, 2025, unsecured loans comprised 26.99% of our Total Gross Loans, which is a decrease from 28.66% as at March 31, 2024. Our unsecured loan portfolio is not supported by any collateral that could help ensure repayment of the loan, and in the event of non-payment by a borrower of one of these loans, we may be unable to collect the unpaid balance.***

We offer unsecured enterprise loans to small businesses and unsecured personal loans to our retail customers as part of our Enterprise Lending and Consumer Finance business verticals, respectively. The following table shows the amounts of secured and unsecured loans in our portfolio as at the dates indicated:

Particulars	As at (₹ in million except percentages)		
	March 31, 2025	March 31, 2024	March 31, 2023
Total Gross Loans	1,068,775.8	902,179.3	700,307.0
Total gross secured loans	780,322.0	643,589.8	510,318.7
Total gross unsecured loans	288,453.8	258,589.5	189,988.3
Total gross unsecured loans as a percentage of Total Gross Loans (%)	26.99	28.66	27.13

Unsecured loans represent a greater credit risk for us than our secured loan portfolio because they may not be supported by realisable collateral that could help ensure an adequate source of repayment for the loan. Although we normally obtain NACH or direct debit instructions from our customers for unsecured loan products, we may be unable to collect in part or at all in the event of non-payment by a borrower. Further, any expansion in our unsecured loan portfolio could require us to increase our provision for credit losses, which would decrease our earnings.

If we are unable to realise the amounts, it may lead to an increase in our Gross Stage 3 Loans which could in turn adversely impact our credit ratings and translate into an increase in our Average Cost of Borrowings. Furthermore, if the level of Gross Stage 3 ratio increases, we will have to increase our respective provisions accordingly. This could have a material adverse effect on our business, results of operations, cash flows and financial condition.

Since these loans are unsecured in nature, in the event of default by such customers, our ability to realise the amounts due to us would be restricted to initiating legal proceedings for recovery. There can be no guarantee as to the amount of our resources that would be utilised and the length of time it could take to conclude such legal proceedings or for the legal proceedings to

result in a favourable decision to us. See also “—Our Company, Promoter and Directors are involved in certain legal proceedings, including actions taken and penalties imposed by relevant regulatory authorities, and any adverse outcomes in such proceedings may have a material adverse effect on our reputation, business, results of operations, cash flows and financial conditions.” on page 34. Any failure to recover the full amount due on such unsecured loans could adversely affect our business, profitability, financial condition, results of operations and cash flows.

4. ***As at March 31, 2025, secured loans comprised 73.01% of our Total Gross Loans. The value of collateral for our secured loans may decrease or we may experience delays in enforcing collateral, impacting our ability to fully recover the collateral value, thereby exposing us to potential loss that could adversely affect our business, results of operations, cash flows and financial condition.***

Most of our products spanning across Enterprise Lending, Asset Finance and Consumer Finance are secured. The underlying security of our loans varies and depends on our assessment of the credit risk of the borrower. The main types of collateral in our business include charges over residential or commercial properties, commercial equipment and wheeled assets.

The value of the collateral such as wheeled assets, residential and commercial properties and commodities such as gold may fluctuate or decline due to factors beyond our control, including deterioration in regional economic conditions or asset values or deficiencies in the perfection of collateral. Such risk is particularly higher in situations where the collateral is in the form of depreciating fixed assets, such as wheeled assets. In the case of collateral in the form of mortgage over our customers’ residential or commercial property, we are exposed to adverse movements in the price of such immovable property and the real estate market in general. Our outstanding loans may exceed the value of the underlying collateral if the value of the collateral reduces significantly or if the collateral goes missing or is destroyed. As a result of the foregoing, we may not be able to realise the full value of the collateral, assign or refinance such loans.

The following table shows the concentration of our loans on the basis of the nature of the collateral:

Particulars	As at (₹ in million except percentages)					
	March 31, 2025		March 31, 2024		March 31, 2023	
	Amount	%	Amount	%	Amount	%
Mortgage backed loans	249,385.8	23.33	211,905.7	23.49	184,629.5	26.36
Other assets backed loans	490,140.3	45.86	400,514.7	44.39	301,840.9	43.10
Personal loans	288,453.8	26.99	221,654.3	24.57	168,749.0	24.10
Others ⁽¹⁾	40,795.9	3.82	68,104.6	7.55	45,087.6	6.44
Total gross secured loans	780,322.0	73.01	643,589.8	71.34	510,318.7	72.87
Total Gross Loans	1,068,775.8	100.00%	902,179.3	100.00	700,307.0	100.00

Notes:

⁽¹⁾ “Others” includes Consumer Durables, Two Wheeler Loans, Gold Loans and Micro Lending.

Furthermore, there can be no certainty that we will be able to successfully repossess or liquidate the collateral in the event of a default. We may face delays, including in respect of legal proceedings and auction processes, which may be exacerbated by political instability or social factors in the states where we operate. We also incur legal and administrative costs in the repossession and sale of the collateral. In addition, foreclosure on collateral may be subject to administrative requirements that could result in, or be accompanied by, a decrease in the value of the collateral.

In particular, with respect to properties which are made collateral, there is no central title registry for real estate or immovable property in India and the documentation of land records in India has not been fully digitized. We are exposed to the risk of forged or defective title deeds and property documents from time to time in the ordinary course of business, including on account of out-of-date or illegible local land records which may only be available in the local vernacular languages. Although the Government of India established and operationalised the Central Registry of Securitisation Asset Reconstruction and Security Interest of India (the “CERSAI”) on March 31, 2011, under the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 (the “SARFAESI Act”) to create a central database of all charges on receivables and moving assets (including mortgages) created by lending institutions, the management and maintenance of this database is subject to the accuracy of descriptions of property submitted by lending institutions and set out in the relevant property deeds. While data is required to be updated on the CERSAI portal, potential disputes or claims over title to our mortgaged properties may arise. Title to the property may be disputed including with respect to alleged short payment of stamp duty or registration fees, which may render the title documents inadmissible in evidence.

As a result of the above, we may not be able to realise the full value of our collateral due to delays in foreclosure proceedings and a failure to recover the expected value of collateral security could expose us to a potential loss. If we are unable to seize and/or recover the full value of collateral in a timely manner, or at all, our business, results of operations, cash flows and financial condition may be adversely affected.

5. ***We may face asset-liability mismatches in the future, which may cause liquidity concerns and consequently affect our profitability, cash flows, business, results of operations and financial condition.***

We continue to cater to our liquidity needs and maintain adequate sources of funding for business growth through diversified

funding sources. We have adopted a policy of managing assets while monitoring future cash flows and our liquidity on a daily basis.

Mismatches in the maturity of our assets and liabilities are a key financial and liquidity risk for us. Asset-liability mismatches may arise if assets and liabilities mature over different periods. Asset liability management is standard for a lending company, as some portion of our funding requirements is also met through short and medium-term funding sources, such as commercial papers. Mismatches between our assets and liabilities are compounded in case of pre-payments of the loans by our customers. Our inability to obtain additional credit facilities or renew our existing credit facilities for matching the tenure of our loan portfolio in a timely and cost-effective manner or at all may lead to mismatches between our assets and liabilities, which in turn may adversely affect our results of operations and financial condition. The table below provides an overview of our asset and liability maturity pattern as at March 31, 2025:

Particulars	Liabilities		Assets		Cumulative mismatch (in ₹ million)
	(in ₹ million)	Percentage of Total Liabilities	(in ₹ million)	Percentage of Total Assets

Note:

⁽¹⁾ Assets maturing in less than one month includes cash and liquid investments

Our Company is required to adhere to the liquidity risk management framework prescribed under the NBFC Scale Based Regulations. This includes maintaining a liquidity buffer in terms of liquidity coverage ratio to promote resilience to potential liquidity disruptions by ensuring that we have sufficient high quality liquid assets to survive any acute liquidity stress scenario lasting for 30 days. For further information on the liquidity risk management framework, see “*Key Regulations and Policies—Master Direction – Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions, 2023 dated October 19, 2023 (“NBFC Scale Based Regulations”)—Liquidity Risk Management Framework and Liquidity Coverage Ratio*” on page 275. The table below provides an overview of our Liquidity Coverage Ratio as at the dates indicated:

For further details on the maturity pattern of our assets and liabilities, see “*Selected Statistical Information*” on page 321.

6. Our Company, Promoter and Directors are involved in certain legal proceedings, including actions taken and penalties imposed by relevant regulatory authorities, and any adverse outcomes in such proceedings may have a material adverse effect on our reputation, business, results of operations, cash flows and financial conditions.

In the ordinary course of business, our Company, Promoter and Directors are involved in legal proceedings, which are pending at varying levels of adjudication at different forums. For more information, see “*Outstanding Litigation and Material Developments*” on page 423. As on the date of this Prospectus, the aggregate amount involved in litigation against the Company is ₹1,011.7 million (to the extent ascertainable and quantifiable), which is 0.68% of our net worth (₹149,365.0 million) as of March 31, 2025. The summary of outstanding matters set out below includes details of criminal proceedings, tax proceedings, statutory and regulatory actions and other material pending litigation involving our Company, Promoters and our Directors.

Further, in the ordinary course of business, we have initiated recovery proceedings against our borrowers, for the dishonour of cheques and for dishonour of electronic funds transfer. Please refer to “- *Our Gross Stage 3 Loans amounted to 2.26% of Total Gross Loans as at March 31, 2025, which was an increase from 1.90% as at March 31, 2024. Non-payment or default by our customers, our inability to provide adequate provisioning coverage for non-performing assets or change in regulatorily mandated provisioning requirements may adversely affect our financial condition and results of operations.*” on page 30. We have, in the ordinary course of our business, also filed certain complaints with respect to offences such as fraudulent activities committed by certain borrowers. While these proceedings are pending at various stages of adjudication before various courts, we cannot ensure that they will get resolved in our favor and may have an adverse effect on our business, results of operations, financial condition and cash flows.

Any adverse decision in legal proceedings pending or in the future may have a significant effect on our business, results of operations, financial condition and cash flows of our Company. There can be no assurance that the results of such legal proceedings will not materially harm our business, reputation or standing in the marketplace or that we will be able to recover any losses incurred from third parties, regardless of whether we are at fault. Even if we are successful in defending such cases, we may be subject to legal and other costs incurred pursuant to defending such litigation, and such costs may be substantial and not recoverable. There can be no assurance that losses relating to litigation or arbitration will be covered by insurance or that any such losses would not have a material adverse effect on our business, results of operations, financial condition and cash flows.

In particular, one of our Group Companies and member of our Promoter Group, HDFC Securities Limited (“**HSL**”), had received a show cause notice from the SEBI. The show-cause notice dated October 9, 2024 is in the matter of Tradetron and other algorithm trading platforms where HSL was one of the brokers associated with one of the algorithm platforms being investigated by SEBI. The inquiry is being conducted under Rule 4(1) of SEBI (Procedure for Holding Inquiry and Imposing Penalties) Rules, 1995 read with Section 15-I of the SEBI Act and the show cause notice has been issued to provide reasons on why penalty should not be imposed under Section 15HB of the SEBI Act. Subsequently, HSL has submitted a settlement application with SEBI vide letter dated December 19, 2024, which is currently pending. Further, in the past, there have been actions initiated by SEBI against certain members of our Promoter Group and Group Companies which have now been settled.

Further, several disciplinary actions including penalty proceedings by SEBI and the Stock Exchanges have been initiated against our Promoter. See also “*Outstanding Litigation and Material Developments – Litigation involving our Promoter – Disciplinary Actions including penalty imposed by the SEBI or Stock Exchanges*” on page 473, “—*Our Promoter is subject to periodic inspections by the RBI in India. Non-compliance with regulations and observations made during the RBI’s inspections could expose our Promoter to penalties, suspension and restrictions as well as cancellation of its licence. Violations by our Promoter or regulatory actions against our Promoter could adversely affect our reputation and business*” on page 49 and “—*Certain of our Group Companies are subject to regulation and regulatory oversight by various regulators in India. Non-compliance with regulations could expose such Group Companies to penalties, suspension and restrictions as well as cancellation of their licence. Violations by our Group Companies and regulatory actions against our Group Companies could adversely affect our reputation and business*” on page 50.

A summary of the nature and number of outstanding material litigation as on the date of this Prospectus, as decided by our Board and further detailed in “*Outstanding Litigation and Material Developments*” on page 423, involving our Company, Promoters and certain of our Directors, along with the amount involved, to the extent quantifiable, has been set out below:

For further details, see “Outstanding Litigation and Material Developments” on page 423.

We cannot assure you that any of litigation matters will be settled in our favour or in favour of our Company, Promoter or Directors, as applicable, or that no additional liability will arise out of these proceedings.

As of the date of this Prospectus, there are no legal proceedings involving our Group Companies that may have a material impact on our Company.

7. We have incurred negative cash flows from operating, investing and financing activities in Fiscal 2023 and may continue to do so as we invest in further expanding our distribution network in India.

The table below shows our Restated Consolidated Financial Information on cash flows for Fiscals 2025, 2024 and 2023:

Particulars	Fiscal		
	2025	2024	2023
Net cash flow generated from/(used) in operating activities (in ₹ million)	(136,263.3)	(167,360.4)	(68,506.1)
Net cash generated from/(used) in investing activities (in ₹ million)	11,590.2	(21,455.6)	9,733.2
Net cash generated from/(used) in financing activities (in ₹ million)	127,699.2	191,335.5	57,959.9
Net increase/(decrease) in cash and cash equivalents (in ₹ million)	3,026.1	2,519.5	(813.0)

Our net cash flow used in operating activities in Fiscals 2025, 2024 and 2023 was primarily due to an increase in loan disbursements. Our net cash used in investing activities in Fiscal 2024 was primarily due to purchase of investments. For further details on our cash flows, please see “Management’s Discussion and Analysis of Financial Condition and Results of Operations—Cash Flows” on page 411. We may continue to incur negative cash flows as we continue investing in our distribution network.

8. The Offer consists of an offer for sale, the proceeds of which will not be available to the Company.

The Offer includes an offer for sale of up to 135,135,135* Equity Shares aggregating to ₹100,000.0 million by the Promoter

Selling Shareholder, amounting to approximately 80.00% of the Total Offer Size. The proceeds from the Offer for Sale will be transferred to the Promoter Selling Shareholder, in proportion to the Offered Shares transferred by the Promoter Selling Shareholder in the Offer for Sale. Our Company will not receive any of the proceeds from the sale of Equity Shares by the Promoter Selling Shareholder. For details in relation to the Offer, and the manner in which the Net Proceeds from the Fresh Issue are proposed to be deployed, see “*The Offer*” and “*Objects of the Offer*” on pages 70 and 144, respectively.

**Subject to Basis of Allotment*

9. ***We provide business process outsourcing (“BPO”) services such as back office, sales support and collection services to our Promoter, HDFC Bank, and the profit before tax from BPO services was 2.44% of the total profit before tax of our Company as of March 31, 2025. Discontinuation of such services to HDFC Bank may adversely impact our business, results of operations and financial condition.***

We provide BPO services for our Promoter, HDFC Bank, as permitted by the RBI. Such BPO services include back office, sales support and collection services.

The following table sets forth income generated through fee-based and BPO services for the periods indicated:

Particulars	For Fiscal		
	2025	2024	2023
Income from BPO services (in ₹ million)	12,166.6	19,495.5	26,339.3
Income from BPO services as a percentage of total income (in %)	7.46	13.76	21.24

Our master service agreement with HDFC Bank relating to such services contains a change of control or ownership provision, which allows each party to terminate the master service agreement. Any termination or failure to renew our agreements with HDFC Bank would affect our BPO services which may adversely impact our business, results of operations and financial results.

10. ***We rely on the parentage of our Promoter. However, the interests of the Promoter as our controlling shareholder may conflict with our interests or the interests of our other shareholders. Currently, our Company offers the same products as those offered by our Promoter and certain members of our Promoter Group, namely, HDFC Sales Private Limited and HDFC Securities Limited.***

Our Promoter, HDFC Bank Limited (“**HDFC Bank**”), owns a 94.09% stake of the issued paid up capital of our Company (on a fully diluted basis) as of March 31, 2025. In connection with the Offer, our Promoter is expected to sell a portion of its stake, but it is still expected to continue to hold the majority of the Equity Shares in our Company following the Offer and to exercise significant influence over our business policies, affairs and other matters, on account of its shareholding. For further information on our Promoter’s shareholding pre- and post-Offer, see “*Capital Structure—History of the equity share capital held by our Promoter—Build-up of the shareholding of our Promoter in our Company*” on page 131. This concentration of ownership may delay, defer or even prevent a change in control of our Company and may make some transactions more difficult or impossible without the support of our Promoter. The interests of the Promoter as our controlling shareholder may conflict with our interests or the interests of our other shareholders following the Offer. Currently, our Company offers the same products as those offered by our Promoter, though currently we target different borrower segments, and certain members of our Promoter Group, namely, HDFC Sales Private Limited which is engaged in providing BPO services and is a registered corporate agent for certain promoter group members, and HDFC Securities Limited which is also a registered corporate agent. We cannot assure you that we will not compete with our Promoter or any of the members of our Promoter Group in the future. For further details, see “*Our Promoter and Promoter Group—Interest of our Promoter*” on page 316.

Further, we rely on the parentage of our Promoter for certain areas of our business, including as a lender under our borrowings for the funding of our growth, as well as for our strong credit ratings and low costs of borrowing (see “*Financial Indebtedness*” on page 418). We have also benefited from the long-term support and brand value of our Promoter. Such parentage and support of our Promoter may or may not continue following any reduction in shareholding. Additionally, our bank borrowings include covenants allowing banks to recall or reprice the relevant debt facilities if our Promoter’s stake in our Company falls below 51%. As a result, we may need to, among other things, access other lenders or additional sources of funding in the future for meeting our borrowing requirements, our credit ratings may be adversely impacted and our borrowing costs may increase. Furthermore, the Promoter’s ability to influence our business policies, affairs and other matters could be impacted by its reduced shareholding (including on account of the draft circular issued by the RBI on October 4, 2024) or other factors and any inaction on the part of our Promoter may affect the operations of the Company. Any changes in the relationship between our Company and our Promoter may also have an impact on the price of our Equity Shares following the Offer. See also “*—We rely on a trademark license agreement with our Promoter, HDFC Bank, to use the HDFC Bank logo. Any termination of our rights to use the HDFC Bank logo or any reputational harm to the HDFC Bank brand could materially and adversely affect our brand recognition, business, financial condition and results of operations*”, “*—We have entered into and may continue to enter into*

related-party transactions, which may potentially involve conflicts of interest”, “—We provide business process outsourcing (“BPO”) services such as back office, sales support and collection services to our Promoter, HDFC Bank, and the profit before tax from BPO services was 2.44% of the total profit before tax of our Company as of March 31, 2025. Discontinuation of such services to HDFC Bank may adversely impact our business, results of operations and financial condition”, “—Our Promoter may be required to significantly reduce its ownership in our Company, i.e., to less than 20% (or any such higher percentage with prior RBI approval) on account of overlapping business with our Promoter and one of the members of our Promoter Group if the draft circular issued by the RBI on October 4, 2024 is implemented in its current form, which may have a material adverse impact on our business operations, financial position and share price.” and “Our Promoter and Promoter Group” on pages 37, 52, 36, 29 and 314, respectively.

11. We rely on a trademark license agreement with our Promoter, HDFC Bank, to use the HDFC Bank logo. Any termination of our rights to use the HDFC Bank logo or any reputational harm to the HDFC Bank brand could materially and adversely affect our brand recognition, business, financial condition and results of operations.

Our right to use the HDFC Bank logo (the “**Trademark**”) is subject to a trademark license agreement entered into with our Promoter, HDFC Bank, on December 19, 2023 (the “**Agreement**”). The Trademark is crucial in marketing our products. Under the Agreement, our Company has been granted a non-exclusive, non-assignable (except in certain limited circumstances) and non-transferable license to use the Trademark with respect to its business and subject to the terms and conditions set forth under the Agreement. For further details, see “About our Company—History and Certain Corporate Matters—Trademark license agreement dated December 19, 2023 entered amongst our Company and our Promoter HDFC Bank Limited (the holding company of our Company) for the use of the corporate logo.” on page 296. For representative purposes, the table below sets forth the license fee paid by our Company to our Promoter under the Agreement for the periods indicated:

Particulars	For Fiscal		
	2025	2024	2023
	(in ₹ million)		
Corporate logo license fees (A)	325.9	261.6	171.9
Net Revenue from operation excluding revenue from BPO services ⁽¹⁾ (B)	86,380.9	72,455.1	61,722.7
A/B (%)	0.38	0.36	0.28

Notes:

(1) Net Revenue from operation excluding revenue from BPO services: Total Revenue less Sale of services, Net gain on fair value changes, Net gain/(loss) on derecognition of financial instruments under amortised cost and Finance costs.

The Agreement will continue to be in effect until the earlier of July 1, 2028, or the time at which the Company ceases to be a subsidiary of HDFC Bank. See “—We rely on the parentage of our Promoter. However, the interests of the Promoter as our controlling shareholder may conflict with our interests or the interests of our other shareholders. Currently, our Company offers the same products as those offered by our Promoter and certain members of our Promoter Group, namely, HDFC Sales Private Limited and HDFC Securities Limited.” on page 36. The Agreement may be terminated by HDFC Bank at any time with three months’ notice as well as on certain specific grounds. Any termination or failure to renew the Agreement could materially and adversely affect our business, results of operation and financial condition. In such circumstances or otherwise, the Company may potentially consider changing the legal entity name or the branding of the Company subject to receipt and compliance of applicable regulatory and statutory approvals.

Further, we are dedicated to maintaining the trust and confidence of our clients, and we believe that the good reputation created thereby, and inherent in the HDFC Bank brand, is essential to our business. As such, any reputational damage to HDFC Bank or its senior management could substantially impair our ability to maintain or grow our business and may result in loss of business by our existing customers and existing partners or loss of business from potential new customers or potential new partners. In addition, any action on the part of any of the companies in the HDFC Bank group that negatively impacts the HDFC Bank brand could have a material adverse effect on our brand recognition, our business, financial condition and results of operations.

12. We may be impacted by volatility in interest rates, which could cause our Net Interest Income and our Net Interest Margins to decline and adversely affect our business, results of operations, cash flows and financial condition. We are primarily dependent on wholesale borrowing sources.

Our results of operations and cash flows depend substantially on the level of our Net Interest Income—the largest component of our total income, which is the difference between our interest income on our loan portfolio and our finance costs. The following table sets forth an overview of our finance costs for the dates indicated:

Particulars	For Fiscal		
	2025	2024	2023
	(in ₹ million except percentages)		
Average Total Gross Loans ⁽¹⁾	985,477.6	801,243.2	656,785.1
Interest income	138,357.9	111,567.2	89,277.8

Particulars	For Fiscal		
	2025	2024	2023
Finance cost	63,901.5	48,643.2	35,119.2
Net interest income ⁽²⁾	74,456.4	62,924.0	54,158.6
Average Yield (%) ⁽³⁾	14.04	13.92	13.59
Finance cost to Average Total Gross Loans (%) ⁽⁴⁾	6.48	6.07	5.35
Net Interest Margin (%) ⁽⁵⁾	7.56	7.85	8.25

Notes:

- (1) Average Total Gross Loans: simple average of our Total Gross Loans as at the last day of the specified period and our Total Gross Loans as at the last day of the previous comparable period.
- (2) Net Interest Income: Interest Income for the specified period reduced by finance cost for the specified period.
- (3) Average Yield: Average interest on loan amounts extended to our customers in the specified period. Average interest rate is calculated as Interest Income as a percentage of Average of total gross loans (Average of Opening and Closing total gross loans during the specified period).
- (4) Finance cost to Average Total Gross Loans: ratio of finance cost to average Total Gross Loans for the specified period.
- (5) Net Interest Margin: Ratio of Net Interest Income to the Average Total Gross Loans during the specified period.

Given that we are a non-deposit taking NFBC relying on wholesale borrowing sources, which primarily consist of non-convertible debentures, term loans, external commercial borrowings and commercial paper, our Net Interest Margin is affected by our interest income and interest expense. We extend loans to our customers and avail borrowings at both fixed as well as floating interest rate notes. Although most of our loans are on fixed interest rates, our loans against property are on floating interest rates. The table below sets forth a breakdown of our Total Gross Loans advanced and Total Borrowings by fixed and floating interest rates as at March 31, 2025, March 31, 2024 and March 31, 2023.

Particulars	As at March 31,					
	2025		2024		2023	
	(₹ million)	(%)	(₹ million)	(%)	(₹ million)	(%)
Loans Advanced						
Total Gross Loans	1,068,775.8	100.00	902,179.3	100.00	700,307.0	100.00
Fixed interest rate	825,166.6	77.21	700,211.1	77.61	533,197.0	76.14
Floating interest rate	243,609.2	22.79	201,968.1	22.39	167,110.0	23.86
Borrowings						
Total Borrowings	873,977.7	100.00	743,306.7	100.00	548,653.1	100.00
Fixed interest rate	584,757.8	66.91	448,220.5	60.30	353,666.6	64.46
Floating interest rate	289,219.9	33.09	295,086.2	39.70	194,986.5	35.54

Interest rates are sensitive and volatility in interest rates could be a result of many factors, including the monetary policies of the RBI, aggressive pricing by competitors, de-regulation of the financial services sector in India, domestic and international economic and political conditions, inflation, monetary policies of global central banks and macro-economic environment and economic policies in India. Our cost of funds is sensitive to interest rate fluctuations exposing us to the risk of reduction in spreads. Changes in interest rates could affect the interest rates we charge on our loans to customers in a manner different from the interest rates we pay on our liabilities because of the different maturity periods applying to our assets and liabilities. In a rising interest rate environment, if the yield on our loans to customers does not increase simultaneously with or to the same extent as our cost of funds, and conversely, in a declining interest rate environment, if our cost of funds does not decline simultaneously or to the same extent as the yield on our loans to customers, our Net Interest Income and Net Interest Margin would be adversely impacted. For example, in Fiscal 2024, even though our Net Interest Income increased, our Net Interest Margin declined from 8.25% in Fiscal 2023 to 7.85% in Fiscal 2024 due to an increase in finance costs, while the yield on our loans to customers did not increase to the same extent, i.e., from 13.59% in Fiscal 2023 to 13.92% in Fiscal 2024.

Our ability to manage our interest rate risk and mismatches between our assets and liabilities adequately is critical to our business and results of operations, cash flows and financial condition. We monitor our exposure to fluctuations in interest rates and the related liquidity risk primarily by categorising our assets and liabilities in different maturity profiles (based on the behavioural maturities pattern) and evaluating them for mismatches across periods.

13. We rely on wholesale borrowing sources. If we are unable to secure funding on acceptable terms and at competitive rates when needed, it could have a material adverse effect on our business, results of operations, cash flows and financial condition.

Given that we are a non-deposit taking NBFC, we rely on wholesale borrowing sources, which primarily consist of non-

convertible debentures, term loans, external commercial borrowings and commercial paper, see “*Our Business—Treasury Operations and Financings*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations—Indebtedness*” on pages 268 and 413, respectively. We have historically relied on a combination of sources to meet our funding requirements, including the public and private sector banks, foreign banks, mutual funds, insurance companies, pension funds and other financial institutions. The funding has been of various forms including term loans, non-convertible debentures, subordinated bonds, perpetual bonds and commercial paper instruments. For more information, see “*Financial Indebtedness*” on page 418. Our business is highly dependent upon our timely access to, and the costs associated with, various sources of funding. The following table shows our Total Borrowings, finance costs and average cost of borrowings as at the dates indicated:

Particulars	As at		
	March 31, 2025	March 31, 2024	March 31, 2023
Total Borrowings, including debt securities (in ₹ million)	873,977.7	743,306.7	548,653.1
Finance costs (in ₹ million)	63,901.5	48,643.2	35,119.2
Average Cost of Borrowings (%) ⁽¹⁾	7.90	7.53	6.76

Notes:

(1) Average Cost of Borrowings: Ratio of the finance cost to Average Total Borrowings for the specified period (Average Total Borrowings is calculated as average of opening and closing total borrowings during the specified period).

For further details on our borrowings, see “*Our Business—Treasury Operations and Financings*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations—Indebtedness*” on pages 268 and 413, respectively.

Our business will continue to depend on our ability to access diversified borrowing and funding sources from within and outside India. Our ability to borrow on acceptable terms and at competitive rates continues to depend on various factors, including, but not limited to, (i) our credit ratings; (ii) policy initiatives and the regulatory environment; (iii) liquidity in the markets; (iv) the attractiveness of debt of our Company to investors and lenders; (v) our current and future results of operations and financial condition; (vi) macroeconomic conditions (including in relation to our borrowings under securitization) as well as (vii) general access to liquidity for NBFCs. We also depend on our Promoter as a lender under our borrowings. The following table sets out our borrowings from our Promoter as of the end of each of the last three Fiscals:

(in ₹ million, except percentages)

Particulars	As at		
	March 31, 2025	March 31, 2024	March 31, 2023
Borrowings from HDFC Bank Limited (A)	66,812.3	105,555.4	112,416.1
Total Borrowings, including debt securities (B)	873,977.7	743,306.7	548,653.1
(A) as a % of (B)	7.64	14.20	20.49

See “—We rely on the parentage of our Promoter. However, the interests of the Promoter as our controlling shareholder may conflict with our interests or the interests of our other shareholders. Currently, our Company offers the same products as those offered by our Promoter and certain members of our Promoter Group, namely, HDFC Sales Private Limited and HDFC Securities Limited.” on page 36.

Our high credit ratings enable us to borrow funds at competitive rates from varied sources. For more details on our credit ratings, see “*Our Business—Treasury Operations and Financing*” on page 268. Any downgrade in our credit ratings or a significant increase in Gross Stage 3 Loans may lead to an increase in our cost of funds for existing and future borrowings. Additionally, any downgrade of ratings below minimum investment grade ratings could reduce demand for our debt, thus making the raising of additional debt including refinancing of outstanding debt more difficult and increasing the probability that our lenders may impose additional terms and conditions to any financing or refinancing arrangements with them. This would increase our financing costs, consequently reducing spreads between the interest rates at which we borrow and lend, which could adversely affect our ability to maintain our current levels of profitability, thereby impacting our business, results of operations, cash flows and financial condition.

If we are unable to obtain adequate financing or refinance our existing debt in a timely manner and on commercially reasonable terms, we may delay non-essential capital expenditures, implement cost cutting procedures, delay or reduce future hiring, or reduce our rate of future originations compared to current level. There can be no assurance that we can obtain sufficient sources of external capital to support the growth of our business. Delays in doing so or failure to do so may require us to reduce loan originations or limit our operations, which would harm our ability to pursue our business objectives as well as harm our business, results of operations and financial condition.

14. Any downturn in the macroeconomic environment in India could adversely affect our business, results of operations, cash flows and financial condition.

We are a retail focused non-banking financial company (“NBFC”) offering a diversified portfolio of lending products. All of our operations and assets are located in India, all of our customers are located in India and all of our revenue from operations is derived from our business in India. As such, our financial performance is dependent on the condition of the Indian economy.

Factors that may adversely impact the Indian economy, and hence our results of operations, may include:

- any increase in Indian interest rates or inflation;
- any exchange rate fluctuations, imposition of currency controls and restrictions on the right to convert or repatriate currency or export assets;
- any scarcity of credit or other financing in India, resulting in an adverse impact on economic conditions in India and scarcity of financing for our expansions;
- prevailing income conditions among Indian corporations;
- changes in India’s tax, trade, fiscal or monetary policies;
- geopolitical tensions;
- macroeconomic factors and central bank regulation, including in relation to interest rates movements, which may in turn adversely impact our access to capital, fund raising avenues and increase our borrowing costs;
- occurrence of natural or man-made disasters or outbreak of an infectious disease or epidemic such as COVID-19 or any other force majeure events in the region or globally, including in India’s neighboring countries;
- volatility in, and actual or perceived trends in trading activity on, India’s principal stock exchanges;
- prevailing regional or global economic conditions;
- any liquidity crisis affecting the financial services industry or NBFCs;
- any decline in India’s foreign exchange reserves which may affect liquidity in the Indian economy; and
- any downgrading of India’s debt rating by a domestic or international rating agency.

Any slowdown or perceived slowdown in the Indian economy, or in specific sectors of the Indian economy or certain regions in India, could reduce demand for our loans, increase loan default rates amongst our customers, especially our MSME customers, and generally adversely affect our business, results of operations, cash flows and financial condition as well as price of the Equity Shares. While we have not been materially affected by such a slowdown in Fiscals 2025, 2024 and 2023, any future downturn in the macroeconomic environment in India could have a material and adverse impact on our business, results of operation, cash flows and financial condition.

15. We may not be successful in implementing our growth strategies or sustaining our growth and financial performance at similar rates as experienced in recent years.

We have experienced growth in recent years, and we have significantly expanded our operations and branch network. The following table sets forth our total revenue, profit after tax, assets under management (“AUM”), number of branches and their respective year-on-year growths where indicated for the periods indicated:

Particulars	For Fiscal		
	2025	2024	2023
Total revenue (₹ in million)	163,002.8	141,711.2	124,028.8
Year-on-year growth (total revenue) (%)	15.02	14.26	9.70
Profit after tax (₹ in million)	21,759.2	24,608.4	19,593.5
Year-on-year growth (profit after tax) (%)	-11.58	25.59	93.73
AUM (₹ in million)	1,072,616.8	902,347.3	700,837.9
Year-on-year growth (AUM) (%)	18.87	28.75	14.06
Number of Branches	1,771	1,682	1,492

As part of our growth strategy, we intend to continue to expand our business in India and to deepen our penetration within each vertical. For more information on our business strategy, see “Our Business—Our Strategies” on page 257.

There is no assurance that we will be successful in executing our business growth strategies and continuing to grow our business in the future, including into new regions or with the introduction of new products, at a similar rate or profitability to what we have experienced in the past. For instance, in Fiscal 2025, our profit for the period decreased by 11.58% to ₹21,759.2 million, from ₹24,608.4 million in Fiscal 2024, in part due to an increase in the impairment on financial instruments which was primarily on account of a combination of macro-economic conditions and stress seen in specific loan segments during Fiscal 2025. See also “Management’s Discussion and Analysis of Financial Condition and Results of Operations—Results of Operations—Fiscal 2025 compared to Fiscal 2024” on page 405

Our ability to grow our business and loan portfolio depends on a number of factors, including the timely and cost-effective allocation of resources, our ability to select, retain and train personnel, our ability to manage and improve our operations, including customer sourcing and onboarding as well as underwriting, collections and recoveries and related expenses, as well as our ability to maintain strict risk management policies to minimize credit risks. We must also be able to identify our target markets correctly, diversify and differentiate our product offerings and pricing to compete effectively, and anticipate and satisfy the changing needs of our target customers. While we have not, in the past, failed to develop and launch such products and services successfully, there is no assurance that such instances will not occur in the future, and any such occurrence may result in us losing a part or all of the costs incurred in the development and marketing of such offerings and fail to capture the growth opportunities associated with them, which could in turn adversely affect our business, results of operations, cash flows, financial condition and prospects.

Our present and future business may be exposed to various additional challenges, including identifying and collaborating with local businesses and partners with whom we may have no previous working relationship and expanding our technological infrastructure. Our ability to sustain our growth rate also depends significantly on our ability to select and retain employees, to invest in talent and employee training and to maintain effective risk management policies to address emerging challenges.

As we expand, we will also need to manage relationships with more customers, third-party partners and service providers, lenders and other parties. A number of external factors beyond our control could also impact our ability to continue to grow our business and loan portfolio, such as demand for loans in India, domestic economic growth, RBI's monetary and regulatory policies, inflation, competition and availability of cost-effective debt and equity capital.

There is no assurance that our initiatives and strategies to grow our business, including expanding into new regions or introducing new products, may not fail or be unsuccessful, and any such occurrence may result in us losing a part or all of the costs incurred in the development and marketing of such offerings and fail to capture the growth opportunities associated with them, which could in turn adversely affect our business, results of operations, cash flows, financial condition and prospects.

16. *The lending services industry in India is highly competitive, including competition from established banks and NBFCs having large networks of branches or ATMs with advanced technologies and cross-selling capabilities, fintech start-ups and private unorganised and informal financiers in rural areas, and our inability to compete effectively could adversely affect our business, results of operations, cash flows and financial condition. Our market share, on the basis of our AUM, for Fiscal 2025 is approximately 2.22%, according to the CRISIL Report.*

The success of our business depends on our ability to compete with NBFCs, banks, micro-finance companies, digital lending platforms, small finance banks and private unorganised and informal financiers in the geographies in which we operate. Our market share for Fiscal 2025, calculated as a ratio of our AUM for Fiscal 2025 to the overall NBFC Credit (AUM) for Fiscal 2025, is approximately 2.22%, according to the CRISIL Report. See “*Industry Overview—Peer Benchmarking*” on page 235. We may also compete with our Promoter as we both offer similar products and services, though currently we target different borrower segments. See “*—We rely on the parentage of our Promoter. However, the interests of the Promoter as our controlling shareholder may conflict with our interests or the interests of our other shareholders. Currently, our Company offers the same products as those offered by our Promoter and certain members of our Promoter Group, namely, HDFC Sales Private Limited and HDFC Securities Limited.*” on page 36.

Our competitors may have greater resources, higher brand recognition among customers, greater customer loyalty, a wider branch and distribution network, access to less costly funding, more attractive financial products or superior technology. Further, we may also face competition from fintech companies, including e-commerce or payment platforms which offer embedded lending products on their platforms. In addition, our competitors may be able to rely on the reach of the retail presence of their affiliated group companies or banks with large networks of branches or ATMs and may benefit from their cross-selling capabilities. Additionally, our competitors may have a lower debt-to-equity ratio compared to us, which may allow them to access funds at a lower cost. The table below sets out the debt-to-equity ratio for our peers and us:

Peers	Debt/Equity for Fiscal 2025
Aditya Birla Finance Limited	4.5
Bajaj Finance Ltd	3.2
Cholamandalam Investment and Finance Company Limited	7.7
HDB Financial Services Limited	5.9
L&T Finance Limited	3.9
Mahindra & Mahindra Finance	5.9
Shriram Finance Ltd	4.5
Sundaram Finance Ltd	4.2
Tata Capital Ltd	5.5

Some of the original equipment manufacturers we partner with also have captive finance affiliates or group companies, which provide similar services and with which we may not be able to compete. If we fail to compete effectively, it could affect the

performance of our product offerings and services and reduce our attractiveness to existing and potential customers and we may be unable to successfully execute our growth strategy, thereby adversely affecting our business, results of operations, cash flows and financial condition.

Our ability to compete effectively will also depend, in part, on our ability to maintain or increase our margins. Price competition and related conduct, such as predatory pricing, especially in commoditised lending segments such as gold loans and consumer durables loans, could reduce our margins or fees to the point where profitability may not be achievable and, as a result, slow our growth. Our margins are affected in part by our ability to continue to secure low-cost debt funding, and to charge optimum interest rates when lending to our customers. Moreover, any increases in the interest rates on the loans we extend may also result in a decrease in business as it can result in early foreclosure or prepayment by customers. We cannot assure you that we will be able to react effectively to these or other market developments or compete effectively with new and existing participants in the increasingly competitive financial services sector. If we are unable to compete effectively, our business, results of operations, cash flows and financial condition may be adversely affected.

- 17. *We may have to comply with regulations and guidelines issued by regulatory authorities in India, including the Reserve Bank of India, the Securities and Exchange Board of India (the “SEBI”) and the Insurance Regulatory and Development Authority of India (the “IRDAI”), which may subject us to penalties or business restrictions and increase our compliance costs.***

We are subject to strict regulations prescribed by the RBI, and the RBI exercises a supervisory role over our business. We are also subject to regulatory oversight by the SEBI (given that we have listed Non-Convertible Securities) and the IRDAI (given that the Company is registered as a corporate agent) with respect to compliance with the laws applicable to our business. Our business and financial performance could be adversely affected by changes in the laws, rules, regulations or directions applicable to us and the non-banking financial companies, or the interpretations of such existing laws, rules and regulations, or the promulgation of new laws, rules and regulations governing our business, operations and investments.

Applicable regulations set forth various requirements in relation to, among other things, the manner in which a company carries out its business and internal operations, and various periodical compliances and filings, including but not limited to filing of forms and declarations with the relevant registrar of companies, the RBI and other relevant authorities. Further, notification of new regulations and policies may require us to obtain approvals and licences from the government and other regulatory bodies, or impose onerous requirements and conditions on our operations. New regulation may also change the manner in which we conduct KYC or authenticate our customers. Any such changes and the related uncertainties with respect to the implementation of new regulations may have an adverse effect on our business, results of operations, cash flows and financial condition. If we fail to comply with such requirements, we may be subject to penalties, business restrictions or compounding proceedings.

The regulatory and legal framework governing us differs in certain material aspects from that in effect in other countries and may continue to change as India’s economy and commercial and financial markets evolve.

Furthermore, as of the date of this Prospectus, our Company is categorized in the “Upper Layer” under the SBR Regulations, and accordingly, we are subject to certain additional capital, prudential guidelines, regulatory changes and governance requirements, based on the bracket we fall within. Further, the SBR Regulations also require mandatory listing of all NBFC-ULs within three years of identification as NBFC-UL. While we are currently in compliance with the SBR Regulations as at the date of this Prospectus, as applicable, there can be no guarantee that we will be able to comply with any increased or more stringent regulatory requirements in a timely manner, in part or at all. For details, see “*Key Regulations and Policies*” on page 275.

Uncertainty in the applicability, interpretation or implementation of the above regulations may impact the viability of our current business or restrict our ability to grow our business in the future. If the interpretation of regulations by the regulators and authorities varies from our interpretation, we may be subject to penalties and our business could be adversely affected. There have been no actions by RBI or IRDAI against the Company in the past three Fiscals. For details on actions by SEBI against our Company, see “*Outstanding Litigation and Material Developments—I. Litigation involving our Company—Actions taken by Regulatory or Statutory Authorities*” on page 433. Any changes in the existing regulatory framework, including any increase in the compliance requirements, may require us to divert additional resources, including management time and costs such as legal consultations or staff training required for such increased compliance. Such an increase in costs could have an adverse effect on our business, prospects, financial condition and results of operations. Additionally, our management may be required to divert substantial time and effort towards meeting such enhanced compliance requirements and may be unable to devote adequate time and efforts towards our business, which may have an adverse effect on our future business, results of operations, cash flows and financial condition.

- 18. *We are subject to periodic inspections by the RBI in India. Non-compliance with regulations and observations made during the RBI’s inspections could expose us to penalties, suspension and restrictions as well as cancellation of our licence.***

We are subject to periodic inspections by the RBI under the RBI Act, 1934 on our operations, risk management systems, internal controls, regulatory compliance and credit monitoring systems, pursuant to which the RBI issues observations, directions and monitorable action plans, on issues related to various operational risks, information technology security and regulatory non-

compliances, amongst others. During the course of finalising inspections, the RBI inspection team shares its findings and recommendations with us and provides us an opportunity to provide clarifications, additional information and, where necessary, justification for a different position, if any, than that observed by the RBI. Upon final determination by the RBI of the inspection results, we are required to take actions specified therein by the RBI to its satisfaction. Non-compliance with observations made by the RBI during these inspections could expose us to penalties and restrictions.

In its past inspection reports, the RBI has made some observations and also sought certain clarifications in relation to our operations including requirements for a documented policy for protection and privacy of customer data and process for evaluation for performance of the Board, oversight on outsourced vendors/partners, adherence to fair practices code and a data breach incident reported at one of the Company's external vendors. As on the date of this Prospectus, there are no material pending observations from the RBI, including in relation to system related issues, cyber security incidents or Certified Information Systems Auditor ("CISA") audits, and there have been no advisory or displeasure letters issued by RBI in the past three Fiscals.

While the RBI has not levied any penalty for such non-compliances in the last three Fiscals, and we have provided necessary clarifications or undertaken to ensure compliance with the relevant observations, we cannot assure that such steps will be satisfactory and that the RBI will not have follow-up observations in the future or will not impose any penalties for non-compliances. We cannot assure that the RBI or any other regulatory authority will not make recommendations of improvement in the future or impose any penalties or restrictions on us, including having approvals withheld, receiving conditional approvals, or having our licences cancelled, which may have an adverse effect on our reputation, business, results of operations, financial condition, and cash flows.

19. As an Upper Layer Non-Banking Financial Company ("NBFC-UL"), our Company is subject to additional compliance requirements as communicated by RBI from time to time.

As per the NBFC Scale Based Regulations, the upper layer of NBFCs shall comprise of those NBFCs which are specifically identified by the RBI as warranting enhanced regulatory requirement based on a set of parameters and scoring methodology. The top ten eligible NBFCs in terms of their asset size shall always reside in the upper layer, irrespective of any other factor. Our Company has been identified as an NBFC-UL and accordingly, is subject to certain additional compliances as mentioned under and as communicated by RBI from time to time.

The Directions mention certain specific corporate governance requirements applicable to a NBFC-UL, including in relation to constitution of committees, disclosures to be made in the annual financial statements, asset classification, prudential norms, capital adequacy ratio and liquidity coverage ratio. For further details, see "*Key Regulations and Policies—Master Direction – Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions, 2023 dated October 19, 2023 ("NBFC Scale Based Regulations")*" on page 275.

The abovementioned additional compliance requirements as applicable to an NBFC differ from the compliance requirement prescribed by RBI for scheduled commercial banks.

In the event we are unable to comply with the compliance requirements prescribed by RBI from time to time, there may be regulatory action initiated by RBI against us. While there have been no such instance of non-compliance in the past, we cannot assure you that no such instance will happen in the future. Our inability to comply with the requirements under the Directions may have an adverse effect on our business, results of operation, cash flows and financial condition.

20. We have certain contingent liabilities and our business, results of operations, cash flows and financial condition may be adversely affected if these contingent liabilities materialise.

We have certain contingent liabilities and commitments, which, if materialised, could adversely affect our business and results of operations. As at March 31, 2025, our contingent liabilities in respect of disputed claims against our Company not acknowledged as debt were ₹1,242.6 million, which is 0.83% of our net worth (₹149,365.0 million) as of March 31, 2025. If these contingent liabilities were to materialize, our business, results of operations, cash flows and financial condition may be adversely affected. Moreover, there can be no assurance that we will not incur similar or increased levels of contingent liabilities in the current fiscal year, or in the future. The table below sets forth the breakdown of our contingent liabilities as at March 31, 2025:

Particulars	As at March 31, 2025 (in ₹ million)
I) Claims against the Company not acknowledged as debt	1,242.6
i) Suit filed by borrowers	386.1
ii) Other contingent liabilities in respect of:	
Provident Fund matter	501.4
Payment of Bonus (Amendment) Act, 2015	348.8
Payment of Labour Welfare Fund	3.2
Maharashtra Professional Tax Assessment	3.1
II) Estimated amount of contracts remaining to be executed on capital account and not provided	343.6

Particulars	As at March 31, 2025 (in ₹ million)
for	
III) Undrawn committed sanctions to borrowers	6,291.2
Total contingent liabilities	7,877.4

We have created provisions of ₹79.0 million and nil against undrawn committed sanctions to borrowers and suit filed by borrowers, respectively, as at March 31, 2025. For further information, see “*Restated Consolidated Financial Information—Note 39: Contingent Liabilities and Commitments*” on page 374.

21. *We operate in markets with continuously emerging technology needs. If we fail to integrate our technological capabilities in our operations, it could adversely affect our business growth and results of operations.*

Our continued success will depend, in part, on our ability to respond to technological advances, changing customer needs and emerging industry standards and practices on a cost-effective and timely basis. Technological innovation such as mobile applications, artificial intelligence and machine learning could disrupt the financial services industry and increase competition as a whole. Our competitors may make more significant investments in digital and innovation strategies, such as online platforms or technologically advanced ATMs, to expand and achieve enhanced customer reach and engagement and economies of scale, making it more difficult for us to compete effectively. If we fail to adapt to such technological advances, it could affect the performance and features of our product offerings and services and reduce our attractiveness to existing and potential customers hereby adversely affecting our business, results of operations, cash flows and financial condition.

We are actively undertaking various initiatives to employ the use of artificial intelligence in our operations, which we believe would improve our capabilities and efficiency. For further details, see section “*Our Business—Information Technology and Digital Vision*” on page 270. Nevertheless, we may face technical challenges that adversely affect our ability to integrate such technological capabilities in our operations. Further, we may face operational difficulties if our technological capabilities malfunction. See “*We face cybersecurity threats, such as hacking, phishing and trojans, attempting to exploit our network to disrupt services to customers or theft or leaking of sensitive internal data or customer information. Such events may damage our reputation and adversely impact our business and financial results.*” on page 44 and “*We are subject to the risk of failure of, or a material weakness in, our internal control systems, which could have a material adverse effect on our reputation, business, results of operations, cash flows and financial condition. Additionally, we are subject to downtimes or failures of our information technology (“IT”) systems. Such events may damage our reputation and adversely impact our business and financial results.*” on page 46. Failure to develop and integrate emerging technical capabilities into our operations could create operational difficulties and have an adverse effect on our business growth and results of operations.

22. *We face cybersecurity threats, such as hacking, phishing and trojans, attempting to exploit our network to disrupt services to customers or theft or leaking of sensitive internal data or customer information. Such events may damage our reputation and adversely impact our business and financial results.*

We rely on digital banking and other digital services including mobile products and other web-and cloud-based products and applications, whether directly owned or through external vendors. We have in particular implemented several digital customer service channels over the years. For example, our “HDB On-the-Go” mobile application enables our customers to access our full suite of products and services online and get personalised assistance on the application. We also provide digital customer support on our online channels such as on chatbots. We expect to continue investing in digital services and channels in the future. See “*Our Business—Our Strengths—Advanced technology tools driving enhanced customer experience and efficiency across each stage of the customer lifecycle*” on page 254. We are therefore exposed to various cybersecurity threats, such as (i) phishing and trojans targeting our customers, wherein fraudsters send unsolicited emails to our customers seeking account-sensitive information, (ii) hacking, wherein hackers seek to hack into our website with the primary intention of causing reputational damage to us, (iii) data theft, wherein cyber criminals may intrude into our network with the intention of stealing our internal data or our customer information or to extort money and (iv) data leakage, wherein sensitive internal bank data or customer information is inappropriately disclosed by parties entitled to access it.

For example, in March 2023, one of our external vendors who processes data on our behalf experienced a data breach incident leading to the leak of customer data, despite being SOC 2 certified. While detailed forensic analysis determined that the breach did not impact our hosted systems and our vendor subsequently fixed its security gaps, we cannot ensure that our security measures will be adequate or successful in preventing future security breaches. While we continue to enhance our protective measures, investigate and remediate any vulnerability due to cybersecurity incidents, any such cybersecurity incident in the future, either with our systems or those of our external vendors, could lead to loss of customer data and damage our reputation and have a material adverse effect on our business, financial condition and results of operations. Any cybersecurity incident involving our systems or those of our external vendors could also subject us to additional regulatory scrutiny and expose us to civil litigation and related financial liability.

Pursuant to RBI’s Master Direction—Information Technology Framework for the NBFC Sector dated June 8, 2017, we have an Information Technology Strategy Committee which ensures that the Company has put in place processes for assessing and managing IT and cybersecurity risks. Our implemented processes may however fail and cyber incidents may go undetected,

potentially causing customer loss and regulatory scrutiny.

As cybersecurity threats increase and become more sophisticated, we may face increased costs to continue to modify or enhance our protective measures or to investigate and remediate any vulnerability to cybersecurity incidents. We may also face operational risks and increased costs if new technologies we use in cybersecurity management, such as the artificial intelligence and machine learning capabilities we have deployed in connection with our security incident event management, are not used appropriately, are defective or inadequate, or are not fully integrated into our solutions, systems or controls.

23. Our business may be adversely affected by seasonal trends in the Indian economy.

Our operations and demand for our products are affected by seasonal trends in the Indian economy, which may affect our results of operations. For example, during the festive seasons in India (primarily October and November), while the demand for our Asset Finance products generally decrease, the demand for our Consumer Finance products tends to increase. By contrast, the demand for our Asset Finance products generally increase during the fourth quarter of the Fiscal, while the demand for our Consumer Finance products tends to decrease during this time. Furthermore, other events, such as weather changes like heatwaves and election periods at both state and national levels, may have an impact on our operations and results of operations.

Accordingly, our results of operations and financial condition in one quarter may not accurately reflect the trends for the entire Fiscal and may not be comparable with our results of operations and financial condition for other quarters.

24. Our business is subject to various operational risks associated with the financial industry, including fraud.

Our business is subject to various operational and other risks associated with the financial industry, including:

- inadequate procedures and controls;
- failure to obtain proper internal authorisations;
- misreporting or non-reporting with respect to statutory, legal or regulatory reporting and disclosure obligations;
- improperly documented transactions;
- customer or third-party fraud, such as impersonation or identity theft or approval of loans on false pretences or inflated property values;
- failure of operational and information security procedures, computer systems, software or equipment;
- the risk of fraud or other misconduct by employees;
- failure to detect money laundering and other illegal or improper activities;
- unauthorised transactions or embezzlement by employees;
- failure to detect fraudulent or inadequate collateral; and
- inadequate training and operational errors, including record keeping errors or errors resulting from faulty computer or communications systems.

For example, where customers repay their loans in cash directly to us or through our collection partners and representatives appointed by us, we are exposed to the risk of fraud, misappropriation or unauthorised transactions by our third-party representatives or employees responsible for dealing with such cash collections. While we have procured insurance for cash in safes and in transit and we have put in place systems to detect and prevent any unauthorised transactions, fraud or misappropriation by our authorised representatives and employees, these measures may not be effective in all cases. The table below provides a split of our cash and our cash collections as a percentage of total collections for the dates indicated:

Particulars	For Fiscal		
	2025	2024	2023
Total collections (in ₹ million)	601,919.6	491,447.5	420,629.4
Cash collections (in ₹ million)	22,366.1	24,528.7	31,661.8
Cash collections as a percentage of total collections (%)	3.72	4.99	7.53

Furthermore, there can be no assurance that measures adopted by us to detect fraud and illicit practice have been or will be effective in preventing fraud, or that any of these events will not occur again in the future or that we will be able to recover funds misused or misappropriated if such events occur. Further, where possible, there could be instances of fraud and misconduct by our employees which may go unnoticed for a certain period of time before they are identified and corrective actions are taken. The following table sets forth the fraud cases detected and reported as at the dates indicated:

Particulars	As at		
	March 31, 2025	March 31, 2024	March 31, 2023
Number of fraud cases detected and reported	5	6	6
Amount involved in fraud cases detected and reported (in ₹ million)	8.1	18.8	5.8

In particular, employees at our Ghaziabad branch fraudulently processed loans to non-eligible customers in contravention of our internal policies and using falsified documents. The fraud involved 228 loans amounting to ₹108.8 million, of which ₹52.3 million has been recovered as of March 31, 2025. The case remains ongoing and judicial proceedings are underway. Although we have not had similar material instances of fraud in the past three Fiscals, and the Company has since strengthened its internal controls relating to underwriting of loans, there can be no assurance that similar or other fraud cases may not occur in the future. Our Board of Directors have also adopted a Fraud Risk Management Policy which sets out guidelines with respect to identification of fraud (whether by employees, customers or vendors), roles and responsibilities of the Risk Control Unit and reporting to the Board of Directors, the Risk Management Committee and the RBI. Further, in accordance with the KYC Directions, our Board of Directors has adopted the Know your Customer and Anti-Money Laundering Policy keeping in view that we are primarily involved in lending activities and in distribution of third-party products.

If a regulatory proceeding is initiated due to a report made by us about an unauthorised transaction, fraud or misappropriation involving our employees, it could harm our reputation and financial condition. Moreover, substantial fraud by customers or external parties could result in an adverse effect on our business, results of operations, cash flows and financial condition.

25. *We are subject to the risk of failure of, or a material weakness in, our internal control systems, which could have a material adverse effect on our reputation, business, results of operations, cash flows and financial condition. Additionally, we are subject to downtimes or failures of our information technology (“IT”) systems. Such events may damage our reputation and adversely impact our business and financial results.*

We are responsible for establishing and maintaining adequate internal control over financial reporting designed to provide reasonable assurance regarding the reliability of financial reporting and preparation and fair presentation of our financial statements and disclosures. We are exposed to risks arising from the inadequacy or failure of internal systems or processes, and any actions we may take to mitigate these risks may not be sufficient to ensure an effective internal control environment. In particular, given the increase in the volume of our transactions, errors may be repeated or compounded before they are discovered and rectified. Although we have experienced no such instances of internal control system failure as of the date of this Prospectus, and we have taken appropriate measures to develop our internal control systems and policies to address those issues, we cannot assure you that our systems and policies will be sufficient or will fully correct such weaknesses, or that similar deficiencies will not arise in the future.

Further, our management information systems and internal control procedures may not be able to identify non-compliance or suspicious transactions in a timely manner, or at all. Where internal control weaknesses are identified, our actions may not be sufficient to fully correct such weaknesses. As a result, we may incur expenses or suffer monetary losses, which may not be covered by our insurance policies and may result in a material adverse effect on our reputation, business, results of operations, cash flows and financial condition.

Additionally, we are also highly dependent on our IT systems, which cover all key areas and stages of our business, including customer sourcing, onboarding, underwriting as well as collections. For more information on our IT systems, see “*Our Business—Information Technology and Digital Vision*” on page 270.

Our governance structure includes the Information Technology Strategy Committee at the board level, which oversees our IT strategy and cybersecurity environment. Although we have IT disaster action plans in place to deal with any potential downtime or failure in our IT systems and while we have not experienced any such major events in the last three Fiscals and we regularly assess our application security and conduct annual cybersecurity and compliance training and periodic simulation, we may not be able to prevent such downtimes or failures in a timely manner, or at all, which could damage our reputation and have a material adverse effect on our business, results of operations and financial condition.

Further, we rely on external vendors for certain parts of our operations, such as for payment processing, information processing and other services. Failures or breaches in external vendors’ systems could lead to significant information loss, legal liabilities, disruption of business operations and damage to our reputation and competitive position. For example, our transaction banking platform, which we use for loan disbursements, was down for over four hours in the first half of Fiscal 2024. While the financial impact of such instances is not quantifiable and these instances have not had any material adverse impact on our business and operations, similar future instances for a prolonged period of time or at a large scale could potentially impact our business, results of operations, cash flows, financial condition and reputation.

26. *If we fail to identify, monitor and manage risks and effectively implement our risk management policies, it could have a material adverse effect on our business, financial condition, results of operations and cash flows.*

Our policies and procedures to identify, monitor and manage risks may not be fully effective and may be subject to human error. Some of our risk measuring criteria are based on the use of monitored historical market behaviour. As a result, these methods may not accurately predict future risk exposures, which could be significantly greater than those indicated by the historical measures. For more information on our risk management, see “*Our Business—Risk Management*” on page 269.

To the extent any of the instruments and strategies we use to hedge or otherwise manage our exposure to market or credit risk are not effective, we may not be able to effectively mitigate our risk exposures in particular market environments or against

particular types of risk. For example, we have entered into hedging arrangements to hedge our exposure to foreign exchange fluctuations for our ECBs and into interest rate swaps to reduce our risk of exposure to interest rate fluctuations. We may also enter into securitization transactions to manage risks relating to our borrowings. For further details, please see “*Management’s Discussion and Analysis of Financial Condition and Results of Operations—Qualitative and Quantitative Disclosures about Market Risks—Foreign currency management*” on page 415. There can be no assurance that our hedging arrangements will continue to adequately reduce our foreign currency or interest rate risks, or that such hedging arrangements will protect us against any unfavourable fluctuations in exchange rates or interest rates. Further, the relevant counterparty may fail to perform its obligations under the relevant hedging arrangement. If we are unable to pass on any increase in our costs to our customers due to fluctuations in interest rates or exchange rates, our profitability may be reduced which may in turn result in a material and adverse effect on our business, results of operations, cash flows and financial condition.

Further, some of our risk management strategies may not be effective in a difficult or less liquid market environment, where other market participants may be attempting to use the same or similar strategies to deal with the difficult market conditions. In such circumstances, it may be difficult for us to reduce our risk positions due to the activity of such other market participants. Other risk management methods depend upon an evaluation of information regarding markets, customers or other matters. This information may not in all cases be accurate, complete, up-to-date or properly evaluated.

Additionally, management of operational, legal or regulatory risk requires, among other things, policies and procedures to ensure certain prohibited actions are not taken and to properly record and verify a number of transactions and events. Although we have established such policies and procedures, they may not be fully effective, and we cannot guarantee that our employees will follow these policies and procedures as envisaged in all circumstances. Unexpected shortcomings in these policies and procedures or a failure of our employees to follow them may have a material adverse effect on our business, results of operations, cash flows and financial condition.

Our earnings are dependent upon the effectiveness of our management of changes in credit quality and risk concentrations, the accuracy of our valuation models and our critical accounting estimates, and the adequacy of our allowances for loan losses. To the extent our assessments, assumptions or estimates prove inaccurate or not predictive of actual results, we could suffer higher than anticipated losses.

27. *If we are unable to comply with the capital adequacy requirements stipulated by Reserve Bank of India, it could have a material adverse effect on our business, results of operations, cash flows and financial condition.*

Our Company is subject to the capital adequacy ratio requirements prescribed by the RBI under the non-banking financial company (“NBFC”) Scale Based Regulations. The capital adequacy ratio is defined as the ratio of Tier I and Tier II capital as compared to risk-weighted assets on balance sheet and risk adjusted value of off-balance sheet items. In accordance with the NBFC Scale Based Regulations, NBFCs such as our Company are required to maintain a minimum capital ratio, consisting of Tier I and Tier II capital, of not less than 15.00% of our aggregate risk-weighted assets on balance sheet and risk-adjusted value of off-balance sheet items, of which Tier I capital cannot be less than 10.00%. While our capital adequacy ratio did not fall below the level prescribed by the RBI in Fiscal 2025, 2024 or 2023, there can be no assurance that our CAR will continue to be compliant with RBI requirements in the future. The following table sets forth information relating to our capital adequacy ratio (capital to risk (weighted) assets (“CRAR”)) and Tier I Capital as at the dates indicated:

Particular	As at					
	March 31, 2025		March 31, 2024		March 31, 2023	
	CRAR	Tier I Capital	CRAR	Tier I Capital	CRAR	Tier I Capital
Ratios	19.22%	14.67%	19.25%	14.12%	20.05%	15.91%

Additionally, since we have been identified and categorized as “Upper Layer” NBFCs by RBI under the SBR Regulations, we are required to maintain, on an on-going basis, a common equity tier I (CET-1) capital of 9.0% of our risk weighted assets. For further details, see “*Key Regulations and Policies—Master Direction – Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions, 2023 dated October 19, 2023 (“NBFC Scale Based Regulations”)*” on page 275.

While we have been in compliance with these requirements in the past three Fiscals, there can be no assurance that we will be able to maintain our CRAR within the regulatory requirements, and a failure to do so could have a material adverse effect on our business, results of operations, cash flows and financial condition. In particular, the RBI’s assessment of our CRAR may differ from our own. Any changes in the regulatory framework affecting non-banking financial services companies including the provisioning for NPAs, or capital adequacy requirements, or differences in interpretation of the same, could adversely affect our profitability or our future financial performance, by requiring a restructuring of our activities or an increase in our costs to comply with regulations applicable to us.

Furthermore, if we continue to grow, we will be required to raise additional Tier I capital and Tier II capital in order to continue to meet applicable capital adequacy ratios with respect to our business. There can be no assurance that our Promoter or shareholders will approve additional investments into our Company. This could result in non-compliance with applicable capital adequacy ratios, which could have a material adverse effect on our business, results of operations, cash flows and financial condition.

28. *New-to-credit borrowers constituted 11.57% of our Total Gross Loans as at March 31, 2025. We may not be able to properly assess the credit worthiness of new-to-credit borrowers, and loans extended to such new-to-credit borrowers may accordingly have a higher risk of non-performance or default.*

We extend loans to new-to-credit (“NTC”) customers who do not have any credit history supported by documentation, which makes it difficult to assess their creditworthiness. For further details, please see “*Our Business—Credit and Collections—Credit*” and “*We rely on the accuracy and completeness of information about customers and counterparties. Any misrepresentation, errors or incompleteness of such information could adversely affect our business, results of operations, cash flows and financial condition.*” on pages 264 and 48, respectively. While conducting our due diligence, including through the external vendors we use for credit assessments, we may be unable to accurately predict the credit risk posed by such customers and may extend loans to some non-creditworthy borrowers. These customers tend to be more vulnerable to any adverse macroeconomic conditions and may have higher risk of non-performance or default. The table below provides the total amounts of loans extended to NTC and existing-to-credit (“ETC”) customers in absolute amounts and as a percentage of our Total Gross Loans at the dates indicated.

Particulars	As at					
	March 31, 2025		March 31, 2024		March 31, 2023	
	(₹ million)	Percentage of TGL	(₹ million)	Percentage of TGL	(₹ million)	Percentage of TGL
Loans to NTC customers	123,686.1	11.57	118,730.5	13.16	109,160.0	15.59
Loans to ETC customers	945,089.7	88.43	783,448.8	86.84	591,147.0	84.41
Total Gross Loans	1,068,775.8	100.00	902,179.3	100.00	700,307.0	100.00

Further, the table below provides the total amounts of stressed assets of NTC and ETC customers in absolute amounts and as a percentage of our Total Gross Loans at the dates indicated:

Particulars	For Fiscal					
	2025		2024		2023	
	(₹ million)	Percentage of TGL	(₹ million)	Percentage of TGL	(₹ million)	Percentage of TGL
Stressed assets of ETC customers	19,959.9	1.87	13,517.3	1.50	14,502.6	2.07
Stressed assets of NTC customers	4,177.2	0.39	3,600.9	0.40	4,645.9	0.66
Total	24,137.1	2.26	17,118.2	1.90	19,148.5	2.73

In case of default by our NTC customers on their loans, we may not be able to fully or partly recover loans extended to them, particularly if such loans are unsecured. Furthermore, even if such loans are secured, it may be difficult and time-consuming and we may incur additional expenses to enforce on the collateral and there can be no assurance that we will be able to recover the sums due to us in full. In each case, such non-performance of loans to our NTC customers could have an adverse effect on our business, financial condition and results of operations.

29. *We rely on the accuracy and completeness of information about customers and counterparties. Any misrepresentation, errors or incompleteness of such information could adversely affect our business, results of operations, cash flows and financial condition.*

While evaluating whether to extend credit or enter into other transactions with customers and counterparties, we may rely on information furnished to us by or on behalf of customers and counterparties, including personal information, financial statements, collateral related information, credit history, purpose of availing the loan and other financial information. We may also rely on certain representations as to the accuracy and completeness of that information and, with respect to financial statements, on reports of independent auditors of customers and counterparties. We also depend on credit bureaus for verifying the creditworthiness of our customers. While we have not experienced any material instances with credit reports obtained from credit bureaus in Fiscals 2025, 2024 or 2023, any inaccurate or incomplete information received in the future could have an adverse effect on our business, reputation, results of operations, financial condition and cash flows. See also “*—India’s existing credit information infrastructure may cause increased risks of loan defaults*” on page 62. Further, we may have customers who are unable to document their entire income comprehensively. See also “*—New-to-credit borrowers constituted 11.57% of our Total Gross Loans as at March 31, 2025. We may not be able to properly assess the credit worthiness of new-to-credit borrowers, and loans extended to such new-to-credit borrowers may accordingly have a higher risk of non-performance or default*” on page 47.

Although we follow Know Your Customer (“KYC”) guidelines prescribed by the RBI, we may receive inaccurate or incomplete information as a result of negligence or fraudulent misrepresentation and our risk management measures may not be adequate to or may fail to detect or prevent such activities in all cases. We may also not receive updated information regarding changes in the financial condition of our customers. Difficulties in assessing credit risks associated with our day-to-day lending operations may lead to an increase in the level of our non-performing and restructured assets, which could have a material adverse effect on our business, results of operations, cash flows and financial condition.

30. *Third-party partners contributed to 18.33% of our total disbursements for Fiscal 2025. We rely on third-party partners in certain parts of our business, and issues with these partners, or failure to continue to expand our current third-party partner network, could adversely affect our business and financial performance.*

We rely on an external distribution channel with over 80 brands and original equipment manufacturers (“OEMs”) and external distribution networks with over 140,000 retailers and dealer touchpoints (such as car dealers and direct selling agents) as at March 31, 2025. In this regard, we have distribution agreements with leading Indian and global auto OEMs, consumer and digital durable brands, dealers for auto, two-wheelers, cars, tractors and construction equipment, point-of-sales locations (such as malls, supermarket and retail stores), lifestyle goods and direct selling agents.

The table below provides our total disbursements from third-party partners as an absolute sum and as a percentage of total disbursements from third-party partners as at the dates indicated.

Particulars	For Fiscal		
	2025	2024	2023
Total Disbursements (in ₹ million)	661,075.0	608,992.5	448,017.6
Disbursements from third-party partners (in ₹ million)	121,174.0	98,377.2	61,635.0
Disbursements from third-party partners as a percentage of total disbursements (%)	18.33	16.15	13.76

While we do not depend on any specific third-party partner, our ability to access customers through third-party partners is subject to a number of risks, including:

- third-party partners may choose not to sell our services or to sell our services with lower priority for any reason, including absolute or relative performance, service sizes or fee structure compared to other services, or for no reason at all;
- third-party partners may have captive finance affiliates or group companies that offer similar services competing with our services;
- third-party partners also offer similar products from our competitors to our existing and prospective customers and do not provide services for us on an exclusive basis;
- third-party partners may provide better service to our competitors and promote their products to prospective customers instead of ours because of a more attractive compensation arrangement, close relationships with our competitors or for other reasons; and
- we may be liable for misrepresentations, inappropriate behaviour, mistakes, frauds and negligent acts on the part of third-party partners (including direct selling agents) while marketing or providing services for our products.

In the event any of these third parties were to terminate their contractual relationships with us or fail to provide the agreed-upon services at acceptable standards or at all to us for any reason, our business and results of operations could be materially disrupted until suitable alternatives are put in place. In addition, if the third-party partners make errors, leak customer or operational data, mismanage customer interface, or fail to operate or comply with applicable regulations or governance standards, we could suffer reputational harm and may be subjected to regulatory actions. Such situations and our inability to maintain relationships with third-party partners such as original equipment manufacturers could disrupt our operations and have a material adverse impact on our business, financial condition, results of operations and prospects.

31. *Our Promoter is subject to periodic inspections by the RBI in India. Non-compliance with regulations and observations made during the RBI’s inspections could expose our Promoter to penalties, suspension and restrictions as well as cancellation of its licence. Violations by our Promoter or regulatory actions against our Promoter could adversely affect our reputation and business.*

Our Promoter is subject to periodic inspections by the RBI under the RBI Act, 1934 on its operations, risk management systems, internal controls, regulatory compliance and credit monitoring systems, pursuant to which the RBI issues observations, directions and monitorable action plans, on issues related to various operational risks, information technology security and regulatory non-compliance, amongst others. During the course of finalising inspections, the RBI inspection team shares its findings and recommendations with our Promoter and provides our Promoter an opportunity to provide clarifications, additional information and, where necessary, justification for a different position, if any, than that observed by the RBI. Upon final

determination by the RBI of the inspection results, our Promoter is required to take actions specified therein by the RBI to its satisfaction. Non-compliance with observations made by the RBI during these inspections could expose our Promoter to penalties and restrictions.

In its past inspection reports, the RBI has made some observations to our Promoter. For instance, for Fiscal 2014, our Promoter received multiple risk mitigation plan (“RMP”) observations that have all been resolved. Similarly for instance, for Fiscal 2023, our Promoter received 15 RMP observations that also have all been resolved. As at the date of this Prospectus, our Promoter has received 17 RMP observations raised during the RBI inspection conducted for Fiscal 2024 and has submitted compliance on 14 of such observations.

While our Promoter has provided necessary clarifications or undertaken to ensure compliance with the relevant observations, there can be no certainty that such steps will be satisfactory and that the RBI will not have follow-up observations in the future or will not impose any penalties for non-compliances. We cannot assure that the RBI or any other regulatory authority will not make recommendations of improvement in the future or impose any penalties or restrictions on our Promoter, including having approvals withheld, receiving conditional approvals, or having our Promoter’s licences cancelled. Any violations by our Promoter or adverse action against our Promoter may have an adverse effect on our reputation, business, results of operations, financial condition and cash flows.

Additionally, RBI based on Inspection and Risk Assessment Report observations for Fiscal 2023 has levied a penalty on our Promoter in Fiscal 2025 for non-compliance with the Master Direction (Know Your Customer) Directions, 2016 dated February 25, 2016, as amended.

32. *Certain of our Group Companies are subject to regulation and regulatory oversight by various regulators in India. Non-compliance with regulations could expose such Group Companies to penalties, suspension and restrictions as well as cancellation of their licence. Violations by our Group Companies and regulatory actions against our Group Companies could adversely affect our reputation and business.*

Certain of our Group Companies are subject to regulations and regulatory oversight by various regulatory authorities in India, including SEBI, RBI, IRDAI, IFSC and IFSCA. For instance, HDFC Life Insurance Company Limited and HDFC ERGO General Insurance Company Limited are regulated by IRDAI and HDFC Asset Management Company Limited is regulated by SEBI. Applicable regulations set forth various requirements in relation to, among other things, the manner in which a company carries out its business and internal operations, and various periodical compliances and filings, including but not limited to the filing of forms and declarations with the relevant authorities. Any failure to comply with the applicable laws and regulations may expose the relevant Group Companies to penalties and regulatory scrutiny that may damage our reputation, which could have an adverse effect on our business, results of operations, cash flows and financial condition.

Certain of our Group Companies are also subject to periodic inspections by the relevant regulatory authorities. Following such inspections and upon final determination by the relevant regulatory authority, our Group Company may be required to take actions specified therein. For instance, on August 1, 2024, IRDAI levied fines against HDFC Life Insurance Company Limited for violations relating to policyholders’ interests, outsourcing of services and payment of commission, remuneration or reward for solicitation of insurance business. HDFC Life Insurance Company Limited has not been levied any other penalties by IRDAI in the last three Fiscals. Further, IRDAI has issued a show-cause-notice to HDFC ERGO General Insurance Company Limited in connection with its inspections in August 2019 relating to the outsourcing, risk management and anti-fraud policies of HDFC ERGO General Insurance Company Limited. IRDAI has also issued show-cause-notices to HDFC ERGO General Insurance Company Limited in relation to the shortfall in meeting the minimum obligatory requirement in respect of its third party motor insurance business for Fiscals 2023, 2024 and 2025. These matters are currently pending for final decision by IRDAI. See also “—Our Company, Promoter and Directors are involved in certain legal proceedings, including actions taken and penalties imposed by relevant regulatory authorities, and any adverse outcomes in such proceedings may have a material adverse effect on our reputation, business, results of operations, cash flows and financial conditions” on page 34.

We cannot assure that any regulatory authority will not make recommendations of improvement in the future or impose any penalties or restrictions on any of our Group Companies, including withhold approvals, granting conditional approvals or cancelling the licences of the relevant Group Company. Violations by our Group Companies and regulatory actions against our Group Companies may have an adverse effect on our reputation and business.

33. *We outsource certain operational activities to third-party IT service providers and collection agents. Any lapse by such third-party service providers may have adverse consequences on our business and reputation.*

We rely on third-party service providers for certain IT-related services including, among others, data centers, IT maintenance, payment interface platforms, cloud and data analytics platforms and document storage. We also rely on collection agents and any deficiency or failure by such third parties in performing their services or any events that affect our collection network could adversely affect our business, results of operations, financial condition and cash flows.

The table below sets out our expenditure on third-party IT service providers and loan collection charges for Fiscals 2025, 2024 and 2023.

Particulars	For Fiscal		
	2025	2024	2023
Total operating expenses (in ₹ million)	48,692.8	49,347.4	49,331.6
Third-party service provider expenses (in ₹ million)	1,492.6	757.5	390.8
Collection agent charges (in ₹ million)	2,509.7	1,761.5	1,837.1

Our internal teams regularly assess the financial and operational health of our service providers to ensure they can fulfill their obligations. This review includes checking performance standards, confidentiality and security. Our internal audit team also regularly audits all our businesses and function and ensures their compliance with the RBI regulations that govern outsourcing arrangements, such as the requirement to outsource software licences out of India. We sometimes have external firms conduct on-site vendor audits for critical functions. However, there can be no assurance that such measures would prevent the risk of our service providers failing to meet their contractual duties, committing fraud, making operational mistakes, or having inadequate business continuity and data security systems. Any such lapse by our third-party service providers may have adverse consequences on our business and reputation.

Furthermore, while our contracts with third-party service providers often include indemnification for statutory payments, fines and employee benefits, they do not cover losses or damages caused by their personnel's actions or inactions. In the event of any such occurrence, we may incur losses, and to that extent, our business, results of operations, cash flows and financial condition may be adversely affected. Further, these contracts are generally subject to unilateral termination by either party. Any such termination by the service providers and our inability to appoint suitable replacements may adversely affect our business, results of operation and financial condition.

34. *We have distribution agreements with third parties and termination or failure to renew such distribution agreements may adversely affect our business, results of operation and financial condition.*

We offer value-accretive fee-based products such as distribution of life and non-life insurance products, including provision of warranty services and sale of protection products, pursuant to our third-party tie-ups. We offer customers the option to purchase such fee-based products along with our lending products. Such fee-based products are financial products provided by regulated entities, and the offering of such fee-based products by the Company is permitted under applicable law and regulation. The following table sets forth income generated through fee-based for the periods indicated:

Particulars	For Fiscal		
	2025	2024	2023
Income from fee-based services (in ₹ million)	11,924.5	9,531.1	7,564.1
Income from fee-based services as a percentage of total income (in %)	7.32	6.73	6.10

Our Company also has tie-ups with Group Companies, namely HDFC Life Insurance Company Limited and HDFC Ergo General Insurance Company Limited and they have entered into corporate agency agreements with our Company wherein they have agreed to appoint our Company as their corporate agent to solicit, procure, distribute and market the insurance products to the public on their behalf. See “—We have entered into and may continue to enter into related-party transactions, which may potentially involve conflicts of interest.” on page 52. The table below summarizes income generated from tie-ups with Group Companies for the periods indicated:

Group Company	Nature of Transaction	Income (in ₹ million)		
		For Fiscal		
		2025	2024	2023
HDFC Life Insurance Company Limited	Insurance Commission	705.6	461.9	74.5
HDFC Ergo General Insurance Company Limited	Insurance Commission	80.4	152.0	137.2

We hold a licence from the Insurance Regulatory and Development Authority of India (the “**IRDAI**”) and are a registered corporate agent authorised to sell both life and general (non-life) insurance products and we have tie-ups with certain life insurance and general insurance companies.

In the event that our distribution agreements with third parties relating to such services are terminated or not renewed, we may lose the additional income stream from such services which could adversely affect our business, results of operation and

financial condition. Further, such third parties may amend the terms of the distribution agreements, which in turn may lead to the product becoming unattractive or to a decrease in our commission.

35. *We have entered into a co-lending arrangement with another non-banking financial company. We cannot assure that such co-lending arrangement will not be terminated or paused which may impact the growth of our business.*

We have entered into a co-lending arrangement with another non-banking financial company where our Company disburses 80% of the loan and the co-lender disburses 20% of the loan to the relevant customers. The tenure of the co-lending arrangement is two years, expiring in July 2025, unless extended by us and the co-lender. We cannot assure that such co-lending arrangement will not be terminated or paused before the expiration of the 2-year tenure or whether such co-lending arrangement is extended. Further, our ability to co-originate loans also depends on our co-lending party's ability to meet its obligations under the co-lending arrangement. In addition, we may earn lower spreads on our loans through the co-lending arrangement, which may adversely impact our business, results of operations and financial results.

36. *We have entered into and may continue to enter into related-party transactions, which may potentially involve conflicts of interest.*

HDFC Bank and its subsidiaries are related parties of our Company pursuant to the Companies Act, 2013 and the applicable Indian accounting standards. We have engaged in and expect to continue to engage in significant transactions with such related parties in the ordinary course of business and on an arm's-length basis. For example, we provide back office, sales support services and run collection call centers for HDFC Bank. HDFC Bank is also a lender under our borrowings. See “—*We rely on the parentage of our Promoter. However, the interests of the Promoter as our controlling shareholder may conflict with our interests or the interests of our other shareholders. Currently, our Company offers the same products as those offered by our Promoter and certain members of our Promoter Group, namely, HDFC Sales Private Limited and HDFC Securities Limited.*” on page 36. We also have tie-ups for distribution of insurance products with HDFC Life Insurance Co. Limited and HDFC Ergo General Insurance Co. Limited.

The transactions entered into with related parties during in Fiscals 2025, 2024 and 2023 were undertaken by our Company in compliance with the applicable provisions of the Companies Act and all other applicable laws. See “*Summary of the Offer Document*” on page 16 and “*Restated Consolidated Financial Information—Note 37: Related Party Transactions*” on page 371. The following table sets forth details of our related-party transactions as at the dates indicated:

Particulars	For Fiscal		
	2025	2024	2023
Profit & Loss Statement Transactions (in ₹ million)	20,430.9	28,383.4	38,084.2
Balance Sheet Transactions (in ₹ million)	14,501.8	73,248.9	34,926.1
Total of related-party transactions (in ₹ million)	34,932.7	101,632.3	73,010.3
Revenue from operations (in ₹ million)	163,002.8	141,711.2	124,028.8
Profit & Loss Statement Transactions as a % of Revenue from Operations	12.53%	20.03%	30.71%
Total of related-party transactions as a percentage of revenue from operations	21.43%	71.72%	58.87%

Our related-party transactions may potentially involve conflicts of interest and may require significant capital outlay and there can be no assurance that we will be able to make a return on these investments. It is likely that we may enter into related-party transactions in the future. Although all related-party transactions that we may enter into will be subject to our Audit Committee, Board or Shareholder approval, as may be required under the Companies Act, 2013 and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the “**SEBI Listing Regulations**”), and are conducted on an arm's-length basis and in ordinary course of business, we cannot assure you that such transactions, individually or in the aggregate, will not have an adverse effect on our business, results of operations, cash flows and financial condition, will be in the best interests of our minority shareholders, or that we could not have achieved more favorable terms if such transactions had not been entered into with related parties. Such future related-party transactions may also potentially involve conflicts of interest which may be detrimental to us and against the interest of prospective investors. In addition, we cannot assure you that relevant shareholders' approval will be received for all material related-party transactions and, accordingly, certain transactions which may be favourable to us may not be executed.

37. *Our inability to comply with the financial and other covenants under our debt financing arrangements could adversely affect our business, results of operations and financial condition.*

As at March 31, 2025, our Total Borrowings were ₹873,977.7 million, our debt-to-equity ratio was 5.85x and our capital

adequacy ratio was 19.22%. In order to fund our business growth, we will continue to incur additional indebtedness in the future. Our ability to meet our debt service obligations and repay our outstanding borrowings will depend primarily on the cash generated from our business, which depends on the timely repayment by our customers.

Some of the financing arrangements entered into by us include conditions that require us to obtain lender consents prior to carrying out certain activities and entering into certain transactions. These covenants vary depending on the requirements of the financial institution extending such loan and the conditions negotiated under each financing agreement. Some of these covenants include:

- to undertake any amendments to the constitutional documents of our Company;
- to effect any changes in our capital structure;
- to formulate or effect any scheme of amalgamation, merger or reconstruction;
- to issue any debentures, raise any loans, accept deposits from the public or create any charge on the assets of the Company or give any guarantees;
- to undertake guarantee obligations on behalf of any other person; and
- to create encumbrance on the assets of the Company

For more information, see “*Financial Indebtedness*” on page 418.

In particular, we have obtained the required consents from the relevant lenders for approval of the Offer and related transactions.

Under certain financing agreements, we are required to maintain specific credit ratings and if we were to fail to do so, it would result in an event of default. We are also required to maintain the value of our hypothecated assets, certain financial ratios and ensure compliance with regulatory requirements, such as maintenance of capital to risk assets ratios, qualifying asset norms and ensuring positive net worth. Such covenants may restrict or delay certain actions or initiatives that we may propose to undertake from time to time. Some of our financing agreements and instruments contain cross-default and cross-acceleration clauses, which are triggered in the event of a default by us under our respective financing agreements.

A failure to observe the covenants and other requirements under our financing arrangements or to obtain necessary waivers may lead to the termination of our credit facilities, acceleration of amounts due under such facilities and the enforcement of any security provided. If the obligations under any of our financing documents are accelerated or any security created under such agreements enforced, we may have to dedicate a substantial portion of our cash flows towards payments under such financing documents, thereby reducing the amounts available for business growth, working capital, capital expenditure and general corporate purposes.

38. *The bankruptcy code in India may affect our rights to recover loans from our customers.*

The Insolvency and Bankruptcy Code, 2016, as amended (the “IBC”) offers a uniform and comprehensive insolvency legislation encompassing all companies, partnerships and individuals (other than financial firms). It allows creditors to assess the viability of a debtor as a business decision and agree upon a plan for its revival or a speedy liquidation. The IBC creates a new institutional framework, consisting of a regulator, insolvency professionals, information utilities and adjudicatory mechanisms, which will facilitate a formal and time-bound insolvency resolution and liquidation process.

In case insolvency proceedings are initiated against our debtor, we may not have complete control over the recovery of amounts due to us. Under the IBC, upon invocation of an insolvency resolution process, a committee of creditors is constituted by the interim resolution professional, wherein each financial creditor is given a voting share proportionate to the debts owed to it. Certain decisions of the committee of creditors must be taken by a vote of not less than 51% of the voting share of all financial creditors. Any resolution plan approved by committee of creditors is binding upon all creditors, even if they vote against it.

In case a liquidation process is opted for, the IBC provides for a fixed order of priority in which proceeds from the sale of the debtor’s assets are to be distributed. Before sale proceeds are distributed to a secured creditor, they are to be distributed for the costs of the insolvency resolution and liquidation processes and debts owed to workmen and other employees. Pursuant to an amendment to the IBC, allottees in a real estate project are considered on par with financial creditors. Moreover, other secured creditors may decide to opt out of the process, in which case they are permitted to realise their security interests in priority. Accordingly, if the provisions of the IBC are invoked against any of our customers, it may affect our ability to recover our loans from the borrowers and enforcement of our rights will be subject to the IBC.

39. *We may not successfully implement our sustainability initiatives or adequately meet India’s Corporate Social Responsibility (“CSR”) reporting requirements, which could adversely affect our reputation, access to capital, business and financial condition.*

We are committed to fostering positive change in the communities we serve and we recognise the important role of businesses in shaping the societal landscape and have recently expanded our CSR initiatives. In particular, in Fiscals 2025 and 2024, we have engaged in a range of CSR initiatives in areas that promote affordable healthcare, safe hygiene, education, livelihoods and environmental sustainability. During Fiscals 2025 and 2024, our CSR expenditure was ₹468.6 million and ₹313.0 million, respectively. For further details, see “*Our Business—Corporate Social Responsibility (CSR)*” on page 273 for more information

on our CSR initiatives.

Our ability to meet our CSR initiatives may be affected by various factors, including competing priorities and transactional needs. Any failure to meet our own targets could have an adverse impact on our reputation, access to capital, business and financial condition.

In addition, CSR reporting for our Company is mandatory in India. While we have internal teams that ensure legal and regulatory compliance with CSR reporting requirements, we may fail to meet certain CSR reporting requirements which may adversely affect our reputation.

40. *We may not be able to prevent others from unauthorised use of our intellectual property and may in the future become subject to patent, trademark and/or other intellectual property infringement claims.*

We rely on a combination of trademarks, domain names, proprietary technologies and similar intellectual property to establish and protect our rights in our technology and intellectual property. We have eight registered trademarks as at the date of this Prospectus. For further details, see “*Our Business—Intellectual Property*” on page 272.

Further, we have the right to use the HDFC logo pursuant to a trademark license agreement dated December 19, 2023 with our Promoter, see “—*We rely on a trademark license agreement with our Promoter, HDFC Bank, to use the HDFC Bank logo. Any termination of our rights to use the HDFC Bank logo or any reputational harm to the HDFC Bank could materially and adversely affect our brand recognition, business, financial condition and results of operations.*” on page 37 and “*Our Business—Intellectual Property*” on page 272.

An intellectual property registration granted to us may not be sufficient to protect our intellectual property rights. Unauthorised use of our intellectual property rights by third parties could adversely affect our reputation. We may be required to resort to legal action to protect our intellectual property rights. Any adverse outcome in such legal proceedings or our failure to successfully enforce our intellectual property rights may impact our ability to use intellectual property, which could have an adverse effect on our business, results of operations, cash flows and financial condition. Intellectual property litigation is expensive and time-consuming and could divert management’s attention from our business. Any intellectual property claim or litigation, whether we ultimately win or lose, could damage our reputation and adversely affect our business, cash flows, financial condition and results of operations.

41. *If customers transfer their loans from us to other banks or financial institutions, our Total Gross Loans and assets under management may decrease or fail to increase.*

Our customers may seek to refinance their loans through balance transfers to other banks and financial institutions. For example, customers who have loans with equated monthly instalments (“**EMIs**”) that increase over time typically seek to refinance their loans through balance transfers to other banks and financial institutions, to avoid increased EMIs. The table below shows the amount of balance transfers in the last three Fiscals as a percentage of our total AUM:

(in ₹ million, except percentages)

Particulars	For Fiscal		
	2025	2024	2023
Total amount of balance transfers of loans	10,386.9	7,558.9	6,725.3
Total amount of balance transfers of loans as a percentage of total AUM (%)	0.97	0.84	0.96

In case of more attractive interest rates or other more competitive commercial terms on loans being offered by our competitors, we may incur an increase in loss of customers to our competitors resulting in a potential loss of interest income from such loans which in turn may affect our ALM. Such events may also slow the growth of our total AUM and reduce our ability to sell our other products. As our loan origination costs, including any commission paid to our third-party distribution channel partners, are amortised over the tenure of the loans, loan transfers or pre-payments result in higher expenses on account of the unrecoverable cost of loan acquisition, which in turn have an adverse effect on our financial performance and profitability. Further, any inability or failure on our part to refinance our customers’ existing loans from other banks or financial institutions could adversely affect our business and prospects.

42. *We are dependent on our Key Managerial Personnel and Senior Management Personnel, and the loss of, or our inability to attract or retain such persons could adversely affect our business, results of operations, cash flows and financial condition.*

We are dependent on our management team, including the efforts of our Key Managerial Personnel and Senior Management Personnel. While our attrition rates have generally been low, our future performance is dependent on the continued service of these persons or similarly skilled and qualified successors. For details regarding the experience of, and the changes in, our Key Managerial Personnel and Senior Management Personnel, see “*Our Management*” on page 298. The following table provides the number and attrition rates of the Company’s Key Managerial Personnel and Senior Management Personnel for the periods indicated:

	For Fiscal		
	2025	2024	2023
Key Managerial Personnel and Senior Management Personnel*	13	12	12
Attrition Rate	0	0	0

* Excluding our Chief Compliance Officer who has been appointed based on a fixed term contract.

If any of our Key Managerial Personnel and Senior Management Personnel joins a competitor, we may lose customers and know-how to them which may adversely affect our business, cash flows, financial condition and results of operations. We cannot assure you that our competitors will not offer better compensation packages, incentives and other perquisites to such skilled personnel. There could also be unauthorised disclosure or use of our technical knowledge, practices or procedures by such personnel.

In addition, we face a continuing challenge to recruit and retain a sufficient number of skilled personnel, particularly if we continue to grow. The loss of key personnel may restrict our ability to grow and consequently have a material adverse impact on our results of operations and financial position.

If any dispute arises between our Key Managerial Personnel and Senior Management Personnel and our Company, any non-competition, non-solicitation and non-disclosure provisions in our employment agreements with such personnel might not provide effective protection to us.

43. We may not be able to attract, appoint and retain our employees, which may adversely affect our business.

Our workforce is critical to the success of our business. We are focused on creating a diverse and inclusive work environment for our employees, driving employee growth. However, as a result of increased competition or other factors relating to our businesses, we face a continuing challenge to recruit and retain a sufficient number of skilled employees, particularly as we continue to grow.

The following table describes our attrition rates for permanent employees in the lending business for each of the last three Fiscals and the total number of permanent employees in the lending business as at March 31, 2025, March 31, 2024 and March 31, 2023.

Particulars	For Fiscal		
	2025	2024	2023
Attrition (excluding KMP and SMP) (%) ⁽¹⁾	50.39	47.46	46.50
Attrition (KMP and SMP) (%) ⁽¹⁾	0.00	0.00	0.00
Total Attrition (%) ⁽¹⁾	50.38	47.45	46.48
Particulars	As at March 31, 2025	As at March 31, 2024	As at March 31, 2023
Total Number of Permanent Employees ⁽²⁾	60,432	56,560	45,883

Notes:

⁽¹⁾Attrition percentage = (Cumulative voluntary attrition during the period / average headcount in the lending business during the period) x 100.

⁽²⁾Total number of permanent employees in the lending business as at the last day of the specified period.

High voluntary employee turnover may reduce organisational performance and productivity, which may have an adverse impact on our results of operations and financial position and cause us to fail to deliver on our strategic growth plans. We may also require a long period of time to hire and train replacement employees. Any failure to train and motivate our employees may erode the quality of customer service, divert management resources, increase our exposure to high-risk credit and impose significant costs on us. Further, we may be required to increase our levels of employee compensation more rapidly than in the past to remain competitive in attracting talent, which can potentially increase our employee costs. These factors may have an adverse effect on our business, results of operations, cash flows and financial condition.

44. Negative publicity or failure to address customer grievances could damage our reputation and adversely impact our business and financial results.

Reputational risk, or the risk to our business, earnings and capital from negative publicity, is inherent in our business. The reputation of the financial services industry in general has been closely monitored as a result of the financial crisis and other matters affecting the financial services industry. We believe that we have been perceived as a trusted non-banking company in the financial sector, however, any negative public opinion about the financial services industry generally or us specifically could adversely affect our ability to attract and retain customers, employees, vendors and partners, raise equity capital and borrowings and may expose us to litigation and regulatory action. Negative publicity can result from our actual or alleged conduct in any number of activities, including lending practices and foreclosure practices, corporate governance, customer complaints, regulatory compliance, legal proceedings, mergers and acquisitions and related disclosure, sharing or inadequate protection of customer information, and actions taken by government regulators and community organisations in response to that conduct.

In the ordinary course of the Company's business, we may receive various complaints from our customers relating to our products and services. We address any pending complaints in accordance with our established procedures. When we receive a customer complaint, we first verify the customer's details (ID&V) and subsequently assign a unique service request number. We determine the nature of the customer communication (request, query or complaint) and endeavour to provide a prompt resolution. If necessary, we escalate the matter to senior management and may engage our legal team in the response process. Our customer service managers coordinate with the relevant team members for resolution of complaints. Any failure of our customer grievance redressal mechanism to resolve complaints could damage our reputation and adversely impact our business and financial results.

See also “—We rely on a trademark license agreement with our Promoter, HDFC Bank, to use the HDFC Bank logo. Any termination of our rights to use the HDFC Bank logo or any reputational harm to the HDFC Bank could materially and adversely affect our brand recognition, business, financial condition and results of operations.” on page 37.

45. Our investments are subject to market and credit risk. Any decline in value of these investments may have an adverse effect on our business, results of operations, cash flows and financial condition.

Some of our investments, which primarily include government securities, mutual funds, securities receipt of ARC and unquoted equity shares, are subject to market risks. The following table sets forth our total investments and by category, as at the dates indicated:

Particulars	As at March 31,					
	2025		2024		2023	
	(in ₹ million)	(% of total investments)	(in ₹ million)	(% of total investments)	(in ₹ million)	(% of total investments)
Government Securities / Treasury Bills	20,440.9	99.22	15,872.9	46.96	7,736.6	62.23
Mutual Funds	-	-	17,534.1	51.87	4,116.5	33.11
Securities receipt of ARC	137.4	0.67	373.3	1.10	559.9	4.50
Unquoted Equity Shares	23.0	0.11	23.0	0.07	19.5	0.16
Total investments	20,601.3	100.00	33,803.3	100.00	12,432.5	100.00

The value of these investments and future investments depends upon several factors beyond our control, including the domestic and international economic and political scenario, volatility in interest rates and securities market, inflationary expectations and the RBI's monetary policies. Further, investment in debt mutual funds and fixed deposits also carry credit risk and any inability of the counterparty in repaying the funds invested in timely manner may adversely affect our business, results of operations, cash flows and financial condition. Any decline in the value of these investments may have an adverse effect on our business, results of operations, cash flows and financial condition.

46. Our Company may be exposed or subject to further inquiries regarding its equity capital build-up since incorporation on account of its large shareholder base while being an unlisted company.

As on the date of this Prospectus, our Company has 49,451 Shareholders (based on beneficiary position statement available on June 26, 2025). Post the initial subscription in our Company by seven shareholders, our Company has issued Equity Shares pursuant to private placements, rights issue, scheme of amalgamation and employee stock option schemes. The allotments have been made in compliance with Sections 64 and 67 of the Companies Act, 1956 and Section 42 of the Companies Act, 2013, to the extent applicable. For further details, see “Capital Structure - Notes to the Capital Structure - Share Capital history of our Company – Equity Share capital” on page 87.

Subsequent to the allotments, the allottees have further transferred the Equity Shares held by them. As a public company under the Companies Act, the Equity Shares of our Company are freely transferable, and the Company has not participated in such secondary transactions. We cannot assure you that there will be no future inquiry (which may or may not result into investigation) by regulatory authorities such as the Ministry of Corporate Affairs or the SEBI regarding its equity capital build-up since incorporation on account of its large shareholder base while being an unlisted company. Such inquiry and investigation may be conducted under Sections 206 and 207 of the Companies Act or such other relevant provisions under Chapter XIV of the Companies Act.

In the event that any inquiry or investigation is initiated against us by a regulatory authority and our Company is found non-compliant with any of the applicable provisions of the Companies Act, there may be an imposition of penalty under Section 42 of the Companies Act or such other relevant provisions under Companies Act, or any action by any relevant regulatory authority, on us.

47. Our insurance coverage may not be sufficient or may not adequately protect us against losses, and successful claims that exceed our insurance coverage could harm our business, results of operations, cash flows and financial condition.

We maintain insurance coverage of the type and in the amounts that we believe are commensurate with our operations. For further details in relation to our insurance coverage, see “*Our Business—Insurance*” on page 272. The following table sets forth details of our insurance coverage as at the dates indicated:

Particular	Date	Amount of insurance coverage (in ₹ million)	Net Value of Assets ⁽²⁾ (in ₹ million)	Percentage of insurance coverage to Net Value of Assets (in %)
Tangible Insured Assets ⁽¹⁾	As at March 31, 2025	5,971.1	2,783.4	214.5
Tangible Uninsured Assets		0	0	NA
Total Assets		5,971.1	2,783.4	214.5
Tangible Insured Assets ⁽¹⁾	As at March 31, 2024	5,236.2	1,979.8	264.5
Tangible Uninsured Assets		0	0	NA
Total Assets		5,236.2	1,979.8	264.5
Tangible Insured Assets ⁽¹⁾	As at March 31, 2023	4,428.0	1,508.9	293.5
Tangible Uninsured Assets		0	0	NA
Total Assets		4,428.0	1,508.9	293.5

Notes:

- (1) *Tangible Insured Assets—Building, Computers, Furniture and fixtures, Lease hold improvements, Vehicles and Office equipment and cash on-hand.*
(2) *Net Value of Assets includes property, plant and equipment and cash-in-hand and excludes intangible assets.*

There can be no assurance that our current insurance policies will insure us fully against all risks and losses that may arise in the future, or that we will be able to maintain insurance of the types or at levels which we deem necessary or adequate or at premiums which we deem to be commercially acceptable. For a summary of the top ten risk factors in relation to our Company, see “*Summary of the Offer Document—Risk Factors*” on page 20. Even if such losses are insured, we may be subject to certain deductibles, exclusions and limits on coverage, and our insurance claims may not be successful. While such instances have not materialised in the last three Fiscals, the occurrence of a serious uninsured loss or a successful assertion of one or more large claims against us that exceeds our available insurance coverage or results in changes in our insurance policies, including premium increases or the imposition of a larger deductible or co-insurance requirement, could adversely affect our business, results of operations, cash flows and financial condition. If we are unable to pass the effects of increased insurance costs on to our customers, the costs of higher insurance premiums could have a material adverse effect on our costs and profitability. In addition, our insurance coverage expires from time to time. While we apply for the renewal of our insurance coverage in the normal course of our business, we cannot assure you that such renewals will be granted in a timely manner, at acceptable costs or at all. Further, we do not have insurance coverage for losses that we incur from our loan portfolio or investments due to non-payment and delinquency.

48. We may not be able to obtain, renew or maintain statutory and regulatory permits and approvals required to operate our business, which may materially and adversely affect our business, results of operations, cash flows and financial condition.

Our operations are subject to extensive government regulation and we are required to obtain and maintain a number of statutory and regulatory permits and approvals under central, state and local government rules in India for carrying out our business. While we currently possess or have applied for renewals of certain licences for our existing business operations, there can be no assurance that we will be able to maintain or renew such licences, registrations, permits or approvals nor that we will not be subject to new licensing requirements. In addition, we may apply for more approvals. There can be no assurance that the relevant authorities will grant the required permissions or renew the expired licences and approvals in the anticipated timeframe, or at all. We cannot assure you that we will be able to maintain the conditions required to retain all our licences.

Moreover, we cannot assure you that approvals and licences currently held by us would not be suspended or cancelled or withdrawn in the event of non-compliance or alleged non-compliance with any terms or conditions thereof, or pursuant to any regulatory action. Additionally, failure by us to comply with the terms and conditions to which such licences, approvals, permits or registrations are subject, and/or to renew, maintain or obtain the required licences, approvals, permits or registrations may result in the interruption of our operations and may have a material adverse effect on our business, results of operations, cash flows and financial condition. For further details, see “*Government and Other Approvals*” on page 488.

49. Our Company is a public limited company, and in accordance with Section 111 of the Companies Act, 1956 and Section 58 of the Companies Act, 2013, may be unable to impose restrictions on the transfer of Equity Shares by our Shareholders.

As on the date of the filing of this Prospectus, our Company has 49,451 Shareholders (based on beneficiary position statement available on June 26, 2025). The number of shareholders can be attributed to the allotments done by the Company pursuant to

ESOPs and rights issues transactions undertaken by our Company and subsequent secondary transactions by the shareholders as our Equity Shares are freely transferable. For further details, see “*Capital Structure—Share Capital history of our Company*” on page 87. As our Company is a public limited company, in accordance with Section 111 of the Companies Act, 1956 and Section 58 of the Companies Act, 2013, it may be unable to impose restrictions on the transfer of Equity Shares by our Shareholders.

50. *Our Directors, Key Managerial Personnel and Senior Management have interests in our Company in addition to their remuneration and benefits and reimbursement of expenses.*

Certain of our Directors, Key Managerial Personnel and members of the Senior Management may be regarded as having interests in our Company other than the reimbursement of expenses incurred and normal remuneration or benefits. They may be deemed to be interested to the extent of Equity Shares held by them as well as to the extent of any dividends, bonuses, or other distributions on such Equity Shares. Additionally, certain of our Directors, Key Managerial Personnel and members of the Senior Management Personnel may also be interested to the extent of employee stock options granted by our Company under ESOS 2014, ESOS 2017 and ESOS 2022 and which may be granted to them from time to time. Further, certain employees and directors of our Promoter are also eligible to receive employee stock options under ESOS 2014, ESOS 2017 and ESOS 2022. While currently no such employee stock options are granted to such personnel of our Promoter, if such employee stock options are granted to them in the future, such personnel may be interested to the extent of such employee stock options. For further details, see “*Capital Structure*” and “*Our Management*” on pages 86 and 298, respectively.

51. *Any failure, or perceived failure, by us to comply with the applicable regulations on personal information protection could expose us to proceedings and fines which may adversely affect our reputation, business, results of operations, cash flows and financial condition.*

Regulators in various jurisdictions are increasingly scrutinizing how companies collect, process, use, store, share and transmit personal data. This increased scrutiny may result in new interpretations of existing laws, thereby further impacting our business. In India, the Digital Personal Data Protection Act, 2023 (the “**Data Protection Act**”) has been enacted (but is yet to be made effective) for implementing organisational and technical measures in processing personal data, laying down norms for cross-border transfer of personal data to ensure the accountability of entities processing personal data. The Data Protection Act introduced stricter data protection norms for an entity such as ours and may impact our processes. The Data Protection Act is instituted to maintain the highest level of security and protection for all such information regarding our various customers. Any failure, or perceived failure, by us to comply with any applicable regulatory requirements, including but not limited to privacy, data protection, information security, or consumer protection related privacy laws and regulations, could result in proceedings or actions against us by governmental entities or individuals who may subject us to fines, penalties, and/or judgments, which may adversely affect our reputation, business, results of operations, cash flows and financial condition.

Furthermore, despite our efforts to comply with applicable laws, regulations and other obligations relating to privacy, data protection and information security, it is possible that our interpretations of the law or practices could be inconsistent with, or fail, or be alleged to fail to meet all requirements of, such laws, regulations or contractual obligations, which may adversely affect our reputation, business, results of operations, cash flows and financial condition.

52. *Any non-compliance with mandatory anti-money laundering (“AML”), combating-terrorism financing (“CFT”) and know your customer (“KYC”) laws could expose us to liability and harm our reputation.*

In accordance with the requirements applicable to our Company, we are mandated to comply with AML, CFT and KYC regulations in India. These laws and regulations require us, among other things, to adopt and enforce AML, CFT and KYC policies and procedures. Such policies and procedures require us to, among other things, establish or designate an anti-money laundering framework, conduct client identification in accordance with relevant rules, duly preserve client identity information and transaction records and report suspicious transactions to relevant authorities. While we have adopted policies and procedures aimed at collecting and maintaining all relevant AML, CFT and KYC related information from our customers in order to detect and prevent the use of our networks for illegal money-laundering and terrorism financing activities, there may be instances where we collected information that may be used by other parties in attempts to engage in money-laundering, terrorism financing and other illegal or improper activities. In addition, a number of jurisdictions (including India) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA. Pursuant to these provisions, as part of our KYC processes, we are required to collect and report certain information regarding U.S. persons having accounts with us.

We have not had instances of breach of any applicable AML, CFT or KYC regulations and we consider that we have adequate internal policies, processes and controls in place to prevent and detect AML activity and ensure KYC compliance (including FATCA compliance). We may however not be able to fully control instances of any potential or attempted violation by other parties and may accordingly be subject to regulatory actions, including imposition of fines and other penalties by the relevant government agencies to whom we report to, including the Financial Intelligence Unit–India. Our business and reputation could suffer if any such parties use or attempt to use us for money-laundering, terrorism financing or illegal or improper purposes and such attempts are not detected or reported to the appropriate authorities in compliance with applicable regulatory requirements.

We are required to undertake customer due diligence procedures, including by verification of official valid documents and place

of business/employment or residence, as applicable, in accordance with the Master Direction—Know Your Customer (KYC) Direction, 2016 issued by RBI, as updated from time to time. Such information includes representations with respect to the accuracy and completeness of valuation reports and title reports with respect to the property secured, as applicable. Any failure to comply with the applicable laws relating to Aadhaar or otherwise may expose us to penalties and regulatory scrutiny which may damage our reputation and lead to loss of customer confidence, which could have a material adverse impact on our business, results of operations, cash flows and financial condition.

- 53. *We generally do not own our branch offices. Any termination or failure by us to renew the lease agreements in a favourable and timely manner, or at all, could adversely affect our business, results of operations, cash flows and financial condition. Moreover, many of the lease agreements entered into by us may not be duly registered or adequately stamped.***

To support our business and our offerings, we lease our corporate office, registered office as well as a total of 1,771 branches as at March 31, 2025. For further details, see “*Our Business—Properties*” on page 273. The lease agreements for these offices and branches can be terminated, and any such termination could result in any of our offices or branches being shifted or shut down. Some of the lease agreements may have expired in the ordinary course of business and we are currently involved in negotiations for the renewal of these lease agreements.

While we have not faced major issues renewing the leases of our offices or branches in the past, if these lease agreements are not renewed or not renewed on terms favourable to us, we may suffer a disruption in our operations or increased costs, or both, which may affect our business and results of operations. Further, some of our lease agreements may not be adequately stamped or duly registered. Unless such documents are adequately stamped or duly registered, such documents may be rendered inadmissible as evidence in a court in India or may not be authenticated by any public officer and the same may attract penalty as prescribed under applicable law or may impact our ability to enforce these agreements legally, which may result in an adverse effect on our business, results of operations, cash flow and financial condition.

- 54. *Our ability to pay dividends in the future will depend on our earnings, financial condition, working capital requirements, capital expenditures, restrictive covenants of our financing arrangements and compliance with applicable laws.***

While we have distributed dividends in the last three Fiscals, there is no guarantee that any dividends will be declared or paid in the future. The declaration and payment of dividend will depend on a number of internal and external factors. Pursuant to the notification dated June 24, 2021 issued by the RBI, the declaration of dividend of our Company shall, among other things, be dependent on the supervisory findings of the RBI in relation to non-performing assets of our Company, along with the capital adequacy requirements and the maximum dividend payout ratio prescribed under applicable laws. Additionally, our ability to pay dividends may also be restricted by regulatory restriction and the terms of financing arrangements that we may enter. The external factors on the basis of which our Company may declare the dividend shall, among other things, include business cycles, economic environment, both domestic and global, government and regulatory provisions, including taxation, inflation rates and cost of raising funds from alternate sources. Any dividends to be declared and paid in the future are required to be recommended by our Board of Directors and approved by its Shareholders, at their discretion, subject to the provisions of the Articles of Association and applicable law, including the Companies Act, 2013. For further details, see “*Dividend Policy*” on page 320.

- 55. *Our debt securities are listed on the Wholesale Debt Market (“WDM”) segment of the BSE Limited (“BSE”) and the National Stock Exchange of India Limited (“NSE”), and we are subject to strict regulatory requirements with respect to such listed debt securities. Our inability to comply with or any delay in compliance with such laws and regulations may have an adverse effect on our business, results of operations, cash flows and financial condition.***

Our debt securities are listed on the WDM segments of the BSE and the NSE. We are required to comply with various applicable rules and regulations including the SEBI (Issue and Listing of Debt Securities) Regulations, 2008, the SEBI (Issue and Listing of Non-Convertible Securities) Regulations, 2021 and the SEBI Listing Regulations in terms of our listed debt securities. In the event of non-compliance with such rules and regulations, we may be subject to certain penal actions, among other things, including restrictions on further issuance of securities and freezing of transfer of securities. While there has been no action taken by SEBI or Stock Exchanges for non-compliance of listing conditions during Fiscals 2025, 2024 and 2023, any inability to comply with or any delay in compliance with such rules and regulations may have an adverse effect on our business, results of operations, cash flows and financial condition.

- 56. *Our Promoter is a listed entity and any violation of rules and regulations applicable to listed companies by our Promoter may adversely impact our business, reputation, results of operation, cash flows and financial condition.***

Our Promoter is a listed entity with its own dispersed investor base and is subject to various compliance requirements under regulations promulgated by the SEBI and the U.S. Securities Exchange Commission (the “SEC”). Our Promoter is also subject to periodical checks and scrutiny by the SEBI, the SEC, the Stock Exchanges and the New York Stock Exchange (the “NYSE”). Except as disclosed in the section “*Outstanding Litigation and Material Developments—II. Litigation Involving our Promoter—Disciplinary Actions including penalty imposed by the SEBI or Stock Exchanges*” on page 473, there have been no material actions taken by SEBI or the Stock Exchanges against the Promoter during Fiscals 2025, 2024 and 2023 in relation to non-compliance of listing conditions. Any violations by our Promoter or adverse actions against our Promoter in the future may

have an adverse impact on our business, reputation, results of operation, cash flows and financial condition. See “*Our Promoter and Promoter Group*” on page 314.

57. *Industry information included in this Prospectus has been derived from the CRISIL Report, and any reliance on information from the CRISIL Report for making an investment decision in the Offer is subject to inherent risks.*

Certain sections of this Prospectus include information based on or derived from the CRISIL Report, which was prepared by CRISIL Intelligence and exclusively commissioned and paid for by our Company for the purposes of the Offer pursuant to the technical proposal dated September 6, 2024 and the addendum dated May 26, 2025. CRISIL Intelligence is not related to our Company, our Promoters, our Directors, Key Managerial Personnel, Senior Management Personnel or the Book Running Lead Managers. A copy of the CRISIL Report will be available on the Company’s website at <https://www.hdbfs.com/investor/offer-documents> from the date of this Prospectus until the Offer Closing Date.

The CRISIL Report is subject to various limitations and based on certain assumptions that are subjective in nature. Statements in the CRISIL Report that involve estimates are subject to change, and actual amounts may differ materially from those included therein. The CRISIL Report uses certain selected methodologies for market sizing and forecasting and, accordingly, investors should read the industry related disclosure in this Prospectus in this context. The CRISIL Report is not a recommendation to invest/disinvest in any company covered in the CRISIL Report. Accordingly, prospective investors should not place undue reliance on, or base their investment decision solely on this information. There are no parts, data or information (which may be relevant for the proposed Offer), that has been materially left out or changed in any manner. Industry sources and publications are also prepared based on information as of specific dates and may no longer be current or reflect current trends. Industry sources and publications may also base their information on estimates, projections, forecasts and assumptions that may prove to be incorrect. Accordingly, investors should not place undue reliance on or base their investment decision solely on this information.

In view of the foregoing, investors should consult your own advisors and undertake an independent assessment of information in this Prospectus based on, or derived from, the CRISIL Report before making any investment decision regarding the Offer. See “*Certain Conventions, Presentation of Financial, Industry and Market Data—Industry and Market Data*” and “*Industry Overview*” on pages 24 and 291, respectively.

58. *We have in this Prospectus included certain non-GAAP financial measures and certain other selected statistical information related to our operations and financial condition. These non-GAAP measures and statistical information may vary from any standard methodology that is applicable across the financial services industry and therefore may not be comparable with financial or statistical information of similar nomenclature computed and presented by other financial services companies.*

Certain non-GAAP financial measures and certain other statistical information relating to our operations and financial performance have been included in this section and elsewhere in this Prospectus. For details on the various non-GAAP financial measures and the reconciliation of non-GAAP measures, please see “*Selected Statistical Information*” on page 321. These non-GAAP measures are not a measurement of our financial performance or liquidity under Ind AS, Indian GAAP, IFRS or U.S. GAAP and should not be considered in isolation or construed as an alternative to cash flows, profit and loss for the respective Fiscals or any other measure of financial performance or as an indicator of our operating performance, liquidity, profitability or cash flows generated by operating, investing or financing activities derived in accordance with Ind AS, Indian GAAP, IFRS or U.S. GAAP. These non-GAAP measures and such other industry-related statistical and operational information relating to our operations and financial performance may not be computed on the basis of any standard methodology that is applicable across the industry and therefore may not be comparable to financial and operational measures, and industry-related statistical information of similar nomenclature that may be computed and presented by other similar companies.

In addition, these non-GAAP measures are not standardised terms, hence a direct comparison of these non-GAAP measures between companies may not be possible. Other companies may calculate these non-GAAP measures differently from us, limiting its usefulness as a comparative measure. Such supplemental financial and operational information is therefore of limited utility as an analytical tool, and investors are cautioned against considering such information either in isolation or as a substitute for an analysis of our Restated Consolidated Financial Information disclosed elsewhere in this Prospectus. For more information, see “*Management’s Discussion and Analysis of Financial Condition and Results of Operation*” on page 391.

59. *Any variation in the utilisation of the Net Proceeds would be subject to certain compliance requirements, including prior Shareholders’ approval. Further, our funding requirements and deployment of the Net Proceeds of the Offer are based on management estimates and have not been independently appraised. Our management will have broad discretion over the use of the Net Proceeds.*

We propose to utilise the Net Proceeds towards augmenting our capital base to meet future business requirements of our Company, including towards onward lending. For further information of the proposed objects of the Offer, see “*Objects of the Offer*” on page 144. At this stage, we cannot determine with any certainty if we would require the Net Proceeds to meet any other expenditure or fund any exigencies arising out of competitive environment, business conditions, economic conditions or other factors beyond our control. In accordance with Sections 13(8) and 27 of the Companies Act, 2013, we cannot undertake any variation in the utilisation of the Net Proceeds without obtaining shareholders’ approval through a special resolution. In the

event of any such circumstances that require us to undertake variation in the disclosed utilisation of the Net Proceeds, we may not be able to obtain shareholders' approval in a timely manner, or at all. Any delay or inability to obtain such shareholders' approval may adversely affect our business or operations.

Further, our Promoter would be required to provide an exit opportunity to Shareholders who do not agree with our proposal to change the objects of the Offer or vary the terms of such contracts, at a price and in such manner as prescribed by the SEBI. Additionally, the requirement on our Promoter to provide an exit opportunity to such dissenting Shareholders may deter our Promoter from agreeing to the variation of the proposed utilisation of the Net Proceeds, even if such variation is in the interests of our Company. Further, our Promoter may not have adequate resources at their disposal at all times to enable them to provide an exit opportunity at the price prescribed by the SEBI.

In light of these factors, we may not be able to undertake variation of the objects of the Offer to use any unutilised proceeds of the Offer, if any, or vary the terms of any contract referred to in this Prospectus, even if such variation is in the interests of our Company. This may restrict our Company's ability to respond to any change in our business or financial condition by re-deploying the unutilised portion of Net Proceeds, if any, or varying the terms of contract, which may adversely affect our business and results of operations.

Subject to compliance with requirements under the Companies Act and the SEBI ICDR Regulations, our planned use of the proceeds of the Offer may change. These are based on current conditions and are subject to change in light of changes in external circumstances or costs or in other financial conditions or our business strategy. Further, our funding requirements and deployment of the Net Proceeds are based on internal management estimates based on current market conditions and have not been appraised by any bank or financial institution or other independent agency. In the absence of such independent appraisal, our funding requirements may be subject to change based on various factors which are beyond our control, such as interest or exchange rate fluctuations, among others. The deployment of the Net Proceeds will be at the discretion of our Board, subject to applicable laws and regulations. However, the deployment of the Gross Proceeds will be monitored by the Monitoring Agency. Accordingly, prospective investors in the Issue will need to rely upon our management's judgment with respect to the use of the Net Proceeds. For details, see "*Objects of the Offer*" on page 144.

EXTERNAL RISK FACTORS

60. *Financial instability in other countries may cause increased volatility in Indian financial markets.*

The Indian market and the Indian economy are influenced by economic and market conditions in other countries, particularly emerging market countries in Asia. Although economic conditions are different in each country, investors' reactions to developments in one country can have adverse effects on the securities of companies in other countries, including India. A loss of investor confidence in the financial systems of other emerging markets may cause increased volatility in Indian financial markets and, indirectly, in the Indian economy in general. Any worldwide financial instability could also have a negative impact on the Indian economy. Financial disruptions may occur again and could harm our business, our future financial performance and the price of the Equity Shares.

The ongoing implications of Russia's invasion of Ukraine, the Israel-Hamas conflict, the Israel-Hezbollah conflict and the Iran-Israel conflict could result in increased volatility in, or damage to, the worldwide financial markets and economy. Any other global economic developments or the perception that any of them could occur may continue to have an adverse effect on global economic conditions and the stability of global financial markets, and may significantly reduce global market liquidity and restrict the ability of key market participants to operate in certain financial markets. Any of these factors could depress economic activity and restrict our access to capital, which could have an adverse effect on our business, financial condition, cash flows and results of operations and reduce the price of our Equity Shares. Any financial disruption could have an adverse effect on our business, future financial performance, shareholders' equity and the price of our Equity Shares.

61. *Financial difficulty and other problems in certain financial institutions in India could adversely affect our business, results of operations, cash flows and financial condition.*

Our Company, as an NBFC, is subject to the risks faced by the Indian financial system as a whole, which may be affected by the financial difficulties faced by certain Indian financial institutions because the commercial soundness of many financial institutions may be closely related as a result of credit, trading, clearing or other relationships. This risk, which may be referred to as "systemic risk", may adversely affect financial intermediaries, such as clearing agencies, banks, securities firms and exchanges with whom we have lasting relationships and who may default on their obligations due to bankruptcy, lack of liquidity, operational failure or other reasons. Any such difficulties or instability of the Indian financial system in general could create an adverse market perception about Indian financial institutions and banks and hence, could adversely affect our business. Our transactions with these financial institutions and other non-banking financial institutions expose us to various risks in the event of default by a counterparty, which can be exacerbated during periods of market illiquidity.

62. *Any adverse change in India's credit rating by an international rating agency could materially adversely affect our business and profitability.*

India's sovereign rating is Baa3 with a "stable" outlook (Moody's), BBB- with a "positive" outlook (S&P) and BBB- with a

“stable” outlook (Fitch). India’s sovereign rating could be downgraded due to various factors, including changes in tax or fiscal policy or a decline in India’s foreign exchange reserves, which are outside our control. Any adverse change in India’s credit ratings by international rating agencies may adversely impact the Indian economy and consequently our ability to raise additional financing in a timely manner or at all, as well as the interest rates and other commercial terms at which such additional financing is available. This could have an adverse effect on our business and financial performance, ability to obtain financing for capital expenditures and the price of the Equity Shares.

63. *India’s existing credit information infrastructure may cause increased risks of loan defaults.*

India’s existing credit information infrastructure may pose problems and difficulties in running a robust credit check on our borrowers. We may also face difficulties in the due diligence process relating to our customers or to any security or collateral we take in relation to our loans. We may not be able to run comprehensive searches relating to the security and there are no assurances that any searches we undertake will be accurate or reliable. Hence, our overall credit analysis could be less robust as compared to similar transactions in more developed economies, which might result in an increase in our NPAs and we may have to increase our provisions correspondingly. Any of the foregoing may have a material adverse effect on our business, results of operations, cash flows and financial condition.

64. *Geopolitical factors, trade disputes, natural or man-made disasters, fires, epidemics, pandemics, acts of war, terrorist attacks, civil unrest and other events could materially and adversely affect our business, results of operations, cash flows and financial condition.*

We are incorporated in India and derive all of our revenue from operations and assets in India and all our directors, Key Managerial Personnel and Senior Management Personnel are located in India. Our business depends on a number of general macroeconomic and demographic factors in India which are beyond our control. Additionally, recessionary economic cycles, a protracted economic slowdown, a worsening economy, uncertain economic conditions, including in light of recent trade disputes among major economies, rising interest rates or other industry-wide cost pressures could have a material adverse effect on our Company.

Natural disasters (such as flooding and earthquakes), epidemics, pandemics such as COVID-19 and man-made disasters, including acts of war, terrorist attacks and other events, many of which are beyond our control, may lead to economic instability, including in India or globally, which may in turn materially and adversely affect our business, financial condition and results of operations. Our operations may be adversely affected by fires, natural disasters and/or severe weather, which can result in damage to our properties and may require us to suspend operations. Any terrorist attacks or civil unrest as well as other adverse social, economic and political events in India or other countries could have a negative effect on us. Such incidents could also create a greater perception that investment in Indian companies involves a higher degree of risk and could have an adverse effect on our business and the price of the Equity Shares. A number of countries in Asia, including India, as well as countries in other parts of the world, are susceptible to contagious diseases and, for example, have had confirmed cases of diseases such as the highly pathogenic H7N9, H5N1 and H1N1 strains of influenza in birds and swine and more recently, the COVID-19 virus. Future outbreaks of the COVID-19 virus or a similar contagious disease could adversely affect the global economy and economic activity in the region. As a result, any present or future outbreak of a contagious disease could have a material adverse effect on our business, results of operations, cash flows and financial condition and the trading price of the Equity Shares.

The short and long-term implications of Russia’s invasion of Ukraine, the Israel-Hamas conflict, the Israel-Hezbollah conflict, the Iran-Israel conflict and recent military tensions between India and Pakistan are difficult to predict at this time. To date, we have not experienced any material interruptions in our business operations in connection with these conflicts. We continue to monitor any adverse impact that the outbreak of war in Ukraine, the subsequent institution of sanctions against Russia by the United States and several European and Asian countries, and the Israel-Hamas conflict, Israel-Hezbollah conflict or the Iran-Israel conflict may have on the global economy in general, on our business and operations, our customers and other third parties with whom we conduct business. In particular, the Israel-Iran conflict has impacted oil prices and may continue to do so, which may in turn have an impact on the global economy and on India’s economy in particular. To the extent such wars and conflicts may adversely affect our business as discussed above, it may also have the effect of heightening many of the other risks described herein.

65. *Our ability to raise foreign capital may be constrained by Indian law.*

We raise debt capital in foreign currencies. As at March 31, 2025, our external commercial borrowings (“ECBs”) totaled USD 1,050.0 million. As an Indian company, we are subject to exchange controls that regulate borrowing in foreign currencies. Such regulatory restrictions limit our financing sources and could constrain our ability to obtain financings on competitive terms and refinance existing indebtedness. In addition, we cannot assure you that any required regulatory approvals for borrowing foreign currencies, including the regulatory approval requirement to borrow in foreign currencies in excess of USD 750 million, will be granted to us without onerous conditions, or at all. Limitations on foreign debt may have an adverse effect on our business growth, financial condition and results of operations.

66. *Changing laws, rules and regulations and legal uncertainties, including adverse application of tax laws and regulations, may materially adversely affect our business, results of operations, cash flows and financial condition.*

The regulatory environment in which we operate is evolving and is subject to change. Governmental and regulatory bodies in India and other countries may enact new regulations or policies, which may require us to obtain approvals and licences from applicable governments and other regulatory bodies or impose onerous requirements and conditions on our operations. Consequently, our business and financial performance could be materially adversely affected by changes in the laws, rules, regulations or directions applicable to us and the non-banking financial companies, or the interpretations of such existing laws, rules and regulations, or the promulgation of new laws, rules and regulations.

The governmental and regulatory bodies may notify new regulations and/or policies, which may require us to obtain approvals and licences from the government and other regulatory bodies, impose onerous requirements and conditions on our operations, in addition to those which we are undertaking currently, or change the manner in which we conduct KYC or authenticate our customers. Any such changes and the related uncertainties with respect to the implementation of new regulations may have a material adverse effect on our business, results of operations, cash flows and financial condition.

In addition, unfavourable changes in or interpretations of existing rules and regulations including foreign investment laws governing our business, operations and investments in our Company by non-residents, could result in us being deemed to be in contravention of such laws and/or may require us to apply for additional approvals. We may incur increased costs relating to compliance with such new requirements, which may also require management time and other resources, and any failure to comply may adversely affect our business, results of operations and prospects. Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent, may be time-consuming as well as costly for us to resolve and may affect the viability of our current business or restrict our ability to grow our business in the future. For instance, the Supreme Court of India has in a decision clarified the components of basic wages which need to be considered by companies while making provident fund payments, which resulted in an increase in the provident fund payments to be made by companies. Any such decisions in future or any further changes in interpretation of laws may have an impact on our results of operations.

Tax and other levies imposed by the central and state governments in India that affect our tax liability include central and state taxes and other levies, income tax, turnover tax, goods and service tax, stamp duty and other special taxes and surcharges that are introduced on a temporary or permanent basis from time to time. The final determination of our tax liabilities involves the interpretation of local tax laws and related regulations in each jurisdiction as well as the significant use of estimates and assumptions regarding the scope of future operations and results achieved and the timing and nature of income earned and expenditures incurred. Moreover, the central and state tax scheme in India is extensive and subject to change from time to time. Any future increases or amendments could affect the overall tax efficiency of companies operating in India and could result in significant additional taxes becoming payable. If the tax costs associated with certain transactions because of a particular tax risk materializing are greater than anticipated, it could affect the profitability of such transactions. We are also subject to various labour laws and regulations governing our relationships with our employees and contractors, including in relation to minimum wages, working hours, overtime, working conditions, hiring and terminating the contracts of employees and contractors, contract labour and work permits. A change of law that requires us to increase the benefits to the employees from the benefits now being provided may create potential liability for us. Such benefits could also include provisions which reduce the number of hours an employee may work for or increase in number of mandatory casual leaves, which all can affect the productivity of the employees. Moreover, a change of law that requires us to treat and extend benefits to our outsourced personnel, and personnel retained on a contractual basis, similar to our full-time employees, may create potential liability for us. If we fail to comply with current and future health and safety and labour laws and regulations at all times, including obtaining relevant statutory and regulatory approvals, this could materially and adversely affect our business, results of operations, cash flows and financial condition.

67. *Investors may have difficulty enforcing foreign judgments in India against us or our management.*

Our Company is incorporated under the laws of India. Our Company's assets are located in India and all of our Company's Directors, Key Managerial Personnel and Senior Management Personnel are residents of India. As a result, it may not be possible for investors to effect service of process upon our Company or such persons in jurisdictions outside India, or to enforce against them judgments obtained in courts outside India. Moreover, it is unlikely that a court in India would award damages on the same basis as a foreign court if an action were brought in India or that an Indian court would enforce foreign judgments if it viewed the amount of damages as excessive or inconsistent with Indian public policy. A party seeking to enforce a foreign judgment in India is required to obtain prior approval from the RBI under the Foreign Exchange Management Act, 1999 (the "FEMA") to repatriate any amount recovered, and such approval may not be forthcoming. The recognition and enforcement of foreign judgments in India are governed by Sections 13 and 44A of Code of Civil Procedure, 1908 (the "Civil Code"), which provide that a suit must be brought in India within three years of the date of the judgment sought to be enforced. Generally, there are considerable delays in the disposal of suits by Indian courts. Furthermore, enforcement of foreign arbitral awards is governed under Sections 48, 49, 55 and 57 of the Arbitration and Conciliation Act, 1996. However, the courts may refuse to enforce such awards if the courts find that the subject matter of the dispute is not capable of being settled under the laws of India or if the enforcement would be contrary to the public policy of India.

68. *Significant differences exist between Ind AS and other accounting principles, such as U.S. GAAP and IFRS, which may be material to investors' assessments of our financial condition.*

The financial statements included in this Prospectus have been prepared in accordance with Ind AS. We have not attempted to quantify the impact of U.S. GAAP or IFRS on the financial data included in this Prospectus, nor do we provide a reconciliation of our financial statements to those of U.S. GAAP or IFRS. U.S. GAAP and IFRS differ in significant respects from Ind AS. Accordingly, the degree to which the Ind AS financial statements, which are restated as per the SEBI ICDR Regulations included in this Prospectus, will provide meaningful information is entirely dependent on the reader's level of familiarity with Indian accounting practices. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Prospectus should be limited accordingly.

69. *We may be affected by competition laws, the adverse application or interpretation of which could adversely affect our business, results of operations, cash flows and financial condition.*

The Competition Act, 2002, of India, as amended (the "**Competition Act**"), regulates practices having an appreciable adverse effect on competition in the relevant market in India ("**AAEC**"). Under the Competition Act, any formal or informal arrangement, understanding or action in concert, which causes or is likely to cause an AAEC, is considered void and may result in the imposition of substantial penalties. Further, any agreement among competitors which directly or indirectly involves the determination of purchase or sale prices, limits or controls production, supply, markets, technical development, investment, or the provision of services or shares the market or source of production or provision of services in any manner, including by way of allocation of geographical area or number of customers in the relevant market or directly or indirectly, results in bid-rigging or collusive bidding is presumed to have an AAEC and is considered void. The Competition Act also prohibits abuse of a dominant position by any enterprise.

On April 11, 2023, the Competition (Amendment) Bill 2023 received the assent of the President of India to become the Competition (Amendment) Act, 2023 (the "**Competition Amendment Act**"), amending the Competition Act and giving the Competition Commission of India (the "**CCI**") additional powers to prevent practices that harm competition and the interests of consumers. It has been enacted to increase the ease of doing business in India and enhance transparency. The Competition Amendment Act modifies, among other things, the scope of certain factors used to determine AAEC, reduces the overall time limit for the assessment of combinations by the CCI and empowers the CCI to impose penalties based on the global turnover of entities, for anti-competitive agreements and abuse of dominant position.

The Competition Act aims to, among others, prohibit all agreements and transactions which may have an AAEC in India. Consequently, all agreements entered by us could be within the purview of the Competition Act. Further, the CCI has extraterritorial powers and can investigate any agreements, abusive conduct or combination occurring outside India if such agreement, conduct or combination has an AAEC in India. However, the impact of the provisions of the Competition Act on the agreements entered by us cannot be predicted with certainty at this stage. We may be affected, directly or indirectly, by the application or interpretation of any provision of the Competition Act, or any enforcement proceedings initiated by the CCI, or any adverse publicity that may be generated due to scrutiny or prosecution by the CCI or if any prohibition or substantial penalties are levied under the Competition Act, it would adversely affect our business, results of operations, cash flows and financial condition.

RISKS RELATING TO THE EQUITY SHARES AND THE OFFER

70. *The ability of investors to acquire and sell Equity Shares is restricted by the distribution and transfer restrictions set forth in this Prospectus.*

No actions have been taken to permit a public offering of our Equity Shares in any jurisdiction, other than India. As such, our Equity Shares have not and will not be registered under the U.S. Securities Act, any state securities laws or the law of any jurisdiction other than India. Further, our Equity Shares are subject to restrictions on transferability and resale. You are required to inform yourself about and observe these restrictions. Please see "*Other Regulatory and Statutory Disclosures - Disclaimer in Respect of Jurisdiction*" and "*Other Regulatory and Statutory Disclosures – Eligibility and Transfer Restrictions*" on pages 498 and 497, respectively. We, our representatives and our agents will not be obligated to recognise any acquisition, transfer or resale of our Equity Shares made other than in compliance with the restrictions set forth herein.

71. *The average cost of acquisition of Equity Shares for our Promoter Selling Shareholder may be lower than the Offer Price.*

The average cost of acquisition of the Promoter Selling Shareholder for 750,596,670 Equity Shares is ₹46.4, which may be lower than the Offer Price. For details, see "*Basis for Offer Price*" and "*Capital Structure*" on pages 150 and 86, respectively. The Offer Price is not indicative of the price at which our Company has issued the Equity Shares in the past or that will prevail in the open market following listing of the Equity Shares.

72. *We have issued Equity Shares during the preceding 12 months at a price which may be below the Offer Price.*

We have, in the last 12 months prior to filing this Prospectus, issued Equity Shares at a price that could be lower than the Offer

Price. For further details, see “*Capital Structure—Notes to Capital Structure—Issue of Equity Shares at a price lower than the Offer Price in the last year*” on page 129.

73. *The determination of the Price Band is based on various factors and assumptions and the Offer Price of the Equity Shares may not be indicative of the market price of the Equity Shares after the Offer. Further, the current market price of some securities listed pursuant to certain previous issues managed by the Book Running Lead Managers is below their respective issue prices.*

The determination of the Price Band is based on various factors and assumptions and will be determined by our Company in consultation with the BRLMs. Furthermore, the Offer Price of the Equity Shares will be determined by our Company in consultation with the BRLMs through the Book Building Process. These will be based on numerous factors, including factors as described under “*Basis for Offer Price*” on page 150, and may not be indicative of the market price for the Equity Shares after the Offer.

The market price of the Equity Shares could be subject to significant fluctuations after the Offer and may decline below the Offer Price. We cannot assure you that the investor will be able to resell their Equity Shares at or above the Offer Price resulting in a loss of all or part of the investment. The relevant financial parameters based on which the Price Band would be determined shall be disclosed in the advertisement to be issued for publication of the Price Band. For further details, see “*Basis for Offer Price*” on page 150.

Further, there can be no assurance that our key performance indicators (“**KPIs**”) shall become higher than our listed comparable industry peers in the future. An inability to improve, maintain or compete, or any reduction in such KPIs in comparison with the listed comparable industry peers, may adversely affect the market price of the Equity Shares. There can be no assurance that our methodologies are correct or will not change and accordingly, our position in the market may differ from that presented in this Prospectus.

The disposal of Equity Shares by our Promoter or any of our Company’s other principal shareholders or the perception that such issuance or sales may occur, including to comply with the minimum public shareholding norms applicable to listed companies in India, may adversely affect the trading price of the Equity Shares. We cannot assure you that our Promoter and other major shareholders will not dispose of, pledge or encumber their Equity Shares in the future. Further, we cannot assure you that the disposal of the Equity Shares in the future, if any, by our Promoter or other major shareholders will not be at a price higher than the Offer Price.

In addition to the above, the current market price of securities listed pursuant to certain previous initial public offerings managed by the BRLMs is below their respective issue price. For further details, see “*Price information of past issues handled by the Book Running Lead Managers (during the current Financial Year and two Financial Years preceding the current Financial Year)*” on page 504. The factors that could affect the market price of the Equity Shares include, among others, broad market trends, financial performance, results of our Company post-listing and other factors beyond our control. We cannot assure you that an active market will develop or sustained trading will take place in the Equity Shares or provide any assurance regarding the price at which the Equity Shares will be traded after listing.

74. *Subsequent to listing of the Equity Shares, we may be subject to pre-emptive surveillance measures like Additional Surveillance Measure (“ASM”) and Graded Surveillance Measures (“GSM”) by the Stock Exchanges in order to enhance market integrity and safeguard the interest of investors.*

The SEBI and the Stock Exchanges, in the past, have introduced various pre-emptive surveillance measures with respect to the shares of listed companies in India (the “**Listed Securities**”) in order to enhance market integrity, safeguard the interests of investors and potential market abuses. In addition to various surveillance measures already implemented, and in order to further safeguard the interest of investors, the SEBI and the Stock Exchanges have introduced ASM and GSM.

ASM is conducted by the Stock Exchanges on Listed Securities with surveillance concerns based on certain objective parameters such as price-to-earnings ratio, percentage of delivery, client concentration, variation in volume of shares and volatility of shares, among other things. GSM is conducted by the Stock Exchanges on Listed Securities where their price quoted on the Stock Exchanges is not commensurate with, among other things, the financial performance and financial condition measures such as earnings, book value, fixed assets, net worth, and other measures such as price-to-earnings multiple and market capitalisation.

Upon listing, the trading of our Equity Shares would be subject to differing market conditions as well as other factors which may result in high volatility in price, and low trading volumes as a percentage of combined trading volume of our Equity Shares. The occurrence of any of the abovementioned factors or other circumstances may trigger any of the parameters prescribed by the SEBI and the Stock Exchanges for placing our securities under the GSM and/or ASM framework or any other surveillance measures, which could result in significant restrictions on trading of our Equity Shares being imposed by the SEBI and the Stock Exchanges. These restrictions may include requiring higher margin requirements, limiting trading frequency or freezing of price on upper side of trading, as well as mentioning of our Equity Shares on the surveillance dashboards of the Stock Exchanges. The imposition of these restrictions and curbs on trading may have an adverse effect on market price, trading and liquidity of our Equity Shares and on the reputation and conditions of our Company. Any such instance may result in a loss of our reputation and diversion of our management’s attention and may also decrease the market price of our Equity Shares, which could cause

you to lose some or all of your investment.

75. *Rights of shareholders of companies under Indian law may be more limited than under the laws of other jurisdictions.*

Our Articles of Association, composition of our Board, Indian laws governing our corporate affairs, the validity of corporate procedures, directors' fiduciary duties, responsibilities and liabilities, and shareholders' rights may differ from those that would apply to a company in another jurisdiction. Shareholders' rights under Indian law, including in relation to class actions, may not be as extensive and widespread as shareholders' rights under the laws of other countries or jurisdictions. Investors may face challenges in asserting their rights as shareholder in an Indian company than as a shareholder of an entity in another jurisdiction.

76. *Investors may be subject to Indian taxes arising out of capital gains on the sale of the Equity Shares and dividends paid on the Equity Shares.*

Under current Indian tax laws, unless specifically exempted, capital gains arising from the sale of equity shares held as investments in an Indian company are generally taxable in India. A securities transaction tax ("STT") is levied on equity shares sold on an Indian stock exchange. Any capital gain exceeding ₹100,000 realized on the sale of listed equity shares on a recognized stock exchange and held for more than 12 months may be subject to long-term capital gains tax in India at the rate of 10% (without indexation and exchange variation benefit). This beneficial provision is subject to, among other things, payment of STT on both acquisition and sale of the equity shares. If the shares are not sold on a recognized stock exchange or if STT has not been paid as mentioned above, long term capital gain will be charged at 20% (with indexation) and short-term capital gain will be taxed at applicable slab rates. Non-residents are provided with the option of discharging tax on long term capital gain at 10% (without indexation and exchange variation benefit). Non-residents can also opt for the rate of tax as proposed in the double taxation avoidance agreement for the above transactions, if it is more beneficial, after providing the necessary documents as prescribed under the statute.

Further, any gain realized on the sale of our Equity Shares held for a period of 12 months or less immediately preceding the date of transfer will be subject to short-term capital gains tax in India at the rate of 15%, subject to STT being paid at the time of sale of such shares. Otherwise, such gains will be taxed at the applicable rates.

Capital gains arising from the sale of the Equity Shares will not be chargeable to tax in India in cases where relief from such taxation in India is provided under a treaty between India and the country of which the seller is resident read with the Multilateral Instrument, if and to the extent applicable, and the seller is entitled to avail benefits thereunder. Generally, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable for tax in India as well as in their own jurisdiction on a gain realised upon the sale of the Equity Shares.

The stamp duty for transfer of certain securities, other than debentures, on a delivery basis is currently specified at 0.015% and on a non-delivery basis is specified at 0.003% of the consideration amount.

Any dividends paid by an Indian company will be subject to tax in the hands of the shareholders at applicable rates. Such taxes will be withheld by the Indian company paying dividends. The Company may or may not grant the benefit of a tax treaty (where applicable) to a non-resident shareholder for the purposes of deducting tax at source pursuant to any corporate action including dividends. Investors are advised to consult their own tax advisors and to carefully consider the potential tax consequences of owning Equity Shares. Unfavourable changes in or interpretations of existing, or the promulgation of new laws, rules and regulations, including foreign investment and stamp duty laws governing our business and operations, could result in us being deemed to be in contravention of such laws and may require us to apply for additional approvals.

77. *Fluctuation in the exchange rate between the Indian Rupee and foreign currencies may have an adverse effect on the value of our Equity Shares, independent of our operating results.*

On listing, our Equity Shares will be quoted in Indian Rupees on the Stock Exchanges. Any dividends in respect of our Equity Shares will also be paid in Indian Rupees and subsequently converted into the relevant foreign currency for repatriation, if required. Any adverse movement in currency exchange rates during the time taken for such conversion and repatriation transaction charges incurred, if any, may reduce the net dividend to foreign investors. In addition, any adverse movement in currency exchange rates during a delay in repatriating the proceeds from a sale of Equity Shares outside India, for example, because of a delay in regulatory approvals that may be required for the sale of Equity Shares may reduce the proceeds received by shareholders. For example, the exchange rate between the Indian Rupee and the U.S. dollar has fluctuated in recent years and may fluctuate in the future, which may have an adverse effect on the returns on our Equity Shares, independent of our operating results.

78. *Our Company's Equity Shares have never been publicly traded and may experience price and volume fluctuations following the completion of the Offer, an active trading market for the Equity Shares may not develop, the price of our Equity Shares may be volatile or may not be indicative of the market price of the Equity Shares after the Offer, and you may be unable to resell your Equity Shares at or above the Offer Price or at all.*

Prior to the Offer, there has been no public market for our Equity Shares, and an active trading market may not develop or be

sustained after the Offer. Listing and quotation does not guarantee that a market for our Equity Shares will develop or, if developed, the liquidity of such market for the Equity Shares. The Offer Price of the Equity Shares is proposed to be determined through a book building process and may not be indicative of the market price of our Equity Shares at the time of commencement of trading of our Equity Shares or at any time thereafter. Further, the price of the Equity Shares may be volatile, and the investors may be unable to resell the Equity Shares at or above the Offer Price, or at all. The market price of the Equity Shares may be subject to significant fluctuations in response to, among other factors, variations in our operating results, market conditions specific to the industry we operate in, developments relating to India and volatility in the Stock Exchanges and securities markets elsewhere in the world.

There has been significant volatility in the Indian stock markets in the recent past, and the trading price of our Equity Shares after this Offer could fluctuate significantly as a result of market volatility or due to various internal or external risks, including but not limited to those described in this Prospectus. The market price of our Equity Shares may be influenced by many factors, some of which are beyond our control, including:

- failure of security analysts to cover the Equity Shares after this Offer, or changes in the estimates of our performance by analysts;
- activities of competitors;
- future sales of the Equity Shares by us or our shareholders;
- investor perception of us and the industry in which we operate;
- our quarterly or annual earnings or those of our competitors;
- developments affecting fiscal or sectoral;
- the public's reaction to our press releases and adverse media reports;
- the stake of our Promoter; and
- general economic conditions.

Furthermore, a decrease in the market price of our Equity Shares could cause investors to lose some or all of their investment. Significant events affecting other listed companies within the HDFC Bank group could lead to volatility in their share prices and such fluctuations may also impact the valuation of our Company, reflecting in our share price performance.

79. *Investors will not be able to sell immediately on an Indian stock exchange any of the Equity Shares they purchase in the Offer.*

The Equity Shares will be listed on the Stock Exchanges. Pursuant to applicable Indian laws, certain actions must be completed before the Equity Shares can be listed and before trading in the Equity Shares may commence. Investors' book entry, or 'demat' accounts with depository participants in India, are expected to be credited within one working day of the date on which the Basis of Allotment is approved by the Stock Exchanges. The Allotment of Equity Shares in the Offer and the credit of such Equity Shares to the applicant's demat account with depository participant could take approximately two working days from the Bid/Offer Closing Date and trading in the Equity Shares upon receipt of final listing, and trading approvals from the Stock Exchanges is expected to commence within three working days of the Bid/Offer Closing Date. There could be a failure or delay in listing of the Equity Shares on the Stock Exchanges. Any failure or delay in obtaining the approval or otherwise commence trading in the Equity Shares would restrict investors' ability to dispose of their Equity Shares. There can be no assurance that the Equity Shares will be credited to investors' demat accounts, or that trading in the Equity Shares will commence, within the time periods specified in this risk factor. We could also be required to pay interest at the applicable rates if allotment is not made, refund orders are not dispatched or demat credits are not made to investors within the prescribed time periods.

80. *Any future issuance of Equity Shares or convertible securities or other equity-linked instruments by us may dilute your shareholding, and sale of Equity Shares by the Promoter may adversely affect the trading price of the Equity Shares.*

We may be required to finance our growth, whether organic or inorganic, through future equity offerings. Any future equity issuances by us, including a primary offering, convertible securities or securities linked to Equity Shares including through exercise of employee stock options, may lead to the dilution of investors' shareholdings in our Company. Any future equity issuances by us or disposal of our Equity Shares by the Promoter or any of our other principal shareholders or any other change in our shareholding structure to comply with minimum public shareholding norms applicable to listed companies in India or any public perception regarding such issuance or sales may adversely affect the trading price of the Equity Shares, which may lead to other adverse consequences including difficulty in raising capital through offering of our Equity Shares or incurring additional debt. There can be no assurance that we will not issue further Equity Shares or that our existing shareholders including our Promoter will not dispose of further Equity Shares after the completion of the Offer (subject to compliance with the lock-in provisions under the SEBI ICDR Regulations) or pledge or encumber their Equity Shares. Any future issuances could also dilute the value of shareholder's investment in the Equity Shares and adversely affect the trading price of our Equity Shares. Such securities may also be issued at prices below the Offer Price. We may also issue convertible debt securities to finance our future growth or fund our business activities. In addition, any perception by investors that such issuances or sales might occur may also affect the market price of our Equity Shares.

81. *Under Indian law, foreign investors are subject to investment restrictions that limit our ability to attract foreign investors, which may adversely affect the trading price of the Equity Shares.*

Under foreign exchange regulations currently in force in India, transfer of shares between non-residents and residents are freely permitted (subject to compliance with sectoral norms and certain other restrictions), if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or falls under any of the exceptions referred to above, then a prior regulatory approval will be required. Further, unless specifically restricted, foreign investment is freely permitted in all sectors of the Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The RBI and the concerned ministries/departments are responsible for granting approval for foreign investment. Additionally, shareholders who seek to convert Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India require a no-objection or a tax clearance certificate from the Indian income tax authorities.

In addition, pursuant to the Press Note No. 3 (2020 Series), dated April 17, 2020, issued by the DPIIT, which has been incorporated as the proviso to Rule 6(a) of the FEMA Rules, investments where the beneficial owner of the Equity Shares is situated in or is a citizen of a country sharing a land border with India can only be made through the Government approval route, as prescribed in the Consolidated FDI Policy dated October 15, 2020, and the FEMA Rules. We cannot assure you that any required approval from the RBI or any other governmental agency can be obtained with or without any particular terms or conditions or at all.

For further information, see “*Restrictions on Foreign Ownership of Indian Securities*” on page 560.

82. *Qualified Institutional Buyers (“QIBs”) and Non-Institutional Investors are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid, and Retail Individual Investors are not permitted to withdraw their Bids after Bid/Offer Closing Date.*

Pursuant to the SEBI ICDR Regulations, QIBs and Non-Institutional Investors are required to block the Bid amount on submission of the Bid and are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid. Retail Individual Investors can revise their Bids during the Bid/Offer Period and/or withdraw their Bids until the Bid/Offer Closing date, but not thereafter. While we are required to complete all necessary formalities for listing and commencement of trading of the Equity Shares on all Stock Exchanges where such Equity Shares are proposed to be listed, including Allotment, within three working days from the Bid/Offer Closing Date or such other period as may be prescribed by the SEBI, events affecting the investors’ decision to invest in the Equity Shares, including adverse changes in international or national monetary policy, financial, political or economic conditions, our business, results of operations, cash flows or financial condition may arise between the date of submission of the Bid and Allotment. We may complete the Allotment of the Equity Shares even if such events occur, and such events may limit the investors’ ability to sell the Equity Shares Allotted pursuant to the Offer or cause the trading price of the Equity Shares to decline on listing. Therefore, QIBs and Non-Institutional Investors will not be able to withdraw or lower their bids following adverse developments in international or national monetary policy, financial, political or economic conditions, our business, results of operations, cash flows or otherwise between the dates of submission of their Bids and Allotment.

83. *Holders of Equity Shares may be restricted in their ability to exercise pre-emptive rights under Indian law and thereby may suffer future dilution of their ownership position.*

Under the Companies Act, 2013, a company having share capital and incorporated in India must offer its holders of equity shares pre-emptive rights to subscribe and pay for a proportionate number of equity shares to maintain their existing ownership percentages before the issuance of any new equity shares, unless the pre-emptive rights have been waived by adoption of a special resolution by holders of three-fourths of the equity shares voting on such resolution. However, if the laws of the jurisdiction the investors are located in does not permit them to exercise their pre-emptive rights without us filing an offering document or registration statement with the applicable authority in such jurisdiction, the investors will be unable to exercise their pre-emptive rights unless we make such a filing. If we elect not to file a registration statement, the new securities may be issued to a custodian, who may sell the securities for the investor’s benefit. The value the custodian receives on the sale of such securities and the related transaction costs cannot be predicted. In addition, to the extent that the investors are unable to exercise pre-emption rights granted in respect of the Equity Shares held by them, their proportional interest in us would be reduced.

84. *A third party could be prevented from acquiring control of us post this Offer, because of antitakeover provisions under Indian law.*

As a listed Indian entity, there are provisions in Indian law that may delay, deter or prevent a future takeover or change in control of our Company. Under the Takeover Regulations, an acquirer has been defined as any person who, directly or indirectly, acquires or agrees to acquire shares or voting rights or control over a company, whether individually or acting in concert with others. Although these provisions have been formulated to ensure that interests of investors/shareholders are protected, these provisions may also discourage a third party from attempting to take control of our Company subsequent to completion of the Offer. Consequently, even if a potential takeover of our Company would result in the purchase of the Equity Shares at a premium to their market price or would otherwise be beneficial to our shareholders, such a takeover may not be attempted or consummated because of the SEBI Takeover Regulations.

85. *Due to the nature of our business, we are likely to be classified as a passive foreign investment company (“PFIC”) for U.S. federal income tax purposes. Assuming we are so classified, U.S. investors in the Equity Shares may be subject to material adverse U.S. federal income tax consequences.*

A non-U.S. corporation will be classified as a PFIC for any taxable year if either: (a) at least 75% of its gross income for such year is “passive income” for purposes of the PFIC rules or (b) at least 50% of the value of its assets (generally determined on the basis of a quarterly average) during such year is attributable to assets that produce or are held for the production of passive income. For this purpose, passive income includes interest, dividends and other investment income, with certain exceptions. We mainly engage in the business of making loans to customers and our revenue mostly consists of interest income that will be considered passive income unless such interest income is derived in bona fide banking activities conducted by a U.S. licensed bank or a foreign corporation engaged in the banking business that is licensed as a bank in the country in which it is chartered or incorporated and accepts deposits from and lends to unrelated customers as part of its banking business. We are not licensed as a bank in any jurisdiction and do not accept deposits. Therefore, we are likely a PFIC for the current taxable year and the foreseeable future. If we are treated as a PFIC for any taxable year during which a U.S. investor held Equity Shares, such U.S. investor would generally be subject to material adverse U.S. federal income tax consequences. Certain elections that may alleviate such material adverse U.S. federal income tax consequences may be available.

- (1) The Offer has been authorized by the resolution of our Board of Directors at their meeting held on September 20, 2024, and the Fresh Issue has been authorised by a special resolution passed by our Shareholders through postal ballot declared on October 21, 2024.
- (2) The Promoter Selling Shareholder has confirmed and authorized their participation in the Offer for Sale in relation to the Offered Shares. For details on the authorisations and consent of the Promoter Selling Shareholder, see “Other Regulatory and Statutory Disclosures” beginning on page 494. The Promoter Selling Shareholder confirms that the Offered Shares have been held by them for a period of at least one year prior to the filing of the Draft Red Herring Prospectus with SEBI in accordance with Regulation 8 of the SEBI ICDR Regulations or are otherwise eligible for being offered for sale pursuant to the Offer in accordance with the provisions of the SEBI ICDR Regulations.
- (3) Our Board has taken on record the approval for the Offer for Sale by the Promoter Selling Shareholder pursuant to their resolution dated October 28, 2024. The Promoter Selling Shareholder has confirmed its eligibility to participate in the Offer for Sale in accordance with Regulation 8 of the SEBI ICDR Regulations, to the extent applicable to the Promoter Selling Shareholder, as on the date of the Draft Red Herring Prospectus and the Red Herring Prospectus, and this Prospectus, as set out below:

Promoter Selling Shareholder	Aggregate number of Equity Shares being offered in the Offer for Sale	Aggregate Value of Offer for Sale (₹ in million)	Date of corporate approval	Date of consent letter
HDFC Bank Limited	135,135,135* Equity Shares	Up to 100,000	October 19, 2024	October 19, 2024

**Subject to finalisation of Basis of Allotment.*

- (4) *The Employee Reservation Portion did not exceed 5% of our post-Offer paid-up Equity Share capital. Further, an Eligible Employee Bidding in the Employee Reservation Portion could also Bid in the HDFC Bank Shareholder Reservation Portion and also in the Non-Institutional Portion or the Retail Portion in the Net Offer and such Bids were not to be treated as multiple Bids. For further details, see “Offer Structure” beginning on page 533.*
- (5) *The HDFC Bank Shareholder Reservation Portion did not exceed 10 % of the Offer size. For further details, see “Offer Structure” beginning on page 505. Eligible HDFC Bank Shareholders Bidding in the HDFC Bank Shareholder Reservation Portion could also Bid under the Net Offer and Employee Reservation Portion (if eligible) and such Bids could not be considered as multiple Bids subject to applicable limits. If an Eligible Shareholder was Bidding in the HDFC Bank Shareholder Reservation Portion up to ₹200,000, application by such Eligible Shareholder in the Retail Portion or Non-Institutional Portion and Employee Reservation Portion (if eligible and subject to applicable limits) could not be treated as multiple Bids. Therefore, Eligible HDFC Bank Shareholders bidding in the HDFC Bank Shareholder Reservation Portion (subject to the Bid Amount being up to ₹200,000) could also Bid under the Net Offer and Employee Reservation Portion (if eligible and subject to applicable limits) and such Bids could not be treated as multiple Bids.*
- (6) *Our Company, in consultation with the Book Running Lead Managers, allocated up to 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations. One-third of the Anchor Investor Portion was reserved for domestic Mutual Funds only, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price. Further, 5% of the Net QIB Portion have been available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the QIB Portion were made available for allocation on a proportionate basis to all QIB Bidders (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Offer Price. However, if the aggregate demand from Mutual Funds is less than 5% of the Net QIB Portion, the balance Equity Shares available for allotment in the Mutual Fund Portion would have been added to the Net QIB Portion and allocated proportionately to the QIB Bidders (other than Anchor Investors) in proportion to their Bids. For details, see “Offer Procedure” beginning on page 538.*

Allocation to Bidders in all categories except the Anchor Investor Portion, if any, Non Institutional Bidders and the Retail Portion, was made on a proportionate basis subject to valid Bids having been received at or above the Offer Price. The allocation to each of the RIB and the NIB, was not less than the minimum Bid Lot, subject to availability of Equity Shares in the Retail Portion, and the remaining available Equity Shares, if any, were allocated on a proportional basis. One-third of the Non-Institutional Portion were reserved for applicants with application size of more than ₹200,000 and up to ₹1,000,000, two-thirds of the Non-Institutional Portion were reserved for Bidders with an application size of more than ₹1,000,000 and the unsubscribed portion in either of the above subcategories may be allocated to Bidders in the other sub-category of Non-Institutional Bidders. The allocation of Equity Shares to each Non-Institutional Bidder was not less than the minimum application size, subject to the availability of Equity Shares in the Non-Institutional Portion, and the remaining Equity Shares, if any, would have been allocated on a proportionate basis.

Pursuant to Rule 19(2)(b) of the SCRR, the Offer is being made for at least 20.36% of the post-Offer paid-up Equity Share capital of our Company. For more information including in relation to grounds for rejection of Bids, see “Offer Structure”, “Offer Procedure” and “Terms of the Offer” beginning on pages 533, 538 and 527 respectively.

The aforementioned underwriting commitments are indicative and will be finalised after finalization of the Basis of Allotment and actual allocation in accordance with provisions of the SEBI ICDR Regulations.

In the opinion of our Board, the resources of the aforementioned Underwriters are sufficient to enable them to discharge their respective underwriting obligations in full. The aforementioned Underwriters are registered with SEBI under Section 12(1) of the SEBI Act or registered as brokers with the Stock Exchanges. Our Board/ Strategic Transaction Committee, at its meeting held on June 28, 2025, approved the acceptance and entering into the Underwriting Agreement mentioned above on behalf of our Company.

Allocation among the Underwriters may not necessarily be in proportion to their underwriting commitment set forth in the table above.

Notwithstanding the above table, the Underwriters shall be severally responsible for ensuring payment with respect to the Equity Shares allocated to investors respectively procured by them in accordance with the Underwriting Agreement. In the event of any default in payment, the respective Underwriter, in addition to other obligations defined in the Underwriting Agreement, will also be required to procure purchasers for or purchase the Equity Shares to the extent of the defaulted amount in accordance with the Underwriting Agreement. The extent of underwriting obligations and the Bids to be underwritten in the Offer shall be as per the Underwriting Agreement.

*Subject to finalisation of the Basis of Allotment.

^The percentage of the Equity Share capital on a fully diluted basis has been calculated on the basis of total Equity Shares held and such number of Equity Shares which will result upon conversion of vested options under the ESOS 2014, ESOS 2017 and ESOS 2022.

Our Promoter has given their consent to include such number of Equity Shares held by our Promoter as disclosed above, constituting 20% of the fully diluted post-Offer Equity Share capital of our Company as Minimum Promoter's Contribution. Our Promoter has agreed not to sell, transfer, charge, pledge or otherwise encumber in any manner the Minimum Promoter's Contribution from the date of filing the Draft Red Herring Prospectus, until the expiry of the lock-in period specified above, or for such other time as required under SEBI ICDR Regulations, except as may be permitted, in accordance with SEBI ICDR Regulations.

Our Company undertakes that the Equity Shares that are being locked-in are not ineligible for computation of Promoter's contribution in terms of Regulation 15 of the SEBI ICDR Regulations. For details of build-up of shareholding of our Promoter, see "- Build-up of the shareholding of our Promoter in our Company" on page 131.

iii. In this connection, please note that:

- a. The Equity Shares offered for Minimum Promoter's Contribution do not include (i) Equity Shares acquired in the three immediately preceding years for consideration other than cash and revaluation of assets or capitalisation of intangible assets not involved in such transactions, or (ii) Equity Shares that have resulted from bonus issue by utilization of revaluation reserves or unrealised profits of our Company or resulted from bonus shares issued against Equity Shares, which are otherwise ineligible for computation of Minimum Promoter's Contribution.
- b. The Minimum Promoter's Contribution does not include any Equity Shares acquired during the immediately preceding one year from the date of the Draft Red Herring Prospectus at a price lower than the price at which the Equity Shares are being offered to the public in the Offer.
- c. Our Company has not been formed by the conversion of one or more partnership firms or a limited liability partnership firm.
- d. All the Equity Shares held by our Promoter are in dematerialised form.
- e. The Equity Shares held by our Promoter and offered for Minimum Promoter's Contribution are not subject to pledge or any other encumbrance.

d. **Other lock-in requirements:**

- i. In addition to the 20% of the post-Offer shareholding of our Company held by our Promoter and locked in for 18 months as specified above, in terms of Regulation 17 of the SEBI ICDR Regulations, the entire pre-Offer equity share capital of our Company will be locked-in for a period of six months from the date of Allotment or such other period as may be prescribed under the SEBI ICDR Regulations, except for (i) the Equity Shares offered pursuant to the Offer for Sale; (ii) the Equity Shares held by Shareholders who are VCFs, Category I AIFs, Category II AIFs or FVCIs, subject to

the conditions set out in Regulation 17 of the SEBI ICDR Regulations, provided that such Equity Shares will be locked-in for a period of at least six months from the date of purchase by such VCFs or Category I AIFs or Category II AIFs or FVCI Shareholders respectively, and (iii) any Equity Shares allotted to and held by employees (whether currently employees or not) of our Company in accordance with ESOS 2007, ESOS 2014, ESOS 2017 or ESOS 2022. Further, any unsubscribed portion of the Offered Shares will also be locked in, as required under the SEBI ICDR Regulations.

- ii. As required under Regulation 20 of the SEBI ICDR Regulations, our Company shall ensure that the details of the Equity Shares locked-in are recorded by the relevant Depository.
- iii. In terms of Regulation 22 of the SEBI ICDR Regulations, the Equity Shares held by our Promoter, which are locked-in pursuant to Regulation 16 of the SEBI ICDR Regulations, may be transferred to and among our Promoter, the members of our Promoter Group or to any new promoter of our Company, subject to continuation of the lock-in in the hands of the transferees for the remaining period (and such transferees shall not be eligible to transfer until the expiry of the lock-in period as stipulated under SEBI ICDR Regulations) and compliance with the Takeover Regulations, as applicable.
- iv. Pursuant to Regulation 21(a) of the SEBI ICDR Regulations, the Equity Shares in excess of the Minimum Promoters Contribution held by our Promoter, which are locked-in for a period of 18 months from the date of Allotment (as mentioned above) may be pledged as collateral security for loans granted by scheduled commercial banks, public financial institutions, NBFC-SI or housing finance companies, provided that such loans have been granted by such bank or institution for the purpose of financing one or more of the objects of the Offer and pledge of the Equity Shares is a term of sanction of such loans.
- v. Pursuant to Regulation 21(b) of the SEBI ICDR Regulations, the Equity Shares held by our Promoter which are locked-in for a period of six months from the date of Allotment may be pledged only with scheduled commercial banks, public financial institutions, NBFC-SI or housing finance companies as collateral security for loans granted by such banks or public financial institutions, provided that such pledge of the Equity Shares is one of the terms of the sanction of such loans.
- vi. Pursuant to Regulation 22 of the SEBI ICDR Regulations, the Equity Shares held by any person other than our Promoter and locked-in for a period of six months from the date of Allotment in the Offer may be transferred to any other person holding the Equity Shares which are locked-in, subject to continuation of the lock-in in the hands of transferees for the remaining period (and such transferees shall not be eligible to transfer until the expiry of the lock-in period) and compliance with the Takeover Regulations, as applicable.

e. *Lock-in of the Equity Shares to be allotted, if any, to the Anchor Investors*

50% of the Equity Shares allotted to Anchor Investors under the Anchor Investor Portion shall be locked-in for a period of 90 days from the date of Allotment and the remaining Equity Shares allotted to Anchor Investors under the Anchor Investor Portion shall be locked-in for a period of 30 days from the date of Allotment.

OBJECTS OF THE OFFER

The Offer comprised the Fresh Issue and the Offer for Sale.

Offer for Sale

The Offer includes an Offer for Sale of up to 135,135,135* Equity Shares aggregating to ₹100,000.0 million by the Promoter Selling Shareholder, amounting to approximately 80.00% of the total Offer size. The Promoter Selling Shareholder will be entitled to the proceeds of the Offer for Sale in relation to the Equity Shares offered by the Promoter Selling Shareholder as part of the Offer for Sale after deducting its portion of the Offer related expenses and relevant taxes thereon, to be borne by the Promoter Selling Shareholder. Our Company will not receive any proceeds from the Offer for Sale and the proceeds received from the Offer for Sale will not form part of the Net Proceeds. For further details of the Offer for Sale, see “*Other Regulatory and Statutory Disclosures*” beginning on page 494.

**Subject to the finalisation of the Basis of Allotment*

The Fresh Issue

Our Company proposes to utilize the Net Proceeds from the Fresh Issue towards augmenting our Company’s Tier – I Capital base to meet our Company’s future capital requirements including onward lending, arising out of the growth of our business. Further, a portion of the proceeds from the Fresh Issue will be used towards meeting Offer Expenses. For further details, see “*Offer Expenses*” on page 146 below.

In addition, our Company expects to receive the benefits of listing of the Equity Shares on the Stock Exchanges, including enhancement of our Company’s brand name and creation of a public market for our Equity Shares in India.

The main objects clause and objects which are necessary for furtherance of the main objects as set out in our Memorandum of Association enable us to undertake the activities for which the funds are proposed to be raised by us through the Fresh Issue.

Net Proceeds

The details of the proceeds from the Fresh Issue are summarized in the following table:

Particulars	Estimated amount (₹ in million) ⁽²⁾
Gross proceeds of the Fresh Issue	25,000*
(Less) Fresh Issue expenses ⁽¹⁾	413.8
Net Proceeds	24,586.2

**Subject to finalization of Basis of Allotment*

⁽¹⁾ For details, see “*Offer Expenses*” below.

Requirement of Funds and Utilization of Net Proceeds

The Net Proceeds are proposed to be utilised towards augmentation of our Company’s Tier – I Capital base to meet our Company’s future capital requirements including onward lending under any of our Company’s business verticals i.e. Enterprise Lending, Asset Finance and Consumer Finance which are expected to arise out of the growth in our Company’s business and assets, and to ensure compliance with regulatory requirements on capital adequacy prescribed by the RBI from time to time.

Proposed Schedule of Implementation and Deployment of Funds

The Net Proceeds are proposed to be deployed in accordance with the details provided hereunder:

Particulars	Amount (in ₹ million)	Percentage of Net Proceeds (%)	Amount to be deployed from the Net Proceeds in Fiscal 2026
Augmentation of our Company’s Tier – I Capital base to meet our Company’s future capital requirements including onward lending under any of our Company’s business verticals i.e. Enterprise Lending, Asset Finance and Consumer Finance	24,586.2	100%	24,586.2
Total	24,586.2	100%	24,586.2

The Net Proceeds are proposed to be deployed over the course of Fiscal 2026. The fund deployment is based on current circumstances of our business, and we may have to revise our estimates from time to time on account of various factors, such as financial and market conditions, competition, interest rate fluctuations and other external factors, which may not be within the control of our management. This may entail rescheduling or revising the planned expenditure and funding requirements,

including the expenditure for a particular purpose at the discretion of our management, subject to compliance with applicable laws.

In the event that the estimated utilization of the Net Proceeds in a scheduled Financial Year is not completely met, due to the reasons stated above, the same shall be utilised in the next Financial Year, as may be determined by our Company, in accordance with applicable laws. For details on risks involved, see “*Risk Factors – Any variation in the utilisation of the Net Proceeds would be subject to certain compliance requirements, including prior Shareholders’ approval. Further, our funding requirements and deployment of the Net Proceeds of the Offer are based on management estimates and have not been independently appraised. Our management will have broad discretion over the use of the Net Proceeds.*” on page 60.

Details of the Objects of the Fresh Issue

1. *Augmentation of our Company’s Tier-I capital base to meet our Company’s future capital requirements including onward lending under any of our Company’s business verticals i.e. Enterprise Lending, Asset Finance and Consumer Finance*

We are an NBFC in India and are registered with the RBI under Section 45 IA of the Reserve Bank of India Act, 1934. Our diversified product portfolio serves multiple credit needs of customers across three business verticals: (i) Enterprise Lending; (ii) Asset Finance; and (iii) Consumer Finance. We also offer business process outsourcing (“BPO”) services such as back-office support services, collection and sales support services to our Promoter as well as fee-based products such as distribution of insurance products primarily to our lending customers. For details, see “*Our Business*” beginning on page 244. As an NBFC, we are subject to regulations relating to the capital adequacy, which determine the minimum amount of capital we must hold as a percentage of the risk-weighted assets on our portfolio and of the risk adjusted value of off-balance sheet items, as applicable. For further details, see “*Key Regulations and Policies*” beginning on page 275.

The table sets forth the details of composition of the Company’s Tier – I and Tier – II Capital as at March 31, 2025, March 31, 2024 and March 31, 2023 as per the audited standalone financial statements of the Company:

Total risk weighted assets and contingents	11,18,577.1	949,820.3	691,061.5
Total Capital Ratio (CRAR) (%)	19.22	19.25	20.05

Notes:

1. As per the capital adequacy norms issued by the RBI, we are required to have a regulatory minimum Capital to Risk Weighted Assets Ratio (“**CRAR**”) of 15% consisting of Tier I and Tier II Capital. Additionally, we are required to maintain a Tier I Capital of 10% at all times. For further details, see “*Key Regulations and Policies*” on page 275. Our Company proposes to utilise the Net Proceeds towards augmenting its capital base to meet future capital requirements, which are expected to arise out of growth of our business and assets, i.e., onward lending under our Company’s (i) Enterprise Lending; (ii) Asset Finance; and (iii) Consumer Finance verticals.
2. The computations of Tier I Capital (as defined in the NBFC Scale Based Regulations) and Tier II Capital (as defined in the NBFC Scale Based Regulations) in the above table conform to guidelines in the NBFC Scale Based Regulations, as updated from time to time.

As of March 31, 2025, our Company’s CRAR was 19.22%, of which Tier – I capital was 14.67%. The following table sets forth certain details regarding the Company’s CRAR and tier I and tier II capital ratios based on audited standalone financial statements, as of the dates indicated:

Particulars	March 31, 2025	March 31, 2024	March 31, 2023
CRAR (%)	19.22	19.25	20.05
CRAR – Tier I Capital (%)	14.67	14.12	15.91
CRAR – Tier II Capital (%)	4.55	5.13	4.14

Total Borrowings to Total Net Worth¹ Ratio	5.85	5.81	5.26
--	------	------	------

Notes:

(1) Net worth means sum of equity share capital and other equity as of the last day of relevant fiscal less deferred tax assets.

As we continue to grow our loan portfolio and asset base, we will require additional capital in order to continue to meet applicable capital adequacy ratios with respect to our business. The Net Proceeds will be utilised to increase our Company's Tier – I capital base to meet our future business requirements which are expected to arise out of growth of our business and assets, i.e., onward lending under our Company's (i) Enterprise Lending; (ii) Asset Finance; and (iii) Consumer Finance verticals, and to ensure compliance with regulatory requirements on capital adequacy prescribed by the RBI from time to time. We anticipate that the Net Proceeds will be sufficient to satisfy our Company's Tier – I capital requirements for Financial Year 2026.

While our Company's Tier – I and Tier – II capital base as at March 31, 2025, March 31, 2024 and March 31, 2023 exceeds the regulatory thresholds prescribed by the RBI, we believe that in order to maintain our Company's growth rate, we will require further capital in the future in order to remain compliant with such regulatory thresholds.

Until such time as our Company is not able to achieve the extent of business / risk weighted assets for Tier-I and Tier-II capital and/or payment of operating expenditure, repayment and/or prepayment of outstanding liabilities and interest thereon as part of our business activities, capital expenditure towards technology and other general corporate purposes, the Net Proceeds will be temporarily invested in accordance with the SEBI ICDR Regulations.

We typically use our Tier – I capital towards our Company's business and growth, including onward lending, payment of operating expenditure, repayment and/or prepayment of outstanding liabilities and interest thereon as part of our business activities, capital expenditure towards technology and other general corporate purposes.

The Net Proceeds are expected to lead to an improvement in the overall capital position of our Company, which in turn will help reducing the overall leverage of our Company. We, accordingly, propose to utilize an amount aggregating to ₹24,586.2 million out of the Net Proceeds towards maintaining higher Tier-I Capital in light of our onward lending requirements.

Offer Expenses

The total expenses of the Offer are estimated to be approximately ₹2,268.6 million.

Other than (i) the listing fees and audit fees of Statutory Auditors (to the extent not attributable to the Offer), and expenses in relation to product or corporate advertisements (other than the expenses relating to marketing and advertisements undertaken in connection with the Offer), which will be borne solely by our Company, and (ii) fees for counsel to the Promoter Selling Shareholder, if any, which shall be solely borne by the Promoter Selling Shareholder, our Company and the Promoter Selling Shareholder agree to share the costs and expenses directly attributable to the Offer, on a *pro rata* basis, in proportion to the number of Equity Shares issued and Allotted by the Company through the Fresh Issue and sold by the Promoter Selling Shareholder through the Offer for Sale, upon listing of the Equity Shares on the Stock Exchange(s) pursuant to the Offer in accordance with Applicable Law, including section 28(3) of the Companies Act. All the expenses relating to the Offer shall be paid by the Company in the first instance and upon commencement of listing and trading of the Equity Shares on the Stock Exchanges pursuant to the Offer, the Promoter Selling Shareholder agrees that it shall reimburse the Company for any expenses in relation to the Offer paid by our Company on behalf of the Promoter Selling Shareholder.

(1) Offer expenses include applicable taxes, where applicable. Offer expenses incorporated at the time of filing of the Prospectus. Offer expenses are estimates and are subject to change.

(2) Selling commission payable to the SCSBs on the portion for RIBs, Non-Institutional Bidders, Eligible Employee Bidders and Eligible HDFC Bank Shareholders which are directly procured and uploaded by the SCSBs, would be as follows:

Portion for RIBs*	0.30% of the Amount Allotted (plus applicable taxes)
Portion for Non-Institutional Bidders*	0.15% of the Amount Allotted (plus applicable taxes)
Portion for Eligible Employees*	0.15% of the Amount Allotted (plus applicable taxes)
Portion for Eligible HDFC Bank Shareholders*	0.20% of the Amount Allotted (plus applicable taxes)

* Amount Allotted is the product of the number of Equity Shares Allotted and the Offer Price.

Selling Commission payable to the SCSBs will be determined on the basis of the bidding terminal id as captured in the Bid book of BSE or NSE.

No processing fees shall be payable by the Company and the Promoter Selling Shareholder to the SCSBs on the applications directly procured by them. Processing fees payable to the SCSBs for capturing Syndicate Member/Sub-syndicate (Broker)/Sub-broker code on the ASBA Form for Non-Institutional Bidders and Qualified Institutional Bidders with bids above ₹0.5 million would be Rs. 10 plus applicable taxes, per valid application. The total uploading charges / processing fees payable to SCSBs will be subject to a maximum cap of ₹1 million (plus applicable taxes). In case the total uploading charges/processing fees payable exceeds ₹1 million, then the amount payable to SCSBs would be proportionately distributed based on the number of valid applications such that the total uploading charges / processing fees payable does not exceed ₹1million.

(3) Brokerage, selling commission and processing/uploading charges on the portion for RIBs (using the UPI mechanism), Eligible Employee Bidders, Eligible HDFC Bank Shareholders and Non-Institutional Bidders which are procured by members of the Syndicate (including their Sub-Syndicate Members), RTAs and CDPs or for using 3-in-1 type accounts- linked online trading, demat & bank account provided by some of the brokers which are members of Syndicate (including their Sub-Syndicate Members) would be as follows:

Portion for RIBs*	0.30% of the Amount Allotted (plus applicable taxes)
Portion for Non-Institutional Bidders*	0.15% of the Amount Allotted (plus applicable taxes)
Portion for Eligible Employees*	0.15% of the Amount Allotted (plus applicable taxes)
Portion for Eligible HDFC Bank Shareholders*	0.20% of the Amount Allotted (plus applicable taxes)

* Amount Allotted is the product of the number of Equity Shares Allotted and the Offer Price.

The Selling commission payable to the Syndicate / Sub-Syndicate Members (RII up to ₹0.2 million), and Non-Institutional Bidders (from ₹0.2 - ₹0.5 million) will be determined on the basis of the application form number / series, provided that the application is also bid by the respective Syndicate / Sub-Syndicate Members. For clarification, if a Syndicate ASBA application on the application form number / series of a Syndicate / Sub-Syndicate Members, is bid by an SCSB, the Selling Commission will be payable to the SCSB and not the Syndicate / Sub-Syndicate Members.

Uploading Charges payable to members of the Syndicate (including their Sub-Syndicate Members), RTAs and CDPs on the applications made by RIBs, Eligible Employee Bidders and Eligible HDFC Bank Shareholders using 3-in-1 accounts/Syndicate ASBA mechanism and Non-Institutional Bidders which are procured by them and submitted to SCSB for blocking or using 3-in-1 accounts/Syndicate ASBA mechanism, would be as follows: ₹10 plus applicable taxes, per valid application bid by the Syndicate (including their Sub-Syndicate Members), RTAs and CDPs.

Bidding charges payable on the application made using 3-in-1 accounts will be subject to a maximum cap of ₹3.5 million (plus applicable taxes), in case if the total processing fees exceeds ₹3.5 million (plus applicable taxes) then processing fees will be paid on pro-rata basis for portion of (i) RIB's (ii) NIB's (iii) Eligible Employees and (iv) Eligible HDFC Bank Shareholders, as applicable

Means of finance

The fund requirements set out for the aforesaid objects of the Offer are proposed to be met entirely from the Net Proceeds. Accordingly, our Company confirms that there is no requirement to make firm arrangements of finance through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised from the Fresh Issue and existing identifiable accruals as required under the SEBI ICDR Regulations. In case of a shortfall in the Net Proceeds or any increase in the actual utilization of funds earmarked for the aforesaid objects, our Company may explore a range of options including utilizing our internal accruals and/ or seeking additional debt from existing and/ or other lenders.

Interim use of Net Proceeds

The Net Proceeds shall be retained in the Public Offer Account until receipt of the listing and trading approvals from the Stock Exchanges by our Company. Our Company, in accordance with the policies established by the Board from time to time, will have the flexibility to deploy the Net Proceeds. Pending utilization of the Net Proceeds for the purposes described above, our Company will deposit the Net Proceeds only with one or more scheduled commercial banks included in the second schedule of the RBI Act as may be approved by our Board or Strategic Transaction Committee.

In accordance with Section 27 of the Companies Act, 2013, our Company confirms that it shall not use the Net Proceeds for buying, trading or otherwise dealing in the equity shares of any other listed company or for any investment in equity markets.

Bridge Financing Facilities

Our Company has not raised any bridge loans from any bank or financial institution as on the date of this Prospectus, which are proposed to be repaid from the Net Proceeds.

Monitoring of Utilization of Funds

In accordance with Regulation 41 of the SEBI ICDR Regulations, our Company has appointed CARE Ratings Limited, as the Monitoring Agency for monitoring the utilisation of Gross Proceeds as the proposed Fresh Issue exceeds ₹1,000.00 million.

Our Audit Committee and the Monitoring Agency will monitor the utilisation of the Gross Proceeds and the Monitoring Agency shall submit the report required under Regulation 41(2) of the SEBI ICDR Regulations, on a quarterly basis, until such time as the Gross Proceeds have been utilised in full. Our Company shall for the purposes of the quarterly report to be prepared by the Monitoring Agency, provide description for all the expense heads under the objects of the Offer. Our Company undertakes to place the report(s) of the Monitoring Agency on receipt before the Audit Committee without any delay. Our Company will disclose and continue to disclose, the utilisation of the Gross Proceeds, including interim use under a separate head in our balance sheet for such Fiscal periods as required under the SEBI ICDR Regulations, the SEBI Listing Regulations and any other applicable laws or regulations, clearly specifying the purposes for which the Gross Proceeds have been utilised, till the time any part of the Gross Proceeds remains unutilised. Our Company will also, in its balance sheet for the applicable Fiscal periods, provide details, if any, in relation to all such Gross Proceeds that have not been utilised, if any, of such currently unutilised Net Proceeds. Further, our Company, on a quarterly basis, shall include the deployment of Gross Proceeds under various heads, as applicable, in the notes to our quarterly results. Our Company will indicate investments, if any, of unutilised Gross Proceeds in the balance sheet of our Company for the relevant Fiscal periods subsequent to receipt of listing and trading approvals from the Stock Exchanges.

Pursuant to Regulation 18(3), Regulation 32(3) and Part C of Schedule II, of the SEBI Listing Regulations, our Company shall, on a quarterly basis, disclose to the Audit Committee the uses and applications of the Gross Proceeds. The Audit Committee shall make recommendations to our Board for further action, if appropriate. On an annual basis, our Company shall prepare a statement of funds utilised for purposes other than those stated in this Prospectus and place it before the Audit Committee and make other disclosures as may be required until such time as the Gross Proceeds remain unutilised. Such disclosure shall be made only until such time that all the Net Proceeds have been utilised in full. The statement shall be certified by the joint statutory auditors of our Company. Furthermore, in accordance with Regulation 32(1) of the SEBI Listing Regulations, our Company shall furnish to the Stock Exchanges on a quarterly basis, a statement indicating (i) deviations, if any, in the actual utilisation of the proceeds of the Fresh Issue from the objects of the Fresh Issue as stated above; and (ii) details of category wise variations in the actual utilisation of the proceeds of the Fresh Issue from the objects of the Fresh Issue as stated above. This information will also be published in newspapers simultaneously with the interim or annual financial results and explanation for such variation (if any) will be included in our Director's report, after placing the same before the Audit Committee.

Variation in Objects

In accordance with Sections 13(8) and 27 of the Companies Act and applicable rules, and the SEBI ICDR Regulations, our Company shall not vary the objects of the Fresh Issue without our Company being authorised to do so by the Shareholders by way of a special resolution. In addition, the notice issued to the Shareholders in relation to the passing of such special resolution shall specify the prescribed details as required under the Companies Act and applicable rules. In addition, the notice shall simultaneously be published in the newspapers, one in English, one in Hindi and one in Gujarati, the vernacular language of the jurisdiction where our Registered Office is situated, in accordance with the Companies Act and applicable rules. Further, the dissenting Shareholders shall be provided an exit opportunity at a price and in such manner as prescribed under Regulation 59 and Schedule XX of the SEBI ICDR Regulations.

Appraising entity

None of the objects of the Offer for which the Net Proceeds will be utilised have been appraised by any bank/ financial institution or agency.

Other Confirmations

No part of the Net Proceeds will be paid by us as consideration to our Promoter, the members of the Promoter Group, Group Companies, the Directors, Key Managerial Personnel or Senior Management Personnel except in the normal course of business and in compliance with applicable law.

Our Company has not entered into and is not planning to enter into any arrangement/ agreements with our Promoter, Promoter Group, Directors, Key Managerial Personnel and Senior Management Personnel in relation to the utilisation of the Net Proceeds. Further there is no existing or anticipated interest of such individuals and entities in the objects of the Fresh Issue, as set out above.

BASIS FOR OFFER PRICE

The Price Band and the Offer Price have been determined by our Company in consultation with the Book Running Lead Managers on the basis of assessment of market demand for the Equity Shares offered through the Book Building Process and on the basis of quantitative and qualitative factors as described below. The face value of the Equity Shares is ₹10 each and the Offer Price is 70 times the face value at the lower end of the Price Band and 74 times the face value at the higher end of the Price Band.

Investors should refer to “*Risk Factors*”, “*Our Business*”, “*Restated Consolidated Financial Information*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” beginning on pages 29, 333 and 391 respectively, to have an informed view before making an investment decision.

Qualitative Factors

Some of the qualitative factors and our strengths which form the basis for computing the Offer Price are as follows:

- Highly granular retail loan book, bolstered by a large and rapidly growing customer base with a focus on serving the underbanked customer segments.
- Large, diversified and seasoned product portfolio with a sustainable track record of diversification, growth and profitability through the cycles.
- Tailored sourcing supported by an omni-channel and digitally powered pan-India distribution network.
- Comprehensive systems and processes contributing to robust credit underwriting and strong collections.
- Advanced technology tools driving enhanced customer experience and efficiency across each stage of the customer lifecycle.
- High-quality liability franchise with access to low cost, diversified borrowing sources and the highest credit rating.
- Track record of robust financial performance with sustainable and profitable growth.
- Stable, highly experienced and professional management team supported by a talented workforce.
- Distinguished parentage of HDFC Bank, India’s largest private bank, enjoying strong trust and brand equity with consumers.

For details, see “*Our Business – Our Strengths*” on page 248.

Quantitative Factors

Some of the information presented below relating to our Company is derived from the Restated Consolidated Financial Information. For details, see “*Restated Consolidated Financial Information*” and “*Other Financial Information*” beginning on pages 333 and 390, respectively.

Some of the quantitative factors which may form the basis for computing the Offer Price are as follows:

A. Restated Basic and Diluted Earnings Per Equity Share (“EPS”) (face value of each Equity Share is ₹10):

Fiscal / Period ended	Restated Basic EPS (in ₹) ⁽²⁾	Restated Diluted EPS (in ₹) ⁽³⁾	Weight
March 31, 2025	27.4	27.3	3
March 31, 2024	31.1	31.0	2
March 31, 2023	24.8	24.8	1
Weighted Average⁽¹⁾	28.2	28.1	-

Notes:

(1) Weighted average = Aggregate of year-wise weighted EPS divided by the aggregate of weights i.e. (EPS x Weight) for each year/Total of weights.

(2) Basic EPS (₹) = Basic earnings per share are calculated by dividing the net restated profit or loss for the year/period attributable to equity shareholders by the weighted average number of Equity Shares outstanding during the year/period.

(3) Diluted EPS (₹) = Diluted earnings per share are calculated by dividing the net restated profit or loss for the year/period attributable to equity shareholders by the weighted average number of Equity Shares outstanding during the year/period as adjusted for the effects of all dilutive potential Equity Shares outstanding during the year/period.

(4) Weighted average number of Equity Shares is the number of Equity Shares outstanding at the beginning of the year/period adjusted by the number of Equity Shares issued during the year multiplied by the time weighting factor. The time weighting factor is the number of days for which the specific shares are outstanding as a proportion of total number of days during the year/period.

(5) Earnings per Share calculations are in accordance with the notified Indian Accounting Standard 33 ‘Earnings per share’.

B. Price/Earning (“P/E”) ratio in relation to Price Band of ₹700 to ₹740 per Equity Share:

Particulars	P/E at the Floor Price (number of times)	P/E at the Cap Price (number of times)
Based on basic EPS for the financial year ended March 31, 2025	25.5	27.0
Based on diluted EPS for the financial year ended March 31,	25.6	27.1

Particulars	P/E at the Floor Price (number of times)	P/E at the Cap Price (number of times)
2025		

*P/E Ratio has been calculated by dividing the Floor Price/ Cap Price by the Basic Diluted Earnings per share for the Fiscal 2025 as applicable.

C. Industry Peer Group P/E ratio

	P/E Ratio (x)
Highest	35.3
Lowest	13.8
Average	24.2

Notes:

- (1) The industry high and low has been considered from the industry peers set out in Part G of this section. The industry composite has been calculated as the arithmetic average P/E of the industry peer set disclosed.
- (2) P/E Ratio has been computed based on the closing market price of equity shares on NSE on June 27, 2025 divided by the diluted earnings per share.
- (3) All the financial information for listed industry peers mentioned above is on a consolidated basis and is sourced from the audited financial statements of the relevant companies for Fiscal 2025, as available on the websites of the stock exchanges.

D. Industry Peer Group P/B ratio

Based on the peer group information (excluding our Company) given below in this section, details of the highest, lowest and industry average P/B ratio are set forth below:

	P/B Ratio (x)
Highest	6.1
Lowest	1.8
Average	3.7

Notes:

- (1) The industry composite has been calculated as the arithmetic average P/B of the industry peer set disclosed.
- (2) P/B Ratio has been computed based on the closing market price of equity shares on NSE on June 27, 2025 divided by the NAV per Equity Share as of March 31, 2025.
- (3) All the financial information for listed industry peers mentioned above is taken as is sourced from the audited financial statements of the relevant companies for Fiscal 2025, as available on the websites of the stock exchanges.

E. Return on Average Equity ("RoE")

Fiscal/Period ended	RoE ⁽¹⁾ (%)	Weight
March 31, 2025	14.7	3
March 31, 2024	19.6	2
March 31, 2023	18.7	1
Weighted Average	17.0	—

Notes:

- (1) Return on Average Equity (%) = Ratio of Restated Profit/(loss) after tax for the relevant period to Average Total Equity (which comprises of equity share capital and other equity) as at the last day of the relevant period. Average Total Equity represents the simple average of total equity as at the last day of the relevant period and total equity of the last day of the preceding period.
- (2) Total Equity, which is a Non-GAAP measure, means the aggregate value of the Equity Share capital and other equity as of the last day of relevant period.
- (3) Weighted average = Aggregate of year-wise weighted Return on Average Equity divided by the aggregate of weights i.e. [(Return on Average Equity x Weight) for each year] / [Total of weights]

F. Net Asset Value ("NAV") per Equity Share⁽¹⁾

Financial Year/Period	Amount (₹)
As on March 31, 2025	198.8
As on March 31, 2024	173.3
- At the Floor Price	220.3
- At the Cap Price	220.8
At the Offer Price	220.8

Notes:

- (1) Net Asset Value ("NAV") per Equity Share is calculated by dividing Total Equity⁽²⁾ of the company as per the Restated Consolidated Financial Information by the total number of equity shares outstanding as of the last day of relevant period.
- (2) Total Equity means sum of paid up equity share capital and other equity as of the last day of relevant period.
- (3) NAV at the Floor Price and the Cap Price has been calculated by adding the amount of proceeds from Fresh Issue to the total Equity as on March 31, 2025 and dividing the same by number of Equity Shares outstanding as at March 31, 2025 plus the number of Equity Shares that would be allotted pursuant to the Fresh Issue at Floor Price or Cap Price, as applicable.

Re: Proposed initial public offering of HDB Financial Services Limited – Report on Statement of Special Tax Benefits to Issuer and its Shareholders

We, G D Apte & Co, Chartered Accountants (Firm Registration Number: 100515W) and Kalyaniwalla & Mistry LLP, Chartered Accountants (Firm Registration Number: 104607W/W100166) are the current joint statutory auditors (the “**Statutory Auditors**”) of HDB Financial Services Limited (the “**Company**”) The Company, along with its controlled structured entity, is hereinafter referred as the “**HDB Group**”.

This report is being issued at the request of the Company in accordance with terms of our engagement letter dated September 7, 2024 and the addendum thereto dated May 19, 2025 (the “**Engagement Letter**”) in connection with the proposed initial public offering of the equity shares of the Company (the “**Equity Shares**”, and such offering, the “**Offer**”).

We have been informed that the Company has filed the draft red herring prospectus dated October 30, 2024 (the “**DRHP**”) prepared by it in accordance with the provisions of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended (the “**SEBI ICDR Regulations**”) with the Securities and Exchange Board of India (the “**SEBI**”) and the stock exchange(s) where the Equity Shares are proposed to be listed (the “**Stock Exchanges**”), and proposes to file the red herring prospectus (the “**RHP**”) and the prospectus (the “**Prospectus**”) with the Registrar of Companies, Gujarat at Ahmedabad (the “**RoC**”) and thereafter file those with the SEBI and the Stock Exchanges and also prepare certain other materials or documents in relation to the Offer (collectively, the “**Offer Documents**”).

In connection with the Offer and preparation of the Offer Documents, we have been requested by the Company to verify and confirm the details of the various special tax benefits available to the Company and their respective shareholders.

The preparation of the accompanying statement of the possible special tax benefits available to the Company and its shareholders under direct and indirect tax laws (the “**Statement**”) as enclosed in **Annexure I** is the responsibility of the management of the Company (“**Management**”). This responsibility includes designing, implementing and maintaining internal control relevant to the preparation and presentation of the Statements, and applying an appropriate basis of preparation.

The Management is also responsible for ensuring compliance with the SEBI ICDR Regulations and all applicable laws and regulations and also ensuring that the Company provides complete and accurate information.

We have conducted our examination in accordance with the Guidance Note on Reports or Certificates for Special Purposes (Revised 2016) (the “**Guidance Note**”) issued by the ICAI. The Guidance Note requires that we comply with ethical requirements of the Code of Ethics issued by the ICAI.

We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial information, and Other Assurance and Related Services Engagements, issued by the ICAI.

Based on our examination as stated in the paragraph on Auditors’ Responsibility above, and the information and explanations given to us and representations made by the Management, we hereby confirm that the enclosed **Annexure I** provides a statement of the possible special tax benefits available to the Company and its shareholders under direct and indirect tax laws, including the Income Tax Act, 1961, as amended by the Finance Act 2025, i.e., applicable for the financial year 2024-2025, relevant to the assessment year 2026-2027, the Central Goods and Services Tax Act, 2017, the Integrated Goods and Services Tax Act, 2017, each read with the relevant rules, circulars, and notifications issued thereunder and each as amended (collectively, the “**Tax Laws**”).

Several of these benefits are dependent on the Company and/or its shareholders, as the case may be, fulfilling the conditions prescribed under the relevant provisions of the Tax Laws. Hence, the ability of the Company and/or its shareholders to derive the possible special tax benefits is dependent upon their fulfilling such conditions, if any, which based on business imperatives the Company and/or its shareholders face in the future, the Company and / or its shareholders may or may not choose to fulfil.

The statement of possible special tax benefits available to the Company and its shareholders is required as per Schedule VI (Part A) (9)(L) of the SEBI ICDR Regulations. While the term ‘special tax benefits’ has not been defined under the SEBI ICDR

Regulations, it is assumed that with respect to special tax benefits available to the Company and/or its shareholders, the same would include those benefits as enumerated in the Statement. The benefits discussed in the enclosed Statement cover only the possible special tax benefits available to the Company and its shareholders and do not cover any general tax benefits (under both direct and indirect tax laws) available to them. The benefits discussed in the enclosed Statement are not exhaustive. Any benefits under the Tax Laws other than those specified in the Statement are considered to be general tax benefits and therefore not covered within the ambit of the Statement.

In respect of non-residents, the tax rates and the consequent taxation shall be further subject to any benefits available under the applicable double taxation avoidance agreement, if any, between India and the country in which the non-resident has fiscal domicile.

The Statement is only intended to provide general information to the investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the Offer.

We are unable to express any opinion or provide any assurance as to whether:

- (i) The Company or its shareholders will continue to obtain the benefits per **Annexure I** in future;
- (ii) The conditions prescribed for availing the benefits per **Annexure I** have been/would be met with; or
- (iii) The revenue authorities/courts will concur with the views expressed therein.

The contents of the enclosed Statement are based on information, explanations and representations obtained from the Company and on the basis of our understanding of the business activities and operations of the Company.

Our views expressed herein are based on the facts and assumptions indicated to us. No assurance is given that the revenue authorities/ courts will concur with the views expressed herein. Our views are based on the existing provisions of the Tax Laws and its interpretation, which are subject to change from time to time. We do not assume responsibility to update the views consequent to such changes

We undertake to immediately communicate, in writing, any changes to the above confirmations, as and when: (i) made available to us; or (ii) we become aware of any such changes to the Company, the book running lead managers appointed in relation to the Offer (“**Lead Managers**”) and the legal advisors to each of the Company and the Lead Managers, until the date when the Equity Shares commence trading on the Stock Exchanges (the “**Listing Date**”). In the absence of any such communication from us, the Company, the Lead Managers and the legal advisors to each of the Company and the Lead Managers can assume that there is no change to the above information until the Listing Date.

Restriction on use

This report is for the information relating to, and inclusion (in part or full) in, the Offer Documents, and may be relied upon by the Company, the Lead Managers and their respective affiliates and the legal advisors to each of the Company and the Lead Managers.

This report is addressed and provided to the board of directors of the Company and we hereby consent to the submission of this report as may be necessary for the purpose of the Offer to the Lead Managers, the SEBI, the RoC, the Stock Exchanges and any other regulatory authority and/or for the records to be maintained by the Lead Managers and in accordance with applicable law.

We also consent to this report being disclosed by the Lead Managers, if required (i) by reason of any law, regulation, order or request of a court or by any governmental or competent regulatory authority, or (ii) in seeking to establish a defence in connection with, or to avoid, any actual, potential or threatened legal, arbitral or regulatory proceeding or investigation.

Except for the purposes and parties as stated in the preceding paragraphs, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this report is shown or into whose hands it may come without our prior consent in writing, which consent will not be unreasonably withheld.

All capitalized terms used but not defined herein shall have the same meaning as is ascribed to them in the Offer Documents.

Yours faithfully,

ANNEXURE TO THE STATEMENT OF POSSIBLE SPECIAL TAX BENEFITS AVAILABLE TO HDB FINANCIAL SERVICES LIMITED ('THE COMPANY') AND ITS SHAREHOLDERS

UNDER THE INCOME-TAX ACT, 1961 ('Act')

This statement sets out below the possible tax benefits available to the Company and its investors to whom shares may be allotted in terms of proposed issue under the current tax laws presently in force in India. Several of these benefits are dependent on fulfilling various conditions prescribed under the relevant tax laws. Accordingly, the ability of the Company and its shareholders to derive the tax benefits is dependent upon fulfilling such conditions, which are based on the business imperatives, the Company or the shareholders may or may not choose to fulfil.

This statement sets out below the provisions of law in a summary manner only and is not a complete analysis or listing of all potential tax consequences/implications of the subscription, ownership and disposal of equity shares pursuant to the proposed Issue. This statement is only intended to provide general information to the investors and is neither exhaustive or comprehensive nor designed or intended to be a substitute for professional/legal tax advice. In view of the individual nature of tax consequences and the changing tax laws, each investor is advised to consult their own tax consultant with respect to the specific tax implications arising out of their participation in the issue.

Special Tax benefit available to the Company under the Act:

- **Deduction of provision for bad and doubtful debts incurred by the Company.**

Any bad debt or part thereof which has been written off as irrecoverable in the books of accounts is allowable as a deduction under section 36(1)(vii) of the Act in computing the "Profits and gains of business or profession", subject to the fulfilment of the conditions specified in section 36(2) of the Act. The Company should be entitled for such deduction under section 36(1)(vii) of the Act.

The Company being a non-banking finance company registered with the Reserve Bank of India ('RBI') is entitled to a deduction under section 36(1)(viia) of the Act in respect of provisions made for bad and doubtful debts in its books of account to the extent of 5% of its total income (computed before making any deduction under this section and Chapter VI-A of the Act), subject to certain conditions, while computing the total income under the head "Profit and gain of business of profession."

The subsequent claim of deduction of actual bad debts under section 36(1)(vii) of the Act should be reduced to the extent of deduction already allowed under section 36(1)(viia) of the Act.

Further, as per section 41(4) of the Act, where any deduction has been allowed to the Company in respect of a bad debt under Section 36(1)(vii) of the Act, then any amount subsequently recovered on any such debt is greater than the difference between such debt and the amount so allowed as a deduction under section 36(1)(vii) of the Act, the excess shall be deemed to be business income of the year in which it is recovered.

- **Special provision in case of income under section 43D of the Act:**

As per section 43D of the Act, the income by way of interest in relation to certain categories of bad and doubtful debts as prescribed in Rule 6EA, shall be chargeable to tax in the year in which it is credited to profit and loss account for that year or in which it is actually received, whichever is earlier. The Company is complying the provision of section 43D.

General tax benefits available to the Company under the Act:

- **Benefit of lower rate of tax under Section 115BAA of the Act**

Section 115BAA of the Act provides an option to a domestic company to pay corporate tax at a reduced rate of 22% (plus applicable surcharge and education cess) for financial year 2019-20 and onwards, provided the total income of the company is computed without claiming certain specified deductions, and specified brought forward losses. Deduction for additional depreciation is not permitted and the provisions of section 115JB regarding Minimum Alternate Tax ('MAT') are not applicable if the Company opts for the concessional

income tax rate as prescribed under section 115BAA of the Act. Further, the Company will not be entitled to claim tax credit relating to MAT paid in earlier years.

The option needs to be exercised on or before the due date of filing the income tax return. Option once exercised, cannot be subsequently withdrawn for the same or any other subsequent assessment year. Further, if the conditions mentioned in section 115BAA are not satisfied in any financial year, the option exercised shall become invalid for assessment year in respect of such financial year and subsequent assessment years, and the other provisions of the Act shall apply as if the option under section 115BAA had not been exercised.

The Company has opted to apply section 115BAA of the Act and pays tax as per rates prescribed under section 115BAA of the Act.

▪ **Section 80JJAA – Deduction of additional employee cost**

The Company is entitled to claim a deduction (of an amount equal to 30%) of additional employee cost incurred in the course of business in the previous year, for three assessment years including the assessment year relevant to the previous year in which such employment is provided (under section 80JJAA of the Act), subject to the fulfilment of prescribed conditions therein.

▪ **Income Computation Disclosure Standard ('ICDS')**

The Company is maintaining its books of account as per IND AS and follows ICDS for computing total income for income-tax purpose. The Company will have to make ICDS adjustments to arrive at taxable total income.

Tax benefits/implications to Shareholder/ Investors of the Company

▪ **Resident shareholder**

- Dividend income earned by the shareholders is taxable in their hands at the applicable rates in accordance with the provisions of the Act. A domestic company receiving dividend is eligible to claim deduction under section 80M of the Act on fulfilling certain conditions. (The Company paying dividend will withhold tax at applicable rates on payment of dividend to shareholders.)
- Where shares are held as capital assets for more than 12 months immediately preceding its date of transfer, then as per Section 112A of the Act, long-term capital gains arising from transfer of an equity share through the recognized stock exchange, should be taxed at 12.5% (plus applicable surcharge and cess), without indexation and foreign exchange fluctuation benefit, subject to fulfillment of prescribed conditions under the Act. Tax shall be levied on capital gains exceeding INR 1,25,000. Further, any capital gain realized on sale of shares held for more than 12 months, which are sold without payment of STT, will also be subject to tax at 12.5% (plus applicable surcharge and cess) without indexation benefit.
- Where shares are held as capital assets for 12 months or less, (as per Section 111A of the Act), short term capital gains arising inter alia from transfer of an equity share through the recognized stock exchange, should be taxed at 20% (plus applicable surcharge and cess) subject to fulfillment of prescribed conditions under the Act.
- Short term capital gains other than those covered by Section 111A of the Act and on which Securities Transaction Tax is not paid at the time of transfer would be subject to tax as calculated under normal provisions of the Act.
- The new tax regime under section 115BAC of the Act is applicable to individual, Hindu undivided family, association of persons (other than a co-operative society), body of individuals and an artificial juridical person.

▪ **Non-resident shareholder**

- In respect of non-resident shareholders, the tax rates and the consequent taxation shall be as per the provisions of the Act and it is further subject to any benefits available under the applicable DTAA, if any, between India and the country of which the non-resident is a tax resident, as read with the MLI and subject to furnishing of tax residence certificate, electronic Form 10F and any other document as may be required. The Company will withhold tax at applicable rates on payment of dividend to shareholders.

UNDER THE INDIRECT TAX LAWS

Outlined below are the special indirect tax benefits available to the Company and its shareholders under the Central Goods and Services Tax Act, 2017, the Integrated Goods and Services Tax Act, 2017, the Union Territory Goods and Services Tax Act, 2017, including the rules, regulations, circulars and notifications issued in connection thereto.

Indirect tax benefits available to the Company

- **Availment of GST Input credit**

The Company is a NBFC registered with the RBI. In the purview of section 17(4) of the Central Goods and Service Tax Act, 2017, NBFCs are eligible to avail every month 50% of the eligible input tax as Input tax credit.

Indirect Tax benefits/implications to Shareholder/ Investors of the Company

- There are no special indirect tax benefits available to the shareholders of the Company.

SECTION IV: ABOUT OUR COMPANY

INDUSTRY OVERVIEW

The information contained in this section is derived from a report titled “Report on Loans and Financial Services Industry in India” dated June 2025, which is exclusively prepared for the purposes of the Offer and issued by CRISIL Intelligence (formerly known as CRISIL Market Intelligence & Analytics) (“CRISIL Intelligence”), a division of CRISIL Limited appointed by us pursuant to a technical proposal dated September 6, 2024 and the addendum dated May 26, 2025, and is commissioned and paid for by our Company (the “CRISIL Report”). No material information has been excluded from the CRISIL Report in preparing this section. We commissioned and paid for the CRISIL Report for the purposes of confirming our understanding of the industry specifically for the purposes of the Offer, as no report is publicly available which provides a comprehensive industry analysis, particularly for our Company’s products, that may be similar to the CRISIL Report. The CRISIL Report was available in full on the website of our Company at <https://www.hdbfs.com/investor/offer-documents>. Industry publications are also prepared based on information as at specific dates and may no longer be current or reflect current trends. Accordingly, investment decisions should not be based on such information. MACROECONOMIC SCENARIO IN INDIA

As per IMF, Global economy is expected to grow at 3.3% both in CY 2025 and CY 2026

As per the International Monetary Fund (IMF) (World Economic Outlook – April 2025), global GDP growth is projected at 2.8% in CY 2025 and 3.0% in CY 2026 as compared to 3.3% projected in January 2025 for both CY 2025 and CY 2026. Global growth numbers have been revised on account of swift escalation of trade tensions and high levels of policy uncertainty intensifying downside risks. Global inflation is projected at 4.3% in CY 2025 and 3.6% in CY 2026. Furthermore, the risks to inflation remain significant going forward, with the likely tariffs being imposed by the United States (US) on imports. US GDP grew at an annualized and seasonally adjusted 2.8% in the third quarter of 2024 from 3.0% in the second quarter on account of further decrease in residential fixed investment and downturn in private-inventory investment. The US GDP grew at an annualized rate of 2.4% in the fourth quarter of 2024 driven by increase in consumer and government spending, partially offset by a decrease in investment. The Euro area’s GDP rose 0.1% in the fourth quarter of 2024 vs growth of 0.4% in the previous quarter.

India is expected to remain one of the fastest growing economies in the world despite challenges posed by geopolitical instability. In May 2025, the National Statistical Office (NSO), in its first revised estimates of national income, estimated the country’s real gross domestic product (GDP) to have expanded 6.5% year-on-year in Fiscal 2025. The Indian economy was among the fastest-growing even before the Covid-19 pandemic. In the years leading to the global health crisis, which disrupted economic activities, the country’s economic indicators improved gradually owing to strong local consumption and lower reliance on global demand.

The Trump Administration in the US announced a host of tariffs on products such as automobile, automobile parts, steel and aluminum in the first three months of CY 2025. On April 5, 2025, the US announced an additional tariff of 10% on nearly all countries in addition to the existing tariffs. China and the European Union announced retaliatory tariffs on the US. On April 9, 2025, the US government paused differential tariffs for most countries for 90 days, excluding China, which faced a higher tariff of 125 percent. The introduction of tariffs on major global economies is expected to increase downside risks on global growth. India is expected to remain one of the fastest growing economies in the world.

Going forward, the expectation of slower global growth, along with anticipated reciprocal tariffs on India after three months, is likely to exert downside risks to CRISIL’s 6.5% growth forecast for Fiscal 2026. Uncertainty about the duration and frequent changes in tariffs could also hinder domestic investments. Interest rate cuts, income tax relief and easing inflation are expected to provide tailwinds to domestic consumption in Fiscal 2026, while the expected normal monsoon will support agricultural incomes. Moreover, the anticipated decline in global crude oil prices, resulting from a potential global slowdown, is expected to provide additional support to domestic growth.

Over the past three fiscals (Fiscals 2022 to 2024), the Indian economy has outperformed its global counterparts by witnessing a faster growth. In the IMF's April 2025 update, it raised the GDP growth forecast for India highlighting India's improved prospect for private consumption particularly in rural areas. Going forward as well, IMF projects that Indian economy will remain strong and would continue to be one of the fastest growing economies.

Indian economy to be a major part of the world trade

Along with being one of the fastest growing economies in the world, India overtook Japan to become the fourth-largest economy in the world in CY 2025. In terms of purchasing power parity (“PPP”), India is the third-largest economy in the world, after China and the United States. According to United Nations Conference on Trade and Development, global trade improved in between January and March 2024.

RBI cuts repo rate by 50 bps

The Reserve Bank of India’s (RBI) Monetary Policy Committee (MPC) cut the repo rate 50 basis points (bps), more than the 25 bps cut in the previous meeting. However, the MPC changed the stance from accommodative to neutral, while emphasizing that monetary policy space to support growth was shrinking. This signals that monetary policy actions will be more data-dependent hereon. US tariff hikes, moderating US federal reserve rate cuts and weather-related risks will have bearing on the rate cutting cycle.

Consumer Price Index (“CPI”) inflation to average at 4.3% in Fiscal 2026

The Consumer Price Index (CPI)-based inflation eased to 3.2% in April 2025, the lowest reading since July 2019. The decline was driven by food inflation, which fell to 1.8%, the lowest since October 2021. A record rabi harvest and robust pulses output is indicated by the Union Ministry of Agriculture’s Second Advance Estimates, and the forecast is a favourable monsoon for the upcoming kharif season to keep food inflation in check in Fiscal 2026. CRISIL Intelligence expects headline retail inflation to average 4.3% in Fiscal 2026. Additionally, the increasing occurrence of heatwaves poses a growing threat to agricultural productivity and, by extension, food inflation thus warranting close monitoring.

Macroeconomic outlook for India (Fiscal 2026)

Macro variables	Fiscal 2026P	Rationale for outlook
Real GDP (y-o-y)	6.5%	Lower inflation and RBI rate cuts are expected to lift growth next fiscal, assuming a normal monsoon and lower crude oil prices. Any substantial pick up in investment growth will hinge on accelerating private capex. Exports face headwinds from tariff hikes initiated by the US.
Consumer Price Index (CPI) inflation (y-o-y)	4.3%	Inflation is expected to move closer to the RBI's target of 4% on expectations of a normal monsoon, high base effect in food inflation and softer global commodity prices. Some uptick is expected in non-food inflation due to an adverse base.
10-year Government security yield (Fiscal end)	6.4%	Rate cuts by RBI, lower inflation and softer crude oil prices are expected to lead to a mild softening of yields in fiscal 2026. A rise in gross market borrowings will cap the downside to yields.
Fiscal Deficit (% of GDP) *	4.4%	Fiscal consolidation will be made possible via moderating revenue expenditure thrust even as capex focus is broadly maintained. The budget banks on revenue collection to remain robust.
CAD (Current Account Deficit as % of GDP)	-1.3%	Current account deficit (CAD) is expected to increase owing to headwinds to exports from US tariffs. Lower crude oil prices, healthy services trade balance and robust remittances growth will prevent CAD from widening too much.
₹/\$ (March average)	88.0	A manageable CAD would mean not much pressure on the rupee, but geopolitical shocks could keep the rupee volatile

Positive government measures to aid economic growth for India

- PMAY was introduced in 2015 to provide affordable housing for all by the end of 2022. The timelines were revised to FY 24 and FY 25 for PMAY-Gramin and PMAY-Urban respectively due to delays in completion. Execution under the scheme has been encouraging with approximately 2.60 crores houses being completed as of May 2024, out of the targeted 2.95 crore houses. The target for the next five years has been further increased by approximately 2 crore houses in the FY 25 budget estimate; a 68% addition to the current target of approximately 3 crore houses. The move provides an impetus to the real estate sector as well its stakeholders including – developers, engineering, procurement and construction contractors, allied industries such as steel, cement etc.
- The government has also launched the Jan Dhan-Aadhaar-Mobile (JAM) trinity which aims to link Jan Dhan accounts, mobile numbers and Aadhar cards of all Indian nationals to transfer cash benefits directly to the bank account of the intended beneficiary and avoid leakage of government subsidies.
- India Stack, set of digital infrastructure including Aadhar, UPI, Digi locker, e-KYC and e-Sign has enabled many unbanked citizens to access formal financial services, promoting financial inclusion.
- The GST regime has been stabilizing fast and is expected to bring more transparency and formalization, eventually leading to higher economic growth.
- MSMEs have received special focus, with initiatives such as the new credit guarantee scheme, offering coverage of up to ₹100 crore per applicant and increases in the limit for the Tarun category under Mudra loans from ₹10 lakhs to ₹20 lakhs. The Credit Guarantee Fund Scheme for Micro and Small Enterprises (CGMSE) was launched to make available collateral-free credit to the micro and small enterprise sector. Both the existing and the new enterprises are eligible to be covered under the scheme. The Ministry of Micro, Small and Medium Enterprises and Small Industries Development Bank of India (SIDBI), established a Trust named Credit Guarantee Fund Trust for Micro and Small Enterprises (CGTMSE) to implement the Credit Guarantee Fund Scheme for MSMEs. Moreover, Public Banks have taken steps to develop an in-house technology-based underwriting model to assess MSMEs, which will improve credit facilities for these enterprises.
- Government launched the Digital India program, on 1st July 2015 with the vision of transforming India into a digitally empowered society and a knowledge-based economy, by ensuring digital access, digital inclusion, digital empowerment and bridging the digital divide. Some of the key initiatives and related progress under Digital India are as follows-

- **Cyber Security:** The Government has taken necessary measures to tackle challenges about data privacy and data security through introducing the Information Technology (IT) Act, 2000 which has necessary provisions for data privacy and data security.

Overall, these initiatives will improve the digital connectivity of Indians along with boosting business sentiment, thereby creating new opportunities.

India's Long Term Structural Growth Drivers

India has the world's largest population

As per Census 2011, India's population was approximately 1.3 billion and comprised nearly 187 million households. The population, which grew at nearly 1.5% CAGR between 2001 and 2011, is expected by CRISIL Intelligence to have grown at 1.1% CAGR between 2011 and 2021 and reached 1.4 billion. The population is expected to reach 1.5 billion by 2031 from 1.4 billion in 2021, and the number of households are expected to reach to approximately 385 million in 2031 from 245 million in 2021, reporting a CAGR of 4.6% from FY 21 to FY31.

Favorable demographics

India has one of the world's largest youth populations, with a median age of 28 years. About 90% of Indians are below 60 years of age. In 2022, it is estimated that India had the highest share of young working population (15-30 years) compared to major developed and developing countries with the share of 26%. CRISIL Intelligence expects that the large share of working population, coupled with rapid urbanisation and rising affluence, will propel growth in the economy.

Rising Urbanisation

Urbanisation is one of India's most important economic growth drivers. It is expected to drive substantial investments in infrastructure development, which in turn is expected to create jobs, develop modern consumer services, and increase the ability to mobilise savings. India's urban population has been rising consistently over the decades. As per the 2018 revision of World Urbanization Prospects, the urban population was estimated at 36% of India's total population in 2023. According to the World Urbanization Prospects, the percentage of the population residing in urban areas in India is expected to increase to 40.1% by 2030.

Increasing per capita GDP

In FY 25, India's per capita net national income at constant prices stood at 5.5%. According to IMF projections, India's per

capita income (at constant prices) is anticipated to grow at a real CAGR of 5.6% from FY 25 to FY 27. The GDP per capita at constant levels rebounded from the impact of COVID-19 in FY 21, improving from -6.7% to 8.7% the following fiscal year, and showing a year-on-year growth of 8.2% in FY 24. The upward trend in India's GDP per capita indicates a gradual increase in average income levels. As this trend continues, a larger portion of the population, particularly in the emerging middle class, is meeting and exceeding the income threshold needed for necessities such as food, shelter and essential services. This growing trend is expected to lead to increased savings accumulation, which will contribute to the deepening of the financial sector and foster long-term economic stability.

Rising Middle India population to help sustain economic growth

The proportion of “Middle India” (defined as households with annual income of ₹ 0.2-1.0 million) has been on the rise over the past decade and is expected to continue increasing with rising GDP and household incomes. CRISIL Intelligence estimates there were 103 million middle-income households in India in FY 22 and by FY 2030, expects it to increase to 181 million households. A large number of households that have entered the middle-income bracket in the past few years are likely to be from semi-urban and rural areas. As per NSS 76th round (2018), 83.3% of households were living in pucca dwelling units compared to 74.6% as per 69th NSS round (2012).

The backbone of India's economy, MSMEs significantly contribute to the country's growth, accounting for approximately 29% of the GDP, 45% of manufacturing output, and providing employment opportunities to a substantial 11 crore people. The growth of MSMEs is crucial in generating employment opportunities for the Indian population. CRISIL Intelligence believes that improvement in literacy levels, increasing access to information and awareness, increase in the availability of necessities and improvement in road infrastructure have increased the aspirations of Middle India, which is likely to translate into increased demand for financial products and opportunities for providers of financial services providers.

Middle India households projected to witness CAGR of 9% between FY 22 to FY 2030

Note: E: Estimated, P: Projected; Source: CRISIL Intelligence

Credit penetration is lower in India compared to other countries

In terms of the credit to GDP ratio, India has a low credit penetration compared with other developing countries, such as China, indicating the potential that can be tapped. Similarly, in terms of credit to households as a proportion of GDP, India lags other markets, with retail credit hovering at around 25% of GDP as of Fiscal 2025. As per World Bank, private retail bureau coverage is 63% of total adults in India as of 2019.

Rural and semi-urban India: Under penetration and untapped market presents a huge opportunity for growth of financiers

Bank credit to metropolitan areas has decreased over the past few years with its share decreasing from 66% as of March 31, 2019, to 59% as of March 31, 2025. Between the same period, credit share has witnessed a marginal rise in rural (7% as of Fiscal 2019 to 9% as of Fiscal 2025) and semi-urban areas (12% as of Fiscal 2019 to 14% as of Fiscal 2025). Rural areas, which are estimated to account for 47% of GDP, received just 9% of the overall banking credit as of March 31, 2025, which shows the vast market opportunity for banks and NBFCs to lend in these areas. With increasing focus of government towards financial inclusion, rising financial awareness, increasing smartphone and internet penetration, CRISIL Intelligence expects delivery of credit services in rural area to increase. Further, usage of alternative data to underwrite customers is also expected to help banks and NBFCs to assess customers and cater to the informal sections of the society in these regions.

Digitisation aided by technology to play pivotal role in growth of economy

Technology is expected to play an important role by progressively reducing the cost of reaching out to smaller markets. India has seen a tremendous rise in fintech adoption in the past few years. Among many initiatives by the government, the Unified Payments Interface (UPI) is playing a pivotal role towards financial inclusion. It provides a single-click digital interface across all system for smartphones linked to bank accounts and facilitates easy transactions using a simple authentication method. The volume of digital transactions has also seen a surge in the past few years, driven by increased adoption of UPI. Apart from the financial services industry, digitisation in other industries like retail will also play an important role in the growth of the economy.

Rise in 4G and 5G penetration and smartphone usage

India had 1,165 million wireless subscribers at the end of Fiscal 2024. The reach of mobile network, internet and electricity is continuously expanding the subscriber footprint to remote areas leading to rising smartphone and internet penetration in India. In Fiscal 2023, 5G was launched which led to conversion of 25 million subscribers to 5G. This shift was facilitated by offering 5G services at the price of 4G data plans, coupled with a surge in data demand and the accessibility of affordable handsets. In Fiscal 2025, CRISIL Intelligence expects 5G subscribers to reach 270-280 million since data consumption will increase due to high usage on OTT platforms, in education services, banking services, healthcare, and the gaming industry.

Digital payments have witnessed substantial growth

Between FY 21 and FY 25, the volume of digital payments transactions has increased from 43.7 billion to 222.0 billion, growing at a CAGR of approximately 50%. During the same period, the value of digital transactions has increased from ₹1,414.6 trillion in FY 21 to ₹2,862.0 trillion in FY 25. CRISIL Intelligence expects the share of mobile banking to increase dramatically over the coming years.

As per the Global Findex Database 2021, approximately 54% of the world's 740 million unbanked adults live in only seven countries (India, Bangladesh, China, Indonesia, Egypt, Nigeria and Pakistan), of which almost 31% (230 million) are in India. This shows an immense opportunity for furtherance of financial inclusion.

The two key initiatives launched by the Government to promote financial inclusion are the Pradhan Mantri Jan Dhan Yojana (PMJDY) and Pradhan Mantri Jeevan Jyoti Bima Yojana (PMJJBY). Under the PMJDY, the Government's aim is to ensure that every household in India has a bank account which they can access from anywhere and avail all financial services such as savings and deposit accounts, remittances, credit and insurance affordably. PMJJBY is a one-year life insurance scheme that offers a life cover of ₹0.2 million at a premium of ₹436 per annum per member, which can be renewed every year. The Government has also launched the Pradhan Mantri Suraksha Bima Yojana (PMSBY), an accident insurance policy that offers an accidental death and full disability cover of ₹0.2 million at a premium of ₹20 annually. As per the Government, more than 100 million people have registered for these two social security schemes.

As of December 4, 2024, 541.2 million PMJDY accounts had been opened, of which approximately 67% were in rural and semi-urban areas, and total deposits of ₹2,371 billion. (Source: Pradhan Mantri Jan-Dhan Yojana: Progress Report)

Financial penetration to rise with increase in awareness and access of financial products

Overall literacy in India was at 77.7% as per the results of NSO survey conducted from July 2017 to June 2018, which is still below the world literacy rate of 86.5%. However, according to the National Financial Literacy and Inclusion Survey (NCFE-FLIS) 2019, only 27% of the Indian population is financially literate, indicating a huge gap and potential for financial services industry. The survey defines financial literacy as a combination of awareness, knowledge, skill, attitude, and behaviour necessary to make sound financial decisions and ultimately achieve individual financial wellbeing.

Government initiatives like Pradhan Mantri Jan Dhan Yojana, financial literacy programs, and continuous focus on financial inclusion have increased financial literacy, resulting in significant uptick in demand for financial products, particularly in smaller cities over the past few years. Going forward, CRISIL Intelligence expects financial penetration to increase on account of increasing financial literacy.

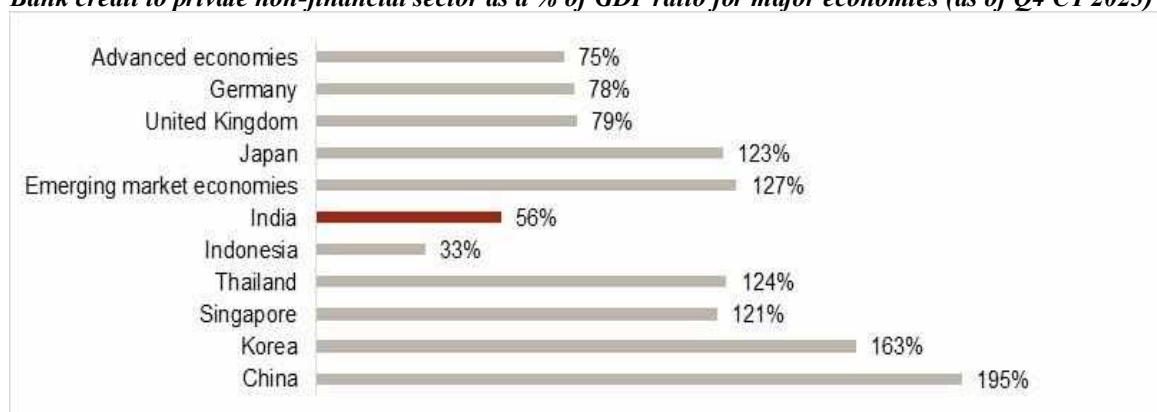

Under-penetration of the Indian banking sector provides opportunities for growth

The Indian banking sector is significantly under-penetrated as observed in the current bank credit-to-GDP ratio of 56% for India as of the fourth quarter of CY 2023. The number of commercial bank branches as well as ATMs in India per 100,00 people, contrast in comparison to other countries. This provides immense opportunities for banks and other financial institutions over the long term.

Rural economy is becoming structurally far more resilient

According to Census 2011, there are about 640,000 villages in India, which are inhabited by about 893 million people. The rural economy is far more resilient today due to increased spends under PM-Kisan scheme, Mahatma Gandhi National Rural Employment Guarantee Act, 2005 and irrigation programmes. Additionally, schemes such as direct benefit transfer (“DBT”), PM Ujwala Yojana for cooking gas, PM Awas Yojana for housing, and Ayushman Bharat scheme for healthcare are supporting growth in rural areas. To supplement this, there has been a continuous improvement in rural infrastructure, such as electricity and roads. These government initiatives have led to lesser leakages and higher incomes in the hands of the rural populace, thereby enhancing their ability and willingness to spend on discretionary products and services. The structural changes,

combined with a positive macro environment, are expected to improve rural business prospects, provide business opportunities for the banking and financial services sector and drive the long-term growth of the economy.

The government has taken various steps to improve overall financial inclusion:

- **Direct-benefit transfer (DBT):** DBT has been instrumental in the acceleration of financial inclusion since it has helped eliminate human interface and leakages in the system, ensuring timely, accurate and quality services and fund transfers to the beneficiaries. This tool has helped in the disbursal of benefits to a wide population spread geographically through 312 government schemes, such as the Pradhan Mantri Matru Vandana Yojana (PMMVY) for women, Pradhan Mantri Ujjwala Yojana (PMUY), Krishi Unnati Yojana (KUY) or Mahatma Gandhi National Rural Employment Guarantee Scheme (MGNREGS) for beneficiary bank accounts held by any gender.
 - **Aadhaar:** It has played a critical role in promoting financial inclusion in India by enabling easy and efficient identification of individuals and reducing the need for physical documents. Aadhaar has been used for various initiatives, such as PMJDY, DBT, mobile wallets, and e-KYC, to improve financial access.
 - **Mobile banking:** The government has promoted mobile banking to make financial services accessible to people who are unable to access physical bank branches. Mobile banking has increased financial inclusion in rural areas. Some of the mobile banking initiatives for financial inclusion are United Payments Interface (UPI), mobile wallets, Jan Dhan Yojana Mobile App, and business correspondent (BC) model.
 - **Financial literacy programmes:** The government has launched various financial literacy programmes to educate people about the benefits of financial planning and management. These programmes aim to improve financial literacy among the marginalised sections of the society and empower them to make informed financial decisions. The government and financial institutions have launched various financial literacy programmes (National Centre for Financial Education, Swabhimaan, etc.) to improve financial literacy among the general public, especially in rural areas.
 - **Kisan Credit Card (KCC):** The KCC scheme aims at providing adequate and timely credit support to farmers for their agricultural activities at various stages of farming. According to Ministry of Finance, Department of Financial Services, the total number of operative KCC accounts stood at 7.75 crores, with total outstanding amount of ₹9.81 lakh crores in FY 2024.
 - **National Pension Scheme (NPS):** Regulated by the Pension Fund Regulatory and Development Authority (PFRDA), NPS is mandatory for Central government employees and voluntary for corporates and all citizens (aged 18-65 years) with matching contributions by the employer. As of October 31, 2024, National Pension System Trust reported assets under management (“AUM”) of ₹ 12.97 Trillion and a subscriber base of 18.9 million.
 - **Priority-sector lending:** PSL is an important policy tool used by the RBI to promote financial inclusion in India. The PSL requirement mandates banks to allocate a specified percentage (40% in case of scheduled commercial banks and 75% for regional rural banks and small finance banks) of their lending portfolio to priority sectors, such as agriculture; MSMEs; education; housing; and other weaker sections of the society. Lending to such priority sectors not only increases the credit access to underserved sectors but also lead to higher economic growth and promotes inclusive development. It also encourages banks to develop innovative products and services specifically for priority sectors. As of Fiscal 2024, bank credit to PSL stood at ₹59.1 trillion (which is 45.1% of adjusted net bank credit), up from ₹50.2 trillion from Fiscal 2023. (provisional amounts from the RBI’s annual report).
- Priority sector lending ensures credit flow to underserved segments of the population through banks. PSL also encourages bridging the gap between rural and urban credit and hence lower regional imbalances. PSL is also used by the government to ensure that credit is given to sectors which can help the country in the long term. PSL mandates banks to lend to MSMEs, which ultimately adds to the overall manufacturing output of the country.
- **Small Saving Schemes:** Sukanya Samridhi Yojana is a savings scheme designed by the government especially for female children. Parents of a female child can save for their education and marriage purposes through this investment scheme. The scheme was launched as a part of the Beti Bachao, Beti Padhao campaign. As of December 2023, 3.2 crore accounts were active as part of the scheme. Mahila Samman Savings Certificate was launched as a part of Union Budget 2023-2024 through which women of any age could open an account with a minimum deposit of ₹1,000 and maximum deposit of ₹2,00,000 provided with a facility of partial withdrawal. The interest rate for the accounts was declared at 7.5% p.a., which will be compounded quarterly. Other small saving schemes available include Kisan Vikas Patra.

Rural India accounts for 47% of GDP, but only 10% of deposits and 9% of credit

Rural India has a crucial role to play, as 65% of the population resides in rural areas, as per 2021 data from the Economic Survey (January 2023) and as per the Census data of 2011, there are over 6.4 lakh villages in India. As per CRISIL Intelligence estimates, about 47% of India's GDP comes from rural areas; however, their share of bank penetration is abysmally low at just 10% of total banking deposits and 9% of total banking credit as of March 2025. Lack of bank infrastructure, low level of financial literacy and investment habits, along with lack of formal identification, are some of the reasons for low penetration.

OVERVIEW AND MARKET LANDSCAPE OF NBFC SECTOR IN INDIA

Systemic Credit

Corporate credit determines the growth in overall credit as it accounts for nearly two-third of systemic credit. The slowdown in economic activity, coupled with heightened risk aversion among lenders, tightened the overall credit growth to approximately 6.3% in Fiscal 2021. In Fiscal 2022, the systemic credit growth picked up steam despite the second wave of COVID-19 hurting economic growth in the first quarter of the fiscal. The retail credit has been a strong driving force behind the growth in overall credit. Retail credit witnessed a growth of 9% year-on-year during Fiscal 2021 and 13% during Fiscal 2022, while non-retail credit grew at a slower pace of 3% and 9% during Fiscal 2021 and Fiscal 2022.

The systemic credit grew at 10.5% year-on-year in Fiscal 2022 to reach approximately ₹161 trillion. The growth was mainly driven by the budgetary push towards investments, pick-up in private investment, and business activities. In Fiscal 2023, systemic credit showed strong growth at 12.8% year-on-year on back of pent-up retail demand. In Fiscal 2024, credit growth was healthy at 14.1% year-on-year on the back of disbursements to the retail segment, resilient demand for home and vehicle loans and supported by the services segment with healthy demand from NBFC's and trade segments.

Corporate credit determines the growth in overall credit as it accounts for nearly two-third of systemic credit. Systemic credit in India grew at a 6-year CAGR of 9% over fiscals 2019 and 2025. Retail credit continues to lead the systemic credit growth in fiscal 2024, supported by the focused approach of banks and NBFCs in increasing the retail portfolio. Going ahead, CRISIL Intelligence projects systemic credit to grow at 13%-15% CAGR between FY 25 and FY 28.

Note: E: Estimated, P: Projected; systemic credit includes domestic banking credit (after deduction of bank lending to NBFC), NBFC credit, commercial papers, external borrowings, corporate bonds excluding those issued by banks and NBFCs; Source: RBI, company reports, CRISIL Intelligence

In terms of market share, as of FY 25 NBFCs hold a market share of approximately 21% whereas banks hold a market share of approximately 72% and it is expected that NBFCs' share in overall systemic credit to increase to 22% by FY 28.

Note: E: Estimated, P: Projected; Systemic credit includes domestic banking credit, NBFC credit, commercial papers, external borrowings, corporate bonds excluding those issued by Banks and NBFC; Source: RBI, Company Reports, CRISIL Intelligence

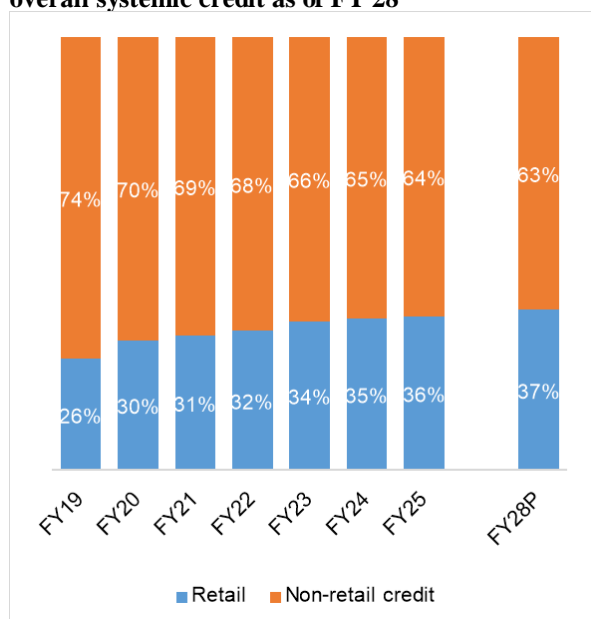

Over the past six fiscal years, banks have trailed NBFCs in terms of credit growth, except for fiscal 2022, when banks showed a steeper recovery post-pandemic disruption, growing at 9.6% compared to NBFCs' 8.5% growth. This slower recovery for

NBFCs was attributed to funding challenges due to higher gross NPAs. Despite this, NBFCs gained market share over banks, with a CAGR growth of approximately 13.9% between fiscal 2020-25, compared to banks' credit growth of approximately 11.4% during the same period.

Retail credit growth is projected to grow on a strong footing, expected to witness a CAGR of 14-16% between FY 25 and FY 28

The retail credit including small ticket loans for asset classes such as Housing finance, Vehicle Financing, Gold Loans, Education Loans, Consumer Durables, Personal loans, credit cards and microfinance, in India stood at ₹ 82 trillion, as of FY 25 which rapidly grew at a CAGR of 15.1% between FY19 and FY 25. Retail credit grew at 14% in FY 25 supported by steady demand in underlying assets like housing, auto and growth in credit card and personal loans growth driven by consumption. The Indian retail credit market has grown at a strong pace over the last few years and is expected to grow further at 14-16% between FY 25 and FY 28. Moreover, the increasing demand and positive sentiments in the Indian retail credit market, presents an opportunity for both banks and NBFCs to broaden their investor base

Key growth factors that will aid the growth of retail credit

NBFC Credit to grow faster than systemic credit

The credit growth of NBFCs which has trended above India's GDP growth historically, is expected to continue to rise at a faster pace. NBFCs have shown remarkable resilience and gained importance in the financial sector ecosystem, growing from less than ₹ 2 trillion AUM at the turn of the century to ₹ 48 trillion at the end of FY 25. During FY19 to FY 25, NBFC credit is estimated to have witnessed a growth at CAGR of 13.2%. NBFCs AUM as of FY19 was approximately ₹ 23 trillion which grew at a 6 year CAGR of 13.2% to ₹ 48 trillion as of FY 25. Rapid revival in the economy is expected to drive consumer demand in FY 26, leading to healthy growth in NBFCs.

NBFC credit to grow at 15-17% between FY 25 and FY 28

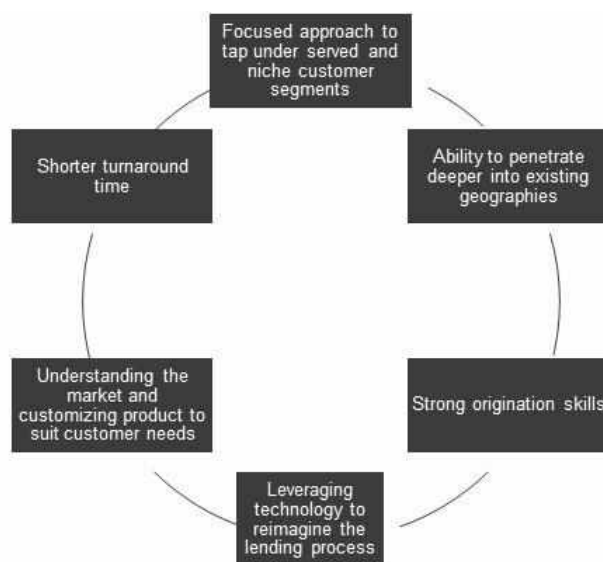

Note: P = Projected, E: Estimated; HDFC is not considered while calculating overall NBFC Credit
Source: RBI, Company reports, CRISIL Intelligence

Going forward, CRISIL Intelligence expects NBFC credit to grow at 15-17% between FY 25 and FY 28, driven by growth across retail, MSME and corporate segments continuing to be the primary drivers.

NBFC's share in systemic credit is estimated to have increased from 12% in FY08 to 13% in FY14 to 21% in FY 25. Overall, consolidation in certain corporate groups and other corporate activities indicate buoyancy in the NBFC space and expectations of healthy credit growth.

CRISIL Intelligence believes that NBFCs will remain a force to reckon within the Indian credit landscape, given their inherent strength of providing last-mile funding and catering to customer segments that are less in focus by the Banks. Going forward, NBFCs are expected to continue to gain market share over other lenders due to their ability to provide flexible lending solutions and tailored services, focused approach to tap under-served and niche customer segments, ability to penetrate deeper into geographies, leveraging technology to reimagine the lending process, strong origination skills and shorter turnaround time.

With high focus on retail loans, NBFCs are driving financial inclusion

While banks are the primary institutions for banking in India, retail loan portfolios form only 36% of the overall banking credit as of FY 25. Other focus areas for banks are wholesale lending to large corporates, credit to services sector and the agriculture sector. Lower presence of banks in the retail space has created an opportunity for NBFCs to penetrate the segment which has also led to greater financial inclusion as NBFCs also cater to riskier customer profiles with lower income. Compared to that of

banks, NBFC credit to retail segment forms 48% of its portfolio as of FY 2024, indicating larger focus on retail customers. Rural areas present a vast market opportunity for NBFCs. NBFCs have played a major role in meeting this need, complementing banks and other financial institutions. NBFCs help fill gaps in the availability of financial services with respect to products as well as customer and geographic segments. A strong linkage at the grassroots level makes them a critical cog in the financial machine. They cater to the unbanked and underbanked masses in rural and semi-urban India and lend to the informal sector and people without credit histories, thereby enabling the government and regulators to realize the mission of financial inclusion.

The NBFC sector has, over the years, evolved considerably in terms of size, operations, technological sophistication, and entry into newer areas of financial services and products. The number of NBFCs as well as the size of the sector have grown significantly, with several players with heterogeneous business models starting operations. The increasing penetration of neo-banking, digital authentication, and mobile phone usage as well as mobile internet has resulted in the modularisation of financial services, particularly credit. Overall NBFC credit during FY 2019 to FY 2025, is estimated to have witnessed a CAGR of approximately 13.2% which was majorly led by retail segment which is estimated to have witnessed a CAGR of approximately 15.4%, while NBFC non-retail credit is estimated to have witnessed a growth of approximately 11.5% during the same time period.

MSME, Housing and Auto Financing contributed approximately 51% to overall NBFC credit in FY 2025

In fiscal 2025, the credit growth of NBFCs is estimated to have slowed to 18%, compared to 21% recorded in previous fiscal, mainly due to a slowdown in unsecured loans, including microfinance, personal loans and consumer durables. The slowdown in unsecured loans can be attributed to its rapid expansion over the past few fiscals and overleveraging concerns which can impact asset quality. RBI intervened in November 2023 to slow down unsecured retail loan growth by tightening capital norms.

Though infrastructure accounts for the highest share in NBFC credit (26%) as of FY 2025, its share in the overall NBFC credit outstanding has come down over the past years from 31% in FY 2019. Retail and MSME segments are expected to experience higher growth in the upcoming fiscals. MSME credit accounted for 23% share as of FY 2025, witnessing a rise in its market share from 16% in FY 2019. Housing and auto segment constitute approximately 16% and approximately 11% share in overall NBFC credit as of FY 2025.

In fiscal 2025, the retail segment's share in the lending mix is estimated to decline marginally, while the wholesale segment's share is expected to increase. This trend is likely to continue into fiscal 2026, with the share of both segments remaining steady.

The retail loan growth rate is expected to increase moderately to 17-18% in fiscal 2026, driven by growth in housing, vehicle and consumer durable loans. However, NBFCs are expected to maintain a cautious approach to unsecured lending due to visible stress in the microfinance and personal loan segments. The growth of gold loans is expected to normalize after the exceptional growth recorded in fiscal 2025.

In contrast, the wholesale segment's growth rate is projected to decline slightly, mainly due to an expected slowdown in infrastructure disbursements. Nevertheless, MSME and corporate and real estate loans are expected to continue to see an uptick.

MSME LOANS

Overview of MSME sector in India

The MSME (Micro Small and Medium Enterprises) sector has experienced remarkable growth and transformation, becoming a cornerstone of India's economy. The estimated number of MSMEs in India is around 70 million as of Fiscal 2022. MSMEs in India are significantly contributing to the economy by generating substantial employment opportunities at a lower capital investment compared to larger industries. Additionally, they facilitate the industrialisation of rural and underdeveloped regions,

thereby mitigating regional disparities and promoting a more equitable distribution of national income and wealth. The MSME sector contributes to India's socio-economic development by providing huge employment opportunities in rural and backward areas and reducing regional imbalances.

The Government expects that MSMEs' contribution to GDP to increase from 29.2% in Fiscal 2022 to 40-50% by Fiscal 2030. As of Fiscal 2024, MSMEs contribute a 45.73% share of India's exports. Further, as on October 2024, the total employment recorded on the UDYAM registration portal (since inception July 1, 2020, to June 8, 2025) is 278.2 million.

MSME segment accounts for about around 29% of Indian GDP

The RBI has adopted the definition of MSMEs in line with the Micro, Small and Medium Enterprises Development (MSMED) Act, 2006. This definition is based on investments in plant and machinery in the manufacturing and services sectors. To bring in more enterprises under the ambit of MSMEs and widen the definition of MSMEs considering inflation over the past few years, in June 2020, the Government revised the MSME investment limit across each category and introduced an alternate and additional criterion of turnover buckets to the definition. It further removed the difference between the definition of manufacturing based and services based MSMEs.

In June 2021, the Indian government has included retailers and wholesalers under the MSMEs definition to extend the benefits of priority sector lending to traders as well. The move is structurally positive from a long-term perspective, as it will enable entities operating in the segment to register on Government's Udyam portal, participate in government tenders and avail financing options/benefits available to the category.

Formalisation of MSMEs

After the government revised the definition of MSMEs in June 2020, MSMEs that had an existing MSME registration (Udyog Aadhaar Number or UAN), or Enterprise Memorandum (“EM”), were required to re-register themselves under UDYAM. Thereafter, in August 2020, the RBI issued a notification allowing financiers to obtain the UDYAM certificate from entrepreneurs for lending purposes.

There has been a large push for formalisation of MSMEs in recent years. In Fiscal 2016, MSMEs registered on the UDYAM portal (similar government portals) were almost 0.5 million, which increased to approximately 64.5 million as of June 8, 2025. A UDYAM certificate will be required by MSMEs for taking benefit of any scheme of the Central government. The UDYAM portal is also integrated with the Government e-Marketplace (“GeM”) and the Trade Receivables and Discounting System (“TReDS”), so that enterprises can participate in government procurement and have a mechanism for discounting their bills.

Overview of MSME financing in India

MSME credit gap

High risk perception and prohibitive cost of delivering services physically have constrained formal lending to MSMEs. The emerging self-employed individuals and micro, small and medium enterprise segment is largely unaddressed by lending institutions in India.

An IFC report titled Financing India's MSMEs (November 2018) estimated the MSME credit demand at ₹69.3 trillion in Fiscal 2017, of which only approximately 16% of demand was met through formal financing and consequently, the MSME credit gap (defined as the gap between the demand for funds amongst MSMEs and the supply from formal financiers) was estimated at ₹58.4 trillion. This gap was met through informal sources including moneylenders, chit funds and personal sources from friends and relatives. The interest rate for these sources generally ranges between 30-60% per annum.

The credit gap is estimated to have further widened over the last four years due to slower economic growth in Fiscal 2020, followed by the COVID-19 pandemic in Fiscal 2021. In Fiscal 2021, the nationwide lockdown to contain the spread of the COVID-19 pandemic disrupted economic activity, hurt demand, impacted working capital needs and supply chain along with future investments and expansions. Furthermore, government schemes post the COVID-19 pandemic such as the ECLGS scheme provided relief only to MSME units with existing loans from a formal financial institution.

As of Fiscal 2025, the MSME credit demand is estimated to be around ₹159 trillion, of which 27-28% of demand is met through formal financing. Assuming an increase of around 11% annually in the demand for credit and the availability of credit from formal sources, CRISIL Intelligence estimates the credit gap to have increased to ₹117 trillion as of Fiscal 2025.

Despite increase in MSME loans outstanding, large credit gap still exists

Source: IFC report on Financing India's MSMEs dated November 2018, CRISIL Intelligence estimates

As per the IFC report titled Financing India's MSMEs (November 2018), out of total MSME credit demand of ₹69.3 trillion in Fiscal 2017, the addressable credit demand was at ₹36.7 trillion after removing demand from new MSMEs, commercially unviable MSMEs and micro MSMEs that do not seek formal financing as these types of MSMEs voluntarily go for informal source of credit on account of the process being much faster, some MSMEs are quite young with no operational track record to prove their credit worthiness to the lender and MSMEs which are estimating near term bankruptcy. Out of the total addressable credit demand of ₹36.7 trillion (53% of the total credit demand of ₹69.3 trillion) in Fiscal 2017, formal source accounted for ₹10.9 trillion taking potentially addressable credit demand gap to ₹25.8 trillion (Fiscal 2017), which represented MSME credit gap that could have been addressed by Financial Institutions in the near term.

On the similar lines, as of Fiscal 2025, CRISIL Intelligence estimates the total addressable credit demand at approximately ₹76 trillion, out of which current formal financing stands at approximately ₹42 trillion taking the total addressable MSME credit gap to around ₹34 trillion, which needs to be met by Financial Institutions. CRISIL Intelligence expects total addressable credit demand to have increased on account of higher bank support; favourable government policies and increased lender focus with tailored products and technological advancements. Technology and use of various data sources are helping lenders analyse cash flow for NTC (New to Credit) MSME customers faster and bring many MSMEs into the formal financing network. Further, this demand is expected to grow as the Government expects MSMEs' contribution to GDP to increase in the coming years.

The two pandemic waves were particularly tough for the MSMEs on account of no or fewer economic activities. The pandemic led to frequent lockdowns and restrictions that interrupted supply chains, demand and hence profitability of the MSMEs. During Fiscal 2023 to Fiscal 2025, the Indian economy normalised, with industrialisation and urbanisation picking up pace. In line with the overall growth, aggregate MSME credit grew approximately 31% in Fiscal 2024. In Fiscal 2025, overall MSME credit grew by approximately 20% due to higher credit demand from MSMEs and higher focus by lenders on the asset class leading to higher disbursements.

Smaller enterprises relatively more starved of credit

The smaller enterprises are much more starved of institutional credit, and therefore, they primarily depend on promoter contribution for working capital and fund requirements. While the access to funding has improved in the last few years, credit remains out of bounds for large swathes of the MSME population in India.

Modes of funding for MSMEs

Banks and NBFCs offer various credit products based on the need of MSMEs. Such products include Loan against property, Supply chain financing, Inventory funding, Unsecured business loans, etc.

Loan against property: It is a secured business loans which is disbursed by financial institutions against the mortgage of property. The property act as collateral/security and therefore the financial institution charges comparatively lesser interest rates than unsecured loans.

Supply chain finance (SCF): SCF consists of financing MSMEs against invoices and receivables as intermittent collaterals. It includes providing cash to suppliers against receivables from buyers.

Inventory funding: Inventory acts as one of the most important factors for running business smoothly. Inventory financing facilitate MSMEs to buy adequate inventories which could act as collateral for the loan. It helps MSMEs in maintaining optimal stock levels without impacting their cash flows.

Growth drivers for MSME Credit

High credit gap in the MSME segment

As per estimates, less than 15% of approximately 70 million odd MSMEs have access to formal credit in any manner as of March 2022. High risk perception and the prohibitive cost of delivering services physically have constrained traditional institutions' ability to provide credit to underserved or unserved MSMEs and self-employed individuals historically. As a result, they resort to credit from informal sources. This untapped market offers huge growth potential for financial institutions. As stated earlier, the credit gap was estimated at around ₹58.4 trillion as of Fiscal 2017 (Source: IFC report named Financing India's MSMEs released in November 2018) and is estimated to have widened further to around ₹117 trillion as of Fiscal 2025.

Increased data availability and transparency

With increased digital initiatives by the MSMEs, the shift towards their formalisation and digitisation has created a plethora of data points for lenders that would help improve the efficacy of credit assessment and gradually enable provision of credit to hitherto underserved customer segments. This increase has created a digital footprint of customers, which can be potentially used for credit decision making, along with other relevant parameters such as customer demographics, business details, credit score, and personal situation of the borrower. Demonetisation and GST have further accelerated formalisation of the Indian economy.

Increasing access and faster turnaround time

Due to availability of multiple data points and technology solutions, the lending process involving documentation, verification and processing of the transactions has evolved and now takes much lesser time. Technology led enhancements such as use of big data analytics and social media campaigns to acquire customers, use of direct and derived variables for underwriting, automated processes, minimum documentations, Aadhar based e-KYC, account aggregators and flexible repayment options due to simplified real-time digital payments system have helped reduce processing time, increasing access to credit for borrowers and faster TAT.

Growth in branch network of players in MSME segment

Over past few years, players offering MSME loans have expanded their branch network with the intent to serve a larger customer base. Share of borrowers from top cities in India has been on a declining trend indicating that lenders are shifting their focus on MSMEs in rural and semi urban areas. In the future also, CRISIL Intelligence expects lenders with a strong focus on MSME lending and healthy competitive positioning to continue to invest in branch expansion. With increasing branch network, customer acquisition and credit penetration, share of MSME loans is also expected to increase.

Entry of new players and partnerships between them

Lenders are increasing the use of digital platforms to help automate and digitize loan sanctioning process however the borrower is required to possess documents for the initial clearance as stated by the banks. Incumbent traditional lenders will increasingly leverage the network of their partners and/or digital ecosystem to cross-sell products to existing customers, tap customers of other lenders, and cater to new-to-credit customers. This will expand the market for MSME loans.

Robust government support

The government has a special focus on the MSME sector on account of its economic contribution to the economy and number of people employed in the sector. MSMEs in India come under the purview of Government of India, Ministry of MSME, Khadi Village and Coir Industries Commission (KVIC). The government launched Udyam Assist Platform (UAP) on January 11, 2023 to enhance formalisation of the economy. As of June 8, 2025, 27 million informal micro enterprises have joined UAP to come under the formal economy. Government of India has also introduced a new scheme called 'PM Vishwakarma' aiming to improve the quality of products and services of small artisans and craftsman and ensure that their companies are a part of national and global supply chain. The scheme was launched on September 2023. The initial amount to be disbursed under the scheme is ₹13,000 crores for five years from Fiscal 2023-2024 to Fiscal 2027-2028.

Relaxation in the threshold under the SARFAESI Act from ₹5 million to ₹2 million for NBFCs

In the Union Budget 2021-2022, for NBFCs with a minimum asset size of ₹1 billion, the minimum loan size eligible for debt recovery under the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act (SARFAESI) Act, 2002 was proposed to be reduced from the existing level of ₹5 million to ₹2 million. The objective of this move is to improve credit discipline while continuing to protect the interest of small borrowers. This relaxation is expected to facilitate recovery from stressed books, help the NBFCs to improve their ability to recover smaller loans and strengthen their overall financial health. More importantly, it acts as a deterrent to default and enhances the enforceability of collateral for players focused on the medium ticket size LAP segment with loans of ₹2 million-₹5 million.

Inclusion of retail and wholesale trade under MSME category

In July 2021, the Ministry of Micro, Small and Medium Enterprises decided to include Retail and Wholesale trade as MSMEs for the purpose of Priority Sector Lending and they would be allowed to be registered on UDYAM Registration Portal. The move is structurally positive from long-term perspective, as it will enable entities operating in the segment to register on Government's UDYAM portal, participate in government tenders and also avail financing options/benefits available to the category. This move will also aid in the formalisation of India's retail trade and enable financial support to small and mid-sized retail businesses. By widening the scope of MSME to cover wholesale as well as retail trade, this move also creates an additional opportunity for MSME lenders to increase their penetration and business.

Prime Minister's Employment Generation Programme (PMEGP) providing margin money to MSMEs

PMEGP is a credit linked subsidy scheme to provide employment opportunities by establishing new micro enterprises in the non-farm sector where margin money is provided to MSMEs availing loan from banks to set up new enterprises. The maximum margin money provided under the scheme for setting up a new project is ₹5 million for manufacturing sector and ₹2 million for service sector. Geo-tagging for the products and services of the units set up under this scheme has been initiated. This will help the enterprises with creating market linkages.

Credit Guarantee Fund Scheme extended to cover NBFCs

One of the major reasons why MSMEs are credit-starved is the insistence by banks or financial institutions for the provision of collateral against loans. Collaterals are not easily available with such enterprises, leading to a high-risk perception and higher interest rates for these MSMEs. In order to address this issue, the government launched the Credit Guarantee Fund Scheme under the aegis of the Credit Guarantee Fund Trust for Micro and Small Enterprises (CGTMSE) in order to make collateral-free credit available to micro and small enterprises. In January 2017, the scheme was extended to cover systemically important NBFCs as well.

Digital penetration

The lenders have been increasingly leveraging technology solutions and alternative data to source and underwrite MSME loans. Such changes in MSME lending have been driven by:

Digital/technological changes:

- E-commerce platforms (B2C and B2B): Connecting buyers and sellers
- Introduction of digital lending focused NBFCs: Use of technology to provide MSME lending
- Low-cost internet data availability: Facilitating increase in internet penetration
- Business solutions focussed on MSME such as digitising accounting, workflows, operations, etc., leading to better data availability

Government led initiatives:

- **Introduction of UPI:** Simplified real-time digital payments
- **GST implementation:** Simplified business taxes, improved formalisation of businesses
- **Aadhaar based e-KYC:** Reduced documents requirements, faster TAT, Aadhaar-PAN linkage facilitating lenders to verify information
- **ONDC:** Facilitated adoption of e-commerce through open protocol

RBI-led initiatives:

- **TReDS:** TReDS is an electronic platform for facilitating the financing/discounting of trade receivables of MSMEs through multiple financiers
- **Account aggregators:** Act as a common platform which enable sharing and consumption of data from various entities with user consent

Key success factors for NBFCs offering MSME Loans

- **Ability to dive into deeper geographies with a strong branch network:** Players need to have a clear and deeper understanding of their target customer segment, the markets they operate in and develop a strong local network. The deeper understanding and presence of inhouse sales team for direct sourcing within the segment also leads to lower customer churn.
- **Focussed approach to tap underserved niche borrower segments:** MSME focussed lenders need to build a portfolio with deep understanding of the target segment and market. Specific tailor-made lending products for MSMEs with easier data availability to help lenders take a focussed approach.
- **Strong underwriting capabilities:** MSMEs tend to generally be more impacted by vagaries of the business cycle given their limited financial wherewithal and/or reliance on larger buyers. On account of limited data to support credibility of the MSME borrower, lenders are now using alternate methods of underwriting like cash flow analysis to strengthen their underwriting capabilities.
- **On-the-ground presence to manage collections and maintain portfolio quality:** Additionally, given that players in the segment also cater to a relatively riskier profile, a strong focus on collections and monitoring risk of default at customer level is vital to manage asset quality. Direct Sourcing allows control over the quality of customers and processes involved for disbursement, which can lead to better asset quality, as compared to other methods of customer acquisition.
- **Collateral risk management:** Properties that are used as collateral for MSME loans sometimes lack proper property titles, especially in the outskirts of large cities, semi-urban and rural areas.

OVERALL SECURED MSME (LAP) PORTFOLIO OUTSTANDING

Overall Secured MSME portfolio outstanding is projected to grow by 17-19% over Fiscals 2025-2028

Overall Secured MSME loan (LAP) segment grew at a strong pace with portfolio outstanding registering a CAGR of nearly 17% from Fiscal 2019 to Fiscal 2025. CRISIL Intelligence estimates such outstanding secured MSME loans given out by banks and NBFCs to be around ₹12.8 trillion as of Fiscal 2025. A secured MSME loan can be obtained by mortgaging a residential or commercial real estate with the lender.

In Fiscal 2022, overall secured MSME loan portfolio outstanding grew at a slower rate of about 11% year-on-year. NBFCs moved towards niche credit assessments without the requirement of property collateral to help provide credit and meet the rapid demand from MSMEs. In Fiscal 2023, overall secured MSME loan segment bounced back with about 22% year-on-year growth as economic activity normalised through support of RBI and centre's promotion of Aatmanirbhar Bharat. In both Fiscal 2024 and Fiscal 2025, overall secured MSME portfolio grew at about 24% year-on-year backed by robust economic conditions and increase in domestic consumption and growth.

Over the last few years, expansion in branch network, more data availability and government initiatives like GST, Udyam, and increasing formalisation of the MSME segment has led to increasing focus of lenders, especially the NBFCs, on this space. NBFCs (including HFCs, NBFC-Fintech) enjoy a market share of 39% as of March 2025 in overall secured MSME portfolio outstanding.

Private banks have the highest share of overall Secured MSME loan outstanding, which increased from 27% in Fiscal 2019 to 41% in Fiscal 2025. On account of the merger of HDFC Bank with HDFC Limited in July 2023, the share of private sector banks has risen in Fiscal 2024. NBFCs/HFCs have established a significant presence in MSME loans by prioritizing customer needs, ensuring quick turnaround times, delivering excellent customer service, and expanding their geographic reach. Over time, the MSME portfolio of NBFCs has shown faster growth compared to the overall MSME portfolio at a systemic level. CRISIL Intelligence expects the competitive positioning of NBFCs to remain strong, given their strong target customer and product focus.

Among the top 15 states, Bihar witnessed the fastest growth in credit outstanding growing at a CAGR of approximately 40.8%, followed by Andhra Pradesh witnessing a CAGR of approximately 27% from Fiscal 2019-2025. As of Fiscal 2025, the top 5 states accounted for nearly 49% share, while the top 10 states accounted for nearly 75% share.

Threats and challenges in MSME Loan Segment

MSME lending segment is expected to witness a rapid growth in the upcoming fiscals, however, there are a few risks associated with lending to this segment.

- **Inadequate credit history of borrowers:** Generally, small borrowers often lack credit history, which is necessary for underwriting. Additionally, they do not have the financial capabilities to invest in maintaining proper accounts due to which it becomes difficult for lenders to assess their creditworthiness.
- **Borrowers susceptible to policy and regulatory changes:** Owing to the highly dynamic industry environment, MSMEs are vulnerable to policy and regulatory changes to which they might not have a capability to cope with.
- **Borrowers lack liquidity and are vulnerable to cash flow challenges:** MSMEs often face delays in payments which significantly impact their cash flow cycle and in-turn impact their repayment behavior.

- **Borrowers are unable or unwilling to share all information:** Borrowers usually do not have all the required information available because of which lenders cannot assess the borrowers in a better manner.
- **MSMEs lack updated technology as compared to large companies:** Large companies have higher sophistication of technology, which MSME players lack owing to low capital; hence they face the risk of getting outdated.
- **Inadequate financial literacy:** MSME owners often lack financial expertise. The lack of financial literacy may lead to poor financial planning.

COMMERCIAL VEHICLE FINANCING IN INDIA

Robust recovery witnessed in commercial vehicle sales driven by government spending and sustained user demand

Note: CV sales include LCV & MHCV goods carrying vehicles. Source: SIAM, CRISIL Intelligence

The commercial vehicle (CV) industry, which consists of Light Commercial Vehicles (LCV), Medium and Heavy Commercial Vehicles (MHCV) exhibited strong growth in Fiscal 2023 and grew at 32% year on year, albeit on a low base. This resurgence can be attributed to pent-up replacement demand, improved transporter profitability, pick up in capex, which was hampered during the preceding 2-3 years due to economic stagnation and the disruptive impact of the pandemic. However, the segment witnessed muted growth in Fiscal 2024 primarily due to high base of Fiscal 2023. In Fiscal 2025, the overall CV volumes declined by 2%, with the slowdown primarily led by the MHCV segment, which saw a decline of 3%. This was due to the healthy tonnage growth of the past years leading to a buildup of excess supply in the system, thereby weakening new sales demand. Additionally, lower government spending (which were down by 12% in first 8 months of fiscal 2025) owing to general elections led to delayed awarding of roads and other infrastructure projects, further hindering CV growth. The LCV segment also recorded a decline of 2%, with sales being dragged down by the sub-one-tonne segment, which faced stiff competition from electric three-wheelers (e-3Ws) in last-mile delivery and from healthy sales in previous years.

In fiscal 2026, the overall commercial vehicle (CV) segment is expected to grow with the Light Commercial Vehicles (LCV) segment leading the growth. This growth is driven by replacement volumes from healthy sales over fiscals 2017-19, the resumption of government spending to usual levels, and increased construction and mining activity supported by a 9-11% higher budgeted construction capex. Additionally, the lowering of repo rates and higher loan disbursements are expected to contribute to this growth.

Light commercial vehicles account for around 63% of total commercial vehicle sales as of Fiscal 2025

Note: CV sales include LCV & MHCV goods carrying vehicles, Source: SIAM, CRISIL Intelligence

Light Commercial Vehicle (LCV) sales declined by 2% in fiscal year 2025. Despite an increase in volume up for replacement compared to past years, the general slowdown in economic activity put downward pressure on LCV sales. Reduction in construction activity, along with subdued demand for last-mile delivery and e-commerce activity due to declining urban spending, impacted sales. In fiscal 2026, the LCV segment is projected to grow by 4-6%, driven by increased economic and

commercial activities. LCV segment is also considered to be less cyclical than the MHCV segment due to its usage in e-commerce delivery fleets and other essential economic activities, providing better last mile connectivity.

The Medium and Heavy Commercial Vehicle (MHCV) segment declined by 3% in Fiscal year 2025. The decline in the volume up for replacement and the oversupply of tonnage in the system hindered volume growth. In Fiscal 2026, the MHCV segment is projected to grow by 2-4%, supported by postponed purchases from Fiscal 2025 and healthy end-use segments. Despite the mild increase in freight rates and stable fuel prices providing only weak support, the overall growth is expected due to postponed purchases from Fiscal 2025 and healthy end-use segments.

Top 10 states account for around 71% of total commercial vehicle sales as of Fiscal 2025

Top 10 states account for around 71% of total commercial vehicle sales as of Fiscal 2025, with top five states accounting for 47% of total commercial vehicle sales. Among states Maharashtra had the highest share in CV sales as of Fiscal 2025 at nearly 15% followed by Gujarat (nearly 9%) and Uttar Pradesh (nearly 9%).

Key Growth drivers of Commercial Vehicle Sales in India

Healthy industrial growth in Fiscal 2025

The Indian industry's gross value added (GVA) continued to grow steadily, in line with the GDP, averaging around 6% between fiscals 2020 and 2025. Industrial GVA is estimated to have grown by approximately 6.4% on-year in fiscal 2025. Over the next five-year period (Fiscal 2025-2030), industry GVA is expected to be robust driven by the government's focus on 'Make in India' with the stated aim of the government to push up the share of Manufacturing in India's GDP from 17% to 25%.

Moreover, improvement in infrastructure and higher expected corporate expenditure is likely to support the capex cycle going forward post-Fiscal 2024. India's ambitious infrastructure development plans, including the Bharatmala Pariyojana and Sagarmala programs, are expected to drive commercial vehicle demand during fiscal 2025 to fiscal 2030, as the resulting increase in construction and logistics activities boosts demand for heavy and medium commercial vehicles.

Scrappage policy

In August 2018, MoRTH (Ministry of Road, Transport and Highways) considered incentivising the scrapping of vehicles sold

before April 2005 (15 years old). After deliberations on the modalities of implementation of the norm, the government aims to promote vehicle scrapping by exempting registration charges for truck purchases made after scrapping older trucks. To incentivise scrapping of older vehicles, the government has increased the registration charges for older vehicles and increased stringency of fitness tests. CRISIL Intelligence expects the impact of the norms to be limited on additional scrapping (apart from vehicles scrapped in the normal course of business).

Increasing freight rates to aid in materialisation of deferred demand

In Fiscal 2026, transporter profitability is expected to remain stable at 7-8%. A mild increase in freight rates and stable fuel prices are anticipated to keep profitability at similar levels. In Fiscal 2025, fuel prices constituted approximately 55% of transport costs, exerting a considerable influence on overall profitability. During this period, diesel prices remained stable. Concurrently, freight rates increased by 12%, signaling improved transporter profitability and heightened demand for freight services. These favourable factors supported the shift to higher tonnage vehicles as the industry capitalised on the increased demand in the transportation sector.

Capacity utilisation and profitability of transporters

Rising capacity utilisation and profitability of transporters in India are boosting demand for commercial vehicles. Higher fleet efficiency and profits enable transporters to invest in new vehicles, supporting growth in the commercial vehicle industry.

Rise in Private Final Consumption Expenditure (PFCE)

LCVs are primarily used for last-mile transport and redistribution of commodities. PFCE is a good indicator of domestic consumption demand, and accounts for over 90% of LCV goods tonnage capacity. Apart from the usual freight demand, an increase in rural consumption and a rise in urban expenditure boosts demand for smaller vehicles to transport consumer goods. Moreover, a rise in consumption of non-food items, consumer durables and FMCG products fuels demand for LCVs.

Increasing adoption of hub-and-spoke network

The road transport industry is gradually moving towards the hub-and-spoke distribution model, wherein industries have large hubs in major regions. Goods are consolidated at these hubs and sent to several touch points (spokes) in the hinterland. Freight is distributed over the last mile via LCVs, such as sub-one-tonne CVs and pick-ups. With rising adoption of the network, sales for LCVs is expected to rise.

Substitution of three wheelers

Small commercial vehicles (SCVs), especially sub-one-tonne models (0.75-tonne payload), can substitute large three-wheelers of similar payload capacity, given the SCVs' ability to carry loads beyond payload capacity, run on longer routes, maintain better balance, and be more cost-efficient. The pace of substitution, which is tapering off, remains a key parameter that impacts LCV sales.

Key Growth Drivers of Used Commercial Vehicle Sales in India

Higher affordability as compared to new vehicles

Used commercial vehicles are generally more affordable as compared to new vehicles, making them accessible to small and medium sized businesses. The lower upfront cost of used vehicles makes them accessible to a wider range of customers who may not have the financial capacity to invest in a brand-new commercial vehicle.

Cost effectiveness

Depreciation rate of new commercial vehicles is usually higher, resulting in a more significant loss in value over time. Used commercial vehicles on the other hand, have already undergone their initial depreciation making them a more cost-effective solution to businesses.

Improved quality and reliability

Advancement in technology and manufacturing processes has led to improvement in quality and reliability of used commercial vehicles, customers now have a higher confidence in the performance and durability of used commercial vehicles.

Rise in micro, small and medium enterprises in India

There has been a significant rise in micro, small and medium enterprises in India due to favourable government policies and economic scenario, used commercial vehicles act as a sustainable option to fulfil their logistics and transportation needs due to their lower cost of acquisition and cost effectiveness.

Right to win for NBFCs

NBFCs held the lion's share in overall commercial vehicle financing on account of relatively superior customer connect in small fleet operators ("SFOs") and first-time buyers customer segment, strong and deep understanding of local economy, ease of loan processing, relatively higher loan-to-value ("LTV"), and higher risk-taking ability of NBFCs. Banks primarily have more focus on financing large fleet operators ("LFOs") based on their superior credit profiles. They also prefer big ticket financing, like that for MHCVs. While the sector has been under stress and delinquencies over past two years, the quality of the portfolio improved in Fiscal 2023 as economic activity picked up thus increasing repayment capabilities. This has enabled banks to capture and expand market share in both LFOs and SFOs as they can offer better loan rates and higher ticket size than NBFCs. However, as banks are more cautious in lending to riskier CV asset classes, NBFCs can maintain their strong hold and build better customer profiles that will support them going forward.

Commercial Vehicle Financing is expected to witness a CAGR of 11-13% from Fiscal 2025-2028

New Commercial vehicle financing segment is expected to grow at a CAGR of 11-13% till Fiscal 2028. The segment witnessed a growth of approximately 13.4% CAGR from Fiscals 2019 to 2025. The segment witnessed a very slow growth during Fiscals 2021 and 2022, primarily due to COVID-19 pandemic and nation-wide lockdowns. Post that, the growth has been higher at around 19% in Fiscal 2023, around 30% in Fiscal 2024 and 15% in Fiscal 2025. The growth was primarily due to increase in private consumption and freight demand. Going forward, growth in the segment is expected to be supported by rising demand for LCVs due to increased private consumption, greater availability of redistribution freight and improved finance while demand for MHCVs is expected to grow due to improvement in economic activity across the country, along with steady agricultural output and government's focus on infrastructural development.

NBFCs account for majority share in Commercial Vehicle Finance Outstanding across fiscals

Among lenders, NBFCs accounted for the highest share in commercial vehicle finance outstanding (around 58%) as of Fiscal 2025, which was followed by private banks with around 34% market share and public sector banks accounting for 2% market share. Among major lenders, private banks witnessed the fastest growth in Commercial Vehicle Financing outstanding witnessing a CAGR of approximately 13.3% from Fiscal 2019-2025, while NBFCs grew at 12.7% CAGR and public sector banks witnessed a CAGR of approximately 11.5%.

NBFCs operating in commercial vehicle financing had return on assets at 3.0%

NBFCs have a strong presence in the commercial vehicle financing space with a dominant share in used commercial vehicle financing. Primarily, small fleet operators and drivers turned owners, and first-time buyers are the core customer segment for majority of the NBFCs in this segment. As this customer segment is comparatively riskier than those catered by banks (Large & medium sized fleet operators), NBFCs which are operating in both used and new commercial vehicle financing are able to charge higher yields (nearly 16%), which in turn translates to higher net interest margins for the players which usually range between 7-8%. Operational expenses are approximately around 3% for NBFCs due to their extensive on-ground presence and underwriting mechanisms, while credit costs usually range between 1.5-2% with return on assets estimates at around 3%.

Among NBFCs in the commercial vehicle financing space, NBFCs which cater to customers in the used commercial vehicle

space usually have a loan tenure of 3-5 years while NBFCs focused on new commercial vehicles have an average loan tenure of 4-7 years. Used commercial vehicle NBFC financiers are also able to attract 3-5% higher yields as compared to new commercial vehicle financiers.

Threats and challenges in the Commercial Vehicle Financing Industry:

- **Economic Scenario:** The financial performance of auto-finance companies depends on the offtake of vehicles, which depends on the overall macroeconomic factors, such as GDP growth and the economic cycle. The commercial vehicles (CV) industry transports over half of the total freight handled in the country. As transportation is linked to all sectors, demand for CVs is closely linked to overall economic growth. CV demand is also driven by growth in industrial and agricultural production, freight movement, rising share of roadways in freight movement, and changes in freight rates. Any economic slowdown directly impacts CV sales.
- **Regulatory Environment:** Changing regulatory framework for auto-finance companies has been crucial in determining growth path of NBFCs. Over years, regulations of NBFCs have been converging with those of banks; this could lead to keener competition in the future. Also, higher provisioning requirements will impact the profitability of these companies.
- **Insufficiency of data for credit appraisal:** Credit-score availability in India is still at a nascent stage, despite the presence of credit bureaus. In several cases, borrowers lack formal income-proof documents. This makes it difficult to judge the ability of borrowers to repay.
- **Asset Quality and Recovery Risk:** The absence of an established and transparent secondary market makes it difficult to recover the value in many cases.

CONSTRUCTION EQUIPMENT FINANCING IN INDIA

Construction equipment volumes normalised in Fiscal 2025

The construction equipment sector grew 24% in volume terms in Fiscal 2024, driven by growth in the end user industries. Volume growth normalisation of 4-6% is estimated for Fiscal 2025 with the industry expected to breach high levels of 120K+ of sales in volume with growing end-user industry segments like roads, railways and urban infrastructure. The infrastructure sector growth is led by healthy rise on high bases in state and central government capex budgets, government initiatives such as Gati Shakti scheme and the focus on National Infrastructure Pipeline (NIP) to boost the infrastructure segments while Mining sector is expected to show growth in Fiscal 2025 in order to meet the rising demand from the power and metal sectors. Going forward, onstruction equipment finance sales to witness tepid growth in fiscal 2026 on a high base.

Volume sold is at an all-time high with rising infra and mining activity in the backdrop. With humongous central government push and rising spur in construction activities, market size is expected to increase due to higher realisations and increase in prices passed on to consumers due to cost inflation of raw materials.

The CE finance industry grew 26% on-year in Fiscal 2025, reaching a market size of around ₹1.4 trillion. CE financing segment is expected to grow at a CAGR of 12-14% till Fiscal 2028. The segment witnessed a growth of 15.6% CAGR from Fiscals 2019

to 2025. This growth was driven by an increase in the sales value of **new CE**.

Maharashtra accounts for the highest share in CE financing outstanding as of Fiscal 2025

Among states, Maharashtra accounts for the highest share in overall CE financing outstanding as of Fiscal 2025 accounting for nearly 17% market share, followed by Gujarat accounting for nearly 10% share and Rajasthan accounting for nearly 9% share. Among top 15 states, Chhattisgarh witnessed the fastest growth in the last five fiscals growing at a CAGR of approximately

21.2% followed by Gujarat and Odisha, which grew at approximately 20.0% and 19.2% CAGR each from Fiscal 2019-2025.

Threats and challenges in the Construction Equipment Financing Industry:

- **NBFCs serve riskier customer segment:** In terms of customer mix, banks mainly focus on large customers (contractors). In comparison, NBFCs focus mainly on retail customers, including first-time buyers (FTBs), a riskier segment.

- **Cyclical nature of Construction equipment finance Industry:** The CEF industry is inherently cyclical. A challenging macroeconomic environment and delays in execution of infrastructure projects adversely affect cash flows of borrowers. The cyclicity leads to high volatility in asset quality of financiers, impacting their profitability.
- **Repossession and resale of assets:** One of the major issues faced by NBFCs in the construction equipment financing space is the storage of repossessed equipment from loans that have turned NPAs. Loan recovery is challenging for NBFCs in the case of a default. Furthermore, the secondary market for repossessed/used construction equipment is underdeveloped in India. Thus, resale of used equipment is a challenge for construction equipment sellers.

TRACTOR LOAN FINANCING IN INDIA

Tractor financing market

Tractor loan disbursements increased by 13.1% CAGR between Fiscals 2019 and 2025. Further, tractor loan portfolio increased at 14.3% CAGR between Fiscal 2019 and Fiscal 2025 and is expected to increase at a moderate pace of 11-13% CAGR between Fiscal 2025 and Fiscal 2028.

Key factors which drive competitiveness of NBFCs in tractor financing

Factors favouring NBFCs

Better presence in rural markets

The tractor financing segment is increasingly becoming a stronghold of NBFCs due to their greater ability to tap rural markets by offering loans at rates much lower than those of unorganised players. Though tractor demand is majorly dependent on the rural economy and monsoon, NBFCs remain poised to dominate the tractor financing segment.

Rural demand, increasing farm mechanisation, support from the government and normal monsoon are some of the critical factors which are expected to aid tractor growth in the long term, and this will be backed by improving rural infrastructure, especially as the government continues to invest in developing rural roadways. Greater ability of NBFCs to tap specific markets and/or customer segments by offering financing at much lower rates than the unorganised sector may enable them to retain their market position. Captive players can capitalise on it to increase their share.

Eligibility requirements

NBFCs have started using alternate data and methods using technology to assess creditworthiness of borrowers due to which NBFCs can moderate certain requirements regarding land holding, income documentation, etc. and the procedure to obtain loan also becomes simpler. These factors play a vital role to attract borrowers who are majorly from rural and semi-urban areas.

Faster turnaround time

With the help of technology and on-ground presence, NBFCs have been able to reduce their turnaround time of processing

tractor loan applications as compared to banks and therefore can attract customers who need immediate funding.

Flexible financing options

NBFCs provide flexible financing options to borrowers depending on each borrower's needs, harvesting pattern, and borrowers' income pattern. Further, such flexibility also helps in timely repayment from borrowers.

Threats and challenges in Tractor Financing Industry

- **Seasonal Income Dependency:** Tractor financing relies heavily on agricultural income, which is seasonal and unpredictable. Poor crop yields or irregular monsoons can affect farmers' ability to repay loans.
- **Asset Repossession Challenges:** Repossessing tractors in rural areas can be difficult due to logistical issues and resistance from local communities, leading to delayed or non-recovery of financed assets.
- **Creditworthiness of Borrowers:** Many farmers lack formal credit histories, making it harder for lenders to assess their repayment ability accurately. This increases the risk of defaults on tractor loans.

CONSUMER LENDING IN INDIA

Consumer Durable Loan

Consumer durables financing market continues the healthy momentum

The outstanding loan book for consumer durables expanded 17% on-year to ₹0.83 trillion in Fiscal 2025. The growth momentum is expected to continue in Fiscal 2026. The healthy consumer durables credit growth in Fiscal 2025 was driven by resilient consumption and increasing financing penetration in the segment. Increased demand during the festive season also supported growth. CRISIL Intelligence expects the outstanding loan book for consumer durables to grow with 18-20% CAGR between Fiscal 2025 and Fiscal 2028.

Urban areas account for the highest share among tiers across Fiscals 2019-2024

Urban regions account for the highest share as of Fiscal 2025, accounting for around 48% share in overall consumer durables, this was followed by rural regions accounting for around 34% share and semi-urban regions accounting for around 12% market share. From Fiscals 2019-2025, rural regions witnessed a growth in market share of 11%, outpacing urban regions which witnessed a 5% fall in market share.

Prime and below-prime customers to support NBFCs' credit growth

Growth of NBFCs in the consumer durables financing space is led by innovative financing models and low ticket-size disbursements. NBFCs' ability to provide customised products, better customer understanding, etc. will aid them to underwrite below-prime customers as well. The major consumer base comprises Tier 2 and below cities and disbursements are primarily to prime and below-prime customers (as against higher-rated consumers). As the incremental portfolio undergoes further seasoning, asset quality will remain a key monitorable.

NBFCs account for majority share in Consumer Durable Finance Outstanding across fiscals

Among lenders, NBFCs accounted for the highest share in Consumer Durable finance outstanding (nearly 68%) as of Fiscal 2025, which was followed by private banks with around 21% market share. From Fiscal 2021 to Fiscal 2025, NBFCs have gained nearly 10% market share. Among major lenders, NBFCs witnessed the fastest growth in Consumer Durable Finance Outstanding witnessing a CAGR of approximately 22% from Fiscal 2019-2025, while private banks grew at around 16% CAGR.

Among lenders, NBFCs had the lowest GNPA's across fiscals with 90+ DPD for Fiscal 2025 at 2.4% followed by Private Sector Banks with 6.1%. From Fiscal 2019-2025, NBFCs have witnessed a significant improvement in their NPA levels falling from 5.2% in Fiscal 2019 to 2.4% in Fiscal 2025.

Threats and challenges in Consumer Durable Loan Segment

- **Regulatory Challenges:** Strict regulatory requirements and compliance standards can limit the approval and disbursement of loans, adding complexity to operations and increasing the administrative burden on lenders to adhere to changing guidelines.
- **Market Competition:** Intense competition from new age fintech companies pressures traditional lenders to innovate continuously, offer better terms, and improve customer experiences to maintain market share.
- **Technology and Fraud Risk:** Increased reliance on digital processes exposes lenders to a higher risk of cyber threats and fraud, necessitating robust cybersecurity measures and continuous monitoring to safeguard customer and company data effectively.

PERSONAL LOANS

Strong disbursements especially from NBFCs led to robust personal loan book growth in Fiscal 2025

The amount of personal loans outstanding has increased from ₹4.2 trillion in fiscal 2019 to ₹14.6 trillion in Fiscal 2025 at a CAGR of approximately 22.9%, driven by the rise in new age lenders, increasing lender focus on Tier 1 customers and beyond and a structural shift to a consumption driven economy. Personal loan outstanding is likely to reach around ₹24-25.5 trillion in Fiscal 2028.

This growth is likely to be driven by healthy momentum in banks supported by their higher customer base in Tier 1 cities. Parallely, NBFCs would also continue to display aggressive growth in their personal loan book. NBFCs build their retail book through lower ticket-size personal loans and focus on growth in Tier 2 and below cities. Banks focus on the salaried middle-age group borrowers and have a higher share in Tier 1 cities as compared with NBFCs. End use of the personal loan can range from education loan, medical loan, travel loan, marriage loan, loan for self-employed, and other categories as personal loans are unsecured in nature with minimal or no end-use monitoring.

The personal loan industry witnessed a CAGR of 22.9% from fiscal 2019 to 2025, exhibiting credit expansion across both banking institutions and Non-Banking Financial Companies (NBFCs). This positive trajectory was underpinned by the emergence of financial technology (fintech) companies and digital platforms.

Threats and challenges in Personal Loan Segment

The unsecured nature of loans may lead to asset quality concerns.

Personal loans are unsecured in nature and carry very high risk for lenders. In case of defaults by borrowers, it becomes very difficult for the lenders to recover the loan amount, and therefore NPAs in the segment are quite high as compared to other segments. This may affect the overall profitability of lenders. From an asset-quality perspective, higher caution is required for non-bank lenders since GNPAAs continue to be elevated. With focused high double-digit growth in unsecured loans, lenders need to be cautious when onboarding loans with a weaker credit profile to prevent asset quality deterioration or higher write-offs. Higher inflation, coupled with stagnant income, could also cramp a borrower's repayment capability.

The exuberant growth and entailing risks

Ease of borrowing, innovative products such as travel now, pay later (TNPL), no-cost equated monthly instalments, burgeoning lifestyle expenses, etc., have contributed significantly to the rise in demand for personal loans. For personal loans, improved underwriting capabilities of banks and NBFCs (including fintechs), due to better availability of information and technology, have been the primary growth drivers. Personal loans are inherently riskier due to the absence of collateral, which means in cases of borrower default, the lender's ability to recover the outstanding amount is compromised.

In addition, the rise in personal loans was also driven by overleveraging of borrowers in addition to tapping new customers. This overleveraging at the borrower end could augment asset quality vulnerability.

GOLD LOANS

Gold loans credit outstanding is expected to grow at a CAGR of 18-20% from Fiscal 2025 to 2028

Source: CRIF Highmark, CRISIL Intelligence

The gold loan sector is still largely catered by unorganised players with potential for new entrants to enter the market and create space. Gold loans are typically small ticket, short duration, convenient and instant credit, and are typically sourced and serviced through a physical branch infrastructure. Moreover, the gold loan product and customer segment are adjacent to the small ticket financing segment for both consumers and small businesses alike. Going forward, CRISIL Intelligence believes the following factors are expected to support industry growth:

- Scope to capture share from unorganised gold loan financiers.
- Initiatives to increase awareness and increasing comfort of customers with gold loans due to the convenience.
- Geographic diversification to markets beyond the southern part of India.

Demand for gold loans from micro enterprises and individuals to fund working capital and personal requirements is expected to increase owing to the pickup in economic activity. In addition, with demand reviving and market expansion through doorstep gold loans model, CRISIL Intelligence expects gold loan credit outstanding to grow at a CAGR of 18-20% from Fiscal 2025 to 2028.

Gold loan disbursement witnessed a CAGR of approximately 36% from Fiscal 2019 to Fiscal 2025, with disbursement in Fiscal 2025 at ₹17.5 trillion.

Gold loans disbursement has witnessed a huge uptick in the past five fiscals, with disbursements growing at a CAGR of approximately 36% from Fiscal 2019 to Fiscal 2025, with ₹17.5 trillion disbursements as of Fiscal 2025 from ₹2.8 trillion in Fiscal 2019.

During the last five fiscals, urban regions have lost nearly 2% market share which was primarily captured by semi-urban regions.

Threats and challenges in Gold Loan Segment

- **Price Volatility of Gold:** Fluctuations in gold prices can significantly impact loan security and lenders' risk exposure. Declines in gold value reduce collateral strength, raising the risk of losses on defaulted loans.
- **Regulatory Oversight and Compliance:** Stringent regulations and periodic changes in guidelines require gold loan providers to maintain high compliance standards. This adds operational complexities and can restrict certain lending practices.
- **Competition from Informal Lenders:** Local and unregulated lenders offer quick, often more flexible, gold loans, posing competition to formal financial institutions and making it harder to maintain competitive pricing.
- **Risk of Loan Defaults and Fraud:** Gold loan providers face risks of fraud through fake or impure gold collaterals, as well as default risks from borrowers. Robust valuation and verification processes are essential to mitigate these threats.

NEW PASSENGER VEHICLE FINANCING MARKET

Vehicle loan (passenger vehicles loan) portfolio expected to grow at 14-16% CAGR from Fiscal 2025 to Fiscal 2028

Note: The above data includes lending portfolio of new passenger vehicles.

Source: CRIF Highmark, CRISIL Intelligence

Passenger vehicle loan portfolio witnessed 12.7% CAGR between Fiscal 2019 to Fiscal 2025. In Fiscal 2023, passenger vehicle segment grew by 21.9% year-on-year due to improvement in economic activities of the post-COVID period. In Fiscal 2024 and Fiscal 2025, the passenger vehicle loan portfolio grew by 19.8% and 15.6% respectively due to increasing finance penetration. CRISIL Intelligence estimates finance penetration for passenger vehicles to be between 75% to 80%, which is expected to improve in the upcoming years.

NBFC's ability to tap markets not serviced by Banks is expected to help them gain an edge

Over the years, banks have gained further inroads into the new-PV financing market, grabbing significantly greater share from non-captive NBFCs as captives have been able to maintain share with their superior connect to customers through their dealerships. Auto loans will be a favoured option for both banks and NBFCs with the consideration that new PVs carry low risk. Also, delinquencies in this segment are low considering a better consumer profile, leading to banks becoming more aggressive in this segment. NBFCs have more penetration in the rural and semi-urban parts of the country. Thus, they can tap markets, which otherwise will not be accessible through banking channels.

Threats and challenges in Passenger Vehicle Loan Segment

- **Market Competition and Interest Rate Pressure:** Intense competition among banks, NBFCs, and fintechs drives down interest rates, squeezing profit margins. Lenders must offer competitive terms to attract customers, affecting revenue growth.
- **Vehicle Depreciation and Resale Risk:** The rapid depreciation of vehicle value reduces the collateral strength, especially in the case of defaults. Poor resale values can lead to significant losses for lenders in repossession cases.
- **Credit Risk and Loan Default:** Economic uncertainty and job instability increase the likelihood of loan defaults, impacting lenders' profitability. Borrowers with lower creditworthiness pose higher risks, requiring stringent credit assessments.

TWO-WHEELER LOANS

Two-wheeler domestic sales grew by approximately 9% to reach sales volume of 19.6 million units in Fiscal 2025. Two-wheeler volumes are expected to improve by 7-9% in Fiscal 2026 on account of recovery of rural market sales aided by healthy crop prices and incomes finally catching up with the hike in vehicle prices and pent-up replacement demand. Furthermore, the introduction of electric scooter models by OEMs is also helping drive volumes.

Two-wheeler financing market

Two-wheeler financing witnessed a CAGR of 18.2% from Fiscal 2019 to Fiscal 2025, reaching ₹1.65 trillion in Fiscal 2025. During the fiscals, growth in two-wheeler financing was robust in Fiscal 2020 and Fiscal 2021, witnessing a year-on-year growth of around 22% and 9%, respectively, while growth completely slowed down in Fiscal 2022 primarily due to the COVID-19 pandemic and lockdowns across the nation, with outstanding growing at 2% in Fiscal 2022. Post-Fiscal 2022 financing again picked up pace with outstanding growing at approximately 29% in Fiscal 2023 and 32% in Fiscal 2024 from the past Fiscal respectively. By Fiscal 2025, outstanding touched ₹1.65 trillion growing by 18% year-on-year. Going forward, two-wheeler financing is expected to grow at a CAGR of 18-20% from Fiscal 2025 to Fiscal 2028 and is expected to reach ₹2.70-2.85 trillion by Fiscal 2028. CRISIL Intelligence expects two-wheeler finance penetration at 35-40% as of Fiscal 2026.

NBFCs account for the highest share in two-wheeler financing across Fiscal 2019 – Fiscal 2025

The two-wheeler financing segment is increasingly becoming a stronghold of NBFCs due to their greater ability to tap rural markets by offering loans at rates much lower than those of unorganised players. The limited presence of banks in rural markets also helps them. Though weaker demand sentiments have delayed their expansion, NBFCs remain poised to dominate the two-wheeler financing segment this fiscal as well as banks are likely to tread the space carefully.

NBFCs accounted for highest share in credit outstanding among lenders, accounting for 69% as of Fiscal 2025, rising from 62% market share in Fiscal 2019, followed by private sector banks accounting for second highest share (27%) as of Fiscal 2025, declining from 33% in Fiscal 2019. The under-penetrated rural market will be the key growth segment for NBFCs. Rising income will be further aided by better rural connectivity and rising participation of women in both urban and rural areas.

Overall two-wheeler disbursements increased by 10.7% in Fiscal 2025

Overall disbursements decreased by 20% year-on-year in Fiscal 2021 on account of the COVID-19 pandemic. In Fiscal 2022 and Fiscal 2023, overall disbursements increased by 15.4% and 47.0% year-on-year, respectively. In Fiscal 2024 and Fiscal 2025, overall disbursements grew at a slower growth of 25.8% and 10.7% respectively.

Threats and challenges in Two-wheeler Loan Segment

- **High Default Risk:** Two-wheeler loans often target low-income or first-time borrowers, leading to a higher risk of defaults. Economic fluctuations can worsen repayment challenges, impacting the overall loan portfolio quality.
- **Intense Market Competition:** Heavy competition from banks, NBFCs, and fintechs results in lower interest rates and thin profit margins. Lenders face pressure to provide favorable terms and flexible options to attract borrowers.
- **Vehicle Depreciation and Limited Resale Value:** Two-wheelers depreciate quickly, reducing their value as collateral. This creates challenges in recovering loan amounts through repossession and resale in case of defaults.

MICROFINANCE INDUSTRY

Rising penetration to support continued growth of the industry

With economic revival and unmet demand in rural regions, CRISIL Intelligence expects the overall MFI portfolio size to grow at CAGR of 8-10% between Fiscals 2025 and 2028. Key drivers for the superior growth outlook include increasing penetration into the hinterland and expansion into newer states, faster growth in the rural segment, increase in average ticket size and higher usage of support systems such as credit bureaus. The presence of self-regulatory organisations, such as MFIN and Sa-Dhan, is also expected to support the sustainable growth of the industry going forward. Moreover, household credit is a huge untapped market for the MFI players. The country has seen household credit penetration via MFI loans rising, but it is still on the lower side.

Source: CRIF Highmark, CRISIL Intelligence

NBFCs' MFI have the highest share of overall MFI loan outstanding, which increased from 29% in Fiscal 2019 to 39% in Fiscal 2025. Banks have lost a minor share in MFI loans because of NBFCs' MFI prioritizing customer needs, ensuring quick turnaround times, delivering excellent customer service, and expanding their geographic reach. CRISIL Intelligence expects the competitive positioning of NBFCs' MFI to remain strong, given their strong target customer and product focus.

Threats and challenges in Microfinance Industry:

- **Financial literacy:** People in rural areas often lack financial knowledge and therefore having transaction with them and making them understand terms and conditions of loan products become challenging.
- **Over-indebtedness:** Due to lack of adequate financial literacy, the industry is susceptible to borrowers failing to manage their debt properly which leads to over-indebtedness and adversely impacts repayment capabilities particularly in geographical areas that are highly penetrated.

- **Higher NPAs:** Since micro loans are unsecured, risk of credit loss increases. Moreover, NPAs are higher in microfinance sector as compared to housing, vehicle, etc. owing to customer profile.
- **Prone to external shocks:** Historically, Micro borrowers have been prone to socio-economic and environmental disturbances which significantly impact their repayment capabilities.
- **Cost of outreach:** Reaching rural areas and servicing small loan amounts involve high cost of operations. Setting-up branches and/or having partnership with agents, high disbursement and collection cost involved (employees need to visit remote villages for sourcing and collection of small loan amounts which increase the transportation cost) increase the overall cost of MFIs focusing in rural areas.
- **Technological challenges:** People in rural areas are not so tech savvy to understand and carry out banking transactions and therefore requirement of manual involvement is more which is time consuming and also increases the cost.
- **Dominance of Cash Transactions:** Cash transactions continue to be the dominant mode of loan repayments in the microfinance sector. The reliance on cash-based repayments can be prone to errors and increase the risk of frauds, posing challenges for microfinance lenders in maintaining accurate records and reducing operational complexities.

Overview

We are the seventh largest leading, diversified retail-focused non-banking financial company (“**NBFC**”) in India in terms of the size of Total Gross Loan book at ₹902.2 billion as at March 31, 2024, amongst our NBFC peers, according to the CRISIL Report. Our Company is categorized as an Upper Layer NBFC (NBFC-UL) by the RBI. We offer a large portfolio of lending products that cater to a growing and diverse customer base through a wide omni-channel distribution network. Our lending products are offered through our three business verticals: Enterprise Lending, Asset Finance and Consumer Finance. We believe that the success of our business model and operating philosophy is evidenced by our strong and sustained growth and profitability metrics. Our Total Gross Loans stood at ₹1,068.8 billion as at March 31, 2025, reflecting a CAGR of 23.54% between March 31, 2023 to March 31, 2025. Our assets under management stood at ₹1,072.6 billion as at March 31, 2025 reflecting a CAGR of 23.71% between Fiscal 2023 and Fiscal 2025. In Fiscal 2025, we generated a profit after tax of ₹21.8 billion, which reflected a CAGR of 5.38% between Fiscal 2023 and Fiscal 2025. Our Total Gross Loans growth, operating efficiencies and strong asset quality helped us deliver Return on Assets of 2.16% and Return on Average Equity of 14.72% for Fiscal 2025, which is the seventh and fifth highest amongst our NBFC peers, respectively, according to the CRISIL Report.

We began our journey in 2007 as a subsidiary of HDFC Bank Limited (“**HDFC Bank**”), which is the largest private sector bank in India in terms of total assets of ₹39,102.0 billion as at March 31, 2025, with businesses (including those of its subsidiaries) spanning across retail and commercial banking, asset management, life insurance, general insurance and broking. Under HDFC Bank’s parentage, we have embedded a philosophy of balancing between delivering long-term sustainable growth and profitability. We have derived benefits from HDFC Bank’s parentage, including its brand recognition, while still establishing a set-up independent from HDFC Bank across our various functions including sourcing, underwriting, operations and risk management functions.

We are India’s second largest and third fastest growing customer franchise amongst our NBFC peers (for which data is available), according to the CRISIL Report, and we have served 19.2 million customers as at March 31, 2025, which grew at a CAGR of 25.45% between March 31, 2023 and March 31, 2025. We primarily cater to underserved and underbanked customers

in low to middle-income households with minimal or no credit history. As at March 31, 2025, over 80% of our branches are located outside India's 20 largest cities by population (based on the 2011 census report) and over 70% are located in Tier 4+ towns. Our customers mainly comprise of salaried and self-employed individuals, as well as business owners and entrepreneurs. We aim to meet the demands of our various customer categories with our diversified product offerings, strong geographical presence across India, technology backed rapid turnaround times and strong customer service. Our focus has remained on building a highly granular loan book with our 20 largest customers accounting for less than 0.34% of our Total Gross Loans as at March 31, 2025. Our aggregated average ticket size stood at approximately ₹165,000 as at March 31, 2025.

We are a diversified NBFC, with a goal of having an optimal mix across products, while maintaining a balanced approach to secured and unsecured loans in our loan book. We believe that our strategy of portfolio diversification across both products and geographies creates a strong and sustainable franchise. Secured loans represented 73.01% of our Total Gross Loans and unsecured loans represented 26.99% of our Total Gross Loans as at March 31, 2025. Our diversified product portfolio serves multiple credit needs of customers across three business verticals:

- *Enterprise Lending*, accounting for 39.30% of our Total Gross Loans as at March 31, 2025—secured and unsecured loans primarily to micro, small and medium enterprises (“**MSMEs**”) to meet their varied and evolving business needs;
- *Asset Finance*, accounting for 38.03% of our Total Gross Loans as at March 31, 2025—secured loans for purchase of new and used commercial vehicles, construction equipment and tractors, all of which are income generating assets for our customers; and
- *Consumer Finance*, accounting for 22.66% of our Total Gross Loans as at March 31, 2025—secured and unsecured loans for purchase of consumer durables, digital and lifestyle products, two-wheelers, automobiles and other unsecured personal loans.

We also offer business process outsourcing (“**BPO**”) services such as back-office support services, collection and sales support services to our Promoter as well as fee-based products such as distribution of insurance products primarily to our lending customers.

Our omni-channel “phygital” distribution model combines a large branch network, in-house tele-calling teams and various external distribution networks and channel partners. As at March 31, 2025, we had a pan-India network of 1,771 branches in 1,170 towns and cities across 31 States and Union Territories, with over 80% of our branches located outside the 20 largest cities in India by population, based on the 2011 census report. We operate an organised and verticalised branch structure with separate sales, credit and collections teams for each of our verticals with a common operations team. This allows us to tailor our operations based on the product and customer segments that we cater to. Our network of branches is complemented by our external distribution channel partnerships with over 80 brands and original equipment manufacturers (“**OEMs**”) and external distribution networks with over 140,000 retailers and dealer touchpoints as at March 31, 2025. Our diversified loan book is distributed across states with a deep understanding of micro-markets across India for each of our business verticals.

We have a hybrid underwriting structure depending on the product, customer segment and ticket size. We have implemented a hybrid credit approach with a centralised credit assessment and underwriting unit for Consumer Finance products (where ticket size is small and tenure is short) and decentralised regional and branch-level credit assessment and local underwriting teams that have a more nuanced and contextual understanding of the customer's profile for Enterprise Lending and Asset Finance products (where ticket size is bigger and tenure is longer). Our loan book is well seasoned as it has weathered multiple credit cycles in India since our inception. Our tech-enabled operating processes have contributed to maintaining a strong asset quality and low Credit Costs despite our fast-growing customer base and distribution network. This is evidenced by our GNPA and NNPA ratios of 2.26% and 0.99%, respectively, as at March 31, 2025 and Credit Costs Ratio of 2.14% for Fiscal 2025. We remain focused on ensuring that we employ highly conservative policies for provisioning, with 55.95% of Provisioning Coverage Ratio as at March 31, 2025, the third highest amongst the peers according to the CRISIL Report and a 3.31% provisioning on our Total Gross Loans, as at March 31, 2025.

We have complimented our deep on-ground lending expertise with strong digital capabilities. We have instituted tech-enabled sourcing, credit assessment, risk management and collections capabilities as well as customer engagement tools. We have implemented a digitally assisted sales process for our field officers (“**FOS**”), direct selling agents (“**DSAs**”), dealers and OEMs, improving their decision matrix, productivity and customer engagement. We also leverage automated credit decisioning through rule- and scorecard-based evaluations to enhance our underwriting capabilities and have digitalised our collection operations. As at March 31, 2025, over 95% of our customers were sourced and onboarded digitally with assistance from our sales team or channel partners and over 95% of our collections were done through digital and banking channels. This helps us streamline our operations, reducing our turnaround time and improving our cost to income ratio.

We have a diversified liability franchise supported by a strong credit rating of AAA stable by CRISIL and CARE, which is the highest rating that can be assigned on the credit rating scale for any NBFC in India, according to the CRISIL Report. This has allowed us to fund our operations at competitive rates and tenors across fixed and floating-rate debt instruments. Our Average Cost of Borrowings stood at 7.90% as at March 31, 2025, which is the sixth lowest amongst our competitors, according to the CRISIL Report. We have maintained a prudent and sustainable level of leverage in our business, with a debt-to-equity ratio of 5.85x as at March 31, 2025, while ensuring adequate capitalisation with a capital to risk assets ratio (“**CRAR**”) (including Tier

II Capital) of 19.22% as at March 31, 2025. We continue to be prudent on our asset-liability management (“ALM”) strategy which aims at managing risk and providing a comprehensive and dynamic framework for measuring, monitoring and managing liquidity and interest rate risks. This strategy helps to minimize the liquidity risk by mitigating the mismatches in the maturity pattern of assets and liabilities. We have not raised any equity capital in the last eight years, and during this period, we have continued to grow our business, and our Total Gross Loans increased from ₹340.7 billion as at April 1, 2017 to ₹1,068.8 billion as at March 31, 2025, representing an increase of ₹728.1 billion during this period.

We benefit from a distinguished Board of Directors offering invaluable guidance in our operating framework as well as risk management practices. 7 out of 9 of our Board members are independent directors. In addition, our Key Managerial Personnel and members of Senior Management have a deep understanding of the Indian lending market. Most of our Key Managerial Personnel and most of the members of our Senior Management have been with the Company for more than 11 years and they bring diverse experience in various financial services and functions related to our business.

The following table sets forth key financial and operational metrics for our Company. Unless marked with an asterisk (*), the information is presented with respect to our lending business, which comprises our three business verticals: Enterprise Lending, Asset Finance and Consumer Finance.

Our Strengths

Highly granular retail loan book, bolstered by a large and rapidly growing customer base with a focus on serving the underbanked customer segments

We are India’s second largest and third fastest growing customer franchise amongst our NBFC peers (for which data is available), according to the CRISIL Report, and we have served 19.2 million customers as at March 31, 2025, which grew at a CAGR of 25.45% between March 31, 2023 and March 31, 2025. The growth of our customer base is supported by the government’s policies aiming to promote financial inclusion for the middle-class.

Our customers are primarily composed of middle-class salaried and self-employed individuals, as well as small business owners and entrepreneurs. This customer base has contributed to a loan book that is expected to have the potential of delivering competitive risk-adjusted returns. Our low customer concentration reduces our dependence on any particular set of customers. Our 20 largest customers contributed to less than 0.34% of our Total Gross Loan book as at March 31, 2025. A key customer segment for our strategy is the underbanked but bankable population of India, and we believe this market segment features favourable customer characteristics and profitable economics with only a few lenders of scale operating in the same market segment. According to the CRISIL Report, only 12% of India’s population borrowed money from formal sources in the 2021 calendar year. Further, while rural India accounts for 47% of GDP, it accounts for only 10% of total banking deposits and 9% of credit, as of March 2025 per the CRISIL Report. Our ability to serve the underbanked is backed by our capabilities to underwrite customers with minimal or no credit history. As at March 31, 2025, 11.57% of our Total Gross Loans were to customers who are classified as “new to credit”.

We have been able to sustainably deliver strong loan book growth over our 18 years of operations. This has been supported by our long-term strategic vision and initiatives across customer sourcing, product quality, credit underwriting quality, robust collections and controlled costs of operations and financing. As at March 31, 2025, the average ticket sizes of our loan book in Enterprise Lending, Asset Finance and Consumer Finance were approximately ₹0.62 million, ₹0.89 million and ₹0.05 million, respectively, with average loan tenures of 6, 4 and 2 years, respectively.

The graph below illustrates the growth in our number of customers from Fiscal 2023 to Fiscal 2025.

Sustained Growth in Customer Franchise

(MM)

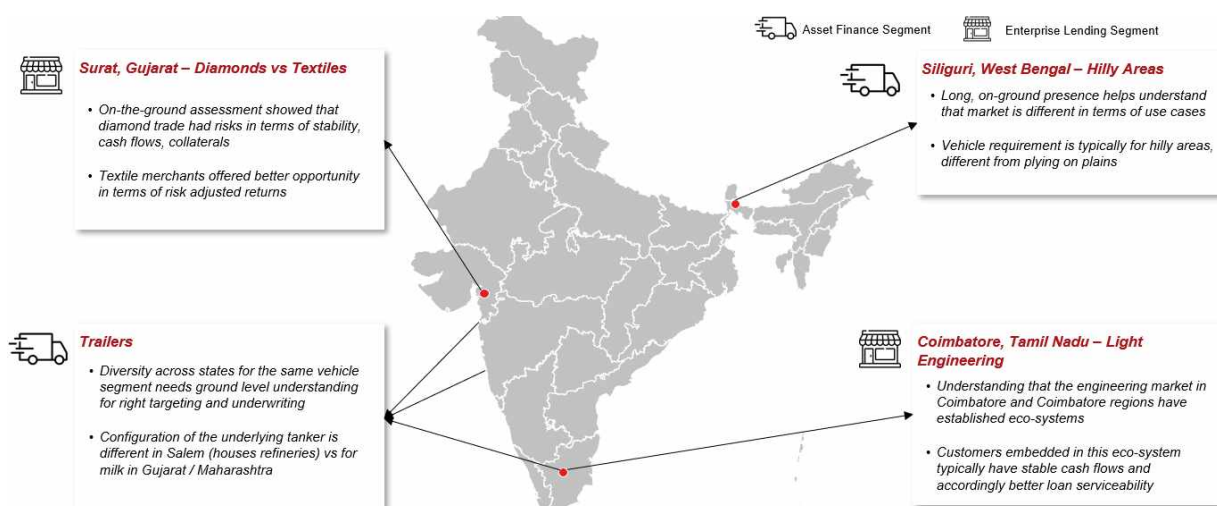

Large, diversified and seasoned product portfolio with a sustainable track record of diversification, growth and profitability through the cycles

We have built a balanced and diversified portfolio of lending products that seek to fulfil a wide range of needs and aspirations for our customers, including our underbanked customers. As at March 31, 2025, our product portfolio consisted of 13 lending products spanning across our three business verticals of Enterprise Lending, Asset Finance and Consumer Finance. Our product suite varies by type of loan, type of customer, tenure and interest rate. We believe that our products offering is capable of addressing the key borrowing needs of our customers that span from business loans (for working capital and business expansion purposes) to loans for the purchase of new and used vehicles and equipment (for income-generating purposes) to loans for the purchase of consumer, digital and lifestyle durables and personal vehicles (for personal needs). We also offer business process outsourcing (“BPO”) services to our Promoter and fee-based products such as distribution of insurance products primarily to our lending customers.

Our product portfolio has delivered resilient performance and profitability, seasoned through multiple economic and credit cycles as well as events such as the 2008 global financial crisis, the 2013-2014 liquidity crisis in India, the NBFC liquidity crisis of 2018 and the COVID-19 nation-wide lockdowns in 2020 and 2021.

We have created and structured our business verticals to operate as independent businesses within our wider organizational structure, with dedicated senior management oversight backed by teams of experienced industry professionals. Our business verticals have developed customised strategies including tailored customer sourcing channels and distribution models and dedicated underwriting and product development teams to drive growth and profitability. Our operating structure has been a key enabler of our diversification and growth across cycles.

Since our inception, we have been able to develop, refine and enhance a strategy for launching relevant, cost-effective and scalable new products. Through deep understanding of our customer segments, we have been able to diversify our three business verticals by adding new products that address specific needs of our customers. As illustrated in the map below, our deep understanding of local nuances across India has enabled us to ensure that we are targeting the right customers with the right products in each region.

As at March 31, 2025, our loan book is well diversified and granular across products with no single product accounting for more than 25% of our Total Gross Loan book. We had ₹1,068.8 billion of loans outstanding as at March 31, 2025, as compared to ₹700.3 billion as at March 31, 2023, reflecting a growth at a CAGR of 23.54%. The average tenure of our Total Gross Loan book was around 4 years as at March 31, 2025 and 73.01% of our Total Gross Loan book was secured by asset-backed collateral as at March 31, 2025.

Our diversified product portfolio also contributes to driving increased cross- and up-selling across our products from our existing customers. Our deep understanding of customer behaviour also creates opportunities for deepening our customer engagement.

The below image provides an overview of our main products in each of our verticals as of March 31, 2025.

Tailored sourcing supported by an omni-channel and digitally powered pan-India distribution network

Our phygital sourcing network is composed of our own internal distribution network, our external distribution network as well as our digital capabilities. We have a pan-India presence with no region accounting for more than 35% of our Total Gross Loans as at March 31, 2025. Given the highly fragmented geographic dispersion of India's underbanked population beyond the metropolitan cities, we have further tailored our distribution presence to strengthen our visibility beyond metropolitan cities and towns in India. We have customized different sourcing strategies for each of our business verticals to optimise distribution. We have strived to ensure that we are present wherever our customers are by following a dispersed branch-led distribution strategy across India combined with a scaled and growing omni-channel presence through our partnerships with OEMs, network of dealers and distribution points, point of sales at retail stores and direct selling agents. Our distribution strategy is complemented by a variety of digital channels, including in partnership with fintechs, our website and our own customized and user-friendly application.

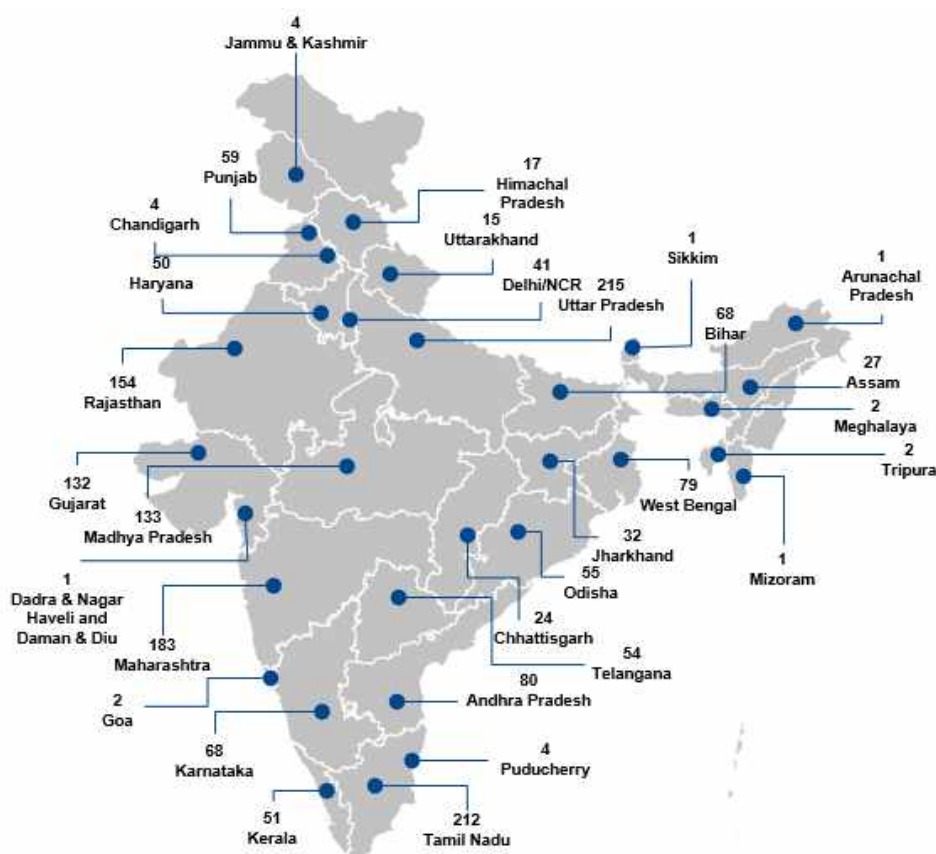

Our omni-channel presence allows us to gain access to customer segments across all products within our business verticals. Our branch network creates opportunities for our on-the-ground sales team to engage with and effectively service small, medium and large business customers, serving as a backbone for our Enterprise Lending vertical. Our multiple, tenured partnerships

with leading Indian and global OEMs and their dealers supports our customer acquisition for our Asset Finance vertical. Our pan-India touchpoint distribution network is well positioned for our Consumer Finance vertical.

Internal Distribution Network: Branch distribution and Direct Selling

We have established a strong presence across India with a country-wide network of 1,771 physical branches spreading across over 1,170 towns and cities spread across 31 States and Union Territories as at March 31, 2025. Our branches have grown from 1,492 branches as at March 31, 2023 to 1,771 branches as at March 31, 2025. Our branch network is well diversified across India's geography, with no one region in India accounting for more than 35% of our branches as at March 31, 2025. Further, as at March 31, 2025, over 80% of our branches are located outside India's 20 largest cities by population (based on the 2011 census report) and over 70% are located in Tier 4+ towns, highlighting our strong focus on maximising our reach towards our underbanked target customer segment. Our branch network is supported by direct sales through our in-house tele-calling team, which is the primary distribution channel for our personal loan products. Our tele-sales teams are based in regional hubs and are trained to interact with the various cultures across India's regions.

The following map shows our pan-India branch distribution network as of March 31, 2025.

The below graphs illustrate our presence in India beyond metro markets as well as across the country as of March 31, 2025.

Strong Presence Beyond Metro Markets ⁽¹⁾

Balanced Presence Across Geographies ⁽¹⁾

¹ As of March 31, 2025

External distribution

Our internal distribution network is highly complemented by our external distribution networks and channels of third-party partners which include leading Indian and global auto OEMs, consumer and digital durable brands, dealers for auto, two-wheelers, cars, tractors and construction equipment, point-of-sales locations (such as malls, supermarket and retail stores), lifestyle goods and direct selling agents. As at March 31, 2025, we had partnerships with over 80 brands and OEMs. Similarly, our external distribution network has grown to over 140,000 retailers and dealer touchpoints as of March 31, 2025.

Digital Distribution

We are growing our external digital distribution channels, such as by partnering with fintechs. We also built and are expanding our own digital distribution channels. Our HDB On-The-Go application allows our customers to access most of our products. It had around 9.2 million downloads as of March 31, 2025. Further, our FOS, OEMs, dealers and DSAs are equipped with digitally assisted sales tools that aim to improve their decision matrix, productivity and customer engagement. The graph below provides an overview of our digital distribution which includes sales, customer support and collections as of March 31, 2025.

Comprehensive systems and processes contributing to robust credit underwriting and strong collections

A key focus of our credit risk management framework has been to establish strong credit underwriting and collections capabilities which has ensured our sustainable growth. We have instituted a robust and comprehensive underwriting and collections process led by our Chief Credit Officer and supported by a dedicated and experienced team of professionals.

Underwriting

We have built an in-house, experienced and dedicated underwriting team of over 4,500 members as at March 31, 2025 that operates independently of our sales team. We have ensured that there are no overlap of responsibilities between our credit and sales teams in terms of targets, key responsibility areas and outcomes.

The diversity of our portfolio of products allows us to consider many different credit profiles and enables us to cater to various segments of customers with highly diverse backgrounds in India's fragmented borrower market. As a result, we have implemented a hybrid credit approach with a centralised credit assessment and underwriting unit for Consumer Finance products (where ticket size is small and tenure is short) and decentralised regional and branch-level credit assessment and local underwriting teams that have a more nuanced and contextual understanding of the customer's profile for Enterprise Lending and Asset Finance products (where ticket size is bigger and tenure is longer). Furthermore, keeping pace with the evolution of technology in credit underwriting, we have built capabilities to be able to deliver a rapid decision for customers, including for our new-to-credit customers. Our digital capabilities have also allowed us to onboard customers and complete their credit assessment entirely through our online channels in some of our product categories. We have also been able to underwrite over 95% of loans digitally end-to-end as of March 31, 2025.

Our approach to credit is highly data-driven. We use multiple external and internal sources of customer data to perform our underwriting. We have developed sophisticated and customised credit scorecards enabling us to apply rule-based decisioning systems and automate the underwriting of loans through the use of rule engines, CRM bureau integration and 360-degree credit assessment. Our scorecards generally include metrics that are relevant to evaluate customer creditworthiness such as demographics, loan exposures and delinquencies, if any. We regularly re-evaluate the credit decisioning variables in our scorecards to keep them updated to deliver a high level of precision in our credit decisions. Furthermore, we monitor the behaviour of our existing customers by analysing their credit scores monthly to ensure that we remain fully cognizant of their credit behaviour across all their loans and receive early warning signs of any delinquent behaviour.

The strength of our underwriting is well evidenced by the amount of our Gross Stage 3 Loans and Credit Cost. As at March 31, 2025, our GNPA and NNPA stood at 2.26% and 0.99%, respectively, which is the fourth and fifth lowest amongst our NBFC competitors, respectively, according to the CRISIL Report and our Credit Cost Ratio was 2.14% for Fiscal 2025.

Collections

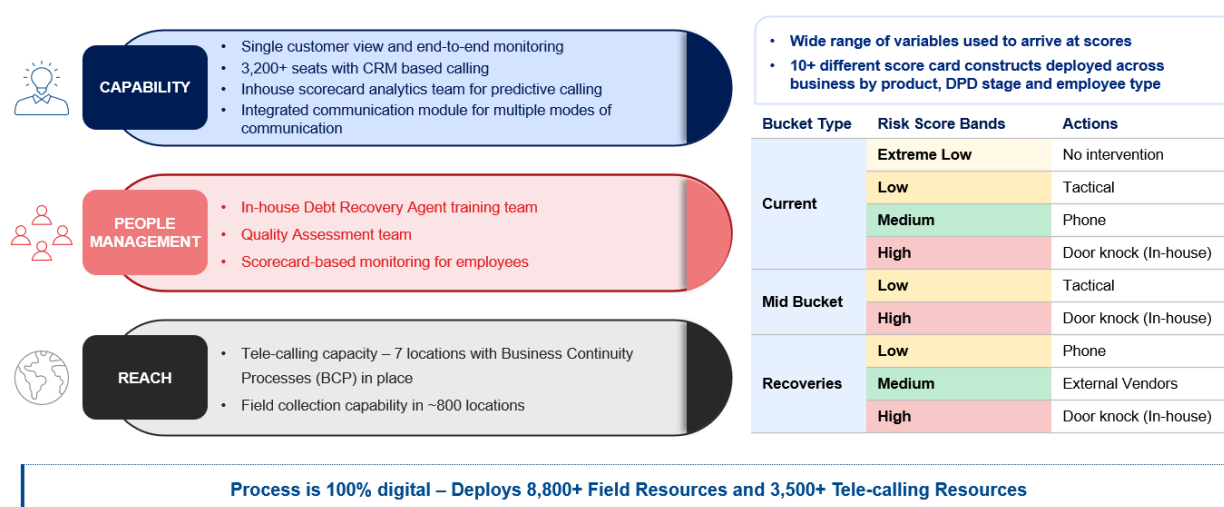

As at March 31, 2025, our overall collections team consisted of over 12,500 employees. Our collection teams operate at the central, regional and branch level and act in tandem with our sales and credit underwriting teams to ensure robustness of collections with low delinquencies. We have an in-house dedicated team of approximately 170 specialists in legal and regulatory compliance for handling cases of recovery and enforcement of collections. While a vast majority of our collections are handled in-house, we also employ collections agents after thorough reviews and vetting to handle a small portion of our collections for certain products within our Consumer Finance vertical. A majority of our loan repayments are received through the National Automated Clearing House (“NACH”) mandate, but to the extent repayments are not received through NACH, they are collected through an in-house tele-calling and collections team. As at March 31, 2025, we had a team of over 3,700 employees for making tele-calls to customers for collections. The table below sets out the amounts collected through bank collection channels such as NACH and otherwise:

Particulars	For Fiscal		
	2025	2024	2023
Banking channel collections (incl. NACH mandates) (in ₹ million)	579,553.5	466,918.8	388,967.6
Cash collections (in ₹ million)	22,366.1	24,528.7	31,661.8
Total collections (in ₹ million)	601,919.6	491,447.5	420,629.4

Given the level of linguistic variety in India, this team is split by regions and operates out of call centres across the country. We also have a dedicated centralised collections team for training our collections employees. Our centralised collection team also ensures that a high level of quality and conformity is maintained in the collections process.

Our portfolio monitoring and tracking on a regular basis entails evaluation of the performance of each product based on the early book behaviour, tracking of portfolio bounce rates at the 30, 60 and 90 Days Past Due (DPD) and analysing our portfolio on an overall basis as well as by bureau, state and regional composition. Such monitoring and tracking is completed through a dedicated, in-house developed collections application that has multiple in-built features including monitoring, validation of collections, provision of SMS-based receipts to customers and use of checks. Further, we have on-the-ground collection agents who manage physical collections from customers. Our collections through digital and banking channels constituted over 95% of our collections as at March 31, 2025.

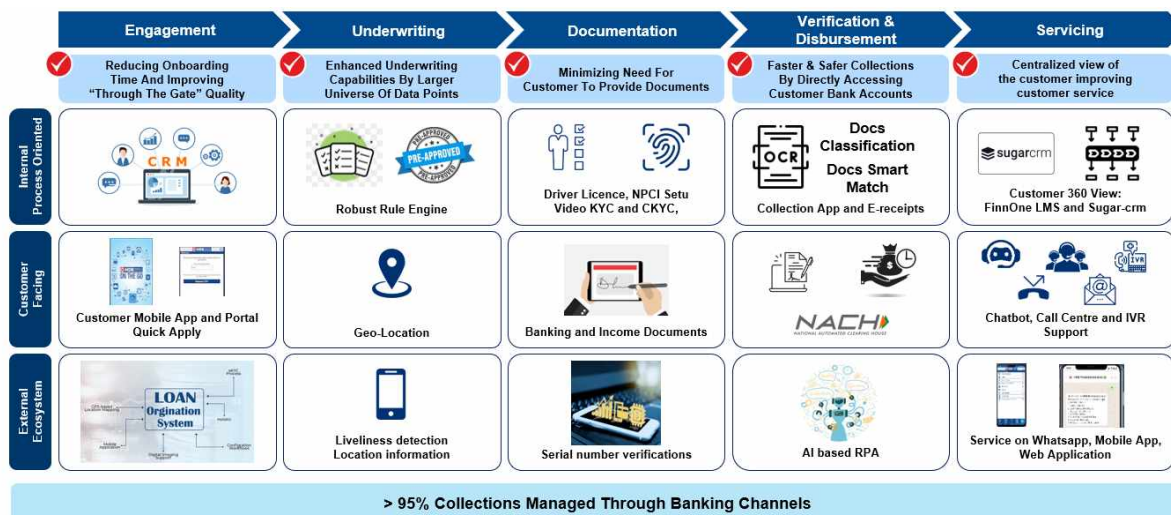

The image below illustrates our comprehensive collections scorecard system as of March 31, 2025, which allows us to maintain high collection efficiency.

In addition to our own collections, we also provide loan collection services for our Promoter. Our multi-year operating history of collections both for our in-house originated loan book and for our Promoter, have created insights on customer behaviour and portfolio behaviour and have played a meaningful role towards developing our in-house robust analytics and collection strategies across collection life cycles.

Advanced technology tools driving enhanced customer experience and efficiency across each stage of the customer lifecycle

We have an advanced technology and data analytics platform that covers all key areas and stages of our business, including customer sourcing, onboarding and underwriting as well as operations and collections. As such, our technology capabilities are benefiting our customers, our third-party partners as well as our sales teams. We believe our technology platform provides us with a competitive advantage by increasing our efficiency in sourcing and retaining revenue, increasing employee productivity and optimising our cost of operations. Our advanced technology and data analytics are also an important part of maintaining our credit quality. The graph below illustrates our technology capabilities in the various areas of our business as of March 31, 2025.

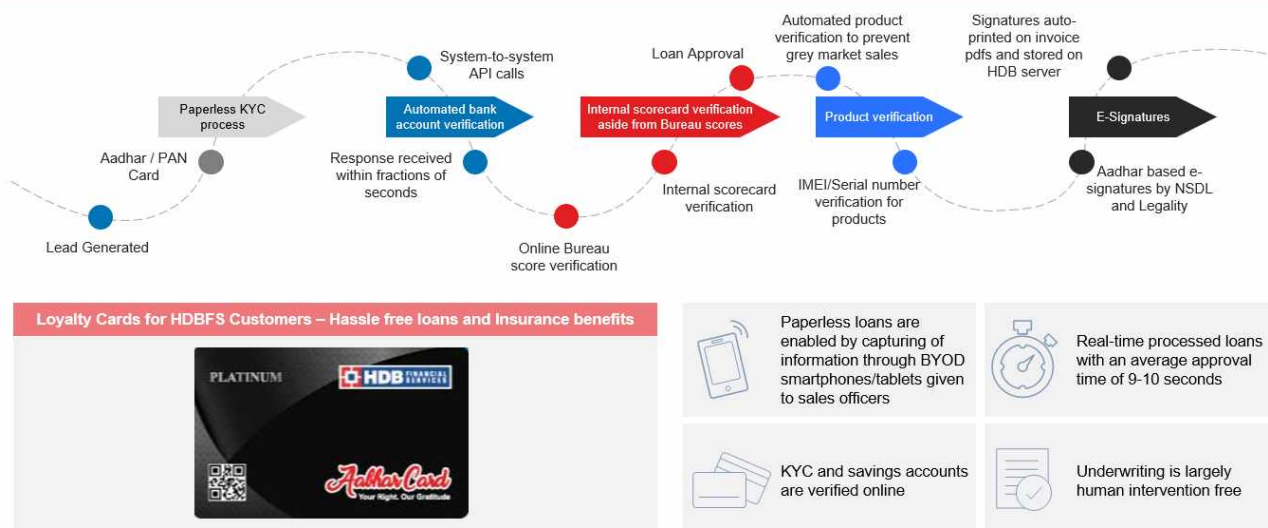

Sourcing

Our in-house and third-party technology and analytics professionals have strengthened our digital capabilities over and above our branch-led distribution network to accelerate the pace of customer acquisition. We effectively use search engine optimisation and marketing along with digital third-party origination channels like lending and aggregation-focused fintech partners to originate new loans digitally for consumer durables and digital products. Our FOS, OEMs, dealers and DSAs are equipped with digitally assisted sales tools that aim to improve their decision matrix, productivity and customer engagement. We do business with our partners through multiple online tools that are delivered through full-stack application programming interfaces ("APIs"). Our on-the-ground sales teams are equipped with digitally assisted tools to improve coverage of customers in their dedicated region and their ability to effectively engage with them.

Customer Experience

Our 'HDB On-the-Go' mobile application enables our customers to access the majority of our products and services online and get personalised assistance on the application. Customers are able to improve their experience through the self-service options on the application. We have built seamless, digital journeys across various areas, including availing new loans, onboarding, locating nearby branches, servicing existing loans and accessing loan documentation online to enable customers to transact and engage with us remotely. Further, we have developed a full digitalised paperless, onboarding for many of our Consumer Finance products. We have also developed digital onboarding capabilities for our Loan Against Property and Auto Loans products, which typically require significant physical processing. We also provide digital customer support over our online channels, which have resulted in 287,274 customer queries being resolved fully online in Fiscal 2025 compared to 224,123 queries in Fiscal 2023.

Illustration: Paperless, Agile Processes for High Potential Consumer Finance Segment

Our ability to digitally onboard customers and disburse loans has resulted in improved performance of our loan underwriting process. Furthermore, our quick and efficient decisioning process has also resulted in the increase in our customer franchise as we are able to source and retain more customers.

Cross-Selling

We have data-analytics driven cross-sell capabilities, maximising the lifetime value of our customers with minimal customer retention cost. Our deep understanding of customer behaviour across the borrowing lifecycle combined with our data analytics repository allows us to recommend personalised loan products for our existing customers. We have provided pre-approved loan limits to our existing high-quality customers to increase conversion or to apply for unsecured loans. Such customers can obtain new loans directly in a very short timeframe through our digital channels such as our do-it-yourself (DIY) journey platforms. These capabilities have been a key driver of the continued growth in our cross-sell and up-sell rates to our existing customer base.

Underwriting and Collections

We have employed several automation tools in our credit underwriting and collections process. We have developed several in-house automated customer rating scorecards using artificial intelligence and machine learning models which are based on risk parameters for rapid and rule-based decisioning. At the time of customer KYC and onboarding, we have advanced mechanisms for fully digitising the documentation verification process, resulting in quicker and more accurate processing and reducing turnaround time. During the collections process, we have instituted numerous tie-ups with external service providers such as payment service providers, payment gateways and financial services institutions to further customers' ability to transfer collections from a variety of sources.

We have successfully digitalised the onboarding process in products, such as Auto Loans and Commercial Vehicle Loans. We have also been able to underwrite over 95% loans digitally or through an assisted digital journey during Fiscal 2025, further highlighting our multi-disciplinary strength in combining digital customer sourcing with strong credit evaluation and underwriting practices.

Employees

We have deployed tools and applications within our organisation that aim to enhance the productivity of our employees. We have invested in API integration that is expected to provide us with the ability to handle peak time API calls. We have set up real-time dashboards and management information systems that make data available to our employees. Thus, our branch-based teams are fully plugged into our wider centralised servers and get access to the relevant data at the branch level. Generally, our technology is product-agnostic and highly scalable and proprietary, resulting in a seamless experience for our employees.

High-quality liability franchise with access to low cost, diversified borrowing sources and the highest credit rating

We have a diversified liability franchise supported by a strong credit rating of AAA stable by CRISIL and CARE, which is the highest that can be assigned on the credit rating scale for any NBFC in India, according to the CRISIL Report. This has allowed us to fund our operations at competitive rates and tenors across fixed and floating-rate debt instruments. Our Average Cost of Borrowings stood at 7.90% as at March 31, 2025, which is the sixth lowest amongst competitors, according to the CRISIL Report.

We finance our borrowings through a diversified mix of sources including from the public sector, the private sector, foreign banks, mutual funds, insurance companies, pension funds and financial institutions. Our funds are spanning across liability classes including Term Loans, Non-Convertible Debentures (“NCDs”), Subordinated Bonds, Perpetual Bonds and Commercial Papers Instruments. Our diversified borrowing sources allow us to maintain a sustainable maturity profile for our borrowings, as illustrated in the graphs below.

Diversified Liabilities Franchise

As on Mar-25

Maturity Profile of Borrowings

As on Mar-25

We work with 20+ Banks

As at March 31, 2025, our Total Borrowings stood at ₹874.0 billion. For Fiscal 2025, no single source of financing represented more than 50% of our borrowings. We have been able to access funding from a diversified set of lending partners across marquee Indian public sector undertakings and private lenders. As at Fiscal 2025, 37.75% of our Total Borrowings were sourced from commercial banks. Furthermore, in Fiscal 2024, we were the second largest issuer of listed NCDs among NBFC competitors in India according to the CRISIL Report.

Our Debt to Equity ratio stood at 5.85x as at March 31, 2025, which is the third highest leverage ratio among our NBFC competitors. Our high leverage ratio improves our ability to finance a large portion of our loan book with cost-effective debt, providing opportunities to drive the fifth highest Return of Equity amongst our NBFC peers in India. Our Return on Average Equity stood at 14.72% as at March 31, 2025.

Our asset-liability management strategy is overseen by an Assets and Liability Committee (“ALCO”) that is responsible for monitoring our asset-liability policies and implementing strategies to maintain and further diversify our borrowing sources.

Track record of robust financial performance with sustainable and profitable growth

We have an established track record of delivering robust financial performance. Our Total Gross Loan book has grown from ₹700.3 billion as of Fiscal 2023 to ₹1,068.8 billion as of Fiscal 2025, reflecting a CAGR of 23.54%. Our interest income has grown at a CAGR of 24.49% from ₹89,277.8 million during Fiscal 2023 to ₹138,357.9 million during Fiscal 2025, driven by a growing yield on our Total Gross Loan book, from 13.59% in Fiscal 2023 to 14.04% in Fiscal 2025. We have also been focusing on growing our fee-income services such as distribution of life and non-life insurance products. This has resulted in the increase in our Fee Income at a CAGR of 25.56% in the last two Fiscals, from ₹7,564.1 million during Fiscal 2023 to ₹11,924.5 million during Fiscal 2025. Further, our net cash used in operating activities for Fiscal 2025 was ₹136,263.3 million, our net cash flow from investing activities for Fiscal 2025 was ₹11,590.2 million, while our net cash generated from financing activities for Fiscal 2025 was ₹127,699.2 million.

Furthermore, we have also balanced our growth with increasing profitability. Our profit after tax increased from ₹19,593.5 million in Fiscal 2023 to ₹21,759.2 million in Fiscal 2025, reflecting a CAGR of 5.38%. Our Net Total Income for the lending business increased from ₹62,570.3 million in Fiscal 2023 to ₹86,934.7 million in Fiscal 2025, reflecting a CAGR of 17.87%. Through strong control over our costs, the sustainable expansion of our loan book and the increasing efficiency of our operations through the expansion of our technology capabilities, we have leveraged the high degree of scale economies. We have maintained our operating expenses within a tight band. Our operating expenses for the lending business represented 3.71% of our Average Gross Loans in Fiscal 2023 and 3.78% of our Average Gross Loans in Fiscal 2025. In addition, we have continued to maintain a healthy asset quality across economic cycles with Credit Costs to Total Gross Loans of 2.14% and Gross Stage 3 Loans of 2.26% in Fiscal 2025. Our Net Interest Income for the lending business increased from ₹54,158.6 million in Fiscal 2023 to ₹74,456.4 million in Fiscal 2025, reflecting a CAGR of 17.25%.

We also had a healthy Return on Average Equity of 14.72% and Return on Assets of 2.16% in Fiscal 2025, which are the fifth and seventh highest, respectively, amongst our NBFC competitors according to the CRISIL Report.

Stable, highly experienced and professional management team supported by a talented workforce

We are led by a management team with deep industry experience of over 25 years each in the retail banking and lending sectors. A number of key members of our management team have been with our Company since its early days of inception. Our management team is backed by a distinguished Board of Directors composed of 9 members, including 7 independent members, experienced in diversified fields allowing us to navigate diverse challenges and capitalize on opportunities for growth.

The strength and combined experience of our management team is a key competitive advantage and helps us implement our business strategies. Our Key Managerial Personnel and members of Senior Management have a deep and nuanced understanding of the Indian lending market that enables us to identify and take advantage of strategic and tactical opportunities and respond effectively to the rapidly evolving financial services landscape in India. For example, our Managing Director and Chief Executive Officer, Mr. Ramesh Ganesan, has been with our Company since the year of our inception and, prior to that, with the HDFC Bank group for over eight years.

Each of our lending products are managed by a dedicated executive supported by a member of Senior Management and a fully set-up organisational structure. Our Key Managerial Personnel and Senior Management are highly capable and have been successful in implementing our Company's long-term vision and institutionalising key risk management processes among our highly talented employee workforce to ensure our continued growth. Our leadership team is committed to the long-term growth and profitability of our business, as demonstrated by our track record in delivering sustainable business and financial results.

Distinguished parentage of HDFC Bank, India's largest private bank, enjoying strong trust and brand equity with consumers

Our Company was established in 2007 as a subsidiary of HDFC Bank. Our Promoter, HDFC Bank, held 94.09% of the issued paid up capital of our Company (on a fully diluted basis) as of March 31, 2025. HDFC Bank is India's largest private sector bank in terms of total assets of ₹39,102.0 billion as at March 31, 2025, with businesses (including those of its subsidiaries) spanning across retail and commercial banking, asset management, life insurance, general insurance and brokering. Our Promoter was established in 1994 by HDFC Limited, India's largest housing finance company, which merged with HDFC Bank in July 2023.

Our Promoter is one of India's leading, and most trusted consumer brands. HDFC Bank (along with its subsidiaries) has an established track record of providing high-quality services across a diverse range of financial sectors, including retail and wholesale banking and lending, life and non-life insurance, asset management, investment banking and securities trading. Through sustainable performance and strong focus on fulfilling the banking needs of customers, HDFC Bank has built a strong reputation among customers across India for delivering high quality services.

While we operate as an independent company, we have been privileged to enjoy the long-term support and brand value of our Promoter. We rely on the parentage of our Promoter for certain areas of our business, including as a lender under our borrowings for the funding of our growth, as well as for our strong credit ratings and low costs of borrowing. We have embodied HDFC Bank's long-term culture of creating and institutionalising robust processes across all aspects of our operations along with a strong focus on execution, enabling us to drive sustainable growth, despite an ever-changing and evolving macroeconomic and credit environment in India.

Our Strategies

Diversify and expand our addressable customer segments by widening and enhancing our product offering

We have created a highly diversified portfolio of lending products for our target customer segments. Our products are designed to address demands across the lifecycle of our customer segments. Product innovation has been a key focus area and driver of our diversified and sustainable growth in the past and we will continue to keep adding new products to our portfolio while enhancing our existing products to improve our value proposition to customers. For example, our Two Wheeler Loans largely entailed a manual underwriting process. To improve our customer journey, we deployed an automated underwriting process that involved the creation of real time customer scorecards, leading to quick credit decisions. This enabled us to cater to and address a larger customer segment across geographies in a consistent manner. Such diversification and expansion of products will also allow us to increase our cross-selling capabilities across our various existing and new business verticals.

Continue to expand our pan-India omni-channel distribution network

We have established a pan-India hybrid presence, with a physical branch country-wide network of over 1,771 physical branches spread across over 1,170 Indian towns and cities located in 31 States and Union Territories as at March 31, 2025, combined with a digitally powered distribution network composed of in-house and third-party channels. In addition, we had over 80 OEM and brand partnerships and a network of over 140,000 retailers and dealer touchpoints as at March 31, 2025. We intend to continue to grow and diversify our distribution network by opening additional new branches to expand our coverage across the

entirety of India while also deepening our relationships with OEMs, dealers, brands, points of sales distribution and DSAs, and continuing to add more partners, with the goal of ensuring that we are present in all channels wherever our existing and target customers are located.

Continue to invest in technology, data analytics and artificial intelligence to further improve customer experience, increase organisational productivity and decrease costs

Our technology platform has been a core enabler of our success and it will continue to have a key role in driving up our efficiency across our operations. Our technology investments are expected to continue to improve various aspects of our business from the experience of our customers to the lending lifecycle from origination to repayment. Our technological solutions also have an important role in our ability to increase cross-sell and up-sell opportunities, increase underwriting and collections efficiency and enhance employee productivity. We expect to continue to increase the scope of usage of new and emerging technologies such as data analytics, machine learning and generative AI models to further improve our capabilities and efficiency. We will also focus on ensuring that our data security platforms are positioned to handle all emerging digital threats.

Continue to diversify our borrowing profile to optimise borrowings costs

We aim to continue to further diversify our funding sources by enlarging and deepening our lender base to optimise both our leverage level and our Average Cost of Borrowings. For example, we increased our external commercial borrowings (“ECBs”) in Fiscal 2025 to a total of USD 1,050.0 million as of March 31, 2025. Our other diversified funding sources include public sector, private sector, foreign banks, mutual funds, insurance companies, pension funds and financial institutions. We raise funds through term loans, non-convertible debentures (“NCDs”), subordinated bonds, ECBs, perpetual bonds and commercial papers instruments. See “—Treasury Operations and Financing” on page 268.

Further strengthen and improve our robust risk management framework as well as underwriting and collections capabilities to minimise the risk of credit losses

As we plan to grow our customer franchise, we intend to focus on enhancing our robust risk-management framework to ensure we are able to retain our high credit quality. Through our history of operations over the last 17 years, we have leveraged our deep understanding of customer behaviour and our distinguished risk assessment, pricing and underwriting capability to develop a suite of lending products that fulfil the diverse needs of customers, covering segments across our three business verticals. We continue to upgrade our credit underwriting, collections and risk management policies and strategies by training our employees in our customised credit assessment processes, using technology and improving the speed of our decisioning process.

Continue to attract, upskill and retain talented employees by strengthening our organizational culture

Our employees have been key to our sustainable growth and performance and will continue to be instrumental in our future growth. We have instituted strong processes for ensuring that we continue to recruit the right people while retaining and training our existing workforce. We also train our new employees and provide continuous training to boost the skills of our existing employees, ensuring that they are kept up to date with new technologies. Further, we have created a holistic organisational culture to instil a strong sense of togetherness in our employees. Our culture is focused on driving growth while ensuring prudence and sustainability, so that our growth does not compromise our customer experience. We intend to continue to deepen and embed this culture in our organisation and create a valuable consumer lending franchise that will last for generations and benefit our customers, partners, employees and communities.

Enterprise Lending

The Enterprise Lending vertical was our first business vertical launched in 2008. We offer a variety of secured and unsecured loans to MSME customers, as well as certain types of salaried employees, primarily through our branch network. These loans are primarily aimed at providing finance for the growth and working capital requirements of our customers. The target customers are small businesses, run as proprietorships or as partnership firms. Self-employed proprietors and small businesses accounted for approximately 85% of our customers in this segment as at March 31, 2025.

The overall business is structured to create differentiated offerings across metropolitan areas and underpenetrated markets. We aim to gain a deep understanding of local markets and economies in order to provide services that correspond to the needs of our target customer groups in the relevant areas. We also work with select channel partners to enhance our reach in local markets.

As at March 31, 2025, this vertical had a loan book of ₹420.1 billion. Enterprise Lending products include:

- Business Loans**

We offer loans without requiring collateral to assist small businesses in fulfilling their financial needs, which may include acquiring new equipment and inventory, working capital or renovating their outlets. The primary customer sourcing channel for this product is through field sales officers (“FOS”) in our branch network. The CRISIL Report estimates that the overall working capital finance portfolio outstanding for the industry, which is ₹12.7 trillion as of March 31, 2025, is projected to grow at 15-17% CAGR between Fiscal 2025 and Fiscal 2028 and reach ₹19.4-20.4 trillion by Fiscal 2028. The CRISIL Report also estimates that the overall unsecured business loans portfolio outstanding, which is ₹9.7 trillion as of March 31, 2025, is projected to grow at 18-20% CAGR between Fiscal 2025 and Fiscal 2028 and reach ₹15.9-16.9 trillion by Fiscal 2028. The average ticket size for this product is approximately ₹290,000 and its average tenor is around 4 years. As at March 31, 2025, this product had a loan book of ₹127.7 billion.

- Loan Against Property (LAP)**

We offer secured loans, which can be utilised for various purposes, such as supporting new business initiatives, buying office premises, providing working capital, or expanding existing business ventures. These loans are backed by property as collateral. The primary customer sourcing channels for this product is through FOS in our branch network as well as through direct selling agents (“DSAs”). The CRISIL Report estimates that the overall secured MSME finance portfolio outstanding for the industry, which is ₹12.8 trillion as of March 31, 2025, is projected to grow at 17-19% CAGR between Fiscal 2025 and Fiscal 2028 and reach ₹20.5-21.5 trillion by Fiscal 2028. The average ticket size for this product is approximately ₹4,300,000 and its average tenor is around 9 years. As at March 31, 2025, this product had a loan book of ₹229.5 billion.

- **Enterprise Business Loan (EBL)**

Self-employed customers (including professionals), private companies and partnership firms are eligible for Enterprise Business Loans (EBLs), which aim to enhance their business activities in manufacturing, trading and services. The primary customer sourcing channel for this product is through FOS in our branch network. EBLs are backed by property as collateral. The CRISIL Report estimates that the overall secured MSME finance portfolio outstanding for the industry, which is ₹12.8 trillion as of March 31, 2025, is projected to grow at 17-19% CAGR between Fiscal 2025 and Fiscal 2028 and reach ₹20.5-21.5 trillion by Fiscal 2028. The average ticket size for this product is approximately ₹1,170,000 and its average tenor is around 8 years. As at March 31, 2025, this product had a loan book of ₹19.9 billion.

- **Salaried Personal Loans (SPL)**

We offer personal loans to salaried employees. The key differentiator is the service we provide where customers are sourced through our FOS and digital channels. The CRISIL Report estimates that the overall personal loan portfolio outstanding for the industry, which is ₹14.6 trillion as of March 31, 2025, is projected to grow at 18-20% CAGR between Fiscal 2025 and Fiscal 2028 and reach ₹24-25.5 trillion by Fiscal 2028. The average ticket size for this product is approximately ₹310,000 and its average tenor is around 5 years. As at March 31, 2025, this product had a loan book of ₹34.9 billion.

- **Gold Loans**

We assist customers in fulfilling their urgent personal requirements by providing loans that are secured against gold jewellery. Our branch network is the primary customer sourcing channel for this product. These loans are backed by gold assets. The CRISIL Report estimates that the gold loan portfolio outstanding for the industry, which is ₹12.4 trillion as of March 31, 2025, is projected to grow at 18-20% CAGR between Fiscal 2025 and Fiscal 2028 and reach ₹20.5-21.5 trillion by Fiscal 2028. The average ticket size for this product is approximately ₹160,000 and its average tenor is around 2 years. As at March 31, 2025, this product had a loan book of ₹8.0 billion.

For further details, see “*Selected Statistical Information*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” on pages 321 and 391, respectively.

Asset Finance

We launched our Asset Finance vertical in 2010. We offer financing options to customers for acquiring new and used commercial vehicles, construction equipment and tractors, all of which are income generating assets for our customers. While we operate in both new and used vehicle markets, we have employed different distribution approaches for each market. While the new vehicle market is more focused on OEM partnerships and their strong nationwide dealership network, our strong customer base for the used vehicle market has been built through our in-house sales teams which is spread out across the country. The used vehicle market has higher yields and is more profitable but we see the new vehicle market as an important source of high-rated customers as well and we have an equal focus on both markets.

Demand for the underlying industries of these vehicles such as logistics and construction is impacted, among other things, by the specific needs and infrastructure of the relevant geographical area and government policies. Consequently, we have tailored our credit assessment and collections strategy accordingly, with decentralised credit and underwriting teams in different regions that have the flexibility to underwrite loans based on the specifics of the asset and the credit behaviour in each region. Furthermore, we have diversified our product offerings to de-risk from cyclicalities to the extent possible.

As an example, in certain drought prone-regions of Maharashtra, we identified a profitable opportunity for a niche equipment, wherein certain specialised equipment promoted by few OEMs could be used for ground water harvesting. We were able to partner with these OEMs and provide financing for the purchase of the equipment to enable farmers to generate higher income. This helped create a new segment of equipment hirers who own and operate such specialised equipment.

Asset Finance products are backed by the relevant assets acquired, *i.e.*, commercial vehicles, construction equipment or tractors.

This vertical which involves relatively larger ticket sizes leverages our physical footprint. Additionally, the role of third parties like dealers and agents results in long sales cycles and therefore business development is a critical function in each local market.

As at March 31, 2025, this vertical had a loan book of ₹406.5 billion.

- **Commercial Vehicle Loans**

We offer financing solutions for acquiring commercial vehicles, whether new or used. We also provide the option of refinancing existing vehicles. The Company caters to diverse customers, such as fleet owners, first-time users, first-time buyers and captive users. The primary customer sourcing channels for this product is through FOS in our branches and through in partnerships with OEMs and dealers. The CRISIL Report estimates that the commercial vehicle finance portfolio outstanding for the industry, which is ₹5.8 trillion as of March 31, 2025, is projected to grow at 11-13% CAGR between Fiscal 2025 and Fiscal 2028 and reach ₹8.0-8.4 trillion by Fiscal 2028. The different types of vehicles we finance include goods carriers, transport buses and specialised equipment for industrial usage, such as cement mixers and tankers. The average ticket size for this product is approximately ₹860,000 and its average tenor is around 4 years. The loans for new vehicles represented approximately 66% of the total loans in this product category as at March 31, 2025. As at March 31, 2025, this product had a loan book of ₹263.5 billion.

- **Construction Equipment Loans**

We offer financing options for the acquisition of new and used construction equipment, as well the refinancing of such equipment. The primary customer sourcing channels for this product is through FOS in our branches and through partnerships with OEMs and dealers. The CRISIL Report estimates that the construction equipment finance portfolio outstanding for the industry, which is ₹1.4 trillion as of March 31, 2025, is projected to grow at 12-14% CAGR between Fiscal 2025 and Fiscal 2028 and reach ₹1.6-1.7 trillion by Fiscal 2028. The different types of equipment that we provide loans for include earthmoving, mining, material handling, concrete and other allied construction equipment. The average ticket size for this product is approximately ₹2,000,000 and its average tenor is around 3 years. The loans for new construction equipment represented approximately 78% of the total loans in this product category as at March 31, 2025. As at March 31, 2025, this product had a loan book of ₹113.3 billion.

- **Tractor Loans**

We provide personalised financing solutions for individuals seeking to acquire tractors or tractor-related equipment for agricultural or commercial purposes. The primary customer sourcing channels for this product is through field sales officers in our branches and through partnerships with OEMs and dealers. The CRISIL Report estimates that the tractor finance portfolio outstanding for the industry, which is ₹1.3 trillion as of March 31, 2025, is projected to grow at 11-13% CAGR between Fiscal 2025 and Fiscal 2028 and reach ₹1.8-1.9 trillion by Fiscal 2028. The average ticket size for this product is approximately ₹320,000 and its average tenor is around 4 years. The loans for new tractors represented approximately 66% of the total loans in this product category as at March 31, 2025. As at March 31, 2025, this product had a loan book of ₹29.7 billion.

For further details, see “*Selected Statistical Information*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” on pages 321 and 391 respectively.

Consumer Finance

We launched our Consumer Finance vertical in 2016. We offer loans to individuals seeking to fulfil their personal or household needs. Our typical customer profile in this segment includes salaried persons and self-employed individuals looking for financing to purchase household assets, luxury goods or similar such lifestyle choices. Consumer loans are provided to individuals for personal or household purposes to meet their short to medium term requirements.

Two-wheelers and auto-loans are the only Consumer Finance products that are secured. We employ an omni-channel digital-first approach to distribution in this vertical with a focus on dealers and partnerships. Our branches serve as a local hub from which our tele-calling teams can operate and get an understanding of the local micro-market, while enabling better portfolio monitoring. Our strong partnerships with marquee brands and OEMs and their respective retail networks and dealers have been key to our growth in Consumer Finance. Our digital onboarding and automated credit underwriting capabilities has enabled us to grow our consumer franchise while maintaining strong asset quality.

Consumer Finance products generally have small ticket sizes and short tenors, resulting in churning of the loan book at rapid pace. This enables us to widen our customer funnel by onboarding and underwriting a larger base of customers in a relatively short period of time. This allows us to cross-sell and up-sell multiple products to an expanded base of customers across different uses, thus increasing customer life-time value. For example, the Consumer Durable loan product is a mass product that serves as our primary sourcing channel for retail customers. Continuous monitoring of credit behaviour helps us identify customers to whom we can cross-sell and up-sell our wider suite of Consumer Finance products such as lifestyle loans, unsecured personal loans and vehicle loans. As at March 31, 2025, this vertical had a loan book of ₹242.2 billion.

- **Consumer Durable / Digital Product / Lifestyle Product Loans**

We provide financing options to customers to buy (i) household appliances and durable goods, such as televisions, refrigerators, washing machines and air conditioners, (ii) digital products such as mobile phones, laptops, tablets and cameras and (iii) lifestyle product loans which are designed to help customers purchase premium lifestyle items to

elevate their standard of living such as furniture and high-end cooking ranges. The primary customer sourcing channel for this product is our tele-calling teams and our partnerships with OEMs and dealers. The CRISIL Report estimates that the consumer durable finance portfolio outstanding for the industry, which is ₹0.8 trillion as of March 31, 2025, is projected to grow at 18-20% CAGR between Fiscal 2025 and Fiscal 2028 and reach ₹1.4-1.5 trillion by Fiscal 2028. As at March 31, 2025, we had partnerships with over 80 OEMs and over 140,000 retailers and dealer touchpoints in this products category. The average ticket size for this product is approximately ₹14,000 and its average tenor is around 1 year. As at March 31, 2025, this product had a loan book of ₹38.0 billion.

- **Relationship Personal Loans**

We provide personal loans to existing customers of the Company under this product. Most of the consumers who avail of such relationship personal loans are sourced via cross-selling from our retail loan customer base, as they have demonstrated consistent repayment history and ability to repay short-tenor loans, thus making them less risky and good candidates for unsecured loans. The primary customer sourcing channel for this product is through our tele-calling teams, with leads generated via our in-house data science and analytics. The CRISIL Report estimates that the overall personal loan portfolio outstanding for the industry, which is ₹14.6 trillion as of March 31, 2025, is projected to grow at 18-20% CAGR between Fiscal 2025 and Fiscal 2028 and reach ₹24.0-25.5 trillion by Fiscal 2028. The average ticket size for this product is approximately ₹50,000 and its average tenor is around 2 years. As at March 31, 2025, this product had a loan book of ₹81.7 billion.

- **Auto Loans**

We provide financing to customers interested in purchasing new or used cars through our secured Auto Loans. The primary customer sourcing channel for this product is through FOS and partnerships with OEMs and dealers. The CRISIL Report estimates that the new personal vehicle finance portfolio outstanding for the industry, which is ₹8.2 trillion as of March 31, 2025, is projected to grow at 14-16% CAGR between Fiscal 2025 and Fiscal 2028 and reach ₹12.2-12.8 trillion by Fiscal 2028. As at March 31, 2025, we had partnerships with 6 OEMs and over 4,000 retailers and dealer touchpoints in this product category. The average ticket size for this product is approximately ₹430,000 and its average tenor is around 4 years. As at March 31, 2025, this product had a loan book of ₹83.7 billion.

- **Two-Wheeler Loans**

We provide financing to individuals interested in two-wheelers. The primary customer sourcing channel for this product is through FOS and partnerships with OEMs and dealers. The CRISIL Report estimates that the two-wheeler finance portfolio outstanding for the industry, which is ₹1.7 trillion as of March 31, 2025, is projected to grow at 18-20% CAGR between Fiscal 2025 and Fiscal 2028 and reach ₹2.7-2.9 trillion by Fiscal 2028. As at March 31, 2025, we had partnerships with 13 OEMs and over 13,000 retailers and dealer touchpoints in this products category. The average ticket size for this product is approximately ₹53,000 and its average tenor is around 2 years. As at March 31, 2025, this product had a loan book of ₹32.8 billion.

- **Micro Lending**

With the aim of promoting financial inclusion and empowering underprivileged segments of society, we provide micro loans to customers through the Joint Liability Groups (JLGs) framework. The CRISIL Report estimates that the overall micro-finance institution portfolio outstanding for the industry, which is ₹3.8 trillion as of March 31, 2025, is projected to grow at 8-10% CAGR between Fiscal 2025 and Fiscal 2028 and reach ₹4.8-5.1 trillion by Fiscal 2028. Our micro lending services cater to individuals and groups that require financial assistance, including primarily women. The business was launched in Fiscal 2020 and is at its nascent stage of growth. The customer journey is fully digital on the mobile phone of the loan officer. The average ticket size for this product is approximately ₹23,000 and its average tenor is around 2 years. As at March 31, 2025, this product had a loan book of ₹6.1 billion.

We have also been successful in up-selling and cross-selling different loan products to our customers after observing their repayment behaviour. For example, after monitoring the consistent repayment track record of new customers who have availed our secured LAP product, we have cross-sold unsecured enterprise or personal loans, which are high-yielding products.

For further details, see “Selected Statistical Information” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” on pages 321 and 391 respectively.

Track Record of Product Innovation

We have demonstrated a track record of product innovation, having piloted multiple new products across our three business verticals. These products have gone on to scale up and achieve profitability after being introduced on a wider scale.

For example, we introduced the Enterprise Business Loan product in our Enterprise Lending vertical as a variant of the LAP product in 2014. We were able to identify customers seeking business loans with a strong repayment ability but with collateral that would typically be outside municipal limits, as opposed to LAP. We have been able to underwrite such customers and provide them with a variant of our secured loan product with an attractive pricing model, given the nature of the underlying collateral. We have also been able to up-sell other business loans to such customers after they had established a strong track

record of repayment. For example, we have provided pre-approved loan limits to our existing high quality customers to increase conversion or to apply for unsecured loans. Such customers can obtain new loans directly in a very short timeframe through our digital channels such as our through the DIY journey platforms.

This has created an opportunity for us, and we have now created a dedicated distribution network for sourcing such customers through our dedicated FOS and have been able to demonstrate strong traction of selling personal lending products to them.

Sourcing and Distribution

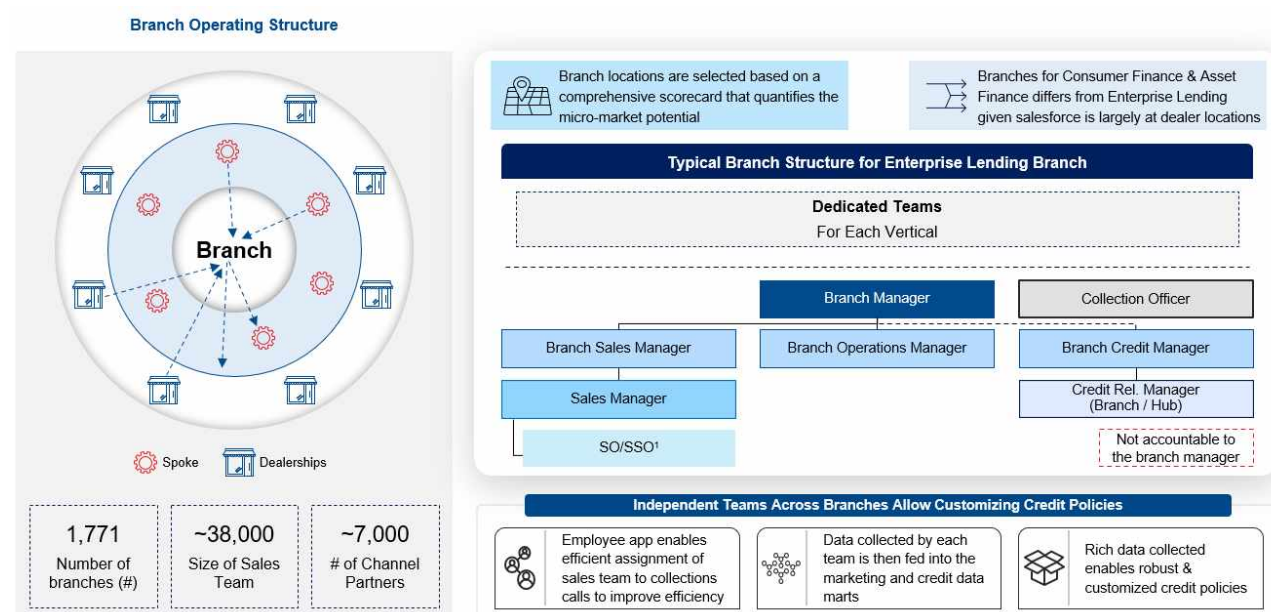

Branches

We have established a pan-India network of 1,771 branches in 1,170 towns and cities across 31 States and Union Territories, with over 80% of our branches located outside the 20 largest cities in India by population, based on the 2011 census report.

Our branches are our primary source of customer acquisition and engagement for many of our products, including for our Enterprise Lending products, some of our Asset Finance products, such as Commercial Vehicle Loans and Tractors Loans and some of our Consumer Loan products, such as Two-Wheeler Loans and Auto Loans. Our branches have an average size of 1,016 square feet. Each branch has a pre-defined target market coverage area of a pre-defined radius. The branch sales team visit potential customers in the relevant coverage area to generate sale leads. A high-touch and offline customer engagement model is important as it ensures that there is data and insights available for real-time decision making. Our branches also have employees for credit, collections and operations. Each branch houses an independent credit manager who is responsible for the credit decisioning and a branch operations team which processes the documentation requirements. This enables the branch to serve as an independent hub for all our operations including credit underwriting, portfolio monitoring and collections. The growth and profitability of our business is deeply linked to our branches and we intend to continue to invest significantly in them in the future.

Our branches offer different products depending on their location and customer base. In the larger cities like metropolises and Tier 1 cities, our branches are often specialised to handle a specific product. For example, we have branches that manage each of the Asset Finance and Enterprise Lending verticals separately, such as in New Delhi. In contrast, in smaller towns and cities, one branch generally caters to multiple business verticals.

The graph below provides an overview of our branch structure as of March 31, 2025.

Direct Sales through Tele-Calling

Our in-house tele-calling team consisted of over 650 employees as at March 31, 2025. Our tele-calling teams sit out of regional hubs and are provided with contextualised training for interacting with potential customers in the right manner for their specific region. The tele-calling team serves as our primary acquisition channel for personal loan products in Consumer Finance.

Brand and OEM Channels and Dealer Networks

We have established partnerships with over 80 brands and OEMs and have developed a network of over 140,000 retailers and dealer touchpoints as at March 31, 2025. These brands and OEMs spans across a large number of industries including two-

wheelers, automobiles, consumer, digital and lifestyle products (in Consumer Finance), as well as new and used commercial vehicles, construction equipment and tractors (in Asset Finance).

We have been able to forge deep and meaningful sourcing relationships with multiple marquee OEMs and brands on account of our ability to offer a value proposition to our brand and OEM partners. We believe that our partnerships create opportunities for our partners to grow their presence in newer markets while also deepening their lending tie-ups in their existing markets. We are not reliant on a single retailer or dealer and in the event of any contractual terminations, we are able to rely on our other retailers or dealer partners and our other sources of distribution described herein. Additionally, the applicable notice periods under our distribution agreements allow us time to source potential new partnerships.

Direct Selling Agents (DSAs)

As part of our distribution strategy, we have a DSA network of over 7,000 agents as at March 31, 2025. We work with DSAs on a fee basis with periodic incentives aligned towards meeting certain metrics.

Diversified Distribution Strategy for “Bharat”

In April 2023, we piloted a new distribution model, with the primary aim to expand our presence in rural locations with a population of 50,000 people or less, where we are already established in one or two products, and where there is expected to be significant potential to enhance our offering and product suite. We have converted 103 existing branches in 9 States into this distribution model as at March 31, 2025.

To achieve product diversification, we are training our existing FOS employees in these rural branches to drive multi-product sales in their branch radius. This serves multiple purposes including deepening penetration of our products in those geographies while also ensuring that our employees are upskilled and their earning potential is increased. This in turn also contributes to higher employee loyalty and retention.

We continuously monitor our penetration levels in each product category, to identify any potential underpenetrated areas, as well as areas with high potential. We also obtain local-level sourcing data through our partnerships with OEMs to supplement our industry data provided by credit bureaus.

Digital Sourcing and Distribution

We have created digital, customized journeys for our customers across our product suite. We have created end-to-end customer journeys for certain products in our Consumer Finance and Enterprise Lending verticals, ensuring that each step in the origination, underwriting, sanction and disbursement is entirely digital. This has enabled us to expand our customer franchise from 12.2 million customers as at March 31, 2023 to 19.2 million customers as at March 31, 2025.

Across our broader product suite, we have created hybrid “phygital” paperless journeys for our customers which have a mix of digital and assisted channels, with varied levels of automation in underwriting. Certain products like Loans Against Property require us to ensure that there is physical verification at the time of legal, technical checks carried out on the property.

We have Generative AI-based techniques in various areas, for example to provide localized language support for our customers on chat bots, improving our customers’ DIY journeys by enabling them to undertake various functions by themselves. We are also driving personalization to improve customer experience via a campaign manager that aims to address customer requirements at the right time, right place and with the right mode of communication.

We have also recently started partnering with multiple channel partners via an API integration which feeds into our underwriting engine. In line with our business model, we ensure that these partnerships are first carried out on a pilot basis and in select geographies and that we have a reasonable amount of credit behaviour data gathered before we expand into broader geographies.

Credit

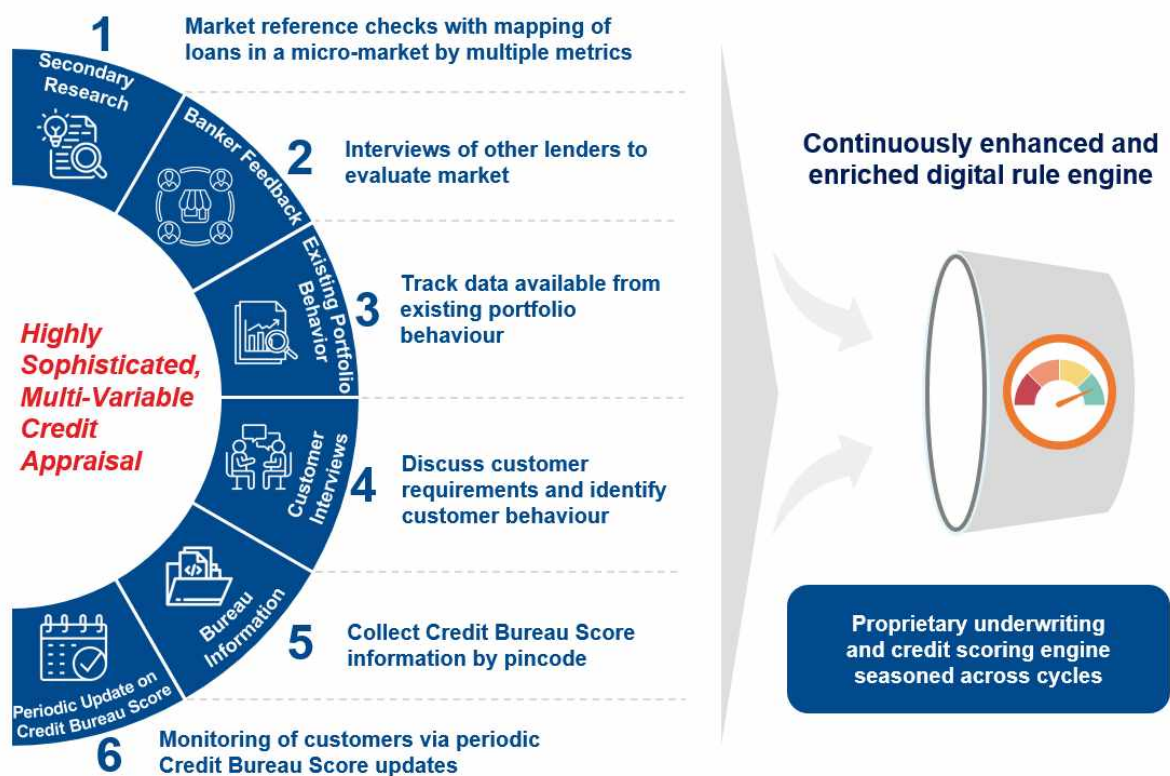

We have built a robust and 360-degree credit assessment operation headed by our Chief Credit Officer and supported by a strong and established credit team for each vertical, with over 4,700 employees as at March 31, 2025. The credit teams work as independent units that report into an overall wider credit structure that is parallel to sales. Our credit teams do not have disbursement targets and are judged on portfolio quality. Each vertical has a separate credit team. Credit teams are staffed at the branch, regional and central level.

Our credit teams are tasked with independent verification of customers, evaluation of their business and financing needs and analysing their ability to repay loans. We employ a hybrid credit underwriting approach. For smaller ticket loans with short tenor products, credit decisioning is carried out using a centralised automated system that employs scorecards and rule-based decisioning. For larger ticket loans, an independent assessment is carried out by the credit manager at the branch closest to the customer, including via physical evaluation supported by a scorecard and rule-based decision-making process. Given our entire credit evaluation process is conducted in-house, we are able to minimise the risk of frauds at the time of loan issuance with the assistance of our risk control unit, which is a separate vertical that specialises in detecting and resolving frauds. Additionally, we engage with third parties to avail anti-fraud solutions for the identification of fraudulent and suspicious borrowers.

We have successfully migrated our credit decisioning process to a digital interface and have applications in place to onboard customers entirely online in certain products such as Consumer Finance and Enterprise Lending. In fact, we have digitalised the onboarding process in products which are typically high-touch and offline, such as Auto Loans and Commercial Vehicle Loans.

As part of the credit underwriting process, we also utilise multiple external sources of information such as credit information companies and depositories. We undertake independent verification of our customers' business and residence and employ competent external vendors to undertake legal and technical checks on the underlying collateral for secured products. Our rich history of transactions with our large customer base has given us access to data which is hosted in a data repository and which allows us to carry out analytics that enable faster credit decisions.

We also deploy customised scorecards for each product to accelerate and automate the credit decisioning process. For this purpose, a dedicated policy team works to build out a customised credit program for each product. They work with the in-house team of data analysts to develop, deploy and monitor the performance of such scorecards. We have enforced separate underwriting rules and scorecards for new-to-credit customers and credit bureau-tested customers. Scorecards include metrics that are relevant to evaluate customer creditworthiness such as demographics, loan exposures and delinquencies.

Collections

Our collection function has been part of our operating model since our inception as we have been providing collection services for our Promoter, HDFC Bank since 2008.

Our collections are operated as an independent function under the oversight of our Chief Credit Officer with an in-house team of over 12,500 employees as at March 31, 2025. Collection employees are located at branch, regional and national levels. We have dedicated legal and compliance employees as part of the collections team to provide support for each product. We also employ certain external collection agents for small ticket collections in certain Consumer Finance products and for limited collections in certain products of other verticals.

Most of our loan repayments are received through the NACH mandate. The remainder of our loan repayments are collected through an in-house tele-calling and collections team. Given the high level of ethnic and linguistic diversity in India, we employ local tele-calling collections teams in each region rather than through a centralised hub, to ensure that communications to customers regarding collections are in the local language and tailored to the local customs of the region rather than in a standardised manner.

Our collections process is monitored and tracked through a dedicated collections application. Collections are done entirely through a mobile application with an e-receipt issued to every customer using an OTP-based validation process. The application has been developed in-house and is feature-rich, with functionalities built to conduct all legally permissible checks to ensure the digital process of collections is complete and comprehensive.

The collections team uses multiple scorecards to monitor collections across early, mid and late buckets. The scorecards use updated credit information as well as product, prior performance and specific local nuances. The below picture illustrates our collection strategy based on the various types of scorecards.

Score Card Matrix

- Wide range of variables used to arrive at scores
- 10+ different score card constructs deployed across business by product, DPD stage and employee type

Bucket Type	Risk Score Bands	Actions
Current	Extreme Low	No intervention
	Low	Tactical
	Medium	Phone
	High	Door knock (In-house)
Mid Bucket	Low	Tactical
	High	Door knock (In-house)
Recoveries	Low	Phone
	Medium	External Vendors
	High	Door knock (In-house)

We utilise a number of mechanisms to enforce recoveries such as repossession of collateral and disposals via arbitration and recourse to the Indian SARFAESI Act, Negotiable Instruments Act, 1881, Payments and Settlement Act, 2007, among others. We also have a legal portal for providing an update on pending legal cases on a real-time basis. Repossession and settlements are carried out using both in-house teams and external vendors. The process for the initiation of repossession and validation in case of vehicle loans has been digitised and is undertaken on a mobile application which enables tracking and monitoring. Our collateral disposal process is also digital and completed through an online auction process.

We have set up a Centre of Excellence in the form of a dedicated central collections team which monitors the level of training for all collections employees, conducts quality checks for all tele-calling personnel, tracks and monitors the quality of external collections vendors and undertakes centralised billing and auctions for asset disposals.

Customer Service

Our customer service channels are both centralised and decentralised. In addition to providing customer service in our branches and call centres, we have established several digital customer service channels to enhance customer service and provide a seamless experience for our customers. Such channels include:

- *HDB On-the-Go-App*, which enables our customers to access the majority of our products and services online and get personalised assistance on the application;
- *WhatsApp Account Management*, where customers can receive real-time information about their loan account;
- *Customer Service Bot*, where the Company's virtual assistant and chatbot, #AskPriya, assists customers with loan-related information and the latest offers;
- *Missed Call Service*, which enables the customers to receive all their loan-related information via SMS; and
- *Customer Portal*, which is a self-service portal allowing customers to perform various account management tasks, such as checking loan status, making payments, and updating personal information, at their convenience.

Our mobile app, 'HDB On-the-Go' had around 9.2 million downloads as of March 31, 2025. We have also undertaken an initiative called the 'Customer Service Week' to raise awareness among our walk-in customers about the Company's self-service tools for managing loan accounts, digital payment options and grievance redressal mechanisms. We also take customer feedback to gauge the quality of service provided and expected, in order to continuously improve and update our customer service.

We have Generative AI-based techniques in various areas, for example to provide localized language support for our customers on chat bots, improving our customers' DIY journeys by providing right assistance and augmenting outbound sales capabilities. We are also driving personalization to improve customer experience via a campaign manager that aims to address customer requirements at the right time, right place and with the right mode of communication.

When we receive a customer complaint, we first verify the customer's details (ID&V) and subsequently assign a unique service request number. We determine the nature of the customer communication (request, query or complaint) and endeavour to

provide a prompt resolution. If necessary, we escalate the matter to senior management and may engage our legal team in the response process. Our customer service managers coordinate with the relevant team members for resolution of complaints.

Treasury Operations and Financing

We have an independent Treasury department that is responsible for fundraising and liquidity management. It is also primarily responsible for minimising the cost of our borrowings, managing our liquidity, diversifying funding sources, managing interest rate risk, currency risk and investing any temporary surplus.

We have diversified funding sources from various sources including public sector, private sector, foreign banks, mutual funds, insurance companies, pension funds and financial institutions. Funds are raised in line with Company's Resource Planning Policy through term loans, non-convertible debentures ("NCDs"), assignment/securitization of assets, external commercial borrowings, refinance facilities, subordinated bonds, perpetual bonds and commercial papers instruments, where the debt securities of the Company are listed each of such instruments are listed, on the Wholesale Debt Market segment of the BSE and the NSE. The table below sets out our different funding sources with respect to our outstanding principal, and their outstanding contribution as a percentage of our total borrowings as at the dates indicated:

#	Borrowings / Security type	As of March 31, 2025		As of March 31, 2024		As of March 31, 2023	
		Amount outstanding (₹ in millions)	Percentage of Total Borrowings	Amount outstanding (₹ in millions)	Percentage of Total Borrowings	Amount outstanding (₹ in millions)	Percentage of Total Borrowings
1.	Secured Redeemable Non-Convertible Debentures	360,524.2	41.25%	336,999.6	45.34%	270,964.1	49.39%
2.	Term Loans from Banks and Financial Institutions	329,902.1	37.75%	316,610.3	42.59%	219,680.0	40.04%
3.	Commercial Paper	34,127.5	3.90%	11,511.6	1.55%	0.0	0.00%
4.	External Commercial Borrowings	89,386.8	10.23%	20,851.3	2.81%	18,889.4	3.44%
5.	Subordinated Bonds	45,151.5	5.17%	46,576.5	6.27%	28,944.6	5.28%
6.	Perpetual Bonds	14,885.6	1.70%	9,905.2	1.33%	6,466.4	1.18%
7.	Borrowings under Securitization	0.0	0.00%	852.2	0.11%	3,708.6	0.68%
	Total Borrowings	873,977.70	100.00%	743,306.7	100.00%	548,653.1	100.00%

Furthermore, our strong credit ratings have enabled us to borrow funds at competitive rates from a variety of sources. Our credit ratings as at March 31, 2025, are summarised below:

#	Borrowings / Security type	Credit rating	
		CARE	CRISIL
1.	Term Loans from Banks and Financial Institutions	CARE AAA; Stable	CRISIL AAA/Stable
2.	Secured Redeemable Non-Convertible Debentures	CARE AAA; Stable	CRISIL AAA/Stable
3.	Commercial Paper	CARE A1+	CRISIL A1+
4.	Subordinated Bonds	CARE AAA; Stable	CRISIL AAA/Stable
5.	Perpetual Bonds	CARE AAA; Stable	CRISIL AAA/Stable

A credit rating is not a recommendation to buy, sell or hold securities or other financial instruments. Ratings are subject to revision or withdrawal at any time by the assigning rating organization. Each rating should be evaluated independently of any other rating.

Our high credit ratings and experienced treasury management have also helped us maintain a low Average Cost of Borrowings at 7.90% as at March 31, 2025. By diversifying our borrowing mix and exploring alternative funding sources, we aim to minimise impacts on interest margins while maintaining a healthy capital adequacy ratio. We have a mix of fixed and floating rate borrowings. As at March 31, 2025, 66.91% of our Total Borrowings were subject to fixed interest rates, with 33.09% of our Total Borrowings subject to floating interest rates.

Our treasury operations are monitored by the ALCO, which oversees our liquidity, interest rate and currency risks. Our Advances Book and Funding strategy is structured to counterbalance the repricing of borrowings with the repricing of loans. See “—Strengths—High-quality liability franchise with access to low cost, diversified borrowing sources and the highest credit rating” on page 255.

Risk Management

Operating in the financial services sector, the Company faces various risks such as credit, operational, liquidity, digital lending, and information security risks. To manage these risks effectively, a robust risk management framework is in place.

We have around 20 employees in our risk management team as at March 31, 2025. We have an experienced Chief Risk Officer (CRO) who constantly monitors risks and reports directly into the Risk Management Committee of our Board of Directors. We have instituted a comprehensive risk management policy with multiple processes ensuring adequate and proactive monitoring and mitigation of risk. We conduct regular risk checks across the variety of risks that we are exposed to, based on certain indicators. Based on the level of risk identified, we initiate deeper and more detailed and thorough checks in areas where we identify potential red flags. We constantly upgrade our security measures, including cybersecurity, to avoid and mitigate risks.

We are exposed to a variety of risks in our business including:

Risk	Mitigation
Credit Risk, including Credit Concentration Risk	We have established policies, procedures and systems for managing credit risk. Credit quality is monitored and losses from defaults are minimised by setting credit parameters and monitoring exposures against approved limits. Credit concentration of exposures is also monitored to avoid unacceptable risk concentrations.
Business/Strategic Risk	Our Company pursues diversification through various products, customer segments and geographies to mitigate business and strategic risks. A balanced growth approach is maintained while adhering to a healthy asset-liability mix and prudent provisioning policies.
Reputation Risk	We mitigate reputation risk by implementing a code of conduct for employees, strong governance policies and a customer grievance mechanism. Stakeholders are engaged with regularly to address concerns and expectations.
Technology Risk	We leverage technology to enhance customer experience, improve productivity and manage risks. We aim to continuously improve our processes and controls to mitigate cyber threats and has established a Cyber Resilience Framework and a next-generation Security Operations Centre with AI-ML capability. A layered technology and cybersecurity architecture, Disaster Recovery and Business Continuity Plans and access control mechanisms have been implemented. This is consistently monitored through a third-party assurance mechanism, on an ongoing basis. Further all employees undergo annual cybersecurity and compliance training and periodic simulation exercises to keep them abreast with the latest trends in the cybersecurity happenings, which helps our company to continuously improve on our cybersecurity posture.
Digital Lending Risk	We have automated our loan application process by leveraging tools like CRM, rule engine and bureau integration to enhance productivity and deliver a seamless customer journey. Our controls have been implemented and analytics and reporting systems are in place for collection and recovery to maintain a healthy asset quality.
Compliance Risk	We manage and monitor compliance risks by implementing a Compliance Policy overseen by the Chief Compliance Officer and a dedicated team. The team regularly reviews products and processes for regulatory compliance and updates internal policies to minimise legal or regulatory risk.
Liquidity Risk	Our Asset Liability Committee (ALCO) is responsible for managing liquidity risk and ensuring adequate levels of liquidity and interest rate risk management. To manage liquidity risk, the ALCO monitors various metrics, including the maturity profile, stock ratios and asset-liability mix. Additionally, the committee ensures sufficient unencumbered High-Quality Liquid Assets (HQLA) for short-term obligations by monitoring the Liquidity Coverage Ratio (LCR) daily. We have also implemented a liquidity risk framework which is monitored by the ALCO and the Risk Management Committee.

Risk	Mitigation
Interest Rate Risk	Our Asset Liability Committee (ALCO) is responsible for managing balance sheet planning for risk-return and strategic management of interest rate and liquidity risks. We assess its sensitivity to interest rate movements using traditional gap analysis to identify and mitigate potential risks. The Advances Book and Funding strategy are tailored to offset the repricing of borrowings by repricing loans.
Operational Risk	<p>Operational Risk is the chance of financial loss due to insufficient internal processes, personnel, technology systems, or external factors. It covers legal risk but not strategic or reputational risks.</p> <p>Operational risk is monitored by the Operational Risk Management Committee (ORMC). We have a three-layered defence mechanism which includes the business units, operational risk team and internal audit, combined with established policies, procedures and robust internal controls.</p>

Marketing

We are focused on enhancing customer experience and building brand awareness. Our marketing strategy is focused on leveraging data-driven marketing techniques such as personalised campaigns based on customer segments and predictive analytics. We engage with third-party service providers to deliver personalized communication across multiple channels with the help of analytical marketing automation platforms. Our brand building efforts encompass building visibility around our CSR activities, PR campaigns showcasing growth strategies, customer newsletters as well as increased visibility via outdoor and in-store branding. We are committed on delivering a seamless, unified omni-channel experience across all platforms, whether online, on mobile or in physical branches.

Collectively, these marketing initiatives aim to expand our customer base, increase our market share, drive customer satisfaction and foster long-term loyalty in the highly competitive financial services sector.

Information Technology and Digital Vision

We have invested and built an advanced technology and data analytics platform that covers all key areas and stages of our business, including customer sourcing, onboarding and underwriting as well as operations and collections. We strive to elevate customer experience and operational efficiency through the use of technology. Our digital vision is to adopt new technologies to enable us to further develop and grow our business within the regulatory environment we operate in. When investing in technological solutions, we aim to ensure that our systems are built with customer centric propositions that allow us to combine different services and improve the customer experience. Our digital investments also allow us to operate at higher efficiencies and scale our business with a strong security underpinning. In addition, as part of our digital transformation, our digital investments aim to drive continuous innovations in our services to deliver to our customers.

Digitalisation is a key part of our omnichannel customer experience that is designed to combine both digital and physical worlds. We have invested and plan to continue to invest in digitalising our lending services and solutions in order to connect and serve our customers in a personalised manner. For example, we have introduced a digital sales application where a customer can get instant loan approval and quick disbursements. Furthermore, our 'HDB On-the-Go' application aims to deliver a seamless and personalised customer experience and implement our robust customer relationship management systems to efficiently meet customer requirements. Our virtual assistant and chatbot provide quick responses to customer queries, further enhancing customer service efficiency.

Our digital vision also aims to ensure that our various systems are able to engage with our other systems. For example, our various digital systems need to be able to interact with our repository of customer data that we collect in connection with our business. Our digital information assets are deployed on external data management such as cloud services providers. Our cloud-based infrastructure provides scalability, reliability, reduction of administrative effort, global best practices and cost benefit, ability to track optimal performance and security, along with high availability. Our Company deploys the cloud vendors (through private, public and hybrid models of application) for the data handling, data storage and data purging depending on their functionality, business needs and requirements. These cloud vendors are regularly tested and scrutinized with the help of the penetration tests and other forensic methods to ensure compliance with the cloud security checklist of our Company.

Our governance structure includes the Information Technology Strategy Committee at the board level, which oversees our IT strategy and cybersecurity environment to ensure that our IT and information security governance structure is effective and efficient, has adequate resources, well-defined objectives and responsibilities for each level of organization. We regularly assess our application security and conduct annual cybersecurity and compliance training and periodic simulation exercises.

“Best of Both Worlds”: Deep Traditional Moats Enhanced by Digital Moats to Create “Unique Phygital Moats”

Competition

The finance industry in India is highly competitive. We face competition from NBFCs, banks, micro finance companies, digital lending platforms, small finance banks and private unorganised and informal financiers in the geographies in which we operate. Additionally, we face competition from new fintech players entering the market.

We generally compete on the basis of the range of product offerings, ability to customise products, brand recognition, customer base, interest rates, turnaround time, fees and customer service, as well as for skilled employees. Our primary competitors include NBFCs and banks.

According to the CRISIL Report, our competitors include Aditya Birla Finance Limited, Bajaj Finance Limited, Chalamandalam Investment and Finance Company Limited, L&T Finance Limited, Mahindra & Mahindra Finance Limited, Shriram Finance Limited, Sundaram Finance Limited and Tata Capital Limited.

Despite the competition we face, we have competitive advantages including a global presence in India, a diversified product portfolio, a granular customer base, technical expertise, a highly skilled and committed workforce and robust asset quality.

Outsourcing

We outsource some of our operations to various third parties including IT service providers, tech vendors, payment services providers, payment gateways and financial services institutions. See “Risk Factors—Internal Risks—We outsource certain

operational activities to third-party IT service providers and collection agents. Any lapse by such third-party service providers may have adverse consequences on our business and reputation” on page 50.

Intellectual Property

We rely on a combination of trademarks and intellectual property licenses and other contractual rights to protect our core business and intellectual property. Our right to use the HDFC Bank logo is dependent on a trademark license agreement entered into with our Promoter, HDFC Bank, on December 19, 2023, which is valid until July 1, 2028. For further details, see “*History and Certain Corporate Matters—Trademark license agreement dated December 19, 2023 entered amongst our Company and HDFC Bank Limited (the holding company of our Company)*” and “*Risk Factors—Internal Risks—We rely on a trademark licence agreement with our Promoter, HDFC Bank, to use the HDFC Bank logo. Any termination of our rights to use the HDFC Bank logo or any reputational harm to the HDFC Bank brand could materially and adversely affect our brand recognition, business, financial condition and results of operations*” on pages 296 and 37, respectively.

We have eight registered trademarks as at the date of this Prospectus.

Human Resources and Employees

As at Fiscals 2025, 2024 and 2023, we had a total of 60,432, 56,560 and 45,883 employees, respectively for our lending business. We are focused on creating a diverse and inclusive work environment for our employees, driving employee growth. We strive to treat all our employees with respect and empathy.

As part of our human resources, we have a dedicated employee base, employee benefits, learning and development opportunities and employee engagement initiatives. We provide regular training to our employees. Some of the training programmes conducted in the last three Fiscals include orientation programmes, leadership development programmes and mandatory courses in relation to prevention of sexual harassment, IT security, anti-money laundering KYC and insider trading. Further, as of March 31, 2025, 16.59% of our employees were women.

Our highly skilled and committed workforce is the driving force behind the business. The continuous upskilling initiatives and domain expertise of our employees across functions like credit underwriting, risk management and collections have played a major role in our journey.

The following table sets forth our employee details as at March 31, 2025:

Corporate Social Responsibility (CSR)

We are committed to fostering positive change and recognize the important role of businesses in shaping the societal landscape. We firmly believe that the true measure of success goes beyond profits and that success is also about contributing meaningfully to the well-being of the communities we serve. Through purpose driven initiatives, we aim achieve prosperity in a sustainable and responsible manner.

Our endeavor is to mainstream economically, physically and socially disadvantaged groups and to draw them into the cycle of growth, development and empowerment. To achieve this, we collaborate with development-focused NGOs, involve local communities in the development process and work with systems and frontline staff to achieve desirable social outcomes in a sustainable manner. Our CSR interventions are designed to improve financial literacy and inclusion, promote public health, empower youth through skill development and education initiatives, help eradicate poverty, advance rural development and support environmental sustainability. All CSR initiatives are implemented in accordance with Schedule VII of the Companies Act, 2013.

In Fiscals 2023, 2024 and 2025, we have engaged in a range of CSR initiatives in a variety of sectors with the objective of contributing to building a better India. These initiatives included:

- Transport Aarogyam Kendra: Offering physiotherapy to truck drivers through camps and static clinics;
- Project Sneha: Reducing prevalence of nutritional anemia among women and children;
- Skill Enhancement Initiatives: Imparting vocational training to urban / rural youth and adults;
- Financial Literacy Clinics: Providing guidance to build financially aware communities;
- Wash initiative: Providing safe sanitation facilities in schools and communities;
- Water Conservation: Ensuring water security through conservation efforts; and
- Mission Million Trees: Planting trees for a healthier environment.

During Fiscal 2025, our CSR expenditure was ₹467.8 million against a total CSR obligation of ₹463.5 million as per the Companies Act, 2013 requirements. Our CSR initiatives were rolled out across the country, in partnership with credible CSR partners. Our CSR partners are known for their outstanding track record in addressing local community needs. Each CSR initiative is designed with a focus on outcomes. We also have a CSR & ESG committee composed of four members that closely and rigorously monitors the performance of our CSR projects.

KEY REGULATIONS AND POLICIES

Given below is a summary of certain sector specific key laws and regulations in India, which are applicable to our Company. The information detailed in this section has been obtained from various statutes, regulations and/or local legislations and the bye laws of relevant authorities that are available in the public domain. This description may not be exhaustive and is only intended to provide general information to investors, and is neither designed, nor intended as a substitute for professional legal advice. The statements below are based on the current provisions of applicable law, which are subject to change or modification by subsequent legislative, regulatory, administrative, or judicial decisions. For details regarding the registrations and approvals obtained by our Company under applicable laws and regulations see, “Government and other Approvals” on page 488.

1. Key Regulations Applicable to our Company

The Reserve Bank of India Act, 1934, as amended (the “RBI Act”)

The RBI is entrusted with the responsibility of regulating and supervising NBFCs by virtue of powers vested in Chapter IIIB of the RBI Act. The RBI Act defines an NBFC as: (a) a financial institution which is a company; (b) a non-banking institution which is a company in the principal business of receiving deposits, under any scheme or arrangement or in any other manner, or lending in any manner; or (c) such other non-banking institution or class of institutions, as the RBI may, with the previous approval of the Central Government and by notification in the official gazette, specify.

A company categorized as an NBFC is required to have a net owned fund of such amount as the RBI may, by notification in the official gazette specify from time to time. Further, NBFCs are required to obtain a certificate of registration from the RBI prior to commencement of the business as an NBFC.

Pursuant to Section 45-IC of the RBI Act, every NBFC is required to create a reserve fund and transfer thereto a sum not less than 20% of its net profit every year, as disclosed in the profit and loss account and before any dividend is declared. No appropriation can be made from such fund by the NBFC except for the purposes specified by the RBI from time to time and every such appropriation shall be reported to the RBI within 21 days from the date of such withdrawal.

Master Direction – Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions, 2023 dated October 19, 2023 (“NBFC Scale Based Regulations”)

Applicability

The NBFC Scale Based Regulations are applicable to all NBFCs, categorized into the following layers:

- (i) *NBFC- Base Layer (“NBFC-BL”)*: It comprises non-deposit taking NBFCs with an asset size of less than ₹10 billion and (b) NBFCs undertaking the following activities: (i) NBFC-Peer to Peer Lending Platform (“NBFC-P2P”), (ii) NBFC-Account Aggregator (“NBFC-AA”), (iii) Non-Operative Financial Holding Company (“NOFHC”) and (iv) NBFC not availing public funds and not having any customer interface.
- (ii) *NBFC-Middle Layer (“NBFC-ML”)*: It comprises (a) all deposit taking NBFCs (“NBFCs-D”), irrespective of asset size, (b) non-deposit taking NBFCs with asset size of ₹10 billion and above and (c) NBFCs undertaking the following activities (i) Standalone Primary Dealer (“SPD”), (ii) Infrastructure Debt Fund-Non-Banking Financial Company (“IDF-NBFC”), (iii) Core Investment Company (“CIC”), (iv) Housing Finance Company (“HFC”) and (v) Non-Banking Financial Company-Infrastructure Finance Company (“NBFC-IFC”).
- (iii) *NBFC- Upper Layer (“NBFC-UL”)*: The upper layer comprises the top ten NBFCs in terms of asset size, irrespective of any other factor and certain other NBFCs that are specifically identified by the RBI as warranting enhanced regulatory requirement based on parameters set out in the NBFC Scale Based Regulations.
- (iv) *NBFC-Top Layer (“NBFC-TL”)*: It remain empty unless the RBI is of the opinion that there is a substantial increase in the potential systemic risk from specific NBFCs in the upper layer.

References to NBFC-ND-SI (systemically important non – deposit taking NBFC) shall mean NBFC-ML or NBFC-UL, as applicable. Under the NBFC Scale Based Regulations, all regulations applicable to an NBFC-BL and NBFC-ML are also applicable to an NBFC-UL, unless specified otherwise. Our Company has been classified as an NBFC-UL by the RBI.

Corporate Governance

Constitution of Committees

All NBFC-UL are required to constitute the committees disclosed below:

- (i) *Audit Committee:* An NBFC is required to constitute an audit committee consisting of not less than three members of its board of directors. The audit committee constituted by an NBFC as required under Section 177 of the Companies Act, 2013 shall be the audit committee for the purposes of the NBFC Scale Based Regulations as well, and its powers, duties and functions shall be as provided under Section 177 of the Companies Act, 2013.
- (ii) *Nomination and Remuneration Committee:* NBFCs are required to constitute a nomination and remuneration committee to ensure 'fit and proper' status of proposed or existing directors, which shall have the same powers, functions and duties laid down under Section 178 of the Companies Act, 2013.
- (iii) *Risk Management Committee:* NBFCs are required to constitute a risk management committee either at the Board or executive level for evaluating the overall risks faced by the NBFC including liquidity risk.

The asset liability management committee is required to be headed by the chief executive officer/ managing director or the executive director of such NBFC, as prescribed under the Guidelines on Liquidity Risk Management Framework in the NBFC Scale Based Regulations.

Fit and Proper Criteria for Directors

Applicable NBFCs are required to (a) maintain a policy approved by the board of directors for ascertaining the fit and proper criteria of the directors at the time of appointment, and on a continuing basis, in line with the guidelines prescribed under the NBFC Scale Based Regulations; (b) obtain a declaration and undertaking from directors giving additional information on the directors, in the format prescribed under the NBFC Scale Based Regulations; (c) obtain a deed of covenant signed by directors, in the format prescribed under the NBFC Scale Based Regulations; and (d) furnish to the RBI a quarterly statement on change of directors and a certificate from the managing director of the Applicable NBFCs that fit and proper criteria in selection of the directors has been followed. The statement must be submitted to the Regional Office of the Department of Supervision of the RBI where the Applicable NBFC is registered, within 15 days of the close of the respective quarter. The statement submitted for the quarter ending March 31, is required to be certified by the auditors.

Disclosure and Transparency

Applicable NBFCs are required to place before the board of directors, at regular intervals, as may be prescribed by their respective boards of directors, the following:

- (i) progress made in putting in place a progressive risk management system and risk management policy and strategy followed by the Applicable NBFC; and
- (ii) conformity with corporate governance standards including composition of committees, their roles and functions, periodicity of the meetings and compliance with coverage and review functions and so on.

NBFC-UL are required to disclose the following in their annual financial statements:

- (i) registration/licence/authorisation obtained from other financial sector regulators;
- (ii) ratings assigned by credit rating agencies and migration of ratings during the year;
- (iii) penalties, if any, levied by any regulator;
- (iv) information namely, area, country of operation and joint venture partners with regard to joint ventures and overseas subsidiaries;
- (v) asset-liability profile, extent of financing of parent company products, non-performing assets and movement of non-performing assets, details of all off-balance sheet exposures, structured products issued by them as also securitization/ assignment transactions and other disclosures, as prescribed under the NBFC Scale Based Regulations;
- (vi) capital to risk assets ratio (CRAR);

- (vii) exposure to real estate sector, both direct and indirect;
- (viii) maturity pattern of assets and liabilities;
- (ix) related party disclosure; and
- (x) disclosure of complaints.

Additionally, the NBFC-ULs shall comply with the following disclosure requirements in the format included in the NBFC Scale Based Regulations:

- (i) composition of the Board;
- (ii) committees of the Board and their composition;
- (iii) general body meetings;
- (iv) details of non-compliance with the requirements of the Companies Act, 2013;
- (v) details of penalties and strictures;
- (vi) breach of covenants; and
- (vii) divergence in asset classification and provisioning.
- (viii) mandatory listing of the NBFC within three years of identification as NBFC-UL.

Further, NBFCs shall frame their internal guidelines on corporate governance with the approval of the board of directors which shall be published on their respective websites.

Acquisition or Transfer of Control

Applicable NBFCs are required to obtain prior written permission of RBI for (a) any takeover or acquisition of control, which may or may not result in change in management, (b) any change in the shareholding, including progressive increases over time, which would result in acquisition or transfer of shareholding of 26% (no prior approval is required if the shareholding going beyond 26% is due to buy-back of shares or reduction in capital where it has approval of a competent court but must be reported to the RBI within one month of the occurrence), and (c) any change in the management of the Applicable NBFCs, which results in change in more than 30% of the directors, excluding independent directors, provided that no prior approval shall be required in case of directors who get re-elected on retirement by rotation. NBFCs are required to continue informing the RBI regarding any change in their directors or management regardless of their application for prior written permissions.

Prudential Norms

All NBFCs are required to maintain capital risk adequacy ratio consisting of Tier – I and Tier – II capital which shall not be less than 15% of the NBFC's aggregate risk weighted assets on-balance sheet and of risk adjusted value of off-balance sheet items. The Tier – I capital in respect of Applicable NBFCs, at any point of time, shall not be less than 10%.

NBFCs risk exposure to a single party or a single group of parties is also kept under control through ceiling limits on NBFCs investment and lending capacity to single party or a single group of parties. NBFCs are not to invest more than 25% of their Tier 1 capital to a single party and more than 40% of their Tier 1 capital to a single group of parties. The NBFCs are also mandated to formulate a policy for managing the exposure risk to single party/ single group of parties.

NBFCs which are in the business of lending against collateral of gold jewellery are required to obtain prior approval of the RBI to open branches exceeding 1,000. NBFCs which already have more than 1,000 branches are required to approach the RBI for prior approval for any further branch expansion.

Liquidity Risk Management Framework and Liquidity Coverage Ratio

Liquidity Risk Management Framework

Non-deposit taking NBFCs with an asset size of ₹1,000 million and above and all deposit taking NBFCs are required to adhere to the liquidity risk management framework prescribed under the NBFC Scale Based Regulations. The guidelines, *inter alia*, require the board of directors of the Applicable NBFC to formulate a liquidity risk management framework detailing entity-level liquidity risk tolerance, funding strategies, prudential limits, framework for stress

testing, liquidity planning under alternative scenarios/formal contingent funding plan, nature and frequency of management reporting, and periodical review of assumptions used in liquidity projections.

Liquidity Coverage Ratio

All non-deposit taking NBFCs with an asset size of more than ₹50,000 million and all deposit taking NBFCs irrespective of their asset size are required to adhere to the “Guidelines on Liquidity Coverage Ratio” under the NBFC Scale Based Regulations. All non-deposit taking NBFCs with asset size of ₹100 billion and above, and all deposit taking NBFCs irrespective of their asset size, are required to maintain a liquidity buffer in terms of liquidity coverage ratio which will promote resilience of NBFCs to potential liquidity disruptions by ensuring that they have sufficient high quality liquid asset to survive any acute liquidity stress scenario lasting for 30 days. The stock of high-quality liquid asset to be maintained by the NBFCs is required to be a minimum of 100% of total net cash outflows over the next 30 calendar days. The liquidity coverage ratio requirement is binding on NBFCs from December 1, 2020 with the minimum high quality liquid assets to be held being 50% of the liquidity coverage ratio, progressively reaching up to the required level of 100% by December 1, 2024, in accordance with the timeline prescribed below:

From	December 1, 2020	December 1, 2021	December 1, 2022	December 1, 2023	December 1, 2024
Minimum Liquidity Coverage Ratio	50%	60%	70%	85%	100%

All non-deposit taking NBFCs with asset size of ₹50 billion and above but less than ₹100 billion are required to also maintain the required level of liquidity coverage ratio in accordance with the timeline given below:

From	December 1, 2020	December 1, 2021	December 1, 2022	December 1, 2023	December 1, 2024
Minimum Liquidity Coverage Ratio	30%	50%	60%	85%	100%

Asset Classification and Provisioning Norms

All NBFCs (except microfinance loans of NBFC-MFIs) are required to adopt the asset classification and provisioning norms as set forth below:

Asset Classification

- (i) a “standard asset” means the asset in respect of which no default in repayment of principal or payment of interest is perceived and which does not disclose any problem nor carry more than normal risk attached to the business.
- (ii) a “sub-standard asset” means (a) an asset which has been classified as non-performing asset for a period not exceeding 18 months; (b) an asset where the terms of the agreement regarding interest and/or principal have been renegotiated or rescheduled or restructured after commencement of operations, until the expiry of one year of satisfactory performance under the renegotiated or rescheduled or restructured terms. However, the classification of infrastructure loans as sub-standard assets is subject to the conditions stipulated in the NBFC Scale Based Direction.
- (iii) a “doubtful asset” means (a) a term loan, or (b) a lease asset, or (c) a hire purchase asset, or (d) any other asset, which remains a sub-standard asset for a period exceeding 18 months.
- (iv) a “loss asset” means (a) an asset which has been identified as loss asset by an Applicable NBFC or its internal or external auditor or by the RBI during the inspection of the Applicable NBFC, to the extent it is not written off by the applicable NBFC; and (b) an asset which is adversely affected by a potential threat of non-recoverability due to either erosion in the value of security or non-availability of security or due to any fraudulent act or omission on the part of the borrower.
- (v) a “non-performing asset” means: (a) an asset for which interest has remained overdue for a period of more than 90 days; (b) a term loan inclusive of unpaid interest, when the instalment is overdue for a period of more than 90 days or on which interest amount remained overdue for a period of more than 90 days; (c) a demand or call loan, which remained overdue for a period of three months or more from the date of demand or call or on which interest amount remained overdue for a period of more than 90 days; (d) a bill which remains overdue for a period of 90 days or more; (e) the interest in respect of a debt or the income on receivables under the head ‘other current assets’ in the nature of short term loans/advances, which facility remained overdue for a period of more than 90 days; (f) any dues on account of sale of assets or services rendered or reimbursement of expenses incurred, which remained overdue for a period of more than 90 days; (g) the lease

rental and hire purchase instalment, which has become overdue for a period of more than 90 days; (h) in respect of loans, advances and other credit facilities (including bills purchased and discounted), the balance outstanding under the credit facilities (including accrued interest) made available to the same borrower/beneficiary when any of the above credit facilities becomes non-performing asset. Provided that in the case of lease and hire purchase transactions, an Applicable NBFC is required to classify each such account on the basis of its record of recovery.

Provisioning Norms

In addition to provisioning norms under applicable accounting standards and the NBFC Scale Based Regulations, all applicable NBFCs (except in relation to microfinance loans offered by NBFC MFIs) are required to, after taking into account the time lag between an account becoming non-performing, its recognition as such, the realisation of the security and the erosion over time in the value of security charged, make provision against sub-standard assets, doubtful assets and loss assets as provided hereunder:

Standard Asset Provisioning

The provision towards standard assets shall not be netted from gross advances but are required to be shown separately as 'Contingent Provisions against Standard Assets' in the balance sheet of the Applicable NBFCs.

Balance sheet disclosures

- (i) Applicable NBFCs are required to separately disclose in their financial statements the provisions made, as prescribed under the NBFC Scale Based Regulations, without netting them from income or against the value of assets.
- (ii) The provisions are to be distinctly indicated under separate heads of account as:
 - (a) provisions for bad and doubtful debts; and
 - (b) provisions for depreciation in investments.
- (iii) Such provisions shall not be appropriated from the general provisions and loss reserves held, if any, by the applicable NBFC.
- (iv) Such provisions for each year are required to be debited to the profit and loss account. The excess of provisions, if any, held under the heads general provisions and loss reserves are required to be written back without making adjustment against them.
- (v) Additionally, applicable NBFCs are required to disclose: (a) exposures including to real estate sector, capital markets, sectoral, intra-group, etc.; (b) related party disclosure; and (c) disclosure of complaints.

Regulation of Excessive Interest Charged by NBFCs

- (i) The board of directors of each Applicable NBFC is required to adopt an interest rate model taking into account relevant factors such as cost of funds, margin and risk premium and determine the rate of interest to be charged for loans and advances. The rate of interest, the approach for gradations of risk and rationale for charging different rate of interest to different categories of borrowers are required to be disclosed to the borrower or customer in the application form and communicated explicitly in the sanction letter.
- (ii) The rates of interest and the approach for gradation of risks are also required to be made available on the website of the Applicable NBFCs or published in the relevant newspapers. The information published in the website or otherwise published is required to be updated whenever there is a change in the rates of interest.
- (iii) The rate of interest must be annualized rate so that the borrower is aware of the exact rates that would be charged to the account.

Although rates of interest charged by NBFCs are not regulated by the RBI, rates of interest beyond a certain level may be seen to be excessive. The board of directors of Applicable NBFCs are required to layout appropriate internal principles and procedures in determining interest rates and processing and other charges.

Accounting Standards

Accounting Standards and guidance notes issued by the Institute of Chartered Accountants of India are required to be followed by NBFCs insofar as they are not inconsistent with any of the provisions of the Scale Based Regulations. NBFCs that are required to implement Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 shall prepare their financial statements in accordance with Ind AS notified by the Government of India and shall comply with the regulatory guidance specified in annexure II of the NBFC Scale Based Regulations. Disclosure requirements for notes to accounts specified in scale based directions shall continue to apply.

Fair Practices Code

All Applicable NBFCs having customer interface are required to adopt a fair practices code in line with the guidelines prescribed under the NBFC Scale Based Regulations. The NBFCs shall convey in writing to the borrower in the vernacular language by means of sanction letter or otherwise, along with the terms and conditions including annualized rate of interest and method of application thereof and keep the acceptance of these terms and conditions by the borrower on its record. The NBFC Scale Based Regulations stipulate that such fair practices code should cover, *inter alia*, the form and manner of processing of loan applications; loan appraisal and terms and conditions thereof; and disbursement of loans and changes in terms and conditions of loans. The NBFC Scale Based Regulations also prescribe general conditions to be observed by Applicable NBFCs in respect of loans and requires the board of directors of Applicable NBFCs to lay down a grievance redressal mechanism.

Penal Charges in Loan Accounts

Penalties for non-compliance with material terms and conditions of a loan contract by a borrower shall be treated as 'penal charges' and shall not be levied as a 'penal interest' that is added to the rate of interest charged on advances.

No further interest shall be computed on such penal charges. The NBFC Scale Based Regulations prohibit regulated entities, which include NBFCs, from introducing any additional component to the rate of interest and stipulate that all NBFCs shall formulate a Board approved policy on penal charges or similar charges on loans. The quantum of penal charges shall be reasonable without being discriminatory within a particular loan or product category.

Reset of Floating Interest Rate on Equated Monthly Instalments (“EMI”) based Personal Loans

At the time of sanction of EMI based floating rate personal loans, regulated entities (including NBFCs) are required to take into account the repayment capacity of borrowers to ensure that adequate headroom is available for elongating the tenor or increasing the EMI. The notification requires the instructions enumerated therein to be extended to existing and new loans suitably by December 31, 2023, and for existing borrowers to be sent a communication through appropriate channels, intimating the options available to them.

Declaration of Dividend

The NBFC Scale Based Regulations intend to infuse greater transparency and uniformity in practice of distribution of dividends by setting eligibility criteria and disclosure requirements for NBFCs for distribution of dividends. According to the NBFC Scale Based Regulations, NBFCs must comply with four minimum prudential criteria to be considered eligible to declare dividends: (i) prescribed levels of capital adequacy; (ii) prescribed levels of Net NPA; (iii) compliance with provisions of Section 45IC of the RBI Act; and (iv) continuous general compliance with RBI regulations and guidelines concerning NBFCs. The NBFC Scale Based Regulations also prescribe to the board of directors of the NBFCs to consider the decision to roll out dividends in light of certain definite factors. NBFCs, other than NBFC-BL, that declare dividend have to report dividend declared during the financial year in the format prescribed under the NBFC Scale Based Regulations.

Instructions on Managing Risks and Code of Conduct in Outsourcing of Financial Services by NBFCs

The NBFC Scale Based Regulations specify the activities that cannot be outsourced and also provide the basis for deciding materiality of outsourcing. It mandates the regulatory and supervisory requirements and risk management practices to be complied with by every NBFC before outsourcing its activities. Further, an NBFC intending to outsource any of the permitted activities under the NBFC Scale Based Regulations is required to formulate an outsourcing policy which is to be approved by its board of directors.

Integrated Ombudsman Scheme, 2021

The NBFC Scale Based Regulations specify that all NBFCs covered under the Integrated Ombudsman Scheme, 2021 (“**Scheme**”), must comply with the directions provided under the Scheme.

The NBFC Scale Based Regulations also specify that pursuant to RBI’s circular on Appointment of Internal Ombudsman by NBFCs dated November 12, 2021, all applicable NBFCs shall appoint an Internal Ombudsman and shall adhere to the corresponding guidelines. Further, on December 29, 2023, the Reserve Bank of India had issued Master Direction – Reserve Bank of India (Internal Ombudsman for Regulated Entities) Directions, 2023.

Circular dated January 15, 2024 on Credit / Investment Concentration Norms – Credit Risk Transfer (“Circular on Credit Risk”)

The Circular on Credit Risk specifies the manner of computation of exposures for credit risk transfer instruments and exemptions from credit / investment concentration norms. Additionally, the Circular on Credit Risk also requires certain disclosures in relation to exposure in annual financial statements of NBFCs.

Prevention of Money Laundering Act, 2002 (“PMLA”)

The PMLA was enacted to prevent money laundering and to provide for confiscation of property derived from, or involved, in money laundering, and for incidental matters connected therewith. Section 12 of the PMLA inter alia casts certain obligations on reporting entities (as defined under the PMLA) in relation to preservation of records and reporting of transactions.

Master Direction (Know Your Customer) Directions, 2016 dated February 25, 2016, as amended (the “KYC Directions”)

The KYC Directions require regulated entities (as defined KYC Directions) to follow certain customer identification procedures while undertaking a transaction. These directions are applicable to every entity regulated by RBI, including scheduled commercial banks, regional rural banks, local area banks, primary (urban) co- operative banks, state and central co-operative banks, all India financial institutions, NBFCs, miscellaneous non- banking companies and residuary non-banking companies, amongst others. Every entity regulated thereunder is required to adopt a ‘know your

customer' ("KYC") policy, duly approved by its board of directors, which shall include four key elements, namely, customer acceptance policy; risk management policy; customer identification procedures; and monitoring of transactions. Regulated entities are required to ensure compliance with the KYC policy through specifying 'senior management' for the purposes of KYC compliance; allocation of responsibility for effective implementation of policies and procedures; independent evaluation of compliance with KYC and anti-money laundering policies and procedures, including legal and regulatory requirements; concurrent/internal audit system for compliance to verify compliance with KYC and anti-money laundering policies and procedures; and submission of quarterly audit notes and compliance to the audit committee of the board of directors of the regulated entity.

Master Directions on Fraud Risk Management in Non-Banking Financial Companies (NBFCs) (including Housing Finance Companies) dated July 15, 2024 ("Directions on Fraud Risk Management")

The Directions on Fraud Risk Management provide a framework for prevention, early detection and timely reporting of incidents of fraud to law enforcement agencies, RBI and the National Housing Bank. The Directions on Fraud Risk Management require NBFCs to adopt a policy on fraud risk management, approved by the board of directors, that sets out the roles and responsibilities of the board of directors (including committees of the board of directors) and senior management. Such policy is required to be reviewed by the board of directors at least one in three years. Further, a special committee of the board of directors is required to be constituted for monitoring and following up on cases of frauds. The committee is required to review and monitor cases of frauds, including root cause analysis, and suggest mitigating measures for strengthening the internal controls, risk management framework and minimizing the incidence of frauds.

The Directions on Fraud Risk Management also specify the manner in which any incidents of fraud are required to be reported to law enforcement agencies and the RBI.

Master Direction – Reserve Bank of India (Filing of Supervisory Returns) Directions, 2024 dated February 27, 2024 ("Returns Master Direction")

The Returns Master Direction lists detailed instructions in relation to submission of supervisory returns prescribed by the RBI for various categories of commercial banks, AIFIs, NBFCs, etc., including their periodicity, reference date, applicability and the purpose of filing such returns.

Master Direction – Non- Banking Financial Companies Auditor's Report (Reserve Bank) Directions, 2016 dated September 29, 2016 ("Auditor's Report Directions")

The Auditor's Report Directions set out disclosures that are to be included in every auditor's report on the accounts of an NBFC such as: (i) the validity of such NBFC's certificate of registration and whether the NBFC is entitled to continue to hold such certificate of registration in terms of its principal business criteria as of March 31 of the applicable year; and (ii) compliance with net owned fund requirements as laid down in the Master Directions.

Guidelines on Risk-based Internal Audit ("RBIA") System for Select NBFCs and Urban Co-operative Banks, 2021 dated February 3, 2021 (the "RBIA Guidelines")

The RBIA for non-deposit taking NBFCs with an asset size of ₹5,000 crore and above (the "Applicable NBFCs"), was mandated by the RBI through the RBIA Guidelines. Under the RBIA Guidelines, Applicable NBFCs are required to implement the RBIA framework by March 31, 2022. The RBIA Guidelines, inter alia, are intended to enhance the efficacy of internal audit systems and contribute to the overall improvement of governance, risk management and control processes followed by the Applicable NBFCs. Under the RBIA Guidelines, the board of directors of the Applicable NBFC must approve a policy clearly documenting the purpose, authority, and responsibility of the internal audit activity, with a clear demarcation of the role and expectations from risk management function and the RBIA function. The RBIA Guidelines also mandate that the policy be reviewed periodically, and that the internal audit function is not outsourced. Further, the RBIA Guidelines also require that the risk assessment of business and other functions of Applicable NBFCs should be conducted at least on an annual basis. The RBI has also issued guidelines on Default Loss Guarantee ("DLG") in digital lending on June 08, 2023 and capped the DLG cover on any outstanding portfolio which is specified upfront shall not exceed five per cent of the amount of that loan portfolio.

Circular dated June 8, 2023 on Framework for Compromise Settlements and Technical Write-offs ("Framework for Compromise")

The Framework for Compromise requires an NBFC to have a board approved policy for compromise settlements with the borrowers and technical write-offs. Such policy is required to comprehensively lay down processes to be followed for all compromise settlements and technical write-offs. The policy is required to include specific guidance on necessary conditions precedent such as minimum ageing and deterioration in collateral value. The policy is required to put in place a graded framework for examination of staff accountability with reasonable thresholds and timelines as

decided by the board of the NBFC.

The Framework for Compromise also sets out the prudential treatment and reporting requirements for compromise settlements and technical write-offs. In terms of the Framework for Compromise, compromise settlements where the time for payment of the agreed settlement amount exceeds three months shall be treated as restructuring.

Master Direction –Transfer of Loan Exposures, 2021 dated September 24, 2021, as amended (“Transfer of Loan Exposures Directions”)

The Transfer of Loan Exposures Directions specify certain requirements to be complied with by specified financial institutions, including NBFCs, in relation to transfers of loan exposures including: (a) an obligation to adopt a board approved policy on transfer and acquisition of loan exposures; (b) reporting requirements; (c) matters to be specified in loan transfer agreements including distribution of the principal and interest income from the transferred loan between the transferor and the transferee.

Transfer of Stressed Loans

Stressed Loans are mean loan exposures which are classified as NPA or as special mention accounts. Such loans can only be transferred through novation or assignment. This policy must also cover the following aspects –

- (i) Norms and procedure for transfer or acquisition of such loans;
- (ii) Valuation methodology to be followed to ensure that the value of stressed loans, including the realisability of the underlying security interest, if available, is reasonably estimated;
- (iii) Delegation of powers to various functionaries for taking decision on the transfer or acquisition of the loans;
- (iv) Stated objectives for acquiring stressed assets;
- (v) Risk premium to be applied

The board of directors of NBFCs transferring their loans must also put in place a policy for valuation of loan exposures proposed to be transferred. The policy must also delineate the grounds for valuation of stressed loans. In case, the loan exposure to be transferred is ₹1,000 million, the NBFCs would require two external valuation reports.

The RBI permits only scheduled commercial banks, All India Financial Institutions, small finance banks, and NBFCs, (Permitted Transferees) and Asset Reconstruction Companies (ARCs) to acquire stressed loans. Further, the NBFCs can acquire the stressed loans only on cash basis. Such NBFCs must hold the loans for a period of six months in their books and are generally prohibited to acquire those loans which have been transferred as stressed loans in the previous six months. In case an NBFC has an existing exposure to the borrower whose stressed loan account is acquired, the asset classification of the acquired exposure shall be the same as the existing asset classification of the borrower with the transferee. Otherwise, the acquired exposure would be treated as Standard by the NBFC.

Transfer of Loans not in Default

A non-payment of whole or any part or instalment of the debt upon being due and payable is considered as default on the part of the borrower. These loans can be transferred to permitted transferees including NBFCs through novation, assignment, or loan participation contracts. The transfer shall be only on cash basis and the consideration shall be received not later than at the time of transfer of loans. The transfer consideration should be arrived at in a transparent manner on an arm's length basis. The NBFCs can transfer loans only after a minimum holding period, as counted from the date of registration of security interest, i.e., (a) three months in case of loans with tenor of up to two years; (b) six months in case of loans with tenor of more than two years.

Disclosure and Reporting

Under these directions, an NBFC must set out (a) disclosures concerning total amounts of loans not in default, and stressed loans transferred and acquired on a quarterly basis in their financial statements; (b) disclosures to trade reporting platforms notified by the RBI of each loan transfer transaction undertaken and maintain a database of such transactions.

Outsourcing of Financial Services – Responsibilities of regulated entities employing Recovery Agents, dated August 12, 2022

In light of the alleged deviations and violations by agents employed by regulated entities and reiterating that the responsibility for outsourcing activities vests ultimately with regulated entities, the RBI has directed regulated entities,

including NBFCs, to strictly ensure that they or their agents do not resort to intimidation or harassment of any kind for recovery of overdue loans, making false and misleading representations, etc.

Reserve Bank of India (Digital Lending) Directions, 2025 dated May 8, 2025 (the “Digital Lending Directions”)

The RBI issued the Digital Lending Directions with effect from May 8, 2025. The Digital Lending Directions consolidate existing guidelines and introduce new measures to address concerns in the digital lending ecosystem, such as the engagement of third parties, mis-selling, data privacy issues, unfair practices, excessive interest rates, and unethical recovery methods. The Digital Lending Directions are applicable to digital lending activities conducted by NBFCs, among others.

The Directions cover various aspects of digital lending, including general requirements for arrangements between Regulated Entities (“REs”) and Lending Service Providers (“LSPs”). This includes due diligence for LSPs and specific rules for arrangements where an LSP partners with multiple REs. Other key areas include conduct and customer protection requirements, such as assessing borrower creditworthiness, mandatory disclosures, loan disbursement and repayment processes, a cooling-off period for borrowers, and robust grievance redressal mechanisms. The Digital Lending Directions also specify technology and data requirements that emphasize on need-based data collection with explicit consent, data storage limitations, comprehensive privacy policies, and adherence to cybersecurity standards.

Furthermore, the Digital Lending Directions establish requirements for reporting credit information to credit information companies for all digital lending activities and mandate the reporting of all digital lending apps used by REs or their LSPs to the RBI’s Centralised Information Management System (“CIMS”) portal. The Digital Lending Directions also include regulations for Default Loss Guarantee (“DLG”) arrangements. This includes eligibility criteria for DLG providers, due diligence, restrictions on DLG arrangements, permitted forms and a cap on DLG cover, recognition of non-performing assets (“NPAs”), capital treatment, invocation, tenor, and disclosure requirements related to DLG.

Master Direction – Reserve Bank of India (Regulatory Framework for Microfinance Loans) Directions, 2022, dated March 14, 2022 (the “Microfinance Loans Directions”)

Master Direction – Information Technology Governance, Risk, Control and Assurance Practices dated November 7, 2023 (“Master Direction – IT”)

The Master Direction – IT regulate the governance of information technology (“IT”) and the risks, assurance practices, control mechanisms and disaster management of regulated entities. The key requirements are as follows:

IT Governance

The Master Direction – IT lays down a framework for information technology (“IT Governance Framework”) that focuses on strategic alignment, risk management, resource management, performance management and disaster recovery management. NBFCs are obligated to set up an IT Governance Framework that specifies the governance structure adhering to the business objectives of the respective NBFC, that specifies the roles of the board of directors

and includes adequate oversight mechanisms to mitigate risks associated with cyber and information security. Under the IT Governance Framework, an IT Strategy Committee (“ITSC”) must be established that shall, *inter alia*, ensure that the NBFC has an effective IT strategic planning process and the NBFC’s IT governance provides for accountability. The risk management policy, which shall include IT related risks and cyber security related risks, shall be reviewed periodically by the risk management committee of the board, in consultation with the ITSC.

IT Infrastructure and Services Management

The Master Direction – IT also mandates NBFCs to have a framework that supports their information systems and infrastructure to ensure operational resilience. In the event there are third-parties handling the NBFC’s information technology or cyber security, the NBFC are required to put in place appropriate vendor risk assessment processes to, *inter alia*, mitigate risk and to eliminate and address any conflict of interests.

IT Information and Security Risk Management

Under the Master Direction – IT, NBFCs are mandated to set up a framework that, *inter alia*, contains internal control and processes to mitigate and manage risks, identifies critical information systems and provides for the fortification of the same and contains procedures and controls to ensure a secure transmission/ storage/ processing of data and information.

Business Continuity Plan and Disaster Recovery Policy

The Master Direction – IT, prescribes a business continuity plan and disaster recovery policy in order to reduce the likelihood and impact of disruptive incident and to ensure the continuity of business. Disaster recovery drills in relation to critical information are required to be done at least on a half-yearly basis and for other information systems, as per the risk assessment of the NBFC.

Information Systems (“IS”) Audit

The Master Direction – IT states that the audit committee of the board shall overlook the functioning of the IS Audit. All entities are required to have an IS audit policy that shall describe the mandate, scope and purpose of the audit. The audit committee, under the Master Direction – IT, has to review the critical issues related to IT, information security and cyber security and thereafter, provide guidance to the management regarding the same.

Master Direction –Reserve Bank of India (Securitisation of Standard Assets) Directions, 2021 dated September 24, 2021, as updated (the “SSA Directions”)

Securitisation involves transactions where credit risk in assets are redistributed by repackaging them into tradeable securities with different risk profiles which may give investors of various classes access to exposures which they otherwise might be unable to access directly. While complicated and opaque securitisation structures could be undesirable from the point of view of financial stability, prudentially structured securitisation transactions can be an important facilitator in a well-functioning financial market in that it improves risk distribution and liquidity of lenders in originating fresh loan exposures. The RBI, to regulate the issuance of securitisations, introduced the SSA Directions to be applicable to all Scheduled Commercial Banks (including Small Finance Banks but excluding Regional Rural Banks), all All-India Term Financial Institution and all NBFCs (including HFCs). These directions enunciated the assets which were eligible for securitisation and provided for skin-in-the-game requirements by way of specifying Minimum Retention Requirement(s) for any lender who transfers from its balance sheet a single asset or a pool of assets to a Special Purpose Entity as a part of a securitisation transaction and would include other entities of the consolidated group to which the lender belongs.

RBI circular on Compliance Function and Role of Chief Compliance Officer (CCO) –NBFCs dated April 11, 2022

In terms of the abovementioned circular, which is applicable to NBFCs in the upper layer and middle layer, the applicable entities are required to *inter alia* put in place a board approved policy and a compliance function, including the appointment of a chief compliance officer, based on the framework stipulated in the said circular. As per the circular, the chief compliance officer shall be the nodal point of contact between the NBFC and the regulators or supervisors and shall necessarily be a participant in the structured or other regular discussions held with RBI. Further, compliance to RBI inspection reports shall be communicated to RBI necessarily through the office of the compliance function.

Master Direction –Reserve Bank of India (Outsourcing of Information Technology Services) Directions, 2023 dated April 10, 2023 (“IT Outsourcing Directions”)

The master direction by the RBI provides guidelines for outsourcing information technology services by financial institutions, including banks, NBFCs, and payment system operators. The directions recognise the extensive usage of

information technology and information technology enabled services to support the business models, products and services offered by regulated entities to their customers. The aim of the IT Outsourcing Directions is to ensure that outsourcing arrangements neither diminishes ability to fulfil its obligations to customers nor impede effective supervision by the RBI. As per the IT Outsourcing Directions, a regulated entity shall take steps to ensure that the service provider employs the same high standard of care in performing the services as would have been employed by the regulated entity itself, had the same activity not been outsourced. The regulated entities need to ask their service providers to develop and establish a robust framework for documenting, maintaining, and testing business continuity plan and disaster recovery plan.

A regulated entity can also outsource any IT activity/IT enabled service within its business group/conglomerate, subject to conditions specified in the directions. Regulated entities intending to outsource any of its IT activities are required put in place a comprehensive Board approved IT outsourcing policy which shall incorporate, inter alia, the roles and responsibilities of the Board, committees of the Board (if any) and Senior Management, IT function, business function as well as oversight and assurance functions in respect of outsourcing of IT services. The IT Outsourcing Directions also require regulated entities to immediately notify the RBI in the event of breach of security and leakage of confidential customer related information. The RBI has the power to impose penalties for violations of the directions. These directions came into effect from October 1, 2023.

Reserve Bank of India's Master Circular – Prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances dated April 1, 2023

The RBI issued the “Master Circular – Prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances” on April 1, 2023, collating the clarifications from the “Prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances – Clarifications” issued on November 12, 2021 (“**November 12 Circular**”). The clarification was issued with a view of ensuring uniformity in the implementation of IRACP norms across all lending institutions. The November 12 Circular clarified certain aspects of the extant regulatory guidelines, which will be applicable to be all lending institutions. The clarifications were made applicable immediately from the date of circular except for the instructions related to specification of due date / repayment date which were made applicable from December 31, 2021 and instructions related to non-performing assets classification in case of interest payments and customer education which will be applicable from March 31, 2022 onwards. The November 12 Circular, amongst other things, requires borrower accounts to be flagged as overdue by lending institutions as part of their day-end processes for the due date, irrespective of the time of running such processes. Similarly, classification of borrower accounts as special mention accounts (“SMA”) as well as NPA is required to be undertaken as part of day-end processes for the relevant date, such that the date of SMA/ NPA shall reflect the asset classification status of an account at the day-end of that calendar date. The November 12 Circular clarifies that the SMA classification requirement for borrower accounts is applicable to all loans, including retail loans, irrespective of size of exposure of the lending institution. Further, the November 12 Circular provides that upgradation of accounts classified as NPAs may be upgraded to ‘standard’ only if the entire arrears of interest and principal are paid by the borrower, as opposed to such upgradation being undertaken upon payment of only interest overdue.

RBI circular on Co-lending by Banks and NBFCs to Priority Sector dated November 5, 2020

The RBI introduced the co-lending model to increase the affordability and outreach of capital to underserved sections of the economy. By entering into co-lending arrangements, banks and NBFCs can combine the relative advantages of the two to provide financial services. Banks are permitted to co-lend with all registered NBFCs based on a prior agreement. The co-lending banks will take their share of the individual loans on a back-to-back basis in their books. However, NBFCs are required to retain minimum 20% share of the individual loans on their books. The bank and the NBFC will have to maintain their own individual customer accounts but there is a requirement for the funds to be disbursed via an escrow account, maintained with the banks. The master agreement may contain necessary clauses on representations and warranties which the originating NBFC shall be liable for in respect of the share of the loans taken into its books by the bank. The co-lenders are mutually required to set up a framework for loan monitoring and recovery, grievance redressal mechanism, arrange for the creation of security and charge and ensure compliance with respective internal guidelines.

IRDAI (Registration of Corporate Agents) Regulations, 2015 (“CA Regulations”)

Corporate agents are granted a certificate of registration by the IRDAI in accordance with the CA Regulations for solicitation and servicing of insurance business for any of the specified category of life, general and health. A corporate agency registration is valid for a period of three years from the date of issuance, unless the same is suspended or cancelled by the IRDAI. The grant and renewal of a corporate agency registration is subject to the applicant meeting the eligibility criteria prescribed in the CA Regulations. The criteria includes matters inter alia (a) whether the applicant has the necessary infrastructure such as, adequate office space, equipment and trained manpower on their rolls to effectively discharge its activities; (b) whether the principal officer, directors and other employees of the applicant have violated the code of conduct set out under the CA Regulations in the last three years; (c) whether any person,

directly or indirectly connected with the applicant, has been refused in the past the grant of a licence/registration by the IRDAI; and (d) whether the applicant, in case the principal business of the applicant is other than insurance, maintain an arms-length relationship in financial matters between its activities as corporate agent and other activities.

Further, pursuant to the IRDAI (Insurance Intermediaries) (Amendment) Regulations, 2022, a corporate agent, depending on the type of registration (i.e., general, life or health) a corporate agent is permitted to act as a corporate agent for a maximum of nine general, life or health insurers, as applicable. In the case of corporate agent (composite) the total number of arrangements with life, general and health insurers, shall not exceed twenty-seven at any point of time.

IRDAI (Expenses of Management of Insurers Transacting General or Health Insurance Business) Regulations, 2023 (“EOM Regulations”)

The EOM Regulations prescribe inter alia the limit and scope of the expenses of management in general insurance and health insurance business. The EOM Regulations include all operating expenses of general or health insurance business, commission to insurance agents, intermediaries or insurance intermediaries and the commission and expenses on reinsurance inward, which are charged to revenue account, under the ambit of ‘expenses of management’. In terms of the EOM Regulations, no insurer carrying on general insurance business in India shall incur expenses of management in excess of 30% of gross premium written in India in a fiscal year. Further, no insurer exclusively carrying on health insurance business in India, shall incur expenses of management exceeding 35% of gross premium written in India in a fiscal year as expenses of management. The EOM Regulations require every insurer to have a well-documented policy for allocation and apportionment of expenses of management amongst various business segments. The said policy shall be approved by the board of directors of the company.

IRDAI (Payment of Commission) Regulations, 2023 (“Commission Regulations”)

The Commission Regulations, which came into force from April 1, 2023, prescribe inter alia the limits for payment of commission under life insurance and general insurance products offered by the insurers. The Commission Regulations define ‘commission’ as any compensation including remuneration, or reward, by whatever name called, paid by an insurer to insurance agent, intermediary or insurance intermediary, as applicable, for soliciting or procuring or transacting insurance business. In terms of the Commission Regulations, every insurer is required to adopt a board approved policy with respect to payment of commission and the objectives of the said policy shall inter alia take into consideration (i) the interest of the policyholders; (ii) nature and tenure of insurance policy; and (iii) the interest of the insurance agent, intermediary or insurance intermediary.

IRDAI Information and Cyber Security Guidelines, 2023 (“Cyber Security Guidelines”)

In terms of the Cyber Security Guidelines, all regulated entities are mandated to establish and maintain an organisation structure for governance, implementation and monitoring of information security, comprising the board of directors, risk management committee and information security risk management committee. The ultimate responsibility for information security of an organisation vests with the board of directors of the regulated entity, in addition to receiving quarterly inputs on matters related to information security and approving its information and cyber security policy.

Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002, as amended (“SARFAESI Act”)

The SARFAESI Act, read with the Security Interest (Enforcement) Rules, 2002, as amended, governs securitization of assets in India. Any asset reconstruction company may acquire assets of a bank or financial institution, including NBFCs, by either entering into an agreement with such bank or financial institution for transfer of such assets to the company or by issuing a debenture or bond or other security in the nature of debentures, for consideration, as per such terms and conditions as may be mutually agreed.

If a bank or financial institution is a lender in relation to financial assets acquired by the asset reconstruction company, such company shall be deemed to be the lender in relation to those financial assets. The SARFAESI Act provides for the enforcement of security interest without the intervention of the courts.

Under the provisions of the SARFAESI Act, a secured creditor, can recover dues from its borrowers by taking any of the measures as provided therein, including (i) taking possession of the secured assets or (ii) taking over the management of business of borrower. Rights, with respect to the enforcement of security interest, under the SARFAESI Act cannot be enforced unless the account of the borrower has been classified as a NPA in the books of account of the secured creditor in accordance with the directions or guidelines issued by the RBI or any other applicable regulatory authority.

However, the requirement for a secured debt to be classified as a NPA shall not apply to a borrower who has raised funds through debt securities. In the event that the secured creditor is unable to recover the entire sum due by exercise of the remedies under the SARFAESI Act in relation to the assets secured, such secured creditor may approach the relevant court for the recovery of the balance amounts. A secured creditor may also simultaneously pursue its remedies under the SARFAESI Act

Recovery of Debts due to Banks and Financial Institutions Act, 1993, as amended (“DRT Act”)

Under the DRT Act, the procedures for recovery of debt have been prescribed and time frames have been fixed for speedy disposal of cases. The DRT Act prescribes the rules for establishment of Debt Recovery Tribunals (“**DRTs**”), procedure for making application to DRTs, powers of DRTs and modes of recovery of debts determined by DRTs, including inter alia attachment and sale of movable and immovable properties of defendants, taking possession of property over which security interest is created or any other property of the defendant and appointing receiver for such property and to sell the same, arrest of defendants, defendants’ detention in prison and appointment of receivers for management of the movable or immovable properties of defendants. The DRT Act also provides that a bank or public financial institution, having a claim to recover its debt may join an ongoing proceeding filed by some other bank or public financial institution against its debtor at any stage of the proceedings before the final order is passed by making an application to the DRT.

Insolvency and Bankruptcy Code, 2016, as amended (the “IBC”)

The IBC empowers creditors, whether secured, unsecured, financial, operational or decree holder to trigger resolution processes to start at the earliest sign of financial distress, provides for a single forum to oversee insolvency and liquidation proceedings, enables a calm period where new proceedings do not derail existing ones, provides for replacement of the existing management during insolvency proceedings while maintaining the enterprise as a going concern, offers a finite time limit within which the debtor’s viability can be assessed and prescribes a linear liquidation mechanism.

The Digital Personal Data Protection Act, 2023 (“DPDP Act”)

The DPDP Act received the assent of the President of India and was notified on August 11, 2023; however, the provisions of the DPDP Act have not been notified. The DPDP Act seeks to balance the rights of individuals to protect their personal data with the need to process personal data for lawful and other incidental purposes. All data fiduciaries, determining the purpose and means of processing personal data, are mandated to provide a notice to data principals in plain and clear language containing a description of the personal data sought to be collected along with the purpose of processing such data. The DPDP Act further provides that personal data may be processed only for a lawful purpose after obtaining the consent of the individual. A notice must be given before seeking consent. The notice should contain details about the personal data to be collected and the purpose of processing. Consent may be withdrawn at any point in time. An individual whose data is being processed (data principal), will have the right to inter alia (i) obtain information about processing; (ii) seek correction and erasure of personal data; and (iii) nominate another person to exercise rights in the event of death or incapacity. The DPDP Act lays down several duties for the data principal.

As per the DPDP Act, data principal shall not *inter alia* (i) register a false or frivolous grievance or complaint; and (ii) furnish any false particulars or impersonate another person in specified cases. It further imposes certain obligations on data fiduciaries including (i) make reasonable efforts to ensure the accuracy, completeness and consistency of data; (ii) build reasonable security safeguards to prevent breach of personal data; (iii) inform the Data Protection Board of India (established under the DPDP Act) and affected persons in the event of a breach; and (iv) erase personal data upon the data principal withdrawing her consent or as soon as it is reasonable to assume that the specified purpose is no longer being served, whichever is earlier.

Priority Sector Lending Classification

Pursuant to its ‘Master Directions on (Priority Sector Lending-Targets and Classification)’ and notification dated March 24, 2025, the RBI consolidated all the earlier notifications related to priority sector lending (“**PSL**”) with a view to ensure adequate flow of credit from the banking system to the sectors of the economy which are crucial for their contribution to socio-economic development by prescribing higher loan limits for housing and other loans, expanding eligible purposes for PSL classification, removing the interest rate limit caps in case of securitisation and transfer of loan exposures. Pursuant to its ‘Statement on Developmental and Regulatory Policies’ and notification dated April 7, 2021, the RBI with a view to ensure continued availability of credit to specified sectors to aid faster economic recovery, decided to extend the PSL classification for lending by banks to NBFCs for on-lending by six months i.e. up to December 31, 2021. Previously, the PSL classification, allowing banks to classify lending to NBFCs for on-lending to agriculture/MSME/housing as PSL, was permitted till March 31, 2021. Considering the increased traction observed in delivering credit to underserved/unserved segments of the economy, the facility was extended till March 31, 2022 vide RBI circular dated October 8, 2021. To ensure continuation of the synergies that had been

developed between banks and NBFCs in delivering credit to the specified priority sectors, the facility has been allowed on an on-going basis pursuant to RBI circular dated May 13, 2022.

Emergency Credit Line Guarantee Scheme dated May 23, 2020, as modified

The Government of India, through the Ministry of Finance, Department of Financial Services introduced the emergency credit line guarantee scheme (“ECLGS”). Pursuant to the ECLGS, the National Credit Guarantee Trustee Company (“NCGTC”), a wholly owned trustee company of the Government of India, provided a 100% credit guarantee with respect to eligible credit facilities extended by NBFCs in the form of additional term loans. The NCGTC, pursuant to a circular dated June 29, 2023 the ECLGS up to March 31, 2023 or until guarantees for an amount of ₹5,000 billion are issued (taking into account all components of the ECLGS), whichever is earlier.

Special Liquidity Scheme for NBFCs/HFCs dated July 1, 2020 and the Partial Credit Guarantee Scheme

The Government of India approved the Special Liquidity Scheme for NBFCs and HFCs to improve the liquidity position of NBFCs through a special purpose vehicle to avoid potential systemic risks to the financial sector. In order to avail the scheme, NBFCs are required to, inter alia, (a) have made a net profit in one of the two preceding financial years; and (b) be rated investment grade by a SEBI registered rating agency.

2. Restrictions in Foreign Ownership applicable to our Company

DIVIDEND POLICY

The declaration and payment of dividends on our Equity Shares, if any, will be recommended by our Board to the Shareholders for their approval in the Annual General Meeting, at their discretion, subject to compliance with the provisions of the Companies Act, including the rules made thereunder and other relevant regulations, if any, each as amended. Further the Board shall also have the absolute power to declare interim dividend in compliance with the Act. The dividend distribution policy of our Company was approved and adopted by our Board on April 18, 2017 and has been amended from time to time. The dividend distribution policy was last amended and approved by our Board on April 16, 2025.

The objective of the dividend policy is to lay down the criteria and parameters that are to be considered by the Board while deciding on the declaration of dividend. The declaration and payment of dividend, if any, will depend on a number of financial parameters and other internal and external factors including inter alia, distribution surplus available, Company's liquidity position and future cash flow needs, trend of dividends paid in the past years, prevailing taxation policy or any amendments expected thereof, capital expenditure requirements considering the expansion and acquisition opportunities, cost and availability of alternative sources of financing, loan repayment and working capital requirements, payout ratios of comparable companies, macroeconomic and business conditions, any windfall, extra-ordinary or abnormal gains and any other relevant factors that the Board may deem fit to consider before declaring dividend. The past trend in relation to our payment of dividends is not necessarily indicative of our dividend trend or dividend policy, if any, in the future, and there is no guarantee that any dividends will be declared or paid in the future. Pursuant to the notification dated June 24, 2021 issued by the RBI, the declaration of dividend of our Company shall *inter alia* be dependent on the supervisory findings of the RBI in relation to non-performing assets of our Company, along with the capital adequacy requirements and the maximum dividend payout ratio prescribed under applicable laws.

There is no guarantee that any dividends will be declared or paid in the future. For details in relation to risks involved in this regard, see “*Risk Factors – Our ability to pay dividends in the future will depend on our earnings, financial condition, capital expenditures and restrictive covenants of our financing arrangements and compliance with applicable law*” on page 59.

Management’s Responsibility for the Restated Consolidated Financial Information

- (3) The Management and the Board of Directors are responsible for the preparation of the Restated Consolidated Financial Information. The Restated Consolidated Financial Information has been prepared by the Management for the purpose of inclusion in the RHP and the Prospectus in accordance with the basis of preparation stated in paragraph 2.1 to the Restated Consolidated Financial Information. The Management and the Board of Directors are also responsible for identifying and ensuring that the Company and the HDB Group comply with the Act, the ICDR Regulations and the Guidance Note. The responsibilities of the respective managements and the board of directors of the Company and the controlled structured entities, constituting a part of the HDB Group, included designing, implementing and maintaining adequate internal controls relevant to the preparation and presentation of the respective restated financial information, which have been used for the purpose of preparation of the Restated Consolidated Financial Information by the Management and the Board of Directors, as aforesaid.

Joint Auditors’ Responsibilities

- (4) We have jointly examined the Restated Consolidated Financial Information taking into consideration:
- (a) The terms of reference and terms of our engagement agreed upon with you in accordance with our engagement letter dated September 7, 2024, in connection with the proposed IPO of the Company;
 - (b) The Guidance Note, which also requires that we comply with the ethical requirements of the code of ethics issued by the ICAI;
 - (c) Concepts of test checks and materiality to obtain reasonable assurance based on the verification of evidence supporting the Restated Consolidated Financial Information; and
 - (d) The requirements of Section 26 of the Act and the ICDR Regulations. Our work was performed solely to assist you in meeting your responsibilities in relation to the compliance of the Restated Consolidated Financial Information with the Act, the ICDR Regulations and the Guidance Note in connection with the proposed IPO.

Restated Consolidated Financial Information

- (5) These Restated Consolidated Financial Information have been compiled by the Management from:
- (a) The audited consolidated financial statements of the HDB Group as at and for the financial years ended March 31, 2025, March 31, 2024 and March 31, 2023 (together, the “**Annual Audited Financial Statements**”), each prepared in accordance with the Indian Accounting Standards (the “**Ind AS**”) prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules 2015, as amended, and other accounting principles generally accepted in India, which have been approved by the Board of Directors at their meetings held on April 16, 2025, April 16, 2024 and April 15, 2023, respectively.

- (6) For the purpose of our examination, we have relied on:
- (a) the audit report dated April 16, 2025 issued by us, which included our unmodified opinion in respect of consolidated financial statements of the HDB Group as at and for the financial years ended March 31, 2025 referred in paragraph 5 above (the “**FY25 Audit Report**”);
 - (b) the audit reports dated April 16, 2024 and April 15, 2023 issued by the Previous Joint Auditors, pursuant to which they have issued unmodified opinions on the consolidated financial statements of the HDB Group as at and for the financial years ended March 31, 2024 and March 31, 2023 (“**Prior Period Audited Financial Statements**”) referred to in paragraph 5 above.
- (7) The audits in respect of the **Prior Period Audited Financial Statements** were conducted by the Previous Joint Auditors and, accordingly, reliance has been placed on the Restated Consolidated Statement of Assets and Liabilities of the HDB Group as at March 31, 2024 and March 31, 2023 and the Restated Consolidated Statements of Profit and Loss (including Other Comprehensive Income), the Restated Consolidated Statements of Changes in Equity and the Restated Consolidated Statements of Cash Flows of the HDB Group for the financial years ended March 31, 2024 and March 31, 2023, the Summary of Material Accounting Policies and other explanatory information (collectively, the “**Prior Period Restated Consolidated Financial Information**”) examined by the Previous Joint Auditors. Our examination report in respect of the HDB Group’s financial statements as of and for the financial years ended March 31, 2024 and March 31, 2023 is based solely on the examination report dated April 14, 2025 submitted by the Previous Joint Auditors (the “**Previous Joint Auditors’ Examination Report**”). The Previous Joint Auditors have also confirmed that the Prior Period Restated Consolidated Financial Information:
- (a) has been prepared after incorporating adjustments, if any, for the changes in accounting policies, material errors and regrouping/ reclassifications retrospectively in the Prior Period Audited Financial Statements, to reflect the same accounting treatment as per the accounting policies and grouping/ classifications followed by the HDB Group as at and for the financial year ended March 31, 2025;
 - (b) do not require any adjustment for modification as there is no modification in the underlying audit reports; and
 - (c) have been prepared in accordance with the Act, the ICDR Regulations and the Guidance Note.
- (8) As indicated in our FY25 Audit Report referred in paragraph 6 above, we did not audit the financial information of one controlled structured entity, the said controlled structured entity ceased to exist after September 20, 2024, whose last financial information reflected total assets of ₹Nil as at September 30, 2024, total revenues of ₹Nil and net cash flows amounting to ₹Nil for the period ended on that date, as considered in the consolidated financial statements of the HDB Group as at and for the financial year ended March 31, 2025. Such financial information is audited by other auditor and our opinion on the consolidated financial statements of the HDB Group as at and for the financial year ended March 31, 2025, in so far as it relates to the amounts and disclosures included in respect of such controlled structured entity, is based solely on such reports of other auditors dated October 10, 2024. In our opinion and according to the information and explanations given to us by the Management, such financial information is not material to the HDB Group and our opinion is not modified in respect of these matters. Based on the Previous Joint Auditors’ Examination Report, the audit reports in respect of the Prior Period Audited Financial Statements issued by the Previous Joint Auditors included the following other matters:

As at and for the years ended March 31, 2024 and March 31, 2023

The Previous Joint Auditors did not audit the financial information of:

- (a) 1 controlled structured entity, whose financial information reflected total assets of ₹Nil as at March 31, 2024, total revenues of ₹Nil and net cash flows amounting to ₹Nil for the year ended on that date, as considered in the consolidated financial statements of the HDB Group as at and for the year ended March 31, 2024; and
- (b) 3 controlled structured entities, whose financial information reflected total assets of ₹Nil as at March 31, 2023, total revenues of ₹Nil and net cash flows amounting to ₹Nil for the year ended on that date, as considered in the consolidated financial statements of the HDB Group as at and for the year ended March 31, 2023.

Such financial information was earlier unaudited at the time of issuance of the Previous Joint Auditors' reports dated April 16, 2024 and April 15, 2023 on the consolidated financial statements of the HDB Group as at and for the financial years ended March 31, 2024 and March 31, 2023, respectively, and has now been audited by other auditors as detailed in Annexure 1, which have been furnished to the Previous Joint Auditors by the Management for the purpose of the Previous Joint Auditors' Examination Report on the Prior Period Restated Consolidated Financial Information. In the opinion of the Previous Joint Auditors and, according to the information and explanations given to them by the Management, such financial information is not material to the HDB Group and their opinion is not modified in respect of these matters.

- (9) Based on our examination and according to the information and explanations given to us and also based on the reliance placed on the Previous Joint Auditors' Examination Report, we report that the Restated Consolidated Financial Information:
 - (a) has been prepared after incorporating adjustments, if any, for the changes in accounting policies, material errors and regrouping/reclassifications retrospectively as at and for the financial years ended March 31, 2024 and March 31, 2023 to reflect the same accounting treatment as per the accounting policies and grouping/classifications followed as at and for the financial year ended March 31, 2025;
 - (b) do not require any adjustment for modification as there is no modification in the underlying audit reports; and
 - (c) have been prepared in accordance with the Act, the ICDR Regulations and the Guidance Note.
- (10) The Restated Consolidated Financial Information does not reflect the effects of events that occurred subsequent to the date of the FY25 Audit Report on the consolidated financial statements of the HDB Group as at and for the financial year ended March 31, 2025, mentioned in paragraph 5 above.
- (11) We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information and Other Assurance and Related Services Engagements issued by the ICAI.

Restrictions on use

- (12) This examination report should not in any way be construed as a re-issuance or re-dating of any of the previous audit reports issued by us or the Previous Joint Auditors, nor should this examination report be construed as a new opinion on any of the financial statements referred to therein.

- (13) We have no responsibility to update this examination report for the events and circumstances occurring after the date of this examination report.

The Company's registered office is situated at Radhika, 2nd floor, Law Garden Road, Navrangpura, Ahmedabad - 380009, India, while its corporate office is located in Mumbai, India. The Company is a subsidiary of HDFC Bank Limited.

2 Accounting policies**2.1 Statement of Compliance, Basis of Preparation and Presentation of Financial Statements****(A) Basis of preparation**

The Restated Consolidated Financial Information of the Company and its erstwhile controlled structured entities (together referred to as the "HDB Group") comprises of the Restated Consolidated Statement of Assets and Liabilities of the HDB Group as at March 31, 2025, March 31, 2024 and March 31, 2023, the Restated Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Restated Consolidated Statement of Changes in Equity and the Restated Consolidated Statement of Cash Flows of the HDB Group for the financial years ended March 31, 2025, March 31, 2024 and March 31, 2023 and the Summary of Material Accounting Policies and other explanatory information (collectively, the "Restated Consolidated Financial Information"). These Restated Consolidated Financial Information have been prepared by the Management of the HDB Group for the purpose of inclusion in the Red Herring Prospectus ("RHP") and the Prospectus prepared by the HDB Group in connection with its proposed Initial Public Offer ("IPO").

The Restated Consolidated Financial Information have been prepared by the HDB Group in terms of the requirements of:

- (a) Section 26 of Part I of Chapter III of the Companies Act, 2013, and the rules made thereunder, as amended (together, the "Act")
- (b) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended (the "ICDR Regulations"); and
- (c) The Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India (ICAI), as amended (the "Guidance Note").

These Restated Consolidated Financial Information have been compiled by the Management from the audited consolidated financial statements of the HDB Group as at and for the financial years ended March 31, 2025, March 31, 2024 and March 31, 2023 prepared in accordance with the recognition and measurement principles of Indian Accounting Standards (the "Ind AS"), prescribed under Section 133 of the Act read with relevant rules thereunder and the other accounting principles generally accepted in India and notification for Implementation of Indian Accounting Standard vide circular RBI/2019-20/170 DOR(NBFC).CC.PD.No.109/22.10.106/ 2019-20 dated 13 March 2020 ('RBI Notification for Implementation of Ind AS') and other applicable RBI circulars/notifications (the "Audited Consolidated Ind AS Financial Statements"), which have been approved by the Board of Directors at their meetings held on April 16, 2025, April 16, 2024 and April 15, 2023, respectively.

The Restated Consolidated Financial Information are prepared on a going concern basis, as the Management is satisfied that the HDB Group shall be able to continue its business for the foreseeable future and no material uncertainty exists that may cast significant doubt on going concern assumptions. In making this assessment, the Management has considered a wide range of information relating to present and future conditions, including future projections of profitability, cash flows and capital resources.

The accounting policies have been consistently applied by the HDB Group in preparation of the Restated Consolidated Financial Information and are consistent with those adopted in the preparation of financial statements for the financial year ended March 31, 2025.

These Restated Consolidated Financial Information do not reflect the effects of events that occurred subsequent to the respective dates of board meeting for adoption of the Audited Consolidated Ind AS Financial Statements as at for the financial years ended March 31, 2025, 2024 and 2023.

The Restated Consolidated Financial Information:

- (a) have been prepared after incorporating adjustments for the changes in accounting policies, material errors and regrouping/reclassifications retrospectively as at and for the financial years ended March 31, 2024 and March 31, 2023, to reflect the same accounting treatment as per the accounting policy and grouping/classifications followed as at and for the financial year ended March 31, 2025;
- (b) do not require any adjustment for modification as there is no modification in the underlying audit reports on Audited Consolidated Ind AS Financial Statements; and
- (c) have been prepared in accordance with the Act, the ICDR Regulations and the Guidance Note.

The Restated Consolidated Financial Information were approved by the HDB Group's Board of Directors and authorised for IPO on 16th April, 2025

(B) Presentation of Restated Consolidated Financial Information

The HDB Group presents its balance sheet in the order of liquidity.

The Restated Consolidated Financial Information are presented in Indian Rupees (INR) which is also the functional currency of the HDB Group, in denomination of million rounded off to one decimal places. The Restated Consolidated Financial Information have been prepared on a historical cost basis, except for certain financial instruments that are measured at fair value.

The HDB Group generally reports financial assets and financial liabilities on a gross basis in the Balance Sheet. They are offset and reported net only where it has legally enforceable right to offset the recognised amounts and the HDB Group intends to either settle on a net basis or to realise the asset and settle the liability simultaneously as permitted by Ind AS. Similarly, the HDB Group offsets income and expenses and reports the same on a net basis where the netting off reflects the substance of the transaction or other events as permitted by Ind AS.

Accounting estimates, judgements and assumptions

The preparation of the HDB Group's Restated Consolidated Financial Information requires Management to make use of estimates and judgements. In view of the inherent uncertainties and a level of subjectivity involved in measurement of items, it is possible that the outcomes in the subsequent financial years could differ from those on which the Management's estimates are based. Accounting estimates and judgements are used in various line items in the financial information for e.g:

- Business model assessment
- Impairment of financial assets
- Provisions and other contingent liabilities
- Provision for tax expenses.

Summary of material accounting policies

This note provides a list of material accounting policies adopted in the preparation of these Restated Consolidated Financial Information. These policies have been consistently applied to all the years and periods presented, unless otherwise stated.

Basis of consolidation

The Restated Consolidated Financial Information comprise the financial statements of the HDB Group as at 31 March 2025, 31 March 2024 and 31 March 2023. The HDB Group consolidates an entity when it controls it. Control is achieved when the HDB Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Consolidation of the entity begins when the HDB Group obtains control over the entity and ceases when the HDB Group loses control of the entity.

Generally, there is a presumption that a majority of voting rights results in control. To support this presumption and when the HDB Group has less than a majority of the voting or similar rights of an investee, the HDB Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The HDB Group's voting rights and potential voting rights
- The size of the HDB Group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders

Restated Consolidated Financial Information are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the HDB Group uses accounting policies other than those adopted in the Restated Consolidated Financial Information for like transactions and events in similar circumstances, appropriate adjustments are made to that HDB Group member's Restated Consolidated Financial Information in preparing the Restated Consolidated Financial Information to ensure conformity with the HDB Group's accounting policies.

Profit or loss and each component of OCI are attributed to the equity holders of the parent of the HDB Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the Special Purpose financial statements of structured entities to bring their accounting policies in line with the HDB Group's accounting policies. All intra-HDB Group assets, liabilities, equity, income, expenses and cash flows relating to transactions between members of the HDB Group are eliminated in full on consolidation.

The financial statement of the following controlled structured trusts (all incorporated in India) have been consolidated as per Ind-AS 110 - Consolidated Financial Statements.

Name of the entity	Proportion of Ownership Interest (%) [*]		
	31 March 2025	31 March 2024	31 March 2023
Venus Trust March 2022	**	3.65%	3.65%
Venus Trust March 2021	-	-	1.10%
Venus Trust September 2020	-	-	0.84%
Venus Trust March 2020	-	-	-
Venus Trust March 2019	-	-	-

^{*} the HDB Group's share of pass through certificates issued by the trust.

^{**} the controlled structured entity ceases to exist post 20th September, 2024.

The above structured entities are the entities that has been designed so that voting or similar rights are not the dominant factor in deciding who controls the entity, but the relevant activities are directed by means of contractual agreements. The primary use of structured entities is to provide the HDB Group access to liquidity through asset securitisations.

(C) Compliance with Ind AS

The Restated Consolidated Financial Information of the HDB Group comply in all material aspects with Ind AS notified under section 133 of the Companies Act, 2013 (the "Companies Act") along with other relevant provisions of the Companies Act, the updated Master Direction- Non-Banking Financial Company-Housing Finance Company (Reserve Bank) Directions 2021, RBI/2020-21/73 DOR.FIN.HFC.CC.No.120/03.10.136/2020-21, dated 17 February, 2021 as amended ('the RBI Master Direction'), the updated Master Direction-Reserve Bank of India (Non-banking Financial Company-Scale Based Regulation) Directions, 2023 as amended from time to time, notification for Implementation of Indian Accounting Standard vide circular RBI/2019-20/170 DOR(NBFC).CC.PD.No.109/22.10.106/ 2019-20 dated 13 March 2020 ('RBI Notification for Implementation of Ind AS') and other applicable RBI circulars/notifications.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to the existing accounting standard requires a change in the accounting policy hitherto in use. These Restated Consolidated Financial Information examined by the Statutory Auditors of the HDB Group have been reviewed by the Audit Committee and approved by the Board of Directors on 16th April, 2025.

(D) Functional and presentation currency

These Restated Consolidated Financial Information are presented in Indian Rupees ('INR' or 'Rs.') which is also the HDB Group's functional currency. All amounts are rounded-off to the nearest millions, unless otherwise indicated.

(E) Use of estimates and judgements

The preparation of Restated Consolidated Financial Information in conformity with Ind AS requires management to make estimates, judgements and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities (including contingent liabilities) and disclosures as of the date of the financial statements and the reported amounts of revenues and expenses for the reporting period. Actual results could differ from these estimates. Accounting estimates and underlying assumptions are reviewed on an ongoing basis and could change from period to period. Appropriate changes in estimates are recognised in the periods in which the HDB Group becomes aware of the changes in circumstances surrounding the estimates. Any revisions to accounting estimates are recognized prospectively in the period in which the estimate is revised and future periods. The estimates and judgements that have significant impact on the carrying amount of assets and liabilities at each balance sheet date are discussed at Note 3.

2.2 Financial Instruments

(A) Date of recognition

Financial assets and financial liabilities are recognised in the HDB Group's balance sheet when the HDB Group becomes a party to the contractual provisions of the instrument.

(B) Initial measurement

Recognised financial instruments are initially measured at fair value.

Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognised immediately in statement of profit and loss.

Trade receivable are initially measured at transaction price.

(C) Classification and subsequent measurement

(i) Financial assets

Based on the business model, the contractual characteristics of the financial assets and specific elections where appropriate, the HDB Group classifies and measures financial assets in the following categories:

- Amortised cost
- Fair value through other comprehensive income ('FVOCI')
- Fair value through profit and loss ('FVTPL')

(a) Financial assets carried at amortised cost

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows ('Asset held to collect contractual cash flows'); and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest ('SPPI') on the principal amount outstanding.

After initial measurement and based on the assessment of the business model for assets held to collect contractual cash flows and SPPI, such financial assets are subsequently measured at amortised cost using Effective Interest Rate ('EIR') method. Interest income and impairment expenses are recognised in statement of profit and loss. Interest income from these financial assets is included in finance income using the EIR method. Any gain and loss on derecognition is also recognised in statement of profit and loss.

The EIR method is a method of calculating the amortised cost of a financial instrument and of allocating interest over the relevant period. The EIR is the rate that exactly discounts estimated future cash flows (including all fees paid or received that form an integral part of the EIR, transaction costs and other premiums or discounts) through the expected life of the instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

The HDB Group records loans and government securities (classified as held to maturity) at amortised cost.

(b) Financial assets at fair value through other comprehensive income ('FVOCI')

Financial assets that are held within a business model whose objective is both to collect the contractual cash flows and to sell the assets, ('Contractual cash flows of assets collected through hold and sell model') and contractual cash flows that are SPPI, are subsequently measured at FVOCI. Movements in the carrying amount of such financial assets are recognised in Other Comprehensive Income ('OCI'), except dividend income which is recognised in statement of profit and loss. Amounts recorded in OCI are not subsequently transferred to the statement of profit and loss. Equity instruments at FVOCI are not subject to an impairment assessment.

(c) Financial assets at fair value through profit and loss ('FVTPL')

Financial assets, which do not meet the criteria for categorization as at amortized cost or as FVOCI, are measured at FVTPL. Subsequent changes in fair value are recognised in statement of profit and loss.

The HDB Group records investments in equity instruments and mutual funds at FVTPL.

(ii) Financial liabilities and equity instrument

Debt and equity instruments issued by the HDB Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

(a) Equity instrument

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the HDB Group is recognised at the proceeds received, net of directly attributable transaction costs.

(b) Financial liabilities

Financial liabilities are measured at amortised cost. The carrying amounts are determined based on the EIR method. Interest expense is recognised in statement of profit and loss.

Any gain or loss on de-recognition of financial liabilities is also recognised in statement of profit and loss.

Undrawn loan commitments are not recorded in the balance sheet. However, these financial instruments are in the scope of expected credit loss ('ECL') calculation.

(D) Reclassification

Financial assets are not reclassified subsequent to their initial recognition, apart from the exceptional circumstances in which the HDB Group acquires, disposes of, or terminates a business line or in the period the HDB Group changes its business model for managing financial assets. Financial liabilities are not reclassified.

(E) Offsetting

Financial assets and financial liabilities are generally reported gross in the balance sheet. They are only offset and reported net when, the HDB Group has a legally enforceable right to offset the recognised amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

(F) Derecognition

(i) Financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised when:

- The contractual rights to receive cash flows from the financial asset have expired, or
- The HDB Group has transferred its rights to receive cash flows from the asset and the HDB Group has transferred substantially all the risks and rewards of the asset, or the HDB Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

If the HDB Group neither transfers nor retains substantially all of the risks and rewards of ownership and continues to control the transferred asset, the HDB Group recognises its retained interest in the asset and an associated liability for the amount it may have to pay.

If the HDB Group enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not de-recognised and the proceeds received are recognised as a collateralised borrowing.

On derecognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognised) and the sum of (i) the consideration received (including any new asset obtained less any new liability assumed) and (ii) any cumulative gain or loss that had been recognised in OCI is recognised in statement of profit and loss.

(ii) Financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying value of the original financial liability and the new financial liability with modified terms is recognised in statement of profit and loss.

(G) Impairment of financial assets

The HDB Group applies the expected credit loss ('ECL') model in accordance with Ind AS 109 for recognising impairment loss on financial assets. The ECL allowance is based on the credit losses expected to arise from all possible default events over the expected life of the financial asset ('lifetime ECL'), unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12-month ECL. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is calculated on a collective basis, considering the retail nature of the underlying portfolio of financial assets.

The impairment methodology applied depends on whether there has been a significant increase in credit risk. When determining whether the risk of default on a financial asset has increased significantly since initial recognition, the HDB Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis based on a provision matrix which takes into account the HDB Group's historical credit loss experience, current economic conditions, forward looking information and scenario analysis.

The expected credit loss is a product of exposure at default ('EAD'), probability of default ('PD') and loss given default ('LGD'). The HDB Group has devised an internal model to evaluate the PD and LGD based on the parameters set out in Ind AS 109. Accordingly, the financial assets have been segmented into three stages based on the risk profiles. The three stages reflect the general pattern of credit deterioration of a financial asset. The HDB Group categorises financial assets at the reporting date into stages based on the days past due ('DPD') status as under:

- Stage 1: 0 to 30 days past due
- Stage 2: 31 to 90 days past due
- Stage 3: more than 90 days past due

Loan accounts where principal and/or interest are past due for more than 90 days continue to be classified as stage 3 till overdues across all loans of the same borrower are cleared.

LGD is an estimate of loss from a transaction given that a default occurs. PD is defined as the probability of whether the borrowers will default on their obligations in the future. For assets which are in Stage 1, a 12-month PD is required. For Stage 2 assets a lifetime PD is required while Stage 3 assets are considered to have a 100% PD. EAD represents the expected exposure in the event of a default and is the gross carrying amount in case of the financial assets held by the HDB Group.

The HDB Group incorporates forward looking information into both assessments of whether the credit risk of an instrument has increased significantly since its initial recognition and its measurement of ECL. Based on the consideration of external actual and forecast information, the HDB Group forms a 'base case' view of the future direction of relevant economic variables. This process involves developing two or more additional economic scenarios and considering the relative probabilities of each outcome. The base case represents a most likely outcome while the other scenarios represent more optimistic and more pessimistic outcomes.

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances. The HDB Group's ECL calculations are outputs of complex models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. The inputs and models used for calculating ECLs may not always capture all characteristics of the market at the date of the financial statements. The HDB Group regularly reviews its models in the context of actual loss experience and makes adjustments when such differences are significantly material. Adjustments including reversal of ECL is recognised through statement of profit and loss.

After initial recognition, trade receivables are subsequently measured at amortised cost using the effective interest method, less provision for impairment. The HDB Group follows the simplified approach required by Ind AS 109 for recognition of impairment loss allowance on trade receivables, which requires lifetime ECL to be recognised at each reporting date, right from initial recognition of the receivables.

(H) Write offs

The gross carrying amount of a financial asset is written-off (either partially or in full) to the extent that there is no reasonable expectation of recovering the asset in its entirety or a portion thereof. This is generally the case when the HDB Group determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written-off could still be subject to enforcement activities under the HDB Group's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in statement of profit and loss.

2.3 Impairment of non-financial assets

The HDB Group assesses at each balance sheet date whether there is any indication that an asset may be impaired due to events or changes in circumstances indicating that their carrying amounts may not be realised. If any such indication exists, the HDB Group estimates the recoverable amount of the asset or the cash generating unit ('CGU'). If such recoverable amount of the asset or the recoverable amount of the CGU to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the statement of profit and loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the revised recoverable amount, subject to maximum of the depreciated historical cost.

2.4 Foreign exchange transactions and translations

(A) Initial recognition

Transactions in foreign currencies are recognized at prevailing exchange rates between reporting currency and foreign currency on transaction date.

(B) Conversion

Transactions in foreign currencies are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at period end exchange rates are generally recognized in Statement of profit and loss. Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statement of profit and loss, within finance costs. All other foreign exchange gains and losses are presented in the Statement of profit and loss on a net basis.

2.5 Derivative financial instruments

The HDB Group enters into derivative financial instruments to manage its exposure to interest rate risk and foreign exchange rate risk. Derivatives held include foreign exchange forward contracts, interest rate swaps and cross currency interest rate swaps.

Derivatives are initially recognised at fair value at the date of a derivative contract is entered into and are subsequently remeasured to their fair value at each balance sheet date. The resulting gain/loss is recognised in the statement of profit and loss immediately unless the derivative is designated and is effective as a hedging instrument, in which event the timing of the recognition in the statement of profit and loss depends on the nature of the hedge relationship. The HDB Group designates certain derivatives as hedges of highly probable forecast transactions (cash flow hedges). A derivative with a positive fair value is recognised as a financial asset whereas a derivative with a negative fair value is recognised as a financial liability.

Hedge accounting policy

The HDB Group makes use of derivative instruments to manage exposures to interest rate and foreign currency. In order to manage particular risks, the HDB Group applies hedge accounting for transactions that meet specific criteria. At the inception of a hedge relationship, the HDB Group formally designates and documents the hedge relationship to which the HDB Group wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge. The documentation includes the HDB Group's risk management objective and strategy for undertaking hedge, the hedging / economic relationship, the hedged item or transaction, the nature of the risk being hedged, hedge ratio and how the HDB Group would assess the effectiveness of changes in the hedging instrument's fair value in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk. Such hedges are expected to be highly effective in achieving offsetting changes in fair value or cash flows and are assessed on an on-going basis to determine that they actually have been highly effective throughout the financial reporting periods for which they were designated.

Cash Flow Hedges

A cash flow hedge is a hedge of the exposure to variability in cash flows that is attributable to a particular risk associated with a recognised asset or liability (such as all or some future interest payments on variable rate debt) or a highly probable forecast transaction and could affect profit and loss. For designated and qualifying cash flow hedges, the effective portion of the cumulative gain or loss on the hedging instrument is initially recognised directly in OCI within equity (cash flow hedge reserve). The ineffective portion of the gain or loss on the hedging instrument is recognised immediately in Finance Cost in the statement of profit and loss. When the hedged cash flow affects the statement of profit and loss, the effective portion of the gain or loss on the hedging instrument is recorded in the corresponding income or expense line of the statement of profit and loss. When a hedging instrument expires, is sold, terminated, exercised, or when a hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss that has been recognised in OCI at that time remains in OCI and is recognised when the hedged forecast transaction is ultimately recognised in the statement of profit and loss. When a forecast transaction is no longer expected to occur, the cumulative gain or loss that was reported in OCI is immediately transferred to the statement of profit and loss.

The HDB Group's hedging policy only allows for effective hedging relationships to be considered as hedges as per the relevant Ind-AS. Hedge effectiveness is determined at the inception of the hedge relationship, and through periodic prospective effectiveness assessments to ensure that an economic relationships exists between the hedged item and hedging instrument. The HDB Group enters into hedge relationships where the critical terms of the hedging instrument match with the terms of the hedged item, and so a qualitative and quantitative assessment of effectiveness is performed.

2.6 Cash and cash equivalents

Cash and cash equivalents includes cash at banks and on hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

The HDB Group follows the policy of crediting the customer's account only on receipt of amount in the bank and as such no cheques in hand are taken into consideration.

2.7 Upfront servicers fees booked on direct assignment

Servicer fees receivable for servicing loan contracts under direct assignment are discounted at the applicable rate entered into with the assignee and recognised upfront in the balance sheet and amortised on a straight line basis over the remaining contractual maturity of the underlying loans.

2.8 Property, plant and equipment

(A) Recognition and measurement

Tangible property, plant and equipment are stated at cost less accumulated depreciation and impairment, if any. The cost of property, plant and equipment comprise purchase price and any attributable cost of bringing the asset to its working condition for its intended use.

Advances paid towards acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-financial assets and cost of assets not put to use before such date are disclosed under Capital work-in-progress.

(B) Subsequent expenditure

Subsequent expenditure incurred on assets put to use is capitalized only when it increases the future economic benefits / functioning capability from / of such assets.

(C) Depreciation, estimated useful lives and residual value

Depreciation is calculated using the straight-line method to write down the cost of property and equipment to their residual values over their estimated useful lives in the manner prescribed in Schedule II of the Act. The estimated lives used and differences from the lives prescribed under Schedule II are noted in the table below:-

Type of Assets	Estimated useful life as assessed by the HDB Group	Estimated useful life under Schedule II of the Act
Computers	2-5 years	3 years
Software and system development	3 years	3 years
Office equipment	3-5 years	5 years
Motor cars	4 years	8 years
Furniture and fixtures	3-7 years	10 years
Building	60 years	60 years
Leasehold improvements	Tenure of lease agreements	Tenure of lease agreements

The HDB Group uniformly estimates a zero residual value for all these assets. Items costing less than Rs. 5,000 are fully depreciated in the year of purchase. Depreciation is pro-rated in the year of acquisition as well as in the year of disposal.

The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used. Consequently, the useful life of certain computer-related assets, furniture and fixtures, office equipment and motor cars differ from the life prescribed in Schedule II of the Act.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Changes in the expected useful life are accounted for by changing the depreciation period or methodology, as appropriate, and treated as changes in accounting estimates.

Property, plant and equipment is de-recognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income/expense in the statement of profit and loss in the period the asset is de-recognised.

2.9 Other intangible assets

Software and system development expenditure are capitalised at cost of acquisition including cost attributable to readying the asset for use. Such intangible assets are subsequently measured at cost less accumulated amortisation and any accumulated impairment losses. The useful life of these intangible assets is estimated at 3 years with zero residual value. Any expenses on such software for support and maintenance payable annually are charged to the statement of profit and loss.

2.10 Dividends

Provision is made for the amount of any dividend declared on or before the end of the reporting period but not distributed at the end of the reporting period, being appropriately authorised and no longer at the discretion of the HDB Group. The final dividend on shares is recorded as a liability on the date of approval by the shareholders, and interim dividends are recorded as a liability on the date of declaration by the HDB Group's Board of Directors.

2.11 Revenue recognition

Revenue (other than for those items to which Ind AS 109 Financial Instruments is applicable) is measured at the amount of transaction price. Amounts disclosed as revenue are net of goods and services tax ('GST') and amounts collected on behalf of third parties. Ind AS 115 Revenue from Contracts with Customers outlines a single comprehensive model of accounting for revenue arising from contracts with customers.

The HDB Group recognises revenue from contracts with customers based on a five-step model as set out in Ind 115:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the HDB Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the HDB Group allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the HDB Group expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the HDB Group satisfies a performance obligation.

Specific policies for the HDB Group's different sources of revenue are explained below:

(A) Income from lending business

Interest income

Interest income on a financial asset at amortised cost is recognised on a time proportion basis taking into account the amount outstanding and the Effective Interest Rate ('EIR'). The EIR is the rate that exactly discounts estimated future cash flows of the financial asset through the expected life of the financial asset or, where appropriate, a shorter period, to the net carrying amount of the financial instrument. The internal rate of return on financial asset after netting off the fees received and cost incurred approximates the effective interest rate method of return for the financial asset. The future cash flows are estimated taking into account all the contractual terms of the instrument.

The interest income is calculated by applying the EIR to the gross carrying amount of non-credit impaired financial assets (i.e. at the amortised cost of the financial asset before adjusting for any expected credit loss allowance). For credit-impaired financial assets the interest income is calculated by applying the EIR to the amortised cost of the credit-impaired financial assets (i.e. the gross carrying amount less the allowance for ECLs).

Other financial charges

Cheque bouncing charges, late payment charges, foreclosure charges and application money are recognised on a point-in-time basis, and are recorded when realised since the probability of collecting such monies is established when the customer pays.

(B) Income from BPO services and other financial charges

Income from BPO services comprise of sales support services, back office, operations, processing support, running collection call centres and collecting overdue amounts from borrowers. Performance obligations are satisfied over time and revenue is recorded on a monthly basis.

(C) Income from direct assignment

Gains arising out of direct assignment transactions comprise the difference between the interest on the loan portfolio and the applicable rate at which the direct assignment is entered into with the assignee, also known as the right of excess interest spread (EIS). The future EIS basis the scheduled cash flows on execution of the transaction, discounted at the applicable rate entered into with the assignee is recorded upfront in the statement of profit and loss. EIS evaluated and adjusted for ECL and expected prepayment.

2.12 Finance costs

Finance costs include interest expense computed by applying the effective interest rate on respective financial instruments measured at amortized cost. Financial instruments include bank term loans, non-convertible debentures, commercial papers, subordinated debts and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Finance costs are charged to the Statement of profit and loss.

2.13 Employee benefits

(A) Short-term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognized for the amount expected to be paid if the HDB Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

(B) Provident fund

Retirement benefit in the form of provident fund, is a defined contribution scheme. The HDB Group has no obligation, other than the contribution payable to the provident fund. The HDB Group recognises contribution payable to the provident fund scheme as an expense, when an employee renders the related service.

(C) ESIC and Labour welfare fund

The HDB Group's contribution paid/payable during the period to ESIC and Labour welfare fund are recognised in the statement of profit and loss.

(D) Gratuity

The HDB Group operates a defined benefit gratuity plan that provides for gratuity benefit to all employees. The HDB Group makes annual contributions to a fund administered by trustees and managed by insurance companies for amounts notified by the said insurance companies. The benefit is in the form of lump sum payments to vested employees on resignation, retirement, or death while in employment or on termination of employment of an amount equivalent to 15 days basic salary payable for each completed year of service. Vesting occurs upon completion of five years of service.

The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to statement of profit and loss in subsequent periods.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The HDB Group recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

(E) Share-based payments

The HDB Group recognizes compensation expense relating to share-based payments in net profit using fair value in accordance with Ind AS 102 - Share-based Payment. The estimated fair value of awards is charged to income on a straight-line basis over the requisite service period for each separately vesting portion of the award as if the award was in-substance, multiple awards with a corresponding increase to share options outstanding amount.

2.14 Provisions and contingences

The HDB Group recognises a provision when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

In cases where the available information indicates that the loss on the contingency is reasonably possible but the amount of loss cannot be reasonably estimated, a disclosure is made in the financial statements.

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimates. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the HDB Group or a present obligation that may arise from past events but probably will not require an outflow of resources to settle the obligation.

When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resource is remote, no provision or disclosure is made.

Contingent assets are neither recognised nor disclosed in the financial statements.

2.15 Leases

Effective 01 April 2019, the HDB Group has adopted Ind AS 116 - Leases and applied it to all lease contracts existing on 01 April 2019 using the modified retrospective method. Based on the same and as permitted under the specific transitional provisions in the standard, the HDB Group is not required to restate the comparative figures.

All leases are accounted for by recognising a right-of-use asset and a lease liability except for:

- Leases of low value assets; and
- Leases with a duration of 12 months or less.

The following policies apply subsequent to the date of initial application, 1 April 2019.

Lease liabilities are measured at the present value of the contractual payments due to the lessor over the lease term, with the discount rate determined by reference to the rate inherent in the lease unless (as is typically the case) this is not readily determinable, in which case the HDB Group's incremental borrowing rate on commencement of the lease is used. Variable lease payments are only included in the measurement of the lease liability if they depend on an index or rate. In such cases, the initial measurement of the lease liability assumes the variable element will remain unchanged throughout the lease term. Other variable lease payments are expensed in the period to which they relate.

On initial recognition, the carrying value of the lease liability also includes:

- amounts expected to be payable under any residual value guarantee;
- the exercise price of any purchase option granted in favour of the HDB Group if it is reasonably certain to assess that option;
- any penalties payable for terminating the lease, if the term of the lease has been estimated on the basis of termination option being exercised.

Right of use assets are initially measured at the amount of the lease liability, reduced for any lease incentives received, and increased for:

- lease payments made at or before commencement of the lease;
- initial direct costs incurred; and
- the amount of any provision recognised where the HDB Group is contractually required to dismantle, remove or restore the leased asset.

Subsequent to initial measurement lease liabilities increase as a result of interest charged at a constant rate on the balance outstanding and are reduced for lease payments made. Right-of-use assets are amortised on a straight-line basis over the remaining term of the lease or over the remaining economic life of the asset if, rarely, this is judged to be shorter than the lease term.

When the HDB Group revises its estimate of the term of any lease, it adjusts the carrying amount of the lease liability to reflect the payments to make over the revised term, which are discounted using a revised discount rate. The carrying value of lease liabilities is similarly revised when the variable element of future lease payments dependent on a rate or index is revised, except the discount rate remains unchanged. In both cases an equivalent adjustment is made to the carrying value of the right-of-use asset, with the revised carrying amount being amortised over the remaining (revised) lease term. If the carrying amount of the right-of-use asset is adjusted to zero, any further reduction is recognised in statement of profit and loss.

For contracts that both convey a right to the HDB Group to use an identified asset and require services to be provided to the HDB Group by the lessor, the HDB Group has elected to account for the entire contract as a lease, i.e. it does allocate any amount of the contractual payments to, and account separately for, any services provided by the supplier as part of the contract.

2.16 Goods and services tax paid on acquisition of assets or on incurring expenses

Expenses and assets are recognised net of the goods and services tax paid, except when the tax incurred on a purchase of assets or services is not recoverable from the tax authority, in which case, the tax paid is recognised as part of the cost of acquisition of the asset or as part of the expense item, as applicable.

The net amount of tax recoverable from, or payable to, the tax authority is included as part of receivables or payables, respectively, in the balance sheet.

2.17 Income tax

(A) Current tax

Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961 in respect of taxable income for the year and any adjustment to the tax payable or receivable in respect of previous years.

(B) Deferred tax

Deferred tax is provided on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- Where the deferred tax liability arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit and loss.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit and loss.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit and loss is recognised outside profit and loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same tax authority.

2.18 Earnings per share

The HDB Group reports basic and diluted earnings per equity share. Basic earnings per equity share have been computed by dividing net profit / loss attributable to the equity share holders for the year by the weighted average number of equity shares outstanding during the year. Diluted earnings per equity share have been computed by dividing the net profit attributable to the equity share holders after giving impact of dilutive potential equity shares for the year by the weighted average number of equity shares and dilutive potential equity shares outstanding during the year, except where the results are anti-dilutive.

2.19 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM). The Managing Director & CEO of the HDB Group has been identified as the CODM as defined by Ind AS 108 Operating Segments, who assesses the financial performance and position of the HDB Group and makes strategic decisions.

Operating segments identified by the HDB Group comprises as under:

- Lending services
- BPO services

The accounting policies consistently used in the preparation of the financial statements are also applied to item of revenue and expenditure in individual segments. Revenue and expenses have been identified to a segment on the basis of relationship to operating activities of the segment. Revenue and expenses which relate to enterprises as a whole and are not allocable to a segment on a reasonable basis have been disclosed as 'Unallocated'. Segment assets and segment liabilities represent assets and liabilities in respective segments. Tax related assets and other assets and liabilities that cannot be allocated to a segment on reasonable basis have been disclosed as 'Unallocated'.

2.20 Repossession and Collateral

To mitigate its credit risks on financial assets, the HDB Group seeks to use collateral, where possible. The collateral comes in various forms, such as securities, letters of credit/guarantees, real estate, receivables, inventories, other non-financial assets and credit enhancements such as netting agreements.

To the extent possible, the HDB Group uses active market data and external valuers for valuing financial assets held as collateral. Other financial assets which do not have readily determinable market values are valued using models or through external valuers. Non-financial collateral, such as real estate, is valued based on data provided by third parties such as mortgage brokers, or based on housing price indices.

The HDB Group physically repossess and take into custody properties or other assets and also engages external agents to recover funds, to settle outstanding debt. Any surplus funds are returned to the customers/obligors. The HDB Group does not use the assets repossessed for the internal operations. Assets held under legal repossession processes are not recorded on the balance sheet as it does not meet the recognition criteria in other standards. Value of the repossessed asset is not netted off from the exposure at default for calculation of expected credit loss.

2.21 Statement of cash flows

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the HDB Group are segregated.

3 Critical accounting estimates and judgements

In the process of applying the HDB Group's accounting policies, management has made the following estimates and judgements, which have a significant impact on the carrying amounts of assets and liabilities at each balance sheet date.

(A) Fair value of financial instruments

Some of the HDB Group's assets and liabilities are measured at fair value for financial reporting purposes. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date regardless of whether that price is directly observable or estimated using another valuation technique.

Fair value measurements under Ind AS are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that the HDB Group can access at measurement date
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs) that the HDB Group can access at measurement date

Information about the valuation techniques and inputs used in determining the fair value of various assets and liabilities are disclosed in Note 43.

(B) Expected credit loss

When determining whether the risk of default on a financial instrument has increased significantly since initial recognition, the HDB Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the HDB Group's historical experience and credit assessment and including forward looking information.

The component used by the HDB Group in determining the ECL have been depicted in Note 45.

(C) Effective interest rate

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected behavioural life of the financial asset to the gross carrying amount of the financial asset.

This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges) as well expected changes to the base rate and other transaction costs and fees paid or received that are integral parts of the instrument.

(D) Business model assessment

Classification and measurement of financial assets depends on the results of the business model test. The HDB Group determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. Monitoring is part of the HDB Group's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

(E) Useful life and expected residual value of assets

Depreciation and amortisation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful life and residual values of HDB Group's assets are determined by management at the time the asset is acquired and reviewed periodically, including at each financial year end. The useful life are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

(F) Leases

- The determination of lease term for some lease contracts in which the HDB Group is a lessee, including whether the HDB Group is reasonably certain to exercise lessee options.
- The determination of the incremental borrowing rate used to measure lease liabilities.

(G) Deferred Tax

Deferred tax is recorded on temporary differences between the tax bases of assets and liabilities and their carrying amounts, at the rates that have been enacted or substantively enacted at the reporting date. The ultimate realisation of deferred tax assets is dependent upon the generation of future taxable profits during the periods in which those temporary differences become deductible. The HDB Group considers the expected reversal of deferred tax liabilities and projected future taxable income in making this assessment. The amount of the deferred tax assets considered realisable, however, could be reduced in the near term if estimates of future taxable income during the carry-forward period are reduced.

(H) Defined benefit plans

The cost of the defined benefit plans and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

(I) Provisions and contingences

The HDB Group operates in a regulatory and legal environment that, by nature, has a heightened element of litigation risk inherent to its operations. As a result, it is involved in statutory litigation in the ordinary course of the HDB Group's business. Given the subjectivity and uncertainty of determining the probability and amount of losses, the HDB Group takes into account a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents. Significant judgement is required to conclude on these estimates.

a) Chief Operating Decision Maker

Operating segments are reported in a manner consistent with the internal reporting to the Chief Operating Decision Maker (CODM). The Managing Director & CEO of the HDB Group has been identified as the CODM as defined by Ind AS 108 Operating Segments, who assesses the financial performance and position of the HDB Group and makes strategic decisions.

b) Operating Segment

Primary Segment (Business Segment)

The HDB Group is organised primarily into two operating segments, i.e. Lending business and BPO services. Lending business includes providing finance to retail customers for a variety of purposes like purchase of commercial equipment and commercial vehicles, personal purposes, enterprise loans, etc. Revenue from lending business includes (i) interest income and processing fees net of loan origination costs, (ii) collection-related charges like cheque bouncing charges, late payment charges and foreclosure charges, and (iii) insurance commission. BPO services comprises of sales support services, back office, operations, processing support, running collection call centres and collecting overdue amounts from borrowers.

Secondary Segment (Geographical Segment)

Since the business operations of the HDB Group are primarily concentrated in India, the HDB Group is considered to operate only in the domestic segment and therefore there is no reportable geographic segment.

c) Segment Revenue and Expense

Revenue and expenses have been identified to a segment on the basis of relationship to operating activities of the segment. Revenue and expenses which relate to enterprise as a whole and are not allocable to a segment on a reasonable basis have been disclosed as 'Unallocated'.

d) Segment Assets and Liabilities

Segment assets and segment liabilities represent assets and liabilities in respective segments. Tax related assets and other assets and liabilities that cannot be allocated to a segment on reasonable basis have been disclosed as 'Unallocated'.

e) Accounting Policies

The accounting policies consistently used in the preparation of the financial statements are also applied to items of revenue and expenditure in individual segments.

The HDB Group's gratuity plan obligation is determined by actuarial valuation and is funded by investments in government securities. As such, the valuation and the funding are exposed to certain risks, including mainly salary increments, attrition levels, interest rates and investment yields. If salaries and interest rates rise faster than assumed or if the attrition rates are lower than assumed, then the HDB Group's gratuity obligation would rise faster in future periods and an increase in market yields of government securities would reduce the value of the plan's investments, leading to higher future funding requirements. The HDB Group monitors plan obligations and investments regularly with a view to ensuring that there is adequate funding on an ongoing basis, thus mitigating any potential adverse consequences of the risks described.

C) Compensated absences

The HDB Group neither has a policy of encashment of unavailed leaves for its employees nor allow the leaves to be carry forward to next year.

- D)** The Parliament has approved the Code on Social Security, 2020 ('Code') which may impact the contribution by the HDB Group towards Provident Fund and Gratuity. The effective date from which the Code and its provisions would be applicable is yet to be notified and the rules which would provide the details based on which financial impact can be determined are yet to be framed after which the financial impact can be ascertained. The HDB Group will complete its evaluation and will give appropriate impact, if any, in the financial result following the Code becoming effective and the related rules being framed and notified.

Total	1,242.6	1,054.4	995.3

a) Provident Fund matter

The HDB Group has received a notice of demand from the Provident Fund department amounting to Rs. 501.4 million. The HDB Group had filed an appeal challenging the Provident Fund Commissioner's order before the Provident Fund Appellate Tribunal, wherein the HDB Group had received a favourable outcome. However, a sum of Rs. 10 million has been deposited under protest with the Provident Fund Appellate Authority. This amount is shown under Other financial assets.

The Provident Fund department has challenged order of the appellate authority in the High Court. The management of the HDB Group is of the view that no material losses will arise in respect of the legal claim and accordingly the same has been disclosed as a contingent liability. In the eventuality of any claim arising out of this case, the same will be billed to the customer in the year the claim is final and accordingly no provision has been made.

b) Payment of Bonus (Amendment) Act, 2015

As per the amendment to the Payment of Bonus (Amendment) Act, 2015 vide notification number DL-(N)04/70007/2003-16 issued on 1 January 2016 by Government of India, the HDB Group would be required to pay statutory bonus to all eligible employees as per the amendments specified thereunder, with effect from 1 April 2014. However, various High Courts have granted a stay on retrospective effect of Payment of Bonus (Amendment) Act, 2015 from financial year 2014-15. In light of the above, the HDB Group has decided to disclose such bonus amounting to Rs. 348.8 million as a contingent liability.

- 39.2** The HDB Group's pending litigations comprise of claims against the HDB Group by the customers and proceedings pending with other authorities. The HDB Group has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed the contingent liabilities where applicable, in the financial statements. The HDB Group does not expect the outcome of these proceedings to have a materially adverse effect on its financial results.

- 39.3** The HDB Group has a process whereby periodically all long term contracts are assessed for material foreseeable losses. At the year end, the HDB Group has reviewed and ensured that adequate provision as required under any law / accounting standards for material foreseeable losses on such long term contracts has been made in the books of account.

43 Fair value measurement

a) Valuation principles

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as explained below:

b) Total financial assets measured at fair value on a recurring basis :

The following tables show an analysis of the fair value of financial assets by level of the fair value hierarchy.

(Rs. in millions)

Particulars	Category	Fair Value			
		Hierarchy	31 March 2025	31 March 2024	31 March 2023
Mutual fund units	FVTPL	Level 1	-	17,534.1	4,116.5
Unquoted equity shares	FVTPL	Level 3	23.0	23.0	19.5
Securities receipt of ARC	FVTPL	Level 2	137.4	373.3	559.9
Derivative financial instruments	FVTPL	Level 2	1,080.0	19.2	1,653.4
G-Sec & Treasury bills	FVTPL	Level 1	-	-	7,736.6

Level 1:

Units held in mutual funds are measured based on their published net asset value (NAV), taking into account redemption and/or other restrictions.
Treasury bills are valued based on market quotes.

Level 2:

Fair value of debt securities, borrowings other than debt securities and subordinated liabilities have estimated by discounting expected future cash flows discounting rate near to report date based on comparable rate / market observable data. Fair valuation of cross currency swaps is achieved by estimating forward exchange rates to calculate the present value of future net cash flows, adjusted for currency-specific risks. The fair value of INR interest rate swaps is determined by discounting future fixed and floating rate payments using the appropriate floating rates, reflecting the current market conditions and interest rate expectations.

Level 3:

Fair value of loans have estimated by discounting expected future cash flows using discount rate equal to the rate near to the reporting date of the comparable product.
Unquoted equity shares are measured at fair value using suitable valuation models viz., net asset value technique.

c) The table below presents information pertaining to the fair values and carrying values of the HDB Group's financial assets and liabilities.

(i) Short-term and other financial assets and liabilities

For financial assets and financial liabilities that have a short-term maturity (less than twelve months) and for other financial assets and other financial liabilities that are insignificant in value, the carrying amounts, net of impairment, if any, are a reasonable approximation of their fair value. Such instruments include cash and cash equivalents, bank balances other than cash and cash equivalents, trade receivables, trade payables, other financial assets and other financial liabilities.

(ii) Loans

These financial assets are recorded at amortised cost, the fair values of which are estimated at portfolio level using a discounted cash flow model based on contractual cash flows discounted using market rates incorporating the counterparties' credit risk.

(iii) Debt securities, borrowings and subordinated liabilities

Fair value is estimated at portfolio level by a discounted cash flow model incorporating market interest rates and the HDB Group's own credit risk or based on market-observable data such as secondary market prices for its traded debt, as relevant.

44 Capital Management

The primary objective of the HDB Group's capital management policy is to ensure compliance with regulatory capital requirements. In line with this objective, the HDB Group ensures adequate capital at all times and manages its business in a way in which capital is protected, satisfactory business growth is ensured, cash flows are monitored, borrowing covenants are honoured and ratings are maintained.

Regulatory capital-related information is presented as part of the RBI mandated disclosures. The RBI norms require capital to be maintained at prescribed levels. In accordance with such norms, Tier I capital of the HDB Group comprises of share capital, share premium, reserves and perpetual debt, Tier II capital comprises of subordinated debt and provision on loans that are not credit-impaired. There were no changes in the capital management process during the periods presented.

45 Risk Management

While risk is inherent in the HDB Group's activities, it is managed through an integrated risk management framework, including ongoing identification, measurement and monitoring, subject to risk limits and other controls.

The Board of Directors are responsible for the overall risk management approach and for approving the risk management strategies and principles.

The Risk Committee has the overall responsibility for the development of the risk strategy and implementing principles, frameworks, policies and limits. The Risk Committee is responsible for managing risk decisions and monitoring risk levels and reports to the Supervisory Board.

The HDB Group's Treasury is responsible for managing its assets and liabilities and the overall financial structure. It is also primarily responsible for the funding and liquidity risks of the HDB Group.

a) Credit risk

The HDB Group manages and controls credit risk by setting limits on the amount of risk it is willing to accept for individual counterparties and industry concentrations, and by monitoring exposures in relation to such limits.

Financial assets measured on a collective basis

The HDB Group splits its exposure into smaller homogeneous portfolios, based on shared credit risk characteristics, as described below in the following order:

- Secured / unsecured i.e. based on whether the loans are secured
- Nature of security i.e. the nature of the security if the loans are determined to be secured
- Nature of loan i.e. based on the nature of loan

Significant increase in credit risk

The HDB Group considers an exposure to have significantly increased in credit risk when the borrower crosses 30 DPD but is within 90 DPD.

Impairment assessment

The HDB Group considers a financial instrument defaulted and therefore Stage 3 (credit-impaired) for ECL calculations in all cases when the borrower crosses 90 days past due on its contractual payments. Further, the borrower is retained in Stage 3 (credit-impaired) till all the overdue amounts are repaid i.e. borrower becomes 0 days past due on its contractual payments.

Exposure at default

The exposure at default (EAD) represents the gross carrying amount of the financial instruments subject to the impairment calculation.

Loss given default

The credit risk assessment is based on a standardised LGD assessment framework that incorporates the probability of default and subsequent recoveries, discounted.

Current economic data and forward-looking economic forecasts and scenarios are used in order to determine the Ind AS 109 LGD rate. The HDB Group uses data obtained from third party sources and combines such data with inputs to the HDB Group's ECL models including determining the weights attributable to the multiple scenarios.

c) Modified financial assets

The HDB Group renegotiates loans given to customers in financial difficulties (referred to as forbearance activities, restructuring or rescheduling) to maximise collection opportunities and minimise the risk of default. Under the Companies forbearance policy, loan forbearance is granted on a selective basis if the customer is currently in default on its debt or if there is a high risk of default, there is evidence that the customer made all reasonable efforts to pay under the original contractual terms and the customer is expected to be able to meet the revised terms. The revised terms usually include extending the maturity, changing the timing of interest payments and amending the terms of loan covenants. Both retail and corporate loans are subject to the forbearance policy. Upon renegotiation, such accounts are classified as Stage 3. Such accounts are upgraded to Stage 1 only upon observation of satisfactory repayments of one year from the date of such down-gradation and accordingly loss allowance is measured using 12 month PD.

Collateral and other credit enhancements

The amount and type of collateral required depends on an assessment of the credit risk of the counterparty. Guidelines are in place covering the acceptability and valuation of each type of collateral.

The main types of collateral obtained are, as follows:

- For corporate and small business lending, charges over real estate properties, inventory and trade receivables and, in special circumstances, government guarantees
- For retail lending, mortgages over residential properties

The HDB Group also obtains guarantees from parent companies for loans to their subsidiaries.

Management monitors the market value of collateral and will request additional collateral in accordance with the underlying agreement.

b) Liquidity risk and funding management

Liquidity risk arises because of the possibility that the HDB Group might be unable to meet its payment obligations when they fall due as a result of mismatches in the timing of the cash flows under both normal and stress circumstances. To limit this risk, management has arranged for diversified funding sources, and adopted a policy of managing assets with liquidity in mind and monitoring future cash flows and liquidity on a daily basis.

c) Market risk

Market risk represents the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates, foreign exchange rates and equity prices.

i) Interest rate risk

The following table demonstrates the sensitivity to a reasonably possible change in interest rates (all other variables being constant) of the HDB Group's statement of profit and loss.

	(Rs. in millions)					
	% Increase/decrease in rate			Increase/decrease in profit

Loans that are re-priced	0.25%	0.25%	0.25%	609.0	504.9	417.8

ii) Foreign Currency Risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Foreign currency risk for the HDB Group arise majorly on account of foreign currency borrowings. The HDB Group manages this foreign currency risk by entering in to cross currency swaps and forward contract. When a derivative is entered in to for the purpose of being as hedge, the HDB Group negotiates the terms of those derivatives to match with the terms of the hedge exposure. The HDB Group's policy is to fully hedge its foreign currency borrowings at the time of drawdown and remain so till repayment.

The HDB Group holds derivative financial instruments such as cross currency interest rate swap to mitigate risk of changes in exchange rate in foreign currency and floating interest rate. The counterparty for these contracts is generally a bank. These derivative financial instruments are valued based on quoted prices for similar assets and liabilities in active markets or inputs that are directly or indirectly observable in market place.

d) Operational risk

Operational risk is the risk of loss arising from systems failure, human error, fraud or from external events.

The operational risks of the HDB Group are managed through comprehensive internal control systems and procedures and key back up processes. This enables the management to evaluate key areas of operational risks and the process to adequately mitigate them on an ongoing basis. The HDB Group also undertakes Risk based audits on a regular basis across all business units / functions. While examining the effectiveness of control framework through self-assessment, the risk-based audit would assure effective implementation of self-certification and internal financial controls adherence, thereby, reducing enterprise exposure.

The HDB Group has put in place a robust Disaster Recovery (DR) plan, which is periodically tested. Business Continuity Plan (BCP) is further put in place to ensure seamless continuity of operations including services to customers, when confronted with adverse events such as natural disasters, technological failures, human errors, terrorism, etc. Periodic testing is carried out to address gaps in the framework, if any. DR and BCP audits are conducted on a periodical basis to provide assurance regarding the effectiveness of the HDB Group's readiness.

50 Transfer of Financial Assets**50.1 Transferred financial assets that are not derecognised in their entirety**

The following details provide a summary of financial assets that have been transferred in such a way that part or all of the transferred financial assets do not qualify for derecognition, together with the associated liabilities:

A) Securitisation

The HDB Group has transferred certain pools of fixed rate loan receivables backed by underlying assets by entering into securitisation transactions with the Special Purpose Vehicle Trusts (SPV Trust) sponsored by commercial banks for consideration received in cash at the inception of the transaction.

The HDB Group, being Originator of these loan receivables, also acts as Servicer with a responsibility of collection of receivables from its borrowers and depositing the same in Collection and Payout Account maintained by the SPV Trust for making scheduled payouts to the investors in Pass Through Certificates (PTCs) issued by the SPV Trust. These securitisation transactions also requires the HDB Group to provide for first loss credit enhancement in various forms, such as corporate guarantee, cash collateral, subscription to subordinated PTCs etc. as credit support in the event of shortfall in collections from underlying loan contracts. By virtue of existence of credit enhancement, the HDB Group is exposed to credit risk, being the expected losses that will be incurred on the transferred loan receivables to the extent of the credit enhancement provided.

In view of the above, the HDB Group has retained substantially all the risks and rewards of ownership of the financial asset and thereby does not meet the derecognition criteria as set out in Ind AS 109. Consideration received in this transaction is presented as 'Borrowing under Securitisation' under Note 18.

The details of financial assets that have been transferred in such a way that part or all of the transferred financial assets do not qualify for derecognition, together with the associated liabilities:

B) Assignment

The HDB Group has sold some loans (measured at amortised cost) by way of direct bilateral assignment, as a source of finance.

As per the terms of these deals, since substantial risk and rewards related to these assets were transferred to the buyer, the assets have been de-recognised from the HDB Group's balance sheet.

The table below summarises the carrying amount of the derecognised financial assets measured at amortised cost and the gain/(loss) on derecognition, per type of asset.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion is intended to convey the management's perspective on our financial condition and results of operations for Fiscals 2025, 2024 and 2023. This section should be read together with "Risk Factors", "Industry Overview", "Our Business", "Selected Statistical Information" and "Restated Consolidated Financial Information" on pages 29, 178, 244, 321 and 333. Unless otherwise stated or the context requires otherwise, the financial information in this section has been derived from the Restated Consolidated Financial Information included in this Prospectus. Our financial year ends on March 31 of each year. Accordingly, references to "Fiscal 2025", "Fiscal 2024" and "Fiscal 2023" are to the 12-month period ended March 31 of the relevant year.

Ind AS differs in certain respects from Indian GAAP, IFRS and U.S. GAAP and other accounting principles with which prospective investors may be familiar. Please also see "Risk Factors—External Risk Factors—Significant differences exist between Ind AS and other accounting principles, such as U.S. GAAP and IFRS, which may be material to investors' assessments of our financial condition" on page 64. This discussion contains certain forward-looking statements that involve risks and uncertainties. Our actual results may differ materially from those anticipated in these forward-looking statements as a result of certain factors, such as the risks set forth in the chapters titled "Risk Factors" and "Forward-Looking Statements" on pages 29 and 27.

*Unless otherwise indicated, industry and market data used in this section has been derived from industry publications, in particular, the report titled "Report on Loans and Financial Services Industry in India" (the "**CRISIL Report**") prepared and issued by CRISIL Intelligence, appointed by us pursuant to the technical proposal dated September 6, 2024 and addendum dated May, 26, 2025 and exclusively commissioned and paid for by us in connection with the Offer. A copy of the CRISIL Report will be available on the website of our Company at <https://www.hdbfs.com/investor/offer-documents> and has also been included in "Material Contracts and Documents for Inspection" on page 605. The data included herein includes excerpts from the CRISIL Report and may have been re-ordered by us for the purposes of presentation. There are no parts, data or information (which may be relevant for the proposed Offer), that has been left out or changed in any manner. Unless otherwise indicated, financial, operational, industry and other related information derived from the CRISIL Report and included herein with respect to any particular year refers to such information for the relevant calendar year. For more information, see "Risk Factors—Internal Risk Factors—Industry information included in this Prospectus has been derived from the CRISIL Report, and any reliance on information from the CRISIL Report for making an investment decision in the Offer is subject to inherent risks." on page 60. CRISIL is an independent agency and is not related to the Company, its Directors, Promoters or Promoter Selling Shareholder.*

We have included various operational and financial performance indicators in this Prospectus, including certain non-GAAP financial measures, some of which may not be derived from our Restated Consolidated Financial Statements or otherwise subjected to an audit or review by our auditors. The manner in which such operational and financial performance indicators, including non-GAAP financial measures, are calculated and presented, and the assumptions and estimates used in such calculation, may vary from that used by other companies. Investors are accordingly cautioned against placing undue reliance on such information in making an investment decision and should consult their own advisors and evaluate such information in the context of the Restated Consolidated Financial Statements and other information relating to our business and operations included in this Prospectus. For further details, see "Risk Factors—Internal Risk Factors—We have in this Prospectus included certain non-GAAP financial measures and certain other selected statistical information related to our operations and financial condition. These non-GAAP measures and statistical information may vary from any standard methodology that is applicable across the financial services industry and therefore may not be comparable with financial or statistical information of similar nomenclature computed and presented by other financial services companies". See "Financial Information—Selected Statistical Information—Reconciliation of GAAP to Non-GAAP Financial Information" on page 329 for a reconciliation of Non-GAAP Financial Measures presented in this Prospectus to their most directly comparable measure under Ind AS.

Overview

We are the seventh largest leading, diversified retail-focused non-banking financial company ("**NBFC**") in India in terms of the size of Total Gross Loan book at ₹902.2 billion as at March 31, 2024, amongst our NBFC peers, according to the CRISIL Report. Our Company is categorized as an Upper Layer NBFC (NBFC-UL) by the RBI. We offer a large portfolio of lending products that cater to a growing and diverse customer base through a wide omni-channel distribution network. Our lending products are offered through our three business verticals: Enterprise Lending, Asset Finance and Consumer Finance. We believe that the success of our business model and operating philosophy is evidenced by our strong and sustained growth and profitability metrics. Our Total Gross Loans stood at ₹1,068.8 billion as at March 31, 2025, reflecting a CAGR of 23.54% between March 31, 2023 to March 31, 2025. Our assets under management stood at ₹1,072.6 billion as at March 31, 2025 reflecting a CAGR of 23.71% between Fiscal 2023 and Fiscal 2025. In Fiscal 2025, we generated a profit after tax of ₹21.8 billion, which reflected a CAGR of 5.38% between Fiscal 2023 and Fiscal 2025. Our Total Gross Loans growth, operating efficiencies and strong asset quality helped us deliver Return on Assets of 2.16% and Return on Average Equity of 14.72% for Fiscal 2025, which is the seventh and fifth highest amongst our NBFC peers, respectively, according to the CRISIL Report.

We began our journey in 2007 as a subsidiary of HDFC Bank Limited (“**HDFC Bank**”), which is the largest private sector bank in India in terms of total assets of ₹39,102.0 billion as at March 31, 2025, with businesses (including those of its subsidiaries) spanning across retail and commercial banking, asset management, life insurance, general insurance and broking. Under HDFC Bank’s parentage, we have embedded a philosophy of balancing between delivering long-term sustainable growth and profitability. We have derived benefits from HDFC Bank’s parentage, including its brand recognition, while still establishing a set-up independent from HDFC Bank across our various functions including sourcing, underwriting, operations and risk management functions.

We are India’s second largest and third fastest growing customer franchise amongst our NBFC peers (for which data is available), according to the CRISIL Report, and we have served 19.2 million customers as at March 31, 2025, which grew at a CAGR of 25.45% between March 31, 2023 and March 31, 2025. We primarily cater to underserved and underbanked customers in low to middle-income households with minimal or no credit history. As at March 31, 2025, over 80% of our branches are located outside India’s 20 largest cities by population (based on the 2011 census report) and over 70% are located in Tier 4+ towns. Our customers mainly comprise of salaried and self-employed individuals, as well as business owners and entrepreneurs. We aim to meet the demands of our various customer categories with our diversified product offerings, strong geographical presence across India, technology backed rapid turnaround times and strong customer service. Our focus has remained on building a highly granular loan book with our 20 largest customers accounting for less than 0.34% of our Total Gross Loans as at March 31, 2025. Our aggregated average ticket size stood at approximately ₹165,000 as at March 31, 2025.

We are a diversified NBFC, with a goal of having an optimal mix across products, while maintaining a balanced approach to secured and unsecured loans in our loan book. We believe that our strategy of portfolio diversification across both products and geographies creates a strong and sustainable franchise. Secured loans represented 73.01% of our Total Gross Loans and unsecured loans represented 26.99% of our Total Gross Loans as at March 31, 2025. Our diversified product portfolio serves multiple credit needs of customers across three business verticals:

- *Enterprise Lending*, accounting for 39.30% of our Total Gross Loans as at March 31, 2025—secured and unsecured loans primarily to micro, small and medium enterprises (“**MSMEs**”) to meet their varied and evolving business needs;
- *Asset Finance*, accounting for 38.03% of our Total Gross Loans as at March 31, 2025—secured loans for purchase of new and used commercial vehicles, construction equipment and tractors, all of which are income generating assets for our customers; and
- *Consumer Finance*, accounting for 22.66% of our Total Gross Loans as at March 31, 2025—secured and unsecured loans for purchase of consumer durables, digital and lifestyle products, two-wheelers, automobiles and other unsecured personal loans.

We also offer business process outsourcing (“**BPO**”) services such as back-office support services, collection and sales support services to our Promoter as well as fee-based products such as distribution of insurance products primarily to our lending customers.

Our omni-channel “phygital” distribution model combines a large branch network, in-house tele-calling teams and various external distribution networks and channel partners. As at March 31, 2025, we had a pan-India network of 1,771 branches in 1,170 towns and cities across 31 States and Union Territories, with over 80% of our branches located outside the 20 largest cities in India by population, based on the 2011 census report. We operate an organised and verticalised branch structure with separate sales, credit and collections teams for each of our verticals with a common operations team. This allows us to tailor our operations based on the product and customer segments that we cater to. Our network of branches is complemented by our external distribution channel partnerships with over 80 brands and original equipment manufacturers (“**OEMs**”) and external distribution networks with over 140,000 retailers and dealer touchpoints as at March 31, 2025. Our diversified loan book is distributed across states with a deep understanding of micro-markets across India for each of our business verticals.

We have a hybrid underwriting structure depending on the product, customer segment and ticket size. We have implemented a hybrid credit approach with a centralised credit assessment and underwriting unit for Consumer Finance products (where ticket size is small and tenure is short) and decentralised regional and branch-level credit assessment and local underwriting teams that have a more nuanced and contextual understanding of the customer’s profile for Enterprise Lending and Asset Finance products (where ticket size is bigger and tenure is longer). Our loan book is well seasoned as it has weathered multiple credit cycles in India since our inception. Our tech-enabled operating processes have contributed to maintaining a strong asset quality and low Credit Costs despite our fast-growing customer base and distribution network. This is evidenced by our GNPA and NNPA ratios of 2.26% and 0.99%, respectively, as at March 31, 2025 and Credit Costs Ratio of 2.14% for Fiscal 2025. We remain focused on ensuring that we employ highly conservative policies for provisioning, with 55.95% of Provisioning Coverage Ratio as at March 31, 2025, the third highest amongst the peers according to the CRISIL Report and a 3.31% provisioning on our Total Gross Loans, as at March 31, 2025.

We have complimented our deep on-ground lending expertise with strong digital capabilities. We have instituted tech-enabled sourcing, credit assessment, risk management and collections capabilities as well as customer engagement tools. We have implemented a digitally assisted sales process for our field officers (“**FOS**”), direct selling agents (“**DSAs**”), dealers and OEMs, improving their decision matrix, productivity and customer engagement. We also leverage automated credit decisioning through

rule- and scorecard-based evaluations to enhance our underwriting capabilities and have digitalised our collection operations. As at March 31, 2025, over 95% of our customers were sourced and onboarded digitally with assistance from our sales team or channel partners and over 95% of our collections were done through digital and banking channels. This helps us streamline our operations, reducing our turnaround time and improving our cost to income ratio.

We have a diversified liability franchise supported by a strong credit rating of AAA stable by CRISIL and CARE, which is the highest rating that can be assigned on the credit rating scale for any NBFC in India, according to the CRISIL Report. This has allowed us to fund our operations at competitive rates and tenors across fixed and floating-rate debt instruments. Our Average Cost of Borrowings stood at 7.90% as at March 31, 2025, which is the sixth lowest amongst our competitors, according to the CRISIL Report. We have maintained a prudent and sustainable level of leverage in our business, with a debt-to-equity ratio of 5.85x as at March 31, 2025, while ensuring adequate capitalisation with a capital to risk assets ratio (“**CRAR**”) (including Tier II Capital) of 19.22% as at March 31, 2025. We continue to be prudent on our asset-liability management (“**ALM**”) strategy which aims at managing risk and providing a comprehensive and dynamic framework for measuring, monitoring and managing liquidity and interest rate risks. This strategy helps to minimize the liquidity risk by mitigating the mismatches in the maturity pattern of assets and liabilities. We have not raised any equity capital in the last eight years, and during this period, we have continued to grow our business, and our Total Gross Loans increased from ₹340.7 billion as at April 1, 2017 to ₹1,068.8 billion as at March 31, 2025, representing an increase of ₹728.1 billion during this period.

We benefit from a distinguished Board of Directors offering invaluable guidance in our operating framework as well as risk management practices. 7 out of 9 of our Board members are independent directors. In addition, our Key Managerial Personnel and members of Senior Management have a deep understanding of the Indian lending market. Most of our Key Managerial Personnel and most of the members of our Senior Management have been with the Company for more than 11 years and they bring diverse experience in various financial services and functions related to our business.

Principal Factors Affecting Our Results of Operations

Ability to sustain growth and execute our growth strategies effectively

Revenue from our lending business includes interest income and processing fees, net of loan origination costs, collection-related charges, such as cheque-bouncing charges, late-payment charges, prepayment charges, foreclosure charges and commission on sale of third-party products. Interest income earned on loans and advances to customers is our principal revenue stream in our lending business. Interest income is the interest-earning component of loans and advances to customers and the yield that we earn on them.

Growth in our Total Gross Loans is affected by various factors, including the timely and cost-effective allocation of resources, our ability to select, retain and train personnel, our ability to manage and improve our operations, underwriting, collections, recoveries, as well as our ability to maintain strict risk management policies to minimize credit risks. Our growth also depends on our ability to expand our addressable customer segments by widening our product offering.

The Number of Customers grew to 19.2 million customers as at March 31, 2025 from 15.8 million customers as at March 31, 2024 and 12.2 million customers as at March 31, 2023. We have created a highly diversified portfolio of lending products for our target customer segments as our products are designed to address demands across the lifecycle of our customer segments. We aim to continue to grow our customer franchise by further widening our product offering. Product innovation and expansion have been key drivers of our growth in the past. We also leverage our large and growing customer base to cross-sell different products to our customers. Our ability to offer products to our target customer segments and to grow our customer base affect our interest income and other revenue streams arising from our lending business.

We distribute our lending products to a diverse pool of customers across various income levels, livelihoods, geographic regions and credit histories throughout India through our distribution network, as well as through digital channels. Our network of branches spreads across 31 States and Union Territories in India. As of March 31, 2025, we had 1,771 branches across India in 1,170 towns and cities, with over 80% of our branches located outside the 20 largest cities in India by population, based on the 2011 census report. We also have established partnerships with over 80 brands and OEMs, as well as with more than 140,000 retailers and dealer touchpoints across their networks in India as of March 31, 2025. Our ability to increase distribution of our loan products through our branches, partnerships and other channels to existing customers and effectively utilize website, application and digital marketing will be instrumental to our ability to grow our customer base and our revenue from our lending business.

In addition, we provide BPO services to HDFC Bank, our Promoter, including sales support services, back office, operations, processing support and running collection call centres. Our revenue from sale of services is generated from the BPO services that we provide to our Promoter and our ability to continue to provide these services affects our financial results. For further details on risks relating to our ability to implement our growth strategy, see “*Risk Factors—Internal Risk Factors—We may not be successful in implementing our growth strategies or sustaining our growth and financial performance at similar rates as experienced in recent years*” on page 40.

Ability to maintain Net Interest Income and Net Interest Margin (“NIM”)

Our financial results depend significantly on our interest income, which is the largest contributor to our revenue from operations. The magnitude and timing of interest rate changes in the asset and liability market have a significant impact on our financial results and NIM, which is the difference between our total interest income earned during the specified period and the interest expended on our borrowings. In Fiscals 2025, 2024 and 2023, our interest income amounted to 84.88%, 78.73% and 71.98% of our total revenue from operations, respectively. On the other hand, our finance cost amounted to 47.79%, 44.76% and 35.93% of our total expenses in Fiscals 2025, 2024 and 2023, respectively. The following table sets forth our Net Interest Income and Net Interest Margin for Fiscals 2025, 2024 and 2023:

Particulars	Fiscal 2025	Fiscal 2024	Fiscal 2023
Net Interest Income (₹ in million)	74,456.4	62,924.0	54,158.6
Net Interest Margin ⁽¹⁾ (%)	7.56%	7.85%	8.25%

Notes:

(1) Net Interest Margin: Ratio of Net Interest Income to the Average Total Gross Loans during the specified period.

Movements in short- and long-term interest rates affect our interest earned and interest expended. Such changes in interest rates could be a result of many factors beyond our control, including the monetary policies of the Reserve Bank of India (the “RBI”), domestic and international economic and political conditions, as well as competition among various lending institutions in India.

We extend loans to our customers and avail borrowings at both fixed as well as floating interest rates. As there are varying maturity periods applicable to our interest-bearing assets and interest-bearing liabilities, a change in interest rates may result in an increase in our interest expense relative to our interest income that would lead to a reduction in our NIM. Our ability to continue to grow our business and to meet the customer demand for new loans will depend heavily on our ability to raise funds on competitive interest rates and terms.

The finance industry in India is highly competitive as we face competition from, among others, NBFCs, banks, micro finance companies, digital lending platforms, small finance banks and private unorganised and informal financiers in the geographies in which we operate. Our ability to compete effectively will depend, in part, on our ability to maintain or increase our interest margins as a highly competitive market environment may increase the pressure to lower interest rates and fees on our loans. Such changes could affect our interest and fee income and would result in a reduction in our NIM. For further details, see “*Risk Factors—Internal Risk Factors—We may be impacted by volatility in interest rates, which could cause our Net Interest Income and our Net Interest Margins to decline and adversely affect our business, results of operations, cash flows and financial condition. We are primarily dependent on wholesale borrowing sources.*” on page 37.

Availability of cost-effective sources of funding

The liquidity and financial results of our business depends, in large part, on our timely access to, and the costs associated with, raising funds. Our credit rating, monetary policies of the RBI, domestic and international economic and political conditions, as well as other external interventions, among other factors, impact our cost of interest-bearing liabilities. We are also subject to capital adequacy requirements prescribed by the RBI under the NBFC Scale-Based Regulations and our ability to maintain our capital adequacy ratio impacts our cost of funding, see “—*Capital Adequacy*”.

Adverse conditions in the global and Indian economy resulting from economic dislocations or liquidity disruptions may adversely affect availability of credit and decreased liquidity may lead to an increase in interest rates. Any downgrade in our credit ratings may increase interest rates for refinancing our outstanding debt and adversely affect our future issuances of debt and our ability to raise new capital on a competitive basis.

We have leveraged our high credit ratings to raise funds from diverse sources within the capital markets, including secured and unsecured non-convertible debentures (“NCDs”), commercial papers, term loans and external commercial borrowings (“ECBs”) from financial institutions and borrowed from various lenders at competitive rates. Our borrowing costs have also been benefitted from our relationship with our Promoter, which may change in the future for various reasons, including due to potential new regulatory requirements by the RBI. For further details, see “*Risk Factors—Internal Risk Factors—We rely on the parentage of our Promoter. However, the interests of the Promoter as our controlling shareholder may conflict with our interests or the interests of our other shareholders. Currently, our Company offers the same products as those offered by our Promoter and certain members of our Promoter Group, namely, HDFC Sales Private Limited and HDFC Securities Limited.*” on page 36. Our Total Borrowings were ₹873,977.7 million as of March 31, 2025, of which term loans from banks and financial institutions were ₹329,902.1 million, the ECB was ₹89,386.8 million, outstanding debt securities were ₹394,651.7 million and sub-ordinated liabilities were ₹60,037.1 million. Our diverse sources of funding, together with our high credit ratings, have resulted in Average Cost of Borrowings of 7.90%, 7.53% and 6.76% in Fiscals 2025, 2024 and 2023, respectively. Our ability to meet the demand for new loans will depend on our ability to obtain financing on acceptable terms. In particular, our margins are affected by our ability to continue to secure cost-effective funding at rates lower than the interest rates at which we lend to our borrowers.

Additionally, we may assign loans to banks and financial institutions. The consideration we derive from the assignment of our loan portfolios in these transactions depends on a number of factors, including the term of the loans and yield of the loan portfolio assigned. For further details, see “*Risk Factors—Internal Risk Factors—We rely on wholesale borrowing sources. If we are unable to secure funding on acceptable terms and at competitive rates when needed, it could have a material adverse effect on our business, results of operations, cash flows and financial condition*” on page 37.

Credit quality and provisioning

Our ability to manage and improve the credit quality is a key driver of our results of operations. We measure our credit quality in part through NPA. With the growth of our business, our ability to manage the credit quality of our loans will be a key driver to our financial results. If our credit quality deteriorates, we will be required to increase our ECL provisions, which would adversely impact our profitability and financial conditions.

The following table illustrates our credit quality ratios as at the dates indicated:

Particulars	For the Fiscals ended / As at March 31, (₹ in million except percentages)		
	2025	2024	2023
Total Gross Loans ⁽¹⁾	1,068,775.8	902,179.3	700,307.0
Gross Stage 3 Loans	24,137.1	17,118.2	19,148.5

Credit Cost ⁽⁶⁾	21,130.5	10,673.9	13,304.0

Notes:

- (1) Total Gross Loans is the aggregate amount of gross loans receivables from customers (including overdue interest but excluding any other charges) before considering impairment allowances as at the last day of the specified period.
- (2) Gross Stage 3 Ratio: Ratio of Gross Stage 3 Loans to gross carrying amount of Total Gross Loans as at the last day of the specified period.
- (3) Net Stage 3 Loans: Gross stage 3 loans reduced by impairment allowances provided on stage 3 loans as at the last day of the specified period.
- (4) Net Stage 3 Ratio: Ratio of Net Stage 3 Loans to gross carrying value of Total Gross Loans as at the last day of the specified period.
- (5) Provision Coverage Ratio (“PCR”): Impairment loss allowance on stage 3 loans as a percentage of gross carrying value of stage 3 loans as at the last day of the specified period.
- (6) Credit Cost: Amount of impairment of financial instruments recognised during the specified period.

Our credit-risk framework and other stringent underwriting standards support our credit quality and play a pivotal role in our business. Advanced risk assessment models as part of our underwriting process guide our lending decisions. Further, our recovery efforts are driven by analytics embedded into our collection strategies. We remain committed to sustaining robust asset quality by improving our credit-risk framework and fostering a culture of responsible lending and risk management practices. Our ability to control and reduce our level of Stage 3 loans is also dependent on a number of factors beyond our control, such as macro-economic factors and regulatory changes, as well as customer-specific factors such as their inability to service their debt. For further details, see “*Risk Factors—Internal Risk Factors—Our Gross Stage 3 Loans amounted to 2.26% of Total Gross Loans as at March 31, 2025, which was an increase from 1.90% as at March 31, 2024. Non-payment or default by our customers, our inability to provide adequate provisioning coverage for non-performing assets or change in regulatorily mandated provisioning requirements may adversely affect our financial condition and results of operations.*” on page 30.

Ability to manage operating expenses

Our ability to continue to control our operating expenses will directly impact our financial results. In Fiscals 2025, 2024 and 2023, our total expenses were ₹133,724.80 million, ₹108,664.5 million and ₹97,754.8 million, respectively and our Cost to Income Ratio for our lending business was 42.84%, 42.72% and 39.00%, respectively, as at March 31, 2025, 2024 and 2023. Our employee benefit expenses comprised 27.07%, 35.44% and 41.51% of our total expenses, respectively, in Fiscals 2025, 2024 and 2023. Our financial results are thus dependent on our ability to manage our operating expenses and further improve our productivity.

We intend to continue to grow and diversify our pan-India omni-channel distribution network by opening further new branches to expand our coverage across the entirety of India while also deepening our relationships with OEMs, dealers and DSAs, and

continuing to add more partners, with the goal of ensuring that we are present in all channels where our existing and target customers are. As we expand our business into new geographies and distribution channels, we expect to incur additional costs that may affect our financial results.

We continue to develop our robust and 360-degree credit assessment and collections operations, as well as utilise digitalisation by embracing a multi-channel approach and aiming to stay abreast of emerging technologies. We plan to further invest in our technology platform and technology-enabled operating procedures to increase operational and management efficiencies. As we target to develop and expand our operations, we expect to derive benefits from economies of scale to support our goal to optimise our operating expenses. We also expect to incur additional costs as we expand and develop our processes and digital tools which may affect our ability to manage our operating expenses.

General economic conditions in India

Our business, financial condition, financial results and prospects are significantly affected by general economic conditions and particularly conditions in India, where we conduct our business and generate all of our income. Any slowdown in economic growth in India could adversely affect our ability to grow our asset portfolio, the quality of our assets and our ability to implement our strategies. See also “*Industry Overview—Macroeconomic Scenario in India*” on page 178 and “*Risk Factors—Internal Risk Factors—Our business may be adversely affected by seasonal trends in the Indian economy*” on page 44.

Government policy and regulations of NBFCs, as well as political and social conditions

The Government’s fiscal policy is influenced by the condition of the Indian economy, as the RBI responds to fluctuating levels of economic growth, liquidity concerns and inflationary pressures in the economy by adjusting monetary policy, and changes in the monetary policy affect the interest rates of our advances and borrowings. While declining interest rates may lead to greater demand for additional borrowings, as borrowers seek to take advantage of lower interest rates, when interest rates conversely rise, there are typically fewer prepayments and less demand for new loans. In a rising interest rate environment, our profit margin is primarily dependent on our ability to attract new business, either through existing customers or new customers.

Furthermore, the Government’s policies that aim to promote financial inclusion have supported the rise of the middle class in India. We primarily cater to underserved and underbanked customers in low to middle-income households with minimal or no credit history. As at March 31, 2025, over 80% of our branches are located outside India’s 20 largest cities by population (based on the 2011 census report) and over 70% are located in Tier 4+ towns. Generally, changes in the behavior of our customer segments resulting from shifts in the Government’s policies or otherwise may affect the demand of our products and services and financial results.

We also operate in a highly regulated industry and are required to adhere to various laws, rules and regulations. We are regulated principally by the RBI, and the RBI exercises a supervisory role over our business. We are also subject to regulatory oversight by the SEBI and IRDAI, as well as the corporate, taxation and other laws in effect in India. Changes and the related uncertainties with respect to the implementation of new regulations may have an adverse effect on our business, financial results, cash flows and financial condition and, as a result, our financial condition, financial results and growth also depend on stable government policies and regulations. As of the date of this Prospectus, our Company is categorized in the “Upper Layer” under the SBR Regulations, and accordingly we are subject to certain additional capital, prudential guidelines, regulatory changes, and governance requirements based on the bracket that we fall within. Further, the SBR Regulations also require all NBFC-ULs to mandatorily be listed within three years of identification as NBFC-UL. For further information on regulations applicable to our operations, see “*Key Regulations and Policies*” on page 275.

Key Performance Indicators

In evaluating our business, we consider and use certain key performance indicators “**KPIs**”) that are presented below as supplemental measures to review and assess our operating performance. The presentation of these KPIs is not intended to be considered in isolation or as a substitute for the Restated Consolidated Financial Information included in this Prospectus. We present these KPIs because they are used by our management to evaluate our operating performance. These KPIs are not defined under Ind AS and are not presented in accordance with Ind AS. These KPIs have limitations as analytical tools. Further, these KPIs may differ from the similar information used by other companies, including peer companies, and hence their comparability may be limited. Therefore, these metrics should not be considered in isolation or construed as an alternative to Ind AS measures of performance or as an indicator of our operating performance, liquidity or financial results. Although these KPIs are not a measure of performance calculated in accordance with applicable accounting standards, our Company’s management believes that they provide an additional tool for investors to use in evaluating our ongoing operating results and trends and in comparing our financial results with other companies in our industry because they provide consistency and comparability with past financial performance when taken collectively with financial measures prepared in accordance with Ind AS.

*denotes the information that is presented at the Company level. All other metrics are calculated with respect to the Company's lending business.

- (1) Number of Customers: Total number of distinct customers to whom we have advanced credit in our lending business as at the last day of the specified period.
- (2) Number of Branches: Total number of operational branches as at the last day of the specified period.
- (3) Number of Locations: Total number of operational locations as at the last day of the specified period.
- (4) Number of Total Employees: Total number of employees in our lending business as at the last day of the specified period.
- (5) Total Gross Loans is the aggregate amount of gross loans receivables from customers (including overdue interest but excluding any other charges) before considering impairment allowances as at the last day of the specified period.
- (6) Total Gross Loans Growth y-o-y: Percentage growth in Total Gross Loans as at the last day of the specified period over the Total Gross Loans as at the last day of the immediately preceding comparable period.
- (7) Secured Loans as % of Total Gross Loans: Percentage of Total Gross Loans secured by tangible assets as a percentage of Total Gross Loans as at the last day of the specified period.
- (8) Net Interest Income: Interest Income for the specified period reduced by finance cost for the specified period.
- (9) Other Financial Charges: Includes fees received in our lending business for the specified period.
- (10) Net Total Income: Net Total income is calculated as total revenue from operations excluding revenue from sale of services as reduced by finance cost during the specified period.
- (11) Credit Cost: Amount of impairment of financial instruments recognised during the specified period.
- (12) Profit after Tax ("PAT"): Profit before tax as reduced by total tax expenses for the specified period.
- (13) PAT growth y-o-y: Percentage growth in Profit after Tax for the specified period over Profit after Tax for the immediately preceding comparable period.
- (14) Basic Earnings per Share ("EPS"): Basic earnings per equity share have been calculated by dividing the Profit after Tax attributable to equity shareholders by weighted average number of equity shares outstanding during the specified period.
- (15) Average Yield: Average interest rate on loan amounts extended to our customers in the specified period. Average interest rate is calculated as Interest Income as a percentage of Average of total gross loans (Average of Opening and Closing total gross loans during the specified period).
- (16) Average Cost of Borrowings: Ratio of the finance cost to Average Total Borrowings for the specified period (Average Total Borrowings is calculated as average of opening and closing total borrowings during the specified period).
- (17) Net Interest Margin: Ratio of Net Interest Income to the Average Total Gross Loans during the specified period.
- (18) Cost to Income Ratio: Ratio of Operating Expenses to Net Total Income for the specified period. Operating expenses is calculated as total expenses of lending business as reduced by finance cost and impairment on financial instruments.
- (19) Operating Expense Ratio: Ratio of Operating Expenses to Average Total Gross Loans for the specified period.
- (20) Credit Cost Ratio: Ratio of Credit Cost to Average Total Gross Loans for the specified period.
- (21) Gross Stage 1 and Gross Stage 2 Loans: Gross Stage 1 and Gross Stage 2 Loans are loan assets which are 30 days and 60 days past due, respectively, on their contractual payments before considering impairment allowances as at the last day of the specified period.
- (22) Gross Stage 3 Loans: Gross Stage 3 Loans are loan assets which are 90 days past due on its contractual payments before considering impairment allowances as at the last day of the specified period.
- (23) Gross Non-Performing Assets ("GNPA"): Ratio of Gross Stage 3 Loans to gross carrying amount of Total Gross Loans as at the last day of the specified period.
- (24) Net Non-Performing Assets ("NNPA"): Ratio of Net NPA to gross carrying value of Total Gross Loans as at the last day of the specified period. Net NPA is gross stage 3 loans reduced by impairment allowances provided on stage 3 loans as at the last day of the specified period.
- (25) Provision Coverage Ratio ("PCR"): Impairment loss allowance on Stage 3 loans as a percentage of gross carrying value of Stage 3 loans as at the last day of the specified period.
- (26) Provisioning Coverage on Stage 1 and Stage 2 Loans: Represents the Impairment loss allowance on stage 1 and stage 2 loans as a percentage of the gross carrying value of our stage 1 and stage 2 loans as at the last day of the specified period.
- (27) Total Equity: Total Equity is equal to paid up equity share capital plus other equity.
- (28) Return on Average Equity ("ROE"): Ratio of Restated Profit/(loss) after tax for the specified period to Average Total Equity (which comprises of equity share capital and other equity) as at the last day of the specified period. Average Total Equity represents the simple average of total equity as at the last day of the specified period and total equity of the last day of the immediately preceding period.
- (29) Return on Assets ("ROA"): Ratio of Restated Profit/(loss) after tax to Average Total Assets for the specified period. Average Total Assets represents the simple average of total assets as at the last day of the specified period and total assets of the last day of the immediately preceding period.
- (30) Total Borrowings: Outstanding borrowings as at the last day of the specified period. Total Borrowings is the sum of debt securities, borrowings (other than debt securities) and subordinated liabilities as at the last day of the specified period.
- (31) Debt to Equity: Ratio of Total Borrowings to Net Worth as at the last day of the specified period. Net Worth is equal to paid-up equity share capital plus other equity less deferred tax asset (net) as at the last day of the specified period.

Credit Ratings

The table below sets forth the credit ratings of our Company as at the periods indicated:

Particulars	Fiscal 2025	Fiscal 2024	Fiscal 2023
Credit Ratings ¹ (other information)	CRISIL AAA/Stable; CRISIL A1+; CARE AAA/ Stable; CARE A1+	CRISIL AAA/Stable; CRISIL A1+; CARE AAA/ Stable; CARE A1+	CRISIL AAA/Stable; CRISIL A1+; CARE AAA/ Stable; CARE PP-MLD AAA /Stable; CARE A1+

Notes:

(1) *Credit Ratings:* Credit ratings are provided as assigned by the credit rating agencies (CARE Ratings Limited and CRISIL Ratings Limited) on our borrowing instruments.

A credit rating is not a recommendation to buy, sell or hold securities or other financial instruments. Ratings are subject to revision or withdrawal at any time by the assigning rating organisation. Each rating should be evaluated independently of any other rating.

Critical Accounting Policies

A full description of our critical accounting policies adopted in the preparation of our Restated Consolidated Financial Information is provided in Note 2 to our Restated Consolidated Financial Information. Please see “—*Restated Consolidated Financial Information Notes forming part of the Restated Consolidated Financial Information—Annexure 2: Accounting Policies*” on page 345. The accounting policies set out in the Restated Consolidated Financial Information in this do not include any deviations from Ind AS and do not follow a different manner or norm of recognition. The critical accounting policies that our management believes to be the most significant are summarized below.

Financial instruments

Initial recognition and measurement

Financial assets and financial liabilities are recognised in our balance sheet when we become a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognised immediately in statement of profit and loss.

Financial assets—Classification

Based on the business model, the contractual characteristics of the financial assets and specific elections, where appropriate, we classify and measures financial assets in the following categories:

- amortised cost,
- fair value through other comprehensive income (“**FVOCI**”), and
- fair value through profit and loss (“**FVTPL**”).

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows (“Asset held to collect contractual cash flows”); and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (“**SPPI**”) on the principal amount outstanding.

After initial measurement and based on the assessment of the business model as asset held to collect contractual cash flows and SPPI, such financial assets are subsequently measured at amortised cost using Effective Interest Rate (“**EIR**”) method. Interest income and impairment expenses are recognised in statement of profit and loss. Interest income from these financial assets is included in finance income using the EIR method. Any gain and loss on derecognition is also recognised in statement of profit and loss.

The EIR method is a method of calculating the amortised cost of a financial instrument and of allocating interest over the relevant period. The EIR is the rate that exactly discounts estimated future cash flows (including all fees paid or received that

form an integral part of the EIR, transaction costs and other premiums or discounts) through the expected life of the instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

We record loans and government securities (classified as held to maturity) at amortised cost.

Financial assets that are held within a business model whose objective is both to collect the contractual cash flows and to sell the assets (“Contractual cash flows of assets collected through hold and sell model”), and contractual cash flows that are SPPI, are subsequently measured at FVOCI. Movements in the carrying amount of such financial assets are recognised in Other Comprehensive Income (“OCI”), except dividend income which is recognised in statement of profit and loss. Amounts recorded in OCI are not subsequently transferred to the statement of profit and loss. Equity instruments at FVOCI are not subject to an impairment assessment.

Financial assets, which do not meet the criteria for categorization as at amortized cost or as FVOCI, are measured at FVTPL. Subsequent changes in fair value are recognised in statement of profit and loss.

We record investments in equity instruments and mutual funds at FVTPL.

Financial liabilities and equity instruments

Debt and equity instruments issued by the Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instrument

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by us are recognised at the proceeds received, net of directly attributable transaction costs.

Financial liabilities

Financial liabilities are measured at amortised cost. The carrying amounts are determined based on the EIR method. Interest expense is recognised in statement of profit and loss. Any gain or loss on de-recognition of financial liabilities is also recognised in statement of profit and loss. Undrawn loan commitments are not recorded in the balance sheet. However, these financial instruments are in the scope of expected credit loss (“ECL”) calculation.

Derecognition

Financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised when:

- the contractual rights to receive cash flows from the financial asset have expired, or
- we have transferred our rights to receive cash flows from the asset and we have transferred substantially all the risks and rewards of the asset, or we have neither transferred nor retained substantially all the risks and rewards of the asset, but have transferred control of the asset.

If we neither transfer nor retain substantially all of the risks and rewards of ownership and continue to control the transferred asset, we recognise our retained interest in the asset and an associated liability for the amount we may have to pay. If we enter into transactions whereby we transfer assets recognised on its balance sheet, but retain either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised and the proceeds received are recognised as a collateralised borrowing. On derecognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognised) and the sum of (i) the consideration received (including any new asset obtained less any new liability assumed) and (ii) any cumulative gain or loss that had been recognised in OCI is recognised in statement of profit and loss.

Financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying value of the original financial liability and the new financial liability with modified terms is recognised in statement of profit and loss.

Impairment of financial assets

We apply the expected credit loss (“ECL”) model in accordance with Ind AS 109 for recognising impairment loss on financial assets. The ECL allowance is based on the credit losses expected to arise from all possible default events over the expected life of the financial asset (“lifetime ECL”), unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12-month ECL. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date. ECL is calculated on a collective basis, considering the retail nature of the underlying portfolio of financial assets.

The impairment methodology applied depends on whether there has been a significant increase in credit risk. When determining whether the risk of default on a financial asset has increased significantly since initial recognition, we consider reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis based on a provision matrix which takes into account our historical credit loss experience, current economic conditions, forward looking information and scenario analysis.

The expected credit loss is a product of exposure at default (“EAD”), probability of default (“PD”) and loss given default (“LGD”). The Group has devised an internal model to evaluate the PD and LGD based on the parameters set out in Ind AS 109. Accordingly, the financial assets have been segmented into three stages based on the risk profiles. The three stages reflect the general pattern of credit deterioration of a financial asset. The Group categorises financial assets at the reporting date into stages based on the days past due (“DPD”) status as under:

- Stage 1: 0 to 30 days past due,
- Stage 2: 31 to 90 days past due, and
- Stage 3: more than 90 days past due.

Loan accounts where principal and/or interest are past due for more than 90 days continue to be classified as stage 3 till overdues across all loans are cleared.

LGD is an estimate of loss from a transaction given that a default occurs. PD is defined as the probability of whether the borrowers will default on their obligations in the future. For assets which are in Stage 1, a 12-month PD is required. For Stage 2 assets, a lifetime PD is required while Stage 3 assets are considered to have a 100% PD. EAD represents the expected exposure in the event of a default and is the gross carrying amount in case of the financial assets held by us.

We incorporate forward-looking information into both assessments of whether the credit risk of an instrument has increased significantly since its initial recognition and its measurement of ECL. Based on the consideration of external actual and forecast information, we form a ‘base case’ view of the future direction of relevant economic variables. This process involves developing two or more additional economic scenarios and considering the relative probabilities of each outcome. The base case represents a most likely outcome while the other scenarios represent more optimistic and more pessimistic outcomes.

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances. Our ECL calculations are outputs of complex models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. The inputs and models used for calculating ECLs may not always capture all characteristics of the market at the date of the financial statements. We regularly review its models in the context of actual loss experience and makes adjustments when such differences are significantly material. Adjustments including reversal of ECL is recognised through statement of profit and loss.

After initial recognition, trade receivables are subsequently measured at amortised cost using the effective interest method, less provision for impairment. We follow the simplified approach required by Ind AS 109 for recognition of impairment loss allowance on trade receivables, which requires lifetime ECL to be recognised at each reporting date, right from initial recognition of the receivables.

Write offs

The gross carrying amount of a financial asset is written-off (either partially or in full) to the extent that there is no reasonable expectation of recovering the asset in its entirety or a portion thereof. This is generally the case when we determine that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written-off could still be subject to enforcement activities under our recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in statement of profit and loss.

Revenue recognition

Revenue (other than for those items to which Ind AS 109 Financial Instruments is applicable) is measured at the amount of transaction price. Amounts disclosed as revenue are net of goods and services tax (“**GST**”) and amounts collected on behalf of third parties. Ind AS 115 Revenue from Contracts with Customers outlines a single comprehensive model of accounting for revenue arising from contracts with customers.

We recognise revenue from contracts with customers based on a five-step model as set out in Ind 115:

- **Step 1:** Identify contract(s) with a customer. A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.
- **Step 2:** Identify performance obligations in the contract. A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.
- **Step 3:** Determine the transaction price. The transaction price is the amount of consideration to which we expect to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.
- **Step 4:** Allocate the transaction price to the performance obligations in the contract. For a contract that has more than one performance obligation, we allocate the transaction price to each performance obligation in an amount that depicts the amount of consideration to which we expect to be entitled in exchange for satisfying each performance obligation.
- **Step 5:** Recognise revenue when (or as) we satisfy a performance obligation.

Specific policies for our different sources of revenue are explained below:

Income from lending business

Interest income

Interest income on a financial asset at amortised cost is recognised on a time proportion basis taking into account the amount outstanding and the Effective Interest Rate (“**EIR**”). The EIR is the rate that exactly discounts estimated future cash flows of the financial asset through the expected life of the financial asset or, where appropriate, a shorter period, to the net carrying amount of the financial instrument. The internal rate of return on financial asset after netting off the fees received and cost incurred approximates the effective interest rate method of return for the financial asset. The future cash flows are estimated taking into account all the contractual terms of the instrument.

The interest income is calculated by applying the EIR to the gross carrying amount of non-credit impaired financial assets (i.e., at the amortised cost of the financial asset before adjusting for any expected credit loss allowance). For credit-impaired financial assets, the interest income is calculated by applying the EIR to the amortised cost of the credit-impaired financial assets (i.e., the gross carrying amount less the allowance for ECLs).

Other financial charges

Cheque bouncing charges, late payment charges, foreclosure charges and application money are recognised on a point-in-time basis, and are recorded when realised since the probability of collecting such monies is established when the customer pays.

Income from BPO services

Income from BPO services comprise of sales support services, back office, operations, processing support, running collection call centres and collecting overdue amounts from borrowers. Performance obligations are satisfied over time and revenue is recorded on a monthly basis.

Income from direct assignment

Gains arising out of direct assignment transactions comprise the difference between the interest on the loan portfolio and the applicable rate at which the direct assignment is entered into with the assignee, also known as the right of excess interest spread (EIS). The future EIS basis of the scheduled cash flows on execution of the transaction, discounted at the applicable rate and entered into with the assignee is recorded upfront in the statement of profit and loss. EIS is evaluated and adjusted for ECL and expected prepayment.

Employee benefits

Short-term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if we have a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Provident fund

Retirement benefit in the form of provident fund, is a defined contribution scheme. We have no obligation, other than the contribution payable to the provident fund. We recognise contribution payable to the provident fund scheme as an expense, when an employee renders the related service.

ESIC and labour welfare fund

Our contribution paid/payable during the period to ESIC and Labour welfare fund are recognised in the statement of profit and loss.

Gratuity

We operate a defined benefit gratuity plan that provide for gratuity benefit to all employees. We make annual contributions to a fund administered by trustees and managed by insurance companies for amounts notified by the said insurance companies. The benefit is in the form of lump sum payments to vested employees on resignation, retirement, or death while in employment or on termination of employment of an amount equivalent to 15 days basic salary payable for each completed year of service. Vesting occurs upon completion of five years of service. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to statement of profit and loss in subsequent periods.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. We recognise the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income.

Principal Components of Income and Expenditure

Income

Our total income comprises revenue from operations.

Revenue from operations

Our revenue from operations comprises (i) interest income, (ii) income from sale of services, (iii) other financial charges, (iv) net gain on fair value changes and (v) net gain on derecognition of financial instruments under amortised cost category.

Interest income

Interest income is the largest contributor to our revenue from operations. We derive interest income from interest on loans, interest on investments and interest on deposits with banks. In Fiscals 2025, 2024 and 2023, interest income amounted to 84.88%, 78.73% and 71.98% of our total revenue from operations, respectively.

Interest on loans comprises interest income on our (1) Enterprise Lending, including unsecured business loans, loans against property, enterprise business loans and gold loans, (2) Asset Finance loans, including commercial vehicle loans, construction equipment loans and tractor loans and (3) Consumer Finance, including consumer durable / digital product / lifestyle product loans, relationship loans, salaried personal loans, auto loans, two-wheeler loans and micro loans. We recognise interest income on loans by applying the effective interest rate (“EIR”) to the gross carrying amount of non-credit-impaired financial assets. For credit-impaired financial assets, the interest income is calculated by applying the EIR to the amortised cost of the credit-impaired financial assets (i.e., the gross carrying amount less the allowance for expected credit loss).

Sale of services

Income from sale of services comprises income from our BPO services to HDFC Bank, our Promoter, including sales support services, back office, operations, processing support, running collection call centres and collecting overdue amounts from borrowers. In Fiscals 2025, 2024 and 2023, income from sale of services amounted to 7.46%, 13.76% and 21.24% of our total revenue from operations, respectively.

Other financial charges

We receive income from charges on loans to customers, such as cheque bouncing charges, late payment charges, foreclosure charges and application money on loans, as well as commissions on insurance distribution. In Fiscals 2025, 2024 and 2023, income from other financial charges amounted to 7.32%, 6.73% and 6.10% of our total revenue from operations, respectively.

Expenses

Our total expenses comprise finance costs, impairment on financial instruments, employee benefits expenses, depreciation and amortisation and other expenses.

Finance costs

Our finance costs comprise interest expense on financial liabilities primarily consisting of (i) interest on borrowings (other than debt securities), (ii) interest on debt securities, (iii) interest on subordinated liabilities, (iv) discount on commercial paper and (iv) other borrowing costs. Finance costs represented 47.79%, 44.76% and 35.93% of our total expenses in Fiscals 2025, 2024 and 2023, respectively.

Impairment on financial instruments

Impairment on financial instruments includes impairment allowance on loans measured at amortised cost and settlement loss and bad debts written off (net of recoveries from bad debt written off). Impairment allowance on loans is calculated based on ECL on Stage 1, Stage 2, Stage 3 Loans and loan commitments. ECL is calculated based on exposure of default, probability of default and loss given default. Impairment on financial instruments represented 15.80%, 9.82% and 13.61% of our total expenses in Fiscals 2025, 2024 and 2023, respectively. For further details on calculation of ECL, please see “—*Restated Consolidated Financial Information—Annexure 2: Accounting Policies—Financial Instruments—Impairment of financial assets*”.

Employee benefits expenses

Employee benefits expenses comprise salaries and wages to employees, contribution to provident and other funds, employee share-based payment expenses and staff welfare expenses. Employee benefits expenses represented 27.07%, 35.44% and 41.51% of our total expenses in Fiscals 2025, 2024 and 2023, respectively. As at March 31, 2025, we had 89,424 employees.

Other expenses

We had other expenses primarily comprising, among other things, telephone, power and rent expenses, maintenance expense relating to our premises and credit report charges. Other expenses represented 7.89%, 8.64% and 7.81% of our total expenses in Fiscals 2025, 2024 and 2023, respectively.

Results of Operations

The following table sets forth select financial data from our Restated Consolidated Statement of Profit and Loss for Fiscals 2025, 2024 and 2023, the components of which are expressed as a percentage of total revenue from operations for such periods.

Fiscal 2025 compared to Fiscal 2024

Income

Revenue from operations

Our income from operations increased by 15.02% to ₹163,002.80 million in Fiscal 2025, from ₹141,711.2 million in Fiscal 2024, primarily due to an increase in our interest income by 24.01%. The primary reasons for this are discussed below.

Interest income

Our interest income increased by 24.01% to ₹138,357.9 million in Fiscal 2025, from ₹111,567.2 million in Fiscal 2024, primarily due to an increase in interest on loans (at amortised cost) by 23.79% to ₹136,705.2 million in Fiscal 2025, from ₹110,436.0 million in Fiscal 2024. The following table sets forth the breakdown of our interest income:

Particulars	For Fiscal 2025 (₹ in million)	For Fiscal 2024 (₹ in million)	% increase / (decrease)
Interest income on loans	136,705.2	110,436.0	23.79%
Interest income on deposits with banks	164.2	171.0	(3.98%)
Interest income on investments	1,411.5	960.2	47.00%
Other Interest Income	77.0	-	-

The increase in interest on loans was primarily attributable to the growth in our Average Gross Loans by 22.99% to ₹985,477.6 million in Fiscal 2025 from ₹801,243.2 million in Fiscal 2024. Our Total Gross Loans as at the last day of the relevant period increased to ₹1,068,775.8 million as at March 31, 2025 from ₹902,179.3 million as at March 31, 2024, on account of growth of the loan book across our lending products.

Sale of services

Our income from the sale of services decreased by 37.59% to ₹12,166.6 million in Fiscal 2025 from ₹19,495.5 million in Fiscal 2024 primarily due to an overall reduction in the headcount with respect to BPO services resulting in a decrease in the revenue from BPO services.

Other financial charges

Our income from other financial charges increased by 25.11% to ₹11,924.5 million in Fiscal 2025 from ₹9,531.1 million in Fiscal 2024, primarily due to an increase in commissions on insurance distribution and other charges related to collections.

Net gain on fair value changes

Our net gain on fair value changes decreased by 51.69% to ₹549.2 million in Fiscal 2025, from ₹1,136.9 million in Fiscal 2024, primarily due to a decrease in realised gains on financial instruments at FVTPL by ₹317.0 million and an unrealised loss on financial instruments at FVTPL of ₹32.9 million in Fiscal 2025 compared to a gain on financial instruments at FVTPL of ₹237.8 million in Fiscal 2024.

Net gain / (loss) on derecognition of financial instruments under amortised cost category

Our gain on derecognition of financial instruments under the amortised cost category was ₹4.6 million in Fiscal 2025 compared to a loss on recognition of financial instruments under the amortised cost category of ₹(19.5) million in Fiscal 2024.

Expenses

Our total expenses increased by 23.06% to ₹133,724.8 million in Fiscal 2025, from ₹108,664.5 million in Fiscal 2024, primarily due to an increase in our finance costs. As a percentage of total income, our total expenses were 82.04% in Fiscal 2025, compared to 76.68% in Fiscal 2024.

Finance costs

Our finance costs increased by 31.37% to ₹63,901.5 million in Fiscal 2025, from ₹48,643.2 million in Fiscal 2024, primarily due to (i) an increase in our Average Borrowings by 25.18% to ₹808,642.20 million in Fiscal 2025, from ₹645,979.9 million in Fiscal 2024, and (ii) an increase in our Average Cost of Borrowings by 37 bps to 7.90% in Fiscal 2025, from 7.53% in Fiscal 2024. This increase in Average Cost of Borrowings was primarily due to a general increase in interest rates on borrowings across instruments in the market.

Impairment on financial instruments

Our impairment on financial instruments increased by 97.96% to ₹21,130.5 million in Fiscal 2025, from ₹10,673.9 million in Fiscal 2024, primarily due to a combination of macro-economic conditions and stress seen in specific loan segments during Fiscal 2025. Additionally, our Gross Stage 3 Loans increased to ₹24,137.1 million as at March 31, 2025, from ₹17,118.2 million as at March 31, 2024.

Employee benefits expenses

Our employee benefits expenses decreased by 6.00% to ₹36,195.7 million in Fiscal 2025, from ₹38,507.5 million in Fiscal 2024, primarily due to a decrease in salaries and wages by 6.47% to ₹32,464.5 million in Fiscal 2025, from ₹34,710.4 million in Fiscal 2024. This decrease was primarily due to a reduction in salaries and wages in our BPO services business, which was partially offset by an increase in salaries and wages for our lending business. At the Company-level, our total employee count on roll was 89,424 employees as at March 31, 2025, as compared to 87,401 employees as at March 31, 2024.

Depreciation, amortization and impairment

Our depreciation and amortisation expense increased by 33.95% to ₹1,944.2 million in Fiscal 2025, from ₹1,451.4 million in Fiscal 2024, due to an increase in depreciation on property, plant and equipment and other intangible assets by ₹362.5 million and an increase in amortisation on right-of-use assets by ₹130.1 million. During Fiscal 2025, gross additions in property, plant and equipment and other intangible assets were ₹2,097.9 million.

Other expenses

Our other expenses increased by 12.40% to ₹10,552.9 million in Fiscal 2025, from ₹9,388.5 million in Fiscal 2024. This increase was primarily due to following reasons:

- an increase of 19.06% in collection expenses from ₹1,894.8 million in Fiscal 2024 to ₹2,255.9 million in Fiscal 2025;
- an increase of 12.70% in information technology expense from ₹1,137.5 million in Fiscal 2024 to ₹1,282.0 million in Fiscal 2025;
- an increase of 15.05% in travelling expense from ₹939.7 million in Fiscal 2024 to ₹1,081.1 million in Fiscal 2025; and
- a 49.71% increase in expenses towards corporate social responsibility initiative from ₹313.0 million in Fiscal 2024 to ₹468.6 million in Fiscal 2025.

Restated profit before taxes

As a result of the factors explained above, our profit before taxes decreased by 11.40% to ₹29,278.0 million in Fiscal 2025 from ₹33,046.7 million in Fiscal 2024.

Tax expenses

Our tax expenses decreased by 10.90% to ₹7,518.8 million in Fiscal 2025, from ₹8,438.3 million in Fiscal 2024, primarily due to a decrease in profit before tax. Our effective tax rate increased marginally to 25.68% in Fiscal 2025, from 25.53% in Fiscal 2024.

Profit for the period

Due to the factors discussed above, our profit for the period decreased by 11.58% to ₹21,759.2 million in Fiscal 2025, from ₹24,608.4 million in Fiscal 2024.

Fiscal 2024 compared to Fiscal 2023

Income

Revenue from operations

Our income from operations increased by 14.26% to ₹141,711.2 million in Fiscal 2024 from ₹124,028.8 million in Fiscal 2023. This increase is primarily due to an increase in our interest income by 24.97%. The primary reasons for this are discussed below.

Interest income

Our interest income increased by 24.97% to ₹111,567.2 million in Fiscal 2024, from ₹89,277.8 million in Fiscal 2023, primarily due to an increase in interest on loans (at amortised cost) by 24.74% to ₹110,436.0 million in Fiscal 2024, from ₹88,535.8 million in Fiscal 2023. The following table sets forth the breakdown of our interest income:

Particulars	For Fiscal 2024 (₹ in million)	For Fiscal 2023 (₹ in million)	% increase / (decrease)
Interest income on loans	110,436.0	88,535.8	24.74%
Interest income on deposits with banks	171.0	93.0	83.87%
Interest income on investments	960.2	649.0	47.95%

The increase in interest on loans was primarily attributable to the growth in our Average Gross Loans by 21.99% to ₹801,243.2 million in Fiscal 2024, from ₹656,785.1 million in Fiscal 2023. Our Total Gross Loans as at the last day of the relevant period increased to ₹902,179.3 million as at March 31, 2024, from ₹700,307.0 million as at March 31, 2023, as we saw growth across our products.

Sale of services

Our income from the sale of services decreased by 25.98% to ₹19,495.5 million in Fiscal 2024 from ₹26,339.3 million in Fiscal 2023 primarily due to a decrease in the revenue from our BPO services.

Other financial charges

Our income from other financial charges increased by 26.00% to ₹9,531.1 million in Fiscal 2024 from ₹7,564.1 million in Fiscal 2023 primarily due to an increase in commissions on insurance distribution and other charges related to collections.

Net gain on fair value changes

Our net gain on fair value changes increased by 33.64% to ₹1,136.9 million in Fiscal 2024 from ₹850.7 million in Fiscal 2023 primarily due to an increase in unrealised gains on investments at FVTPL of ₹293.8 million in Fiscal 2024.

Net gain / (loss) on derecognition of financial instruments under amortised cost category

Our loss on derecognition of financial instruments under the amortised cost category increased to ₹19.5 million in Fiscal 2024, from ₹3.1 million in Fiscal 2023.

Expenses

Our total expenses increased by 11.16% to ₹108,664.5 million in Fiscal 2024, from ₹97,754.8 million in Fiscal 2023, primarily due to an increase in finance costs. As a percentage of total income, our total expenses were 76.68% in Fiscal 2024, compared to 78.82% in Fiscal 2023.

Finance costs

Our finance costs increased by 38.51% to ₹48,643.2 million in Fiscal 2024, from ₹35,119.2 million in Fiscal 2023, primarily due to (i) an increase in our Average Borrowings by 24.42% to ₹645,979.9 million in Fiscal 2024, from ₹519,192.0 million in

Fiscal 2023, and (ii) increase in our Average Cost of Borrowings by 77 bps to 7.53% in Fiscal 2024, from 6.76% in Fiscal 2023. This increase in Average Cost of Borrowings was primarily due to a general increase in interest rates on borrowings across instruments in the market.

Impairment on financial instruments

Our impairment on financial instruments decreased by 19.77% to ₹10,673.9 million in Fiscal 2024 from ₹13,304.0 million in Fiscal 2023 due to improvement in asset quality during the year. Our Gross Stage 3 Loans decreased to ₹17,118.2 million as at March 31, 2024, from ₹19,148.5 million as at March 31, 2023.

Employee benefits expenses

Our employee benefits expenses decreased by 5.10% to ₹38,507.5 million in Fiscal 2024 from ₹40,575.7 million in Fiscal 2023 primarily due to a decrease in salaries and wages by 5.35% to ₹34,710.4 million in Fiscal 2024, from ₹36,673.9 million in Fiscal 2023. The decrease in salaries and wages was primarily due to a reduction in headcount for the BPO services business. At the Company-level, our total employee count on roll was 87,401 employees as at March 31, 2024, as compared to 114,760 employees as at March 31, 2023. This decrease was partially offset by an increase in headcount for our lending business, which increased to 56,560 as at March 31, 2024, from 45,883 as at March 31, 2023.

Depreciation, amortization and impairment

Our depreciation and amortisation expense increased by 29.77% to ₹1,451.4 million in Fiscal 2024, from ₹1,118.4 million in Fiscal 2023 primarily due to an increase in depreciation on property, plant and equipment and other intangible assets by ₹229.5 million and an increase in amortisation on right-of-use assets by ₹103.7 million. During the year, gross additions in property, plant and equipment and other intangible assets was ₹1,233.7 million in Fiscal 2024.

Other expenses

Our other expenses increased by 22.93% to ₹9,388.5 million in Fiscal 2024, from ₹7,637.5 million in Fiscal 2023. This increase was primarily due to following reasons:

- an increase of 33.87% in other administrative expenses (which primarily includes sales promotion expenses and housekeeping expenses, amongst others), from ₹1,586.5 million in Fiscal 2023 to ₹2,123.8 million in Fiscal 2024;
- an increase of 51.03% in travelling expenses, from ₹622.2 million in Fiscal 2023 to ₹939.7 million in Fiscal 2024;
- an increase of 33.70% in information technology expenses, from ₹850.8 million in Fiscal 2023 to ₹1,137.5 million in Fiscal 2024;
- an increase of 61.94% in telephone related expenses (which includes, among other things, call centre charges, network link charges, SMS charges), from ₹381.2 million in Fiscal 2023 to ₹617.3 million in Fiscal 2024; and
- an increase of 43.71% in expenses towards corporate social responsibility initiative, from ₹217.8 million in Fiscal 2023 to ₹313.0 million in Fiscal 2024.

Restated profit before taxes

As a result of the factors explained above, our profit before taxes increased by 25.78% to ₹33,046.7 million in Fiscal 2024, from ₹26,274.0 million in Fiscal 2023.

Tax expenses

Our tax expenses increased by 26.31% to ₹8,438.3 million in Fiscal 2024, from ₹6,680.5 million in Fiscal 2023, primarily due to an increase in profit before tax. Our effective tax rate increased to 25.53% in Fiscal 2024, from 25.43% in Fiscal 2023.

Profit for the period

Due to the factors discussed above, our profit for the period increased by 25.59% to ₹24,608.4 million in Fiscal 2024, from ₹19,593.5 million in Fiscal 2023.

Our gross secured loans increased by ₹133,271.1 million to ₹643,589.8 million as at March 31, 2024, from ₹510,318.7 million as at March 31, 2023, and our gross unsecured loans increased by ₹68,601.2 million to ₹258,589.5 million as at March 31, 2024, from ₹189,988.3 million as at March 31, 2023.

Investments

Our total investments decreased by ₹13,202.0 million to ₹20,601.3 million as at March 31, 2025, from ₹33,803.3 million as at March 31, 2024, primarily due to the sale of all our investments in mutual funds during Fiscal 2025. Our investments in mutual funds were ₹17,534.1 million as at March 31, 2024. The decrease in our investments in mutual funds was partially offset by an increase in treasury bills and government securities to ₹20,440.9 million as at March 31, 2025, from ₹15,872.9 million as at March 31, 2024.

Our total investments increased by ₹21,370.8 million to ₹33,803.3 million as at March 31, 2024, from ₹12,432.5 million as at March 31, 2023, primarily due to an increase in our investments in mutual funds to ₹17,534.1 million as at March 31, 2024, from ₹4,116.5 million as at March 31, 2023, an increase in treasury bills and government securities to ₹15,872.9 million as at March 31, 2024, from ₹7,736.6 million as at March 31, 2023.

Derivative Financial Instruments

We enter into derivative transactions with various counterparties to hedge our foreign exchange risks and interest rate risks associated with our external commercial borrowings. The fair value-assets of our derivative financial instruments increased by ₹1,060.9 million to ₹1,080.0 million as at March 31, 2025 from ₹19.1 million as at March 31, 2024. The change in our derivative financial instrument position was primarily due to hedging of foreign exchange risks and interest rate risks associated with the ECB.

The fair value-assets of our derivative financial instruments decreased by ₹1,634.3 million to ₹19.1 million as at March 31, 2024 from ₹1,653.4 million as at March 31, 2023, primarily due to movements in fair value of cross-currency swaps during Fiscal 2024.

Non-financial assets

Our total non-financial assets increased by ₹3,086.4 million to ₹18,950.3 million as at March 31, 2025, from ₹15,863.9 million as at March 31, 2024 primarily due to an increase in our property, plant and equipment and right of use assets due to expansion of our branch network.

Liquidity and Capital Resources

Historically, our primary liquidity requirements have been to finance our working capital needs for our operations. We have met these requirements through cash flows from operations and borrowings.

Our Asset Liability Committee oversees liquidity risk management and ensures sufficient levels of liquidity and effective interest rate risk management. We monitor various metrics such as Net Interest Margins (NIM), maturity profiles, stock ratios, and asset-liability mix when assessing our liquidity position.

Off-Balance-Sheet Arrangements

Except for loans that are assigned by us to banks and other financial institutions, we do not have any off-balance-sheet arrangements, derivative instruments or other relationships with other entities that would have been established for the purpose of facilitating off-balance-sheet arrangements that would materially affect our financial condition or financial results.

Related-Party Transactions

We enter into various transactions with related parties. For further information, please see “*Other Financial Information—Related-Party Transactions*” and “—*Restated Consolidated Financial Information—Note 37: Related Party Disclosure*” on pages 390 and 371 respectively.

Capital Adequacy

Our Company is subject to the capital adequacy ratio requirements prescribed by the RBI under the NBFC Scale-Based Regulations. We are required to maintain a minimum capital ratio, consisting of Tier I and Tier II capital, of not less than 15.00% of our aggregate risk-weighted assets on the balance sheet and risk-adjusted value of off-balance sheet items, of which Tier I capital cannot be less than 10.00%.

The following table sets forth information relating to our capital adequacy ratio (capital to risk (weighted) assets (“**CRAR**”)) as at the dates indicated:

Qualitative and Quantitative Disclosure about Market Risks

Market risk is the risk that the fair value or future cash flow of financial instrument will fluctuate due to changes in market variables such as interest rates, foreign exchange rates (among others). The objective of market risk management is to manage and control market risk exposure within acceptable parameters while maximizing the return. Cash and cash equivalents, bank balance other than cash and cash equivalents, trade receivables, and other financial assets do not have any interest and market risk exposure due to the nature of balances.

Interest rate risk

As at March 31, 2025, 66.91% of our Total Borrowings were subject to fixed interest rates, with 33.09% of our Total Borrowings subject to floating interest rates. The following table demonstrates the sensitivity to a reasonably possible change in interest rates (all other variables being constant) of the Company's statement of profit and loss.

Particulars	% increase/decrease in rate			Increase/decrease in profit (₹ in million)		
	March 31, 2025	March 31, 2024	March 31, 2023	March 31, 2025	March 31, 2024	March 31, 2023

Loans that are re-priced	0.25%	0.25%	0.25%	609.0	504.9	417.8

Foreign currency management

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Our foreign currency risk arises primarily from foreign currency borrowings. We manage this foreign currency risk by entering into cross-currency swaps and forward contracts. When a derivative is entered into for hedging purposes, we negotiate the terms of those derivatives to match with the terms of the hedge exposure. Our policy is to fully hedge foreign currency borrowings at the time of drawdown and remain so until repayment.

We hold derivative financial instruments such as cross-currency interest-rate swap to mitigate the risk of changes in exchange rate in foreign currency and the floating interest rate. The counterparty for these contracts is generally a bank. These derivative financial instruments are valued based on quoted prices for similar assets and liabilities in active markets or inputs that are directly or indirectly observable in the marketplace.

Unusual or Infrequent Events or Transactions

Except as described in this Prospectus, there have been no unusual or infrequent events or transactions that have in the past or may in the future affect our business operations or future financial performance.

Known Trends or Uncertainties

Our business has been subject, and we expect it to continue to be subject, to significant economic changes arising from the trends identified above in “—Significant Factors affecting our Results of Operations and Financial Condition” and the uncertainties described in “Risk Factors” on page 29. Except as discussed in this Prospectus, there are no known trends or uncertainties that have or had or are expected to have a material adverse impact on our revenues or income.

New Products or Business Segments

Except as described in this Prospectus, we have not publicly announced any new products or business segments nor have there been any material increases in our revenues due to increased disbursements and the introduction of new products.

Future Relationship between Cost and Income

Other than as described elsewhere in the sections “Risk Factors”, “About our Company—Our Business” and “Management's Discussion and Analysis of Financial Condition and Results of Operations” on pages 29, 244 and 391 there are no known factors that will have a material adverse impact on our operations and financial condition.

Significant Dependence on a Single or Few Customers or Suppliers

Given the nature of our business operations, we do not believe our business is dependent on any single or a few customers or suppliers.

Competitive Conditions

We operate in a competitive environment. See sections “*Risk Factors—Internal Risk Factors— The lending services industry in India is highly competitive, including competition from established banks and NBFCs having large networks of branches or ATMs with advanced technologies and cross-selling capabilities, fintech start-ups and private unorganised and informal financiers in rural areas, and our inability to compete effectively could adversely affect our business, results of operations, cash flows and financial condition. Our market share, on the basis of our AUM, for Fiscal 2025 is approximately 2.22%, according to the CRISIL Report.*”, “*Industry Overview*” and “*Our Business—Competition*” on pages 41, 178 and 271, respectively.

Seasonality/Cyclicity of Business

Our operations and demand for our products are affected by seasonal trends in the Indian economy, which may affect our results of operations. For example, during the festive seasons in India (primarily October and November), while the demand for our Asset Finance products generally decrease, the demand for our Consumer Finance products tends to increase. By contrast, the demand for our Asset Finance products generally increase during the Fiscal fourth quarter, while the demand for our Consumer Finance products tends to decrease. Furthermore, other events, such as weather changes like heatwaves and election periods at both state and national levels, may have an impact on our operations and results of operations.

Significant Developments after March 31, 2025 That May Affect Our Future Results of Operations

Except as disclosed in this Prospectus, no circumstances have arisen since March 31, 2025 that could materially and adversely affect, or are likely to affect, our operations or profitability, or the value of our assets or our ability to pay our material liabilities within the next 12 months.

2. For Market Borrowing (NCD and CP) Face Value has been considered as sanction amount

Principal terms of the subsisting borrowings availed by our Company:

1. **Interest:** The interest rates for the term loans availed by our Company typically ranges from 4.50% per annum to 8.60% per annum, which is linked to the marginal cost of fund-based lending rate or external benchmark rates.

Our Company has also issued NCDs to various subscribers. For such borrowings, we enter into debenture trust deeds (“**DTDs**”) and, in terms of such DTDs, a specified interest or coupon rate is to be paid per annum. The interest rate for the NCDs issued by our Company as of May 31, 2025 typically ranged from 6.00% to 8.38% per annum.

Our Company has also issued Sub-Debt to various subscribers. For such borrowings, we enter into debenture trust deeds (“**DTDs**”) and, in terms of such DTDs, a specified interest or coupon rate is to be paid per annum. The interest rate for the Sub-Debt issued by our Company as of May 31, 2025 typically ranged from 7.35% to 9.70% per annum.

Our Company has also issued Perpetual Debt Instrument to various subscribers. For such borrowings, we enter into debenture trust deeds (“**DTDs**”) and, in terms of such DTDs, a specified interest or coupon rate is to be paid per annum. The interest rate for the Perpetual Debt Instrument issued by our Company as of May 31, 2025 typically ranged from 7.68% to 9.40% per annum.

2. **Tenor:** The tenor of the term loans availed by our Company typically ranges approximately one to six years. Certain short-term loans availed by our Company have a tenor of up to one year.

The maturity date of the NCDs issued by the Company is typically from 1 to 10 years.

3. **Security:** In terms of our borrowings, including NCDs, where security needs to be created, we are typically required to create security primarily by way of exclusive charge by way of hypothecation, on Company’s receivables.

4. **Pre-payment:** We have the option to prepay the lenders, subject to payment of prepayment charges at such rate as may be stipulated by the lenders which typically ranges from 0 to 4%. Further, some loans may be prepaid without any prepayment charges subject to the fulfilment of conditions, such as if they prepayment is made from the Company’s own sources and by providing prior notice to the lender.

5. **Re-payment:** The cash credit and working capital facilities are typically repayable on demand. The repayment period for the loan facilities availed by us is typically in quarterly / half yearly/ annual instalments or bullet payment.

6. **Key Covenants:** In terms of our facility agreements, sanction letters and the DTDs (“**Financing Documents**”), we are required to comply with various financial covenants, restrictive covenants and conditions restricting certain corporate actions, and we are required to take prior consent from the lender or the trustee (acting on the instructions of the majority debenture holders) and/or intimate the respective lender or trustee (acting on the instructions of the majority debenture holders) before carrying out such actions, including, but not limited to the following:

- (a) to effect any change or alteration in the capital structure, including any dilution in the shareholding of our

Promoter;

- (b) to effect any adverse changes to or effect a major change in its capital structure;
- (c) to effect any drastic change in management which would be detrimental to the Company's repayment capacity;
- (d) to effect any change in the constitution of the Company;
- (e) approach the capital market for mobilizing resources either in form of debt or equity; and
- (f) to formulate or effect any scheme of amalgamation or merger or reconstruction.

7. **Events of Default:** In terms of our facility agreements, sanction letters and DTDs, the following, among others, constitute events of default:

- a) failure to pay any sum payable under the facilities or debentures on the due dates;
- b) failure to perform or comply with any obligations or terms and conditions under the facilities or debentures by our Company;
- c) incorrect or misleading representation, warranty or statement under the facility or debenture documents; and
- d) occurrence of a material adverse change that can affect the Company's ability to repay the loan.

8. **Consequences of occurrence of events of default:**

In terms of our facility agreements, sanction letters and DTDs, the following, among others, are the consequences of occurrence of events of default, whereby our lenders or trustees (acting on the instructions of the majority debenture holders) may:

- (i) declare all sums outstanding as immediately due and payable;
- (ii) enforce their security over the hypothecated / mortgaged assets;
- (iii) appoint nominee directors, which would require our Company to amend our AoA; in case he is not able to attend the board meeting, an observer shall be appointed to attend the meetings.
- (iv) require our Company to reconstitute its board;
- (v) convert the debt into equity in conformity with RBI guidelines; and
- (vi) levy a default interest ranging from 1% to 4% per annum on the overdue amounts.

Further, the trustee may accelerate the redemption of debentures in case of an event of default.

This is an indicative list and there may be additional terms that may require the consent of the relevant lender or the trustee (acting on the instructions of the majority debenture holders) that may amount to an event of default under the various borrowing arrangements entered into by us.

SECTION VI: LEGAL AND OTHER INFORMATION

OUTSTANDING LITIGATION AND MATERIAL DEVELOPMENTS

Except as disclosed in this section, there are no outstanding (i) criminal proceedings; (ii) actions taken by regulatory or statutory authorities; (iii) litigation involving claims related to direct and indirect taxes; and (iv) other pending litigation as determined to be material as per the Materiality Policy, in each case involving our Company, Promoter and Directors (“Relevant Parties”).

Further, except as stated in this section, there are no (a) disciplinary actions including penalty imposed by the SEBI or Stock Exchanges against our Promoter in the last five Financial Years including any outstanding action; (b) pending litigation involving our Group Companies which may have a material impact on our Company; (c) outstanding criminal proceedings (including first information reports) involving our Key Managerial Personnel and Senior Management; and (d) no actions by regulatory and statutory authorities against our Key Managerial Personnel and Senior Management.

For the purpose of identification of material litigation in (iv) above, our Board has considered and adopted the following policy on materiality with regard to outstanding litigation to be disclosed by our Company in this Prospectus, pursuant to the Board resolution dated June 15, 2025. Accordingly, disclosures of the following types of litigation involving Relevant Parties have been included.

All outstanding litigation, involving the Relevant Parties, other than criminal proceedings, actions by regulatory authorities and statutory authorities, disciplinary actions including any penalty imposed by SEBI or stock exchanges against our Promoter in the last five Financial Years including any outstanding actions, and tax matters (direct or indirect), would be considered ‘material’ if:

- (i) where such matters involves our Company and Directors, the monetary amount of claim by or against the entity or person in any such pending proceeding is in excess of ₹ 1,099.4 million, being the amount equivalent to 5% of average of absolute value of profit or loss after tax, as per the last three restated consolidated financial statements of the Company; or*
- (ii) where such matters involves our Promoter, the monetary amount of claim by or against the entity in any such pending proceeding is in excess of ₹ 30,141.9 million, being the amount equivalent to 5% of average of absolute value of profit or loss after tax, as per the last three audited consolidated financial statements of the Promoter in accordance with the SEBI Listing regulations;*
- (iii) With respect to where monetary liability is not quantifiable or any other outstanding litigation, the outcome of any such pending proceedings may have a material bearing on the business, operations, performance, prospects or reputation of the Company.*

It is clarified that for the above purposes, pre-litigation notices received by Relevant Parties (excluding notices issued by statutory or regulatory or taxation authorities), have not been considered as litigation until such time that the Relevant Parties are not impleaded as a defendant in the litigation proceedings before any judicial/ arbitral forum.

Except as stated in this section, there are no outstanding material dues to creditors of our Company. For this purpose, our Board has considered and adopted a policy of materiality for identification of material outstanding dues to creditors, by way of its resolution dated June 15, 2025. In terms of the Materiality Policy, outstanding dues to any creditor of our Company having a monetary value which exceeds 5% of the total trade payables of our Company as per the Restated Consolidated Financial Information of our Company as of March 31, 2025, disclosed in this Prospectus, shall be considered as ‘material’. Accordingly, as on March 31, 2025, any outstanding dues exceeding ₹ 226.3 million have been considered as material outstanding dues for the purposes of disclosure in this section.

Unless otherwise specified, the terms defined in the description of a particular litigation matter pertain to such matter only.

I. Litigation involving our Company

Litigation against our Company

Criminal litigation against our Company

1. Our Company issued notices (“**Notices**”) to Ikrar Ahmad (“**Complainant**”) recalling the outstanding loan amount. Thereafter, the Complainant filed a criminal complaint on March 21, 2013 (“**Complaint**”) before the Court of Chief Judicial Magistrate, Saharanpur (“**Court**”), alleging that the employees of our Company had illegally repossessed the vehicle financed by our Company by cheating. The Court rejected the Complaint on the ground that loan agreement was not submitted by Complainant and therefore there was suppression of material facts, following which, the Complainant filed a criminal revision application (“**Application**”) before

the Court of District and Session Judge, Saharanpur (“**District Court**”) alleging that the Court had committed legal and factual mistake in dismissing the Complaint. The District Court dismissed the Application on November 30, 2013 stating that the application has been filed by concealing facts and making wrong statements. Thereafter, the Complainant filed criminal miscellaneous application before the Allahabad High Court challenging the order of the District Court. The matter is currently pending.

2. Our Company issued notices to Pradeep Kumar (“**Complainant**”) to deposit the defaulted amount, failing which, the secured gold would be auctioned. Due to failure in responding to the notices, the gold was auctioned off and excess amount was returned to the Complainant. The Complainant filed a miscellaneous application on August 23, 2022 under section 156(3) of CrPC before the Chief Judicial Magistrate, Agra, against our Company however, the same was dismissed. Thereafter, the Complainant filed a criminal complaint before the trial court (“**Court**”), following which, the Court passed an order dated February 13, 2023, summoning the Company to face trial under section 406 of the IPC. Following this, our Company filed a criminal miscellaneous application to quash the entire proceedings and the order passed by the Assistant Chief Judicial Magistrate, Agra (“**Court**”). The matter is currently pending.
3. Mousumi Mukherjee (“**Complainant**”) filed a first information report (“**FIR**”) on January 1, 2019 at Bantra Police Station, Howrah under Section 154 of CrPC against our Company alleging misbehaviour and harassment for non-payment of instalments, in relation to a loan availed by her husband, Amit Mukherjee, from our Company. The FIR has also been submitted to the Chief Judicial Magistrate at Howrah Court. The matter is currently pending.
4. Dehdani Sajjan Singh (“**Complainant**”) filed a complaint on March 25, 2019 under Section 406, 420, 120B, 504 and 506 of IPC (“**Complaint**”) against our Company before the Metropolitan Magistrate, Kanpur Nagar alleging that our Company compelled the Complainant to avail a gold loan and pursuant to which a home loan will be granted to the Complainant, however, the home loan was not granted to the Complainant even after availing the said gold loan. A summons order dated December 5, 2019 was issued by the Additional Chief Metropolitan Magistrate, Kanpur Nagar to the officials of our Company after taking facts of the case on record. Thereafter, certain employees of our Company filed a criminal miscellaneous application under section 482 of CrPC before the Allahabad High Court (“**Court**”) alleging the malicious intention of the Complainant to harass the Company and pressurising the Company to fulfil the Complainant’s undue and unreasonable demands, praying for the quashing of the Complaint and the order passed by the Additional Chief Metropolitan Magistrate, during the pendency of the application. The Court passed an order dated January 29, 2024 referring the matter to mediation and staying the proceedings. The matter is currently pending.
5. Triveni Enterprises (“**Borrower**”) has filed a securitisation application (“**Application**”) on March 4, 2024 before the Debts Recovery Tribunal, Jaipur alleging that the Borrower’s account has been wrongfully classified as a non-performing asset (“**NPA**”) by our Company, and praying for, *inter alia*, the actions taken pursuant to such classification, including the auction notice to sell the mortgaged property be considered illegal. Manju Devi Agrawal (“**Complainant**”), the wife of late Narottam Lal Agarwal, who was named as a guarantor in relation to the mortgaged loan taken by the Borrower from our Company, filed a first information report on March 18, 2024 against certain employees of our Company under sections 306, 120B, 384, 323, and 341 of the IPC alleging that her husband was instigated to commit suicide due to harassment and humiliation by the employees of our Company. The matter is currently pending.
6. Mukesh Anchal (“**Applicant**”) has filed application on November 14, 2022 under section 340 CrPC against our Director, and others alleging that our Company’s officers has provided false affidavit, fabricated averment in the petition under section 9 of Arbitration and Conciliation Act, 1996 and committed the offence of perjury. The Applicant has prayed for allowing the Application allowed with cost and registering first information report under sections 181, 191, 193, 196, 199 420, 120(B) 34, 409, 467, 468, 471, 200, and 209 of IPC against our Managing Director and other respondents. Our Company has filed the reply denying the allegations made by Applicant. The matter is currently pending.
7. Naresh Kumar Rana (“**Complainant**”) has filed a complaint against certain employees of our Company and collection agents before the Court of Chief Judicial Magistrate, Chatra. The Complainant had approached the Company for financing his twelve-wheeler truck. The Complainant had alleged that the Company has illegally confiscated his truck. The present Complaint has been filed alleging that the Company has cheated, illegally sold his twelve-wheeler truck and have embezzled the entire money. The matter is currently pending.
8. Devendra Singh (“**Complainant**”) filed an FIR under sections 147, 323, 504 and 506 of the IPC on March 4, 2023 against Ajay Singh (“**Petitioner**”), an employee of our Company, who subsequently filed a writ petition before the High Court at Allahabad against the validity of the FIR. The Petitioner stated in the criminal writ petition that the Complainant has defaulted in payment of instalments and his contractual liability and the FIR

is thereby made on false and frivolous grounds. The High Court issued guidelines on August 2, 2023 to the police authorities to issue a notice to the informant under section 41 and 41(A) of the CrPC and summon the Petitioner. The matter is currently pending.

9. Barnali Das (“**Complainant**”) filed a first information report on December 6, 2023 at the Dispur Police Station under sections 420, 463 and 464 of the IPC, against our Company, alleging that false signatures and thumb impressions of the Complainant and her parents were used to process a loan (“**Loan**”). The Complainant and our Company have entered into a compromise vide a letter dated February 15, 2024 reducing the rate of interest of the Loan. The matter is currently pending.
10. Sanjay Agarwal (“**Complainant**”) has filed a criminal complaint on January 29, 2016 before the Metropolitan Magistrate Court, Kolkata (“**Court**”) against certain Directors of our Company alleging forged signature on loan agreement. The Court issued a summons order/issue process order on March 3, 2017 basis police investigation report (“**Summons Order**”). Our Company has challenged the Summons Order and filed quashing petition on August 11, 2017 before Calcutta High Court (“**High Court**”) and the High Court has set aside the earlier investigation report & directed for re-investigation by order dated August 7, 2023. Pursuant to this the police has conducted the re-investigation and filed a report on March 13, 2024 before the Court against our Directors by exonerating our erstwhile director namely Venkatraman Srinivasan and others. The matter is currently pending and no first information report has been filed till date.
11. Dilip Sharma (“**Complainant**”) filed a first information report March 16, 2017 against certain officials of the Company (“**Accused**”) for offences under section 323, 326, 307, 384, 506 and, 34 of the IPC read with section 25 and 27 of the Arms Act, 1957, alleging assault by the Accused upon the Complainant’s repayment default. Thereafter, the Complainant filed an application under section 156 (3) of the CrPC against the officials of our Company before the court of Additional Chief Justice Magistrate, Barrackpore for treating the first information report for investigation. The matter is currently pending.
12. Gulakala Basava Punna Rao along with others (“**Complainants**”) filed a complaint on December 3, 2014 (“**Complaint**”) against our Company before the Additional Junior Civil Judge Cum Munsif Magistrate, Guntur alleging, *inter alia*, that certain notices were mistakenly issued to the Complainants in relation to a loan availed from the Company. The Complainants also stated that they received suit summons from the office of the Arbitrator, further alleging that the Company had malafide intentions towards the Complainants. The matter is currently pending.
13. Shivank Keshari (“**Complainant**”) has filed a first information report on March 31, 2023 at Police Station, Varuna against an employee of our Company under section 419, 420, 467, 468, 354, 504 and 506 of the IPC for collusion with one of our borrowers by cheating and conspiring by taking control of the refinanced vehicle. The matter is currently pending.

Geeta devi (“**Applicant**”) has filed a miscellaneous application on March 18, 2024 in the court of Additional Chief Judicial Magistrate, Bareilly under section 156(3) of the CrPC against a branch manager of our Company for threatening and assaulting the Applicant. The Applicant has alleged that after her husband had repaid a loan taken from our Company, he was granted a personal loan against his will and when the Applicant was unable to repay the loan, the employees of our Company vandalised her house and abused and threatened her. The matter is currently pending.
18. Suraj Prakash (“**Complainant**”) has filed a first information report on March 3, 2023 (“**FIR**”) against our Company and Satpal (“**Borrower**”) under section 154 of the CrPC for illegally repossessing financed vehicle. Employees of our Company have filed an application with the Sessions Judge, Ambala, under section 438 of the CrPC for grant of anticipatory bail on grounds of false implication alleging that our Company had entered into a loan transaction with the Borrower and pursuant to the Borrower defaulting in payment of instalments, our Company, in exercise of its rights under the loan agreement had repossessed the vehicle after sending several communications to the Borrower. The balance amount after the sale of the vehicle was also transferred into the account of the Borrower. The court of Additional Sessions Judge, Ambala has granted interim bail by order dated September 12, 2023. The matter is currently pending.
19. Prem Kumar (“**Complainant**”) has filed a complaint on September 12, 2020 against the officials of our Company in police station, Gajner, (“**Complaint**”) for illegal and forcible repossession of vehicle. The Complainant has alleged in the Complaint that the officials of the Company with malicious intent of recovering money conspired with local criminals and wrongfully repossessed the vehicle. The matter is currently pending.
20. Bhagwan Sahay (“**Complainant**”) has filed a first information report on August 20, 2021 under section 406 and 420 of IPC for fraud and cheating by illegally selling off the vehicle financed to the Complainant without information. The matter is currently pending.
21. Chandan Singh (“**Complainant**”) has filed a first information report on November 24, 2022 under section 409 and 420 of IPC for fraud and cheating by illegally selling off the vehicle financed to the Complainant without information. The Complainant has alleged that he had requested the Company to change the guarantor under the loan agreement however, our Company did not agree to it and the Complainant was unable to ply the vehicle and pay instalments, pursuant to which our Company auctioned off the vehicle without prior information to the Complainant. The matter is currently pending.
22. Ahivaran Lal (“**Complainant**”) has filed a first information report “**FIR**” on March 28, 2024 against an official of our Company in Police Station, Sadar Bazar, Shahjahanpur, under section 403 of the IPC for illegally seizing and selling of the vehicle belonging to the Complainant. The Complainant has also filed a Complaint in the court of Chief Judicial Magistrate, Shahjahanpur. An FIR was also filed against the Complainant by employee of our Company against the Complainant’s son on October 28, 2023 for assaulting him when he went for collection of dues to the Complainant’s house. The matter is currently pending.
23. R Matheshwaran (“**Complainant**”) has filed a first information report March 9, 2021 in Police Station, Thiruchengodu against the employees of our Company under section 294(b) of the IPC for abusing his son and when they had come for collection of dues payable by the Complainant. The matter is currently pending.
24. In response, a quashing application was filed, seeking to quash the FIR. This quashing application was heard, and is currently on the consolidated list awaiting a fixed date for the next hearing.

192. A FIR has been registered at the Srikrishna Puri Police Station, and lodged by the State of Bihar through Ranjana Nayak. The FIR alleges offences under sections 420, 34, and 120-B of the Indian Penal Code against Mr. Vishal Saurav of HDFC Bank Limited (“**Bank**”) and other accused persons. The core allegation in the FIR pertains to the alleged defalcation of ₹2.01 million. In connection with this matter, an anticipatory bail petition was filed, before the Civil (District) Court, Patna, seeking anticipatory bail. The Court directed the police to produce the case diary. The matter is currently pending.

193. A FIR has been registered at Aurangabad (Town) Police Station on January 11, 2022, initiated by the State of Bihar through Shobha Kunwar, against the Branch Manager of HDFC Bank Ltd. in the District of Aurangabad. The FIR invokes sections 406, 420, 468, and 34 of the Indian Penal Code. The allegation is the defalcation of ₹ 1 million. An anticipatory bail application was filed, before the High Court, Patna, seeking anticipatory bail; however, the application is on the consolidated list, a date for the next hearing has not been fixed, and the application has reportedly never been heard by the Court.

194. A FIR at Shastri Nagar Police Station, Patna was lodged by Asad Rahman (the "**Complainant**") against HDFC Bank Ltd (“**Bank**”). The FIR invokes sections 406, 409, and 120B of the Indian Penal Code. The matter arises from a dispute concerning premises leased by the Bank from the Complainant, which was vacated by the Bank. The Complainant alleges outstanding rent arrears and damages totaling approximately ₹5.79 million. The Complainant asserts that the Bank has failed to settle this amount, which he claims should be paid after adjusting sums he owes to the Bank on car loans and credit cards (stated by the Complainant to be approximately ₹ 1.40 million). The Complainant alleges that the Bank and accused persons have misappropriated funds and acted with fraudulent intent from the inception of the lease. The matter is currently pending.

195. A criminal complaint case has been filed before the Chief Judicial Magistrate (CJM), Tamluk, by Mr. Ranjit Kumar Kar (the "**Complainant**"). The Complainant, alleges that officials of HDFC Bank (“**Bank**”) induced him to invest in an insurance product of HDFC Life with the representation that a loan amounting to ₹ 1.7 million would be sanctioned upon such investment. The Complainant asserts that despite investing in the insurance product as allegedly advised, the promised loan was not sanctioned. Consequently, this criminal complaint case has been initiated. The matter is currently pending.

196. A criminal case, , has been initiated by Mr. Abhishek Ray before the Judicial Magistrate First Class. The complainant, identified as the customer of the HDFC Bank (“**Bank**”), has filed this action against the bank. The core allegations concern the alleged illegal repossession of a vehicle. The complainant asserts that the Bank cheated him and failed to adhere to due process of law in the matter of repossession. The matter is currently pending.

197. A FIR has been registered by Anusree Ghosh (“**Complainant**”), a customer of HDFC Bank (“**Bank**”) under sections 509, 448, and 34 of the Indian Penal Code, concerning alleged ‘illegal collection follow up. The matter is currently pending,
198. A private criminal complaint, has been filed before the Judicial Magistrate First Class, initiated by Mr. Anup Tandale. The matter arises from a gold loan sanctioned by the HDFC Bank (“**Bank**”) to Mr. Sachin Gadade following standard procedures. After receiving the loan, Mr. Gadade allegedly failed to make any EMI payments and subsequently became absconding. Mr. Anup Tandale subsequently approached the Bank asserting ownership of the gold pledged by Mr. Gadade and demanded its return. Upon the Bank's refusal, Mr. Tandale filed a police complaint and the subject private criminal complaint under Section 420 of the Indian Penal Code against Mr. Sachin Gadade. In the criminal complaint, Mr. Tandale has filed an application seeking possession of the pledged gold from the Bank, anticipating the Bank may sell it due to loan default. The Bank has entered appearance in this case and has raised an objection to Mr. Tandale's application, highlighting that the gold serves as the sole security for a loan involving public funds, and its surrender would impede loan recovery. The matter is currently pending.
199. A case has been filed as an appeal before the Session Court, Sonipat, initiated by a purported guarantor of a loan against the bank manager of HDFC Bank (“**Bank**”), Sonipat branch. The complainant alleges that he did not provide a guarantee for any loan as shown in the records of the Bank as a guarantor for a light vehicle commercial loan. The complainant had previously filed a criminal case on this matter in the Kharkhoda sub-division court, which was dismissed. This matter represents the appeal filed following that dismissal. The Bank has received summons, and the case is currently pending arguments regarding its admission before the Sessions Court.

Upon examination of the data, it was alleged that Weizman Forex, an Authorised Dealer Category II (“**AD-II**”), had sold forex prepaid cards of HDFC Bank Limited (“**Bank**”) in the names of various individuals who had allegedly neither applied for such cards nor travelled abroad. The complaint further notes certain lapses and violations of Anti-Money Laundrying (AML) and Know Your Customer (KYC) norms by the AD-II and the Bank in connection with the issuance of such cards by various banks, including HDFC Bank. The matter is currently under investigation by the Directorate of Enforcement.
209. A complaint has been filed by Mr. R. Kumar, Assistant Director, Directorate of Enforcement, Government of India (“**Complainant**”), relating to the sale of forex prepaid cards. Upon examination of the data, it was alleged that Wall Street Finance Pvt. Ltd., an Authorised Dealer Category II (“**AD-II**”), had sold forex prepaid cards of HDFC Bank Limited (“**Bank**”) in the names of various individuals who had allegedly neither applied for such cards nor travelled abroad. The complaint further notes certain lapses and violations of Anti-Money Laundrying (AML) and Know Your Customer (KYC) norms by the AD-II and the Bank in connection with the issuance of such cards by various banks, including HDFC Bank. The matter is currently under investigation by the Directorate of Enforcement.
210. The Directorate of Enforcement, Government of India, Mumbai, issued show cause notices under Section 37 of the Foreign Exchange Management Act (FEMA) in relation to certain Foreign Direct Investment (“**FDI**”) received in HDFC Bank (“**Bank**”) accounts during the auction process for Indian Premier League (IPL) teams. The FDI was alleged to be part of the bidding process. The Bank has submitted a response to the notices. Subsequently, in July 2019, summons were issued to certain Bank officials for appearance. The matter is currently under examination by the Enforcement Directorate.
211. The Directorate of Enforcement, Chandigarh, issued a show cause notice to HDFC Bank Limited (“**Bank**”), alleging contravention of the Foreign Exchange Management Act, 1999 (FEMA), in relation to overseas forex transactions executed through credit cards. It was alleged that the Bank failed to monitor and report certain fictitious transactions in a timely manner and attempted to misrepresent reversal/cancellation entries to the adjudicating authority. Pursuant to adjudication, the Enforcement Directorate passed an order imposing a penalty of ₹10.2 million on the Bank. The Bank has challenged the said order by filing an appeal before the Special Director (Appeals), contending that the penalty is erroneous and contrary to law. Thereafter, the Bank received a communication from the ED seeking payment of the penalty, following which it filed an early hearing application. The appeal is currently pending.
212. The Directorate of Enforcement, Lucknow (“**ED**”), initiated proceedings under the Foreign Exchange Management Act, 1999 (“**FEMA**”) in relation to certain foreign direct investment (FDI) transactions involving accounts maintained with HDFC Bank Limited (“**Bank**”). The ED observed that approximately ₹850 million was received in 2010 in the account of M/s Amrapali Zodiac Developers Pvt. Ltd., and later transferred through various intermediary accounts before being remitted outward to a foreign bank’s entities. The Bank received notices from the ED in 2019 and a show cause notice alleging contravention of FEMA regulations in relation to these transactions. The Bank duly responded to all notices, denying any violations and asserting that all requisite documentation and regulatory filings had been complied with in accordance with FEMA provisions and the applicable RBI circulars. The ED passed an order imposing a penalty of ₹40 million on the Bank, holding it liable for alleged violations of FEMA. The Bank has filed an appeal before the Special Director (Appeals) under FEMA. As the appellate forum was not functioning at the time, the Bank also approached the Hon’ble Delhi High Court by way of a writ petition. The Court directed that status quo be maintained in respect of the impugned order until the substantive appeal and stay application filed by the Bank are heard, effectively restraining the ED from taking coercive action for

recovery of the penalty amount. The appeal is currently pending.

213. A writ petition has been filed before the Hon'ble High Court of Calcutta by Kaushik Global Logistic Ltd. ("**Petitioner**") and its directors in relation to action taken by the Directorate of Enforcement, including the freezing of multiple bank accounts, including those held with HDFC Bank Limited ("**HDFC**"). The Petitioner, engaged in the passenger transport business, had availed of working capital and term loan facilities from State Bank of India and Dena Bank. Following business losses and loan defaults, the petitioner entered into settlement arrangements with the respective banks, including a one-time settlement of ₹300 million with Dena Bank. The Petitioner has alleged that due to the freezing of certain accounts (including those maintained with the Bank), it has been unable to comply with the terms of the settlement, discharge its financial obligations, or pay statutory dues such as salaries and provident fund. The Enforcement Directorate has also issued notices to the Petitioner and its directors under the Prevention of Money Laundering Act, 2002. The matter is currently sub judice before the Hon'ble High Court of Calcutta.
214. In C.C./53052/2023 pending before the Chief Judicial Metropolitan Magistrate, the complainant, Poonam Kumar ("**Complainant**"), has filed a criminal case against certain officials of HDFC Bank Limited ("**Bank**"). The allegation pertains to alleged forgery of the Complainant's signature on RTO forms, resulting in the transfer of the vehicle's Registration Certificate (RC) to her husband's name. The Complainant has contended that due to this unauthorized change, she was unable to claim accidental insurance benefits. The matter is currently sub judice.
215. In Case No. L 774/2006 before the Magistrate Court, a matter has arisen from an erroneous debit transaction involving a cheque for ₹6.53/- million, originally deposited in the account of Mr. Sudhir Kumar Jain ("**Customer**") maintained with HDFC Bank Limited ("**Bank**") on August 2, 2007. The cheque was returned by the drawee bank due to insufficient funds but was mistakenly debited to an unrelated account belonging to another client of the Bank. Subsequently, on August 22, 2007, a separate cheque for ₹6 million was received in Customer's account and cleared, based on apparent availability of funds. The Customer later withdrew ₹0.5 million, creating a total exposure of ₹6.5 million. Despite recovery of ₹3.2 million from the Customer, the balance remains unpaid. An FIR was filed with the Lucknow Police, and legal proceedings, including multiple criminal complaints under Section 138 of the Negotiable Instruments Act, have been initiated. The matter is pending.
216. Shri Sitaram Kumawat ("**Complainant**") filed a complaint against HDFC Bank Limited ("**Bank**") and Mahesh Khandal, alleging that Mahesh Sharma and his wife availed a home purchase loan from the Bank, which was fully repaid, but the original title documents were not released. The Complainant further alleged that when the Bank initiated proceedings under the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 to take possession of the property due to loan default, the Complainant, who was in possession of the property, paid the entire outstanding amount. Subsequently, the Complainant lodged a first information report under sections 384, 416, 418, 420, 467, 468, 471, and 120B of the Indian Penal Code, 1860, alleging that the Bank engaged in criminal conspiracy, forgery, and fraud to mortgage the Complainant's property. The matter is currently pending.
217. Santhan Jerat Francis ("**Complainant**") filed a complaint against HDFC Bank Limited ("**Bank**") and others, alleging that the Bank froze her savings account due to multiple cyber complaints and failed to comply with a court order to defreeze the account and remit the funds. The Complainant, a customer of the Bank, claimed that despite the Bank's multiple attempts to contact her, she did not respond, leading to the account freeze. Subsequently, a court ordered the Bank to defreeze the account and remit the funds. The Complainant alleged that the Bank did not comply with this order. The Bank defended its actions by stating that it had appropriately responded to police authorities and the customer regarding the defreeze, and that they failed to take necessary actions. The matter is currently pending before the Magistrate Court.
218. Kailas Dinkar Gore ("**Complainant**") filed an application for the return of property in the Chief Judicial Magistrate Court, Beed, against the State of Maharashtra and others, with HDFC Bank Limited ("**Bank**") as a formal party. The Complainant alleged that an amount of ₹ 0.03 million was fraudulently transferred and is currently held in Canara Bank, and seeks its return through the application. The matter is currently pending.
219. Prashant Kanaiyalal Doshi, Dharmesh Doshi, M/s Om Sri Maa Shakti Jamah and Deepa Prashant Doshi ("**Complainants**") filed a miscellaneous application before the Additional Chief Metropolitan Magistrate Court, Borivali, Mumbai, seeking to defreeze their accounts held with HDFC Bank Limited ("**Bank**") and Union Bank of India before Borivali Metropolitan Magistrate Court. The application arises from a First Information Report registered under the Maharashtra Ownership Flats Act, 1963, wherein the

Complainants are accused. The Complainants alleged that the Investigating Officer froze their bank accounts despite no prima facie cognizable offence being established. The Bank received a notice from the court to provide a statement on the status of the accounts. The Bank has filed its response, and no interim order has been passed against the Bank. The matter is currently pending.

220. Pravin Uttam Gaikwad (“**Complainant**”) filed a complaint against HDFC Bank Limited (“**Bank**”), alleging that an untraceable transaction of ₹ 0.06 million was wrongly debited from his account, which does not belong to him. The Complainant further claimed that the Bank fraudulently deducted a certain amount for collection purposes. Consequently, the Complainant lodged a First Information Report under relevant sections of the Indian Penal Code, 1860, claiming the Bank’s actions were unlawful. The matter is currently pending.
221. The Directorate of Enforcement (“**Complainant**”) filed a complaint against HDFC Bank Limited (“**Bank**”), Sanjay Shende, and others, alleging involvement in corruption related to the misuse of funds from the District Mineral Funds Trust (“**DMFT**”), established to benefit those affected by mining activities. The Complainant claimed that public servants, vendors, and contractors, including Sanjay Shende, colluded to siphon off DMFT funds by demanding commissions and bribes, using these proceeds for personal benefits, including the purchase of properties and assets. Specifically, Sanjay Shende is alleged to have assisted in these activities and acquired properties. The complaint was lodged under relevant provisions of the Prevention of Money Laundering Act, 2002 (“**PMLA**”). The matter is currently pending.
222. Anumoola Madhusudan Reddy (“**Complainant**”) filed a complaint against HDFC Bank Limited (“**Bank**”) and certain officials, namely Deena Nanda Adapala and others, alleging that the Bank officials sanctioned a loan without verifying the genuineness of documents submitted by other accused parties, in violation of their responsibilities. The Bank and its officials sought bail, which was granted by the High Court. The matter is currently pending.
223. Mahakali Foods Private Limited (“**Complainant**”) filed a private complaint under section 156(3) read with section 200 of the Criminal Procedure Code, 1973 (“**CrPC**”), against HDFC Bank Limited (“**Bank**”) and its officials, alleging that the Bank officials cheated the Complainant by forcibly collecting higher interest rates along with penal interest on a loan. Summons were served to the Bank officials, except the Managing Director. The magistrate issued an arrest warrant. In response, the Bank filed a revision application under section 397 of the Criminal Procedure Code, 1973 (“**CrPC**”) before the Sessions Court, challenging the magistrate’s cognizance orders. Additionally, the Bank filed a quashing petition under section 482 of the CrPC before the High Court to quash the entire process and proceedings initiated by the lower court. While the arrest warrant has been cancelled, the quashing petition and revision application are pending for hearing and final arguments.
224. A complaint was filed by Enforcement Directorate (“**ED**”) against Naresh Jain, who allegedly invested money through shell companies in certain residential projects in respect of which we had extended loans for home buyers to purchase units. HDFC Bank Limited was called upon to provide an understanding of the procedure and disbursement process, which was duly provided. No further notice or letter has been received from ED in this regard.
225. D. S. Kulkarni (“**DSK**”) had launched a subvention scheme for various projects in Pune, under which customers availed loans from Punjab National Bank Housing Finance, Tata Capital Housing Finance, and HDFC Limited (the “**Bank**”), with DSK undertaking to service Pre-EMI (“**PEMI**”) payments until possession. The construction stalled due to financial mismanagement by DSK. Until the expiry of 40 days after the commencement of the Offer, an offer or sale of Equity Shares within the United States by a dealer (whether or not it is participating in the Offer) may violate the registration requirements of the U.S. Securities Act if such an offer for sale is made otherwise than in compliance with Section 4(a)(2) of the U.S. Securities Act or Rule 144A or another available exemption from the registration requirements under the U.S. Securities Act and in accordance with applicable state securities laws in the United States.

Eligible Investors

The Equity Shares are being offered:

- (i) in the United States to investors that are U.S. QIBs in transactions exempt from or not subject to the registration requirements of the U.S. Securities Act; and
- (ii) outside the United States in “offshore transactions” as defined in, and in reliance on, Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those offers and sales occur.

Equity Shares Offered Pursuant to the Offer Within the United States

Each purchaser that is acquiring the Equity Shares offered pursuant to the Offer within the United States, by its acceptance of this Prospectus and of the Equity Shares, will be deemed to have acknowledged, represented and warranted to and agreed with our Company, the Promoter Selling Shareholder and the Book Running Lead Managers that it has received a copy of this Prospectus and such other information as it deems necessary to make an informed investment decision and that:

1. the purchaser is authorised to consummate the purchase of the Equity Shares offered pursuant to the Offer in compliance with all applicable laws and regulations;
2. the purchaser acknowledges that the Equity Shares offered pursuant to the Offer have not been and will not be registered under the U.S. Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States and accordingly, unless so registered, may not be offered or sold within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act;
3. the purchaser (i) is a U.S. QIB, (ii) is aware that the sale to it is being made in a transaction exempt from or not subject to the registration requirements of the U.S. Securities Act, and (iii) is acquiring such Equity Shares for its own account or for the account of one or more U.S. QIBs with respect to which it exercises sole investment discretion;
4. the purchaser is not an affiliate of our Company or a person acting on behalf of an affiliate;
5. if, in the future, the purchaser decides to offer, resell, pledge or otherwise transfer such Equity Shares, or any economic interest therein, such Equity Shares or any economic interest therein may be offered, sold, pledged or otherwise transferred, only (A) (i) to a person whom the beneficial owner and/or any person acting on its behalf reasonably believes is a U.S. QIB in a transaction meeting the requirements of Rule 144A under the U.S. Securities Act, or (ii) in an “offshore transaction” complying with Rule 903 or Rule 904 of Regulation S under the U.S. Securities Act; and (B) in accordance with all applicable laws, including the state securities laws in the United States. The purchaser understands that the transfer restrictions will remain in effect until our Company determines, in its sole discretion, to remove them;
6. is not subscribing to, or purchasing, the Equity Shares with a view to, or for the offer or sale in connection with, any distribution thereof (within the meaning of the U.S. Securities Act) that would be in violation of the securities laws of the United States or any state thereof;
7. the Equity Shares are “restricted securities” within the meaning of Rule 144(a)(3) under the U.S. Securities Act and no representation is made as to the availability of the exemption provided by Rule 144 under the U.S. Securities Act for resales of any such Equity Shares;

8. the purchaser will not deposit or cause to be deposited such Equity Shares into any depositary receipt facility established or maintained by a depositary bank other than a Rule 144A restricted depositary receipt facility, so long as such Equity Shares are “restricted securities” within the meaning of Rule 144(a)(3) under the U.S. Securities Act;
9. the purchaser agrees that neither the purchaser, nor any of its affiliates (as defined in Rule 405 of the U.S. Securities Act), nor any person acting on behalf of the purchaser or any of its affiliates (as defined in Rule 405 of the U.S. Securities Act), will make any “directed selling efforts” (as that term is defined in Regulation S under the U.S. Securities Act) in the United States with respect to the Equity Shares or any form of “general solicitation” or “general advertising” (as defined in Regulation D under the U.S. Securities Act) in connection with any offer or sale of the Equity Shares;
10. the purchaser understands that such Equity Shares (to the extent they are in certificated form), unless our Company determines otherwise in accordance with applicable law, will bear a legend substantially to the following effect:

“THIS SECURITY HAS NOT BEEN AND WILL NOT BE REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE “U.S. SECURITIES ACT”) OR WITH ANY SECURITIES REGULATORY AUTHORITY OF ANY STATE OR OTHER JURISDICTION OF THE UNITED STATES. THIS SECURITY HAS BEEN INITIALLY PLACED PURSUANT TO EXEMPTIONS FROM THE REGISTRATION REQUIREMENTS UNDER THE U.S. SECURITIES ACT AND MAY NOT BE OFFERED, SOLD, PLEDGED OR OTHERWISE TRANSFERRED EXCEPT (1) IN A TRANSACTION MEETING THE REQUIREMENTS OF RULE 144A TO A U.S. QIB THAT IS ACQUIRING THE SECURITIES FOR ITS OWN ACCOUNT OR FOR THE ACCOUNT OF A U.S. QIB, (2) IN AN OFFSHORE TRANSACTION IN ACCORDANCE WITH RULE 903 OR RULE 904 OF REGULATION S UNDER THE U.S. SECURITIES ACT (AND NOT IN A PRE-ARRANGED TRANSACTION RESULTING IN THE RESALE OF SUCH SECURITY IN THE UNITED STATES) OR (3) PURSUANT TO THE EXEMPTION FROM REGISTRATION UNDER THE SECURITIES ACT PROVIDED BY RULE 144 UNDER THE SECURITIES ACT OR PURSUANT TO ANOTHER EXEMPTION FROM, OR IN A TRANSACTION NOT SUBJECT TO, THE REGISTRATION REQUIREMENTS UNDER THE SECURITIES ACT, IN EACH CASE IN ACCORDANCE WITH ANY APPLICABLE SECURITIES LAWS OF ANY STATE OR OTHER JURISDICTION OF THE UNITED STATES. THERE WILL BE NO PUBLIC OFFER OF THE SECURITIES IN THE UNITED STATES. THIS SECURITY IS NOT TRANSFERABLE EXCEPT IN ACCORDANCE WITH THE RESTRICTIONS DESCRIBED HEREIN.

THE ISSUER AND ITS AGENTS WILL NOT BE REQUIRED TO ACCEPT FOR REGISTRATION OF TRANSFER ANY SECURITIES MADE OTHER THAN IN COMPLIANCE WITH THESE RESTRICTIONS.

EACH TRANSFEROR OF THIS SECURITY AGREES TO PROVIDE NOTICE OF THE TRANSFER RESTRICTIONS SET FORTH HEREIN AND IN THE ISSUER’S OFFER DOCUMENTS TO THE TRANSFEREE AND TO ANY EXECUTING BROKER.”

11. the purchaser agrees, upon a proposed transfer of the Equity Shares, to notify any purchaser of such Equity Shares or the executing broker, as applicable, of any transfer restrictions that are applicable to the Equity Shares being sold and agrees not to act as a swap counterparty or other type of intermediary whereby any other party will acquire an economic interest or beneficial interest in the Equity Shares acquired or reoffer, resell, pledge or otherwise transfer the Equity Shares or any beneficial interest therein, to any person except to a person that meets all of the requirements above and who agrees not to subsequently transfer the Equity Shares or any beneficial interest therein except in accordance with these transfer restrictions;
12. the purchaser is knowledgeable, sophisticated and experienced in business and financial matters, fully understands the limitations on ownership and transfer and the restrictions on sales of the Equity Shares and is aware that there are substantial risks incidental to the purchase of the Equity Shares and is able to bear the economic risk of such purchase;
13. our Company will not recognize any offer, sale, pledge or other transfer of such Equity Shares made other than in compliance with the above-stated restrictions; and
14. the purchaser acknowledges that our Company, the Promoter Selling Shareholder, the Book Running Lead Managers, their respective affiliates and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements and agrees that, if any of such acknowledgements, representations and agreements deemed to have been made by virtue of its purchase of such Equity Shares are no longer accurate, it will promptly notify our Company, the Promoter Selling Shareholder and the Book Running Lead Managers, and if it is acquiring any of such Equity Shares as a fiduciary or agent for one or more accounts, it represents that it has sole investment discretion with respect to each such account and that it has full power to make the foregoing acknowledgements, representations and agreements on behalf of such account.

All Other Equity Shares Offered and Sold in the Offer

Each purchaser that is acquiring the Equity Shares offered pursuant to the Offer outside the United States, by its acceptance of this Prospectus and of the Equity Shares offered pursuant to the Offer, will be deemed to have acknowledged, represented and warranted to and agreed with our Company, the Promoter Selling Shareholder and the Book Running Lead Managers that it has received a copy of this Prospectus and such other information as it deems necessary to make an informed investment decision and that:

1. the purchaser is authorised to consummate the purchase of the Equity Shares offered pursuant to the Offer in compliance with all applicable laws and regulations;
2. the purchaser acknowledges that the Equity Shares offered pursuant to the Offer have not been and will not be registered under the U.S. Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States and accordingly, unless so registered, may not be offered, resold, pledged or transferred within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act;
3. the purchaser is purchasing the Equity Shares offered pursuant to the Offer in an offshore transaction meeting the requirements of Rule 903 of Regulation S under the U.S. Securities Act;
4. the purchaser and the person, if any, for whose account or benefit the purchaser is acquiring the Equity Shares offered pursuant to the Offer, was located outside the United States at the time (i) the offer for such Equity Shares was made to it and (ii) when the buy order for such Equity Shares was originated and continues to be located outside the United States and has not purchased such Equity Shares for the account or benefit of any person in the United States or entered into any arrangement for the transfer of such Equity Shares or any economic interest therein to any person in the United States;
5. the purchaser is not an affiliate of our Company or a person acting on behalf of an affiliate;
6. if, in the future, the purchaser decides to offer, resell, pledge or otherwise transfer such Equity Shares, or any economic interest therein, such Equity Shares or any economic interest therein may be offered, sold, pledged or otherwise transferred only (A) (i) to a person whom the beneficial owner and/or any person acting on its behalf reasonably believes is a U.S. QIB in a transaction meeting the requirements of Rule 144A, or (ii) in an offshore transaction complying with Rule 903 or Rule 904 of Regulation S under the U.S. Securities Act and (B) in accordance with all applicable laws, including the securities laws of the States of the United States. The purchaser understands that the transfer restrictions will remain in effect until our Company determines, in its sole discretion, to remove them;
7. neither the purchaser nor any of its affiliates, nor any person acting on behalf of the purchaser or any of its affiliates, is acquiring the Equity Shares as a result of any “directed selling efforts” as defined in Regulation S under the U.S. Securities Act in the United States with respect to the Equity Shares;
8. the purchaser understands that such Equity Shares (to the extent they are in certificated form), unless our Company determine otherwise in accordance with applicable law, will bear a legend substantially to the following effect:

“THIS SECURITY HAS NOT BEEN AND WILL NOT BE REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE “U.S. SECURITIES ACT”) OR WITH ANY SECURITIES REGULATORY AUTHORITY OF ANY STATE OR OTHER JURISDICTION OF THE UNITED STATES. Stock Market Data of Equity Shares

This being an initial public offer of the Equity Shares of our Company, the Equity Shares are not listed on any stock exchange, no stock market data is available for the Equity Shares.

Redressal and disposal of investor grievances by our Company

The Registrar Agreement provides for the retention of records with the Registrar to the Offer for a period of at least eight years from the date of listing and commencement of trading of the Equity Shares on the Stock Exchanges or any such period as prescribed under the applicable laws, to enable the Bidders to approach the Registrar to the Offer for redressal of their grievances.

All Offer related grievances, other than of Anchor Investors may be addressed to the Registrar to the Offer with a copy to the relevant Designated Intermediary with whom the Bid cum Application Form was submitted, giving full details such as name of the sole or First Bidder, Bid cum Application Form number, Bidder's DP ID, Client ID, PAN, address of Bidder, number of Equity Shares applied for, ASBA Account number in which the amount equivalent to the Bid Amount was blocked or the UPI ID (for UPI Bidders who make the payment of Bid Amount), date of Bid cum Application Form and the name and address of the relevant Designated Intermediary where the Bid was submitted. Further, the Bidder shall enclose the Acknowledgment Slip or the application number from the Designated Intermediary in addition to the documents or information mentioned hereinabove. All grievances relating to Bids submitted through Registered Brokers may be addressed to the Stock Exchanges with a copy to the Registrar to the Offer.

All grievances of the Anchor Investors may be addressed to the Registrar to the Offer, giving full details such as the name of the sole or First Bidder, Bid cum Application Form number, Bidders' DP ID, Client ID, PAN, date of the Bid cum Application Form, address of the Bidder, number of the Equity Shares applied for, Bid Amount paid on submission of the Bid cum Application Form and the name and address of the Book Running Lead Managers where the Bid cum Application Form was submitted by the Anchor Investor.

In case of any delay in unblocking of amounts in the ASBA Accounts exceeding two Working Days from the Bid / Offer Closing Date, the Bidder shall be compensated at a uniform rate of ₹100 per day or 15% per annum of the Bid Amount, whichever is higher, for the entire duration of delay exceeding two Working Days from the Bid / Offer Closing Date by the intermediary responsible for causing such delay in unblocking. The BRLMs shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking.

In terms of SEBI ICDR Master Circular and subject to applicable law, any ASBA Bidder whose Bid has not been considered for Allotment, due to failure on the part of any SCSB, shall have the option to seek redressal of the same by the concerned SCSB within three months of the date of listing of the Equity Shares. SCSBs are required to resolve these complaints within 15 days, failing which the concerned SCSB would have to pay interest at the rate of 15% per annum for any delay beyond this period of 15 days. Further, the investors shall be compensated by the SCSBs in accordance with SEBI ICDR Master Circular in the events of delayed unblock for cancelled/withdrawn/deleted applications, blocking of multiple amounts for the same UPI application, blocking of more amount than the application amount, delayed unblocking of amounts for non-allotted/partially-

allotted applications, for the stipulated period and such compensation to investors shall be computed from T+3 day. In an event there is a delay in redressal of the investor grievance in relation to unblocking of amounts, the SCSBs and the Book Running Lead Managers shall compensate the investors at the rate higher of ₹100 or 15% per annum of the application amount for the period of such delay. Further, in accordance with the circulars prescribed by SEBI from time to time, the payment of processing fees to the SCSBs shall be undertaken pursuant to an application made by the SCSBs to the BRLMs, and such application shall be made only after (i) unblocking of application amounts for each application received by the SCSB has been fully completed, and (ii) applicable compensation relating to investor complaints has been paid by the SCSB.

The following compensation mechanism has become applicable for investor grievances in relation to Bids made through the UPI Mechanism for public issues opening on or after May 1, 2021, for which the relevant SCSBs shall be liable to compensate the investor:

Scenario	Compensation amount	Compensation period
Delayed unblock for cancelled / withdrawn / deleted applications	₹100 per day or 15% per annum of the Bid Amount, whichever is higher	From the date on which the request for cancellation / withdrawal / deletion is placed on the bidding platform of the Stock Exchanges till the date of actual unblock
Blocking of multiple amounts for the same Bid made through the UPI Mechanism	1. Instantly revoke the blocked funds other than the original application amount and 2. ₹100 per day or 15% per annum of the total cumulative blocked amount except the original Bid Amount, whichever is higher	From the date on which multiple amounts were blocked till the date of actual unblock
Blocking more amount than the Bid Amount	1. Instantly revoke the difference amount, i.e., the blocked amount less the Bid Amount and 2. ₹100 per day or 15% per annum of the difference amount, whichever is higher	From the date on which the funds to the excess of the Bid Amount were blocked till the date of actual unblock
Delayed unblock for non – Allotted / partially Allotted applications	₹100 per day or 15% per annum of the Bid Amount, whichever is higher	From the Working Day subsequent to the finalisation of the Basis of Allotment till the date of actual unblock

Further, in the event there are any delays in resolving the investor grievance beyond the date of receipt of the complaint from the investor, for each day delayed, the Book Running Lead Managers shall be liable to compensate the investor at the rate of ₹100 per day or 15% per annum of the Bid Amount, whichever is higher. The compensation shall be payable for the period ranging from the day on which the investor grievance is received till the date of actual unblock.

Our Company, the Promoter Selling Shareholder, the BRLMs and the Registrar to the Offer accept no responsibility for errors, omissions, commission or any acts of SCSBs including any defaults in complying with its obligations under applicable SEBI ICDR Regulations. In terms of SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/22, dated February 15, 2018, any ASBA Bidder whose Bid has not been considered for Allotment, due to failure on the part of any SCSB, shall have the option to seek redressal of the same by the concerned SCSB within three months of the date of listing of the Equity Shares. SCSBs are required to resolve these complaints within 15 days, failing which the concerned SCSB would have to pay interest at the rate of 15% per annum for any delay beyond this period of 15 days.

For helpline details of the Book Running Lead Managers pursuant to the SEBI ICDR Master Circular, see “*General Information – Book Running Lead Managers*” on page 77.

Further, the Bidder shall also enclose a copy of the Acknowledgment Slip duly received from the concerned Designated Intermediary in addition to the information mentioned hereinabove.

The Registrar to the Offer shall obtain the required information from the SCSBs and Sponsor Bank(s) for addressing any clarifications or grievances of ASBA Bidders. Bidders can contact our Company Secretary and Compliance Officer or the Registrar to the Offer in case of any pre-Offer or post-Offer related problems such as non-receipt of letters of Allotment, non-credit of Allotted Equity Shares in the respective beneficiary account, non-receipt of refund intimations and non-receipt of funds by electronic mode.

Our Company has appointed Dipti Jayesh Khandelwal, Company Secretary and Compliance Officer for the Offer. For details, see “*General Information*” on page 76.

Disposal of Investor Grievances by our Company

Our Company has obtained authentication on the SCORES in terms of the SEBI circular no. SEBI/HO/OIAE/IGRD/CIR/P/2023/156 dated September 20, 2023 in relation to redressal of investor grievances through SCORES.

Our Company estimates that the average time required by our Company or the Registrar to the Offer or the relevant Designated Intermediary, for the redressal of routine investor grievances shall be 10 Working Days from the date of receipt of the complaint, provided however, in relation to complaints pertaining to blocking/unblocking of funds, investor complaints shall be resolved on the date of receipt of the complaint. In case of non-routine complaints and complaints where external agencies are involved, our Company will seek to redress these complaints within 30 days of receipt of complaint or upon receipt of satisfactory documents.

The Promoter Selling Shareholder, has authorized the Company Secretary and the Compliance Officer of our Company and the Registrar to the Offer, to deal with, on its behalf, any investor grievances received in the Offer in relation to the Promoter Selling Shareholder or the Offered Shares.

Our Company has received one investor complaint during the three years preceding the date of this Prospectus. However, no investor complaint in relation to our Company is pending as on the date of this Prospectus. Further, our Company has received 13 complaints pursuant to the filing of the DRHP. Our Company and the BRLMs have responded to all of these complaints. None of the complaints received have impacted any of the disclosures in this Prospectus and do not have any material financial impact on the Company.

Our Company has constituted a Stakeholders Relationship Committee comprising Dr. Amla Ashim Samanta (*Chairperson*), Bhaskar Sharma and Ramesh Ganesan as its members which is responsible for redressal of grievances of security holders of our Company. For further details on the Stakeholders Relationship Committee, see “*Our Management – Committees of the Board – Stakeholders Relationship Committee*” on page 307.

As of the date of this Prospectus, there are no investor complaints pending in respect of our listed Group Companies

Exemption from complying with any provisions of securities laws, if any, granted by SEBI

Our Company has not applied for or received any exemption from the SEBI from complying with any provisions of securities laws, as on the date of this Prospectus.

Other confirmations

No person connected with the Offer shall offer any incentive, whether direct or indirect, in any manner, whether in cash or kind or services or otherwise to any person for making an application in the initial public offer, except for fees or commission for services rendered in relation to the Offer.

SECTION IX: OFFER INFORMATION

TERMS OF THE OFFER

The Equity Shares being offered and Allotted pursuant to the Offer shall be subject to the provisions of the Companies Act, SEBI ICDR Regulations, SEBI Listing Regulations, SCRA, SCRR, the MoA, AoA, the terms of the Red Herring Prospectus, this Prospectus, the abridged prospectus, the Bid cum Application Form, the Revision Form, the CAN or Allotment Advice and other terms and conditions as may be incorporated in the Allotment Advices and other documents or certificates that may be executed in respect of the Offer. The Equity Shares shall also be subject to laws as applicable, guidelines, rules, notifications and regulations relating to the Offer of capital and listing and trading of securities issued from time to time by SEBI, the Government of India, the Stock Exchanges, RBI, RoC and/or other authorities, as in force on the date of the Offer and to the extent applicable or such other conditions as may be prescribed by SEBI, RBI, Government of India, the Stock Exchanges, RoC and/ or any other authorities while granting their approval for the Offer.

The Offer

The Offer comprised a Fresh Issue by our Company and an Offer for Sale by the Promoter Selling Shareholder. Expenses for the Offer shall be shared amongst our Company and the Promoter Selling Shareholder in the manner specified in “*Objects of the Offer– Offer expenses*” on page 146.

Ranking of the Equity Shares

The Allottees upon Allotment of Equity Shares under the Offer will be entitled to dividend and other corporate benefits, if any, declared by our Company after the date of Allotment. The Equity Shares being offered, Allotted and transferred pursuant to the Offer shall be subject to the provisions of the Companies Act, SEBI ICDR Regulations, SCRA, SCRR MoA and AoA and shall rank *pari passu* in all respects with the existing Equity Shares including in respect of the right to receive dividend, voting and other corporate benefits. For further details, “*Description of Equity Shares and Terms of the Articles of Association*” beginning on page 561.

Mode of Payment of Dividend

Our Company shall pay dividends, if declared, to the Shareholders in accordance with the provisions of the Companies Act, the MoA and AoA and provisions of the SEBI Listing Regulations and any other guidelines, regulations or directions which may be issued by the Government in this regard. Dividends, if any, declared by our Company after the date of Allotment, will be payable to the Bidders who have been Allotted Equity Shares in the Offer, in accordance with applicable laws. For further details, in relation to dividends, see “*Dividend Policy*” and “*Description of Equity Shares and Terms of the Articles of Association*” beginning on pages 320 and 561, respectively.

Face Value, Offer Price, Floor Price and Price Band

The face value of each Equity Share is ₹10, and the Offer Price is ₹740 per Equity Share. The Floor Price is ₹700 per Equity Share and at the Cap Price is ₹740 per Equity Share, being the Price Band. The Anchor Investor Offer Price is ₹740 per Equity Share.

The Offer Price, Price Band, and the minimum Bid Lot have been decided by our Company in consultation with the BRLMs, and published and advertised in all editions of Financial Express, an English national daily newspaper and all editions of Jansatta, a Hindi national daily newspaper and Ahmedabad editions of Jai Hind (a widely circulated Gujarati newspaper, Gujarati being the regional language of Gujarat, where our Registered Office is located) each with wide circulation, two Working Days prior to the Bid/ Offer Opening Date and have been made available to the Stock Exchanges for the purpose of uploading the same on their websites. The Price Band, along with the relevant financial ratios calculated at the Floor Price and at the Cap Price, were pre-filled in the Bid cum Application Forms, which was made available on the respective websites of the Stock Exchanges. The Offer Price was determined by our Company in consultation with the BRLMs, after the Bid/ Offer Closing Date, by way of the Book Building Process.

At any given point of time, there shall be only one denomination of Equity Shares.

Compliance with disclosure and accounting norms

Our Company shall comply with all disclosure and accounting norms as specified by SEBI from time to time.

Rights of the Equity Shareholders

Subject to applicable laws, rules, regulations and guidelines and the AoA, our Shareholders shall have the following rights:

- Right to receive dividends, if declared;

- Right to attend general meetings and exercise voting rights, unless prohibited by law;
- Right to vote on a poll either in person or by proxy or “e-voting”, in accordance with the provisions of the Companies Act;
- Right to receive offers for rights shares and be allotted bonus shares, if announced;
- Right to receive surplus on liquidation, subject to any statutory and preferential claim being satisfied;
- Right of free transferability of their Equity Shares, subject to applicable laws including any RBI rules and regulations and foreign exchange laws; and
- Such other rights, as may be available to a shareholder of a listed public company under the Companies Act, the SEBI Listing Regulations, the AoA and applicable law.

For a detailed description of the main provisions of the AoA relating to voting rights, dividend, forfeiture and lien, transfer, transmission, consolidation or sub-division, see “*Description of Equity Shares and Terms of the Articles of Association*” beginning on page 561.

Allotment only in dematerialised form

Pursuant to Section 29 of the Companies Act and the SEBI ICDR Regulations, the Equity Shares shall be Allotted only in dematerialised form. As per the SEBI ICDR Regulations, the trading of the Equity Shares shall only be in dematerialised form on the Stock Exchanges. In this context, two agreements have been signed amongst our Company, the respective Depositories and the Registrar to the Offer:

- Tripartite agreement dated July 25, 2012 amongst our Company, CDSL and the Registrar to the Offer; and
- Tripartite agreement effective as of July 26, 2012 amongst our Company, NSDL and the Registrar to the Offer.

For details in relation to the Basis of Allotment, see “*Offer Procedure*” beginning on page 538.

Market Lot and Trading Lot

Since trading of the Equity Shares is in dematerialised form, the tradable lot is one Equity Share. Allotment in the Offer will be only in dematerialised and electronic form in multiples of 20 Equity Share(s) subject to a minimum Allotment of 20 Equity Shares. For further details on the Basis of Allotment, see “*Offer Procedure*” beginning on page 538.

Joint Holders

Subject to the provisions contained in the AoA, where two or more persons are registered as the holders of the Equity Shares, they will be deemed to hold such Equity Shares as joint tenants with benefits of survivorship.

Jurisdiction

Exclusive jurisdiction for the purpose of the Offer is with the competent courts/authorities in New Delhi, India.

Period of subscription list of the Offer

For details, see “– *Bid/Offer Programme*” on page 529.

Nomination facility to Bidders

In accordance with Section 72 of the Companies Act read with the Companies (Share Capital and Debentures) Rules, 2014, as amended, the Sole Bidder, or the First Bidder along with other joint Bidders, may nominate any one person in whom, in the event of the death of Sole Bidder or in case of joint Bidders, death of all the Bidders, as the case may be, the Equity Shares Allotted, if any, shall vest to the exclusion of all other persons, unless the nomination is modified or cancelled in the prescribed manner. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale, transfer or alienation of Equity Share(s) by the person nominating. A nomination may be cancelled or modified by nominating any other person in place of the present nominee, by the holder of the Equity Shares who made the nomination, by giving a notice of such cancellation or variation to our Company. A buyer will be entitled to make a fresh nomination in the

manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or Corporate Office or to the registrar and transfer agents of our Company.

Any person who becomes a nominee by virtue of the provisions of Section 72 of the Companies Act shall upon the production of such evidence as may be required by our Board, elect either:

- a) to register himself or herself as the holder of the Equity Shares; or
- b) to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, our Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of 90 days, our Board may thereafter withhold payment of all dividends, interests, bonuses or other monies payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Offer will be made only in dematerialised mode, there is no need to make a separate nomination with our Company. Nominations registered with respective Depository Participant of the Bidder would prevail. If the Bidder wants to change their nomination, they are requested to inform their respective Depository Participant.

Withdrawal of the Offer

Our Company and the Promoter Selling Shareholder, in consultation with the BRLMs, reserves the right not to proceed with the Offer, after the Bid/ Offer Opening Date but before the Allotment. In such an event, our Company would issue a public notice in the newspapers in which the pre-Offer and price band advertisements were published, within two days of the Bid/ Offer Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Offer and inform the Stock Exchanges simultaneously. The BRLMs, through the Registrar to the Offer, shall notify the SCSBs and the Sponsor Banks (in case of UPI Bidders), to unblock the bank accounts of the ASBA Bidders and shall notify the Escrow Collection Bank to release the Bid Amounts to the Anchor Investors, within one Working Day from the date of receipt of such notification and also inform the Bankers to the Offer to process refunds to the Anchor Investors, as the case may be. Our Company shall also inform the same to the Stock Exchanges on which Equity Shares are proposed to be listed. The notice of withdrawal will be issued in the same newspapers where the pre-Offer and price band advertisements have appeared, and the Stock Exchanges will also be informed promptly.

If our Company, in consultation with the BRLMs, withdraw the Offer after the Bid/ Offer Closing Date and thereafter determines that it will proceed with an issue of the Equity Shares, our Company shall file a fresh draft red herring prospectus with SEBI. Notwithstanding the foregoing, the Offer is also subject to (i) the filing of this Prospectus with the RoC; and (ii) obtaining the final listing and trading approvals of the Stock Exchanges, which our Company shall apply for after Allotment.

Bid/Offer Programme

An indicative timetable in respect of the Offer is set out below:

(1) UPI mandate end time and date was at 5:00 p.m. IST on the Bid/ Offer Closing Date.

* In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding two Working Days from the Bid/Offer Closing Date, the Bidder shall be compensated in accordance with applicable law. Further, investors shall be entitled to compensation in the manner specified in the SEBI ICDR Master Circular, which for the avoidance of doubt, shall be deemed to be incorporated in the agreements to be entered into between our Company with the relevant intermediaries, to the extent applicable, in case of delays in resolving investor grievances in relation to blocking/unblocking of funds. Further, in terms of circulars prescribed by SEBI from time to time, the payment of processing fees to the SCSBs shall be undertaken pursuant to an application made by the SCSBs to the Book Running Lead Managers, and such application shall be made only after (i) unblocking of application amounts for each application received by the SCSB has been fully completed, and (ii) applicable compensation relating to investor complaints has been paid by the SCSB. RIBs and individual investors Bidding under the Non-Institutional Portion Bidding for more than ₹ 0.20 million and up to ₹ 0.50 million, using the UPI Mechanism, shall provide their UPI ID in the Bid-cum-Application Form for Bidding through Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs, or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers

The above timetable is indicative and does not constitute any obligation or liability on our Company or the Promoter Selling Shareholder or the BRLMs.

Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchanges are taken within three Working Days from the

Bid/ Offer Closing Date or such other time as prescribed by SEBI, the timetable may be subject to change due to various factors, such as any delay in receiving the final listing and trading approval from the Stock Exchanges. The commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchanges and in accordance with the applicable laws. The Promoter Selling Shareholder confirms that they shall extend reasonable co-operation in relation to the Offered Shares required by our Company and the BRLMs for the completion of the necessary formalities for listing and commencement of trading of the Equity Shares at the Stock Exchanges within three Working Days from the Bid/Offer Closing Date or such other time as may be prescribed by SEBI.

The SEBI ICDR Master Circular has reduced the post issue timeline for initial public offerings. The revised timeline of T+3 days has been made applicable in two phases, i.e., voluntary for all public issues opening on or after September 1, 2023 and mandatory on or after December 1, 2023. Accordingly, the Offer will be made under UPI Phase III on mandatory T+3 days listing basis, subject to the timing of the Offer and any circulars, clarification or notification issued by the SEBI from time to time, including with respect to SEBI ICDR Master Circular.

In terms of the UPI Circulars, in relation to the Offer, the BRLMs will be required to submit reports of compliance with timelines and activities prescribed by SEBI in connection with the Allotment and listing procedure within three Working Days from the Bid/Offer Closing Date or such other time as prescribed by SEBI, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding two Working Days from the Bid/Offer Closing Date, the Bidder shall be compensated for the entire duration of delay exceeding two Working Days from the Bid/Offer Closing Date by the intermediary responsible for causing such delay in unblocking, in the manner specified in the UPI Circulars, to the extent applicable, which for the avoidance of doubt, shall be deemed to be incorporated herein. The BRLMs shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking.

Any circulars or notifications from SEBI after the date of this Prospectus may result in changes to the listing timelines. Further, the offer procedure is subject to change basis any revised SEBI circulars to this effect.

* UPI mandate end time and date was at 05:00 p.m. on Bid/ Offer Closing Date.

QIBs and Non-Institutional Bidders could neither revise their bids downwards nor cancel/withdraw their bids.

On the Bid/ Offer Closing Date, the Bids were required to be uploaded until:

- (i) 4.00 p.m. IST in case of Bids by QIBs and Non-Institutional Bidders, and
- (ii) until 5.00 p.m. IST or such extended time as permitted by the Stock Exchanges, in case of Bids by RIBs and Eligible Employees Bidding in the Employee Reservation Portion and Eligible HDFC Bank Shareholders Bidding in the HDFC Bank Shareholders Reservation Portion.

The Registrar to the Offer was required to submit the details of cancelled/withdrawn/deleted applications to the SCSBs on a daily basis within 60 minutes of the Bid closure time from the Bid/Offer Opening Date until the Bid/ Offer Closing Date by obtaining the same from the Stock Exchanges. The SCSBs were required to unblock such applications by the

closing hours of the Working Day and submit the confirmation to the BRLMs and the Registrar to the Offer on a daily basis.

It is clarified that Bids not uploaded on the electronic bidding system or in respect of which the full Bid Amount was not blocked by SCSBs, or not blocked under the UPI Mechanism in the relevant ASBA Account, as the case may be, were rejected.

Due to limitation of time available for uploading the Bids on the Bid/Offer Closing Date, Bidders were advised to submit their Bids one day prior to the Bid/Offer Closing Date, and in any case, no later than 1:00 pm IST on the Bid/Offer Closing Date. Any time mentioned in the Red Herring Prospectus and this Prospectus is IST. Bidders were cautioned that, in the event a large number of Bids were received on the Bid/Offer Closing Date, some Bids might not get uploaded due to lack of sufficient time. Such Bids that cannot be uploaded were not considered for allocation under the Offer. Bids were accepted only during Monday to Friday (excluding any public holiday). None of our Company, the Promoter Selling Shareholder or any member of the Syndicate was liable for any failure in uploading the Bids due to faults in any software or hardware system or blocking of application amount by SCSBs on receipt of instructions from the Sponsor Bank due to any errors, omissions, or otherwise non-compliance by various parties involved in, or any other fault, malfunctioning or breakdown in the UPI Mechanism.

In case of any discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid cum Application Form, for a particular Bidder, the details as per the Bid file received from the Stock Exchanges would be taken as the final data for the purpose of Allotment.

Investors may please note that as per letter no. List/SMD/SM/2006 dated July 3, 2006 and letter no. NSE/IPO/25101-6 dated July 6, 2006 issued by BSE and NSE, respectively, Bids and any revision in Bids was not accepted on Saturdays, Sundays and public holidays as declared by the Stock Exchanges. Bids by ASBA Bidders were uploaded by the relevant Designated Intermediary in the electronic system provided by the Stock Exchanges.

Minimum Subscription

If our Company does not receive the minimum subscription in the Offer as specified under Rule 19(2)(b) of the SCRR or; the minimum subscription of 90% of the Fresh Issue on the date of closure of the Offer; or subscription level falls below aforesaid minimum subscription after the Bid/Offer Closing Date due to withdrawal of applications; or after technical rejections; or if the listing or trading permission is not obtained from the Stock Exchanges for the Equity Shares so offered under the offer document, our Company shall forthwith refund/unblock the entire subscription amount received in accordance with applicable law including the SEBI ICDR Master Circular. If there is a delay beyond two days, our Company, to the extent applicable, shall pay interest at the rate of 15% per annum as per the SEBI circular (mentioned above). The Promoter Selling Shareholder shall reimburse to the extent of the Equity Shares offered by the Promoter Selling Shareholder in the Offer, any expenses and interest incurred by our Company on behalf of the Promoter Selling Shareholder for any delays in making refunds as required under the Companies Act and any other applicable law, provided that the Promoter Selling Shareholder shall not be responsible or liable for payment of such interest, unless such delay is solely and directly attributable to an act or omission of the Promoter Selling Shareholder in relation to its portion of the Offered Shares. All refunds made, interest borne, and expenses incurred (with regard to payment of refunds) by our Company on behalf of the Promoter Selling Shareholder will be adjusted or reimbursed by the Promoter Selling Shareholder, to the extent of the Equity Shares offered by the Promoter Selling Shareholder in the Offer, to our Company as agreed among our Company and the Promoter Selling Shareholder in writing, in accordance with Applicable Law, including the SEBI ICDR Master Circular.

The requirement for minimum subscription of 90% is not applicable to the Offer for Sale. In case of under-subscription in the Offer, after meeting the minimum subscription requirement of 90% of the Fresh Issue, the balance subscription in the Offer will be met in the following order of priority: (i) through the sale of Offered Shares being offered by the Promoter Selling Shareholder in the Offer for Sale; and (ii) through the issuance of balance part of the Fresh Issue.

Undersubscription, if any, in any category except the QIB portion, would be met with spill-over from the other categories at the discretion of our Company, in consultation with the BRLMs, and the Designated Stock Exchange.

Further, in terms of Regulation 49(1) of the SEBI ICDR Regulations, our Company shall ensure that the number of Bidders to whom the Equity Shares will be Allotted will be not less than 1,000 failing which the entire application money shall be unblocked in the respective ASBA Accounts of the Bidders. In case of delay, if any, in unblocking the ASBA Accounts within such timeline as prescribed under applicable laws, our Company shall be liable to pay interest on the application money in accordance with applicable laws.

Arrangements for disposal of odd lots

Since the Equity Shares will be traded in dematerialised form only, and the market lot for our Equity Shares will be one Equity Share, no arrangements for disposal of odd lots are required.

Restrictions, if any on transfer and transmission of Equity Shares

Except for the lock-in of the pre-Offer Equity Share capital of our Company, subject to some exceptions as provided under SEBI ICDR Regulations, lock-in of the Promoter's minimum contribution and the Anchor Investor lock-in as provided in "*Capital Structure*" beginning on page 86 and except as provided in the AoA, there are no restrictions on transfer or transmission of Equity Shares. For details see "*Description of Equity Shares and Terms of the Articles of Association*" beginning on page 561.

New financial instruments

Our Company is not issuing any new financial instruments through this Offer.

[^] SEBI through its ICDR Master Circular, has prescribed that all individual investors applying in initial public offerings opening on or after May 1, 2022, where the application amount is up to ₹500,000, shall use UPI. Individual investors Bidding under the Non-Institutional Portion Bidding for more than ₹200,000, and up to ₹500,000, using the UPI Mechanism, shall provide their UPI ID in the Bid-cum-Application Form for Bidding through Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs, or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers. Further SEBI vide its SEBI ICDR Master Circular, has mandated that ASBA applications in public issues shall be processed only after the application monies are blocked in the bank accounts of the investors. Accordingly, Stock Exchange s shall, for all categories of investors viz. QIBs, NIIs and RIBs and also for all modes through which the applications are processed, accept the ASBA applications in their electronic book building platform only with a mandatory confirmation on the application monies blocked.

- (1) Our Company in consultation with the BRLMs, allocated 60% of the QIB Portion to Anchor Investors at the Anchor Investor Offer Price, on a discretionary basis, subject to there being (i) a maximum of two Anchor Investors, where allocation in the Anchor Investor Portion was up to ₹100 million, (ii) minimum of two and maximum of 15 Anchor Investors, where the allocation under the Anchor Investor Portion was more than ₹100 million but up to ₹2,500 million under the Anchor Investor Portion, subject to a minimum Allotment of ₹50 million per Anchor Investor, and (iii) in case of allocation above ₹2,500 million under the Anchor Investor Portion, a minimum of five such investors and a maximum of 15 Anchor Investors for allocation up to ₹2,500 million, and an additional 10 Anchor Investors for every additional ₹2,500 million or part thereof was permitted, subject to minimum allotment of ₹50 million per Anchor Investor. An Anchor Investor could make a minimum Bid of such number of Equity Shares, that the Bid Amount is at least ₹100 million. One-third of the Anchor Investor Portion was reserved for domestic Mutual Funds, subject to valid Bids having been received at or above the price at which allocation is made to Anchor Investors.
- (2) Eligible Employees Bidding in the Employee Reservation Portion had Bid up to a Bid Amount of ₹500,000. However, a Bid by an Eligible Employee Bidding in the Employee Reservation Portion was considered for allocation, in the first instance, for a Bid Amount of up to ₹200,000. In the event of under-subscription in the Employee Reservation Portion, the unsubscribed portion was made available for allocation and Allotment, proportionately to all Eligible Employees Bidding in the Employee Reservation Portion who had Bid in excess of ₹200,000, subject to the maximum value of Allotment made to such Eligible Employee not exceeding ₹500,000. Further, an Eligible Employee Bidding in the Employee Reservation Portion could also Bid in the HDFC Bank Shareholder Reservation Portion and also in the Non-Institutional Portion or the RIB Portion and such Bids were not be treated as multiple Bids. .
- (3) Subject to valid Bids having been received at or above the Offer Price. This was an Offer in terms of Rule 19(2)(b) of the SCRR and Regulation 6(1) of the SEBI ICDR Regulations, wherein not more than 50% of the Net Offer was made available for allocation on a proportionate basis to Qualified Institutional Buyers. Such number of Equity Shares representing 5% of the Net QIB Portion was made available for allocation on a proportionate basis to Mutual Funds only. The remainder of the Net QIB Portion was made available for allocation on a proportionate basis to QIBs, including Mutual Funds, subject to valid Bids being received from them at or above the Offer Price. However, if the aggregate demand from Mutual Funds is less than 5% of the Net QIB Portion, the balance Equity Shares available for allocation in the Mutual Fund Portion would be added to the remaining Net QIB Portion for proportionate allocation to all QIBs. Further, subject to availability of Equity Shares in the respective categories, not less than 15% of the Net Offer was made available for allocation to Non-Institutional Bidders and not less than 35% of the Net Offer was made available for allocation to RIBs, in accordance with the SEBI ICDR Regulations, subject to valid Bids having been received at or above the Offer Price.
- (4) Anchor Investors were not permitted to use the ASBA process.
- (5) In the event that a Bid is submitted in joint names, the relevant Bidders were required to ensure that the depository account is also held in the same joint names and the names are in the same sequence in which they appeared in the Bid cum Application Form. The Bid cum Application Form was required to contain only the name of the First Bidder whose name should also appear as the first holder of the beneficiary account held in joint names. The signature of only such First Bidder was required in the Bid cum Application Form and such First Bidder have been deemed to have signed on behalf of the joint holders. Our Company reserves the right to reject, in its absolute discretion, all or any multiple Bids in any or all categories.
- (6) Full Bid Amount was payable by the Anchor Investors at the time of submission of the Anchor Investor Application Forms provided that any difference between the Anchor Investor Allocation Price and the Anchor Investor Offer Price would have been payable by the Anchor Investor Pay-In Date as indicated in the CAN.

(7) *Eligible HDFC Bank Shareholders bidding in the HDFC Bank Shareholder Reservation Portion (subject to the Bid Amount being up to ₹200,000) could also Bid under the Net Offer and Employee Reservation Portion (if eligible and subject to applicable limits) and such Bids were not be treated as multiple Bids.*

Bidders were required to confirm and are deemed to have represented to our Company, the Promoter Selling Shareholder, the Underwriters, their respective directors, officers, agents, affiliates and representatives that they are eligible under applicable law, rules, regulations, guidelines and approvals to acquire the Equity Shares.

The Bids by FPIs with certain structures as described under “*Offer Procedure – Bids by Foreign Portfolio Investors*” on page 545 and having same PAN could be collated and identified as a single Bid in the Bidding process. The Equity Shares Allocated and Allotted to such successful Bidders (with same PAN) could be proportionately distributed.

Eligible Employees bidding in the Employee Reservation Portion at a price within the Price Band could make payment based on Bid Amount, at the time of making a Bid. Eligible Employees bidding in the Employee Reservation Portion at the Cut-Off Price had to ensure payment at the Cap Price, at the time of making a Bid.

Subject to valid Bids having been received at or above the Offer Price, under-subscription, if any, in the Non-Institutional Portion or the Retail Portion was allowed to be met with spill-over from other categories or a combination of categories at the discretion of our Company, in consultation with the BRLMs and the Designated Stock Exchange, on a proportionate basis.

However, under-subscription, if any, in the QIB Portion was not allowed to be met with spill-over from other categories or a combination of categories. For further details, see “*Terms of the Offer*” beginning on page 527.

OFFER PROCEDURE

All Bidders were required to read the General Information Document which highlights the key rules, processes and procedures applicable to public issues in general in accordance with the provisions of the Companies Act, the SCRA, the SCRR and the SEBI ICDR Regulations which is part of the abridged prospectus accompanying the Bid cum Application Form. The General Information Document is available on the websites of the Stock Exchanges and the BRLMs. Please refer to the relevant provisions of the General Information Document which are applicable to the Offer, especially in relation to the process for Bids by UPI Bidders through the UPI Mechanism. SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019, has introduced an alternate payment mechanism using Unified Payments Interface (“UPI”) and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for RIBs applying through Designated Intermediaries was made effective along with the timeline of T+6 days. (“UPI Phase I”). The UPI Phase I was effective till June 30, 2019. Pursuant to the SEBI ICDR Master Circular, the SEBI has increased the UPI limit from ₹2,00,000 to ₹5,00,000 for all the individual investors applying in public issues.

With effect from July 1, 2019, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, read with circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 with respect to Bids by UPI Bidders through Designated Intermediaries (other than SCSBs), the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism for such Bids with the timeline of T+6 days was mandated for a period of three months or launch of five main board public issues, whichever is later (“UPI Phase II”). Subsequently, however, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 had extended the timeline for implementation of UPI Phase II till further notice. The final reduced timeline of T+3 days for the UPI Mechanism for applications by UPI Bidders (“UPI Phase III”) and modalities of the implementation of UPI Phase III was notified by SEBI vide its circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 and made effective on a voluntary basis for all issues opening on or after September 1, 2023 and on a mandatory basis for all issues opening on or after December 1, 2023. The Offer was undertaken pursuant to the processes and procedures under UPI Phase III on a mandatory basis, subject to any circulars, clarification or notification issued by the SEBI from time to time. The Offer was undertaken pursuant to the processes and procedures under UPI Phase III, subject to any circulars, clarification or notification issued by the SEBI from time to time. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022 and SEBI Circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023, had introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances. The SEBI ICDR Master Circular no. SEBI/HO/CFD/PoD-1/P/CIR/2024/0154 dated November 11, 2024 has consolidated and rescinded the aforementioned circulars, to the extent they relate to the SEBI ICDR Regulations. The provisions of these circulars are deemed to form part of the Red Herring Prospectus and this Prospectus. In accordance with NSDL circular no NSDL/CIR/II/28/2023 dated August 8, 2023 and CDSL circular no DSL/OPS/RTA/POLCY/2023/161 dated August 8, 2023, our Company may request Depositories to suspend/freeze the ISIN in depository system until listing/trading effective date. Pursuant to the aforementioned circulars, our Company will request the Depositories to suspend/ freeze the ISIN in depository system from or around the date of this Prospectus till the listing and commencement of trading of our Equity Shares. The shareholders who intend to transfer the pre-Offer shares, may request the Company and/or the Registrar for facilitating transfer of shares under suspended / frozen ISIN by submitting requisite documents to our Company and/or the Registrar. The Company and/or the Registrar would then send the requisite documents along with applicable stamp duty and corporate action charges to the respective depository to execute the transfer of shares under suspended ISIN through corporate action (“CA”) and instruct its Registrar for execution of the CA. The transfer request shall be accepted from Issuer till one day prior to offer opening date. After successful processing of Corporate Action, a confirmation letter of successful CA would be issued to the Company/Registrar. Further, our Company will carry out lock-in for pre-Offer capital held in the depository system latest by T-1 day (T is Bid/offer Closing Date) and shall be completed before Allotment.

Bidders were advised to make their independent investigations and ensure that their Bids are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of the Equity Shares that can be held by them under applicable law or as specified in this Prospectus.

Pursuant to SEBI ICDR Master circular, applications made using the ASBA facility in initial public offerings (opening on or after September 1, 2022) were processed only after application monies are blocked in the bank accounts of investors (all categories).

Book Building Procedure

The Offer was made in terms of Rule 19(2)(b) of the SCRR read with Regulation 31 of the SEBI ICDR Regulations, through the Book Building Process in accordance with Regulation 6(1) of the SEBI ICDR Regulations, wherein 50% of the Net Offer was allocated on a proportionate basis to QIBs. Our Company, in consultation with the BRLMs, allocated 60% of the QIB Portion to Anchor Investors at the Anchor Investor Allocation Price, on a discretionary basis in accordance with the SEBI ICDR Regulations, out of which one-third was available for allocation to domestic Mutual Funds, subject to valid Bids having been received from domestic Mutual Funds at or above the Anchor Investor Allocation Price.. Further, 5% of the Net QIB Portion was made available for allocation on a proportionate basis only to Mutual Funds, and the remainder of the QIB Portion was made available for allocation on a proportionate basis to all QIB Bidders other than Anchor Investors, including Mutual Funds, subject to valid Bids being received at or above the Offer Price. Further, subject to availability of Equity Shares in the respective categories, not less than 15% of the Net Offer was made available for allocation to Non-Institutional Bidders of which one-third of the Non-Institutional Portion was made available for allocation to Bidders with an application size of more than ₹200,000 to ₹1,000,000 and two-thirds of the Non – Institutional Portion was made available for allocation to Bidders with an application size of more than ₹1,000,000 and undersubscription in either of these two sub-categories of Non-Institutional Portion may have been allocated to Bidders in the other sub-category of Non-Institutional Portion. Further, not less than 35% of the Net Offer was made available for allocation to RIBs in accordance with SEBI ICDR Regulations, subject to valid Bids having been received at or above the Offer Price. Further, 270,270 Equity Shares, aggregating to ₹200.0 million was made available for allocation on a proportionate basis only to Eligible Employees Bidding in the Employee Reservation Portion, subject to valid Bids having been received at or above the Offer Price. Additionally, 16,891,891 Equity Shares, aggregating up to ₹12,500.0 million may have been available for allocation on a proportionate basis only to Eligible HDFC Bank Shareholders Bidding in the HDFC Bank Shareholder Reservation Portion, subject to valid Bids having been received at or above the Issue Price.

Subject to valid Bids having been received at or above the Offer Price, under-subscription, if any, in any category, except in the QIB Portion, was allowed to be met with spill over from any other category or combination of categories of Bidders at the discretion of our Company, in consultation with the BRLMs, and the Designated Stock Exchange and subject to applicable laws. Under-subscription, if any, in the QIB Portion, was not allowed to be met with spill-over from any other category or a combination of categories. Further, in the event of an under-subscription in the Employee Reservation Portion, such unsubscribed portion have been Allotted on a proportionate basis to Eligible Employees Bidding in the Employee Reservation Portion, for a value in excess of ₹200,000, subject to the total Allotment to an Eligible Employee not exceeding ₹500,000. The unsubscribed portion, if any, in the Employee Reservation Portion was added to the Net Offer.

Bidders would have ensured that their PAN is linked with Aadhaar and are in compliance with CBDT notification dated February 13, 2020 and press release dated June 25, 2021 and September 17, 2021.

The Equity Shares, on Allotment, shall be traded only in the dematerialized segment of the Stock Exchanges.

Bidders should note that the Equity Shares will be Allotted to all successful Bidders only in dematerialised form. The Bid cum Application Forms, which did not have the details of the Bidders' depository account, including DP ID, Client ID, UPI ID (in case of UPI Bidders Bidding in the Employee Reservation Portion using the UPI Mechanism) and PAN, were treated as incomplete and were rejected. Bidders will not have the option of being Allotted Equity Shares in physical form. However, they may get the Equity Shares rematerialized subsequent to Allotment of the Equity Shares in the Offer, subject to applicable laws.

Phased implementation of Unified Payments Interface

SEBI has issued the UPI Circulars in relation to streamlining the process of public issue of, *inter alia*, equity shares. Pursuant to the UPI Circulars, the UPI Mechanism has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under ASBA) for applications by UPI Bidders through Designated Intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI payment mechanism, the UPI Circulars have introduced the UPI Mechanism in three phases in the following manner:

Phase I: This phase was applicable from January 1, 2019 until March 31, 2019 or floating of five main board public issues, whichever was later. Subsequently, the timeline for implementation of Phase I was extended till June 30, 2019. Under this phase, an RIB had the option to submit the ASBA Form with any of the Designated Intermediary and use his/ her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing continued to be six Working Days.

Phase II: This phase has become applicable from July 1, 2019 and was to initially continue for a period of three months or floating of five main board public issues, whichever is later. SEBI vide its circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019 has decided to extend the timeline for implementation of UPI Phase II until March 31, 2020. Subsequently, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 extended the timeline for implementation of UPI Phase II till further notice. Under this phase, submission of the ASBA Form by RIBs through Designated Intermediaries (other than SCSBs) to SCSBs for blocking of funds was discontinued and replaced by the UPI Mechanism. However, the time duration from public issue closure to listing continued to be six Working Days during this phase.

Phase III: This phase was applicable on a voluntary basis for all issues opening on or after September 1, 2023 and has become on a mandatory basis for all issues opening on or after December 1, 2023, vide SEBI circular bearing number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 (“**T+3 Notification**”). In this phase, the time duration from public issue closure to listing has been reduced to three Working Days. The Offer shall be undertaken pursuant to the processes and procedures as notified in the T+3 Notification as applicable, subject to any circulars, clarification or notification issued by SEBI from time to time, including any circular, clarification or notification which may be issued by SEBI.

For further details, refer to the General Information Document available on the websites of the Stock Exchanges and the BRLMs.

Pursuant to the SEBIICDR Master Circular, SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the UPI Streaming Circular include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful Bidders to be unblocked no later than one day from the date on which the Basis of Allotment is finalised. Failure to unblock the accounts within the timeline would result in the SCSBs being penalised under the relevant securities law. Additionally, if there is any delay in the redressal of investors’ complaints, the relevant SCSB as well as the post-Offer BRLM will be required to compensate the concerned investor.

The processing fees for applications made by UPI Bidders using the UPI Mechanism was released to the remitter banks (SCSBs) only after such banks provided a written confirmation on compliance with SEBI ICDR Master Circular and the SEBI RTA Master Circular.

All SCSBs offering facility of making application in public issues shall also provide facility to make application using UPI.

The Offer is being made under Phase III of the UPI (on a mandatory basis).

Further, pursuant to SEBI ICDR Master Circular, all individual investors applying in public issues where the application amount is up to ₹500,000 shall use UPI and shall also provide their UPI ID in the Bid cum Application Form submitted with any of the entities mentioned herein below:

- i. a syndicate member;
- ii. a stock broker registered with a recognised stock exchange (and whose name is mentioned on the website of the stock exchange as eligible for this activity);
- iii. a depository participant (whose name is mentioned on the website of the stock exchange as eligible for this activity);
- iv. a registrar to an issue and share transfer agent (whose name is mentioned on the website of the stock exchange as eligible for this activity).

For further details, refer to the General Information Document available on the websites of the Stock Exchanges and the BRLMs.

Bid cum Application Form

Copies of the Bid cum Application Form (other than for Anchor Investors) and the abridged prospectus were made available with the Designated Intermediaries at the relevant Bidding Centres, and at our Registered Office. An electronic copy of the Bid cum Application Form was also made available for download on the websites of NSE (www.nseindia.com) and BSE (www.bseindia.com) one day prior to the Bid/ Offer Opening Date. The Bid Cum Application Forms for Eligible Employees Bidding in the Employee Reservation Portion were made available only at our offices and branches in India.

Copies of the Anchor Investor Application Form were made available at the offices of the BRLMs.

All Bidders (other than Anchor Investors) were made to mandatorily participate in the Offer only through the ASBA process. Anchor Investors were not permitted to participate in the Offer through the ASBA process. The UPI Bidders could additionally Bid through the UPI Mechanism.

ASBA Bidders (i.e., those not using the UPI Mechanism) were required to provide bank account details and authorisation to block funds in their respective ASBA Accounts in the relevant space provided in the ASBA Form and the ASBA Forms that did not contain such details were liable to be rejected. The ASBA Bidders were required to ensure that they had sufficient balance in their bank accounts to be blocked through ASBA for their respective Bid as the application made by a Bidder was required to be processed after the Bid amount was blocked in the ASBA account of the Bidder pursuant to SEBI ICDR Master circular.

All ASBA Bidders were required to provide either, (i) bank account details and authorizations to block funds in the ASBA Form; or (ii) the UPI ID (in case of UPI Bidders), as applicable, in the relevant space provided in the ASBA Form and the ASBA Forms that did not contain such details were rejected. Applications made by the UPI Bidders using third party bank account or using third party linked bank account UPI ID were liable to be rejected.

The UPI Bidders Bidding using the UPI Mechanism were required to provide the valid UPI ID in the relevant space provided in the Bid cum Application Form and the Bid cum Application Forms that did not contain the UPI ID were liable to be rejected. ASBA Bidders were required to ensure that the Bids were made on ASBA Forms bearing the stamp of the Designated Intermediary, submitted at the Bidding Centres only (except in case of Electronic ASBA Forms) and the ASBA Forms not bearing such specified stamp were liable to be rejected. UPI Bidders using UPI Mechanism, may have been required to submit their ASBA Forms, including details of their UPI IDs, with the Syndicate, Sub-Syndicate members, Registered Brokers, RTAs or CDPs. Further, ASBA Bidders ensured that the Bids were submitted at the Bidding Centres only on ASBA Forms bearing the stamp of a Designated Intermediary (except in case of Electronic ASBA Forms) and ASBA Forms not bearing such specified stamp were liable for rejection. RIBs authorising an SCSB to block the Bid Amount in the ASBA Account were required to submit their ASBA Forms with the SCSBs. ASBA Bidders were required to ensure that the ASBA Account had sufficient credit balance such that an amount equivalent to the full Bid Amount could be blocked by the SCSB or the Sponsor Bank(s), as applicable at the time of submitting the Bid. In order to ensure timely information to investors, SCSBs were required to send SMS alerts to investors intimating them about Bid Amounts blocked/ unblocked.

Since the Offer is made under Phase III (on a mandatory basis), ASBA Bidders were required to submit the ASBA Form in the manner below:

- (i) RIBs (other than the RIBs using UPI Mechanism) were required to submit their ASBA Forms with SCSBs (physically or online, as applicable), or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.
- (ii) UPI Bidders using the UPI Mechanism, were required to submit their ASBA Forms with the Syndicate, Sub-Syndicate members, Registered Brokers, RTAs or CDPs, or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.
- (iii) QIBs and NIBs not using the UPI Mechanism were required to submit their ASBA Forms with SCSBs, Syndicate, Sub-Syndicate members, Registered Brokers, RTAs or CDPs.
- (iv) ASBA Bidders were also required to ensure that the ASBA Account had sufficient credit balance as an amount equivalent to the full Bid Amount which could be blocked by the SCSB or the Sponsor Bank(s), as applicable, at the time of submitting the Bid. In order to ensure timely information to investors, SCSBs were required to send SMS alerts to investors intimating them about Bid Amounts blocked / unblocked.

For all IPOs opening on or after September 1, 2022, as specified in SEBI ICDR Master Circular, all the ASBA applications in public issues were processed only after the application monies were blocked in the investor's bank accounts. Stock Exchanges were required to accept the ASBA applications in their electronic book building platform only with a mandatory confirmation on the application monies blocked. The circular was applicable for all categories of investors viz. Retail, QIB and NIB and also for all modes through which the applications were processed.

UPI Bidders bidding through UPI Mechanism were required to provide the UPI ID in the relevant space provided in the Bid cum Application Form.

Anchor Investors were not permitted to participate in the Offer through the ASBA process. For Anchor Investors, the Anchor Investor Application Form was available with the BRLMs.

The prescribed colour of the Bid cum Application Form for the various categories was as follows:

Category	Colour of Bid cum Application Form*

Non-Residents including Eligible NRIs, their sub-accounts (other than sub-accounts which are foreign corporates or foreign individuals under the QIB Portion), FPIs or FVCIs registered multilateral and bilateral development financial institutions applying on a repatriation basis	Blue
Anchor Investors	White
Eligible Employees Bidding in the Employee Reservation Portion	Pink
Eligible HDFC Bank Shareholders Bidding in the HDFC Bank Shareholders Reservation Portion	White

* Excluding electronic Bid cum Application Form.

** Bid cum Application Forms for Anchor Investors were made available at the office of the BRLMs.

Electronic Bid cum Application forms were made available for download on the website of NSE (www.nseindia.com) and BSE (www.bseindia.com).

The Designated Intermediaries (other than SCSBs) were required to submit/deliver the Bid cum Application Form to the respective SCSB, where the Bidder had a bank account and did not submit it to any non-SCSB bank or any escrow bank. Further, SCSBs uploaded the relevant Bid details (including UPI ID in case of ASBA Forms under the UPI Mechanism) in the electronic bidding system of the Stock Exchanges. Stock Exchanges validated the electronic bids with the records of the CDP for DP ID/Client ID and PAN, on a real time basis and bring inconsistencies to the notice of the relevant Designated Intermediaries, for rectification and re-submission within the time specified by Stock Exchanges. Stock Exchanges were required to allow modification of either DP ID/Client ID or PAN ID, bank code and location code in the Bid details already uploaded up to 5.00 p.m. on Bid/ Offer Closing Date.

In case of ASBA Forms, the relevant Designated Intermediaries were required to upload the relevant Bid details in the electronic bidding system of the Stock Exchanges. Designated Intermediaries (other than SCSBs) were required to submit/deliver the ASBA Forms (except Bid cum Application Forms submitted by UPI Bidders Bidding using the UPI Mechanism) to the respective SCSB, where the Bidder had a bank account and did not submit it to any non-SCSB bank or any Escrow Collection Bank(s). For UPI Bidders using the UPI Mechanism, the Stock Exchanges were required to share the Bid details (including UPI ID) with the Sponsor Bank(s) on a continuous basis through API integration to enable the Sponsor Bank(s) to initiate a UPI Mandate Request to such Retail Individual Bidders for blocking of funds. The Sponsor Bank(s) were required to initiate request for blocking of funds through NPCI to UPI Bidders, who accepted the UPI Mandate Request for blocking of funds on their respective mobile applications associated with UPI ID linked bank account. The NPCI maintained an audit trail for every Bid entered in the Stock Exchanges bidding platform, and the liability to compensate UPI Bidders (Bidding through UPI Mechanism) in case of failed transactions were with the concerned entity (i.e., the Sponsor Bank(s), NPCI or the issuer bank) at whose end the lifecycle of the transaction had come to a halt. The NPCI shared the audit trail of all disputed transactions/ investor complaints to the Sponsor Bank(s) and the issuer bank. The Sponsor Bank(s) and the Bankers to the Offer provided the audit trail to the BRLMs for analysing the same and fixing liability. For ensuring timely information to investors, SCSBs sent SMS alerts as specified in SEBI ICDR Master Circular.

The Sponsor Bank(s) undertook a reconciliation of Bid responses received from Stock Exchanges and sent to NPCI and were required to ensure that all the responses received from NPCI were sent to the Stock Exchanges platform with detailed error code and description, if any. Further, the Sponsor Bank(s) undertook reconciliation of all Bid requests and responses throughout their lifecycle on daily basis and share reports with BRLMs in the format and within the timelines as specified under the UPI Circulars. Sponsor Bank(s) and issuer banks downloaded UPI settlement files and raw data files from the NPCI portal after every settlement cycle and do a three-way reconciliation with Banks UPI switch data, CBS data and UPI raw data. NPCI was to coordinate with issuer banks and Sponsor Bank(s) on a continuous basis.

For all pending UPI Mandate Requests, the Sponsor Bank(s) were required to initiate requests for blocking of funds in the ASBA Accounts of relevant Bidders with a confirmation cut-off time of 05:00 p.m. on the Bid/Offer Closing Date (“**Cut-Off Time**”). Accordingly, UPI Bidders Bidding using through the UPI Mechanism accepted UPI Mandate Requests for blocking off funds prior to the Cut-Off Time and all pending UPI Mandate Requests at the Cut-Off Time lapsed.

Pursuant to NSE circular dated August 3, 2022 with reference no. 25/2022, the following is applicable to all initial public offers opening on or after September 1, 2022:

The Bidder/Applicant was required to specify that the Bid was being made in the name of the HUF in the Bid cum Application Form/Application Form as follows: “Name of sole or first Bidder/applicant: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the *Karta*”. Bids/Applications by HUFs may be considered at par with Bids/Applications from individuals.

Bids by Foreign Portfolio Investors

An FPI could purchase or sell equity shares of an Indian company which is listed or to be listed on a recognised stock exchange in India, and/or could purchase or sell securities other than equity instruments.

FPIs were permitted to participate in the Offer subject to compliance with conditions and restrictions which was specified by the Government from time to time.

In terms of applicable FEMA Rules and the SEBI FPI Regulations, investments by FPIs in the Equity Shares is subject to certain limits, *i.e.*, the individual holding of an FPI (including its investor group (which means multiple entities registered as foreign portfolio investors and directly or indirectly, having common ownership of more than 50% or common control)) shall be below 10% of our post-Offer Equity Share capital on a fully diluted basis. In case the total holding of an FPI or investor group increases beyond 10% of the total paid-up Equity Share capital of our Company, on a fully diluted basis, the total investment made by the FPI or investor group will be re-classified as FDI subject to the conditions as specified by SEBI and the RBI in this regard and our Company and the investor will be required to comply with applicable reporting requirements. Further, the total holdings of all FPIs put together, with effect from April 1, 2020, can be up to the sectoral cap applicable to the sector in which our Company operates (*i.e.*, up to 100%). In terms of the FEMA Rules, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs shall be included.

In case of Bids made by FPIs, a certified copy of the certificate of registration issued under the SEBI FPI Regulations was required to be attached to the Bid cum Application Form, failing which our Company reserved the right to reject any Bid without assigning any reason. FPIs who wished to participate in the Offer were advised to use the Bid cum Application Form for Non-Residents (Blue in colour).

In case the total holding of an FPI increases beyond 10% of the total paid-up Equity Share capital, on a fully diluted basis or 10% or more of the paid-up value of any series of debentures or preference shares or share warrants issued that may be issued by our Company, the total investment made by the FPI will be re-classified as FDI subject to the conditions as specified by SEBI and the RBI in this regard and our Company and the investor will be required to comply with applicable reporting requirements.

As specified in 4.1.4.2 (b)(i) and 4.1.4.2 (c)(iv) of the General Information Document, it is hereby clarified that bids received from FPIs bearing the same PAN were treated as multiple Bids and were liable to be rejected, except for Bids from FPIs that utilize the multiple investment manager structure in accordance with the SEBI master circular bearing reference number SEBI/HO/AFD-2/CIR/P/2022/175 dated December 19, 2022 (“**MIM Structure**”), provided such Bids had been made with different beneficiary account numbers, Client IDs and DP IDs. Accordingly, it was noted that multiple Bids received from FPIs, who did not utilize the MIM Structure, and bear the same PAN, were liable to be rejected. In order to ensure valid Bids, FPIs making multiple Bids using the same PAN, and with different beneficiary account numbers, Client IDs and DP IDs, were required to provide a confirmation along with each of their Bid cum Application Forms that the relevant FPIs making multiple Bids utilize the MIM Structure and indicate the name of their respective investment managers in such confirmation. In the absence of such confirmation from the relevant FPIs, such multiple Bids were liable to be rejected. Further, in the following cases, the bids by FPIs could not be considered as multiple Bids: involving (i) the MIM Structure and indicating the name of

their respective investment managers in such confirmation; (ii) offshore derivative instruments (“ODI”) which had obtained separate FPI registration for ODI and proprietary derivative investments; (iii) sub funds or separate class of investors with segregated portfolio who obtained separate FPI registration; (iv) FPI registrations granted at investment strategy level/sub fund level where a collective investment scheme or fund has multiple investment strategies/sub-funds with identifiable differences and managed by a single investment manager; (v) multiple branches in different jurisdictions of foreign bank registered as FPIs; (vi) Government and Government related investors registered as Category 1 FPIs; and (vii) Entities registered as Collective Investment Scheme having multiple share classes.

To ensure compliance with the above requirement, SEBI, pursuant to its circular dated July 13, 2018, has directed that at the time of finalisation of the Basis of Allotment, the Registrar shall (i) use the PAN issued by the Income Tax Department of India for checking compliance for a single FPI; and (ii) obtain validation from Depositories for the FPIs who have invested in the Offer to ensure there is no breach of the investment limit, within the timelines for issue procedure, as prescribed by SEBI from time to time.

With effect from the April 1, 2020, the aggregate limit was the sectoral caps applicable to the Indian company as prescribed in the FEMA Rules with respect to its paid-up equity capital on a fully diluted basis. While the aggregate limit as provided above could have been decreased by the concerned Indian companies to a lower threshold limit of 24% or 49% or 74% as deemed fit, with the approval of its board of directors and its shareholders through a resolution and a special resolution, respectively before March 31, 2020, our Company has not decreased such limit and accordingly the applicable limit with respect to our Company is 100%.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI, was required to issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only by persons registered as Category I FPIs; (ii) such offshore derivative instruments are issued only to persons eligible for registration as Category I FPIs; (iii) such offshore derivative instruments are issued after compliance with ‘know your client’ norms; and (iv) such other conditions as may be specified by SEBI from time to time.

An FPI issuing offshore derivative instruments was also required to ensure that any transfer of offshore derivative instruments issued by or on its behalf, is carried out subject to *inter alia* the following conditions:

- (b) such offshore derivative instruments are transferred only to persons in accordance with Regulation 21(2) of the SEBI FPI Regulations; and
- (c) prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred to are pre-approved by the FPI.

Participation of FPIs in the Offer was subject to the FEMA Rules.

Please note that in terms of the General Information Document, the maximum Bid by any Bidder including QIB Bidder could not exceed the investment limits prescribed for them under applicable laws. Further, MIM Bids by an FPI Bidder utilising the MIM Structure should have been aggregated for determining the permissible maximum Bid. Further, please note that as disclosed in the Red Herring Prospectus, this Prospectus read with the General Information Document, Bid Cum Application Forms are liable to be rejected in the event that the Bid in the Bid cum Application Form “*exceeds the Issue size and/or investment limit or maximum number of the Equity Shares that can be held under applicable laws or regulations or maximum amount permissible under applicable laws or regulations, or under the terms of this Prospectus.*”

For example, an FPI was required to ensure that any Bid by a single FPI and/ or an investor group (which means the same multiple entities having common ownership directly or indirectly of more than 50% or common control) (collective, the “**FPI Group**”) was required to be below 10% of the total paid-up Equity Share capital of our Company on a fully diluted basis. Any Bids by FPIs and/ or the FPI Group (including but not limited to (a) FPIs Bidding through the MIM Structure; or (b) FPIs with separate registrations for offshore derivative instruments and proprietary derivative instruments) for 10% or more of our total paid-up post Offer Equity Share capital was liable to be rejected.

For more information, please read the General Information Document.

The information set out above was given for the benefit of the Bidders. Our Company, the Promoter Selling Shareholder, and the Book Running Lead Managers were not liable for any amendments or modification or changes to applicable laws or regulations, which may occur after the date of this Prospectus. Bidders were advised to make their independent investigations and ensure that any single Bid from them did not exceed the applicable investment limits or maximum number of the Equity Shares that can be held by them under applicable law or regulations, or as specified in the Red Herring Prospectus or this Prospectus.

Information for Bidders

The relevant Designated Intermediary entered a maximum of three Bids at different price levels opted in the Bid cum Application Form and such options were not considered as multiple Bids. It was the Bidder's responsibility to obtain the acknowledgment slip from the relevant Designated Intermediary. The registration of the Bid by the Designated Intermediary did not guarantee that the Equity Shares shall be allocated/Allotted. Such Acknowledgement Slip was required to non-negotiable and by itself did create any obligation of any kind. When a Bidder revised his or her Bid, he /she surrendered the earlier Acknowledgement Slip and requested for a revised acknowledgment slip from the relevant Designated Intermediary as proof of his or her having revised the previous Bid.

In relation to electronic registration of Bids, the permission given by the Stock Exchanges to use their network and software of the electronic bidding system should not in any way be deemed or construed to mean that the compliance with various statutory and other requirements by our Company and/or the BRLMs are cleared or approved by the Stock Exchanges; nor does it in any manner warrant, certify or endorse the correctness or completeness of compliance with the statutory and other requirements, nor does it take any responsibility for the financial or other soundness of our Company, the management or any scheme or project of our Company; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the contents of the Draft Red Herring Prospectus or the Red Herring Prospectus or this Prospectus; nor does it warrant that the Equity Shares will be listed or will continue to be listed on the Stock Exchanges.

General Instructions

Please note that QIBs and Non-Institutional Bidders were not permitted to withdraw their Bid(s) or lower the size of their Bid(s) (in terms of quantity of Equity Shares or the Bid Amount) at any stage. RIBs, Eligible HDFC Bank Shareholders and Eligible Employees Bidding in the Employee Reservation Portion could revise their Bid(s) during the Bid/Offer Period and withdraw or lower the size of their Bid(s) until Bid/Offer Closing Date. Anchor Investors were not allowed to withdraw their Bids after the Anchor Investor Bid/Offer Period.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Foreign investment is permitted (except in the prohibited sectors) in Indian companies, either through the automatic route or the approval route, depending upon the sector in which foreign investment is sought to be made. The Government of India makes policy announcements on FDI through press notes and press releases. The regulatory framework, over a period of time, thus, consists of acts, regulations, press notes, press releases, and clarifications among other amendments. Further, the FDI Policy issued by the DPIIT consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DPIIT that were in force and effect prior to October 15, 2020.

In terms of Press Note 3 of 2020, dated April 17, 2020 (“**Press Note**”), issued by the DPIIT, the FDI Policy and the FEMA Rules has been amended to state that all investments under the foreign direct investment route by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country will require prior approval of the Government of India. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/ purview, such subsequent change in the beneficial ownership will also require approval of the Government of India. Pursuant to the Foreign Exchange Management (Non-debt Instruments) (Fourth Amendment) Rules, 2020, a multilateral bank or fund, of which India is a member, shall not be treated as an entity of a particular country nor shall any country be treated as the beneficial owner of the investments of such bank or fund in India. Further, in accordance with the amendment to the Companies (Share Capital and Debentures) Rules, 2014 vide notification dated May 4, 2022 issued by Ministry of Corporate Affairs, a declaration shall be inserted in the share transfer form stipulating whether government approval shall be required to be obtained under Foreign Exchange Management (Non-debt Instruments) Rules, 2019 prior to transfer of shares, as applicable. Each Bidder should seek independent legal advice about its ability to participate in the Offer. In the event such prior approval of the Government of India is required, and such approval has been obtained, the Bidder shall intimate our Company and the Registrar to the Offer in writing about such approval along with a copy thereof within the Offer Period.

As per the FEMA Rules and FDI Policy read with Press Note, up to 100% foreign investment under the automatic route is currently permitted in NBFCs. However, investments under the foreign direct investment route by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country will require prior approval of the Government of India.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of the RBI, provided that (i) the activities of the investee company are under the automatic route under the FDI Policy and transfer does not attract the provisions of the SEBI Takeover Regulations; (ii) the non-resident shareholding is within the sectoral limits under the FDI Policy; and (iii) the pricing is in accordance with the guidelines prescribed by SEBI and RBI.

For details of the aggregate limit for investments by NRIs and FPIs in our Company, see “*Offer Procedure*” beginning on page 538.

As per the existing policy of the Government of India, OCBs cannot participate in this Offer.

The Equity Shares offered in the Offer have not been and will not be registered under the U.S. Securities Act or any other applicable law of the United States (or any state or other jurisdiction therein), and, unless so registered, may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws. Accordingly, the Equity Shares are being offered and sold (i) within the United States only to persons reasonably believed to be “qualified institutional buyers” (as defined in Rule 144A under the U.S. Securities Act and referred to in this Prospectus as “U.S. QIBs”, for the avoidance of doubt, the term U.S. QIBs does not refer to a category of institutional investor defined under applicable Indian regulations and referred to in this Prospectus as “QIBs”) in transactions exempt from or not subject to, the registration requirements of the U.S. Securities Act, and (ii) outside the United States in offshore transactions as defined in and in compliance with Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those offers and sales occur.

The Equity Shares had not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids were not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information was given for the benefit of the Bidders. Our Company, the Promoter Selling Shareholder, and the Book Running Lead Managers are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Prospectus. Bidders were advised to make their independent investigations and ensure that the number of Equity Shares Bid for did not exceed the applicable limits under laws or regulations.

Issue of redeemable preference Shares

5. Subject to the provisions of Section 55 of the Act and other Applicable Law, any preference Shares may be issued from time to time, on the terms that they are redeemable within 20 (Twenty) years and such other terms as may be decided at the time of the issue. Further, subject to the provisions of the Act and Applicable Law:
- 5.1. Such preference Shares shall always rank in priority with respect to payment of Dividend or repayment of the amount of Capital Paid Up or deemed to have been Paid Up vis-à-vis equity Shares;
- 5.2. The Board may decide on the participation of preference shareholders in the surplus Dividend, the payment of Dividend on cumulative or non-cumulative basis, conversion terms into equity if any;
- 5.3. The Board may decide on any premium on the issue or redemption of preference Shares.

Provision applicable on the issue of redeemable preference Shares

6. On the issue of redeemable preference Shares under the provisions of Article 5 hereof, the following provisions shall take effect:

- 6.1. No such Shares shall be redeemed except out of the profits of the Company, which would otherwise be available for Dividend, or out of the proceeds of a fresh issue of Shares made for the purpose of the redemption.
- 6.2. No such Shares shall be redeemed unless they are fully paid.
- 6.3. Such Shares shall be redeemed Shares only on the terms on which they were issued or as varied after due approval of preference shareholders in accordance with the provisions of the Act.
- 6.4. The premium, if any, payable on redemption shall have been provided for out of the profits of the Company or out of the Company's security premium account, before the Shares are redeemed.
- 6.5. Register of Members maintained under Section 88 of the Act shall contain the particulars in respect of such preference Share holder(s).
- 6.6. Where any such Shares are redeemed out of the profits of the Company which would otherwise have been available for Dividend, there shall, out of such profits, be transferred to a reserve fund, to be called the "**Capital Redemption Reserve Account**", a sum equal to the nominal amount of the Shares redeemed and the provisions of the Act relating to the reduction of the Capital of the Company shall, except as provided in Section 55 of the Act apply as if the Capital Redemption Reserve Account were Paid Up Capital of the Company.

Provisions applicable to any other Securities

7. The Board shall be entitled to authorise the issue, from time to time, subject to Applicable Law, any other Securities, including Securities convertible into Shares or exchangeable into Shares, or carrying a warrant, carrying such terms including with respect to coupon, returns or repayment as may be decided by the terms of such issue. Such Securities may be issued at premium or discount, and redeemed at premium or discount, as may be determined by the terms of the issuance. Provided that the Company shall not issue any Shares or Securities convertible into Shares at a discount, save as permitted under Section 54 of the Act.

Reduction of Capital

8. The Company may (subject to the provisions of Sections 52,55 and 66, of the Act and any other applicable provisions of the Act for the time being in force) from time to time by way of Special Resolution reduce its Capital, any Capital Redemption Reserve Account or Securities premium account in any manner for the time being authorised by law.

Sub-division consolidation and cancellation of Shares

9. Subject to the provisions of Section 61 of the Act and Applicable Law, the Company in General Meeting may from time to time (a) divide and consolidate all or any of its Shares into Shares of a larger amount than the existing Shares, or any class of them, and (b) sub-divide its existing Shares or any of them into Shares of smaller amount than is fixed by the memorandum and the resolution whereby any Share is sub-divided, or classified, may determine that, as between the holders of the Shares resulting from such sub-division or classification, one or more of such Shares shall have some preference or special advantage as regards Dividend, voting or otherwise over or as compared with the others, subject to the provisions of the Act.

Subject to aforesaid, the Company in General Meeting may also cancel Shares which have not been taken or agreed to be taken by any person and diminish the amount of its Share Capital by the amount of the Shares so cancelled.

Modification of rights

10. Whenever the Capital is divided into different types or classes of Shares, all or any of the rights and privileges attached to each type or class may, subject to the provisions of the Act, be varied with the consent In writing by holders of at least 3/4 (Three-Fourth) of the issued Shares of the class or is confirmed by a Special Resolution passed at a separate Meeting of the holders of Shares of that class and all the provisions hereinafter contained as to General Meetings shall *mutatis mutandis* apply to every such class Meeting, but so that the quorum thereof shall be any 2 (Two) Members present in person. This Article is not to derogate from any power the Company would have if this Article were omitted.

Further issue of Capital

11. Where at any time it is proposed to increase the subscribed Capital of the Company by allotment of further Shares, then subject to the provisions of the Act:

- 11.1. Such further Shares shall be offered to the persons who on the date of the offer, are holders of the equity Shares of the Company, in proportion as nearly as circumstances admit, to the Capital paid-up on those Shares at the date.
- 11.2. Such offer shall be made by a notice specifying the number of Shares offered and limiting a time not being less than 15 (Fifteen) days or such lesser time as may be prescribed under Applicable Law from the date of the offer within which the offer, if not accepted, will be deemed to have been declined.
- 11.3. The offer aforesaid shall be deemed to include a right exercisable by the person concerned to renounce the Shares offered to him or any of them in favour of any other person and the notice referred to in Article 11.2 hereof shall contain a statement of this right.
- 11.4. After the expiry of the time specified in the aforesaid notice or on receipt of earlier intimation from the person to whom such notice is given that he declines to accept the Shares offered, the Board of Directors may dispose of them in such manner as they think most beneficial to the interest of the shareholders and the Company.
12. Notwithstanding anything contained in Article 11 hereof the further Shares aforesaid may be offered in any manner whatsoever, to:
 - 12.1. employees under a scheme of employees' stock option scheme, subject to Applicable Law;
 - 12.2. to any persons on private placement or on preferential basis, whether or not those persons include the persons referred to in Article 11 or Article 12 hereof, either for cash or for a consideration other than cash, if so decided by a Special Resolution, as per Applicable Law.
13. Nothing in Article 11.3 hereof shall be deemed;
 - 13.1. To extend the time within which the offer should be accepted; or
 - 13.2. To authorise any person to exercise the right of renunciation for a second time, on the ground that the person in whose favour the renunciation was first made has declined to take the Shares comprised in the renunciation.
14. Nothing in Articles 11 to 13 shall apply to the increase of the subscribed Capital of the Company:
 - 14.1. caused by the exercise of an option attached to the Debenture issued by the Company to convert such Debentures or loans into Shares in the Company;
 - 14.2. Provided that the terms of issue of such Debentures or the terms of such loans containing such an option have been approved before the issue of such Debentures or the raising of loan by a Special Resolution passed by the Company in General Meeting and are in accordance with Applicable Law.

Shares at the disposal of the Board

15. Subject to the provisions above and of Section 62 of the Act the Securities of the Company for the time being shall be under the control of the Board who may issue, allot or otherwise dispose of the same or any of them to such person, in such proportion and on such terms and conditions and either at a premium or at par and at such time as they may from time to time think fit and to give to any person or persons the option or right to call for any Securities either at par or premium during such time and for such consideration as the Board thinks fit, and may issue and allot Shares in the Capital of the Company or other Securities on payment in full or part of any property sold and transferred or for any services rendered to the Company in the conduct of its business and any Shares which may so be allotted, may be issued as fully Paid up Shares and if so issued, shall be deemed to be fully paid Shares. Provided that option or right to call of Securities shall not be given to any person or persons without the sanction of the Company in the General Meeting.

At all times, the Company shall have the power, subject to the Applicable Law, to conduct an initial public offering ("IPO") of the Securities of the Company, on a recognized stock exchange, in the manner as it may deem fit.

In the event the Company is undertaking an IPO, such IPO may be by means of: (i) a fresh issue of Securities by the Company; (ii) a sale of the existing Securities held by a shareholder; or (iii) a combination of (i) and (ii) above in such manner as may be approved by the Board.

Power to issue Securities outside India

16. Pursuant to the provisions of Section 62 of the Act and other applicable provisions, if any, of the Act, and subject to such approvals, permissions and sanctions as may be necessary from the Government of India, Reserve Bank of India and/or any other authorities or institutions as may be relevant (hereinafter collectively referred to as “**Appropriate Authorities**”) and subject to such terms and conditions or such modifications thereto as may be prescribed by them in granting such approvals, permissions and sanctions, the Company will be entitled to issue and allot in the international capital markets, Shares and/or any instruments or Securities (including Global Depository Receipts) representing Shares, any such instruments or Securities being either with or without detachable warrants attached thereto entitling the warrant holder to Shares/instruments or Securities (including Global Depository Receipts) representing Shares, to be subscribed to in foreign currency / currencies by foreign investors (whether individuals and/or bodies corporate and/or institutions and whether shareholders of the Company or not) for an amount, inclusive of such premium as may be determined by the Board. The provisions of this Article shall extend to allow the Board to issue such foreign Securities, in such manner as may be permitted by Applicable Law.

Acceptance of Shares

17. Any application signed by or on behalf of an applicant, for Shares in the Company, followed by an allotment of any Share shall be an acceptance of Shares within the meaning of these Articles and every person who, does or otherwise accepts Shares and whose name is on the Register of Members shall for the purpose of these Articles, be a Member.

Private placement

18. The Board may, from time to time, offer any Securities on private placement basis, to such persons as the Board may determine, provided that such private placement shall comply with Applicable Law.

Deposit and call to be a debt payable immediately

19. The money (if any) which the Board shall, call or otherwise require to be paid in respect of any debt securities allotted by them, shall immediately on the insertion of the name of the allottee in the relevant registers maintained by the Company as the name of the holder of such debt securities, become a debt due to and recoverable by the Company from the allottee thereof, and shall be paid by him accordingly.

Securities not to be held in trust

20. Except as required by Applicable Law, no person shall be recognised by the Company as holding any Securities upon any trust, and the Company shall not be bound by, or be compelled in any way to recognise (even when having notice thereof) any equitable, contingent, future or partial interest in any security, or any interest in any fractional part of a security, or (except only as by these regulations or by law otherwise provided) any other rights in respect of any security except an absolute right to the entirety thereof in the registered holder.

The first named joint holder deemed to be sole holder

21. If any security stands in the names of 2 (Two) or more persons, the person first named in the register shall, as regards receipt of Dividends or bonus or interest or service of notice and all or any earlier matter connected with the Company, except voting at Meetings, be deemed the sole holder thereof, but the joint holders of a security shall be severally as well as jointly liable for the payment of all installments and calls due in respect of such Securities for all incidents thereof according to the Company's regulations.

BUY BACK OF SECURITIES BY THE COMPANY

36. Notwithstanding anything contained in these Articles but subject to the provisions of Sections 68, 69 and 70 of the Act and Applicable Law as prescribed by SEBI or any other authority for the time being in force, the Company may purchase its own Shares or other specified Securities. The power conferred herein may be exercised by the Board, at any time and from time to time, where and to the extent permitted by Applicable Law, and shall be subject to such rules, applicable consent or approval as required.

COMMISSION AND BROKERAGE

Commission may be paid

37. Subject to the provisions of Section 40(6) of the Act and Applicable Law made thereunder, and subject to the applicable SEBI guidelines and subject to the terms of issue of the Shares or Debentures or any Securities the Company may at any time pay a commission out of proceeds of the issue or profit or both to any person in consideration of his subscribing or agreeing to subscribe (whether absolutely or conditionally) for any Shares in or Debentures of the Company, or underwriting or procuring or agreeing to procure subscriptions (whether absolute or conditional) for Shares or Debentures of the Company but so that the commission shall not exceed in the case of Shares, 5 % (Five percent) of the price at which the Shares are issued, and in the case of Debentures, 2.5 % (Two Decimal Point Five percent) of the price at which the Debentures are issued or at such rates as may be fixed by the Board within the overall limit prescribed under

the Act, the Securities and Exchange Board of India Act, 1992 and Applicable Law. Such commission may be satisfied by payment in cash or by allotment of fully or partly paid Shares, Securities or Debentures or partly in one way and partly in the other or in any combination thereof.

Brokerage

38. The Company may, subject to Applicable Law, pay a reasonable and lawful sum for brokerage to any person for subscribing or procuring subscription for any Securities, at such rate as sanctioned by the Managing Director.

CALLS ON SHARES OR DEBENTURES

Directors may make calls

39. The Board of Directors may, from time to time and subject to the terms on which Shares or Debentures have been issued and subject to the conditions of allotment, by a resolution passed at a meeting of the Board, or otherwise as permitted by Applicable Law make such call as it thinks fit upon the Members or holders of Debentures in respect of all moneys unpaid on the Shares or Debentures held by them respectively, and each Member or holder of Debenture shall pay the amount of every call so made on him to the person or persons and at the times and places appointed by the Board of Directors. A call may be made payable by installments.
40. The option or right to make calls on Shares or Debentures shall not be given to any person except with the sanction of the issuer in General Meetings.

Notice of calls

41. Each Member or holder of Debenture shall, subject to receiving at least 15 (Fifteen) days' notice specifying the time or times and place of payment, pay to the Company, at the time or times and place so specified, the amount called on his Shares or Debenture. The joint-holders of a Share or Debenture shall be jointly and severally liable to pay all calls in respect thereof.
42. A call may be revoked or postponed at the discretion of the Board.

Calls to date from resolution

43. A call shall be deemed to have been made at the time when the resolution authorising such call was passed as provided herein and may be required to be paid by installments.

Directors may extend time

44. The Board may, from time to time at its discretion, extend the time fixed for the payment of any call, and may extend such time as to all or any of the Members or holders of Debentures who from residence at a distance or other cause, the Board may deem fairly entitled to such extension, but no Member or holder of Debentures shall be entitled to such extension save as a Member or holder of Debentures of grace and favour.

Calls to carry interest

45. If any Member or holder of Debentures fails to pay any call due from him on the day appointed for payment thereof, or any such extension thereof as aforesaid, he shall be liable to pay interest on the same from the day appointed for the payment thereof to the time of actual payment at such rate as shall from time to time be fixed by the Board. Nothing in this Article shall render it obligatory for the Board of Directors to demand or recover any interest from any such Member or holder of Debentures.
46. The Board shall be at liberty to waive payment of any such interest wholly or in part.

Sums deemed to be calls

47. Any sum, which may by the terms of issue of a Share or Debenture becomes payable on allotment or at any fixed date, whether on account of the nominal value of the Share or Debenture or by way of premium, shall for the purposes of these Articles be deemed to be a call duly made and payable, on the date on which by the terms of issue the same becomes payable and in case of non-payment, all the relevant provisions of these Articles as to payment of interest and expenses, forfeiture or otherwise, shall apply as if such sum had become payable by virtue of a call duly made and notified.

Proof on trial of suit for money due

48. At the trial or hearing of any action or suit brought by the Company against any Member or holder of Debentures or his representatives for the recovery of any money claimed to be due to the Company in respect of his Shares or Debentures, it shall be sufficient to prove that the name of the Member, in respect of whose Shares or Debentures, the money is sought to be recovered appears entered in the Register of Members or Register of Debenture holder as the holder, at or subsequently to the date at which the money is sought to be recovered, is alleged to have become due on the Shares or Debentures in respect of such money is sought to be recovered, that the resolution making the call is duly recorded in the minute book, and that notice of such call was duly given to the Member or holder of Debentures or his representatives used in pursuance of these Articles and that it shall not be necessary to prove the appointment of the Directors who made such call, nor that a quorum of Directors was present at the Board at which any call was made nor that the meeting at which any call was made duly convened or constituted nor any other matters whatsoever, but the proof of the matter aforesaid shall be conclusive evidence of the debt.

Partial payment not to preclude forfeiture

49. Neither the receipt by the Company of a portion of any money which shall from time to time be due from any Member or holder of Debentures to the Company in respect of his Shares or Debentures, either by way of principal or interest, nor any indulgence granted by the Company in respect of the payment of any such money, shall preclude the Company from thereafter proceeding to enforce a forfeiture of such Shares or Debentures as hereinafter provided.

Payment in anticipation of call may carry interest

50. The Board may, if it thinks fit, subject to the provisions of Section 50 of the Act agree to and receive from any Member or holder of Debentures willing to advance the same whole or any part of the moneys due upon the Shares or Debentures held by him beyond the sums actually called for, and upon the amount so paid or satisfied in advance, or so much thereof as from time to time exceeds the amount of the calls then made upon the Shares or Debentures in respect of which such advance has been made, the Company may pay interest at such rate, as the Member or holder of Debenture paying such sum in advance and the Board agrees upon provided that money paid in advance of calls shall not confer a right to participate in profits or Dividend. The Board may agree to repay at any time any amount so advanced or may at any time repay the same upon giving to the Member or holder of Debenture 3 (Three) Months' notice in writing.

LIEN

Company to have lien on Shares

51. The Company shall have a first and paramount lien upon all the Shares (other than fully paid-up Shares) registered in the name of each Member (whether solely or jointly with others) and upon the proceeds of sale thereof, for all moneys (whether presently payable or not) called or payable at a fixed time in respect of such Shares and no equitable interest in any Shares shall be created except upon the footing, and upon the condition that this Article will have full effect and any such lien shall extend to all Dividends and bonuses from time to time declared in respect of such Shares.
52. The Directors may at any time declare any Shares wholly or in part to be exempt from the provision of Article 51. Provided that, fully paid Shares shall be free from all lien.

As to enforcing lien by sale

53. For the purpose of enforcing such lien, the Board may sell the Shares subject thereto in such manner as they shall think fit, and for that purpose may cause to be issued a duplicate certificate in respect of such Shares and may authorise a Member to execute a transfer thereof on behalf of and in the name of such Member. The purchaser of such transferred Shares shall be registered as the holder of the Shares comprised in any such transfer. The purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the Shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.
54. No sale shall be made unless a sum in respect of which the lien exists is presently payable or until the expiration of 14 (Fourteen) days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable and the intention to sell shall have been served on such Member or his representatives, including any person entitled thereto by reason of his death or insolvency and default shall have been made by him or them in payment, fulfillment, or discharge of such debts, liabilities or engagements for 14 (Fourteen) days after such notice.

Application of proceeds of sale

55. The net proceeds of any such sale shall be received by the Company and applied in or towards payment of such part of the amount in respect of which the lien exists as is presently payable and the residue, if any, shall (subject to a like lien for sums not presently payable as existed upon the Shares before the sale) be paid to the persons entitled to the Shares at the date of the sale.

FORFEITURE

If call or installment not paid notice may be given

56. If any Member or holder of Debenture fails to pay any call or installment on or before the day appointed for the payment of the same the Board may at any time thereafter during such time as the call or installment remains unpaid, serve notice on such Member or holder of Debenture requiring him to pay the same, together with any interest that may have accrued and all expenses that may have been incurred by the Company by reason of such non-payment.

Form of notice

57. The notice shall:

- 57.1. name a further day (not being earlier than the expiry of 14 (Fourteen) days from the date of service of the notice) on or before which the payment required by the notice is to be made.
- 57.2. shall detail the amount which is due and payable on the Shares or Debentures and shall state that in the event of non-payment at or before the time appointed the Shares or Debentures will be liable to be forfeited.

If notice not complied with Shares or Debentures may be forfeited

58. If the requisitions of any such notice as aforesaid be not complied with, any Shares or Debentures in respect of which such notice has been given may, at any time thereafter, before payment of all calls or installments, interest and expenses, due in respect thereof, be forfeited by a resolution of the Board to that effect. Such forfeiture shall include all Dividends declared in respect of the forfeited Shares or Debentures and not actually paid before the forfeiture.

Notice of forfeiture to a Member or Debenture holder

59. When any Shares or Debentures shall have been so forfeited, notice of the forfeiture shall be given to the Member in whose name it stood immediately prior to the forfeiture, and an entry of the forfeiture, with the date thereof, shall forthwith be made in the Register of Members or Register of Debenture holder, but no forfeiture shall be in any manner invalidated, by any omission or neglect to give such notice or to make any such entry as aforesaid.

Forfeited Share or Debenture to become property of the Company

60. Any Share or Debenture so forfeited shall be deemed to be the property of the Company, and the Board may sell, or allot or otherwise dispose of the same in such manner as it thinks fit.

Upon any sale after forfeiture or for enforcing a lien purported exercise of the powers hereinbefore given the Board may appoint some person to execute an instrument of transfer of the Shares or Debentures sold and cause the purchaser's name to be entered in the Register of Member in respect of the Shares or Register of Debenture holder in case of Debentures sold the purchaser shall not be found to see to the regularity of the proceedings or to the application of the purchase money and after his name has been entered in the Register of Members in respect of such Shares or Register of Debenture holder in case of Debentures the validity of the sale shall not be impeached by any person and the remedy of any person aggrieved by the same shall be in damages only and against the Company exclusively.

Power to cancel forfeiture

61. The Board may, at any time before any Share or Debenture so forfeited shall have been sold, re-allotted or otherwise disposed of, cancel the forfeiture thereof upon such conditions as it thinks fit.

Liability on forfeiture

62. A person whose Share or Debenture has been forfeited shall cease to be a Member or holder of Debenture in respect of the forfeited Share or Debenture, but shall notwithstanding, remain liable to pay, and shall forthwith pay to the Company,

all calls, or installment, interest and expenses, owing in respect of such Share or Debenture at the time of the forfeiture, together with interest thereon, from the time of forfeiture until payment, at such rate as the Board may determine and the Board may enforce the payment thereof, to any party thereof, without any deduction or allowance for the value of the Shares or Debentures at the time of forfeiture, but shall not be under any obligation to do so. The liability of such person shall cease if and when the Company shall have received payment in full of all such monies in respect of the Shares or Debentures.

Effect of forfeiture

63. The forfeiture of a Share or Debenture involve extinction, at the time of the forfeiture, of all interest and all claims and demands against the Company in respect of the Share or Debenture and all other rights, incidental to the Share or Debenture except only such of those rights as by these Articles are expressly saved.

Evidence of forfeiture

64. A duly verified declaration in writing that the declarant is a Director, the manager or the Company Secretary, and that certain Shares or Debentures have been duly forfeited on a date stated in the declaration shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the Shares or Debentures.

Cancellation of certificate in respect of forfeited Shares or Debentures

65. Upon any sale, re-allotment or other disposal under the provisions of the preceding Articles, the certificate or certificates originally issued in respect of the relative Shares or Debentures shall (unless the same shall on demand by the Company have been previously surrendered to it by the defaulting Member or holder of Debenture) stand cancelled and become null and void and of no effect, and the Directors shall be entitled to issue a duplicate certificate or certificates in respect of the said Shares or Debentures to the person or persons, entitled thereto as per the provisions herein:
- 65.1. The Company may receive the consideration, if any, given for the Share or Debenture on any sale or disposal thereof and may execute a transfer of the Share or Debenture in favour of the person to whom the Share or Debenture is sold or disposed of;
- 65.2. The transferee shall thereupon be registered as the holder of the Share or Debenture, as the case may be; and
- 65.3. The transferee shall not be bound to see to the application of the purchase money, if any, nor shall his title to the Share or Debenture be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale or disposal of the Share or Debenture.

THESE ARTICLES TO APPLY IN CASE OF ANY NON-PAYMENT

66. The provisions of these regulations as to forfeiture shall apply in the case of non-payment of any sum which, by the terms of issue of a Share or Debenture, becomes payable at a fixed time, whether on account of the nominal value of the Share or Debenture or by way of premium, as if the same had been payable by virtue of a call duly made and notified.

EMPLOYEES STOCK OPTIONS

67. Subject to the provisions of Section 62 of the Act and Applicable Law, the Company may issue options to any Directors, not being Independent Directors, officers, or employees of the Company, its subsidiaries or its parent company, which would give such Directors, officers or employees, the benefit or right to purchase or subscribe at a future date, the Securities offered by the Company at a predetermined price, in terms of schemes of employee stock options or employees Share purchase or both. Provided that, it will be lawful for such scheme to require an employee, officer, or Director, upon leaving the Company, to transfer Securities acquired in pursuance of such an option, to a trust or other body established for the benefit of employees.

POWER TO ISSUE SWEAT EQUITY SHARES

68. Subject to and in compliance with Section 54 and other Applicable Law, the Company may issue the Shares to its employees or Director(s) at a discount or for consideration other than cash for providing know-how or making available rights in the nature of intellectual property rights or value additions, by whatever name called.

PREFERENTIAL ALLOTMENT

69. Subject to the provisions of Section 62 the Act read with the conditions as laid down in the Applicable Law, and if authorized by a Special Resolution, the Company may issue Securities, in any manner whatsoever, by way of a preferential offer or private placement. Such issue on preferential basis or private placement should also comply with the conditions as laid down in Section 42 of the Act and/or Applicable law.

CAPITALISATION OF PROFITS

70. The Company in General Meeting may, upon the recommendation of the Board, resolve:
- 70.1. that it is desirable to capitalise any part of the amount for the time being standing to the credit of any of the Company's reserve accounts, or to the credit of the profit and loss account, or otherwise available for distribution; and
 - 70.2. that such sum be accordingly set free for distribution in the manner specified in Article 71 hereof amongst the Members who would have been entitled thereto, if distributed by way of Dividend and in the same proportions.
71. The sum aforesaid shall not be paid in cash but shall be applied, subject to applicable provisions contained herein, either in or towards:
- 71.1. paying up any amounts for the time being unpaid on any Shares held by such Members respectively;
 - 71.2. paying up in full, unissued Shares of the Company to be allotted and distributed, credited as fully paid-up, to and amongst such Members in the proportions aforesaid;
 - 71.3. partly in the way specified in Article 71.1 hereof and partly in the way specified in Article 72.2 hereof;
 - 71.4. A securities premium account and a capital redemption reserve account may, for the purposes of this Article 71, be applied in the paying up of unissued Shares to be issued to Members of the Company as fully paid bonus Shares;
 - 71.5. The Board shall give effect to the resolution passed by the Company in pursuance of this;
 - 71.6. Whenever such a resolution as aforesaid shall have been passed, the Board shall:
 - 71.6.1. make all appropriations and applications of the undivided profits resolved to be capitalised thereby, and all allotments and issues of fully paid Shares if any; and
 - 71.6.2. generally do all acts and things required to give effect thereto.
72. The Board shall have power:
- 72.1. to make such provisions, by the issue of fractional certificates or by payment in cash or otherwise as it thinks fit, for the case of Shares becoming distributable in fractions; and
 - 72.2. to authorise any person to enter, on behalf of all the Members entitled thereto, into an agreement with the Company providing for the allotment to them respectively, credited as fully paid-up, of any further Shares to which they may be entitled upon such capitalisation, or as the case may require, for the payment by the Company on their behalf, by the application thereto of their respective proportions of profits resolved to be capitalised, of the amount or any part of the amounts remaining unpaid on their existing Shares;
 - 72.3. Any agreement made under such authority shall be effective and binding on such Members.

TRANSFER AND TRANSMISSION

Register of transfers

73. The Company shall keep a book to be called the "Register of Transfers", and therein shall be fairly and directly entered particulars of every transfer or transmission of any security. The Register of Transfers shall not be available for inspection or making of extracts by the Members or any other persons. Entries in the said register should be authenticated by the Company Secretary or by any other person authorized by the Board for the purpose, by appending his signature to each entry.

Instruments of transfer

74. The instrument of transfer of Securities shall be in common form and in writing and all provisions of Section 56 of the Act shall be duly complied with in respect of all transfer of Shares and registration thereof.

Subject to the provisions of the Act and except where the transfer is in accordance with Article 73, the Board may at its own absolute and uncontrolled discretion decline to register any transfer of Securities (notwithstanding that the proposed transferee be already a security holder), but in such case it shall within 2 (Two) Months from the date the instrument of transfer was lodged with the Company send to the transferee and the transferor notice of the refusal to register such transfer giving reasons for such refusal.

To be executed by transferor and transferee

75. Every such instrument of transfer shall be executed by or on behalf of both the transferor and the transferee and the transferor shall be deemed to remain the holder of such security until the name of the transferee shall have been entered in the relevant register maintained by the Company in respect thereof. The Board shall not issue or register a transfer of any security in favour of a minor (except in cases when they are fully Paid Up).
76. An application for the registration of the transfer of any security may be made either by the transferee or the transferor. No registration shall, in the case of a partly paid security where an application is made by the transferor alone, be effected unless the Company gives notice of the application to the transferee, in accordance with the provisions of these Articles, Section 56 of the Act and Applicable Law, and the transferee gives his no objection to such transfer within 2 (Two) weeks from the date of receipt of such notice.

Transfer books when closed

77. The Board shall have power to give at least 7 (Seven) days' (or such lesser time as may be prescribed under Applicable Law) previous notice by advertisement in some newspaper circulating in the district in which the registered office of the Company is situated or in such other manner as may be prescribed, in accordance with Section 91 of the Act and Applicable Laws, to close the transfer books, the Register of Members, Register of Debenture holders or the Register of other security holders at such time or times and for such period or periods, not exceeding 30 (Thirty) days at a time and not exceeding in the aggregate 45 (Forty-Five) days in each year, as it may deem expedient.
78. The Board may, subject to the right of appeal conferred by Section 58 of the Act and other Applicable Law decline to register:
- 78.1. the transfer of a security, not being a fully paid security, to a person of whom they do not approve; or
 - 78.2. any transfer of Shares on which the Company has a lien.
79. The Board may decline to recognise any instrument of transfer unless:
- 79.1. the instrument of transfer is in the form as prescribed under Applicable Law;
 - 79.2. the instrument of transfer is accompanied by the certificate of the security to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer; and
 - 79.3. the instrument of transfer is in respect of only 1 (One) class of Shares.

Directors to recognize Beneficial Owners of Securities

80. Notwithstanding anything contained in these Articles, a Depository shall be deemed to be the registered owner for the purpose of effecting transfer of ownership of Securities on behalf of a Beneficial Owner.
81. Save as otherwise provided hereinabove, the Depository as a registered owner shall not have any voting rights or any other rights in respect of Securities held by it, and the Beneficial Owner shall be entitled to all the rights and benefits and be subject to all the liabilities in respect of its Securities held by a Depository.
82. Except as ordered by a Court of competent jurisdiction or as required by law, the Company shall be entitled to treat the person whose name appears as the Beneficial Owner of the Securities in the records of the Depository as the absolute owner thereof and accordingly the Company shall not be bound to recognise any benami, trust or equitable, contingent,

future or partial interest in any security or (except otherwise expressly provided by the Articles or the Act or any other Applicable Law) any right in respect of a security other than an absolute right thereto, in accordance with these Articles on the part of any other person whether or not it shall have express or implied notice thereof, but the Board shall at their sole discretion register any security in the joint names of any 2 (Two) or more persons or the survivor or survivors of them.

83. Upon receipt of certificate of Securities on surrender by a person who has entered into an agreement with the Depository through a participant, the Company shall cancel such certificate and substitute in its records the name of Depository as the registered owner in respect of the said Securities and shall also inform the Depository accordingly.

Nomination

84. Every holder of Securities may at any time nominate, in the manner prescribed under the Act, a person to whom his Securities shall vest in the event of death of such holder.
85. Where the Securities are held by more than one person jointly, the joint holders may together nominate, in the prescribed manner, a person to whom all the rights in the Securities, held by them shall vest in the event of death of all joint holders.
86. Notwithstanding anything contained in any other law for the time being in force or in any disposition, whether testamentary or otherwise, or in these Articles, in respect of such Securities, where a nomination made in the prescribed manner purports to confer on any person the right to vest the Securities, the nominee shall, on the death of the security holder or, as the case may be, on the death of all the joint holders become entitled to all the rights in the Securities to the exclusion of all other persons, unless the nomination is varied or cancelled in the prescribed manner under the provisions of the Act.
87. Where the nominee is a minor, it shall be lawful for the holder of the Securities to make the nomination to appoint, in the prescribed manner under the provisions of the Act, any person to become entitled to the Securities of the Company, in the event of his death, during his minority.

Death of one or more joint holders of Securities

88. In the case of the death of any 1 (One) or more of the persons named in the relevant register maintained by the Company as the joint-holders of any Share, the survivor or survivors shall be the only persons recognised by the Company as having any title to or interest in such security, but nothing herein contained shall be taken to release the estate of a deceased joint holder from any liability on Securities held by him jointly with any other person.

Title to Securities of deceased holders

89. The executors or administrators or holders of a succession certificate or the legal representatives of a deceased holder of Securities (not being 1 (One) of 2 (Two) or more joint-holders) shall be the only persons recognised by the Company as having any title to the Securities registered in the name of such holder and the Company shall not be bound to recognise such executors or administrators or holders of a succession certificate or the legal representative, unless such executors or administrators or legal representatives shall have first obtained probate or letters of administration or succession certificate as the case may be, from a duly constituted court in the Union of India, provided that in any case, where the Board in its absolute discretion thinks fit, the Board may dispense with production of probate or letters of administration or succession certificate, upon such terms as to indemnity or otherwise as the Board in its absolute discretion may think necessary and register the name of any person who claims to be absolutely entitled to the Securities standing in the name of a deceased security holder, as a security holder.

Transmission in the name of nominee

90. Any person becoming entitled to Securities in consequence of the death, lunacy, bankruptcy or insolvency of any security holder, or the marriage of a female security holder, or by any lawful means other than by a transfer in accordance with These Presents, may, with the consent of the Board of Directors and subject as hereinafter provided, elect either to be registered himself as holder of the Securities, as the case may be, or to make such transfer of the Securities, as the case may be, as the deceased security holder, as the case may be, could have made.

Provided that it shall be lawful for the Directors in their absolute discretion to dispense with the production of any evidence including any legal representation upon such terms as to indemnity or otherwise as the Directors may deem fit.

Provided further, that if such nominee shall elect to have his proposed transferee registered he shall testify the election by executing in favour of his proposed transferee an instrument of transfer in accordance with the provisions herein contained and until he does so, he shall not be freed from any liability in respect of the Securities.

91. The Board shall, in the event that the nominee is desirous of either registering himself as the holder of the Securities or transferring such Securities, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent holder of Securities had transferred the Securities before his death or insolvency.
92. If the nominee, so becoming entitled, elects himself to be registered as holder of the Shares or Debentures, as the case may be, he shall deliver or send to the Company a notice in writing signed by him stating that he so elects and such notice shall be accompanied with death certificate of the deceased holder of the Share or Debenture and the certificate(s) of Shares or Debentures, as the case may be, held by the deceased in the Company.
93. If the person becoming entitled to a security by reason of death or insolvency of a holder of security shall elect to be registered as a holder of the Security himself, he shall deliver or send to the Company a notice In writing signed by him stating that he so elects. If the person aforesaid shall elect to transfer the security, he shall testify his election by executing a transfer of the security.
94. All the limitations, restrictions and provisions of the Act and these Articles relating to the right to transfer and the registration of transfers of Securities shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the holder of Securities had not occurred and the notice or transfer were a transfer signed by that holder of security.
95. Subject to the provisions of Section 56 of the Act and these Articles, the Board may register the relevant Securities in the name of the nominee of the transferee as if the death of the registered holder of the Securities had not occurred and the notice or transfer were a transfer signed by that holder of security, as the case may be.
96. A nominee on becoming entitled to Securities by reason of the death of the holder or joint holders shall be entitled to the same interest, Dividend and other advantages to which he would be entitled if he were the registered holder of the Securities, except that he shall not before being registered as holder of such Securities, be entitled in respect of them to exercise any right conferred on a holder of Securities in relation to Meetings of the Company.
97. The Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the Securities, and if the notice is not complied with, within 90 (Ninety) days, the Board may thereafter withhold payment of all Dividends, bonus, interest or other moneys payable or rights accrued or accruing in respect of the relevant Securities, until the requirements of the notice have been complied with.

No transfer to minor, insolvent etc.

98. No transfer shall be made to a minor or person of unsound mind. However, in respect of fully Paid Up Shares, Shares may be transferred in favor of minor acting through legal guardian, in accordance with the provisions of law.

Transfer to be presented with evidence of title

99. Every instrument of transfer shall be presented to the Company duly stamped for registration accompanied by such evidence as the Board of Directors may require to prove the title of the transferor, his right to transfer the Securities and generally under and subject to such conditions and regulations as the Board of Directors shall from time to time prescribe, and every registered instrument of transfer shall remain in the custody of the Company until destroyed by order of the Board of Directors.

Conditions of registration of transfer

100. For the purpose of the registration of a transfer, the certificate or certificates of the Securities to be transferred must be delivered to the Company along with a properly stamped and executed instrument of transfer.

No fee on transfer or transmission

101. No fee shall be charged for registration of transfer, transmission, probate, succession certificate and letters of administration, certificate of death or marriage, power of attorney or similar other document.

Company not liable for disregard of a notice in prohibiting registration of transfer

102. The Company shall incur no liability or responsibility whatsoever in consequence of its registering or giving effort to any transfer of Securities made or purporting to be made by any apparent legal owner thereof (as shown or appearing in the relevant register of Securities maintained by the Company) to the prejudice of persons having or claiming any equitable right, title or interest to or in the said Securities, notwithstanding that the Company may have had notice of such equitable right, title or interest or notice prohibiting registration of such transfer, and may have entered such notice, or deferred thereto, in any book of the Company, and the Company shall not be bound or required to regard or attend or give effect to any notice which may be given to it of any equitable right title or interest, or be under any liability whatsoever for refusing or neglecting so to do, though it may have been entered or referred to in some book of the Company; but the Company shall nevertheless be at liberty to regard and attend to any such notice and give effect thereto, if the Board of Directors shall so think fit.

DEMATERIALISATION OF SECURITIES

Dematerialization of Securities

103. The Board shall be entitled to dematerialize Securities or to offer Securities in a dematerialized form pursuant to the Depositories Act, 1996, as amended from time to time. All Securities held by a Depository shall be dematerialized and be in fungible form.

Options for investors

104. Every holder of or subscriber to Securities of the Company shall have the option to receive certificates for such Securities or to hold the Securities with a Depository. If a holder of or subscriber to Securities opts to hold his security with a Depository, the Company shall intimate such Depository the details of allotment of the security, and on receipt of the information, the Depository shall enter in its record the name of the allottee as the Beneficial Owner of the security. Such a person who is the Beneficial Owner of the Securities can at any time opt out of a Depository, if permitted by law, in respect of any Securities in the manner provided by the Depositories Act, 1996, and the Company shall, in the manner and within the time prescribed by law, issue to the Beneficial Owner the required certificates for the Securities.
105. If a Beneficial Owner seeks to opt out of a Depository in respect of any security, the Beneficial Owner shall inform the Depository accordingly. The Depository shall on receipt of information as above make appropriate entries in its records and shall inform the Company. The Company shall, within 30 (Thirty) days of the receipt of intimation from the Depository and on fulfillment of such conditions and on payment of such fees as may be specified by the regulations, issue the certificate of securities to the Beneficial Owner or the transferee as the case may be.
106. Nothing contained in Sections 89 and 186 of the Act shall apply to a Depository in respect of the Securities held by on behalf of the Beneficial Owners.

Rights of Depositories and Beneficial Owners

107. Notwithstanding anything to the contrary contained these Articles, a Depository shall be deemed to be the registered owner for the purposes of effecting transfer of ownership of Securities of the Company on behalf of the Beneficial Owner.
108. Save as otherwise provided hereinabove, the Depository as the registered owner of the Securities shall not have any voting rights or any other rights in respect of the Securities held by it.
109. Every person holding Securities of the Company and whose name is entered as the Beneficial Owner of Securities in the record of the Depository shall be entitled to all the rights and benefits and be subject to all the liabilities in respect of the Securities which are held by a Depository and shall be deemed to be a Member of the Company.
110. Except as specifically provided in these Articles, the provisions relating to joint holders of shares, calls, lien on shares, forfeiture of shares and transfer and transmission of shares shall be applicable to shares held in Depository so far as they apply to shares held in physical form subject to the provisions of the Depositories Act.
111. The provisions of these Articles shall mutatis mutandis apply to securities other than shares and any reference to member herein shall apply to the holder of the concerned security.
112. The members shall bear all charges of the depository participant.

113. If a member having dematerialised his holdings of shares opts for rematerialisation of his holding of shares or a part thereof, share certificates will be issued to him on a written request received for that purpose through the depository participant.

Service of Documents

114. Notwithstanding anything contained these Articles to the contrary, where Securities of the Company are held in a Depository, the records of the Beneficial Ownership may be served by such Depository on the Company by means of Electronic Mode.

Transfer of Securities

115. The dematerialized shares can be transferred/transmitted as per the rules of the Depository.
116. Nothing contained in these Articles shall apply to a transfer of Securities effected by a transferor and transferee both of whom are entered as Beneficial Owners in the records of a Depository.

Allotment of Securities dealt with in a Depository

117. Notwithstanding anything contained these Articles, where Securities are dealt with by a Depository, the Company shall intimate the details thereof to the Depository immediately on allotment of such Securities.

Distinctive number of Securities held in a Depository

118. Nothing contained or these Articles regarding the necessity of having distinctive numbers for Securities issued by the Company shall apply to Securities held with a Depository.

Register and index of Beneficial Owners

119. The Register and Index of Beneficial Owners maintained by Depository under the Depositories Act, 1996, as amended from time to time shall be deemed to be the Register and Index of Members and security holders for the purposes of these Articles.

COPIES OF MEMORANDUM AND ARTICLES TO BE SENT TO MEMBERS

120. Copies of Memorandum and Articles of the Company shall be furnished to every shareholder of the Company at his request on payment of an amount as may be fixed by the Board to recover reasonable cost and expenses, not exceeding such amount as fixed under Applicable Law.

BORROWING POWERS

Power to borrow

121. The Board may, from time to time, at its discretion subject to the provisions of these Articles, Section 73 to 76, 179, 180 of the Act and Applicable Law, raise or borrow, either from the Directors or from elsewhere and secure the payment of any sum or sums of money for the purpose of the Company; by a resolution of the Board, or where a power to delegate the same is available, by a decision/resolution of such delegate, provided that the Board shall not without the requisite sanction of the Company in General Meeting borrow any sum of money which together with money borrowed by the Company (apart from temporary loans obtained from the Company's bankers in the ordinary course of business) exceed the aggregate for the time being of the Paid Up Capital of the Company and its Free Reserves.

Conditions on which money may be borrowed

122. Subject to Applicable Law, the repayment of moneys borrowed as aforesaid may be secured in such manner and upon such terms and conditions in all respects as the Board may think fit by a resolution passed at a meeting of the Board and in particular by the issue of Debentures or Debenture-stock of the Company or bonds or other commercial paper or by mortgage or charge upon all or any part of the property of the Company (both present and future), and Debentures to Debenture-stock and other Securities may be made assignable free from any equities between the Company and the person to whom the same may be issued.

Terms of issue of Debentures

123. Any Debentures, Debenture-stock, or other Securities may be issued at a discount, premium or otherwise and may be issued on condition that they shall be convertible into Shares of any denomination, and with any privileges and conditions as to redemption, surrender, drawing, allotment of Shares and attending (but not voting) at General Meetings, appointment of Directors and otherwise. Debentures with the right to conversion into or allotment of Shares shall, subject to the provisions of the Act be issued only with the consent of the Company in general meeting accorded by a Special Resolution.

Instrument of transfer

124. Save as provided in Section 56 of the Act, no transfer of Debentures shall be registered unless a proper instrument of transfer duly executed by the transferor and transferee has been delivered to the Company together with the certificate or certificates of the Debentures. Provided that the Company may issue non-transferable Debentures and accept an assignment of such instruments.

Delivery of certificates

125. Delivery by the Company of certificates upon allotment or registration of transfer of any Debentures shall be governed and regulated by Section 56 of the Act.

Register of charge, etc.

126. The Board shall cause a proper Register to be kept in accordance with the provisions of Section 85 of the Act of all mortgages and charges specifically affecting the property or assets or undertakings of the Company and shall cause the requirements of Sections 77 to 87 of the Act to be duly complied with.
127. Any member or creditor can inspect the Register during 10.00 a.m. to 12.00 noon during business days and any other person can also inspect the Register by payment of Rs. 50 or such higher amount as the Board may decide, subject to the provisions of Applicable Law.

Register and index of Debenture holders

128. The Company shall, if at any time it issues Debentures, keep a Register and Index of Debenture holders in accordance with Section 88 of the Act. The Company shall have the power to keep in any country outside India a Foreign Register containing the particulars of Debenture holders or any other Securities or beneficial owners, resident outside India, in the manner prescribed under the Act.

Repurchase, Consolidation and Re-issue of Debentures

129. (a) Notwithstanding anything contained in These Presents and subject to the provisions of the Act, the rules made thereunder and the Regulations made by SEBI in this regard from time to time, and all as amended from time to time, the Company may repurchase or redeem its Debentures through its demat account as per the norms prescribed by the relevant Depositories. This right does not construe a call option. In the event of the Debenture(s) being repurchased or redeemed before maturity, in any circumstance whatsoever, the Company shall be deemed to always have the right (subject to the provisions of the Act, the rules made thereunder and the Regulations made by SEBI in this regard, from time to time, and as all amended from time to time) to keep such Debentures in effect without extinguishment thereof, for the purpose of re-sale or re-issue and in exercising such right, the Company shall have and be deemed always to have had the power to re-sell or re-issue such Debentures either by re-selling or re-issuing the same Debentures or by issuing other Debentures in their place. The aforementioned right includes the right to re-issue original Debentures.
- (b) Notwithstanding anything contained in These Presents and subject to the provisions of the Companies Act, 2013, the rules made thereunder and the Regulations made by SEBI in this regard, from time to time, and as amended from time to time, the Company may consolidate and/or re-issue its Debentures in accordance as per the Regulations made by SEBI, the provisions of Companies Act, 2013 and the rules made thereunder and the and the relevant norms issued by Depositories in this regard, as prevalent at the time of such consolidation and/or such re-issuance.

- 133.4. the appointment of and the fixing of the remuneration of the Auditors.
134. In case of an Extraordinary General Meeting, all business shall be deemed special.
135. The Board may, whenever it thinks fit, call an Extraordinary General Meeting.
136. Where any items of business to be transacted at the meeting are deemed to be special as aforesaid, these shall be annexed to the notice of the meeting a statement setting out all material facts concerning each such item of business including in / particular the nature of the concern or interest if any, therein of every Director, and where any item of special business as aforesaid to be transacted at a meeting of the Company relates to, or affects, any other Company the extent of shareholding interest in that other company of every Director of the Company shall also be set out in the statement if the extent of such shareholding interest is not less than 2% (Two percent) of the Paid up Share capital of that other Company.
137. Where any item of business consists of the according of approval to any document by the meeting, the time and place where the document can be inspected shall be specified in the statement aforesaid.
138. Where permitted or required by Applicable Law, the Board may, instead of transacting such business at a General Meeting of any Members/ class of Members/ Debenture holders/security holders, seek their assent by Postal Ballot, including by means of e-voting. Such Postal Ballot will comply with the provisions of Applicable Law in this behalf.
139. The intent of these Articles is that in respect of seeking the consent of the Members or Members of a class or any security holders, the Company shall, subject to Applicable Law, be entitled to seek assent of Members, Members of a class of Members or any holders of Securities using such use of contemporaneous methods of communication as is permitted by Applicable Law. A written resolution including consent obtained through Electronic Mode shall be deemed to be sanction provided by the Member, Member of a class or other security holder at a General Meeting convened in that behalf.
140. The Board may, whenever it thinks fit, call an Extraordinary General Meeting and it shall do so upon a requisition In writing by any Member or Members holding, on the date of receipt of such requisition, in the aggregate not less than 1/10 (One-Tenth) of such of the Paid up Capital as at the said date carries the right of voting in regard to the matter in respect of which the requisition has been made.

E-voting in case of General Meetings

141. Where the Company conducts General Meetings by way of e-voting, the Company shall follow the procedure laid down under the Act and Applicable Law.
142. Where a Member has been allowed the option of voting through Electronic Mode as per Applicable Law, such Member, or Members generally, shall be allowed to speak at a Meeting, but shall not be allowed to vote at the Meeting.
143. At least 21 (Twenty One) clear days' notice of every General Meeting, specifying the day, date, place and hour of meeting, containing a statement of the business to be transacted thereat, shall be given, either In writing or through Electronic Mode, to every Member or legal representative of any deceased Member or the assignee of an insolvent Member, every Auditor(s) and Director of the Company. The notice shall be given to such persons as are entitled to receive notice from the Company under the provisions of the Act.

144. Where by any provision contained in the Act or in these Articles, special notice is required of any resolution, notice of intention to move the resolution shall be given to the Company not less than 14 (Fourteen) days before the meeting at which it is to be moved, exclusive of the day on which the notice is served or deemed to have been served and the day of the meeting.
145. Annual General Meeting may be called at a shorter notice if consented to by either by way of writing or any Electronic Mode by not less than 95% (Ninety-Five percent) of the Members entitled to vote at such Meeting.
146. In every notice there shall appear with reasonable prominence a statement that a Member entitled to attend and vote is entitled to appoint a proxy to attend and vote instead of himself and that a proxy need not be a Member of the Company.

Quorum at General Meeting

147. No business shall be transacted at any General Meeting unless a quorum of Members is present at the time when the Meeting proceeds to business.
148. Save as otherwise provided herein, the quorum for the General Meetings shall be as provided in Section 103 of the Act.
149. If, at the expiration of half an hour from the time appointed for holding a Meeting of the Company, a quorum shall not be present, the Meeting, if convened by or upon the requisition of Members shall stand dissolved, but in any other case the Meeting shall stand adjourned to the same day in the next week or, if that day is a public holiday, until the next succeeding day which is not a public holiday, at the same time and place, or to such other day and at such other time and place as the Board may determine and if at such adjourned Meeting a quorum is not present at the expiration of half an hour from the time appointed for holding the Meeting, the Members present shall be quorum and may transact the business for which the Meeting was called.

Chairperson at General Meetings

150. The Chairperson, if any, of the Board shall preside as Chairperson at every General Meeting of the Company.
151. If there is no such Chairperson, or if he is not present within 15 (Fifteen) minutes after the time appointed for holding the Meeting, or is unwilling to act as Chairperson of the Meeting, the Directors present shall elect one among themselves to be Chairperson of the Meeting.
152. If at any Meeting no Director is willing to act as Chairperson or if no Director is present within 15 (Fifteen) minutes after the time appointed for holding the Meeting, the Members present shall choose one of themselves to be Chairperson of the Meeting on a show of hands.
153. No business shall be discussed at any General Meeting except regarding the election of a Chairperson, while no Chairperson has been appointed.

Adjournment of Meeting

154. The Chairperson may, with the consent of any Meeting at which a quorum is present, and shall, if so directed by the Meeting, adjourn the Meeting from time to time and from place to place.
155. No business shall be transacted at any adjourned Meeting other than the business left unfinished at the Meeting from which the adjournment took place.
156. When a Meeting is adjourned for 30 (Thirty) days or more, notice of the adjourned Meeting shall be given as in the case of an original Meeting.
157. Save as aforesaid, and as provided in Section 103 of the Act, it shall not be necessary to give any notice of an adjournment or of the business to be transacted at an adjourned Meeting.

Voting rights

158. No Member shall be entitled to exercise any voting rights at any General Meeting or Meeting of a class of shareholders in respect of any Shares registered in his name on which any calls or other sums presently payable by him have not been paid or, in regard to which the Company has exercised any right of lien.

159. Subject to any rights or restrictions for the time being attached to any class or classes of Shares:
- 159.1. on a show of hands, every Member present in person shall have 1 (One) vote; and
- 159.2. on a poll, the voting rights of Members shall be in proportion to his Share in the paid-up equity Share Capital of the Company.
160. A Member may exercise his vote at a Meeting by electronic means in accordance with Section 108 of the Act and shall vote only once.
161. (i) In the case of joint holders, the vote of the senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders.
- (ii) For this purpose, seniority shall be determined by the order in which the names stand in the Register of Members.
162. Before or on the declaration of the results of the voting on any resolution on a show of hands, a poll may be ordered to be taken by the chairman of the meeting of his own motion and shall be ordered to be taken by him on a demand made in that behalf by the Person or Persons specified below, that is to say by any Member present in person or by Proxy and holding Shares in the Company:
- 162.1. in the case a company having a Share capital, by the Members present in person or by proxy, where allowed, and having not less than 1/10 (one-tenth) of the total voting power or holding shares on which an aggregate sum of not less than Rs.5,00,000/- (Rupees Five Lakh) or such higher amount as may be prescribed has been paid-up; and
- 162.2. in the case of any other company, by any member or members present in person or by proxy, where allowed, and having not less than 1/10 (one-tenth) of the total voting power.
163. A Member of unsound mind, or in respect of whom an order has been made by any court having jurisdiction in lunacy, may vote, whether on a show of hands or on a poll, by his Committee or other legal guardian, and any such Committee or guardian may, on a poll, vote by proxy.
164. Any business other than that upon which a poll has been demanded may be preceded with, pending the taking of the poll.
165. Subject to the provisions of these Articles and of the Act, every Member shall be entitled to be present and to speak and vote at every meeting.
166. (i) No objection shall be raised to the qualification of any voter except at the Meeting or adjourned Meeting at which the vote objected to is given or tendered, and every vote not disallowed at such Meeting shall be valid for all purposes.
- (ii) Any such objection made in due time shall be referred to the Chairperson of the Meeting, whose decision shall be final and conclusive.

Proxy

167. Subject to the provisions of these Articles, votes may be given by Members either personally or by proxy. A body corporate being a Member may vote by a representative duly authorised in accordance with Section 113 of the Act and such representative shall be entitled to exercise the same rights and powers (including the rights to vote by proxy) on behalf of the body corporate which such proxy represents as the body could exercise if it were an individual Member.
168. The instrument appointing a proxy and the power-of-attorney or other authority, if any, under which it is signed or a notarised copy of that power or authority, shall be deposited at the registered office of the Company not less than 48 (Forty-Eight) hours before the time for holding the Meeting or adjourned Meeting at which the person named in the instrument proposes to vote, and in default the instrument of proxy shall not be treated as valid. Such instrument appointing a proxy shall be treated as valid only till that Meeting of the Company for which instrument of proxy is being deposited or any adjourned meeting thereof.
169. Appointment of Alternate Directors

190. Subject to the provisions of Section 161(2) of the Act the Board may appoint an Alternate Director to act for a Director (hereinafter called "the Original Director") during his absence for a period of not less than 3 (Three) Months from India. No person shall be appointed as an Alternate Director in place of an Independent Director unless he is qualified to be appointed as an Independent Director under the Act and Applicable Law. An Alternate Director appointed under this Article shall not hold office for a period longer than that permissible to the Original Director in whose place he has been appointed and shall vacate the office if and when the Original Director returns to India. If the terms of office of the Original Director are determined before he so returns to India, any provisions in the Act or in these Articles for the

automatic reappointment of any retiring Director in default of another appointment shall apply to the Original Director, and not to the Alternate Director.

Board's power to fill vacancies

191. Subject to the provisions of Sections 152(7), 161(4) and 169(7) of the Act the Board shall have power at any time and from time to time to appoint any other qualified person to be a Director to fill a vacancy. Any person so appointed shall hold office only up to the date to which the Director in whose place he is appointed would have held office if it had not been vacated by him.
192. If the place of the retiring Director is not so filled up and the meeting has not expressly resolved not to fill the vacancy, the meeting shall stand adjourned until the same day in the next week, at the same time and place in accordance with the provisions of Section 152(7) of the Act.
193. If at the adjourned meeting also, the vacancy caused by the retiring Director is not filled up and that meeting also has not expressly resolved not to fill the vacancy, the retiring Director shall be so deemed to have been reappointed at the adjourned meeting, unless:
 - 193.1. at that meeting or at the previous meeting the resolution for the reappointment of such Director has been put to the meeting and lost;
 - 193.2. the retiring Director has, by a notice in writing addressed to the Company or its Board expressed his unwillingness to be so reappointed;
 - 193.3. he is not qualified or is disqualified for appointment;
 - 193.4. a resolution whether special or ordinary, is required for the appointment or reappointment by virtue of any provisions of the Act; or
 - 193.5. the provisions of Section 162 of the Act are applicable to the case.

Independent Directors

194. Subject to the provisions of Section 149(6) of the Act and other Applicable Laws, the Board shall identify potential individuals for the purpose of appointment as Independent Director either from the data bank established under Section 150 of Act or otherwise.
195. The Board on receiving such recommendation shall consider the same and propose his appointment for approval at a General Meeting. The explanatory statement to the notice for such General Meeting shall provide all requisite details as required under the Act.
196. Any vacancy in the post of an Independent Director caused by way of removal, resignation, death, vacation of office under Section 167 of the Act or pursuant to any court order or due to disqualification under Section 164 of Act shall be filled by following the process laid down herein below and in accordance with the Applicable Law.
197. Every Independent Director shall at the first meeting of the Board in which he participates as a Director and thereafter at the first meeting of the Board in every financial year or whenever there is any change in the circumstances which may affect his status as an Independent Director, give a declaration that he meets the criteria of independence as specified under Section 149 (6) of the Act.
198. The Company and Independent Directors are required to abide by the provisions specified in Schedule IV of the Act.
199. An Independent Director shall not be entitled to any stock option and may receive remuneration by way of sitting fee, reimbursement of expenses for participation in the Board and other meetings and also to such commission based on profits, as may, subject to provisions of Applicable Law, be approved by the Members.
200. Subject to Applicable Law, an Independent Director shall be held liable, only in respect of such acts of omission or commission by a Company which had occurred with his knowledge, attributable through Board processes, and with his consent or connivance or where he had not acted diligently.

201. The provisions relating to retirement of Directors by rotation shall not be applicable to appointment of Independent Directors.
202. Term of Office of Independent Director:
- 202.1. Subject to Applicable Law, an Independent Director shall hold office for a term up to 5 (Five) consecutive years on the Board of a Company, but shall be eligible for reappointment for one more term on passing of a Special Resolution by the Company and disclosure of such appointment in the Board's report.
- 202.2. No Independent Director shall hold office for more than 2 (Two) consecutive terms, but such Independent Director shall be eligible for appointment after the expiration of 3 (Three) years of ceasing to become an Independent Director provided that he shall not, during the said period of 3 (Three) years, be appointed in or be associated with the Company in any other capacity, either directly or indirectly.

205. The Company may appoint a Managing or a Whole-time Director for a term not exceeding 5 (Five) years at a time, provided that no re-appointment shall be made earlier than 1 (One) year before the expiry of his term. If required, in order to comply with the extant provisions of the Act with respect to rotation of directors, the Board may re-classify a Managing Director/ Whole-time Director appointed as a non-rotational Director to be a rotational Director.
206. At the Annual General Meeting at which a Director retires as aforesaid, the Company may fill up the vacancy by appointing the retiring Director or some other person thereto.

Resignation of Directors

207. Subject to the provisions of Applicable Law, a Director may resign from his office by giving a notice in writing to the Company and Board shall on receipt of such notice take note of the same. The fact of such resignation shall be mentioned in the report of Directors laid in the immediately following General Meeting by the Company.
208. The resignation of a Director shall take effect from the date on which the notice is received by the Company or the date, if any, specified by the Director in the notice, whichever is later.

Provided that the Director who has resigned shall be liable even after his resignation for the offences which occurred during his tenure.

Removal of Directors

209. Any Director of the Company, except a Director appointed by the National Company Law Tribunal, may be removed by way of Ordinary Resolution before the expiry of his term of office, subject to the provisions of Section 169 of Act.

Remuneration of Directors

210. Subject to the provisions of Section 197 of the Act, a Director may be paid remuneration either by way of a monthly payment or at a specified percentage of the net profits of the Company or partly by one way and partly by the other.

Provided that where the Company takes a Directors' and Officers' liability insurance, specifically pertaining to a particular Director and/or officer, then the premium paid in respect of such insurance, for the period during which a Director and/or officer has been proved guilty, will be treated as part of remuneration paid to such Director and/or officer.

211. The Board or a relevant Committee constituted for this purpose shall seek to ensure that the remuneration paid to Directors, key managerial personnel and senior management involves a balance between fixed and incentive pay reflecting short and long-term performance objectives appropriate to the working of the Company and its goals.
212. The fees payable to a Director for attending the meetings of the Board or Committee thereof shall be such sum as may be decided by the Board of Directors from time to time within the maximum limit as prescribed under Section 197(5) of

the Act and Applicable Law. Fee shall also be payable for participating in meetings through permissible Electronic Mode.

213. In addition to the remuneration payable pursuant to Section 197 of the Act, the Directors may be paid all conveyance, hotel and other expenses properly incurred by them:

213.1. in attending and returning from meetings of the Board of Directors or any Committee thereof or General Meetings; or

213.2. in connection with the business of the Company.

214. The Board may pay all expenses incurred in getting up and registering the Company.

Traveling expenses incurred by Directors not bonafide resident or by Directors going out on Company's business

215. The Board shall allow and pay to any Director, if required by the Director, who is not a *bona fide* resident of the place where, general meetings or meetings of the Board are ordinarily held and who shall come to such place for the purpose of attending any General Meeting such sum as the Board may consider fair compensation for traveling, boarding, lodging and other expenses incurred in India, and if any Director be called upon to go or reside out of the ordinary place of his residence, on the Company's business, he shall be entitled to be paid, any traveling or other expenses reasonably incurred by him in connection with the business of the Company.

Directors may act notwithstanding any vacancies on Board

216. The continuing Directors may act notwithstanding any vacancy in the Board but if, and so long as their number is reduced below the minimum number fixed by Article 185 hereof, the continuing Directors may act for the purpose of increasing the number of Directors to the minimum number fixed by the Article 185 hereof or for summoning a General Meeting for the purpose of increasing the number of Directors to such minimum number, but for no other purpose.

306. A document or notice advertised in a newspaper circulating in the neighbourhood of the registered office of the Company shall be deemed to be duly served or sent on the day on which the advertisement appears to every Member or security holder who has no registered address in India and has not supplied to the Company an address within India for serving of documents on or the sending of notices to him.

Notice to whom served in case of joint shareholders

307. A document or notice may be served or given by the Company on or given to the joint-holders of a Share or other security by serving or giving the document or notice on or to the joint-holders named first in the Register of Members in respect of the Share or the relevant register in case of other security holder.

Notice to be served to representative

308. A document or notice may be served or given by the Company on or to the persons entitled to a security in consequence of the death or insolvency of a security holder by sending it through post in a prepaid letter addressed to him or them by name or by the title of representatives of the deceased or assignee of the insolvent or by any like description, at the address if any, in India supplied for the purpose by the persons claiming to be entitled, or (until such an address has been

so supplied) by serving the document or notice in any manner in which the same might have been given if the death or insolvency had not occurred.

Service of notice of Meetings

309. Documents or notices of every General Meeting shall be served or given in the same manner hereinbefore on or to (a) every Member of the Company, legal representative of any deceased Member or the assignee of an insolvent Member, (b) every Director of the Company and (c) the Auditor(s) for the time being of the Company. The provision of this Article shall apply *mutatis mutandis* to the meetings of other security holders of the Company.

Members bound by notice

310. Every person who, by operation of law, transfer or other means whatsoever, shall become entitled to any Share, shall be bound by every document or notice in respect of such Shares, previously to his name and address being entered on the Register of Members, shall have been duly served on or given to the person from whom he derives his title to such Shares. The provision of this Article shall apply *mutatis mutandis* to the meetings of other security holders of the Company.

Documents or notice to be signed

311. Any document or notice to be served or given by the Company may be signed by a Director or some person duly authorised by the Board of Directors for such purpose and the signatures thereto may be written, printed or lithographed.

Notice to be served by post or other electronic means

312. All documents or notices to be served or given by Members or other security holders on or to the Company or any office thereof shall be served or given by sending it to the Company or Officer at the office by post under a certificate of posting or by registered post, or by leaving it at the office or by such other electronic means as prescribed in Section 20 of the Act and the Applicable Law made thereunder.

WINDING UP

314. If the Company shall be wound up and the assets available for distribution among the Members as such shall be insufficient to repay the whole of the Paid up Capital, such assets (whether they shall consist of property of the same kind or not) shall be distributed in proportion to the Capital Paid up or which ought to have been Paid up at the commencement of the winding-up on the Shares held by them respectively, and if in a winding up the assets (whether they shall consist of property of the same kind or not) available for distribution among the Members shall be more than sufficient to repay the whole of the Capital Paid up at the commencement of the winding-up, such assets shall be distributed amongst the Members in proportion to the Capital Paid up at the commencement of the winding up or which ought to have been Paid up on the Shares held by them respectively. This Article is to be without prejudice to the rights of the holders of Shares issued upon special terms and conditions.
315. If the Company shall be wound up whether voluntarily or otherwise the liquidators may, with the sanction of a Special Resolution and any other sanction as may be required under the Act, divide among the Members, in specie or kind, the whole or any part of the assets of the Company (whether they shall consist of property of the same kind or not).
316. For the aforesaid purpose, the liquidator may set such value as he deems fair upon any property to be divided as aforesaid and may determine how such division shall be carried out as between the Members or different classes of Members.
317. The liquidators may, with the like sanction and vest any part of the assets of the Company in trustees upon such trusts for the benefit of the Members or any of them as the liquidators, with the like sanction, shall think fit, but so that no Member shall be compelled to accept any Shares or other Securities whereon there is any liability.

BONAFIDE EXERCISE OF MEMBERSHIP RIGHTS

318. Every Member and other security holder will use rights of such Member/ security holder as conferred by Applicable Law or these Articles in a *bonafide manner*, in best interest of the Company or for protection of any of the proprietary interest of such Member/security holder, and not for extraneous, vexatious or frivolous purposes. The Board shall have the right to take appropriate measures, in case any Member/security holder abusively makes use of any powers for extraneous, vexatious or frivolous purposes.

INDEMNITY

319. For the purpose of Article 320, the following expressions shall have the meanings respectively assigned below:

- 319.1. **“Claims”** means all claims for fine, penalty, amount paid in a proceeding for compounding or immunity proceeding, actions, prosecutions, and proceedings, whether civil, criminal or regulatory;
- 319.2. **“Indemnified Person”** shall mean any Director, officer or employee of the Company, as determined by the Board, who in *bonafide* pursuit of duties or functions or of honest and reasonable discharge any functions as a Director, officer or employees, has or suffers any Claims or Losses, or against whom any Claims or Losses are claimed or threatened;
- 319.3. **“Losses”** means any losses, damages, cost and expense, penalties, liabilities, compensation or other awards, or any settlement thereof, or the monetary equivalent of a non-monetary suffering, arising in connection with any Claim;

320. Indemnification

- 320.1. Where Board determines that any Director, officer or employee of the Company should be an Indemnified Person herein, the Company shall, to the fullest extent and without prejudice to any other indemnity to which the Indemnified Person may otherwise be entitled, protect, indemnify and hold the Indemnified Person harmless in respect of all Claims and Losses, arising out of, or in connection with, the actual or purported exercise of any of the Indemnified Person’s powers, duties or responsibilities as a Director or officer of the Company or of any of its subsidiaries, together with all reasonable costs and expenses (including legal and professional fees).
- 320.2. The Company shall further indemnify the Indemnified Person and hold him harmless on an ‘as incurred’ basis against all legal and other costs, charges and expenses reasonably incurred in defending Claims including, without limitation, Claims brought by, or at the request of, the Company and any investigation into the affairs of the Company by any judicial, governmental, regulatory or other body.
- 320.3. The indemnity herein shall be deemed not to provide for, or entitle the Indemnified Person to, any indemnification against:
- 320.3.1. Any liability incurred by the Indemnified Person to the Company due to breach of trust, breach of any statutory or contractual duty, fraud or personal offence of the Indemnified Person;
- 320.3.2. Any liability arising due to any benefit wrongly availed by the Indemnified Person;
- 320.3.3. Any liability on account of any wrongful information or misrepresentation done by the Indemnified Person;
- 320.3.4. The Indemnified Person shall continue to be indemnified under the terms of the indemnities under these Articles notwithstanding that he may have ceased to be a Director or Officer of the Company or of any of its subsidiaries.

SECRECY

321. Every manager, Auditor, trustee, member of a Committee, officer, servant, agent, accountant or other person employed in the business of the Company shall, if so required by the Board of Directors, before entering upon the duties, sign a declaration pledging himself to observe strict secrecy respecting all *bonafide* transactions of the Company with its customers and the state of accounts with individuals and in matters relating thereto and shall by such declaration pledge himself not to reveal any of the matters which may come to his knowledge in the discharge of his duties except when required to do so by the Directors or by any General Meeting or by Applicable Law and except so far as maybe necessary in order to comply with any of the provisions in These Presents and the provisions of the Act.

322. Subject to the provisions of these Articles and the Act, no Member, or other person (not being a Director) shall be entitled to enter the property of the Company or to inspect or to examine the Company's premises or properties of the Company without the permission of the Directors or to require discovery of or any information respecting any detail of the Company's trading or any matter which is or may be in the nature of a trade secret, mystery of trade or secret process or of any matter whatsoever which may relate to the conduct of the business of the Company and which in the opinion of the Directors it will be expedient in the interest of the Company to communicate.
